## CABINET MEETS ON EVACUATION TIME IN RUHR

**Germans and French Are Still Deadlocked Over One Point in Reparations Conference at London.**

LONDON, August 14 (AP)—Chancellor Marx is awaiting instructions from Berlin before he can proceed further with the negotiations looking to a compromise on the Ruhr evacuation. The reparations conference is a present deadlocked on this question. The German delegation has been advised that President Ebert has called a cabinet meeting for tonight but no decision is expected before tomorrow.

Up to midnight the French had received no intimation of the chancellor's reply to the French contention that the evacuation extend over the period of a year to which the Germans are opposed. It was planned to send Dr. Luther to Berlin by airplane tomorrow for consultation with the German president, but later it was decided not to take this step.

The situation is decidedly easier tonight as the French have agreed to many modifications of their original demands. While Mr. Herriot insists upon a flat understanding that the military evacuation of the Ruhr must not take place until one year after the actual date on which the French and Germans reach an agreement, he offers immediate evacuation of many important railway and industrial centers.

## FIND BODY OF GIRL UNDER IOWA BRIDGE SEEK MAN COMPANION

**Missing From Her South Dakota Home Since August 8; Car Driver Suspect for Questioning of Death.**

OMAHA, Mo., Aug. 14 (AP)—Efforts were being made here tonight to determine whether the body of a young woman found under a bridge near Bedford, Iowa, yesterday was that of a girl named S. D., girl who disappeared August 8.

Miss Lillian McKinnley, 21, left her home at Herrick on "backwater" grounds to visit her mother. She is supposed to have left with a man from St. Charles, S. D., in a car similar to the one seen at Newmarket. The driver of the car seen at Newmarket is sought for questioning because he is reported to have acted strangely when he left a suitcase containing woman's clothing at a filling station in lieu of payment for gasoline. Authorities there believe this man to have been the slain girl's companion.

## RECOVER 3 BODIES IN BARN SWEEP BY FIRE

**Four Victims Now Found in Ashes of Building in Which 40 Laborers Lay Sleeping; Look for More.**

KNIGHTS LANDING, Cal., Aug. 14 (AP)—Three bodies were recovered tonight from the ruins of a barn here in which about 40 laborers were sleeping when it was destroyed by fire last Tuesday morning. One body was recovered Tuesday and is believed that a number remain in the debris.

Coroner Ross C. Wilson, who is directing the search, has been unable to account for any of the occupants of the building although a number are known to have escaped.

## G. A. R. ANNUAL MEETING ENDED

**Veterans Seek Increase in Pension; Name Dr. Louis P. Arnesberg Commander.**

BOSTON, Aug. 14 (AP)—Veterans of the Civil war, meeting here today in the final business session of the 58th annual convention of the Grand Army of the Republic, elected and installed their national officers, chose Grand Rapids, Mich., as their next convention city, adopted resolutions, one of which calls for an increase in pensions, and then officially concluded the convention.

The commander in chief elected and installed today is Dr. Louis P. Arnesberg, of Uniontown, Pa.

The encampment, in closing, adopted a resolution instructing the legislative committee of the Grand Army to present to the next congress a bill to increase the pensions of all Civil war veterans to \$72 a month; pensions of every widow of a veteran, married prior to 1910, to \$50 a month; those of army nurses to \$50; of soldiers totally disabled \$153 a month, and disabled veterans \$100.

In addition to the commander in chief the following officers were chosen: John Reese, Broken Bow, Neb., junior vice commander in chief; Joseph E. Hall, Portland, Ore., surgeon general; and Rev. Charles A. Blodgett, Clacka, chaplain in chief.

## Fabulous Profits Made in German War Bonds Report

**Small Investments a Year Ago in Million Mark Certificates Brings Big Returns**

NEW YORK, Aug. 14 (AP)—Stories of fabulous profits from small investments were being circulated today when the buyers of last year who paid five dollars for a million marks of German war bonds cashed in at the prevailing quotations of \$1,760, a rise of \$160 in the past year. Prussian war bonds worth \$500 per 1,000,000 marks three months ago, brought ten times the original sums and other German securities rose in proportion.

## DIXON TAKES CHARGE OF DEMOCRATIC CAMP

CHICAGO, Aug. 14 (AP)—Former Congressman Lincoln Dixon of North Vernon, Ind., today was appointed to take charge of the newly opened western democratic headquarters here, after a conference of Clem L. Shriver, chairman of the democratic national committee, with a number of western party leaders.

## McKAIG WILL BE ASKED TO QUIT

**Idaho Progressive Manager Draws Criticism for Alleged Bossism and Borah Stands.**

BOISE, Aug. 14 (AP)—Ray McKaig will be asked to resign a salaried manager of the progressive party, because of his "bossism" and efforts to throw the party into the Borah column in the fall elections, Daw Dunning and other leaders of the chief party said today. Dunning said Frank Johnson, state chairman, had already told McKaig he would call a meeting of the state central committee to act on the matter.

## Trading Off Party

McKaig, Dunning said, also will be charged with "trading off" the party in 1936 and a group of leaders in the progressive ranks will go before the state committee and present evidence to prove their contention that McKaig, progressive chairman of the committee of 45, and Senator Borah have all been working together in an effort to throw the Idaho progressive vote to the senator.

Dunning also announced McKaig would be asked to make an accounting of his use of the party's funds.

## IDAHO WEATHER

Friday: Fair.

## TROUBLE DUE TO WATER SHORTAGE HEARD BY BOARD

**Assessors and Members of Equalization Body Hear Charges Upper River Users Withholding Supply.**

BOISE, Aug. 14 (AP)—Assessors and members of the state board of equalization took a short breathing spell this morning from their discussion of property values and for a time dipped into the subject of irrigation water and the problems that have arisen because of the shortage of that commodity this year.

There was some spirited argument on the subject which Governor C. C. Moore finally stopped by declaring that the meeting was of his subject. It all started when W. B. Peterman, progressive assessor of Minidoka county, charged upper river valley water users with holding back 50,000 acre feet of water in Jackson lake reservoir illegally and thus depriving down river users of water that rightfully belonged to them.

## Governor Appeals

Governor Moore attempted to appeal to Mr. Peterman's optimism by saying that while he didn't know the details of the transaction he believed there had been no attempt to wrongfully deprive down-river water users of water that belonged to them. The governor also said he believed by next year the American Falls dam would be functioning, at least partly, and all water shortage troubles would be over.

Mr. Peterman insisted upon his point and argued that the 50,000 acre feet had been stored illegally when it should have been allowed to come down the river to the benefit of users on the Minidoka project.

## DEPOSED GOVERNOR DENOUNCES K. K. K.

OKLAHOMA CITY, Okla., Aug. 14 (AP)—C. C. Walton, democratic senatorial nominee, tonight issued his first statement since the primary, placing his stamp of unqualified approval upon John W. Davis, on a man and on a presidential candidate and reaffirming his opposition to the Ku Klux Klan.

## STARTING THE FIREWORKS

Members of the national committee, (Continued on Page 4, Col. 4.)

## President Promises A Government of Common Sense in His Address

**Coolidge Formally Accepts Nomination; Opens Campaign With Recital of Administration Accomplishments.**

WASHINGTON, Aug. 14 (AP)—In a stately Memorial Continental hall President Coolidge tonight formally accepted his nomination as the presidential candidate of the republican party.

The nominee definitely opened his campaign with a recital of the accomplishments of the administration and a promise of "a government of common sense."

Honesty and economy in the government at home and peace abroad were set forth by the president to his audience of party leaders and the general public as principles on which he will seek election.

## Address Characteristic

The intense heat of the past few weeks had given way to moderate, even cool, temperatures and President Coolidge, dressed in a formal suit, came to the podium as he delivered his address which was punctuated by characteristic, short sentences.

The historic hall, scene of the armistice limitation conference in 1921 and seating about 2,000 persons was filled with applause several times as the president emphasized the major points of his address. Outside another throng listened to the ceremony carried out by amplifiers while radio broadcasting instruments transmitted the proceedings to an invisible audience throughout the country.

## Mondell Proceeds

"Under your leadership," Mr. Mondell declared, "I have looked forward to a continued opportunity for service to the honor of the republic and the progress and prosperity of its people."

William A. Butler, chairman of the republican national committee, presided at the simple exercises which were opened by an invocation pronounced by the Reverend Jason Noble Pierce, pastor of the First Congregational church where President Coolidge worships in Washington. With them on the platform, were members of the notification committee, including a delegate from each state.

Members of the national committee, (Continued on Page 4, Col. 4.)

## Would Fingerprint Every One to Stop Increasing Crime

**Delegates to Identification Convention Also Propose Centralized Marking Bureau.**

OAKLAND, Cal., Aug. 14 (AP)—Proposal that all citizens have their fingerprints taken and made available for the authorities, and a centralized bureau controlling all laundry marks be formed, as a means of combatting crime, were submitted by delegates attending the international association of identification convention now in session here.

## FRIENDS THINK BOXER INSANE

**"Kid" McCoy Held at Los Angeles for Murder of Love Mate.**

LOS ANGELES, Aug. 14 (AP)—Kid McCoy, once idol of the prize ring, once brummet of sporting circles, gay Lothario of eight matrimonial adventures, tonight at the age of 41 years, which he admits, faces from a jail cell the prospect of attempting to cheat the hangman's noose by a plea of insanity. Against him hangs a charge of suspicion of murder, which District Attorney Aaa Koyes says will be changed to murder when the county grand jury hears all the known facts concerning the death some Tuesday night or early Wednesday morning of Mrs. Theresa W. Moss, divorced wife of Albert Moss, wealthy antiques dealer.

## Robbery Charge

Also facing the former pugilist are accusations of robbery and attempted murder, the results of a mad orgy of shooting yesterday in two Westlake district stores, which McCoy, in search of Moss, wounded W. G. Ross, Sam Schupp and Amy Schupp, his wife. McCoy, financially "broke," a disheveled, bleary-eyed edition of his former self, is not without friends in his present dilemma.

Fans of his former sporting days have engaged attorneys to defend him and it already has been announced that if the murder charge is proved against the ex-champion, an insanity plea will be introduced.

## Appeals Release of Daugherty on Contempt Charge

**Government Files Writ From Action of Court in Senate Investigation Case.**

CINCINNATI, Ohio, Aug. 14 (AP)—The United States government filed an appeal today in the federal court here from Judge A. M. J. Cochran's decision which released M. F. Daugherty, banker of Washington Court-house, from the custody of the United States senate on charges of alleged contempt.

Daugherty was arrested when he failed to testify in the senate investigation into the conduct of the affairs of his brother, Harry M. Daugherty, former attorney general.

He filed a writ of habeas corpus at Cincinnati and was released by Judge Cochran, who ruled that the senate was not within its right in arresting Daugherty.

He filed a writ of habeas corpus at Cincinnati and was released by Judge Cochran, who ruled that the senate was not within its right in arresting Daugherty.

## DEFENSE SCORES STATE EXPERTS IN FRANKS CASE

**Alienists Under Cross-Examination Admit That Conclusions on Sanity of Loeb and Leopold Hastily Drawn.**

CHICAGO, Aug. 14 (AP)—Two alienists for the state admitted under cross-examination today in the hearing to determine punishment for Richard Loeb and Nathan Leopold, Jr., for kidnapping and killing Robert Franks, that their conclusions that the youths were sane were arrived at after brief conversations under unfavorable conditions and perfunctory physical examinations.

Cross-examination of the two, Dr. Hugh T. Patrick and Dr. Archibald Church, Chicago psychiatrists, occurred virtually the entire day. Dr. Church's direct testimony taking only a few minutes.

## Three-Cornered Clash

The proceedings were animated by a heated three-cornered clash between Dr. Church, Clarence S. Darrow, defense counsel, and Robert E. Crow, state attorney, who had been called by Judge John R. Clevenger to order a five-minute recess.

Mr. Darrow was questioning Dr. Church as to the basis upon which he had approached the youth. "Now I say it a fact that you went to them only for the sake of getting evidence on which they could be hanged!" Mr. Darrow shot at the witness.

Dr. Church asserted that he had been introduced to the youths as a doctor and that the purpose of his visit was explained to them.

"Conditions in the state's attorney's office where Leopold and Loeb were examined seem their arrest, the number of persons present and the lack of acquaintance of the doctors with the youths and other backgrounds were brought out."

"Did you ever in your life make an examination as to a mental condition under such circumstances?" asked Benjamin Bachrach, of defense counsel.

"I think not," replied the psychiatrist.

## Gets Some Response

Virtually the same question was asked by Dr. Patrick and Mr. Darrow and gained approximately the same response.

"Too many persons were present for an ideal examination," and "I really there were very few questions asked," were replies of Dr. Church.

Dr. Church agreed with defense attorneys that the endocrine glands have an influence upon the mind.

The first witness tomorrow, the state's attorney's office announced, will be Dr. Rollin F. Woodruff, endocrine gland expert, who will be followed in order by Dr. Douglas Singer and Dr. William O. Krohn, Chicago alienists. They may be the last witnesses. It was indicated.

## SHIPS PREPARE TO AID FLIERS

**Three Destroyers Up Anchor for Greenland Coast Along Aviators' Route.**

AHOAID U. S. S. LAWRENCE, INDIAN HARBOR, Labrador, Aug. 14 (AP)—The destroyers Barry, Coghland and McPherson today at 1 o'clock left port to patrol the waters off Greenland for the United States Army world fliers.

The division had the cheering mascot, a cat, on board, and was waiting in the harbor here, out of touch with world happenings.

When word came that the ice field off Greenland had been broken through, everyone here started for the northern waters. Officers and men were at dinner when the flagship flashed the signal for leave taking.

STATE QUARANTINE LIFTED Idaho Takes San Off From California Products Due to Foot and Mouth Disease Department Act

BOISE, Aug. 14 (AP)—Idaho's quarantine against California products because of the foot and mouth disease, was today made to conform with federal quarantine regulations in that state by the lifting of a restriction No. 3, by MARY A. MEARS, commissioner of agriculture.

## NO DISLOYALTY IN SCHOOLS OF UNITED STATES

Necessity Does Not Exist for Citizens to Get Exposed Over Propaganda Seeping into Institutions, Assertion.

WASHINGTON, Aug. 14 (AP)—There is no necessity for the general public to become excited about supposed propaganda seeping into the schools of the United States, Milton Fairchild, chairman of the Character Education Institute, said recently in a reply to a letter sent out by Mrs. Anthony Wayne Cook, president general of the Daughters of the American Revolution.

Mrs. Cook warned state regents of her organization against the "activities of those who are knowingly and deliberately disloyal to our government and our political institutions," but Mr. Fairchild asserted that the school authorities were competent to handle the situation, and that it was impossible for disloyal activities or propaganda to get a start in the schools.

"The boards of education," he said, "are made up of trustworthy citizens, superintendents and supervisors over the body of teachers."

In her letter, Mrs. Cook said the "Youth Movement" aimed at the destruction of "our most sacred and moral foundations and will, if promulgated in our secondary schools and colleges, aim to destroy the moral fiber of our girls and boys." "Patriotic groups," she declared, "have even invaded our schools with their doctrines."

## CHILDREN ERECT HARDING TABLET

Spot Where President Shocked Grain in Kansas Turned Into Memorial.

HUTCHISON, Kan., Aug. 14 (AP)—A memorial of granite with a bronze tablet set in a little park surrounded by a three-foot stone wall, marks the spot on a farm near here where the late President Harding shocked grain under a bruising sun in June, 1923, when on the trans-continental trip that was brought to an end by his death. The memorial was dedicated August 2, the anniversary of his death.

It was on the Chester O'Neil wheat farm, eight miles west of Hutchison, that the late President shocked grain in the "Ohio way," as he expressed it to Senator Arthur Capper and Gov. Jonathan M. Davis of Kansas, who previously had showed the Kansas way of doing it. Then Mr. Harding drove a harvesting machine several times about the field, so the "newspaper boys could have a story," as Mrs. Harding said.

## ON HAITIAN TOUR BISHOP USES AIRPLANES

Bishop H. R. Carson

ADMIRAL L. W. EBERLE, chief of operations of the navy department, has issued an order to the United States marine corps commander in Haiti under which Bishop Harry Roberts Carson of the Episcopal diocese of Haiti is authorized to use naval airplanes in visiting otherwise inaccessible portions of the island.

## MASS HELD IN RUSS KREMLIN CAUSE OF KEEN ASTONISHMENT

MOSCOW, Aug. 14 (AP)—Soviet officials, military cadets and revolutionary leaders who make up the strangely mixed population of the Kremlin, Russia's "Holy of Holies," were shaken out of their usual communistic repose recently when a group of 300 archbishops, bishops and priests, dressed in rich and costly vestments of the old regime, entered the forbidden gates of that sanctuary unannounced and celebrated mass in one of the ancient cathedrals where the Czar formerly worshipped. It was the first time since the advent of the Bolsheviks to power that the solemn revolutionary atmosphere of the Kremlin was broken by a religious gathering.

## THREE PREMIERS PLAN TO ATTEND GENEVA MEETING

First Time in History of the League of Nations Heads of Great Powers Will be Present at Sessions.

GENEVA, Aug. 14 (AP)—For the first time in the history of the league of nations the heads of the three great European powers will attend the assembly which opens September 1. Not only have Premier MacDonald, Herriot and Mussolini announced their intention of coming, but it is expected all three will make important addresses. The lesser powers are expected to send their foreign ministers.

In view of the increased collaboration of the United States, more particularly with reference to opinion and matters affecting the problem of reduction of armaments, the question is being asked at Geneva whether there is any likelihood of Washington sending observers, either official or unofficial.

Disarmament. It is believed in Geneva that disarmament will constitute the great subject of this year's assembly debate. As one Swiss newspaper put it, England's recent repudiation of the league of nations' provisional draft treaty of mutual assistance has resulted in effectual burial of that treaty. It will be excluded undoubtedly, but only to serve as the basis of a general inquiry dedicated to the finding of some more suitable arrangements for the reduction of armaments.

Fancy plaid all-wool blankets, 66x80, regular \$8.98, at. \$6.98

## THE GUMPS—THOMAS EDISON GUMP

## EXPLAINS BIG LOSS OF FISH AT MAGIC DAM

State Commissioner Kiel Tells of Effort Put Forth by Department to Prevent Destruction of Trout in Reservoir.

State fish and game officials and "dozens of other people who have been consulted," have been unable to work out any method for meeting the situation at Magic dam, where, according to statement of William Kiel, state fish commissioner, a heavy loss of fish has occurred as a result of abnormal drought and drying up of the reservoir. Mr. Kiel's statement was issued in reply to one of a number of critics of the department over the Magic dam situation.

"Since early spring, when it became apparent that this deplorable condition would arise," Mr. Kiel stated, "the department has had this matter under consideration and has studied the situation from every angle and consulted with everyone familiar with the conditions and the heavy loss of fish in 1919, to try and devise some practical method whereby a part of these trout at least, might be saved.

**Fish Make for Dam.**  
"Earlier in the season it was thought that many of them might be trapped in the river above the head waters, and a trap was placed there and a hundred or so of the large fish caught and transferred to the hatchery at Hay Spur. As the water began to be used above and the flow coming into the reservoir diminished, the run of fish stopped and they dropped back into the deep water towards the dam, where it was impossible by any manner to collect them.  
"With no water coming into the reservoir and this being drawn down so

that nothing much but muck remained in the bottom, the fish simply began smothering and those that came down near enough to the dam so that they could be caught were so far gone that transferring them to other waters was out of the question.

"Such large fish can be transferred a short distance if they can be caught from clean, cold water while they are still vigorous; but to make an attempt to rescue those fish from that thick muck when conditions are such as they have been at Magic dam this year is simply throwing money away for nothing.

**No Lack of Funds.**  
"The department has been just as much concerned over this loss of fish as any of the sportsmen of the state, and would have been more than willing to spend a considerable sum of money if by any practical means those fish could have been salvaged and transported to other waters.

"Ira Eldridge, the deputy game warden for that section, was instructed to keep close watch of this situation as the water was drawn down in the reservoir, and if there was any possible way the loss could be prevented, to do so.

"Nearly everyone connected with the fish and game department has been over Magic dam and looked carefully into the close watch of this situation as the water was drawn down in the reservoir, and by none of them or the dozens of other people who have been consulted, could any method be worked out to meet this situation.

"It is simply a condition due to the abnormal drought and the tremendous loss of fish owing to the peculiar all accumulation in this reservoir is unavoidable, just as much so as the terrible loss the dry farmers have experienced throughout many sections of this western country."

"If your property is desirable and is advertised in the classified—you'll find your buyer."

## ROADS IN BEST CONDITION FOR HAULING CROPS

Association Says Railroads Better Able to Handle Produce This Fall Than Probably Ever Before.

CHICAGO, Aug. 14 (AP)—With the crop movement under way the Western Railway association states that its roads are in better shape to move the traffic than probably ever before.

Two conditions are enabling them thus far to handle the crop as fast as it is offered to them, says a statement issued by the association. On July 15 they had assembled and stored in the grain loading territory about 47,000 cars fit for grain loading. This is about 10,000 more than they had assembled a year before. In addition, the western roads have about one-third more of their own box cars on their own lines than they had a year ago.

The total shipments of grain and

grain products are now exceeding those of last year. In the week ended July 12 the total number of cars loaded was 41,970, an increase of about 2500 cars over the corresponding week of last year. In western territory alone the number of cars of grain and grain products loaded was 29,480, an increase of 3776 cars over the corresponding week in 1923. Some of the railways moving grain from the winter wheat territory are breaking all previous records.

## TOURIST PARK NOTES

Mr. and Mrs. J. E. Nelson have spent their outing in Del Norte, California, and are going back to Ogden.

Mr. and Mrs. C. P. Dornier are returning to Seattle via Portland from Yellowstone park.

E. C. Anderson and party from Seattle are just touring.

R. Boyd and party are returning to Portland from Salt Lake.

Thomas Foster and companion are on their way back to Colton, Cal., from Pocatello.

Mr. and Mrs. F. T. Gable from Durango, Colo., are on their way home from the coast.

Dr. and Mrs. McElhenny from Conway Springs, Ill., have explored the big park and are going to somewhere in California.

Mr. and Mrs. L. E. White from Boston, Mass., have been sojourning in California, but are now on the road home.

Frank L. Huff and party are going back to Mountain View, Cal., from an outing in the park.

Mr. and Mrs. Otto Miller and Daniel Miller and family are moving from American Falls to California.

Jerome, T. Norvell, an old timer from Jerome, is looking over the old stamping ground. He rattled the first load of material for the Salmon dam and helped to build the irrigation system on the north side.

J. M. Rumbough and family have been visiting in the Priest River country, and are going back to Pocatello, Colorado.

Mr. and Mrs. O. C. Blinn from Urbana, Ill., are returning home on a trip along the coast.

Mr. and Mrs. B. Trebeck and S. B. Thomas and friend are enroute to Spearfish, S. D., from a western trip.

Alvin Johnson and family from Honolulu, T. H., are going to Minnesota. Some hike.

Mr. and Mrs. R. S. Thacker are returning to Los Angeles from New York city. Just enroute to coast hiking party.

L. Hovey and friend are returning to Pullman, Wash., from Yellowstone park.

H. A. Smith and partner are hiking from Minneapolis to Portland.

Perry Burch and party from Kansas City, Mo., are journeying to Bend, Oregon.

Mrs. Lena Engler and friend from

Charleston, W. Va., have been living in Los Angeles for a year, but the lure of the Cumberland mountains is calling them back. Mrs. Engler said that she would get back just in time to eat the first ripe pawpaws.

P. A. Cow and party from Tampa, Fla., are enroute to California. They spent several days in the Yellowstone park.

Mr. and Mrs. E. J. Clark are returning to Los Angeles from an excursion through the mountains of Wyoming.

Mrs. Nora Smith and party from Murphysburg, Ill., arrived from the park, and departed for California.

J. L. Smith and party are going back to Portland from Salt Lake.

J. J. Spang and friend arrived from Soda Springs, and left for somewhere out west.

William J. Quinn and family are enroute to New York city from Glendale, Cal.

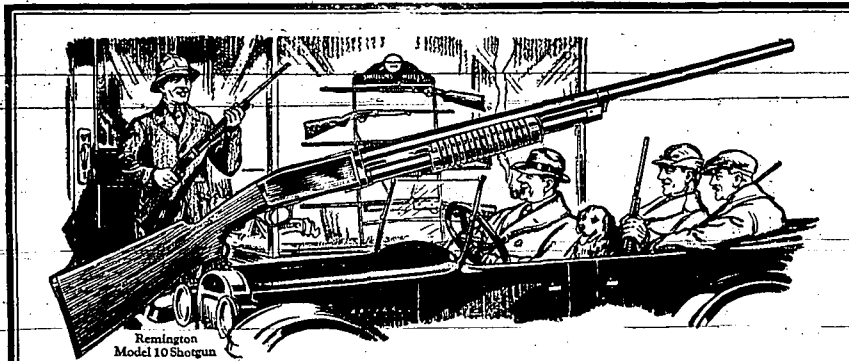

C. B. Mitchell and family from Lisbon, Ohio, are going to Portland.

S. M. Stevens and party are enroute from Seattle to Blackfoot.

C. V. Kanode and family are going from Sun Diego to old Virginia.

**Won Fame Early**  
Rosa Billehour, the celebrated French painter of animal life and landscapes, exhibited her first picture when she was only thirteen years old. At the age of twenty-three she was awarded a gold medal at the salon.

## Ask Your Dealer to Show You the New Improved Remington Pump Gun

THE Remington Model 10 Pump Gun your dealer is showing now contains so many improvements over the original model produced in 1908 that the Remington Pump Gun of 1924 might almost be called an entirely new model.

Everybody remembers when Remington brought out the Remington Pump Gun—Model 10—the first solid breech, hammerless, repeating shotgun. This gun was an outstanding achievement.

But there has been a lot of new mechanical and gun-making knowledge accumulated since then. Remington has been improving this Model 10 right along.

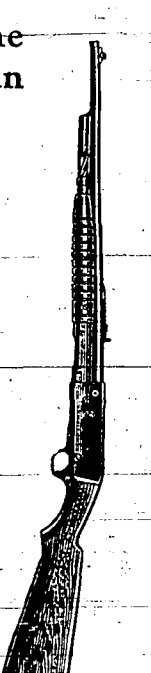

And now with refinements and betterments you have a gun that is almost as far in advance of the old Remington Pump Gun as that gun

was ahead of anything that was ever produced before.

See the New Improved Model 10. Note its balance and lines—its fine pointing quality—the quickness of hammer action that its design gives. Try it in the field. You will quickly see how far Remington has gone with the development of the Pump Gun.

If you are thinking about a new Rifle for big game—

See the Remington Model 14 Slide Action—the only fore-arm operated high-power rifle made. Gives six shots without reloading. Chambered for .25 Rem., .30 Rem., .32 Rem., and .35 Rem. Cartridges. A Remington Rifle with all the Remington quality and precision—and the Remington knowledge of what a fine arm ought to be.

Everyone enjoys the happy informality of a "Dutch Lunch." And BECCO MAKES the lunch!

Keep a few bottles of Becco for the informal supper after the theater, or to serve with delicious sandwiches when friends happen in unexpectedly. Becco is delicious, refreshing and cooling.

## VANCE PITCHES SHUTOUT GAME BROWNS WIN IN FINAL CONTEST

Brooklyn Wins, 5 to 0, From Cincinnati; Pittsburgh Cuts Down Giants' Margin.

CINCINNATI, Aug. 14 (AP)—Dazzy Vance, in shutting out Cincinnati today, 5 to 0, won his twentieth victory of the season and his eighth straight. It was his fifteenth victory over a western club, to none of whom he has lost a game this year.

The allowed three scattered singles and fanned eight men, bringing his total shutout record for the season up to 17. He also pitched well, both of the runs scored off him being due to errors by Caveney, but the Robins hit May for four hard blows and three earned runs in the ninth inning.

The score: R. H. E.  
Brooklyn 5 0 1  
Cincinnati 0 0 2  
Batteries—Vance and DeBerry; Benton, May and Hargrave.

### PIRATES REDUCE MARGIN.

PITTSBURGH, Aug. 14 (AP)—Pittsburgh made it two straight from New York by winning today's game, 4 to 1, and reduced to five games the margin separating the Pirates and the league leaders. Cooper was steady throughout, holding the Giants to six hits while McQuillan was hit timely with runners on base.

The score: R. H. E.  
New York 1 0 0  
Pittsburgh 4 0 0  
Batteries—McQuillan and Snyder; Cooper and Geoch.

No other National league games scheduled.

## FOREST FIRES STILL RAGING

Nevada Town Saved From Threatening Flames; Large Crews Busy.

The town of Verdi, Nev., 11 miles west of Reno, new the California state line, was safe tonight from forest fires which have threatened it for several days according to advices received here from Reno. Credit for this is due largely to efforts of a force of men from Reno who have fought the flames for long hours since yesterday the advice said.

Jay Price, engineer of the United States forest service has taken full charge of the fight against the fire between Truckee, Cal., and Reno as a result of an appeal made yesterday by Senator T. L. Oddie of Nevada for federal aid. The state of Nevada today pledged assistance to the fire in the form of both men and equipment.

Approximately 150 men from the teams of the Yosemite Lumber company were added today to the force fighting the fire near Kingsley, Cal., bringing the total of the men there to 350. They are fighting a fire tonight which jumped the north fork of the Merced river and is sweeping toward Kingsley in the Stanislaus national forest near Yosemite national park.

The Kingsley post office was saved with the greatest difficulty and the fire is reported sweeping eastward. Kingsley is five miles south of El Portal, gateway to the park.

The wedding of Miss Marela Rosalie Giffen and Ivan Traynor was solemnized at 4 o'clock Thursday afternoon, August 14, at the country home of the bride's parents, Dr. and Mrs. L. H. Giffen. The Rev. A. G. Pearson officiated. Among the guests present were present. The young people left on the evening train for Pontiac where they will spend a few days. They will return to their home in Orem, where Mr. Traynor is in the employ of the Burroughs Adding Machine company. The bride is a graduate of the Twin Falls high school and is attending the University of Idaho and the Idaho Tech at Pontiac. She is a member of the Delta Gamma sorority. Mr. Traynor attended the Northwest High school at Evanston, Ill., and also the Idaho Tech at Pontiac.

The Entre-Nous Bridge club met at the home of Mrs. James W. Porter Thursday afternoon. Mrs. E. G. Sturdivant is a new member of the club, and Mrs. Frank McCormick and Mrs. W. Brann were guests of the club. Held by Mrs. Brann and Mrs. George Sandholtz. A two course luncheon was served at the close of the games, a color scheme of yellow and white being used and the rooms were decorated with golden glow and white dahlias.

Mrs. Vernon E. Serber was hostess to the Morningglow club Wednesday afternoon. Seventeen members responded to roll call. After a short business session a program on the negro race, in charge of Mrs. Ray Cochran, was thoroughly enjoyed. During the social hour delicious refreshments were served by the hostess assisted by two nieces, Miss Millicent and Ruth Koba. Six visitors were present. The next meeting will be with Mrs. L. C. Schneider on September 3.

The Addison Avenue Social club enjoyed a charming party at the home of Mrs. W. O. Smith-Wednesday afternoon. Following a short business session piano selections were given by Mrs. Hinton and Mrs. C. H. Stinson, which were greatly enjoyed. All then joined in singing "Amazing Grace" and "The Church Song." During the afternoon a quilt was tied under the shade of the trees, which is to be given to the children's home at Boise. The remainder of the afternoon was spent playing progressive croquet. Mrs. Blinn winning first prize and Mrs. Glenn Smith and Mrs. Pickering consolation, each receiving a bouquet of gladioli. Delicious refreshments were then served on the lawn. Guests of the club were Mesdames Kayes of Amarillo, Texas; Hinton, Stinson, Wallace, Dierig, Friak and the Misses Mildred Smith and Nadine Settle. All declared this one of the most enjoyable parties of the year.

The following account of the wedding of Miss Arlett Griffin, daughter of Mr. and Mrs. Byron Griffin, former residents of Twin Falls and now living in Boise, will be read with interest by their friends in this city: "A marriage that came as a surprise to their many friends took place Sunday evening when Miss Arlett Griffin in-

ter married Mr. Wallace Dierig, a son of Mr. and Mrs. Wallace Dierig, of Boise. The ceremony was performed by the Rev. J. A. Glendinning, assisted by Miss Rebecca Lewis and Mrs. J. R. Wright. After a honeymoon trip to Payette lakes, Mr. and Mrs. Long will make their home in Boise."

Further Economy Laying particular stress on democratic methods of business and industry, or economy in government administration and consequent further reduction in taxes, particularly the high surplus tax, the bill of the administration's efforts through legislation to aid farm-

republican members of congress and governors of states occupied floor seats with the public behind them and in the galleries.

## TWIN FALLS BANK & TRUST CO.

Under Both State and Federal Reserve Bank Supervision

are but reminded his audience that this relief must come, essentially as he said it had, through the working out of the second law of the country but the greatest asset is common sense."

Nation's Strength "In the compassing things of life," he continued, "lies the strength of the nation. It is not in brilliant conceptions and strokes of genius that we shall find the second law of the country but in the greatest asset is common sense."

Referring again to a probable "discussion of liberal thought and progress, nations co-existent, but realized co-operation by the government with the league in action" in the campaign, the campaign message declared that such is well enough for the country but the greatest asset is common sense."

Outlines Desires Mr. Coolidge said he wanted protection through the tariff, restriction of child labor, further limitation of armaments, enforcement of the prohibition laws, participation by this country in the permanent court of international justice and support by the government in encouraging American citizens and resources to aid in restoring Europe. He opened any general extension of government ownership and control and aggressive war.

Enumerating the administration's accomplishments, the nominee mentioned the passage of "conservative" laws for time tables, improvement in employment conditions, immigration reform, a revival of industry, enactment of the tariff through the elastic provision.

"As the business of the world becomes stabilized," he continued, "with our changing all our economic system into confusion, we can raise or lower specific schedules to meet the requirements of a scientific adjustment."

In foreign affairs Mr. Coolidge declared the administration as seeking only peace. Through efforts by the Dawes commission in settling the rep-

## EARLY FROST BOOSTS CORN; WHEAT RALLIES

Abnormally Cool Weather for Mid-August Sends Price Up; Chances of Damage in Canada Helps Wheat.

**CHICAGO, Aug. 14 (AP)—**Abnormally cool weather for mid-August accompanied by light frosts in Illinois, Wisconsin and Michigan, lifted all deliveries of corn today to the topmost prices yet this season. Heavy rains falling in the north, however, sent the corn market closed unsettled at 1 1/8 to 2 1/2 net gain, December \$1.10 1/8 to 1 1/8 1/2, Wheat, finished firm, changed to 3 1/8 at September, 37 1/2 to 1 1/8, and December \$1.10 1/8 to 1 1/8 1/2, with oats unchanged to 3 1/8 to 1 1/2 net advance, and provisions showing 7 to 12c advance.

With the corn crop as a whole unusually late and with the need of high temperatures thus greatly emphasized, the immediate positive damage vented was taken by many traders as pointing to increased likelihood of a much curtailed yield. Notwithstanding that no immediate positive damage vented from the suggestion of danger that much of the crop would never reach maturity led to an active buying movement and led in particular to the fact that the market was offering to arrive were massed.

No Accumulation.

Difficulty of accumulating a stock of corn here was made apparent by reports that other cities were outbidding Chicago in territory that as a rule sends all shipments to this market. Indianapolis and Louisville were in particular mentioned as sharply competing with Chicago for supplies. The oats market meanwhile was governed mostly by the action of corn.

Chances of frost in Canada tonight, together with the notable strength of corn, helped to rally the wheat market from declines due more or less to lower

Quotations at Liverpool and to some extent of a pause in export demand.	
Provisions went up with corn and sugar.

# JAIL DELIVERY EFFORT CHANGED TO ACCUSED MEN

Deputy Sheriffs Find Evidence of Attempt on Part of Four Robbery Suspects to Gain Liberty by Force.

Since discovery Thursday morning of a number of newly loomed brick above the bars at their window, four men held in custody Monday evening, have been in close confinement in the steel cage that occupies the center of their cell room in the county jail. They were lodged after they were captured at Bogerson Monday night a short time after the last of the night's work.

The four men, Roy "Chief" McIntyre, "Bud" Davis, George Walters, Jr., and Russell Olander, were Thursday morning taken to the jail by deputy sheriff before Probate Judge O. P. Duval, but because of absence of the judge the hearing was postponed until today. They were held in default of \$5000 bond each to which they were admitted on arraignment Tuesday.

The alleged brick, which deputy sheriffs regard as evidence of the attempt of the accused men to break jail, were discovered in the course of an investigation made Thursday after suspicion of the officers had been aroused by the conduct of the four prisoners Wednesday evening when they were released from the cage into the cell room at the dinner hour.

Quick Work Necessitated.

One of the four stood, apparently on watch at the cell room door, while the others came from back of the cage near the window where a jailer had been to the door to remove the dishes, deputy sheriffs stated. Sound of hammering also was reported to have been heard during the dinner hour in the quarter of the jail, by Mrs. M. E. Finch, wife of the sheriff, from her rooms nearby, and the investigation Thursday disclosed that that had been the case at a space on the top of the cage from which the window may be reached readily. The prisoners could have picked up at the mortar holding the brick with only the crudest of tools, deputy sheriffs stated. The prisoners were out of the cage only about 20 minutes during the dinner hour.

"Twice within the past year bars at the window of this cell room have been forced, once by a youthful prisoner who fell a distance of about three stories when the iron bars came down on which he was attempting to escape, broke, and he was confined to the hospital for several weeks thereafter.

The four accused men will be given preliminary hearing today in Judge Duval's court on charges of robbery of the general store and the bank owned by Mr. and Mrs. F. S. Cappel, from which \$18 was taken Monday evening by four masked and armed men who since, according to deputy sheriffs, have been identified by the Cappels as the defendants.

A second complaint charging the four accused men with robbery in connection with the murder of the late Charles E. Knall, Knall district farmer, was the victim of four armed and masked men who took from him an expensive watch, was filed in "Justice of the Peace W. S. Mallory's" court here Thursday by Prosecuting Attorney J. W. Taylor.

The four prisoners also are accused of robbing the Blue Lakes grocery here, leaving the proprietor, Quill E. Graney, maimed and foot in the floor in the store, before settling out on the trip that ended with the arrest at Bogerson after robbery of the Knall store and the Knall district farmer.

Conviction on charge of robbery under Idaho law carries a penalty of imprisonment in the state prison for five years to life.

Attorney W. P. Gutrie, who, with John P. Kosharek, will represent the defendants at the hearing today, stated Thursday evening that he was convinced that the attorneys were holding the wrong men for the robberies.

Indian blood is said to flow in the veins of three of the four accused men. McIntyre is a half-breed Cheyenne Indian, Davis a full-blood Indian originally from Fort Hall reservation, and Walters is reputed to be a quarter-breed Indian.

Court records here show that McIntyre was sentenced in 1918 to a term of one to 14 years in the state prison on conviction of forgery, and was paroled by V. H. Ormsby, then probation officer. McIntyre since that time has been arrested on several occasions on charges involving charges of violation of the liquor laws and for other alleged offenses, but has not been successfully prosecuted.

Police and sheriff's forces here, believe that McIntyre and his companions are responsible for much of the petty thievery that has been committed in this region in recent months.

FRESH VEGETABLES.

Persons desiring to buy vegetables fresh from the garden will find a full line under the big tree on the lawn every evening (except Sunday) 1 to 8 p. m.

# FIND NO CLAIMANTS FOR DEAD MAN'S INSURANCE

Search for Relatives of Ernie Wood, Railroad Construction Accident Victim, Extended to Oklahoma.

Five thousand dollars' employees' liability insurance will revert to the state unless successful search that has spanned already several states, including Oklahoma, finds relatives of Ernie Wood, who died last Saturday evening, resulting from a surgical shock produced by injuries received in an accident Saturday morning on the right of way of the Bogerson-Wells railroad where Wood was employed in railroad construction operations by the Idaho Construction company.

The search for relatives of the dead man thus far has been carried to Palo Alto and other California towns, where it was reported by companions here, Wood had a brother and sister. It was extended Thursday to Oklahoma City, where another companion advised morticians holding the body here that he believed Wood once resided there.

Wood had been employed in railroad construction only a short time before the fatal accident. For several months prior to that time he had been employed as brief porter by a number of farmers of this region.

# STATE RIGHTS DORAH'S PLEA

Idaho's Senior Senator Believes Local Problems Should be Worked Out at Home.

BOISE, Aug. 14 (P)—When a national government attempts to take within its jurisdiction settlement of problems that are essentially problems of individual states, to be handled by these states and settled accordingly, it has an effect in weakening both federal and state governments, and may lead to administration that are most inefficient, Senator Wm. E. Borah told Rotary club members this noon, at the Oxygene, in an address on "State's Rights." The speaker declared that changes in the form of government are being made gradually, through interference of federal procedure in purely local questions. National problems should be handled by the national government, he said, and state problems by state governments, for the government at Washington cannot adequately deal with state questions.

Expressed Sentiment

"I have voted against many popular issues because I believe they showed a tendency to try and settle our local affairs in Washington—a policy to which I am heartily opposed," the speaker declared. "Local self government is the basis and sustainer of governmental knowledge."

# SOME WIN NOMINATIONS WITH NO COST AT ALL

Two of the candidates who won nominations for county office on the democratic ticket at the primary election last week, paid out nothing for campaign expenses, according to statements filed by them in the office of the county clerk. The candidates were Arthur W. Ostrom, candidate for prosecuting attorney, and C. H. Taylor, candidate for state representative, both of Buhl, whose names did not appear on the official ballot, but were written in by voters in accordance with suggestion of the democratic county committee, in order to make the necessity for paying filing fees less in the case of candidates for prosecuting attorney amounting to \$15 and representative \$2.

W. F. Alworth, democratic candidate for senator, who was not opposed in the primaries, limited his campaign expenditures to \$2, the amount of the filing fee.

James L. Barnes of Hansen, successful candidate for the democratic nomination for probate judge, spent \$40.00 for campaign expenses, including \$10 filing fee, advertising and traveling expenses.

Cost of the campaign of W. B. Wolfe, democratic candidate for the republican nomination for commissioner from the second district, was \$10.70, and of Mrs. Cora W. Cruise, defeated candidate for the republican nomination for treasurer, was \$11.75, according to their statements filed Thursday.

# SEGO COMPANY IN BUHL FIELD

Big Milk Condensory Concern Takes Over Creamery and Cheese Factory.

BUHL, Aug. 14.—(Special to the News).—Negotiations for purchase by the Se-go Milk Products company, of Seattle, of the creamery and cheese factory of Buhl from the Cloverdale Dairy Products company, a local concern, have been completed, it was announced this evening by Ben H. Busman, Buhl, attorney in the transaction for the purchaser, and the Se-go company will take over the property next Saturday.

It is the announced purpose of the Se-go company to continue operation of the properties for manufacture of cheese until next spring when the company will establish a milk condensory plant at Buhl.

Planned West End Citizens.

Consummation of the transaction is regarded with great satisfaction by people of this region and is expected to result in advancement of the dairy industry here. The negotiations on the part of the Se-go company were carried on by Roy E. Hutton, vice president and general manager, who left Buhl this evening returning to Seattle.

The cheese factory included in the transaction was established here several years ago by Gustav Kunen, former president of the Idaho Dairyman's association.

Officers of the Cloverdale company included B. F. McPherson, president, and B. F. Delmann, secretary and manager.

# NEWSBOYS TO BE GUESTS

Theater Manager to Host to Lads at Initial Showing of Jackie Coogan's Latest Picture.

# Word of Cousin's Death Carried to Canada by Press

Another Relative of W. A. B. Vandermark, Victim of Shooting, Is Found.

A press dispatch, carried word to W. H. Richardson of Copper-Pony, N. B., that his cousin, W. A. B. Vandermark, who had not been Vandermark since 1900 when he left him in Central America where they had gone together from New York. Five years later, Richardson said, he had a letter from Vandermark, who was then in the employ of a mining concern in Peru. Richardson asked for further particulars regarding the death of Vandermark, who was shot and killed by John Durko, a former associate in the operation of a billiard room here, and for a photograph of the dead man.

Search for relatives of the slain man was carried on by local authorities without success for several weeks after the shooting, when a brother in Washington was located. This brother furnished to Mr. Larson the names of other brothers, one of whom a resident of Accord, New York, wrote the attorney here, his letter received Thursday stating that he had learned of the fatal occurrence both through his brother in Washington and through a law firm in Chicago.

The dead man is supposed to have left an estate worth several thousand dollars. The estate now is being probated in court here, Al Kiefer having been appointed administrator.

# VAGRANCY CHARGED.

Vagrancy charges were entered against headquarters Thursday evening in the case of a man who gave the name of John Barrett, who was arrested by Patrolman Del Kinnison on Shoshone street, where he is said to have been loitering. Barrett said that he had walked from Pocatello since last Sunday and that he had made ineffectual attempts all along the way to obtain employment.
