MEMBER AUDIT BUREAU OF CIRCULATION

PRICE FIVE CENTS.

STATE TAX LEVY
FIXED BY BOARD
LESS THAN 1923

Idaho's Valuation for 1924 Is Found by Equalization Body to be \$456,259,991.71; Rate Is .004759.

BOISE, Aug. 23 (AP)—Idaho's assessed valuation for 1924 as found by the state board of equalization is \$456,259,991.71, according to a compilation made in the auditor's office this afternoon. This figure is made up as follows:

Real and personal property, \$347,453,850; railroads, \$84,444,443.50; telephone companies, \$3,018,705.45; telegraph companies, \$783,080.40; car companies, \$1,574,345.30; power companies, \$18,384,907.

Total, \$456,259,991.71.

The state tax levy fixed by the board for the year is .004759, which is a reduction under 1923, when the rate was .0047736.

Some Increase.

In the real and personal property item the board made increases amounting to \$4,874,658.45 to \$3,018,705.45, and this year the board cut this to \$84,444,443.50. No change was made in main line assessment of the Oregon Short Line railroad company.

Telephone Companies.

Telephone companies were increased from \$3,474,658.45 to \$3,018,705.45. Telegraph companies have a valuation of \$783,080.40 this year, while last year they paid taxes on \$779,893.60.

The Pullman car company's assessment of \$200,000 remained unchanged, but the total for all car companies was increased from \$1,217,752.50 to \$1,574,345.30. The increase was due to the increased mileage over which Pacific Fruit Express company's cars were operated.

Power companies received an increase of \$1,510,000 was placed on the valuation of the Idaho Power company. Another \$985,000 was placed on the Utah Power and Light company. Of all the power companies paying taxes in Idaho, but one, the Valley Light and Power company received a reduced valuation.

Power Valuation.

The Idaho Power company will pay taxes this year of \$6,550,000, while last year its assessment was \$5,245,430. The Utah Power and Light company will pay taxes this year on a valuation of \$9,500,125 and in 1923 they paid on \$7,215,125. The Grangeville Electric Light and Power company was increased from \$250,000 to \$275,000, and the Washington Water Power company was raised from \$1,920,000 to \$1,900,000. Several companies whose valuations are around \$25,000 were raised \$5000 each.

MURDER LAID TO
SMUGGLING PLOT

"Kid" McCoy Stumbled Into Jewel Smugglers and Shot Woman, Thinks Lawyer.

LOS ANGELES, Aug. 23 (AP)—Kid McCoy, former prize fighter, indicted for the murder of Mrs. Theresa W. Moss here August 19, last, stumbled into a jewel smuggling plot and a killing and that landed him behind the bars, but McCoy knows nothing of either, according to a statement tonight by B. D. Knickerbacker, attorney for the prisoner.

The jewels in the Moss collection, some of them already in federal and county custody, and a number of others still missing, most of them declared by the United States government investigators to have been smuggled are, in bulk large in McCoy's defense, his attorney said.

Still Trail Jewels.

Federal officers admitted they still were trailing the missing diamonds, emeralds and rubies which they declared completed the Moss collection, but concerning which Albert A. Moss, divorced husband of the dead woman, says he knows nothing.

Besides continuing the search for the gems, the investigators asserted that close watch is being kept on every person known, or suspected of having had anything to do with them.

While the county officers are concentrating on upturning evidence relative to the indictment of murder against McCoy and federal officers are hunting the missing precious stones, the defense, grouping the two angles under one head, is outlying a case that will tend to show that the killing of Mrs. Moss and the smuggling of the jewels were part of the same story and that in this story McCoy had no role.

IDAHO WEATHER

Sunday: Part cloudy.

ITALIAN WORLD FLIER
IS LOST

Lieut. Locatelli

THE ITALIAN, Lieutenant Locatelli, who is attempting a flight around the world, is following the route taken by the American army aviators. He was photographed at Brough, England, where he landed a few days after the Americans had hoped off for Iceland, where he caught them.

ITALIAN FLIER
STILL MISSING

American Aviators at Greenland Believe Locatelli Failed to Get Through Fog.

WASHINGTON, Aug. 23 (AP)—The American aviators at Greenland believe that Lieutenant Locatelli, the Italian aviator who accompanied them on their trip from Iceland, but did not reach Frederikshavn, failed to get through the dense fog on that day and never passed Cape Farewell. This opinion was given to the army air service in a message from Lieutenant Smith, commanding the world flight, which added that the flight planned for today for Trigtut was found impossible because of fog. It will be attempted at the first opportunity.

Sent From Cruiser.

The message, which was sent from (Continued on Page 5, Col. 4)

DAWES STRIKES
AT KLAN IN HIS
MAINE ADDRESS

Republican Vice Presidential Nominee Denounces Hooded Order; Also Hits at Labor Leaders.

AUGUSTA, Maine, Aug. 23 (AP)—Charles G. Dawes, republican candidate for vice president, opened his speaking campaign today in Augusta with a declaration of opposition to the Ku Klux Klan and a denunciation of attempts by labor leaders to influence "patriotic, law-abiding union men into a political combination with socialists."

Mr. Dawes had announced he would "speak straight from the shoulder, politicians or no politicians," and the audience which gathered at a republican state rally at inland park, near here was prepared for some hot shots. It was taken aback somewhat, however, when the vice presidential nominee, after a brief introduction by his first assistant, discussed that question at some length, and then turned his fire on "politicians cringing before the whip of a few bluffing labor leaders."

"Appeals to racial, religious or class prejudice by minority organizations are opposed to the welfare of all powerful and civilized communities," he shouted with waving arms after telling of the Klan in Oklahoma and in Williamson county, Illinois. "Our constitution stands for religious tolerance," he continued. "To inject religious and racial issues into politics is contrary to the welfare of all the people and to the letter and spirit of the constitution of the United States." The audience stood astonished for a moment, for Maine is counted by Klan leaders as only at state level, where the organization is strongest; then there was scattering applause, but many of those present merely looked at one another, plainly wondering as to the effect of the statement just made on next month's barometric state election. There was somewhat of a general applause, though, when Mr. Dawes concluded his remarks by saying:

"I have told you why I am opposed to the Klan. Take what I say to your hearts and consciences, and think it over calmly. However, it may be with the mind, there is no animosity in conscience."

With the Klan discussion ended, Mr. Dawes launched into the address he had prepared before leaving Evanson for Maine and the applause became more general, but there were numerous looks of astonishment as he entered upon his discussion on trade unionism.

Life May Exist on
Mars, According to
Latest Observance

Presence of Steam From Melting Polar Caps Establishes Atmospheric Existence.

PLACESTAFF, Ark., Aug. 23 (AP)—The presence of the steam or vapor arising from melting polar caps and appearance of clouds on the surface, establishing the fact that atmosphere exists on Mars, have been the outstanding developments in the study of the planet at Lowell observatory here during the present observation, W. M. Siphon, observatory director said today.

The planet's surface is divided into red and blue-green regions. The red portions have the same appearance as the earth's desert regions and are little affected by changing seasons but the blue-green districts, which some astronomers have concluded were seas, show changes at different seasons, declared director Siphon.

WOMAN LEADS IN VOTE

DALLAS, Texas, Aug. 23 (AP)—In the lead with the first returns from today's democratic primary, Mrs. Miriam Ferguson of Tompkins, anti-klan candidate for the nomination, and whose principal plea for support was for vindication of the Ferguson name from a judgment of impeachment of her husband, James H. Ferguson, when he was governor, increased her lead as reports flowed into the Texas election bureau tonight.

IDAHO FALLS IS
SET FOR G. O. P.

Republican State Nominating Convention Plans Completed; Meet August 26.

IDAHO FALLS, Aug. 23 (AP)—Idaho Falls is "all set" for entertaining the republican state nominating convention next Tuesday, August 26. The general arrangements committee of the chamber of commerce has been busy for the past several weeks on plans for the gathering which is expected to bring 700 visitors here for two days. Saturday morning through the hotel lobby, announced that all arrangements were complete and nothing had been left undone to assure the visitors a pleasant and comfortable time. Requests for reservations for rooms have been pouring in on the committee at a rapid rate and indications now are that private homes will have to be thrown open to help in housing the visitors.

Sessions in Theater.

The sessions of the convention will (Continued on Page 4, Col. 1)

STATE ACE CLASSIFIED
PERJURY PEDDLER BY
DEFENSE'S ATTORNEY

All But One of Alienists Admitted Youthful Slayings Were Without Emotional Reaction, Says Veteran Lawyer.

CHICAGO, Aug. 23 (AP)—The youthful slayings of Robert Franks were admitted by every alienist who examined them to be without emotional reaction, a directing force of mind in any normal person, with the exception of one physician, "who sold his services for cash and peddles perjury," Clarence B. Darrow, attorney for counsel defendant Richard Henry Dwyer and Nathaniel Leopold, Jr., charged today in pleading mercy for them before Judge John R. Gaverly.

Not an Alienist.

"Every one of the psychiatrists on both sides of the case told the court that emotion furnished the urge and drive of life, that is, with one exception, Dr. William O. Krohn, who is not an alienist, but an orator," Mr. Darrow declared. "Dr. Krohn testifies for the state, what he did have it, that his short opportunity for examining them was 'fine,' although the other side said they were 'not sane.'"

"But Dr. Krohn is not a physician. His license has been employed to professionalize in and out of court, saying his victims without regard to their age or sex or circumstances. Dr. Krohn for 16 years has been peddling perjury, and we all know it."

Attacks Krohn.

Mr. Darrow closed a straight two-hour address with this parting shot. For the final quarter of an hour he poured a stream of critical, personal and sarcastic eloquence upon Dr. Krohn, who has been described as the "ace" of the state's corps of alienists. Mr. Darrow said he will end his argument Monday, "whether I am 'through' or not."

The aged but vibrant leader of half a thousand legal battles again held a crowded court room tense. He talked straight through the hot holiday season, scarcely pausing for breath. For the first time since the hearing began five weeks ago, no recess interrupted the lawyer's onslaught. He gave evidence of nothing but the emotion.

Held Attention.

Judge Gaverly kept his eyes off the pleading of the lawyer. He glanced, a newspaper whither's chair scraped the floor or some other untoward sound became audible over the court. He kept his eyes on the lawyer, his heavy upholstered chair uncomfortable in the summer heat and moved to a lighter piece of furniture his gaze remained focused on the attorney.

Sees Calamity in
Samuels' Election
As Governor Idaho

Progressive Chairman Johnesse Says Rise to Power Would Ruin State; Candidate Would Be Mere Putty.

BOISE, Aug. 23 (AP)—Election of the Idaho Progressive party and especially its candidate for governor, H. P. Samuels, would be a calamity, and at the end of two years there would be no more of the state house left "to make a doorstep," says Frank Johnesse, chairman of the progressive party in Idaho, in a letter to William H. Hays, chief executive of the non-partisan league into the organization. The state chairman believes that Samuels, the candidate for governor if elected, will be "mere putty in the hands of the master mind of the non-partisan league and would be governor in name only."

State Patronage.

The party, Johnesse says, is not concerned with the national ticket, but with the election of the state house and the patronage that goes with it. "He claims that he was organizer of the progressive party and two years ago was persuaded to invite to the non-partisan league into the organization. The state chairman believes that Samuels, the candidate for governor if elected, will be 'mere putty in the hands of the master mind of the non-partisan league and would be governor in name only.'"

CLUB CHOOSES GATE CITY

Kivwats Select Pocostello as Place for Next Annual District Convention; Dr. W. L. Wanless District Governor.

PROVO, Utah, Aug. 23 (AP)—Pocostello, Idaho, was chosen as the meeting place next year of the Utah-Kivwats district Kivwats club and Dr. W. L. Wanless was elected district governor at the fifth annual convention of that organization here yesterday.

John Coffey of Orem was chosen district governor of Caldwell, Idaho, was elected lieutenant governor of the district of Idaho.

DIES FROM STARVATION.

MISSOULA, Mont., Aug. 23 (AP)—Anti-Typhoid died last night at Fort Missoula after a self-imposed starvation of 12 days.

FRENCH RATIFY
EXPERTS PLANS
ON REPARATION

Chamber of Deputies After Long Discussion Upheld Work of London Conference; Germans Still Busy.

PARIS, Aug. 21 (AP)—The chamber of deputies early this morning voted confidence in the Herriot government by 331 to 271, following the long debate in the chamber on the government's action at the London conference.

Replicates to Critics

PARIS, Aug. 23 (AP)—Premier Herriot defended the Dawes plan and the French government in a two-hour reply to its critics tonight during the course of the debate over parliamentary approval necessary to fill signature of the second new Saturday, provided Germany is ready to sign. "We took his theme," France must do what is right," Mr. Herriot, frankly admitted that "we bring to the first fruits of hope and not complete justice," told the chamber that any of the deputies would have done as he did under the circumstances. Throughout, the premier tried to keep the debate on high moral grounds and endeavored to show that he could not use the Ruhr as a "rehab" at the London conference because Mr. Fainqueur, in behalf of France, had given his word that it was not a military occupation, but merely protection for the economic mission. So when the war was withdrawn, why should the soldiers stay?

Reichstag Meeting

BERLIN, Aug. 23 (AP)—Chancellor Marx, Foreign Minister Stresemann and Finance Minister Jander, the three German delegates to the London conference, today gave the Reichstag a report on the conference. The report was a strong case for itself was the contrary opinion of the ranks of the middle parties and the socialists, while the official declaration is believed to have had a decisive sobering effect upon the nationalists.

Ladonoff's fourth party and the communists were the only heckling faction in the Reichstag. The foreign minister's spirited defense of the man procedure at the London conference noted him frequent outbursts of vigorous applause, not only because of his defense of the man procedure, but also for the caustic manner in which he disposed of the heckling interruptions.

FUSION OF TWO
PARTIES PLAN

Progressives and Democrats Uniting; Twin Falls Man Considered for Office.

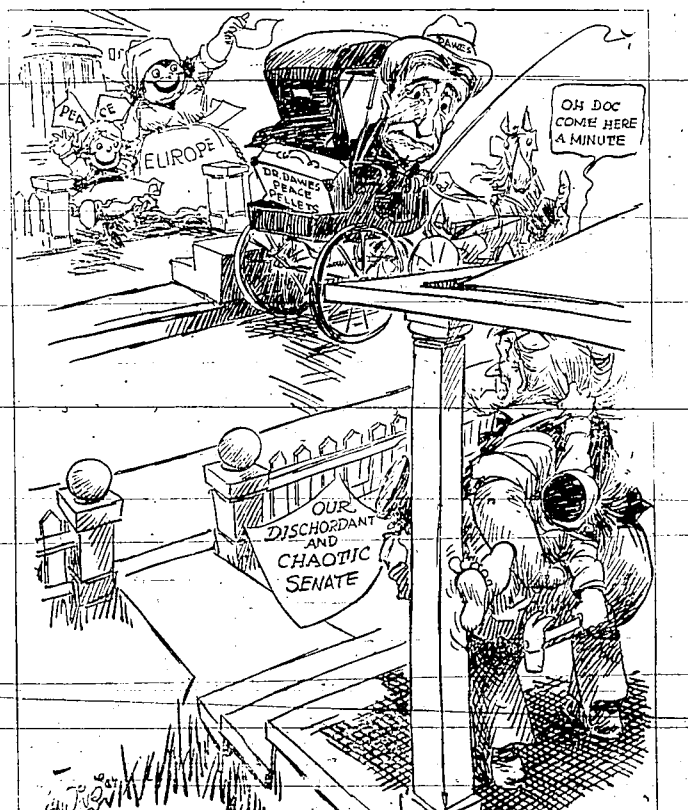

BOISE, Aug. 23 (AP)—Idaho's democrats and progressives will join hands to pug over congressional and state legislative offices in the fall elections, and state conventions of the two parties Tuesday will in time men agreed upon at conferences of leaders of both groups in Boise yesterday. The sessions started early today and did not end until the wee hours of Sunday morning.

Speakers for both parties were reticent when asked concerning the fusion but news of the conferences leaked out, and before long the fusion was discussed in several small circles in the hotel lobbies.

Congress Ticket.

Principal interest seemed centered on the congressional ticket, with patronage as the chief object of the fusion. In the first district the democrats will attempt to run Harry Mitchell, Nez Perce county, and the progressives will attempt to run Lewis county, and it seemed agreed that he would be acceptable to the third party bosses. Others mentioned for the democratic nomination for House place are George Waters, Weiser; Reese Hattabang, Orangeville; D. W. Leeper, Lewiston. But while these men are acceptable to the democrats, it was brought out Saturday that they would not poll a heavy progressive vote.

The situation in the second district is more complicated, with Asher W. Wilson, Twin Falls, considered a strong contender for the nomination of the fusion ticket. He is being supported by George Hall of Heppner county, considered one of the strongest men in the third party ranks in that district. His supporters say it is acceptable to some democrats, as well as some progressives. Wilson is very strong with one branch of the bourgeois party, and may, if he comes out in the open as a fusion ticket, the nomination from him.

DISCUSS WAYS OF PREVENTING FOREST FIRES

Colorado Officials Have Emergency Measures Under Consideration to Stay Ruin of Timber.

DENVER, Aug. 23 (AP)—Emergency measures to prevent further damage by forest fires in Colorado are now under consideration by the federal forest service and various officials of numerous Colorado cities and towns.

In an effort to minimize the fire hazard in the Pike national forest in the vicinity of Mountain creek, near Colorado Springs, the forest service today announced that a ban had been placed on all camp fires in that district. Tourists will be permitted to travel through the region, but must not build any fires.

All of the fires burning within the state today were reported by the forestry service to be under control with the exception of one near Plainview, on the Moffat road. There considerable difficulty was being experienced, according to reports, and the fire, fanned by a high wind, is declared to be spreading.

Careless Mother.
Margaret used to accompany her mother whenever she went shopping. One day her mother, being absorbed in her purchasing, failed to notice Margaret wasn't beside her. When she became aware of the child's absence, every one near looked in the search. Finally the mother, in desperation, went to the father's store. Margaret had just found her way into the store and said, "O, daddy, I think mother is lost. I can't find her."

Easy Dusting.
Mrs. Florin had a new maid, and one morning as she entered the library she was somewhat surprised to find the girl seated in one of the chairs with her hands folded. "What!" cried the mistress. "How you are sitting down! Why you were sent in here to dust the room!" "Yes, ma'am," was the girl's reply, "but I've lost the duster, and so I am sitting on each of the chairs in turn."—Harper's Magazine.

TOURIST PARK NOTES

H. J. Ickle and friend from Seattle, are going to Salt Lake. Robert Bond and partner are returning to San Antonio, Texas from California.

Mr. and Mrs. D. C. Harvey from Lewiston, Idaho, have been through the Yellowstone park and are going back home.

C. Orr and party are returning to Haverley, Neb., from California. Martin Wladon and a friend from Flint, Mich., have been down in southern California and are now on the road home.

H. E. Leach and party are on their way to Arcadia, Nebraska from Los Angeles.

F. L. Enry and family from Pittsburgh, Kansas, have been visiting in Portland, and are going home via Yellowstone.

Mr. and Mrs. H. Barnes from Raymond, Cal., are enroute to Salt Lake. Preston O'Neil and a friend from Rupert are just traveling.

J. D. Gilmore and party are returning to Portland from Yellowstone park. Mr. and Mrs. Carl Decker are going back to Portland from a visit to geysers land.

D. Slason is journeying to Spokane from Salt Lake.

W. E. Stoughton and party from Vancouver, Wash., are going to Pocatello. C. R. Wilcox and party are enroute to Cheyenne from Portland.

Mr. and Mrs. W. P. Collins came from Howard, S. D., via Yellowstone park, and left for Long Beach, Cal.

Mr. and Mrs. J. K. Gold from Shanghai, China, came from Detroit, and left for California, via Seattle and Portland.

Mr. and Mrs. D. B. Rutenbur are going to Oregon from Painesville, Ohio. Mr. and Mrs. F. D. Shearer from Erie, Pa., are enroute to southern California. D. A. Potter and friend are returning to Boneta, Utah, from a trip through California.

Mr. and Mrs. J. C. Ross are returning to Eaton, Colo., from Oregon.

Mr. and Mrs. H. K. Mason are on their way home from a trip along the coast.

Mr. and Mrs. A. W. Nicholson are returning to Los Angeles from Chicago.

Life of Railroad Spikes

The durability of railroad spikes depends entirely on the type of truck and traffic handled; however, heavy spikes should last about fifteen years, light spikes from twenty-one to twenty-five years. For general repairs approximately thirty-six spikes per mile per month may be used.

READ THE TWIN FALLS NEWS.

CLOVER

CLOVER—Mr. and Mrs. W. Turnow of Kittery, are home from their daughter, Mrs. Rudolf Jagala. The infant son of Mr. and Mrs. Jens Lassen is on the sick list.

The saxophone quartet held their weekly meeting at the Ernest Rehnke home Wednesday evening.

A special meeting in the interest of the Lutheran League was held in the school house Friday evening.

Invitations have been received at Clover for the large "Becker family reunion" that will be held Sunday at the home of Mr. and Mrs. F. C. Meyer, near Osceola, Iowa. The affair is in the form of a surprise for the guest of honor, Thomas Becker of Twin Falls, who is visiting in Iowa.

Will Boshler is the owner of a new bent huller since Wednesday.

Mr. and Mrs. Niehmann and family returned to their home in Mampa, Tuesday, after a five days' visit at the home of Mrs. Niehmann's brother, Will Luaders, also her mother, Mrs. Sanders of Nebraska, who is a house guest at the Luaders home.

Then, Thernart is the possessor of a motorcycle. Enola Schroeder, who has been in Twin Falls the past year is making an indefinite stay at the home of her parents, Mr. and Mrs. L. A. Schroeder.

On Wednesday the Ladies' Aid of Clover sent off two parcels to Missionary Riedel and family at Hankow, China.

Mr. and Mrs. W. Rodenbeck left Friday for their home in Fort Wayne, Ind. Albert Schroeder and Fred Lutz are the owners of a combined thrasher and huller.

WARRANT OAILL

Call for warrants, City of Twin Falls, Idaho.
The following Warrants are called for payment this date and will be paid in cash when presented at my office: General Redemption 1924-1926, inclusive; Warrant Redemption 1924-1926, inclusive. Interest ceases on these warrants September 2, 1924.

Dated this 23rd day of August, 1924, at Twin Falls, Idaho.
KATHERINE PROVOST, Treasurer.

LITTLE KNOWN FACTS ABOUT CYLINDER LUBRICATION

Where 80 Per Cent. of Repair Bills Originate

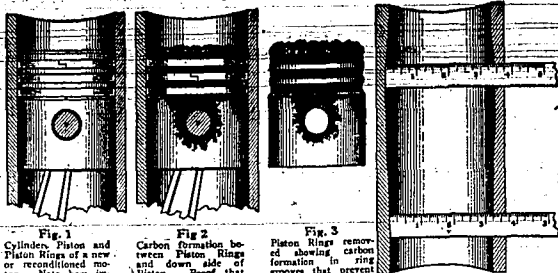

Fig. 1
Cylinder, Piston and Piston Rings of a new or reconditioned motor. Note how impossible it is for more than a light film of oil to reach top rings and upper cylinder wall.

Fig. 2
Carbon formation between Piston Rings and down side of Piston. Proof that top Piston Rings and upper cylinder are never adequately lubricated, at least until motor becomes an "oil pumper."

Fig. 3
Piston Rings removed showing carbon formation in ring grooves that prevent the spring action of the Piston Rings.

Fig. 4
General appearance of the cylinders of all motors with ordinary lubrication after running eight thousand miles or more. Such a motor is an "oil pumper" and must be re-bored or scraped. Observe that the diameter of the upper part of the cylinder is more than .187 or 3/16 of an inch greater than the lower half.

Firezone Oil

After using FIREZONE OIL for 30 days in my Stephens Salient Six car, I can assure you I find it the real thing.

A remarkable change in the running of the motor has taken place. A very decided increase of power is manifest, particularly on steep up-grades. The motor starts easier, and the drag so common in a motor when cold is greatly diminished. The get-away is more rapid, the pick-up snappier, and the speed going up-grade, is marvelous.

The free and easy action of the pistons and valves indicates the elimination of much friction and wear from the upper-cylinder walls, piston rings and valves; and this most certainly means much longer life to these parts and the ending of nearly all, if not all, of the time and expense involved in the regrounding of valves, reboring of cylinders, and renewing of piston rings, and the preservation of compression means no raw gas to slip past the piston rings to cut the life out of the oil in the crank case, oil to escape into the combustion chambers to form carbon and foul the spark plugs.

A number of actual test runs show an increase of better than 4 miles to the gallon of gas. I recommend this oil to any one whose motor is in good condition, but to one whose motor is "sloppy" I advise that they first have the necessary mechanical work done on it, to put it in first class condition.

LEGION TO BACK IDAHO MEMORIAL SAYS ITS CHIEF

Every Post Behind Plan to Erect Statue to Those in State Who Sacrificed Lives in World War.

MOSCOW, Aug. 23.—"Every legion post within the state will back up this project and we hope that the good people of Idaho will lend their support, financial and otherwise, in making it a success," said Dr. G. R. Crabtree of Idaho Falls, recently elected commander of the Idaho department of the American Legion, in speaking of the Idaho memorial, to be erected on the University of Idaho campus in honor of the soldier dead in this state. Before becoming state commander Dr. Crabtree was, because of his activity in legion work, an ardent supporter of the memorial and his new position expects to be of increased service.

"The Idaho department of the American Legion wholeheartedly endorses the Idaho memorial," the new commander continues, "and we do so for three reasons: "It is designed to perpetuate the memory of our 600 heroes of the Spanish-American and world wars, who gave their lives that we and our posterity may live as founders of this great republic as desired we should. This will keep their glory ever before us 'lest we forget.'"

Judged by His Own Parents.

The Scraps had received a newspaper containing the report of a relative's marriage, and Johnny was reading the item aloud to the family circle. "At high noon," he read, "the clergyman took his stand beneath the floral bell, and to the music of the wedding march the contradicting parties moved down the aisle." "Not contradicting," Johnny interrupted his sister, "contradicting." "Well," stoutly contended Johnny, "they'll be contradicting parties before very long."—Boston Transcript.

CASTLEFORD

CASTLEFORD—Mr. and Mrs. Roy Kutz of Omaha, are visiting at the A. E. Heller home, after motoring through California.

Miss Wilma Brown left Saturday morning after a two weeks' visit with her parents. Miss Brown has been employed to teach school at American Falls for the coming year.

Ed Brown of Roseworth was a caller here on Wednesday.

Mrs. H. Neumann returned to Twin Falls on Thursday after spending a few days with her daughter, Mrs. A. R. Heller.

On Wednesday evening Mrs. C. C. Davis entertained at a wild west party in honor of her two nieces, Misses Josephine Buchanan and Eunice Weaver, who are visiting her. Thirty of the young people of Castleford were present, and all came dressed in costumes that represented the early western days. At midnight appropriate refreshments were served by the hostess.

Dolmar Johnson, the small son of Orville Johnson, was brought home on Thursday after spending two weeks in the Twin Falls hospital. The boy had one of his legs pulled out of joint while driving a hay derrick on the Johnson ranch near Three Creek.

Miss Gladys Harrison was the guest of Miss Mabel Gager on Thursday.

E. E. Lester, Mr. Snoderly and son, John, of Grange Hill, are here to plaster the house which was recently moved from Rogerson to the Busell ranch.

Mrs. J. M. Judson, Mrs. Leo Hudson and Mrs. Del Hudson were Twin Falls shoppers Friday.

Thursday afternoon, September 4, the Buchanan club will be entertained at the home of Mrs. A. R. Heller, with Mrs. O. Halerson and Mrs. Harry Webster assistant hostesses.

Mr. and Mrs. Becker and two sons left Thursday for their home in California after visiting with their sister, Mrs. C. C. Davis.

Oh, Awfully

When one of Hazel's playmates told her that she had been confined to the house for three days on account of a severe cold, Hazel replied: "I'm just awfully sorry, Dorothy, for you must have enjoyed a great deal of pain."

Willys-Knight Announces

A New Invention!

that Eliminates Vibration

Another triumph for Willys-Knight is listed in the announcement of the Lanchester Balancer, a new British invention, as standard equipment. It removes the annoyance of engine vibration.

This adds an ultimate perfection to the recognized excellencies of Willys-Knight—it adds perfection of riding ease to the grace, the power, the performance, the durability that have earned prestige for Willys-Knight.

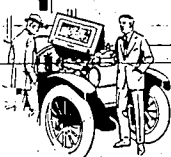

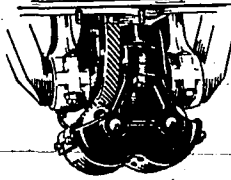

Car owners have desired this improvement since the first automobile was built. The best technical talent of the industry has unceasingly sought it. It has presented a problem seemingly insurmountable.

Willys-Knight now gives America the solution of that problem. It makes the impossibility of yesterday the accomplishment of today. It reaches the apex of modern motorcraft in—the vibrationless engine.

It is the same engine—the same quiet, superb sleeve-valve motor that improves with use and develops greater power under grinding operation. But now it endows Willys-Knight with a velvet smoothness of operation never before imagined by the enthusiasts who own and drive the car.

The Lanchester Balancer marks a wide forward stride in automotive engineering. Its effectiveness has astonished car owners and engineers alike. It is the distinctive development of the year in motor circles.

The Willys-Knight, with the Lanchester Balancer installed, is ready for inspection and demonstration. Try it out—at all speeds. Your experience will be eloquently convincing.

VANCE SETS NEW SENATORS TAKE STRIKEOUT MARK SECOND CONTEST

Fifteen Men Fanned and Triple-Play Feature Brooklyn's Win Over Cubs.

CHICAGO, Aug. 23 (AP)—Erratic support behind Guy Bush gave Brooklyn a 6 to 5 victory over Chicago today in a game in which Dazzy Vance, star twirler of the Dodgers, set a season's record for strikeouts by fanning 15 men. His feat also established a National league mark for modern times, and came within one of tying the modern major league record, which was established by Rube Waddell, who struck out 16 men while in the American league, July 29, 1908.

The score: R. H. E.
Brooklyn 6 8 0
Chicago 5 7 5
Batteries—Vance and DeBerry; Bush, Keen and O'Farrell.

CARDS TRIM GIANTS.
ST. LOUIS, Aug. 23 (AP)—Batting Dean and Ryan and Jonnard freely the Cardinals defeated the New York Giants today, 8 to 3.

The score: R. H. E.
New York 3 10 0
St. Louis 8 10 0
Batteries—Dean, Ryan, Jonnard, Maun and Snyder; Sothoron and Gonzales.

REDS WIN SERIES.
CINCINNATI, Aug. 23 (AP)—Cincinnati won the series from Philadelphia by taking the final game today, 3 to 2. The Reds scored the winning run in the eighth on a pass to Walker and singles by Bressler and Pinelli.

PIRATES TAKE PITCHING DUEL.
PITTSBURGH, Aug. 23 (AP)—In a hard fought pitchers' battle between Kremer and Young, the Pirates triumphed over Boston in the latter's final appearance of the season here, 3 to 2. Two of Pittsburgh's runs were the result of the batting of Guyler, who hit a home run in the first inning and brought home Carey, who had doubled in the third with a sharp single.

The score: R. H. E.
Boston 2 8 0
Pittsburgh 3 7 1

IDAHO FALLS IS ALL SET FOR REPUBLICANS
(Continued from Page One)
he held in the Colonial theater, where ample seating capacity will be provided for the 350 delegates, their friends and the large number of visitors that the occasion will attract. Special arrangements have been made for facilities for the press and seating reservations have been made for the visiting newspapermen.
Delegates from south and west of Pocatello will assemble there at noon Monday where they will be guests of the Pocatello citizens for a brief stay and will then be brought by automobile to Idaho Falls.

COSGRIFF LAYS TRAP FOR BEARS

Can the Pocatello Bears repeat their previous record of victories over Cosgriff's Blues? That is a question to be settled at 2:30 this afternoon at the local ball park when "Bill" Nowbill leads the local ball artists in a determined attack upon the Bears who will use either Alford or Phillips in the mound position with confidence that either can share honors with the young twirler of Cosgriff's choice and hope that their standing will be on a par with that of the locals.

Bahl has more or less weakened the Bears' lineup which started the season by the addition of Grayson and Simmons to their nine which meets twice this afternoon on the Bahl field.

The Indians defeated the Red Sox, 8 to 6 today. Boston had held five straight decisions over the Cleveland club. Cafches by Flanagan and Summa and the fielding of Latzke were features.

The score: R. H. E.
Cleveland 8 12 0
Boston 6 11 0
Batteries—Shantz and Myatt; Fullerton, Rose and Picinich.

YANKS EVEN SERIES.
NEW YORK, Aug. 23 (AP)—New York evened up their series with Detroit, winning the second game, 8 to 1. Pennock, pitching star of the world's champions, was in brilliant form.

The Yankees defeated Whitehall for the first time this season.
The score: R. H. E.
Detroit 1 7 1
New York 8 11 2
Batteries—Whitehall, Cole and Bassler; Pennock and Schang.

WOOL POOL SALE BRINGS \$30,000 TO PRODUCERS
RUPERT, Aug. 23—Approximately 70,000 pounds of wool, held by the Minidoka-Cassia county wool pool, was disposed of the first of the week to E. E. Fisher, local wool buyer, for 41 cents per pound, bringing nearly \$30,000.
On June 17, at which time bids for the wool were first advertised, 30 cents per pound was the best offer received, according to Secretary C. S. Phillips. Some time after this 30 cents per pound was offered and many of the members wanted to sell, but were advised to hold longer, and members are now well pleased at the price received.

"IT PAYS"

HUNDREDS VIEW KLAN CEREMONY

Pictureque Demonstration at Filer Draws One of Largest Crowds in Town's History.

FILER, Aug. 23. (Special to the News.)—One of the largest crowds ever assembled here, was in Filer today to witness or participate in a ceremonial in connection with an interstate meet of the Knights of the Ku Klux Klan, held at the county fair grounds with a public program beginning at 11 a. m. and closing at 10:30 p. m. with an elaborate display of fireworks designated as the "center line review."

An "imperial" representative of the organization in attendance estimated that the crowd included 45,000 persons. The crowd included 110 men and 10 women, bearing torches of red, blue and white flames, took part in the parade that circled the race track in the evening. An open air "autostation" followed the parade, several candidates being received into membership with ceremonial conducted before two flaming structures, behind a triple guard line.

Lectures during the day and evening were delivered by John C. Polley of Washington, D. C.; W. M. Cortner of Atlanta, Georgia, "imperial representative," and Dr. J. H. Harman of Texas, a national lecturer for the organization.

WILD ANIMALS LIKE TO DO CIRCUS TRICKS

Do wild animals like to do tricks? That's the question that is often asked Al G. Barnes and his trainers. Let Miss Nellie Roth, who will be seen in one of the best circuses of the Al G. Barnes wild animal circus, when the big show comes to Twin Falls, Thursday, September 4, answer the question in her own way. "Wild animals mostly dislike to learn at first. They're exactly like little children. But when they find that no harm is meant, that each lesson is given in kindness, with rewards for each proper advance, they begin to exhibit interest. Soon they do their work with zeal. In fact, the happiest hour of the day for my pumas, next to feeding time, of course, is that in which they exhibit their higher education to the crowds in the stands."

CHURCH SERVICES

Christian Church.

MINIDOKA PROJECT GETS POWER COMPANY'S WATER

Manager, E. B. Darlington, Makes Trade to Provide Six-Day Run for Making of Crops.

RUPERT, Aug. 23.—A deal made by Project Manager E. B. Darlington Monday with the Idaho Power company whereby the Minidoka project gets approximately 8000 acre feet of the company's impounded water at Ameriaca Falls in exchange for 6000 a. w. of power, insures the north side water users a six-day run of water at once and will mean much to the growing crops in this vicinity.

Nothing better than 8000 acre feet have been impounded in the river at Ameriaca Falls. This will be impounded in Lake Walcott and used by both the north and south sides of the Minidoka project. The north side will get two-thirds of this amount and with the water already to its credit in Lake Walcott will give a run of six days, 8000 acre feet of water being the total," said Mr. Darlington.

This water of the power company has been impounded behind the flash boards in their pond at Ameriaca Falls since last spring.

Water report Tuesday from the Bureau of the reclamation service, shows the north side Minidoka project will have 8000 acre feet of water in Lake Walcott including the water secured from the Idaho Power company and this is expected to furnish a six-day run. According to the best information obtainable bank storage water at Lake Walcott is not running in as fast as was anticipated, officials expressing themselves as disappointed in this phase of the water condition.

Rain and Weather Helps. The rain of Tuesday and the cool weather of the past week has helped greatly in the present situation. Crops the past week, while the water has been shut off, have been doing nicely.

Joe-K Says: Are you a dreamer? If so, don't be ashamed of it. Empires are founded on dreams. So dream your dream to your heart's content. But don't stop there. Snap out of your slumber and make that dream come true.

HOT WEATHER CAUSE OF HEAVY CORN SALES

Temperatures Above Normal and Likely to Continue So Have Bad Effect on Grain; Sharp Price Break.

CHICAGO, Aug. 23 (AP)—Temperatures above normal and likely to continue to be so for several days brought about heavy selling in the corn market today and forced a sharp break in price of all grain. Corn closed nervous 10 1/4 to 6 cents net lower, December \$1.05 3/8 to 1.05 5/8, with wheat 2 3/8 to 3/4 down, oats 1 1/8 to 2 5/8 off, and provisions showing 10c to 47 to 50c decline.

So active was the selling of corn that prices for the cereal plunged down ward until they had fallen about 16 cents a bushel under quotations which were current on Monday list. It was generally assumed that the unexpected smothering weather would go far to overcome the menace of crop late-ness and that in any event the immediate stimulus for urgent buying of corn had been removed. Furthermore, the market was staggered by an unusual volume of liquidating sales resulting from canceled margins and from standing orders to stop losses at various specified limits.

Price Balloons.
Substantial price rallies in the corn market, however, were witnessed the last hour. Much of the late demand came from commission houses that were in possession of authority to purchase

collect a profit or for traders willing either for previous sellers who could speculate on chances that the improved weather would fall to afford an adequate recovery for handicaps against a plentiful yield this season. Notwithstanding that wheat export business in the last three days was estimated at 6,500,000 bushels the wheat market moved parallel to corn values. Big receipts of wheat were also a factor in the decline and were expected to be perhaps more so on Monday. The increased arrivals of oats likewise appeared probable.

Provisions tumbled with corn and hogs

Profit Taking Forces Market to Lower Ground; Speculative Covering Brought Out a Few Bullies.

	Twenty	Twenty
	Industrials	Railroads
Saturday	101.77	90.74
Friday	103.09	90.81
Week ago	103.10	92.45
High, 1924	104.13	93.15
Low, 1924	102.27	81.
Total	214,100 shares.	

NEW YORK, Aug. 23 (AP)—Stock prices slipped to lower ground under the weight of a larger volume of profit taking sales and short selling in today's brief session. The market, sporadic spot covering brought about a few rallies, but they failed to hold. Net losses in the active issues ranged from fractions to two points with many popular shares developing strong recovery points, indicating strong buying support just below current levels.
Weekly trade reviews, while of optimistic tone, stressed the fact that improvement in many lines of business has been rather slow which tends to confirm the belief of many traders that the recent improving disposition of the revival of trade had been overdone. The reaction of the last few days which has carried some issues as high as 8 to 10 points below their recent highs, has been widely regarded as a correction of this overwork condition.

United States steel company was under pressure with most of the other standard industrials, but strong buying support manifested itself just below 108, the stock closing at that figure for a small reactional net loss. Baid to 108, the stock closing at that figure for a small reactional net loss. Baid to 108, the stock closing at that figure for a small reactional net loss.

Steady accumulation of the St. Paul bonds closed.

Notice of Annual School Election in Twin Falls School District No. 1. Twin Falls, Idaho, August 23, 1924. Notice is hereby given that the annual election of Independent School District No. 1, of the County of Twin Falls, State of Idaho, will be held on Tuesday, the second day of September, 1924, at the Lincoln and Rickett school houses and the polls at each school shall be opened between the hours of one o'clock p. m. and six o'clock p. m. on said day.

That at said election two trustees will be elected each to serve a term of three years. The names of all candidates for election of trustees shall be placed on file with the clerk of the board of trustees at least six days prior to the day of election (excluding the day of election). That the election will be by secret ballot.

Witness my hand and seal of office this eleventh day of August, 1924.

(SIGNED) JANE CRAVEN SCOTT, Clerk.

NOTICE

Notice of School Election, Hansen Independent School District No. 7. Notice is hereby given that the annual election of two trustees to serve full term, and terms as trustees of the board of Independent School District No. 7, will be held September 2, 1924.

J. R. HALL, Clerk, Independent School District No. 7.

Each of which closed more than a point higher, was one of the few features of the session. This buying was attributed in some quarters to the announcement that the directors would meet here next week to take up the refunding of the heavy obligations falling due next year and in other to rumors that the Van Swearingen interests were seeking control as part of their alleged plan to establish a gigantic transcontinental system.

Fisher Body broke five points and South Porto Rican Sugar, Nash Motors, American Express, International Business Machines and United States Realty dropped two to three points, but the turnover here was relatively small. Copper rose under heavy demand. A powerful financial group had been organized to operate these stocks. Associated Dry Goods rallied more than six points and the market about half its gain. Cuban American Sugar, however, was relatively flat. Copper rose under heavy demand. A powerful financial group had been organized to operate these stocks. Associated Dry Goods rallied more than six points and the market about half its gain. Cuban American Sugar, however, was relatively flat.

Foreign exchanges continued reactionary with trading restricted pending further developments in the reparations situation. Demand for sterling fell about 1-1/2 cents to just above \$168, and French francs ruled about five points lower around 5.35 cents. Canadian exchange again touched par, presumably in reflection of the transfer of the American dollars to Canada as a result of the recent financing.

STIRS IN CALLOO FOR TRADE HERE

Visit of E. F. Gray of Contact Provokes San Francisco-Paper to Urge Activity in This Direction.

Rivalry between San Francisco and Los Angeles for millions of dollars' worth of trade that is expected to be made available through completion of the construction of a railway outlet to the south from the Twin Falls and Contact region, is discussed in an article published in the issue last Wednesday of the San Francisco Illustrated Daily Herald, copies of which were received here Saturday.

Los Angeles influence is being exerted for the building of a direct line from south Idaho to Los Angeles, according to this article which bears the caption "Wealth of New District May Be Brought to San Francisco."

Provoked by Gray's Visit.

Publication of the article by the San Francisco newspaper has been inspired by the visit there last week of E. F. Gray of Contact, who played a prominent role in the negotiations leading to the construction of the line from Logansport to Wells by the Oregon Short Line. The article follows:

E. F. Gray of Contact, Nev., came to town yesterday and with him came news of big developments in the river mining district. Incidentally, came particulars of the unworking of a bottled territory of tremendous potential wealth, with the unworked neck of the bottle ready to pour its riches into the lap of San Francisco.

If San Francisco Wants It!

The district about to be liberated is as far as accessibility is concerned, is claimed to be one of the largest surface mineralized areas known. The mineralized area is said to be four times the size of the Idaho area, the size of the Idaho area is the size of the Idaho area.

If San Francisco Wants It!

Other potential coast prospects have heard of the locked riches of this pocketed area and are looking over the ground with the hope of twisting the unworked neck of the bottle into their own willing lap. Salt Lake City and Portland, that now get some of the pioneer trade of this district via roundabout routes, are eager to get there. It is Los Angeles, who are aggressive, sees a chance to swing the neck of the bottle southward and will do it if San Francisco hesitates. For this city has first chance at the new goldmine.

If San Francisco Wants It!

Where is this wonderful district? It is located in the southern part of Elko county, Nevada. The town of Contact is near the center, at an elevation of 5225 feet, 15 miles south of the Idaho state line, 40 miles west of the Nevada state line, 35 miles south from Logansport, Idaho, the nearest railroad station on the Oregon Short Line, and 64 miles north of Wells, Nevada on the Southern and Western Pacific railroads. It is less than 700 miles from San Francisco and may be fenced in as the doorway of this city.

If San Francisco Wants It!

Here is the situation: The Union Pacific railroad is now building a connecting line from Logansport to Wells to join the main line that runs north to San Francisco. Some 7000 men are now at work on the 90-mile stretch and the road is to be in operation by July 1, 1925. It will begin to open up the riches of the district, which also embraces portions of Oregon and Montana, into San Francisco.

If San Francisco Wants It!

Besides the vast mineralized area, the district includes 600,000 acres under irrigation in the Twin Falls tract and 240,000 acres under irrigation in the north tract, with other large areas available for irrigation. Local products include grain, fruits and vegetables ready for the bay markets.

If San Francisco Wants It!

Is there any question of San Francisco losing this fine prize, now almost within grasp? E. F. Gray, who is president of the Gray Mining company, the Vivian Tunnel company and other district enterprises, says there is grave danger of San Francisco losing the prize. Already the Los Angeles influence has gone over the territory and Los Angeles influence is being exerted for the building of a direct line to the southern city. To secure district cooperation Los Angeles capital is promised for development of mines and irrigation projects. Los Angeles foresees trade with the unbottled district of millions monthly.

Does San Francisco Want It?

FIELD ON SERIOUS CHARGE.

Continent charging a fine of \$20, with commission of a statutory offense was filed Saturday evening in Justice of the Peace Kennedy Packard's court by the prosecuting attorney's office. Tulliver was arrested Saturday at Logansport by Deputy Sheriff John W. Gahhart, and is held in jail here to answer to the charge on arraignment Monday. The complaint was signed by John R. Ault, probation officer.

READ THE TWIN FALLS NEWS.

HENRIK SHIPSTEAD

SEN. H. SHIPSTEAD

Minnesota senator, elected United States senator in 1922 on the former labor ticket, who is to speak this afternoon in Twin Falls city park in the interests of the "progressive" party in Idaho. Senator Shipstead will address the "progressive" party convention at its opening session in Boise next Tuesday.

Business Partners Of Murdered Man Are Also Missing

Search for Slayer of Wealthy Radio Manufacturer-Complicated by Mysterious Disappearance of Two More.

NEW YORK, Aug. 23 (AP)—Search for the slayer of Aaron Graft, radio cabinet manufacturer, whose dismembered body was found yesterday in a tin box in a Greenwich village basement, was further complicated today by the discovery of police that both of Graft's business partners were missing. One of the partners, John Lagacy, disappeared on August 9, thirteen days before Graft's body was found in the basement of the apartment house where Lagacy was caretaker. General alarms for his arrest, broadcast through the country had brought no result tonight. Their hunt for Lagacy, but police to discover that a third partner, Charles E. Kowalski, disappeared last week, having drawn \$10,000 from a bank account held jointly by himself and Graft.

RESIGNATION IS ACCEPTED

County Commissioners Consider New Administration Policy in Seeking Successor to Superintendent.

Resignation of Miss Selma A. Johnson, superintendent of the Twin Falls county general hospital for two years, was accepted effective September 15, next, was accepted Saturday by the board of county commissioners. Although the resignation was submitted several days ago, the commissioners have not yet selected a successor to Miss Johnson.

FOUR PERSONS ACCUSED OF MANN ACT VIOLATION

Complaint charging two men and two women who are under arrest at Jarbridge, Nevada, with violation of the Mann act, was issued by United States Commissioner H. E. Powers at his office here Saturday at the instance of an agent of the United States department of justice. Investigation prize. Already the Los Angeles influence has gone over the territory and Los Angeles influence is being exerted for the building of a direct line to the southern city. To secure district cooperation Los Angeles capital is promised for development of mines and irrigation projects. Los Angeles foresees trade with the unbottled district of millions monthly.

Does San Francisco Want It?

The accused persons are Joe Morillo, R. S. Smith, Mahel Palmer and Emma Loney. They are alleged to have traveled recently from Bend, Oregon, to Boise, and thence to Jarbridge, Nevada, by way of Twin Falls and Three Creek, Idaho this having crossed the state lines in arriving at their present whereabouts. They are reported to have arrived August 7, last, in Jarbridge, where they were arrested by a constable acting under warrant issued by state authorities.

DRAWS FINE FOR DISTURBANCE.

Elmer Dyer, arrested Saturday at Logansport by Deputy Sheriff John W. Gahhart, was sentenced Saturday evening by Justice of the Peace Kennedy Packard to pay a fine of \$25 and costs on a charge of creating a disturbance.

BOURBON MEET TO BRING MANY TO TWIN FALLS

Reports to Committee Tell of Large Delegations From Many Counties and Representation for All.

With assurances of representation for every county in Idaho, many of which have elected delegations largely in excess, numerically, of their voting power, preparations for the democratic state convention to open here Tuesday are practically completed.

Many of the leaders of the party are expected to arrive here today, two days in advance of the convention's opening day, and practically all of the delegates are expected to arrive Monday.

Sweetly to Welcome

The address of welcome to the convention, it was announced Saturday, will be delivered by former Senator Martin J. Crowley, speaking for the community in the absence of Mayor Shad L. Haggin, a delegate to the republican convention at Idaho Falls.

An outstanding feature of the entertainment program is the banquet to be served Tuesday evening in the parlors of the Presbyterian church to convention delegates. George F. Weeks of Coeur d'Alene, it was announced Saturday, will be toastmaster, and response will be made by former Governor James H. Hawley and former Governor Moses Alexander of Idaho. J. M. Pope, Boise, chairman of the democratic state committee; R. D. Leeper, Lewiston, and Mrs. Theresa M. Graham, Coeur d'Alene, democratic national committee, will also be present.

Contest for Governorship

Only one contest, that for the nomination for governorship, seems to be well defined at present. A. L. Frechauer of Payette is an announced candidate for the nomination and it seems likely that opposition will center in the candidacy of Frank L. Moore of Moscow. John C. Rice is an announced candidate for nomination for the supreme bench.

Asker B. Wilson of Twin Falls, is mentioned both as a candidate for the governorship and for representative in congress.

There have been no formal announcements of candidacy for United States senator, but party leaders here expect Frank Martin, former attorney general; J. M. Pope, and T. A. Walters of Caldwell, former attorney general, to be in the race.

Work of the convention includes preparation of the platform for the democratic party in Idaho and nomination of candidates for United States senator, two representatives in congress, justices of the state supreme court, governor and other state officials, including lieutenant governor, secretary of state, attorney general, superintendent of public instruction and state mines inspector.
