PRICE FIVE CENTS.

CALL FOR BIDS  
ON DAM TO BE  
MADE SHORTLY

Advertising for Construction of American Falls Reservoir to Start Not Later Than September 10.

BOISE, Sept. 3 (AP)—Advertising for bids for the construction of the American Falls dam will start not later than September 10, according to a letter received Wednesday by W. G. Swendsen, state commissioner of reclamation, from Dr. Elwood Mead, United States commissioner of reclamation.

Dr. Mead's letter said the department hoped to consider tenders and award the contract for the dam as soon as it is known that money will be available. "The money" referred to by Dr. Mead, Mr. Swendsen says, is the proceeds of the sale of the \$2,700,000 worth of bonds which have been voted by the American Falls reservoir district and approved by the Idaho supreme court.

Opened September 23.

Bids for the purchase of these bonds will be opened September 23, the commissioner says, and he feels confident the money will be available by October 1. This will be in plenty of time to start work in accordance with the government's plans because it is believed that advertising for bids must be carried on for at least 30 days and if advertising starts September 10 bids for the construction of the dam could not be opened until October 10.

The first unit will be built at this time; that is, a dam will be constructed that will store 1,700,000 acre feet of water, and it is estimated the work will be completed in the neighborhood of \$5,000,000, more than half of which is being furnished by the users who will benefit by the dam.

UNION ORGANIZATIONS  
CALLED UPON TO AID  
LAFOLLETTE CAMPAIGN

WASHINGTON, Sept. 3 (AP)—Trade union organizations throughout the country were called upon today by the American Federation of Labor's national, non-partisan political campaign committee, to do their utmost for the success of the LaFollette-Wheeler ticket.

A "call to action" signed by Samuel Gompers, Frank Morrison, James O'Connell, Thomas A. Rickett, Matthew Woll and Martin P. Ryan, the six members of the committee, appealed for contributions of money and the immediate formation of local campaign organizations.

"The American Federation of Labor," said the appeal, "purposes to engage in this campaign with its full resources. Political campaigns can not be conducted without the expenditure of money and effort. For that reason, we call upon trade unions and trade unionists, friends and sympathizers and forward-looking men and women generally throughout our republic to contribute immediately and as generously as possible to the work of the committee."

Spain "Decides on  
Fight to a Finish  
Against the Moor

All Hope of Peaceful Solution of Differences Between Two Are Abandoned, Department Declares.

MADRID, Sept. 3 (AP)—An official communication issued by the war department today concerning the situation in Morocco says: "There is but one way out of the situation, and that is to fight the audacious Moor until he is beaten and his morale broken. We must meet every attack of the Moor with counter attack."

The statement says that "all thought of a peaceful solution of the problem has been abandoned. 'The only matter under consideration,' it declares, 'is that once again a general upsurge of the Moors has left open to direct attack upon, and less of communication with, a number of positions in which our soldiers are garrisoned. This means war, and the only way to reply is by war, not only because of our dignity, but also because of our spirit of solidarity and our instinctive sense of self preservation.'

## MAKES FLYING RECORD.

BOSTON, Sept. 3 (AP)—Lieut. R. C. Moffatt, U. S. army, today established what is believed to be a new record for flying between here and New York city when he covered the 345 miles to New York and return in two hours and 15 minutes.

Attempt to Murder  
Premier Mussolini  
Is Made in Italy

Report to London Tells of Assassination Plot Which Almost Succeeded.

LONDON, Sept. 4 (AP)—A dispatch to the Daily Express from Rome says an attempt was made Sunday night to assassinate Premier Mussolini while he was traveling in an automobile from Acquapendente to Rome. Shots which were fired at the premier, the correspondent declares, missed him, but an automobile which was following was struck by a number of bullets.

The authors of the outrage were not captured and their identities are unknown.

FLIERS LAND AT  
PICTOU, CANADA

Hope to Hop Off Friday for United States Territory; Small Mishap.

PICTOU, Nova Scotia, Sept. 3 (AP)—The two world encircling American army airmen, Lieutenant Lovell H. Smith and Lieutenant Erick Nelson, with their mechanicians, Lieutenant Leslie P. Arnold and Lieutenant John Harding, jumped from Hawkes bay, N. P., to Pictou, Nova Scotia, today. The flight of 420 miles was made in six hours and 20 minutes.

The fliers left Hawkes bay at 10:12 o'clock, eastern standard time, this morning and came down on the water here at 7:38 o'clock this afternoon. Head winds and rain squalls somewhat delayed the aviators, but otherwise they found flying conditions favorable.

Because the late arrival here precluded the possibility of refueling, oiling and a general check over of the planes before the coming of darkness and owing to a broken propeller bar on Lieutenant Smith's plane, it was

PREMIER WANTS  
SECOND PARLEY  
HELD IN EUROPE

Ramsay MacDonald Expresses His Views on Meeting Place for Disarmament Talk; at Geneva.

GENEVA, Sept. 3 (AP)—The next disarmament conference must be held in Europe, not Washington, Ramsay MacDonald, the British prime minister declared tonight in explaining Great Britain's position on the great problems before the league assembly.

Mr. MacDonald expressed the conviction that any new conference, especially if it discussed the reduction of land armaments should be held in Europe because it could best treat here conditions existing in Europe. The heads of the European states must attend such a conference if the conference hoped to accomplish anything authoritative.

Easier to Reach.

For instance, he went on, if it were held in Geneva, the European premiers could come here for 10 days and then return to their regular duties. The conference would probably last several months and the premiers must be free to go back and forth. If held in Washington it would be impossible for the premiers to spend sufficient time here.

Mr. MacDonald said there was no nation more interested in the reduction of armaments than the United States; if it did not participate in any new conference it would be a source of tremendous disappointment to everybody. He thought that Washington could take part in a European conference. The league of nations, he added, should certainly prepare the way for such a conference.

## SWEDEN FACES STRIKE

STOCKHOLM, Sept. 3 (AP)—Sweden is threatened with a nation-wide strike of farm laborers, repeated attempts to reach a collective agreement having failed.

Mine Fire Causes  
Death of Two Men  
In Butte Workings

Trapped on 175-Foot Level and Found Dead Later by Crew; Third Man Injured.

BUTTE, Mont., Sept. 3 (AP)—Arthur King and Monte Allen, miners, trapped on the 175-foot level of the Seymour mine in west Butte, last night by a fire which destroyed the shafthouse and the engine room, were found dead by rescuers today.

John King, who had been working with the two, fought his way to safety through the shaft at the expense of some burns.

PAROLE 21 FROM  
STATE'S PRISON

Board Meets and Takes Action on Many Cases; All First Offenders.

BOISE, Sept. 3 (AP)—Twenty-one prisoners were paroled from the state penitentiary Wednesday, when the parole board met in quarterly session. Sixteen applications were denied. The board met in the office of Governor C. Moore, chairman, in the morning, and adjourned to the penitentiary in the afternoon. P. A. Jeter, secretary of state, and A. H. Conover, attorney general, are the other two members of the board.

All prisoners released were young men, and of necessity first offenders. They had served the minimum sentence and had a good record for the year passed. The average age of those paroled was 21 years and three months.

Dates for commencement of the paroles were strung out from today until the time for the next board meeting in December.

Pitched Battle Between  
Chinese Forces Not Far  
From Shanghai HarborSLAYER TO TEST  
THEORY ON NEXT  
LIFE IF HANGED

Murderer of Franks Boy, Nathan Leopold Jr., Completes Plan for Piercing Veil of Death.

CHICAGO, Sept. 3 (AP)—Nathan Leopold Jr., who, with Richard Loeb, confessed murdering young Robert Franks, has completed his plans for piercing the veil of death if he is hanged. Although he is an admitted atheist, he says he will not cast out any suggestion of the possibility of an after life until he has had an opportunity to demonstrate its invalidity. "So he has prepared ten questions which he plans to attempt to answer in communicating with his friends on earth, should he die on the gallows. The questions, which may be altered before being locked in a vault, to be removed only after his death, follow:

"Are the experiences of human life carried into the hereafter?  
"Is the intellectual or the spiritual the dominant note after death?  
"Is the absence of the physical being an advantage or a detriment to such intellectual or spiritual happiness?  
"Is the hereafter dimensional as on earth, or is there complete omission?"

"Does one retain reactions to sensations registered on the mind previous to death?"

"Is life on earth a necessary precedent to life hereafter? If so how long a life?"

"Is the intellectual the dominant in the hereafter or earthly knowledge adequate or insufficient to its enjoyment?"

Higher Judgment.

"Is life on earth a correct balance of rewards and penalties or is there a higher judgment?"

"If life hereafter is spiritual are the cultural experiences on earth necessary? What of the savage mind?"

"What is happiness?"

Leopold plans to make a speech if he is sent to the gallows.

To Say Something.

"If I say something that will make the world listen," adds the murderer, Loeb, who has no such philosophy, admits he has no liking for a life in prison.

"When I think of the long life down there, I sometimes feel that it would be better to get it all over with now," he said.

BRYAN ADOPTS CORN  
COB PIPE; USED AS  
A CAMPAIGN SYMBOL

LINCOLN, Neb., Sept. 3 (AP)—Gov. Charles W. Bryan, democratic nominee for election next year, in a busy day at the state house, his principal act, in the opinion of those close to him, being the adoption of a corn cob pipe as a campaign symbol of democratic simplicity.

Throwing back his black slouch hat in characteristic manner and plugging the empty pipe, which he had received from a Nebraskaan, in his mouth, the nominee told newspaper men he had heard a good deal about "common sense" and the Dawes "high priced, patented pipe," but that if the smoking virtue would only listen to reason, he could get a corn cob pipe for 99 percent less than that paid for the trick bowl.

Governor Bryan said he had stopped smoking several years ago and did not intend to get back into the habit, but he fastened the emblem as a "common sense" pipe, made from the staple product of the middle west, the campaign battleground within the financial reach of the common people.

"The farmer," he said, "will not have to get over to the high-priced patented pipe; that only those who are able to retire can use."

SOLDIER ATTEMPTS  
TO SELL A MAP OF  
U. S. FORTIFICATIONS

MANILA, Sept. 3 (AP)—Frank Cota, a private in the Thirty-first infantry was arrested here today on a charge of attempting to sell to foreigners a map of the Corregidor fortifications and surrounding waters in Manila bay.

Army officials said the map was of great military importance.

Cota had just completed his first enlistment in the army and had been planning to return to the United States aboard the army transport Thomas.

IDAHO WEATHER.  
Thursday, fair.

Two Provinces at War With Casualties Reported on Both Sides; Fighting Opens With Thousands Engaged.

SHANGHAI, Sept. 4 (AP)—A pitched battle between the forces of Lu Hsiang-shan, Tsuchun of Chekiang, and Chi Shieh-Yuan, governor of Kiangsu, opened at daylight this morning along the Shanghai-Nanking railway near Hangzhou, about a dozen miles from Shanghai, according to reports from Defense Commissioner Ho.

The battle commenced with a heavy attack by the Kiangsu troops, estimated at 10,000. While the left wing of the Chekiang army was forced back, the center and right slowly gained ground, according to Ho's secretary. Later reinforcements reached the Chekiang army, and at 2 o'clock, it is estimated that 20,000 men were engaged. The Chekiang forces gained about two miles.

There were many casualties.

Results Disastrous.

At 8 o'clock this morning Kiangsu brigades commanded by General Ma Yuen, estimated at 5,000, attacked the Chekiang force of the same strength outside Liongho. This engagement, according to the Kiangsu headquarters, resulted after an hour's fighting disastrously for the Kiangsu brigades, which at 9:30 was reported in full retreat with the Chekiang troops pursuing them.

There was also many casualties in this sector.

All reports indicate that the engagement is becoming general in the Kiangsu area from the Shanghai-Nanking railway to the coast. There is an artillery action along the railway.

FILER GIRL INJURED IN  
COLLISION ON HIGHWAY

P. G. Hall, Elmer district farmer, reported to police headquarters here late Wednesday night that an unidentified automobile driver early that evening had crashed into a horse and buggy driven by his daughter on the road near Elmer, injuring the girl, who was brought here for medical attention, and so severely cutting the horse that it was believed permanently disabled. The accident occurred, it was reported, when the automobile driver passed another car and collided with the horse drawn vehicle on the road ahead of the first car. The driver is reported to have stopped his car after the accident, but it was reported, his name was not learned.

Governor Gets Lead.

MILWAUKEE, Wis., Sept. 3 (AP)—Governor J. J. Blaine, backed with the endorsement of Robert M. LaFollette, not only obtained a plurality over his nearest competitor, Arthur R. Hiest, of between 65,000 and 70,000, but pulled up a majority of between 100,000 and 125,000 votes over both his opponents in yesterday's primary for the republican senatorial nomination.

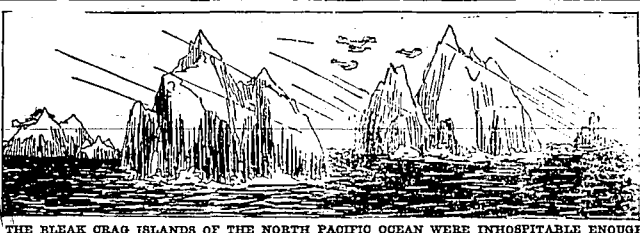

Hughes Is Cause of  
Chinese Civil War,  
Soviet Paper Says

United States Is Organizing Against China With Other Nations, Declares Writer in Izvestia.

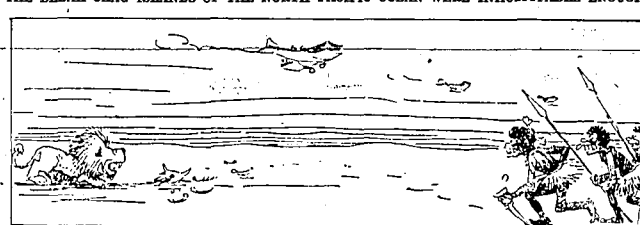

MOSCOW, Sept. 3 (AP)—Secretary of State Hughes is precipitating the civil war in China, the newspaper Izvestia asserts today in discussing the attitude of the United States toward the hostilities in China.

The newspaper declares that Mr. Hughes is feeling uneasy because since her agreement with Russia, China is acknowledging her own national aims and is striving to thrust off the yoke of imperialism. Mr. Hughes, it adds, is afraid for the future of American interests in China which he considers as a colony for growing American industrialism. America is charged by the newspaper with violation of the decision of the Washington conference in regard to China.

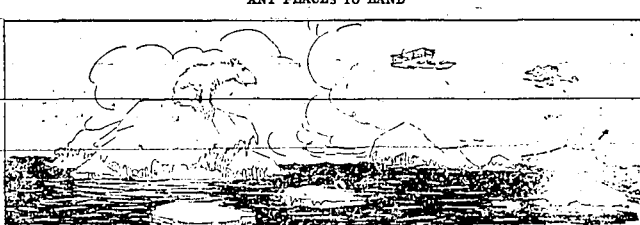

"Instead of a policy of good will toward China," Izvestia declares, "the United States is now organizing against her an 'imperial union' with England and Japan, against the latter of whom America herself previously struggled for her own interests in China. All this is being done because Mr. Hughes will not allow China to carry out her own policy."

WE DON'T WANT TO DISCOURAGE THE WORLD FLIERS BUT THE  
WORST IS YET TO COME

THE BLEAK CRAG ISLANDS OF THE NORTH PACIFIC OCEAN WERE INHOSPITABLE ENOUGH

AND THE UNFRIENDLY WASTES INHABITED BY HEAD HUNTERS AND WILD BEASTS WEREN'T PLEASANT PLACES TO LAND

NOR WAS THE PROSPECT OF A FORCED LANDING IN THE 'ARCTIC' SEAS PARTICULARLY INVITING

BUT WAIT TILL THEY GET HOME AND ENCOUNTER THE GREAT AMERICAN SOUVENIR HUNTER

# HERRIN SHERIFF TELLS HOW KLAN FIGHT STARTED

Says Members of Hooded Order—Fired First Shots—and Killed His Deputy; Replies to Ministers.

MARION, Ill., Sept. 3 (AP)—Members of the Ku Klux Klan of Williamson county opposed to law enforcement by duly constituted authorities killed Deputy Sheriff "Bud" Allison Saturday at Herrin before a shot was fired by Sheriff Galligan, or any of his deputies or anyone else, said Sheriff Galligan and Deputy Sheriff Ora Thomas in an interview yesterday. Galligan and Thomas admitted they did most of the shooting for the anti-lynch forces in the clash at Smith's garage in which six men were killed and several wounded. Replying to ministers of Williamson county who are demanding that he be removed from office, Galligan said four protestant ministers whom he named, could restore law and order in Williamson county if they would cease preaching "murder and law enforcement by the K. K. K."

## Erroneous Accounts

"There have been several erroneous accounts given of what occurred in Smith's garage," he said. "There is the true one. Following the hearing at the city court, in which the Shelton brothers were absolved from blame for the shooting of S. Glenn Young, Buck Skelcher, whose brother Jack was killed by klanmen, who had suspected him of shooting Young, asked for his brother's automobile he turned over to him and State's Attorney Duty authorized me to hand the car over to Buck. "I went to Smith's garage taking 'Bud' Allison and Ora Thomas with me. "Thomas, Allison and I walked from the city hall to the garage. "Given Warning. "While Thomas and Allison were preparing to pump up a flat tire on Skelcher's car and I was examining the engine number to see if it had been changed, a man rushed in and exclaimed, 'Galligan, they're gangling you—you had better get out of here.' "Thomas and Allison ran outside and stopped a Ford car that was drawing up to the curb. In this car were Harry Harris and others and Thomas said, 'Gentlemen, we will have to search you for guns.' " 'Bud' Allison had his gun out. Thomas then said, in taking up the narration, 'and I searched Herrin's car and found four revolvers and a sawed-off shotgun. I took these guns in the garage and gave them to Galligan who put them in the back seat of Skelcher's car against which he was leaning. "Open Fire. "I rejoined Allison on the sidewalk. At that point an automobile containing several men, among them Dewey Newbold, Charles Donham and Charles Wolard, came down the street and Allison and I ran over to search it. "When Allison told the men he wanted to search their car, the three drew revolvers and fired at Allison and then turned and pointed the guns at me. . . . "

## Two Much Worship.

A funny case came up in front of Judge Sumnerfield the other day. The man had sued his wife for divorce for lack of domestic harmony. There was no other man nor no other woman. It was just a case that things were not going well at home. "But I just worship my husband," the woman protested tearfully. "Sure," snorted that fraile individual, and the pious burial offerings in front of me three times a day."

## One Advantage

One advantage of going out to dinner is that you're apt to be able to eat that meal without being called to the telephone.

## Alligators Protected

Alligators must not be pursued, caught, killed or injured in any way between September 30 and March 1 in Mexico.

## Poor Puul!

After a particularly trying day an English barrister came home with his nerves on edge and at once sought refuge in his own study, well away from the noise of the household. He sat down by the fire and was gradually feeling calmer, when the girl, which had been sitting there, too, got up slowly and walked across the room. The barrister started, then turned on her and said indignantly: "Now, what are you stamping round here for?"

# LAST U.S. DREADNOUGHT COMPLETES TRIALS

THE U. S. S. WEST VIRGINIA, last superdreadnought the United States will be allowed to build for 10 years, is shown completing her speed trials off Rockland, Maine, preparatory to joining the battle fleet.

# PALESTINE BOY SCOUTS CAMP ON SACRED GROUND

Another Flourishing Example of Western Progress Found in Organization of Jerusalem Youths.

JERUSALEM, Sept. 3 (AP)—Ancient Palestine, responding to the touch of Jewish pioneers who are building up the Homeland, has now another flourishing example of western civilization, Boy Scouts and Campfire Girls, organized and functioning along the same lines as their American counterparts. On land sacred through its historic association with the three great religions of the world, one now sees these Jewish Boy Scouts at their maneuvers. From the top of the ancient walls of Jerusalem, the Holy City, the Scouts practice all the forms of signalling in which the Boy Scout in every country must be adept. They hike along the Jordan, on land trod by saints and seers, and through the highlands of Moab, where the Hebrews first entered the country under the leadership of Joshua. Now they are pitching their tents on the slopes of Mount Carmel.

## Five Years Ago.

The Boy Scout movement was introduced to the Holy Land five years ago by young Jews from America and England, members of the famous Jewish Legion, which fought under General Allenby in the historic campaign which wrested Palestine from the Turks. At first the movement progressed slowly because of the lack of sufficiently trained scoutmasters. That need has now been filled through the establishment of a summer camp for training scoutmasters on Mount Carmel. This year two camps will be opened through the generosity of Mrs. Nathan Straus of New York, and Young Judaea, an organization of young Zionist boys and girls of America.

# BUREAU MACHINE TESTS EXTENDED

Demands for Government Approval Results in Bigger Appropriation Need.

WASHINGTON, Sept. 3 (AP)—Demands of private manufacturers of scientific and engineering instruments for the government's official stamp of approval have resulted in an appeal for additional financial support by the bureau of standards, which has just completed the fiscal year with approximately 140,000 tests, more than a hundred fold increase compared with the accomplishments of the first year of its existence 22 years ago. Upon the findings of the bureau depend millions of dollars of expenditures of standards, which has just completed the fiscal year with approximately 140,000 tests, more than a hundred fold increase compared with the accomplishments of the first year of its existence 22 years ago. The government work is given preference, however, and in some cases all testing except that for the government has had to be refused because the demand exceeds the facilities for doing the work.

## Seeing the Silver Lining.

It is always a pleasant moment for us when some new optimist swims into our ken and we can tell our readers about him. Here is the latest specimen of the genus: He had purchased a new home in the suburbs and within a week after he and his wife had moved in they received nasal evidence that to the west of them lay a glue factory, to the south a gas works, and to the east a highly odoriferous pigery. To his complaining spouse said the optimist soothingly: "Of course, dear, it is a little unpleasant at times, but you must admit our location is not without its advantages. At least, we don't have to buy a weather vane to tell which way the wind is blowing."—Boston Transcript.

# Worlds Largest And Only Performing Hippopotamus In Town With Circus

She never dined at the Ritz nor sipped tea in Greenwich Village. No Sir! Not Lotus. But regardless of this fact, she can give the average quarter of the best restaurant a lesson or two when it comes to eating. For Lotus knows all about table manners, and why shouldn't she? She eats a bushel of carrots and a bale of hay every lunch hour and washes it down with a barrel of "aqua pura." Lotus is the largest and only performing blood-sweating hippopotamus in the world. She will entertain you when she comes to Twin Falls today with the A. G. Barnes wild animal circus. Lotus doesn't mind being fat and proves it by eating more and more every day. And she's impatient sometimes—when she's real hungry. When her trainer is a trifle slow, she says, "Let go of those carrots, Bob, and make it snappy." Lotus is only one of the 2000 trained wild animals and 550 educated horses in the Barnes circus.

# ITALIAN HERO IS FORGED IN ARMY

Youth Not of Age Who Served With Distinction in War Is Drafted.

ROME, Sept. 3 (AP)—During the war the youngest soldier in the Italian army was Francesco Lavrenzie who, driven from his home by the Austrians when the Italians overran the border in 1915, became a volunteer in the Italian regiment of Guides at 12 years of age, and had risen to be a sergeant major when he was fifteen. Lavrenzie took part in over a dozen big actions and was awarded the silver medal for valor for his bravery on the Piave. All this, however, has availed the young hero nothing, and as all his achievements occurred before he was 18 years of age, he has been called under arms again to do his ordinary military service. The boy veteran is now stationed at Ferrara, and a public subscription has been opened to give him a gold medal in memory of his unique experiences.

## Opening the show to the season

feature of the age, "Fashionistas at the Court of Queen Anne," the extravaganza, which includes in the gigantic cast over a hundred pretty girls from sun-kissed California and three tribes of Indians from Arizona, Nevada and New Mexico. Most of the ballet and chorus girls in the cast have appeared in the west coast motion picture productions.

You will also see the greatest movie star of them all—Joe Martin, himself. It's the show that's distinctly different every year.

## Cause of Poverty

We are infinitely in the wrong to charge our misery upon our poverty; no, it is our ambition and discontent that make us miserable.

# Better Than Riches

Under the dome of the Board of Trade in Manchester, England, is this inscription: "A good name is rather to be chosen than great riches." The thought is considerably more than mere sentiment. It is good business.

A good name is recognized as the biggest individual asset a business can have. It is the very keystone of modern industry. Business today is done on such a broad scale—every merchant and every manufacturer has such a long list of customers—that it would not do to have a reputation for "slipping something over."

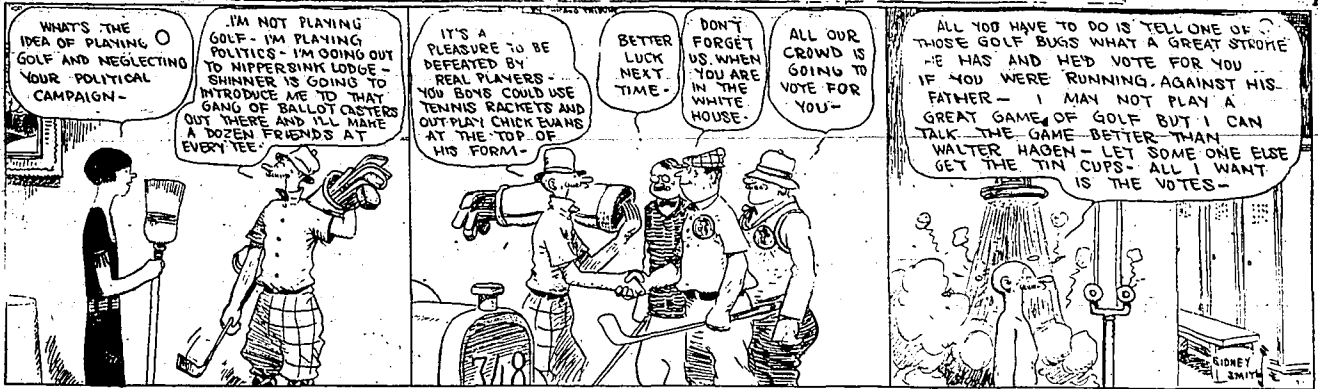

Advertising has standardized almost every article you can buy. You don't have to bargain and dicker and haggle to know that you are getting as good as you give.

That's why it pays to read the advertisements and to buy advertised goods. A product's advertising is the best guarantee of its faithful performance and lasting usefulness or of its definite value. The advertiser would not dare to risk his good name by advertising an unworthy product.

If you value constant satisfaction—if you want to get your full money's worth every time—read the advertisements and buy advertised merchandise.

Take advantage of the advertisements and get real value

## THE GUMPS, LIPS, VOTES

## SUMMER LURES SCIENTISTS TO MANY PLACES

Noted Members of Smithsonian Institute Take Advantage of Warm Weather for Various Expeditions.

WASHINGTON, Sept. 3 (AP)—Summer is the open season for scientists, and several of the most noted members of the Smithsonian Institute have been taking advantage of it. Their expeditions into the field of science cover a variety of subjects and are conducted, for the most part, by men bearing the degree of doctor of philosophy.

Dr. Charles D. Walcott, secretary of the institute, and his wife have recently left for a tour of geological field work in the Canadian Rocky mountains. Investigation into the complicated geological formations of that region and the collection of fossils for laboratory study during the winter are Doctor Walcott's quarry. Mrs. Walcott specializes in sketching in water colors the species of wild flowers of the northland. This work will extend into the fall.

Measure Rates.

The measurement of the heat of the spectra of the stars, with an estimation of their temperature and determining their diameter, is the goal of Doctor C. G. Abbot, assistant secretary of the institute. A "solar cooker," which he is trying to perfect in which the heat of the sun is used for fuel in cooking, is part of his equipment. Miss Wilson in California will be the scene of Doctor Abbot's labors. He has paid a visit also to the Smithsonian Institute's solar observing station at Mount Harquahua, Arizona. This is one of the most cloudless regions in the world, and observations of the radiation from the sun are made there every day in the year.

## The Crow Was Lucky, Too.

A cattleman who was "riding range" near Bourke, Australia, says Mr. W. D. Joyce in his book, "Illustrated Australia and New Zealand," picked up a stone to throw at a crow. At that moment he thought it was a stone, but the unusual weight of it made him stop and look; to his amazement the thing was a nugget of almost pure gold. When he reported his discovery to an official the fellow, who was incredulous, merely asked, "And what became of the crow?"

## Fill With Beeswax.

Cracks in furniture can be filled in with beeswax. First, clean the surface with alcohol and let it dry. Then, press firmly into the cracks and smooth evenly with a thin steel knife. Sandpaper over the surrounding wood and wipe the dust into the beeswax. This gives a wood finish, or color, and when the furniture is varnished the cracks will have disappeared. Beeswax is better than putty. Putty soon dries, crumbles and falls out, while beeswax does not.

## Ailanthus Wood

The forest products laboratory says that recent experiments have shown that the wood of ailanthus can be made into a good grade of book paper. The wood gives a high yield of pulp, bleaches easily and can be used for book, lithograph and writing paper. The ailanthus, otherwise known as the tree of heaven, grows rapidly in some places it is said to produce four feet of wood to the acre every three years.

## Flicker Her Friend.

The Redstart Flicker or Woodpecker is a persistent enemy of the ant family, says Nature Magazine. Many kinds of ants are extremely harmful. As wood borers, they destroy timber and insect houses. Worst of all, they protect and care for many spiders or plant lice, which are the deadliest enemies of trees, plants and shrubs. As many as five thousand ants and ant eggs have been found on the stomach of a single flicker.

## Famous Gorilla Movie-Star Coming With Al. G. Barnes Animal Circus

He's coming! the greatest movie-star of them all is coming to Twin Falls today with the Al. G. Barnes animal circus. The movie star, whose name has been on the lips of all motion picture fans throughout the country, and who has appeared in some of the most spectacular films released in the past year, has signed up with the Al. G. Barnes circus.

Mr. Barnes secured him from the Universal Motion Picture corporation, at Universal City, at a cost of \$25,000.

## ANCIENT PAPERS REPORTED FOUND

Italian Disappears After Alleged Discovery of Livy Manuscripts.

NAPLES, Sept. 3 (AP)—Great excitement has been aroused among archaeologists in Italy over the disappearance of Professor Mario de Martino-Fusco, paleographer and archivist of the state archives of Naples on the morning of his reported discovery of about 150 hitherto unknown original manuscripts of the Latin historian, Livy.

Almost immediately word of the reported discovery had leaked out. Dr. Martino-Fusco left the city, leaving instructions to his friends and assistants to reveal his whereabouts.

Meanwhile the enthusiasm aroused by the possibility of such a discovery was somewhat cooled by certain skepticism as to whether such a valuable treasure could have remained hidden so long. Everyone concerned was sure that if the discovered manuscripts were genuine they would reveal a vast store of knowledge of ancient Rome.

The doubt cast upon the authenticity of the find by some archaeologists was based on the sudden disappearance of Dr. Martino-Fusco and on his refusal to state where he found the manuscripts or to give any other details about them. He stated his reason for refusal was that a great deal of deciphering remained to be done.

## Let Your Light Shine

Let thy light shine have its operation upon thy body, clothes and habitation. —George Herbert

## JEROME

JEROME.—On account of the short age of water on the North Side this year, there will be no county fair as had been arranged.

rs. Nielsen Christensen has as her house guests her son, Orion Christensen and wife of Portland. Mr. and Mrs. R. M. Spafford of Pleasant Plains have as their house guests Mr. Spafford's brother George of Chicago.

Miss Margaret Downey has gone to Blackfoot where she will teach this winter.

Mr. and Mrs. E. Price and sons were week-end callers in Twin Falls. Miss Louise Gerlach is spending a vacation at her parents' home in Jerome from Washington where she has been attending the university.

Miss Clara Daggett has returned to her home in Chicago after a lengthy visit with her brother J. B. Daggett and family of Canyonville.

Mr. and Mrs. John Rieberg and Mr. and Mrs. J. W. Clelland have gone to American Falls for an outing.

Mr. and Mrs. R. Riddle and family spent Sunday at Artesian City from their home at Barryman.

Mrs. E. E. Richards spent the week-end in Twin Falls.

J. B. Stocking has returned from a trip to Minnesota.

Miss Clinton Smith has gone to Oregon, where she will spend some time visiting relatives.

Miss Lola McCorkle, who has been spending the summer at the home of her uncle, C. C. McCorkle, and family at Falls City, is spending a short vacation with friends in Kimberly before leaving for her home in Ocala where she will resume her duties at teaching this year.

E. E. Beck is looking after farming interests around Jerome from his home in Los Angeles.

Mr. and Mrs. Alfred Dewhurst are expecting to leave in the near future for California where they will spend the winter.

## INDIAN NIGHT SCHOOL TRIED

Trial of Evening Study on Reservations Is Working Out, Report.

WASHINGTON, Sept. 3 (AP)—Extension of night schools for adult Indians, given a trial at the Yampai school of the Papago Indians in southern Arizona and at the Turtle Mountain reservation in North Dakota, is planned by the bureau of Indian affairs. The evening school in Papago, Arizona, was opened at the request of Matias Houdrick, a Papago chief, who attended the school himself and encouraged others to do so.

Instruction is given at the schools two evenings a week and the course consists of work in the primary grades, with the older Indians being taught the English language. Scholars range in age from 18 to 50.

for Salt Lake City where she will teach school.

Mr. and Mrs. Francis Miller have returned to their home in Rosamoke, Va., after spending the summer at the Burke house.

Mrs. Fannie Wragg is spending a few weeks in Jerome from an extended visit in Cullin, Ill., before leaving

## HAZELTON

HAZELTON—Mrs. Steve Perkins was operated on for appendicitis Saturday at the Twin Falls hospital. She is reported to be getting along nicely. Fay Wickham, seven-year-old daughter of Mr. and Mrs. W. J. Wickham, fell from a bicycle Saturday and broke her arm. She was taken to Twin Falls where Dr. Hory took an X-ray picture of the arm and set the bone. Mrs. and Mrs. Charles Price returned home last Wednesday from Boise and Nampa where they have been visiting for a few days.

H. E. Guddinger, E. A. Plakch, returned home last week from Idaho Falls where they attended the quadrennial state convention.

for her home in Portland.

Dr. W. S. Scholary spent the week-end on business in Boise.

Les Peterson is a patient in the Yonah hospital.

The North Side was blessed with a three-day run of water last night of the week.

Jerome schools will open on Sept. 4. Mr. and Mrs. Leo Johnson and their daughter are spending a few weeks in Illinois and Iowa.

James Lawrence transferred business in Twin Falls last night of the week.

Filled the Bill

Nonetheless (very important)—"I'm sorry, young man, I have paintings of artists with well-known names only. Young Painter: "Then you've hit it right; sir; my name is John Smith." —Houston Post.

## Theatres

A chorus of "ohs" and "ahs" punctured the atmosphere last night at the Idaho theater as an amazed and delighted audience witnessed the unfolding on the screen of Paramount's widely-heralded "Wonder of the World." By the time "The End" was flashed on the silver sheet, even the most blasé of those present would have been willing to testify that it was the most unusual film offering of the season. It is a pleasure to record that the picture more than fulfilled the high expectations aroused by the advance reports that had been circulated about it.

## Knew His Limitations

# Today's Sporting News

## PLASTINO WILL START ACTIVE PRACTICE SOON

Local Mentor Arrives; Rosy Outlook for Local Grid; Many Are Back From Last Year.

With the arrival Wednesday of Twin Falls' new coach, Felix Plastino, local plunkin' followers and street corner managers are beginning to compare notes on the prospects for the season at the high school.

Plastino has little to say regarding the season at hand but assures the fans that his best efforts will be extended to give the school a team that will measure up to the high standard set in the past, and Plastino's "best" on the gridiron has been for him the captaincy of the University of Idaho's team of 1920. In addition to the plaudits of the entire northwest for his playing ability. He has helped materially during the past year in moulding Coach Hutchinson's tech grid team, a year spent in gaining valuable coaching knowledge to add to his already large store of football lore.

**Garrity to Aid.**

Clarence "Moose" Garrity, captain of this year's squad, has not yet arrived to resume his studies at the local school but it is very probable that he will return to play with the 1924 squad as he will not be eligible under the new ruling to play with any other high school team in the state. Jason Timm is the strongest prospect in sight for the fullback berth. Timm's speed and powerful build, together with last year's experience, will go far toward building the backfield, along with Garrity's punting, passing and plunging ability. "D" Alvord is another stellar backfield man who will make a strong bid for the quarterback positions on Plastino's 1924 squad. A fourth back is yet to be chosen and Philip Day is mentioned by many as being the man for the place. Opposite Garrity Day played for most of last year, but only because of the large number of stars found in the backfield. With this part of the team well taken care of before the season starts, Plastino will probably devote the most of his attention to the development of the line which is the strong point of "Plasty's" coaching.

On the line positions the 1924 squad will suffer much by graduation, and but three letter men will return to fill the positions. These are Vance, Anderson and Dunn, who even last year were able to hold their own against the high school griders.

Kelly, Owens and Berg are three more stars of the junior high team of a year ago who will bear watching in their attempts to rate a place on the high school squad this year.

## BROWNS DIVIDE WITH INDIANS

Yanks Come Out of Slump and Win Game; Tigers Also Go Ahead With Double Win.

ST. LOUIS, Sept. 3 (AP)—The Browns and Cleveland divided a double header today, the locals taking the first game, 7 to 6, while the visitors captured the second, 9 to 5. Both games were featured by heavy hitting, Wingard and Stephenson pounding out home runs in the first game and Speaker and Robertson duplicating the feat in the second. The Browns departed for Chicago tonight, where they remain for a four game series with the White Sox.

First game—R. H. E.  
Cleveland 6 13 0  
St. Louis 7 12 0  
Batteries—Cleveland, Metzger and L. Sewell; Wingard and Severich.  
Second game—R. H. E.  
Cleveland 9 16 1  
St. Louis 5 9 0  
Batteries—Cleveland, Metzger and Myatt; Van Gilder, Lyons and Negro, Collins.

### LYONS WIN TWICE

CHICAGO, Sept. 3 (AP)—By winning both games of a double header today Detroit got an even break on the six game series against the White Sox. Colby men won the first 6 to 2, and the second 6 to 4.

First game—R. H. E.  
Detroit 6 11 2  
Chicago 2 5 1  
Batteries—R. Johnson and Basler; Robertson and Schalk.  
Second game—R. H. E.  
Detroit 6 8 1  
Chicago 4 8 1  
Batteries—Whitehall, Dausse and Basler; Blankenship and Grabowski.

### YANKS WIN FINAL GAME

NEW YORK, Sept. 3 (AP)—The New York Yankees made it four out of five from Boston today, winning the last game of the series, 11 to 6. Walter Peadar, a pitching recruit from Rochester made a good start for New York but became wild in the eighth. Pennock was sent to his relief with the bases full and none out. Two hits off Pennock sent in three runs, but Jones got the next three men. Ward hit a homer and triple.

The score: R. H. E.  
New York 11 15 0  
Boston 6 11 1  
Batteries—Quinn, Rose, Murray and Pichlich; Reall, Pennock, Jones and Schang.

### GRAHAM TO FINALS

BOISE, Sept. 3 (AP)—Graham of Twin Falls and Miller of Buhl won their way into the finals of the Idaho state tennis tournament Wednesday on two exciting matches, Graham conquering Paris Martin, Boise, 6-2, 6-3, and Miller defeating Scott, Nampa, 6-1, 6-2. Both winners were fast and exciting and all four displayed real tournament form.

The News is read by the permanent earning class.

## BROOKLYN GETS DOUBLE HEADER

Eleventh Straight Game Goes to Dodgers; Pirates Swamp Cards as Cubs Win.

PHILADELPHIA, Sept. 3 (AP)—Brooklyn ran its winning streak to 11 straight games by taking both ends of today's double header. Dock held the home team to 7 to 6 and 7 to 0. Grimes was batted hard in the opening game when the Phillies got away to a four run lead by scoring five runs in the second and third innings but Grimes tightened up with the Robins fought a hard uphill battle. Dock held the home to two singles in the second contest. Wheat hit two homers in this game which accounted for five of the visitors' runs and which gave him a record of four circuit blows for the six game series.

First game—R. H. E.  
Brooklyn 7 11 0  
Philadelphia 6 10 2  
Batteries—Grimes and Taylor; Ring and Wilson.  
Second game—R. H. E.  
Brooklyn 7 9 1  
Philadelphia 0 2 0  
Batteries—Duck and Taylor; Hubbell, Couch, Lewis and Henline.

### PIRATES SWAMP CARDS

PITTSBURGH, Sept. 3 (AP)—Pittsburgh swamped the St. Louis Cardinals beneath an avalanche of hits today and won the opening game of the series, 14 to 1. Cuyler hit a home run, scoring Cahen ahead of him. Cooper was effective throughout, but three St. Louis pitchers were used in an attempt to stop the Pirate onslaught.

The score: R. H. E.  
St. Louis 1 7 1  
Pittsburgh 14 10 1  
Batteries—Bell, Vines, Fowler and Gonzales; Niebergall, Cooper and Goeck.

### CUBS WIN SHUTOUT

CINCINNATI, Sept. 3 (AP)—Kaufmann held Cincinnati to six scattered hits today and Chicago won easily, 6 to 0. Sheehan and May were both batted out of the box, but Dibut, the Cuban recruit, stopped the hitting in the last three innings. Pinelli was spiked in the knee by Heathcote in the sixth and had to retire from the game.

The score: R. H. E.  
Chicago 6 14 0  
Cincinnati 0 0 1  
Batteries—Kaufmann and O'Parrell; Sheehan, May, Dibut and Hargrave, Blott.

### GIANTS 4, BOSTON 1

BOSTON, Sept. 3 (AP)—Nehf held Boston to two hits both in the first inning of today's game with the Giants and the New York club won, 4 to 1. The work of Pitcher Graham of the Braves recalled from Worcester, was good but scratch hits figured largely in three of New York's runs.

The score: R. H. E.  
New York 4 9 2  
Boston 1 2 0  
Batteries—Nehf and Gowdy; Graham and Gibson.

### CAPTAIN WINANT WINS

MANCHESTER, N. H., Sept. 3 (AP)—Captain J. G. Winant, Concord financier, was conceded the republican nomination for governor at an early hour today by his chief opponent, Major Frank Knox, publisher of the Manchester Union and Leader.

## Hansen Turns Out En Masse for Vote

W. F. Brewer and E. N. Pettygrove Elected School District Electors in Spirited Election.

HANSEN, Sept. 3.—(Special to The News)—Out of 250 eligible voters in the district, 230 cast their ballots in an election here Tuesday to choose two members of the Hansen independent school district board of trustees. The successful candidates were W. F. Brewer and E. N. Pettygrove, who received respectively 101 and 154 votes as against Willis Sampson, who received 83 votes.

The election brought to a close one of the most spirited campaigns in the history of the district.

## STARS OF RODEO WILL RIDE HERE

Two Newly Crowned World's Champions Among Galaxy of Performers Here.

Paddy Ryan of Miles City, Montana, world's champion bronch buster, and Mario Gibson of Havre, Montana, world's champion cowgirl bronze rider, are stellar performers among a galaxy of slick and rodeo performers here to take part in Twin Falls roundup opening day of continue for three days at Twin Falls Athletic park, it was announced Wednesday evening by the roundup management.

Both Ryan and Mario Gibson won their championship crowns at the final days of Frontier days at Cheyenne last July. Ryan was winner of premier honors at the Salt Lake roundup just concluded, and Bob Atkins, who also will take part in the Twin Falls roundup, finished second at Salt Lake and third at Cheyenne this year.

Niss Gibson, who will perform feats of riding, roping and trick riding daily at the Twin Falls roundup, has appeared in rodeos staged at Yankee stadium, New York, and at Wembley, London, England.

# OUTLINES PLAN FOR BEGINNING OF SCHOOL YEAR

**Superintendent E. D. Bloom Issues Statement Setting Forth Information for Patrons and Pupils.**

With view to opening the school year in Twin Falls schools next Monday as smoothly and efficiently as possible, Superintendent Ernest D. Bloom gave out Wednesday the following announcement, with an expression of hope that all patrons of the school will note carefully information contained in it relative to time and place of enrollment, type of organization, tuition, purchase of textbooks and supplies and transportation:

School opens Monday, September 8. It is planned that all the buildings and equipment for operating the schools will be in readiness and that all employees of the school district will have arrived a few days previously in ample time to receive all necessary instructions for accomplishing the work of current year.

Enrollment of pupils. It is very important that all pupils come on the opening day of school, with the exceptions which are hereinafter stated. The schools can thus start off with the desired degree of efficiency from the first. Otherwise, time is lost by having to work with late entries, giving them the necessary instructions for the starting of their work, thus robbing those who are here on the opening day of that time which rightfully belongs to them.

In the senior high school and junior high school, the roll will be taken each morning at 8:30 o'clock, and the grade buildings at 9 o'clock. In all buildings school will resume for the afternoon session at 1 o'clock. This will correspond to the time schedule of last year.

**Time for Enrolling.**  
A. Grades first A to sixth A: Children in grades first A to sixth A, inclusive, will enroll in the various buildings Monday morning, September 8.

B. Students of the senior high school will assemble in the auditorium of the senior high school for a brief assembly Monday morning at 9 o'clock. All students of the senior high school are earnestly requested to be present.

C. Students of the junior high school need not come Monday but will assemble for a brief assembly on Tuesday morning, September 9, at 9 o'clock in the auditorium.

D. "Beginners" start Tuesday, September 9. The children entering school for the first time and who will be classified in the first B grade should not come until Tuesday morning, September 9. This will enable the principals and teachers to give a larger degree of attention to the older pupils in the grade buildings on Monday, and similarly, a greater amount of attention to the smaller children when they start on Tuesday.

The arrangement in the junior high school is made necessary to enable Miss Fisher sufficient time to reach organization which will still retain their separate and distinct organizations as that of a year ago.

**Pupils Who Attend Grade Buildings.**  
All pupils enrolled in grades one to six, inclusive, will report to and attend at the respective school buildings. Pupils in grades seven, eight and nine will report to the junior high school. Pupils in grades ten, eleven and twelve will report to the senior high school.

All pupils in grades one to six, inclusive, except "beginners" in first B, who were not in the Twin Falls public schools last year, will come to room 12 of the junior high school building for assignment to the grades of work most suitable for them. These assignments will be made from 9 to 10 o'clock a. m. of each day next week. After the first week of school, all pupils entering the grades of the Twin Falls city schools can secure assignments by coming to room 112 in the junior high school building on Monday and Wednesday morning of each week between the hours of 9 and 10 o'clock.

**Type of Organization.**  
The organization of the public schools of this city will be of the same type and on the same plan as that of last year. The first six grades making up our elementary schools, grades seven, eight and nine operating as the junior-high school, while the remaining grades, ten, eleven and twelve, will constitute the senior-high school.

The junior high school and senior

high school will operate under the supervision and administration of one principal, Miss Mary Ruth Fisher. However, the two organizations will be kept separate and distinct. The office of elementary grade supervisor having been dispensed with for the present year, this work will devolve upon the superintendent of city schools, who will thus divide his time between the administration of the affairs of the entire school system and that of grade supervision.

**Age of Beginning Pupils.**  
Beginning pupils in order to be regularly entitled to enter school must be at least six years of age on or before November 30, 1924. Also, it will be deemed inadvisable to enter pupils in the first B grade after the first third week of school have elapsed inasmuch as the child entering later will not only be seriously handicapped in starting his first school year, but will also work a hardship on the child who enters on time by requiring time that rightfully belongs to the children who start early.

**Tuition Rate.**  
The board of education has fixed the rate of tuition for the coming year, having received the certificate from the state board of education which certifies grants permission to the district to charge an amount equal to the exact cost of schooling pupils in high school during the preceding year, at \$10 per month in the four upper grades and \$6 per month in the three lower grades. Tuition charges are required in the case of non-resident pupils only.

**Economy in Purchase of Supplies.**

Every reasonable effort will be made at the opening of school to assist pupils and parents in securing textbooks and materials at the smallest financial outlay. To assist in effecting this saving, all pupils in the elementary grade schools will receive lists of textbooks and materials which they actually need in their respective grades. These lists will be handed to the pupils on the opening day of school by the teachers. We urge that parents get no other books or materials until notified by the school of the additional books or materials which are needed. This will save the cost of additional books and materials which are not needed. In addition to issuing these lists to each pupil, every effort will be made to assist pupils in exchanging books which they no longer need for second-hand books turned in by pupils. The work of exchanging books will be conducted the first two or three days of school in each building. In the case of the changes in textbooks recommended by the superintendent and adopted by the board, the cost of such change has been closely guarded and arrangements made with the local book dealers so that pupils may trade in their old books on the new books which displace them.

**Divisions of the District.**

The division of independent school district No. 1, into the three sub-districts for the purpose of assigning to what grade building pupils shall go is as follows:

Those pupils shall attend the Washington school whose residence is north and east of Sixth avenue, east of the road extending north from the north end of Sixth avenue, which extension is commonly known as Harrison avenue, and north of the road extending east from the east end of Sixth avenue, which extension is commonly known as Elizabeth boulevard.

Those pupils shall attend the Bickel school whose residence is south of Sixth avenue east and of the road from the east end of Sixth avenue and east of Shoshone street and the highway extending south from the south end of Shoshone street.

Those pupils shall attend the Lincoln school whose residence is west of Shoshone street, south of Sixth avenue north, west of the road extending north from the south end of Sixth avenue and west of the highway southward from the south end of Shoshone street.

This division may be modified by the superintendent in arranging the

## SOCIETY

Edited by Mrs. E. B. Williams  
Telephone 364

The following account of the marriage of Miss Adelle Robinson, daughter of Mr. and Mrs. C. A. Robinson of Twin Falls, to William Allen Hargreave, son of Mr. and Mrs. C. A. Hargreave of San Francisco, on Saturday evening of last week, is clipped from a San Francisco newspaper:

The formality of a marriage license deprived guests at a dinner given by Mrs. J. D. McCandless in the tapestry room of the Palace hotel last night of the thrills of an impromptu marriage. The bride and bridegroom were Miss Adelle Robinson, daughter of Mr. and Mrs. Clarence Asher Robinson of Twin Falls, Idaho, and William Allen Hargreave, Jr., son of Mr. and Mrs. William Allen Hargreave of 2028 Derby street, Claremont.

After the young couple had gone through all the acting of suddenly deciding to get married in the festivities and the ceremony was duly performed, a male guest inquired:

"What about a license?"

Hargreave had to admit that he had secured the paper early in the day and that the whole affair was planned as a surprise in collaboration with Mrs. McCandless.

William Hayes, who was a guest, read the ceremony, while Miss Carolyn Rodolph, daughter of Mr. and Mrs. Charles T. Rodolph of 276 Adams street, Oakland, attended the bride and groom.

F. F. Hargreave, the bridegroom's brother, acted as best man.

The engagement of the young couple

wagon routes and also to relieve some crowded conditions in various grades and buildings should such a condition be found to exist.

**Transportation of Pupils.**

Our transportation system has undergone a complete reorganization by the introduction of motor trucks as a part of the routes. Five motor trucks will be used, each truck making two trips morning and evening. This will necessitate some of the pupils starting earlier than those on other routes but patrons are asked to bear with us and assist us in working out this reorganization.

These trucks which came into the Washington school will not convey pupils living within three-fourths mile from the old townsite and those trucks coming to the Bickel and Lincoln schools will not convey pupils living within one-half mile of the old townsite, except that the trucks and "walkers" coming across Rock creek bridge near the railroad station will convey all pupils who live outside the new townsite. The transfer truck which brings pupils from South Park to the Bickel and Lincoln schools will start about November 15 and continue until near March 15.

High school pupils who come in on the first trip of the motor trucks will walk from the respective grade schools to the high school.

## To a Lady

Who refuses to use clay

By Edna Wallace Hopper

A lady writes me that my beauty helps have brought her wonderful results, but she adds, "It is too much trouble to use clay."

Too much trouble! In my stage work and in these efforts to help women I work 15 hours a day. Yet I miss three meals a day. Too much trouble! Yet I see what clay has done for me. Mine is a 20 years old grandmother's age, yet I enjoy a debutante's complexion.

Let me send you a test of my White Youth Clay. It is not like the crude and muddy clays so many have employed. It is white, refined and dainty—the last word in facial clays. And it combines in one product many superlative helps.

My Youth Clay purges the skin of all that clogs and mars it. It removes the causes of blackheads and blemishes. It brings the blood to the skin to nourish and revive it. The result: A ray afterglow which amazes and delights the skin, combats lines and wrinkles, reduces enlarged pores, eliminates surplus oil.

Many women seem to drop their heads in despair at the sight of this clay. The countless women it is bringing priceless benefits—new beauty and new youth. Are such results not worth to you the trouble of using this clay?

Clay is a beauty essential. Famous beauties have for ages used it. No woman can hope to look her best without it, or to keep her youth as it were, without it. Recognize clay users in every circle by their beautiful complexions.

Mine is a super-clay—a new type—discovered in 20 years of scientific study. I have placed it with all drug stores, all toilet counters, so you can get it. The cost is 50 cents and \$1. You will thank me for it—always when you learn what it means to you. I will gladly mail sample if you mail this coupon.

**Trial Tube Free**

Edna Wallace Hopper, 520 539 Lake Street Drive, Chicago. I want to try White Youth Clay.

was announced August 23. Mrs. Hargreave has just completed a college course at Berkeley, while Hargreave, also a graduate of the university, is in the insurance business.

The dinner last night was announced in honor of the bride and her mother, Mrs. Clarence Asher Robinson of Twin Falls.

The Wayside club met Tuesday at the home of Mrs. Elaine Vohsurg with Mrs. Maxwell assistant hostess. Roll call was answered with current events. After the business meeting Mrs. Burns gave a most interesting review of Booth Tarkington's novel, "After All," and Mrs. George Jones sang a jollaby which was acted out by several of the small children of the club. During the social hour dainty refreshments were served to 17 members and one guest.

Mrs. J. C. Beauchamp entertained the Wineland club with a 1:30 luncheon on Wednesday at her home on Tenth avenue north. Beautiful asters in shades of pink, lavender and white decorated the rooms and the same color scheme was carried out in the delicious luncheon which Mrs. Beauchamp was assisted in serving by her daughter, Miss Ruth Beauchamp, and her niece, Miss Annabel McMaster. The usual social time was enjoyed after luncheon. Guests for the afternoon were Mrs. Addison T. Smith, Mrs. I. B. Perrine, Mrs. James Rothwell, Mrs. Isabel Lawrence and Mrs. A. G. Pearson.

Mrs. George Rettig was hostess to the Mentor club on Wednesday afternoon.

Seventeen members responded to roll call and nine guests were in attendance. During the business session the club decided to send a post-card shower to Mrs. C. J. Schroeder, who is a patient at Mayo brothers' hospital in Rochester, Minn. Miss Dorothy Kenworthy gave two readings which were thoroughly enjoyed. Late in the afternoon the hostess, assisted by Mrs. Winans, served delicious refreshments. The next meeting will be with Mrs. C. L. Smith and will be a juvenile party.

The Ninth Avenue club met Wednesday afternoon at Mrs. William Rough. A very interesting book review was given by Mrs. C. D. Wouwer. During the social hour dainty refreshments were served. The rooms were attractively decorated with fall flowers.

The Unity club met Wednesday afternoon with Mrs. H. E. Bailey with Mrs. Frank Holstad as a visitor. The usual order of business was transacted, followed by an interesting program in charge of Mrs. Satterlee, who gave an account of the life and character of Eugene Field, and three of his poems were read; also an article describing his country home. The hostesses served ice cream and cake during the social hour and the rooms were gay with a variety of garden flowers.

Mrs. L. C. Schneider entertained the Morningstar club at her home on Fifth street last Wednesday afternoon.

Fifteen members answered to roll call

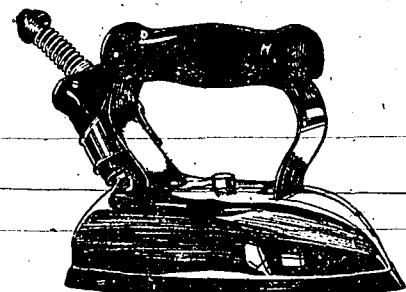

and there were three visitors present. Mrs. Albert Putzier was in charge of the program. A basket of "white cloths" was auctioned off, each one being obliged to wear what she drew. At the close of the program a guessing contest was enjoyed and dainty prizes were given. Delicious refreshments were served late in the afternoon.

Complimenting her sister-in-law Mrs. James H. Harvey and Miss Ruth E. Harvey of Newburg, Oregon, Mrs. John O. Harvey entertained Wednesday afternoon at her home for a few friends at cards.

Highland View club members and two guests at a meeting Wednesday afternoon at the home of Mrs. Rudolph Junker, enjoyed a program given by Miss Irene Junker and a number of girl friends, including a dramatic sketch by Elsie Osterloh, Cleona Rouch and Irene Junker; solo by Sylvia Morgan; piano duet by Margaret and Beth Schmidt; readings by Miss Junker and piano solos by Miss Osterloh. A series of stunts presented by the young people following the program and a doughnut race also contributed to the enjoyment of the occasion. The hostess served delicious refreshments. The club adjourned to meet September 17, at the home of Mrs. Kingsbury.
