IDAHO FOREST FIRES GAINING IN PROPORTION

Blazes on Payette in Southern Part of State Held Alarming; Crews Are at Work to Check Them.

BOISE, Sept. 4 (AP)—Two new forest fires were reported to state authorities today as giving every indication of assuming large proportions before they are extinguished, according to L. H. Nash, state land commissioner.

One of these is on the south fork of the Payette river, above Garden Valley. When reported in the morning it was three-quarters of a mile long and half a mile wide. It is on the Payette national forest. A report of this fire was received at the Boise forestry office from Guy B. Mains, supervisor of the Payette forest. He says 48 men have been employed to fight it.

Second Fire.

The second fire is reported to be on the east side of Round Valley, near Carleton. Twenty-five men have been rushed to fight it, according to Harry Shullworth, secretary of the Southern Idaho Timber Protective association, who reported the fire to Mr. Nash today. He said the fire was practically uncontrolled as yet, and is threatening the Payette national forest.

The Harb's creek fire, which has been burning for about a week, 26 miles north of Boise and eight miles south of Ellettsville, will be under control by daylight Friday evening, Mr. Shullworth said, unless adverse winds spring up and sweep it further back into the hills. This morning he said it had been banked on the east and south but under pressure of a light wind from the south, was still burning uncontrolled toward the north.

BOISE MAN CHARGED WITH MURDER WILL ENTER PLEA TODAY

BOISE, Sept. 4 (AP)—Counsel for Nick Watkins, charged with the murder of David F. Jennings in Boise Tuesday, August 29, today gained a continuance until tomorrow morning for the defendant to enter his plea. The court granted defense attorneys time to prepare, file and serve affidavits in support of their motion to set aside information charging the defendant with the crime of murder in first degree.

It is the contention of counsel of the defendant that errors exist in the transcript of testimony of the preliminary hearing held before Justice of the Peace Carl Norris. A George Niklaus, former court reporter, took the testimony for the defense and the prosecuting attorney had his stenographer report the hearing for the state. It is the question of accuracy of the two reports that has brought about the motion to set aside the information.

Judge Dana E. Blinck is expected to make a ruling tomorrow morning.

ASK DISMISSAL OF POWER SUIT

State Attorney General Wants Case in Court Against Utilities Thrown Out.

BOISE, Sept. 4 (AP)—Motion for dismissal of the bill of complaint filed by the Idaho Power company against the Idaho public utilities commission and A. H. Conner, attorney general, in which the United States district court is asked to review valuations, rates and orders of the commission affecting the company, was filed in federal court today by the defendant commission and Mr. Conner. The motion states, among other grounds for dismissal, that all relief is prematurely requested.

The dismissal motion states that the Idaho Power company has not resorted to any extrajudicial administrative or legislative remedy to secure a change in the valuation of the company as fixed by the orders of the commission, nor the commissioners allege, has the company sought to secure a change in rates or schedules of rates complained of in the bill filed with the court. Further, the motion avers, the company has not sought to secure a change or relief from the orders or any of them, or from the matter complained of, nor to avoid the alleged confiscatory valuation, rates and schedules of rates as established by the orders of the commission as a petition for rehearing, written or oral, as provided for in section 2503 of the compiled statutes of Idaho, has been filed or presented.

IDAHO WEATHER

Friday, showers.

Letter Threatens Life of Prince of Wales; Police Busy

Receives Message Declaring Englishman Will Be Killed if He Doesn't Leave.

NEW YORK, Sept. 4 (AP)—A letter to the Prince of Wales, saying in part: "If you don't get out of the United States soon, you will meet a violent death," was received by the French consul general's office today, it was reported to the police.

The letter, which was said to be three pages long, and in most portions incoherent, was postmarked Sisseton in an effort to locate the letter was given, sent a man to Sisseton in an effort to locate the sender.

HOT WEATHER IN BOISE

BOISE, Sept. 4 (AP)—Temperature in Boise today reached 100 degrees, the highest for any other corresponding date in September since 1889, according to records of the United States weather bureau. Relative humidity rose from 14 per cent at 2 o'clock this afternoon to 28 per cent at 8 o'clock. This high humidity added to the uncomfortableness of the day.

Clouds gathered in the late afternoon, and while rain was reported along the foothills, but a trace fell in Boise.

BORAH INQUIRY TO START SOON

Headquarters of Senatorial Campaign Fund Investigating Committee Planned.

CHICAGO, Sept. 4 (AP)—Senator William E. Borah of Idaho, chairman of the special senatorial campaign contributions committee, announced here today that headquarters would be opened shortly and that he expected the committee members here today and tomorrow.

The first reports from campaign managers is expected by Senator Borah to be received about September 10.

The committee's policy will be decided.

(Continued on Page 4, Col. 5)

COURT READY TO PUNISH YOUTHS; OPINION SHORT

Judge Caverly Completes Digest of Evidence; Will Leave City for Few Days to Prepare Sentence.

CHICAGO, Sept. 4 (AP)—Judge John R. Caverly, who will decide whether Nathan Leopold, Jr., and Richard Loeb will go to the gallows or the penitentiary for the murder of young Robert Frank, has finished a digest of the evidence and has only to write his opinion as to the punishment, he indicated today.

Judge Caverly, who visited the criminal court building to confer with Judge Jacob Hopkins, his successor as chief justice, said he would leave the city in a few days for an unnamed destination to write his opinion, which will cover only two or three typewritten pages. He said that sentence will be pronounced without fail on September 10 and he will probably return to the city a day before that time.

It was reported that the defense during the past few days had been considering two surprise moves in the case if the judge inflicted the supreme penalty. A plea that the boys have become insane since their plea of guilty and a plea before or after sentence to withdraw the plea of guilty and change to not guilty were reported to have been considered. Defense attorneys refused to confirm or deny the reports.

PIGGY WIGGLY SUIT UP

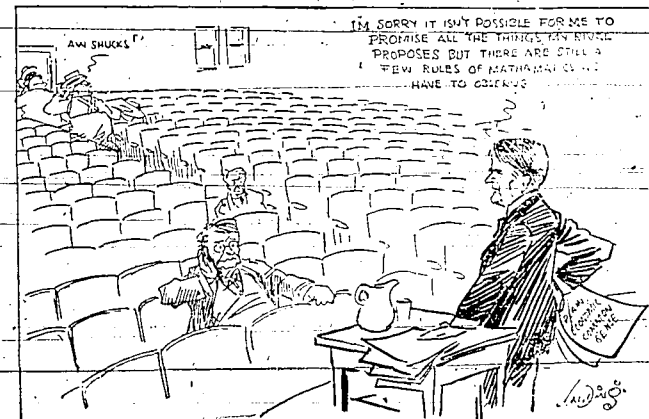

MEMPHIS, Tenn., Sept. 4 (AP)—An affidavit of personal bias and prejudice and petition for the removal of Judge J. W. Ross before whom his receivership against the Piggy Wiggle corporation is pending in the United States district court, was filed today by Clarence Saunders, former president of the corporation, through his attorney.

The petition alleged that Judge Ross had gratuitously and without warrant expressed himself in condemnatory terms of the affairs (Saunders) and had attributed to Saunders "unlawful and base motives."

BATTLE CONTINUES TO RAGE NEAR SHANGHAI; CONSCRIPTING WOMEN

Armies of General Lu Yung Hsiang Reported Holding Line Against Onslaughts of Kiangsu Forces; Seventh Day Baptist Mission Hospital Shelled; Both Sides Get Reinforcements.

Bandit-Proof Cars Planned by Postal Service for Cities

Machines to Thwart Holdups in Each Federal Reserve Bank Center, Department Aim.

WASHINGTON, Sept. 4 (AP)—What are considered virtually bandit-proof mail trucks, armored and otherwise designed to thwart the holdup man, probably will be put in service by the postoffice department in each city where a federal reserve bank is located. Seven of these trucks, with bullet-proof cars and steel protected windshields already are in operation in two or three of the larger cities, Postmaster General New said in his announcement of the plan today.

SIX BUILDINGS AT SWEET BURN

Flames Starting From Gasoline Explosion Wreck Idaho Town.

SWEET, Idaho, Sept. 4 (AP)—Flames which started when a gasoline stove exploded in the home of E. Bennett today destroyed six buildings, including the postoffice, comprising more than half of the town of Sweet. Fanned by strong winds, the wooden structures were demolished quickly, despite the efforts of a hastily formed bucket brigade of citizens and employees of the Mountain States Telephone and Telegraph company who appealed for help.

(Continued on Page 4, Col. 4)

SHANGHAI, Sept. 4 (AP)—Although only one of the three armies of General Lu Yung-Hsiang, tchun of Chekiang, who is fighting to retain control of Shanghai against the assaults of General Chi Shieh-Yun of Kiangsu, was engaged in the battle, which continued throughout today, the Chekiang headquarters asserts it was able to more than hold its own.

Despite the fact that its line from the Shanghai-Nanking railway to the Yangtze river was lightly held the Chekiang army, however, held its position in the center and made some progress in the Wungting sector on the railway and in the vicinity of Lihou on the river. The Kiangsu forces used artillery in its attacks on the Chekiang wing near Lihou, some of the shells falling in that town and damaging the Seventh Day Baptist mission hospital, in which two American women, Miss Grace L. Crandall and Miss Susan M. Burdick, remained with their patients. Both sides are said to be sending up reinforcements. Dozens of men and women in the affected area are being conscripted, causing a further influx of refugees into Shanghai, the Chinese quarter of which is already crowded with people fleeing to escape the fighting.

Lines of Defense. General Lu has two further lines of defense. The second, held by 2000 men, the same number as engaged in today's battle, extends from near the boundary of northern Chekiang to a point west of Wusung, the outer part of Shanghai.

The third army, some 8000 strong, is stationed in Hangchow and Ninkpo, in northern Chekiang.

Much of today's fighting occurred in the vicinity of the city wall, standing so that the effect of the firing was difficult to discern.

Peking Cabinet Speaks

PEKING, Sept. 4 (AP)—The Peking cabinet can neither stop nor encourage the conflict raging near Shanghai between the forces of the Luchans of Chekiang and Kiangsu, and will devote itself to the maintenance of peace and order within the metropolitan area, according to the Asiatic News, pretending.

HOLLYWOOD BIRTHDAY PARTY IS RAIDED BY POLICE; ARREST TWO

LOS ANGELES, Sept. 4 (AP)—Two perfect acoustics in the natural amphitheaters in the hills back of Hollywood were responsible for the arrest of 23 members of the motion picture colony at a birthday party in Laurel canyon early today, according to police officers who participated in the raid.

The 23 celebrants, including Jack Sherrill, former motion picture director, and A. L. Sherrill, Jr., in whose home the party was progressing, were arrested on the complaint of several Laurel Canyon residents.

When, however, it developed that no odor of intoxicants could be detected on the breath of any one of those arrested, the city prosecutor refused to issue complaints against them, except the two Sherrills, who are alleged to have been on the point of bringing five bottles of liquor into the house when interrupted by the raiding officers.

PRINCE BOTHERED BY TOO MUCH ATTENTION TAKES TO MOTORBOAT

SYOSSETT, N. Y., Sept. 4 (AP)—The Prince of Wales tonight took a motorboat and found on the choppy waters of Long Island sound the isolation that five days of vain struggle had shown him was not one of the privileges of royalty on vacation in democratic America.

The air was chilly and the sea was rough. But there were no pursuing crowds and no photographers loomed up from ambush.

The prince, after playing polo at the J. P. Phillips estate and taking luncheon there with Will Rogers, the comedian, and his immediate staff, loaded his golf clubs into his car and set off for the J. S. Cadden home at Sand Point to go in his first game of golf since his arrival. Major E. D. McLean, his equerry, accompanied him.

DISCUSSES CAMPAIGN PLANS

WASHINGTON, Sept. 4 (AP)—Senator Laddie, independent presidential candidate, discussed campaign plans today with some of his advisers before meeting of the committee which is directing his campaign was deferred until next week. It had been planned to hold a committee conference today but several of the out of town members found it impossible to be present for the meeting.

CAR SHORTAGE FACES ROADS OF NORTHWEST

Heaviest Crops in History of Railroads Presents Serious Problem, Says Member of Advisory Board.

PARGO, N. D., Sept. 4 (AP)—Northwest railroads are facing the possibility of one of the most serious car shortage situations in their history, R. P. Gunkelman, vice president representing North Dakota on the Northwest Regional advisory board of the American Railway association, declared today.

The movement of grain, potatoes and livestock this fall is the heaviest northwest railroads have ever had to meet, he said. He declared this situation was the cause of a meeting of the advisory board which has been called at Minneapolis Saturday.

"Although the situation promises to be acute," he said, "timely action may prevent such a serious shortage. However, we must get immediate action."

DAWES PLAN ONLY A SCHEME TO EXPLOIT WORKERS, SAYS RED

HULL, England, Sept. 4 (AP)—The Dawes reparation plan is only a new scheme for the exploitation of the German workers, M. Tomski, one of the soviet members of the Anglo-Russian conference which recently met in London, charged in a long address before the British trade union congress.

Today was fraternal day and the foreign delegates were invited to address the congress. One of the speakers was Peter J. Brady, president of the Federation Bank of New York, who said that American labor was against "kaiserism, bolshevism or any form of despotism which seeks to overthrow democratic institutions."

RADIO BROADCASTING OF MOVIES PREDICTED

NEW YORK, Sept. 4 (AP)—Wireless broadcasting of motion pictures will be possible within a year, according to a statement issued tonight by W. H. Marshall, secretary to Colonel E. H. H. Green of South Dartmouth, Mass., who is said to have perfected a device which functions at short distances. Mr. Marshall's statement was issued after a demonstration of the machine there.

The basis of the device, he said, is similar to the apparatus used for transmitting still pictures through the air. Colonel Green, who is the son of Hottel Green, will not commercialize his invention, Marshall said, but will establish a movie broadcasting station when he has finished his experiments.

BOSTON IS NEXT GOAL OF FLIERS

May Get Away Today, Belief; Reception Is Planned for Aviators.

BOSTON, Sept. 4 (AP)—When the army fliers who are circling the world fly down the New England coast from Pictou, N. S., to land here they will be under escort by a score of planes. While air service officers awaited word today of the probable time of arrival of the world winners, they arranged under the direction of Major General Mason M. Patrick, chief of the air forces, to send the escorting planes up the coast as far as Old Orchard, Maine, to meet the home-coming aviators.

General Patrick and Assistant Secretary of War Dwight F. Davis will fly with the aerial reception party and will return to join the official party on the ground which will escort the fliers to the East Boston air port for their first landing on home soil since they left Seattle on April 6. With them will be officials of state and city. Lieutenant Lowell H. Smith and his fellow fliers will bring their postponed planes down in the main ship channel off the air port, taxi them to buoys already established in the stream and then will be taken by boat to the reception barge and to shore. There they will sign the visitors' book of the air port as the official entry of their virtual conquest.

(Continued on Page 4, Column 6)

CHINESE MOVIES WILL BE SHOWN GREATER NUMBER

Estimates Made That 90 Per Cent of China's Vast Population Never Saw Motion Picture Show.

SHANGHAI, Sept. 4 (AP)—Out of an estimated population of somewhere between 400,000,000 and 500,000,000, it is believed that 90 per cent of the people of China have never seen a motion picture. For this reason an effort now under way to provide movies acted and produced by Chinese is interesting. In China's largest centers and in the twenty parts, the picture screen long has been commonplace, and mixed audiences of Chinese and foreigners are thrilled over the film favorites, just as are audiences in the United States. But hitherto the sporadic efforts of providing the movies in the interior of China have failed.

Several Attempts

Within the last year several companies in Shanghai have undertaken to produce Chinese pictures, and perhaps a half dozen of these have been exhibited with varying degrees of success. As they necessarily were made by unskilled actors and more or less inexperienced directors, they have appeared crude in the eyes of the Chinese used to the finished foreign productions. These films are being sent tentatively into the centers of the interior, where it is necessary to throw up temporary mat sheds in which to show them.

Education Problem

A Shanghai picture man explained: "It is altogether a problem of educating the Chinese people to the movies." He then went on to tell the experience of a showman who invaded the interior with a number of films. The people would not go to see the pictures, and the showman adopted the expedient of paying his audiences to come, doling out handfuls of cash to each person who entered the makeshift theater. The showman's money gave out before his films, which were of foreign production, had gained popularity, and thus his efforts came to naught.

ARMS PLAN GETS LITTLE SUPPORT

Suggestion Made at Geneva to Broaden Control Not Liked at Washington.

WASHINGTON, Sept. 4 (AP)—The suggestion reported to have been advanced at Geneva, that the proposed international conference on control of arms traffic might be broadened readily to include disarmament, received little support today in high administration circles.

The two subjects are so dissimilar in their meaning and in their execution, it was asserted, that it would be hard to conceive a common relationship other than their admitted connection in any general program affording world peace.

A wide difference also was seen by government officials here in the problem presented by limitation of land armaments from that discussed at the Washington conference, since only a few nations possess navies which could be considered as holding potential threats and on which had to be brought into agreement.

World's Smallest Fish

The smallest fish in the world are said to be found in Lake Buhl, on the island of Luzon, Philippines. This fish, which the natives call the anagapao, is the most minute vertebrate animal known to science. It weighs only half a grain, and half an inch is its maximum length. This was verified by the director of the American Museum of Natural History. He not only said the item was correct, but gave some additional information and compared the minute fish with a whale. He writes as follows: "Microichthys lupanensis; one weighs 1.0000 grains, 14,000,000 weigh one ton and 840,000,000 weigh a slat—tons—blue whale's weight."

Believed Birds Talked

Legend and folklore are responsible for the saying, "A little bird told me." The Biloxi-Indians used to believe the humming bird could impart messages intelligible to the humans and the Iroquois peasants undoubtedly believed birds were endowed with a power to use human language.

Fish Invade City From Ocean and Break Down Wires

Flying Squadron From Off Atlantic Coast Do Damage in New Jersey.

OCEAN CITY, N. J., Sept. 4 (AP)—Flying fish believed by anglers to have been driven inland by heavy storms at sea invaded this city and Cape May Wednesday, breaking down telegraph wires in their flight and crippling service. It is believed there were several hundred of them.

FAMOUS RACER DIES IN WRECK

Dario Resta Killed When Car Leaves Track at 122 Miles an Hour.

BROOKLANDS, England, Sept. 4 (AP)—The speed king, Dario Resta, hero of countless automobile victories and hair-breadth escapes during his 20 years' career as a racer, met with a terrible end Wednesday on the Brooklands track which he quite recently described as "the greatest track in the world to race on."

Resta was driving his 160-horsepower grand prix Sunbeam with the intention of breaking the 150 kilometer record. The car had made a couple of circuits of the track when suddenly it skidded for about 20 yards and then turned sideways, dashed over a bank and crashed into an iron fence, nose dived into the ground on the far side of the fence, righted itself and burst into flames.

Thrown Into Pool

Resta was thrown out with terrific force and his head must have struck either one of the large wooden posts supporting the fence or some part of the car, for he was almost decapitated and had other terrible injuries. He died instantly. His body was picked up a few yards from the car.

William Perkins, Resta's mechanic, was thrown clear of the car and was only slightly injured. He suffered from burns, however, and was taken to a hospital.

When the accident occurred it was estimated the car was going at a speed of 122 miles an hour. Nobody is able to explain the cause of the accident.

Made Merry Monarch

One of the most valuable remedies yet discovered is guinea, known since 1655, when it passed under the name of "Jesuit's Powder." This bark came to England about 1660, and Charles II was considerably relieved by it during an attack of fever. Two French astronomers who were traveling in Peru encountered the bark and sent it home to Linnaeus, the celebrated botanist, who named it Cinchona in honor of the wife of the Spanish viceroy of Peru, who, falling ill of fever, was administered guinea by a native woman knowing of its medicinal properties, and derived much benefit from it.

Save Old Nails and Tacks

When you open boxes, take up carpets, or do anything that produces a crop of ancient, bent nails or useless tacks, save them. Then, the next time you repeat or transplant flowers, scatter the nails and tacks through the bottom layer of the soil, or in the flowers or plants, and fill the pot with rich loam. When you water the plants the nails will rust; the product of this oxidation will enrich the soil remarkably. You will be agreeably surprised with the strong and beautiful growth of the plants.

Feudal Survival

The duke of Atholl holds part of his lands on condition that he presents a white rose to his sovereign when he is asked with a visit, and once when Queen Victoria and the prince consort visited a former duke in midwinter he found it difficult. Worse off seem the Munros of Foulis, who have to pay rent in the form of a snowball whenever called on to do so. Actually, as there is never any lack of snow on the summit of Ben Wyvis, which lies within their boundaries, the condition is a comparatively easy one.

Spanish Breed Silkworms

The breeding of rabbits and silkworms is encouraged by the Spanish

NEW LAMP BURNS 94% AIR

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is stable, clean, safe. Burns 44 per cent air and 6 per cent common kerosene (coal oil). The inventor, W. K. Johnson, 161 North Union Ave., Portland, Ore., is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write today for full particulars. Also ask him to explain how you can get the agency and without experience or money make \$250 to \$500 per month.

Canadian Waters Yield Many Record Catches in 1924 COOLIDGE, PREPARING FOR COMMISSION ON AGRICULTURE RELIEF

YOUNG CHAP AND HIS TWO BIG 'UNS FROM LAKE OF THE WOODS

BIG MUSKY HAND-CAUGHT BY INDIAN GUIDE IN LAKE OF THE WOODS

Tales and pictures of record catches from many resorts and waters in Canada warrant the belief that Canada's 1924 fishing record will outline those of many good seasons in the past. Some of the stories coming across the border sound like fairy tales—Just picture a guest of Devil's Gap Bungalow camp on Lake of the Woods at Kenora, in western Ontario, settling out with a guide in a canoe, armed with an 8-ounce split bamboo fishing rod, fitted with a 15-pound test black Japanese silk line and No. 3 Starr double spinner as lure; for a day's fishing, and shortly hooking a 35-pound fighting muskellunge, that put up a fierce fight for 45 minutes, practicing all the twists and turns known to this species. As a final struggle to free himself, Mr. Musky made a last effort, snapped the line and disappeared. Dark disappointment settled on the angler, but the keen eyes of the guide discerned the tired fish resting on the bottom under four feet of water. He cautioned quiet, knowing Musky's habits and in a few minutes Mr. Fish rose toward

the surface and the guide's hand shot out, grabbed him through the gill and yanked him onto the canoe's bottom. This is the record for hand caught fish. Earlier in the season a young Canadian caught two big 'uns in these same waters; a 35-pound musky and 24 1/2-pound lake trout. He was so proud of his catch that he was photographed with them, as pictured above. Reports from Nipigon reveal the fact that fishermen from all parts of the United States and Canada are whipping

WASHINGTON, Sept. 4 (AP)—President Coolidge put the finishing touches today on his program for agricultural relief which he expects to accomplish through an investigation by a commission he will appoint soon, and then devoted some time to writing the speech he will deliver in Baltimore Saturday at the dedication of the LaFayette statue.

In announcing his agriculture commission it is expected the president will outline definitely his hopes for farmers and the nature of a legislative program he will expect to be adopted as a result of the investigation. He has indicated he considers sufficient emergency laws already enacted and will expect future legislation to deal with a permanent program.

His white waters and catching large trout, averaging seven pounds, but to date J. W. Cook's 14-pound speckled trout, caught two years ago, still holds first place.

Val Morin, Quebec, on Lake Raymond in the Laurentian mountains, has never laid claim to fame as a piscatorial center, although a good fishing district, but came into the limelight this season when Jack Holton landed a 24 inch speckled trout weighing five pounds and 21 ounces. Other big catches in Quebec waters are too numerous to mention.

Two prominent Canadian Pacific officials meeting in the Canadian Rockies made a friendly bet as to the fishing possibilities of a certain high-up lake; it was won by the proponent who threw in a line and hauled out a fair-sized trout.

Fishing for small-mouth black bass in French river has been uniformly good this season. A prominent New Yorker out after bass there, surprised himself by hooking a big musky which was only landed by beaching the boat, the angler jumping overboard and towing. His catch which the guide hit with a paddle. Quite possibly the Canadian Pacific's fine trophies may have attained arduous among sportsmen at the camp.

Servants with references

EVERY housewife of today commands a retinue of servants. Modern industry places them at her disposal. Many services, which in the past meant early rising and back-breaking toil for the women of the household, are today performed deftly and unobtrusively by the inventions of modern science. Like her grandmother, the woman of today wishes to know something about the servants she employs. She prefers to have them vouched for by some responsible person. So when the manufacturer comes out squarely and advertises his vacuum cleaners, kitchen cabinets, washing machines, electric irons or gas stoves, she knows that he is standing behind his product. She can feel that her confidence in the honest service of his goods will not be abused. That's why it pays you to read the advertisements. Through advertising you learn not only what is good, but what is trustworthy.

**An advertisement is more than a reference—
it is a certified check of satisfaction**

PENNANT FIGHT IN FULL SWING IN TWO LEAGUES

SENATORS WIN AS YANKS LOSE

Yankees Fight Desperately to Win Fourth Consecutive Prize in American Division.

NEW YORK, Sept. 4 (AP)—The New York Yankees, fighting desperately for their fourth consecutive pennant in the American league, edged Washington's Senators in a full game today by defeating Boston, 11 to 6, while Stanley Harris' Washington Senators were idle.

Detroit, with only a slight chance for first money, improved its position by taking two games from Chicago, pulling up to within five games of the Yankees.

The schedule for the remainder of the season does not favor either team, both facing the difficult assignment of traveling west to meet all of the western teams and both finishing the season away from their home yards.

In the National league New York, Pittsburgh and Brooklyn all have a chance for premier honors, the three teams being but a game and a half apart as a result of victories for all three today. Brooklyn gained a bit on its rivals by knocking two out of the fire against Philadelphia, while New York and Pittsburgh won their games against Boston and St. Louis.

The most important series in the National league comes when Pittsburgh faces the McGraw men at the Polo grounds, Sept. 22, 23 and 24. This series will likely mean the elimination of one team or the other as a pennant contender.

HOMER IN TENTH WINS FOR PHILS

Giants Lose Thrilling Struggle; Pittsburgh Drops to Third Place; Reds Win.

PHILADELPHIA, Sept. 4 (AP)—Cy Williams' home run smacked over the right field wall with the bases filled in the tenth inning of today's game with New York sent the Giants down to defeat by a score of 10 to 6. The visitors got away to a three run lead on Mitchell in the first inning, but Betts pitched masterfully in the relief role. The locals fought hard to overcome the lead and managed to tie the score in the seventh inning only to fall behind again when the Giants scored in the ninth. Jackson's fumble of a grounder with two out and a man on third allowed the locals to again tie the count in their half of the inning.

The score: R. H. E.
New York 6 13 4
Philadelphia 10 6 0
Batteries—Watson, Munn, Ryan and Snyder; Mitchell, Betts and Wilson.

REDS TAKE SHUTOUT.
CINCINNATI, Sept. 4 (AP)—Cincinnati continued its fight to break into the first division today when Rixey shut out Chicago, 3 to 0, in the second game of the series. The left-hander allowed only five hits and was assisted by brilliant support. The Reds knocked Jacobs out of the box in the second inning.

The score: R. H. E.
Chicago 0 5 1
Cincinnati 3 0 0
Batteries—Babe, Blake, Hush and O'Farrell; Rixey and Hargrave.

AUSTRALIAN DEFEATED.
BROOKLYN, N. Y., Sept. 4 (AP)—Gerald Patterson of Australia, went down to a straight set defeat before Rene LaCosta of France, in the opening match of the final interzone competition of the Davis cup series at the Longwood Cricket club turf courts here this afternoon, but the victor was not furnished a second surprise by outlasting Jean Borotra, champion of England and France, in a five set contest.

POCATELLO WILL MEET BUHL NINE

Three-Game Series Arranged With Two Clubs; Cosgriff Plans Skating Rink.

Griswold's Grays will conclude their baseball season September 15 after a tussle with the Pocatello Bears for a somewhat vague "state title."

In preparation for the coming series with the Bears Griswold has definitely postponed the game for Sunday with the Boise Mountaineers and will open the series with Pocatello on Ferris field at that time. The remaining two games of the three-game series will be played on September 14 and 15 at Buhl.

To date Buhl has won five games from Twin Falls besides losing five to the Blues. Griswold's team has also fared well with the Pocatello ball whackers, winning two and losing three to the Gate city nine. Boise was another victim of the Buhl club this season and what club can claim the actual title of the state without the help of an organized league and not be challenged is hard to say. It is doubtless a fact, however, that none will dispute Buhl or Pocatello claim to the title at the conclusion of their coming series.

Cosgriff has picked the Blues' uniform away in both balls until summer, when he plans a better and stronger team even than the one this year.

For the winter months the local manager is planning to utilize the athletic park for a huge skating rink with the possible organization of hockey teams.

GRAHAM LOSES TENNIS SINGLES

Miller of Buhl Takes State Championship From Twin Falls Man.

BOISE, Sept. 4 (AP)—Returning Graham's stizzling drive with a lightning accuracy that baffled the southwestern Idaho 1923 champion, Miller, of Buhl, weathered a terrific storm and emerged singles champion of Idaho in the final game this afternoon of the state tennis tournament played on the T. M. C. courts. Four matches were played, the first going to the new champion, 6-4; the second to the Twin Falls man, 6-4; the third to Miller, 7-5, and the last to Miller, 6-4.

Whirlwind play, said by many spectators to be the fastest ever seen on Boise courts, characterized the four sets. Upon many occasions the players, apparently playing for wind, would fall into a defensive game, but after a few drives would open up with terrific offensive playing.

Graham's well placed drives, characteristic of his play throughout the tournament, availed him little against the Buhl man, who stood up and returned the drives with an ability for placing that seemed uncanny.

WORKING ON FIRPO CASE
NEW YORK, Sept. 4 (AP)—Canon William Elmer Chase, who is seeking the deportation of Luis Alvaro Firpo, Argentine fighter, today stated he would take his evidence before President Coolidge if necessary.

Mr. Chase, after numerous charges in published statement that Henry H. Cullen, commissioner of immigration at Ellis Island, had blocked the investigation and that attorneys for Tex Rickard boxing promoter, had intimidated witnesses today received a hearing before Commissioner Curran.

Joe-K Says:
Every man should keep a fair-sized cemetery in which to bury the faults of his friends.

SIX BUILDINGS BURN IN TOWN OF SWEET
(Continued from page one.)
aid from neighboring towns.

His General Store.
The general store, purchased two weeks ago by P. W. Wharton, received the greatest damage. Only the cash register and bill file were saved. Other buildings destroyed were the crematorium adjoining the store, owned and operated by Richard R. Sweet, a warehouse owned by Harry Sweet; a warehouse owned by Joe Jineux and the Bennett residence. Three hay stacks and a granary on the J. R. Leisley farm were destroyed after the flames had traveled 300 yards. Telephone lines were destroyed but were soon put in working order by linemen who were rushed to the scene. An estimate of the damage was not made tonight.

ATHLETES READY FOR MEET.
NEWARK, N. J., Sept. 4 (AP)—The country's greatest athletes tonight were ready for the opening tomorrow of the twenty-sixth annual national A. A. U. track and field games. The senior events will be run tomorrow Saturday, in the senior events, 47 American track and field performers who competed in the Olympic games, will take part as well as 16 A. A. U. title-holders. On Saturday the decathlon races will be held.

Eloquent Tribute Paid Geers; 50,000 Mourn His Passing

Racing Fans Honor Memory of Grand Old Man of the Turf With Fitting Ceremony at Scene of Death.

WHEELING, W. Va., Sept. 4 (AP)—At the scene of his last race, a crowd of 50,000 today paid eloquent tribute to the memory of Edward F. (Pop) Geers, noted harness driver and "grand old man of the trotting turf," who drove to his death yesterday at the West Virginia state fair.

Just at the hour of 2 o'clock when Geers had been scheduled to drive Peter Manning in an attempt to lower the half mile track record, the horse was led on the track in front of the grandstand. It was draped in black in memory of the man who had driven it to victory many times.

Funeral Dignified.
A hush fell over the great throng as the horse was led slowly down the track while a funeral dirge was being played in the grandstand. As the draped horse stood before the thousands of spectators, Howard M. Gore, assistant secretary of agriculture, mounted the judges' stand and paid a glowing tribute to the late reinsman, eulogizing his character, his common honesty and integrity, which, he said, had made for Geers' lasting fame in the sport of kings.

All other activities at the fair were suspended during the memorial services.

BORAH INQUIRY TO OPEN IN CHICAGO
(Continued from page one.)
pend upon the fullness of reports received and hearings probably will be held thereon, the first probably about October 1," said the senator.

Made Twice a Month.
Reports from the campaign managers are expected to be made twice a month and to include the names of all contributions and the amounts donated.

Senator Borah expects all of the committee members except Senator T. H. Caraway of Arkansas, who understands is in Europe, within a few days. Senator Henrik Shipstead, Minnesota, now is touring Illinois for La Follette. Other members are Senators Thomas F. Bayard of Delaware and Wesley L. Jones of Washington.

BOSTON NEXT STOP OF WORLD AVIATORS

(Continued from Page One)

Weather Clearing.
PITTSBURGH, N. S., Sept. 4 (AP)—Late tonight the indications were that fine flying weather would prevail tomorrow for Lieutenant Lowell H. Smith and the other American round the world fliers if they decide to make a jump from Pictou for Boston. The storm had subsided and the barometer was rapidly rising. It was said that under ideal weather conditions the planes could be prepared for a hopoff by 10 o'clock.

The United States torpedo boat destroyer Cogburn reported tonight that she had the spare spare spreader required for Lieutenant Smith's machine on board and was laying in the lee of Henry Island off Pictou harbor waiting for daylight to come in. Lieutenant Smith, who commands the round the world fliers, has ordered his men up at 5 o'clock in the morning. This is believed here to indicate the possibility of a start for Boston by the planes tomorrow.

Theatre

AT THE IDAHO
The "Covered Wagon" at the Idaho theatre for four days starting Sept. 10, tells a love story of great sweetness.

Every character in "The Covered Wagon" is a real human being. Each represents the pride of American manhood and womanhood of pre-gold discovery days in California. Some are bad, others indifferent, but the majority are of noble texture, staunch and true. It is these human qualities which make the story of this tremendous production tense, appealing and wonderfully effective as screen entertainment.

Too Suspicious
"Dis-power of mind-over-matter," said Uncle Eben, "ain't never git done no good when I mentioned influential numbers in a crap game."—Washington Star.

King Arthur's Sister
Fata Morgana, in medieval romance, was a fairy, sister of King Arthur. She lived on the Isle of Avalon. The name is also used of a mirage seen in the Strait of Messina, caused by Morgana.

DAIRYMEN

We Want All Your Cream.

Why seek a foreign market when your butter fat is needed by your home Creamery and will pay you the most cash money.

Try just once and be convinced.

Lincoln Produce & Refrigerating Company

THE MARKETS

MARKETS AT A GLANCE

NEW YORK, Sept. 4 (AP)—Stocks—Irregular; American Wool breaks 12 points on dividend omission. Bonds—Mixed; western rails issues firm. Foreign exchanges—Unsettled; sterling and francs reactionary. Cotton—Lower; cooler weather southward. Sugar—Firm; Cuban and trade buying. Coffee—Higher; firmer Brazilian markets.

CHICAGO, Sept. 4 (AP)—Wheat—Lower; disappointing cables. Corn—Easy; favorable crop reports. Cattle—Steady to higher. Hogs—Slow and irregular.

TWIN FALLS MARKETS

These prices are obtained daily at 4 o'clock in the afternoon and are intended to cover only the average of prices. Where certain dealers for short periods offer more than the quoted price no effort is made to reflect this. Quotations are offered merely as a guide to producers and should not be accepted as reflecting extreme—either high or low prices.

RETAIL MARKETS

The Twin Falls markets yesterday were as follows:

Livestock	
Hogs	\$6.50 to \$8.50
Calves	\$3.00 to \$3.50
Sheep	\$4.00 to \$4.50
Veal calves	\$4.00 to \$5.00
Lambs	\$5.00 to \$6.00

Poultry	
Heavy hens	13c
Light hens	10c
Broilers (unsexed)	14c
Broilers (sexed)	16c

Dairy	
Butterfat, creamery	35c
Butterfat, station	30c
Country butter	40c
Eggs (shippers)	25c
Eggs (local store)	25c

Wheat and Mill Feed	
Wheat, bushel	\$1.20
Barley, bushel	\$1.00
Stock feed, 500-lb. lots	\$1.40
Stock feed, 500-lb. lots	\$1.35

Potatoes	
Potatoes, Russet, cwt.	90c
Sugar, Wholesale	\$2.25
Beet	\$9.03

Retail Prices	
Tomatoes, lb.	6c
Potatoes, lb.	10c
Corn, dozen	10c
Head lettuce	10c
Iceberg lettuce	10c
Cabbage, lb.	10c
Beets, bunch	10c
Cauliflower, lb.	12c

Fruit	
Peaches	5c
Plums, lb.	10c
Grapefruit, each	10c
Lemons, dozen	30c
Oranges, dozen	35c
Cantaloupes, lb.	10c
Watermelons, lb.	10c

Dairy	
Creamery butter	50c
Bulk cheese	25c
Wisconsin cheese	30c

Grain Trading Light;	
Very Little Buying	

Markets Easily Influenced	
Owing to Small Purchase Power	

Not Loss of 1/4 to 1/2	
------------------------	--

CHICAGO, Sept. 4 (AP)—Trading in	
all grain was light today and with lack of buying power the markets were easily influenced. At the finish wheat showed a net loss of 3/8 to 7/8 while corn, oats and barley were unchanged to 20c down.	

Disappointing cables and hedging	
pressure in wheat at the start caused weakness, it being evident that the market was a little overbought as a result of elimination of much of the short interest on yesterday's closing bulge. On the downturns some buying developed and carried values above the previous closing level. These gains, however, were quickly wiped away when selling by houses failed to act as a support for elevator interests and believed to be hedging was brought out. Foreign demand has subsided somewhat as a result of yesterday's advance here.	

Corn Unsettled.	
-----------------	--

Corn was unsettled with numerous	
small bulges and breaks, the trade being largely of an individual character. Speculative interest has fallen off and the general disposition seems to be to wait for some new influence before taking any decided stand on either side.	

Weatherable weather prevails	
over the belt. Confirmation of frost damage in parts of the Canadian northwest gave firmness to oats.	

Provisions were dull and without	
feature.	

CHICAGO, Sept. 4 (AP)—Wheat—	
Lower; disappointing cables. Corn—Easy; favorable crop reports. Cattle—Steady to higher. Hogs—Slow and irregular.	

CHICAGO, Sept. 4 (AP)—Wheat—	
Lower; disappointing cables. Corn—Easy; favorable crop reports. Cattle—Steady to higher. Hogs—Slow and irregular.

Lower; disappointing cables. Corn—Easy; favorable crop reports. Cattle—Steady to higher. Hogs—Slow and irregular.	

DUMB BELLS

steers \$7.50; grass cows \$3.50 to 4.50; grass heifers \$4.00 to 5.00; canners and cullers \$1.75 to 2.75; bologna hogs \$3; odd calves \$2 to 5.50; New Mexico hogs \$4.00 to \$5.00; plainer grades \$2.50 to 3.50.

Hogs—Receipts 2300; mostly weak; top loads \$9.00; few head \$8.00 to 10; good and choice 10 to 250 pound mostly \$9.50 to 10.50; plain kinds \$8.50 to 9.50; packing steers steady to unevenly lower; mostly \$7.50 to 8; few fat pigs steady at 7.50; stock kinds weak to 25 cents lower at \$6.00.

Sheep—Receipts 3200; bulk of run lambs coming for sale; nothing sold; talking steady to 25c higher; two loads fat ewes unsold.

OMAHA LIVESTOCK.

OMAHA, Sept. 4 (AP)—Hogs—Receipts 12,000; fairly active; shippers on better grade butchers, steady to 10c lower; packers demand indifferent, 10 to 15c decline; bulk 200 to 300 pound butchers \$9.25 to 9.50; top \$9.50; bulk 100 to 200 pound weight \$8.75 to 9.25; packing steers \$8.25 to 8.50; smooth grade \$8.00; bulk of all sales \$8.40 to 9.50; average east Wednesday, \$8.83; weight 262.

Cattle—Receipts 3300; fed steers and yearlings active, strong and from 10 to 15c higher; several loads medium weight steers \$10.50 to 11; top \$11.10; weighty steers averaging 1300 pounds \$10.45; bulk \$9 to 10.50; steers stock to 15c higher; veal and bullocks steady; stockers and feeders scarce; nominally steady; bulk grass cows and cullers \$2.50 to 3.50; canners and cullers \$1.75 to 2.75; practical veal top \$9.50; top grade stockers and feeders \$2.25 to 3.25.

Sheep—Receipts 21,000; early sales killing classes strong to 25c higher; active lambs \$12.50 to 13; clipped lambs \$13.05; good quality western fat lambs \$13; choice offerings held higher; range feeding lambs \$11.50 to 12.75; top \$12.85; feeding ewes \$4.50 to 5; aged breeding ewes \$6 to 7.

CHICAGO LIVESTOCK.

CHICAGO, Sept. 4 (AP)—Cattle—Receipts 13,000; trade on better grade fed steers and yearlings very active and strong to 25c higher prices; other grades steady to stronger; clearance good; extreme top \$11.50 paid by shippers for Illinois fed long yearlings selling 1094 pounds; best medium weight steers \$11.25 to 11.50; heavy Indiana averaging 1292 to 1371 pounds at that price; little to killers under \$8.50; bulk fed steers and yearlings \$9.50 to 11; grassy cows to 25c lower; fed kind steady to weak; cullers and feeders higher in sympathy with yearling steer trade; other classes generally steady; bullocks closing weak; stockers and feeders slow; country men refusing to allow fat cattle advance; bulk vealers \$12.75 to 13.25 to packers; outside upward to \$14.

Hogs—Receipts 27,000; opened steady to strong, closing very slow, mostly 10 to 15c lower; light lights and killing pigs steady to 15c off; top \$10.25; bulk good and choice 160 to 225 pound weight \$9.75 to 10.15; desirable 140 to 150 pound average large \$8.50 to 9; bulk packing ewes \$8.50 to 9; majority desirable strong weight slaughter pigs \$7.25 to 7.75; estimated holdover 17,000.

Sheep—Receipts 22,000; active; fat lambs strong to 25c higher; sorting light; bulk \$12.50 to 13; cullers \$13 to 13.75; no prime lambs offered; sheep strong; choice 135 pound range ewes \$6.50 to killers; feeding lambs steady; choice feeders \$13.

SHARP DECLINE SHOWN IN AMERICAN WOOLLEN

Omission of Quarterly Dividend Causes Drop of 14 Points; Other Stocks Are Also Affected.

Twenty Twenty Industrials Railroads

Thursday 101.80 90.05

Wednesday 102.08 90.80

Week ago 101.35 90.25

High, 1924 104.13 91.15

Low, 1924 90.27 81.15

Total sales 711,400 shares.

NEW YORK, Sept. 4 (AP)—Unexpected omission of the quarterly dividend on the common stock of the American Woolen company which broke nearly 74 points in 58 1/2 the last price since 1921, unsettled today's stock market after an early period of irregularly lower prices. The general list, however, met good support, net losses in most of the active issues ranging from fractions to three points.

Despite the general heavy tone of the market bullish operations were continued in a number of issues. "Nickel Plate" common soared nearly six points to the record breaking price of 119 1/2, but later reacted three points from the high. The preferred reached a new top at 52 1/4 and then sagged to 51 1/2, up 1 1/2. Strength of Lackawanna

on, which advanced three points to 138 and closed 137 was based on reports that the route was to become the next number of the Van Swearingen family.

Decline Shown.

The precipitous decline in American Woolen which sold yesterday at 70 1/8 was due in a large measure to the touching off of a number of "stop loss" orders in that stock which has a large speculative following. Daniel Boone Woolen mills, directors of which yesterday postponed dividend action for one week, dropped 1 1/2 points to 12 1/4, and then rallied feebly. Other textile stocks reacted in sympathy.

Steel and equipment issues lost ground in the face of announcements of large equipment orders by some of the principal railroads. United States Steel common dropped more than a

point.

Steel Drops.

United States Steel common dropped more than a point to 108 1/4, while Republic, Gulf States and Vanadium steels, Baldwin and Lima Locomotive dropped one to two points.

Many of the textile selling was reported to have come from floor traders who took advantage of the suspension of stock operations in a number of specialties and the apparent lack of market leadership on the long side. International Telephone, National Lead, General Electric, Eastman Johnson, May Department Stores, Nash Motors, National Lead and United Railways Investment preferred sagged two to nearly four points.

Short covering operations accounted for declines in American Agriculture Chemical, National Chemical and Jones Brothers Textile, which closed about 1 1/2 to 2 points higher.

Rails Yield.

Rails yielded, with the industrial despite the publication of unusually high August car loadings by some of the western roads.

At New York, Norfolk and Western, Great Northern preferred, Canadian Pacific, Chicago and Great Western preferred, Delaware and Hudson and Louisville and Nashville showed reactions of 1 to 2 1/2 points at the close.

For income investors, a 1/2 per cent bid advanced to 5 1/2 towards the close. Time money and commercial paper rates were unchanged.

Foreign exchange rates continued to lose ground in reflection of the increase in grain and cotton bills. Demand sterling ruled about a cent lower at \$4.48 1/8 and French francs were off about four points around 5.30 cents. Other reactions were largely nominal.

GOVERNMENT BONDS.

NEW YORK, Sept. 4 (AP)—Liberty Bonds closed:

3 1/2s 100.27

5 1/2s 101.29

Second 4 1/2s 101.2

Third 4 1/2s 102.1

Fourth 4 1/2s 102.1

U. S. Government 4 1/2s 104.29

SUSPECTS HERE TO FACE CHARGE OF AUTO THEFT

Deputy Sheriff C. E. Jones Returns With Two Prisoners Arrested in Colorado With R. E. Bobier's Car.

Two young men who gave the names of Rex Chelley, 22, and Frank Peterson, 20, arrived here Thursday afternoon from Grand Junction, Colo., in custody of Deputy Sheriff Charles E. Jones of this county to answer to charge of theft of R. E. Bobier's Oakland sport model automobile taken about two weeks ago from in front of the Elks club here and found in the possession of the prisoners at Grand Junction several days later.

With them came Mr. Bobier, who had accompanied the deputy sheriff to Grand Junction to recover his car after word was received here that the suspected thieves had been arrested there. They made the return trip in Mr. Bobier's car.

Three men were imprisoned in the theft of the car, Mr. Jones said he was advised by Grand Junction authorities. Attempt to recover the car of the three to name a bogus check in Grand Junction led to the arrest of the two prisoners by a Grand Junction traffic officer, acting under instructions of the sheriff there. The third man escaped when the arresting officer approached.

Attempt on the part of the two prisoners to escape from the Grand Junction jail almost proved successful on the day that Mr. Jones arrived in that city to take the prisoners in custody. Mr. Jones said he was advised by the authorities there.

Stories Conflict.

The prisoners have told a number of conflicting stories since their arrest, Mr. Jones stated. According to one account they met for the first time in Twin Falls, one having come here from Portland a few days before the car was taken. Another story was that both had come here from Ogden with view to obtaining employment in railroad construction work at Hogerson. Leaving Twin Falls with the Bobier car, according to a story told by the prisoners, they passed through Hogerson and reached a place to strike a highway leading into Salt Lake and proceeded through Vernal and the southeast part of Utah to cross the Colorado line, striking northeast again to Grand Junction. It is believed that they expected to dispose of the car in Denver.

The theft suspects traveled for three days and three nights from Twin Falls to reach Grand Junction.

The car when recovered was in good condition, but here evidence of hard driving over bad roads.

BABY CLINIC POPULAR COUNTY FAIR FEATURE

Registration Lists Show 543 Babies and Children Scheduled for Physical Examinations.

Five hundred and forty-three babies and children of school age have been registered for examination at the clinic to be conducted by the state bureau of public health in connection with Twin Falls county fair at Ellier, beginning next Tuesday and continuing for four days, according to statement Thursday of Mrs. T. D. Connor of Ellier, in charge of arrangements locally for the clinic.

The clinic will be held all four days of the fair, and babies and children who have been registered will be given appointments designating time at which they are to be presented for examination. Registration closed last Monday. Mrs. Connor stated, but mothers who wish to avail themselves of advantages offered by the clinic may bring their children with the understanding that lack of time and facilities may cause disappointment.

Registration in the smaller communities was an interesting feature of this year's clinic. Connor said, Hogerson registered 53 babies and children and Murgham 23. There were registered for the clinic last year a total of 200 babies and children.

THIEF TAKES ROLL BUT LEAVES GOLD IN SAFE

Noodle House Proprietress Reports Cash Drawer Rifled; Indications Point to Patron as Guilty Person.

A small steel safe left unlocked behind the desk at the front of the Idaho noodle and chop suey house, 125 Shoshone street south, was rifled Thursday during the noon hour by persons who are believed to have reached the safe through the space between the floor and the booth partition against which it stood, according to report made to police headquarters by the proprietress, Mrs. K. Ogata. About \$70 in a roll of paper money was taken, while three \$20 gold pieces and some currency was left on the bottom of the cash drawer in the safe.

Abundants at the establishment closed the safe door and otherwise obliterated finger prints that might have led to detection of the thief, the police stated.

OFFICER CLAIMS THEFT SUSPECTS

Two Young Men Arrested Here With Car Stolen From Greeley, Return to Face Charges.

With Jack O'Connor, 27, and James V. Prichard, 22, in his custody, Deputy Sheriff Eugene Williams of Greeley, Colo., left Thursday returning to Colorado, where the young prisoners face charges of theft of a Ford coupe taken from Greeley July 24, last, and found by police in their possession on their arrival here from Seattle last Monday evening.

O'Connor and Prichard, in a written statement, have admitted their illegal possession of the car and stated that they had rented it at Greeley for the purpose of attending the "cherry" roundup and, had retained it under the impression that their failure to return it in the specified time constituted guilt of theft. In this car, they stated, they traveled through Kansas, Nebraska, North Dakota and Washington.

Suspicious aroused at a local gas station where they attempted to sell a battery for a Buick car led to the arrest of the young men here. They have been held in the city jail pending the arrival of the Colorado sheriff. The owner of the car accompanied the Colorado officer to local police headquarters and presented satisfaction with the work of the local police in connection with the apprehension of the theft suspects.

TWIN FALLS CONCERN AWARDS BIG CONTRACT

Idaho Wholesale Grocery Company Engages Electricians for Record Installation Here.

Contract for what is said to be the largest electric installation in Twin Falls was awarded Wednesday by the Southern Idaho Wholesale Grocery company to the Idaho-Nevada Electrical company of this city. The installation is to be made in connection with a big two-story brick addition to the company's old building. With the addition, which is just being completed, the company's buildings will cover nearly one-half a city block.

Announcing the award of the electrical contract, management of the company stated Thursday that the concern which is one of the largest of Twin Falls business organizations, believes in backing its faith in Twin Falls with deeds.

FORECAST ENCOURAGING TO BEAN GROWERS HERE

Weather forecast by Father Raeder of Santa Rosa, California, upon whose predictions Californians place a high value, depicts a good, new harvest for the Twin Falls country now in the midst of harvesting a million-bushel bean crop. Father Raeder's forecast according to word received here by Alex McPherson, director of the agricultural demonstration farm here in the early days of the Twin Falls country, is that clear weather, interrupted by only occasional showers, will prevail throughout the northwest until the middle of October. By that time, Mr. McPherson believes, all of the bean crop of this region will be harvested and out of danger from wet weather.

RODEO'S STARS OPEN ROUNDUP IN TWIN FALLS

Wild Cow Milking and Other Interesting Contests on Bill for Second Day Under Howard Tuttle's Direction.

Members of one of the most distinguished groups of riders and rodeo performers ever assembled at a western roundup took part in broncho riding, steer riding, bull-dogging, calf roping and exhibition riding events marking the opening Thursday afternoon of Twin Falls frontier roundup that is to continue today and Saturday under direction of Howard Tuttle of Idaho Falls, one of the best-known of western horse riders who will direct the Idaho Falls War Bonnet roundup next month.

Field Gets Drenching.

The roundup opened under difficult conditions with the effects of a counter-clockwise drawing between 5000 and 6000 persons, and violent gusts of wind sweeping dust and sand across the arena in Athletic field. The management arranged Thursday evening for thorough drenching of the field to put it in best condition for today's events, and the crowd of between 400 and 500 persons who witnessed Thursday's events is expected to be largely increased on succeeding days of the roundup.

One of the interesting events of today's program which is to open at 2 o'clock this afternoon, is a "wild cow" milking contest, wherein one man holds the animal's horns while his companion milks the cow. The team with the greatest quantity of milk in its bucket at the end of the contest is adjudged the winner.

Mario Gibson, world's champion cowgirl broncho rider, who Thursday rode three horses and one steer, will appear again in exhibition riding today.

Assignment of riders and backing horses for today's events was announced Thursday evening by Director Tuttle as follows:

Oldhand Charley Roberts on "Mountainshine"; Jones Stark on "You'll Be Dam"; Floyd Swilling on "The Dan"; Norman Cowden on "Oh Boy"; Owen Fletcher on "Sweet Annie"; Dwyer River Thompson on "Scarf"; Jesse Coats on "Red Ann"; and George H. Smith on "Blackie".

In addition to riding, there will be calf roping, bull-dogging, wild cow milking and barrel contests and exhibition riding of bronchos and steers. Winners of the first day's events were announced as follows:

Calf roping—Bud Evans, 149; Ray Quick, 149 3/4; Scott Marsh, 147; OK Broncho Curry Roberts, 250.

Bull-dogging—Butch Kelsa, 263; Harry Rogers, 265. Other entrants failed to throw their steers.

Broncho riding—First and second, Jesse Coats and Oklahoma Curry Roberts split; third, Floyd Swilling. Steer riding—First, Oklahoma Curry Roberts; second, Fox O'Callahan; third, Norman Cowden.

It is not anticipated, however, that there will be any let-up in bean harvesting operations here on the strength of the Californian's favorable forecast.

ANNOUNCEMENTS

The Royal Neighbors will meet in regular session this evening at 8 o'clock in L. O. F. hall. There will be initiation and all members are urged to be present. A social hour will follow.

The Past Matrons' club will meet at the home of Mrs. Sarah Smith, 230 Fourth avenue north, on Friday evening.

WOMAN PLEADS GUILTY.

Mrs. Roy McIntyre, in probate court Thursday, pleaded guilty to a misdemeanor charge, alleging commission of a statutory offense and was released by Judge O. P. Dayall upon payment of a \$50 fine. She had been held in prison in the county jail in default of bond following her arrest at her home early last Sunday morning by a police officer.

The News is read by the permanent evening class.

STAGE SET FOR CITY BIRTHDAY

Twin Falls Citizens and Guests to Celebrate Anniversary at Banquet Meeting.

In observance of the twentieth anniversary of the founding of the city of Twin Falls, Twin Falls citizens and their guests will meet together this evening in the dining room of the Hotel Perrine at 8:30 o'clock for a banquet and program of music and speaking arranged by the chamber of commerce festival committee of which C. D. Thomas is chairman.

All arrangements for the affair were completed Thursday evening following several weeks of preparation, and sale of tickets indicated a large attendance.

Under a change in plans made Thursday the Hotel Perrine was chosen for the banquet when it was learned that the hotel had made arrangements for increasing its facilities to accommodate the crowd that is expected. Previously it had been planned to serve the banquet in the Parish hall.

A program depicting outstanding events in the development of Twin Falls during the 20 years since its establishment is to be an outstanding feature of the celebration program.

With M. J. Swedley as toastmaster, brief talks appropriate to the occasion are to be made by C. C. Gignoux, agricultural supervisor of the Union Pacific system; Judge E. A. Walters, the Rev. Arthur G. Pearson and C. D. Thomas. Sale of tickets Thursday passed the 100 mark with demand continuing strong and when 200 have been sold no more will be available.

Elberta peaches are ripe at the Hansen orchard, two miles north of Buhl, Clear Lakes road, 15¢ per bushel. Bring containers.

BOB HAYES.

Gusta Stir Memories Of Early Days Here

A trace of precipitation Thursday followed what, in the early days of the Twin Falls country have been termed a "Carey Act rainstorm," according to records of the government weather observer's station. Violent gusts of wind burdened with dust and sand swept over the region causing inconvenience and some apprehension to crowds gathered during the afternoon in the circus tent and at the roundup at Athletic field.

High temperature for the day was recorded at 90 above, as against Wednesday's maximum at 92, with low at 54 above, representing an advance of nine degrees.

MAROA'S VOTERS ELECT SCHOOL BOARD MEMBERS

A. S. LaMonte and E. J. Malone Become Trustees of Independent District in Election; Light Vote.

A. S. LaMonte and E. J. Malone, receiving respectively 20 and 12 votes at an election last Tuesday, were elected members of the Maroa independent school district board of trustees for three years' terms, according to report made Thursday to Miss Charlotte Pond, county superintendent of public instruction. Other candidates for election received by each, were S. E. Williams 8, Jack Winkle 1, Elmer Hang 1.

Are You Sure Your Children's Eyes Are Right?

A responsibility rests upon every parent to give his child every possible advantage in life; to give the child the best of weapons with which to meet the struggles of the years ahead. Surely, Good Eyesight is "the priceless gift" that your child should have.

Remember that poor eyesight means poor concentration and will retard the student's progress

Many a child considered dull or lazy in school or music studies has simply been suffering from defective vision. And often correct glasses have changed entirely the record of performance. Perhaps YOUR youngster's report card is reflecting the presence of eye-strain. Perhaps you are not doing your own child full justice.

Have an examination made at the Davis Optical Company's Free Eye Clinic—and know FRIDAY AND SATURDAY, SEPTEMBER 5 AND 6
