## FLIERS ARRIVE AT BOSTON IN WORLD FLIGHT

Back Once More in Trip Around Face of Globe Lasting Five Months; On Last Leg of Long Journey.

BOSTON, Sept. 6 (AP)—Six army airmen entered today upon the last stage of their journey round the world when they arrived in Boston, their first objective on the Atlantic coast of the United States. The three big cruiser planes, completing a 126-mile jump from Meru, Tanik, Malaya, where they were forced down by fog yesterday, dropped to their moorings in Boston harbor five months to a day after the three-day journey from Seattle in April.

In these months Lieutenant Lowell H. Smith, commander of the flight, with Lieutenant Leslie P. Arnold in the flagship Chicago, and Lieutenant Earl H. Nelson, with his mechanic, Lieutenant John Harding, Jr., in the plane New Orleans, have flown 23,000 miles. The flight, taking them from America's west coast around the world through the tropics and the far north to the American east coast, was regarded by army officials as having virtually attained today its object, the circumnavigation of the globe by air—for the first time in human history.

Across Continent.

There remains now only the transcontinental journey no longer accounted a remarkable feat in aviation.

Those five months, too, have seen mishaps. Of the four planes that hoped off only two reached Boston. The original flagship was wrecked in a crash against a mountain in Alaska in a fog. Her crew escaped. Another plane, the Boston, was wrecked when engine trouble forced it down in the Atlantic between Scotland and Ireland. Lieutenant Leigh Wade, pilot, and Lieutenant A. M. Logan, mechanic, resumed the flight in the Boston II, from Pietou, N. S.

Greeted by Thousands.

Today a great throng at the Boston airport and a delegation of high ranking navy and army officials welcomed the fliers to the arriving airmen. The fliers were greeted with the national salute of 21 guns, customarily accorded only a president and to the rulers of foreign powers. Harbor and city joined in a pandemonium of shrieking whistles, ringing bells and ringing flags at the plane, and by 12 hand flying machines circled the harbor and the aviators after alighting were taken to the reception hangar.

Then a great throng of 75,000 at the airport fell silent and stood uncovered as the band played the national anthem and later Home, Sweet Home.

Met Up Coast.

The fliers were met far up the Maine coast by Major General Mark M. Patrick, chief of the air service, and Secretary of War Dwight P. Davis, with 12 planes. With the world fliers in advance in a triangle, the escort made the trip in a huge spearhead formation, somewhat higher than the round the world planes. At the tip of the spearhead was General Patrick.

They reached Boston just before 2 o'clock daylight time, and alighted 10 minutes later, taxiing easily to the hangar where they were met by whistles and the anti-aircraft guns boomed their salute. For five miles the

## Ominous Ticking In Package Foils Attempt to Kill

Second Try for Life of Japanese General Is Frustrated; House Wrecked by Bomb.

TOKIO, Sept. 6 (AP)—A parcel post package delivered to the house of General Masaharu Pukuda today warned the general's wife as to its contents by clicking while she was opening it.

Mrs. Pukuda escaped from the room before the package, containing a time bomb, exploded. The room was wrecked.

General Pukuda has been the center of a radical agitation here which resulted in the general being fired upon by Kyakuro Wada on September 2. The general was slightly injured.

## TROTSKY'S AIDE KILLS BELF

MOSCOW, Sept. 6 (AP)—Russian communist circles were shocked when today informed of the death by suicide of Michael Glasman, one of the most valued aides of Leon Trotsky, the Soviet revolutionary leader.

Trotsky's secretary and confidant for six years, no notice was assigned by the authorities for the act, which was committed during Trotsky's absence in the country.

## STATE TREASURY SHOWS INCREASE

BOISE, Sept. 6 (AP)—Total earnings of the state treasurer's office for August are \$9,104.13, according to the monthly reports of D. P. Banks, state treasurer, issued Saturday. This is an increase of \$500 over July.

The largest part of the earnings comes from interest on current funds which, at the close of the month, amounted to more than \$3,000,000. This source, brought in more than \$7000. Other sources of income are from interest on registered county warrants, Liberty bonds, etc.

The balance in all state funds did not fluctuate much in the month, there being \$3,398,560.88 in the funds at the close of the month and \$3,551,691.32 on August 1.

Receipts totaled \$1,158, 134.73 and disbursements were \$1,310,978.17.

## COOLIDGE WARNS OF ATTEMPTS TO DESTROY IDEALS

At Dedication of Lafayette Monument President Tells of Deliberate Plan to Break Down Fundamental Laws.

BALTIMORE, Md., Sept. 6 (AP)—Dedicating a monument to Lafayette, "a true son of world freedom," here today, President Coolidge warned against "deliberate and determined attempt to break down the guarantees of our fundamental laws," and called upon the American people to decide now "whether America will allow itself to be degraded into a communist and socialist state."

The president mentioned no names in the movement he said to switch the power of the supreme court to congress, but he declared such action must be stopped, "before it is begun."

## Time Is Now.

The time for Americans to range themselves firmly, squarely and uncompromisingly behind American ideals is now, he declared. "Those who want to continue to enjoy the high estate of American citizenship will resist all attempts to encroach upon their liberties by encroaching upon the power of the courts."

The message, delivered from the base of a monument to George Washington, and facing the equestrian statue of Lafayette, was received with enthusiasm by the Lafayette Marine day celebrators, who also gave a warm reception to Mr. Coolidge's plan for abolishment of war hysteria and service in the foreign relations of this country.

## Dedicated to Peace.

Recalling that Lafayette had fought to establish American independence, the president declared this country "had kept clear from political entanglement with other countries," but at the same time had dedicated itself "to peace through honorable and unimpaired relations with the other peoples of the earth."

Before delivering his address Mr. Coolidge placed a wreath on a monument to Lafayette as it was unveiled, standing for a short time at attention with his military and naval aides, Colonel C. O. Sherrill and Captain Adolph Andrews at his side at the base of the statue. He listened also to messages from French officials delivered by M. Andre de Laboulaye, chargé d'affaires of the French embassy at Washington, and a welcome speech by Governor Ritchie of Maryland, and Mayor Jackson of this city.

## FIERCE BATTLE RAGES AROUND CHINESE CITY IN WAR OF PROVINCES

Woosung Forest Objective of Kiangsu Army; Hand-to-Hand Fighting in Liuh Where General Chi Shieh-Yuan's Men Are Repulsed; American Battleship Stands by.

SHANGHAI, Sept. 6 (AP)—Despite at least two previous repulses, during one of which hand to hand fighting occurred in the streets of Liuhou, the force of General Chi Shieh-Yuan, the nucleus of Kiangsu, was again hammering away at the line held by the Chekiang army near that town tonight.

According to an eyewitness from Quinsan, where the Kiangsu army has established its quarters, Chi's forces consider this battle along the bank of the estuary of the Yangtze, with the Woosung forts as its objective, as the most important of the present campaign and reinforcements are continually being sent by land, while junks are waiting to take more men to the fighting. His army has been captured. It is the belief of these officers that the fall of this little town, heretofore considered of little importance, will open the way to Woosung.

## Destroyers Close By.

American destroyers are reported anchored off the river mouth to afford protection to Americans, of whom there are several in the Seventh Day Baptist mission hospital there.

The eyewitness who saw much of the Kiangsu army, says the men have a good supply of Lewis guns and lots of ammunition, reportedly of French and Russian make.

Chi also suffered defeat, according to the defenders, on his right wing at Hwangtin, being driven back six miles.

## HELP FROM PEKING.

PEKING, Sept. 7 (AP)—General Chi Shieh-Yuan, the governor of Kiangsu, whose troops are attacking the Chekiang army west of Shanghai, has made a move to secure the assistance of the Peking government, and the troops of that government's military leader, General Wu Pei-Fu.

Chi, it is reported, has telegraphed the Peking government, announcing the alleged crimes of Lu Yang-Hsien, the governor of Chekiang, which is interpreted here as a forecasting of a proclamation by the government outlawing Lu and giving Wu a free hand to assist in his suppression.

The telegram denounces Lu as a national traitor on ten counts and implicates his son in the alleged treason.

The police, active in the suppression of so-called false news, has arrested several Chinese newspapermen and suppressed one newspaper and three news agencies.

Very few telegrams are reaching the capital from the south.

## Germany Renounces War Guilt Attitude Taken Previously

Representations of France Causes Turn in Repudiation as First Move.

LONDON, Sept. 6 (AP)—Reuter's Geneva correspondent says that owing to representations from the French government, Chancellor Marx is reported to have abandoned world-wide issue of the repudiation sent out August 29 in the name of the German government repudiating Germany's previous admission of responsibility for the war.

The head of all national delegations present, standing solemnly, gave their assent to the resolution which declared that the object is to strengthen the solidarity and security of nations throughout the world by settling by peaceful means all disputes which may arise between them.

## Demonstrations.

When the majority of the vote was announced there were impressive demonstrations throughout the auditorium. "The assembly noting the declarations of the governments represented, renews its satisfaction that they contain a basis of understanding leading to establish and secure peace and decides as follows:

1. With a view to reconciling in new proposals the divergences between certain points of view which have been expressed, and when an agreement has been reached, to enable an international conference, the arguments to be submitted by the league of nations at the earliest possible moment:

(1)—The committee is requested to consider the material dealing with security and reduction of armaments, particularly the observations of the governments on the draft treaty of mutual assistance prepared in pursuance with resolution 14 of the third assembly and other plans prepared and presented by the various governments, and to examine the obligations contained in the covenant of the league in relation to guarantees of security that a resort to arbitration and reduction of armaments may require; (2) the first committee is requested to consider, in view of public opinion, the articles in the covenant relating to settlement of disputes; to examine within what limits the terms of article 20 paragraph 2 of the covenant are interpreted; and to recommend to the council and thereby facilitate more general acceptance of the clause; and thus strengthen the solidarity and security of the nations of the world by settling by pacific means all disputes which may arise between the states."

## Shows Phases.

The picture has three lines on it. One line represents total assets of the state banks from January, 1901, to the end of 1923; another the loans and discounts of the banks over the same period and the third total deposits in the same time.

These three lines progress together from 1901; keeping their distance one from another and moving in the same upward or downward motion where there is a variation from the path, this represents the normal condition of affairs until November, 1915. In the 12 months period following the three lines jumped almost vertically and continued to jump until a peak of total assets was reached in November, 1919. At that time the assets of the state banks were more than \$400,000,000.

## FIVE CANDIDATES FOR ARIZONA RACE

Aspirants for Governor's Chair Enter Home Stretch for Nominations in Primaries.

PHOENIX, Ariz., Sept. 6 (AP)—The race of five aspirants for the governor's chair in Arizona went into the home stretch tonight with the candidates for nomination preparing to bring their campaign to a close next Monday, on the eve of the state primary election. Republican and democratic clubs will nominate a complete slate of candidates, but the contest is centered chiefly on the contest for the gubernatorial nominations.

## For Tenth Term.

Governor George W. P. Hunt, a strong anti-tycoon, is running for re-nomination for his fifth term as governor on the democratic ticket in the tri-cornered race for the nomination. He is opposed by Sidney Osborn of Phoenix, a bitter opponent of the Ku Klux Klan and in favor of a referendum on the compact and E. W. Samuel of Phoenix, whose program in his first national golf tournament has been amazing.

## PHILADELPHIA WOMAN WINS

NAYATT, R. I., Sept. 6 (AP)—Mrs. Dorothy Campbell Hunt of Philadelphia, today became queen of the American links, for the third time, defeating Miss Mary K. Browne of Santa Monica, Cal., former tennis champion, whose progress in her first national golf tournament has been amazing.

## DAVIS SPEAKS ON FARMER RELIEF

Democratic Presidential Candidate Tells Omaha Citizens Horsecy Is Needed.

OMAHA, Neb., Sept. 6 (AP)—John W. Davis put under way with a rush today his campaign in the great agricultural section west of the Mississippi river.

The democratic presidential nominee delivered addresses in the morning, the afternoon and the night, and between times conferred with his running mate, Governor Charles W. Bryan, and many other leaders of his party.

His principal speech was that, to night at the auditorium for the promotion of his views as to a program for the relief of the agricultural industry. His first task was to stock men and others at the Omaha stock yards, where he again laid emphasis on the issue of honest government. His second was at a luncheon for party leaders. In that he urged organization and a fight with the banks and democracy moving in solid formation.

"This is your fight," Mr. Davis said in his luncheon speech. "I am not your agent and your servant. An army is of no consequence without a leader. I admit, but a leader is weak and powerless without his army, and to you, the captains of these battalions, I call now to summon and to say your troops with the confident assurance that our assault in November on the entrenchedness of privilege and dishonesty will lead to prompt and overwhelming success."

# STAND OF FRANCE ON ARBITRATION PLEASES LEAGUE

Great Events Which It Is Believed Will Do Much Toward Lasting Peace Take Place at Geneva Meeting.

GENEVA, Sept. 6 (AP)—Great events which in league of nations circles it is firmly believed are destined to affect the future of the whole world, including the United States, occurred at Friday's session of the assembly of the league.

France joined Great Britain in pledging support for the principle of compulsory arbitration and through her premier, M. Herriot, in removing the doubts of those who feared that France would hesitate to weaken her force as a great continental military power.

**Favors Conference.**

M. Herriot announced unequivocally that France favors an international conference on disarmament. In a calm, masterly oration, like that Premier had delivered at the assembly on Thursday, M. Herriot made the men and women present sit in anticipation. The premier told the assembly that henceforth that nation which refused to submit disputes to arbitration would be stigmatized as an aggressor nation.

**United States Stand.**

Tonight the one supreme topic for speculation among the delegates generally was what effect the reaction in the last two days in the assembly would have on the United States. Next to definite commitments to the policy of arbitration, one thing stands out clearly—that is, that all Europe, led by Great Britain and France, now has proclaimed that it is through the league of nations and no other body that the peace of the world must be solidified. France, like Great Britain, has made it clear that the next disarmament conference must be convoked by the league of nations because it is considered the only body fitted and properly equipped to carry through such a conference.

## SPEAKER SATISFIED THAT RADICALS HAVE LEFT G. O. P. RANKS

PORTLAND, Maine, Sept. 6 (AP)—Frederick Gillett, speaker of the national house of representatives, expressed satisfaction tonight that the "radical faction" which he said has held the balance of power in congress during the past two years, had "thrown off their disguise and proclaimed themselves a new party." He was speaking before the Business and Professional Men's Coolidge and Dawes club of this city.

"They opposed us from within and prevented a republican program," he said. "They never have any sympathy with republicans, used the name only to get elected and were ready to unite with democrats as with us. They have made all legislation of the past two years a compromise."

Calvin Coolidge, he asserted, was the real platform on which the party expected to triumph.

"President Coolidge," he said, "has the courage, the self-control, the conscience and the iron resolution of New England. It is his extraordinary hold on the affection and confidence of the people that will win the election."

## HUGE GERMAN LOAN BY AMERICAN BANKS REPORTED UNDER WAY

NEW YORK, Sept. 6 (AP)—Negotiations virtually have been completed for the extension of a \$10,000,000 credit to the German coal syndicate by a group of eight or ten American banks headed by the Equitable Trust company.

Plans which will be made available to the industry will be to finance the revival of coal production in the Ruhr valley. While terms of the loan have not been finally arranged, it is probable that the credit will run for six months and be renewable at the expiration of that period. The interest rate has not been fixed.

Security for the loan will be provided by coal mines in the Ruhr and stored coal by the guarantors of the German syndicate itself, which is a joint distributing agency and a number of German banks.

# FOREST FIRE IS UNDER CONTROL

Blaze in Timber on Harris Creek About Burned Out, Is Report.

BOISE, Sept. 6 (AP)—Reports Friday to the office of the Boise national forest indicated that the fire on Harris creek, which has burned over more than three sections of timberland, is practically under control. Plans were under way to release the fire fighters except a patrol which will be kept on the scene until all danger of the flames breaking out again is passed. Last night the fire was surrounded, but it got away and broke through on the west side, said the report. The Southern Idaho Timber Protective association has had 50 men on the scene.

**Leaves for Cascade.**

C. B. Morse, assistant district forester, who has been in Boise from the Ogden office, left today for Cascade, the headquarters of the force of men fighting the fire on the Payette forest.

Two fires caused by lightning last night were reported on the Boise national forest, one near the Boise King mine and the other on Thorne creek, near Bald mountain. The fires were small and soon under control.

The fire at Slide gulch, on the Boise forest, broke away last night, said a report, but was under control today. This fire was caused by lightning.

## AT THE ORPHEUM

John S. Robertson's screen version of "The Enchanted Cottage," starring Richard Barthelmess is one of the most unusual character-roles of his career will be the first National picture at the Orpheum theater next Monday and Tuesday.

"The Enchanted Cottage" is adapted from the play by Sir Arthur Wing Pinero, which had a successful run on Broadway a year ago. It is based on

the theme that love makes all things beautiful.

## ITALO THEATRE

What is the still small voice that guides our actions? Where do the evil thoughts of the world come from? These are just a few of the interesting questions that are answered by Thomas Dixon in his unusual dramatic story, "The Mark of the Beast," the feature attraction at the Italo-theater tomorrow.

Whether we believe in a conscience or not, whether we agree with Mr. Dixon's views or not, still it is an undeniable fact that human beings are impelled to do things that they would stop to think, would do differently.

## WHERE THE BUFFALO STILL RUN WILD

In Emerson Hough's story, "The Covered Wagon," which comes to the Idaho theater next week, old Bill Jack gets away and broke through on the son, the scout observes.

"For buffer how's the best?" He proceeds to prove his words by killing a buffalo with bow and arrow. For a time this became the slogan of Director James Cruze's company, making Paramount's picture version of "The Covered Wagon" up in Utah, but after it had been tried out, even though declared that Bill Jackson was probably a colossal liar and told folks of his prowess so that it was handed down from generation to generation.

When the idea of putting "The Covered Wagon" on the screen first came to Paramount, one of the problems was the buffalo hunt. When Sam Hill would there be found in 1922 a herd of wild bison roaming the plains at will?

Then Jim Cruze remembered hearing of buffaloes on a big barren island 15 miles out in Salt Lake. So they proceeded to investigate and discovered that a firm known as Buffalo Livestock corporation owned the shaggy beasts and for a consideration was willing to let them be used for the picture.

## Meet Mr. Buffalo.

If you have never seen a buffalo close up, let me tell you that it is a sight not soon to be forgotten—I mean a wild one. They have a bad eye. Also they are evil tempered beasts. And they seem to dislike horses and men especially. They can outrun a horse up hill. They are quick as cats and can turn on a circle. (Maybe that's why they are on the five-cent piece to use nowadays.) They charge, and come up with their scented heads and horns and everything is fish that comes to their net. If they get headed in one

direction, nothing can stop them. So the big problem that confronted the picture people was to get them to run before the camera.

Cowboys drove the buffalo in herds of a hundred or so across the mountain and down into the level plain where the bulkhead for the cameras had been erected. Sometimes the herd would split and part would take their own course, generally up hill again. The picture men bridle their mothers, as fast as the old ones. Three or four days were consumed in this way but finally they got a big bunch to run past, and during this the actors—J. Warren Kerrigan, who has the male lead; Tully Marshall, as Jim Bridger, another his torical old scout; Ernest Torrence as Jackson, took after them.

## A Narrow Escape.

There were no casualties, but some near ones. Karl Brown, the chief cameraman, wanted to experiment on a close-up of a buffalo, so the picture men roped a big bull and brought him in. Karl and his assistant with the cam

eras were in a wagon drawn by a team of horses.

"Turn the buffalo loose and then rope him right near," said Brown. The cowpunchers turned the buffalo loose and the buffalo turned loose on his own account. He went for the horses. The latter turned quickly and spilled Brown right under the bison's heels. Old Ed Jones, a movie actor, a puncher and a dead shot, calmly sighted with his sawed-off Winchester, shot between horses, men, cameras and wagon—a space about a foot in diameter—and brought down the buffalo. It saved Brown's life probably and that's how they had buffalo meat the first day in camp.

## \$30,000 DAMAGE IN SWEET FIRE

Six Buildings in Idaho Town Are Destroyed; Mail Saved at Postoffice.

SWEET, Idaho, Sept. 6 (AP)—Fire which destroyed six buildings in the town of Sweet, did damage estimated at between \$25,000 and \$30,000, only fractionally covered by insurance, according to estimates made yesterday. P. W. Wharton, proprietor of the general store, which was entirely destroyed, states he has completed a check of his loss, but from present indications the building is only half covered by insurance. Other insurance was extremely low, according to reports here.

The Thursday mail, in the postoffice at the time of the fire, was saved, but all the stamps, currency and supplies of the office were destroyed. The extent of the loss cannot be determined until a check is made with departmental records, since all accounts of the office also were destroyed.

The streak in the second game, which Boston won, 5 to 4, in ten innings. It was the twelfth game of the work for Brooklyn. The first game was a remarkable pitching duel between Cooney and Deak. Brooklyn's successive victories comprised two games from St. Louis, three from New York, six from Philadelphia and four from Boston. Haines, who opened the game for St. Louis, was taken out in the first inning, but his withdrawal did not stop the Pirates' batting streak. Cooney hit a home run in the first game and Maranville hit a circuit drive in the second.

First game—R. H. E. St. Louis 3 7 3 Pittsburgh 5 9 3 Batteries—Stuart and Gonzales; Yde and Goetz.

SHOCKER WINS DOUBLE HEADER

Veteran Twirler Pitches Two Victories for St. Louis Over Chicago.

CHICAGO, Sept. 6 (AP)—Urban Shocker, veteran spit ball pitcher of the St. Louis Browns, accomplished the unusual feat of winning two games in one day when he beat the White Sox twice today by pitching both games of a double header. The Browns won the first game, 6 to 2, and took the second by the same count. Faber was the victim in the first though he pitched in the seventh and Connally finished. Thurston tested but part of an inning in the last contest.

First game—R. H. E. St. Louis 6 13 0 Chicago 2 9 3 Batteries—Shocker and Rego, Sever; Faber, Connally and Crouse.

Second game—R. H. E. St. Louis 6 13 0 Chicago 2 6 0 Batteries—Shocker and Rego; Thurston, Blankenship, Mangum and Crouse.

SENATORS WIN EASILY. WASHINGTON, Sept. 6 (AP)—Washington had little difficulty today defeating Boston, 8 to 2. Although McGriffe was touched for 11 hits, he kept them widely scattered. Third baseman Blumge was hit by a pitched ball in the seventh and was taken out by Manager Hafley. The young pilot of the Washington club was presented with a solid gold diamond studded base ball by Washington admirers when he went to bat in the first inning. He proceeded them to smash a screaming triple to center, scoring McNelly.

The score: R. H. E. Boston 2 11 2 Washington 8 10 0 Batteries—Ehmke, Piercy and D.

O'Nell, McGriffe and Ruel.

TIGERS TAKE THIRD GAME. DETROIT, Sept. 6 (AP)—An eighth inning Cleveland rally of four runs was one short of enough to win and Detroit took the third straight game from Cleveland today, 5 to 4. Dutch Leonard, pitching before a home crowd for the first time since 1922, was in shut-out form until his collapse in the eighth. Daus relieved him.

The score: R. H. E. Cleveland 4 8 3 Detroit 5 11 1 Batteries—Shantz, Metevier and L. Sewell; Daus, Leonard and Woodall.

PADDOCK SHOWS HIS SPEED IN FOOT RACE

WEST ORANGE, N. J., Sept. 6 (AP)—Charles Paddock of Los Angeles today reinforced his claim to the title of "fastest human" by equalling the world's record for the 100 yard and 200 yard dashes in winning the two events at the national senior A. A. U. championship under direction of the Newark A. C.

The coast flier noted Loren Murchison and Al Lerency at the tape in the century in 9 3/4, equalling the record held jointly by himself and others. A stiff wind lashed the efforts of the sprinters. In the 220 yard dash, however, there was no wind and Paddock left Murchison four yards behind with an amazing burst in the last 30 yards. His time, 20 4/5 seconds, equaled the mark held exclusively by himself.

## TWIN FALLS MEN LOSE AT TENNIS

Graham and Mee Defeated in State Doubles by Maberly and Eaton, Boise.

BOISE, Sept. 6 (AP)—Tom Maberly and A. B. Eaton, Boise, defeated Henry Graham and James Mee of Twin Falls, for the state doubles tennis title in four fast sets Saturday afternoon, and brought to a close the annual tournament on the Y. M. C. A. courts. The scores were 3-6, 7-5, 6-2, 6-4.

The contest never lacked thrills. The Magic City team started out like sure winners, taking the first set in handy style. They were well advanced in the second set, also, but the Boise team brought the score to 10-8, then tossed out a victory. The invaders began to lose their punch in the third set, and Maberly and Eaton had run up five games to one for the others before Eaton weakened on his own service, and allowed his opponents another game in the set. The last set, while closer, still found the capital city pair never in danger.

Mee's lightning speed at the net was the bright spot in the game for the Twin Falls couple, but the superior steadiness and better team work of the home town entry overcame the individual brilliance of the two Twin Falls men.

Other title winners in the contest just closed are: Arthur Miller, Buhl, singles champion; Mrs. Sam Robinson, Nampa, women's singles champion.

## GIANTS STILL HOLD SLIGHT EDGE ON TOP PLACE IN NATIONAL

NEW YORK, Sept. 6 (AP)—Hanging to its thread-like lead in the face of the fast pace set by the crashing Pirates and Dodgers, New York still heads the National league parade by the narrow margin of five points with Pittsburgh in second place, one point ahead of the Brooklyn Dodgers.

The Giants won and lost against the Phillies, while Brooklyn after stretching its winning streak to 15 straight games, dropped the second game after a double-header to Boston, and as a consequence were lapped by the Pirates, who won twice from the Cardinals.

## FLIERS ARRIVE HOME FROM WORLD FLIGHT

(Continued from page one)

shores were lined with spectators. A launch put out to meet the planes and the aviators were brought to the official reception barge, where high officials of the army and navy, city and state, were drawn up in line to receive them. Striding quickly to the gangplank came Lieutenant Smith, commander of the flight, with General Patrick at his side and behind him the companions of his flight.

Speaks to Mother. As Lieutenant Smith took his first step toward the receiving line, a man handed him a portable radio microphone with the words:

"Your mother is listening to at Los Angeles."

"Hello, folks," Smith said in a low voice. "It's good to be with you again."

A military band struck up the Star Spangled Banner and the fliers stood at stiff salute. Then came their formal introduction to those in the receiving line.

"It gives the greatest pleasure," General Patrick said, "to introduce the men who made the first flight around the world." The cheers broke out again.

## TOURIST PARK NOTES

The usual calm of the tourist park was rudely shattered Friday afternoon by a double runaway. A team hauling a wagon loaded with junk came up Lowest street from the south. One of the horses seemed to be in a greater hurry than his mate, as he was loping, while the other one was merely trotting. At the corner of Elizabeth avenue the wagon came in contact with an electric line pole, breaking it off at the ground. Just as this happened, a woman and two children were coming from the east on Elizabeth avenue, driving a horse attached to a buggy. A falling wire struck the horse, knocking him down. He immediately fell on his back, the other one having fallen out. The tourist park looked good to the horse, but as he was going too fast to make the turn at the entrance, he attempted to enter between the trees which was impossible. Net result: One broken pole, one small boy slightly bruised, the air filled with screams—and there was silence once more in the camp.

## Dear Sirs!

Please guard your hair

By Edna Wallace Hopper

I feel sorry to see man grow bald. It is easy to keep and to cultivate hair, and you owe it to yourself and to us.

For many years I have sought and consulted some of the world's greatest experts on hair.

They all agree that hair health comes from a clean and healthy scalp. Combs that have dried oil and dandruff which clog the hair roots. Tone and stimulate the scalp. Then hair thrives, just as flowers thrive in a well-kept garden.

These experts have always supplied me the best helps known to science. Each new and better hair discovery has come to me at once. Now I have had all of these combined in a product I call my Hair Youth. I have placed it on drug and toilet counters at every woman's call. But men need it more than women, so this is written to urge men to learn how much it does.

I am no longer young. For 25 years I have been a stage star. But my hair today is thicker and finer than 40 years ago. I have never had falling hair or dandruff and never a touch of gray.

Now I offer you my Hair Youth every help which brought these results to me. I am well assured that they combine the greatest hair helps in existence. My Hair Youth is sold everywhere today. It costs 60c and \$1 per bottle.

Write me for my Beauty Book and I'll send you if something else to please you. Edna Wallace Hopper, 536 Lake Shore Drive, Chicago.

# ROAD DISTRICT CUTS \$8000 OFF TAXES REVENUE

Twin Falls Highway Directors Fix Levy for Year at 82 Cents as Compared With 83 Cents Last Year.

Reflecting curtailment by approximately \$8000 in expenditures of the Twin Falls highway district during the coming fiscal year, directors of the district, at a regular meeting here Saturday afternoon, fixed the district's 1924 tax levy at 82 cents on each \$100 of assessed valuation, as compared with levy of 83 cents on each \$100 of valuation last year. It is estimated that the 1924 levy will return a revenue to the district amounting to approximately \$117,000 as against the income under last year's levy amounting to approximately \$125,000.

The year's levy will be assessed a reduced valuation of the district for this year being approximately \$14,500,000 as compared with \$15,500,000 last year.

The district's levy for this year is approximately as follows: land, 82 cents; roads, 82 cents; bridges, 82 cents. Total, 82 cents.

**Defer Improvement Project.**

The district's directors at Saturday meeting decided a major portion of the time to fixing of the tax levy. In addition to this they authorized payment of payroll claims amounting to \$174,000 and bills amounting to \$65,157, approved the bond in the sum of \$68,128.88 furnished by H. J. Cavanaugh in connection with construction of a steel bridge across the low line canal at a contract price of \$21,350.00, and paid to the Rock Creek highway district an amount of a settlement entered into some time ago (\$186,773 out of funds accruing from tax collections and rental of the quarry site).

Decision in respect to improvement of a mile of road south of Twin Falls was postponed, for which bids were opened at the preceding evening meeting, to the next regular meeting two weeks hence.

# CROPS EXHIBIT SHOW EFFICIENT USE OF WATER

Display of Farm Products Grown in Short Season Claims Attention at County Fair.

Among exhibits entered in 12 different departments of Twin Falls county fair that will open at Filer Tuesday, to continue for four days, the display of farm products exhibited under supervision of R. E. Assurance is given that the exhibit in this department will measure up to most sanguine expectations.
