PRICE FIVE CENTS

MANY HONORS
WILL BE PAID
WORLD FLIERS

Arrival of Globe Circlers at Washington Today Occasion for Ceremonies; President Will Greet Men.

WASHINGTON, Sept. 8 (AP)—Preparations to receive the world fliers on their arrival in Washington tomorrow were given a national character today when General Pershing issued personal orders directing that troops in the Washington district be paraded at their posts at the time the air squadron circles over the city and that suitable military honors be paid.

Many cities have brought pressure on the war department, to have the world fliers routed so that honors could be paid them as they completed the flight to Seattle. Since it was inadvisable to protect the strain upon the fliers or their machines unnecessarily, however, a direct route westward from Washington will be followed and the reception rendered the world girdling airmen here will be given the aspect of a greeting extending the honor and pride the nation feels in the achievement.

President at Field.
President Coolidge tonight planned to be at Bolling field in the outskirts of the city when the world fliers land there. He was understood to be very anxious to witness their arrival and extend greetings at the time of their landing.

In any event Secretary Weeks, other cabinet officers and high officials of the government are scheduled to meet the squadron at the flying field.
At District of Washington headquarters staff officers were busy tonight preparing for a major welcome when the air squadron heaves in sight. A national salute of 48 guns, the highest honors paid in the American military service, will be roared out by field guns stationed on the Ellipse back of the White House as the fliers separate from the escorting squadron and swing by overhead, bound for Arlington national cemetery across the Potomac to pay their last tribute to the tomb of American Unknown hero before they pass on to their landing at Bolling field.

National Salute.
The national salute will be repeated by the guns at Fort Myer, adjoining the cemetery, as the fliers reach that point, and it will be amid the thunder of cannon that they let fall upon the tomb the flowers they will bring with them from New York.

The full garrison at Fort Myer will be paraded and the troops will stand at present arms, saluting the coming of the air as the planes sweep by overhead.

Around the tomb on the terrace of the memorial amphitheater a troop of cavalry will be stationed as a guard of honor, and at all the other posts in the district where army forces are stationed, the troops will be in line as the machines pass above them extending their own army greeting.

Short Ceremony.
In accordance with the ruling announced by Lieutenant Lowell Smith, flight commander, the ceremonies of reception to the fliers after they set foot on land at Bolling field, will not be (Continued on Page 5, Col. 2)

Mayor of Lewiston
Resigns; 2 Others
Also Quit Offices

Action of Council in Dismissing City Attorney Causes Officials to Ask to be Relieved From Duty.

LEWISTON, Idaho, Sept. 8 (AP)—Mayor William Thomson, Water Commissioner M. W. Barnett and Police Commissioner Charles E. Parker tendered their resignations in the city council this evening following the summary action by the other four members of the council in declaring the office of city attorney vacant. The office of city attorney was held by Noel D. Martin.

Mayor Thomson and Commissioners Barnett and Parker gave their reasons for resigning that they declined further to assume the responsibilities of their offices without the safeguards of a competent city attorney. Commissioner Parker asserted that no charges had been preferred against City Attorney Martin, that his record was beyond attack and that his understanding was that the action of the council majority was taken because the city attorney had failed to join in a citizen in the promotion of a dam across the Clearwater river near Lewiston. The remaining members of the council will meet tomorrow evening to consider filling the vacancies.

GILBERT AGENT GENERAL
REPARATIONS

SEYMOUR PARKER GILBERT JR., attorney of Bloomington, N. J., and Washington, has been appointed agent general of reparations under the Dawes plan, succeeding Owen D. Young, who will retire within a few months.

MAN DIES FROM
TRAIN INJURIES

Even Johnson Found on Tracks Near Hammett Fatally Injured; Is Unknown.

BOISE, Sept. 8 (AP)—Even Johnson, a trespasser, died at Glens Ferry early today following an accident on the Union Pacific tracks just west of Hammett. Johnson was about 25 years of age and unknown to trainmen, said a telegram to the Idaho public utilities commission from R. A. Pierce, superintendent.

Johnson was found along the tracks by the crew of freight extra engine No. 2559 at 3:30 o'clock this morning with a badly mangled left arm and shoulder. He was taken to Glens Ferry where he died three hours later.

It is thought, the telegram said, that he either fell from extra No. 2559 or attempted to board this train while it was in motion.

GRAND JURY AT
BOISE HAS MANY
CASES TO HEAR

Heaviest Docket in History of Federal Court in Idaho Now Confronts Jurymen; Banker Indicted.

BOISE, Sept. 8 (AP)—The grand jury started on the heaviest and what promises to be the most tedious session in the history of the federal court in Boise today, when it returned five indictments against six persons. Upwards of 35 true bills, including two or three secret actions, will be considered by the body in this session, said James E. Alshie, Jr., assistant United States district attorney.

James E. Finner, former director of the Payette National bank, is charged with perjury, and James Clevenger and Sherman D. Merry with conspiring to obstruct administration of justice, in two of the five indictments returned today.

Roseworth Case.

Fred N. Perkins, member of the Brooklyn caravan that trekked to Idaho and settled for a short time on the Roseworth tract in Twin Falls county, must answer a charge of demanding \$300,000 from P. C. Meredith, who sold settlers the lands, in another indictment.

A fourth indictment charges Earl W. Wilson, with raising a check issued against the United States treasury. The check was written for \$10 and he is alleged to have raised it to \$110 and attempted to pass it to the Golden Rule store, Caldwell.

The fifth indictment charges John Keenan with violation of the Mann act, in that he brought Ethel Lovely Keenan from Ontario, Ore., to Boise for immoral purposes.

CHICAGO'S OLDEST MAN
IS DEAD AT AGE OF 107

CHICAGO, Sept. 8 (AP)—Rabbi Solomon Milos, 107 years old and Chicago's oldest citizen so far as known, was buried here today. He died yesterday. Three years ago he asked on his birthday that his advanced age be not published for two reasons, one, he said, being that one should not boast of something for which he was not responsible, and the other was, "My wife, Tillie, thinks I'm still young, only about 90 or so."

New York Man Has No Use for British, He Tells Sheriff; Admits Writing Letter.

WILLIAMSTOWN, N. Y., Sept. 8 (AP)—Marens J. Cero was arrested in his home here today, charged with sending the Prince of Wales an alleged threatening letter last Thursday. Sheriff Vincent, who made the arrest, said Cero admitted writing the letter. The sheriff added that Cero denied threatening to kill the royal visitor, but said that he "had no use for the British empire and would just as soon see it wiped out."

FOREST FIRE IN PARK

OSDEN, Utah, Sept. 8 (AP)—A forest fire in Yellowstone National park burned over an area of 5000 acres. Still is unchecked, according to a report received by forest service headquarters here this morning. Owen A. McCain, supervisor of the Teton nation forest at Jackson, the fire is on the Pilestone plateau. Another fire has burned over an area of 1800 acres on the Madison river. Supervisor McCain reported.

REPUBLICAN IN
LEAD IN MAINE

G. O. P. Candidate for Election Apparently Will Win; Klan Issue Involved.

PORTLAND, Maine, Sept. 8 (AP)—An apparently safe lead for Ralph O. Brewster, republican, for governor, was shown in returns from today's election from 515 precincts out of 633 in the state, which gave Brewster 104,534 votes to 69,714 for William R. Pattangall, democrat. Pattangall late tonight conceded Brewster's election.

CONCERNED DEFEAT

AUGUSTA, Maine, Sept. 8 (AP)—William Pattangall, democrat, tonight admitted defeat in today's Maine gubernatorial election in which he was opposed by Ralph O. Brewster, republican. Brewster, who was accorded Ku Klux Klan endorsement in the republican primaries, had a wide lead in (Continued on Page 5, Col. 1)

KIANGSU ARMY; MARINES
OF FOUR NATIONS LANDED

Warships of United States, Great Britain, Italy and Japan Land Forces to Protect Nationals as Warring Factions Near City; Foreign Volunteers Mobilize to Protect Section.

SHANGHAI, Sept. 8 (AP)—Eleven hundred marines from foreign warships this morning were ordered to land in Shanghai at 4 a. m. and take up defensive positions on the boundary of the international settlement. The order for the landing of the marines followed a new assault in the railway sector directly west of the city, bringing the fighting nearer than it had been before in a week of fighting between troops of the rival tunchans of Kiangsu and Chekiang.

COURT READY
TO SENTENCE
BOY SLAYERS

1000-Word Decision on Loeb-Leopold Murder Case Transcribed; Penalty To Be Announced September 10.

CHICAGO, Sept. 8 (AP)—Somewhere in Chicago today a stenographer transcribed the thousand words comprising the decision which will send Nathan Leopold, Jr., and Richard Loeb either to the gallows or to the penitentiary for life. Only Judge John R. Caverty and his employes know the fate to be meted out to the youthful slayers of Bobby Franks. The stenographer has been sworn to secrecy and will not appear publicly until a few minutes before 9:30 a. m. Wednesday when Loeb and Leopold will be called before the bar to hear their sentence passed.

Written Sunday.

Judge Caverty wrote the document Sunday. It contains neither the formal sentence he has decided upon nor an extended review of the case. The latter is unnecessary, the jurist indicated, and he will write the actual sentence shortly before taking the bench day after tomorrow.

Some 100 persons essential to the conduct of the court, relatives of the accused boys and of Robert Franks and newspaper men will be permitted within the courtroom Wednesday morning. Elaborate precautions have been taken to bar out all others.

Some time was taken over Loeb's face today as he was interviewed in his cell. He smoked cigarette after cigarette as he denied to callers that he was worried over the prospects that Wednesday holds for him.

Appears Worried.

"I am not worried," he said. "Why should I worry? Would that change the decision of the judges? From day to day I've known the sentence was coming and whatever it is, there will be no surprise."

Loeb arrived from the jail barber shop as the interview was ending. "Nothing new to say," he announced. "Just the same old sentiments. No, I don't feel nervous." The exact procedure to be followed after Judge Caverty reads his statement will be entirely discretionary with the court. Assistant Attorney Joseph Bennett declared.

LOGAN WILL PROBABLY
BE AMERICAN MEMBER
OF REPARATIONS BODY

PARIS, Sept. 8 (AP)—The American member of the reparations commission under the terms of the Treaty of Versailles will be appointed at a meeting of the commission on September 19 and it is considered almost certain that the nominee will be James A. Logan Jr., who has been unofficial American observer with the commission since the departure of Roland W. Boyden.

The American appointee will be nominated by the members of the commission which is now sitting and will not have any official connection with Washington. He will have a vote on every question coming before the commission which relates to the execution of the Dawes plan.

Reparations quarters were greatly excited today over the imminent German role in regard to war responsibility. There was no attempt to hide the fact that the receipt of a note, advertised from Berlin as forthcoming, would create a most deplorable impression in reparations quarters as being both ill-timed and ill-advised.

IDAHO WEATHER.

Tuesday, partly cloudy.

Marines were ordered to be landed as follows:
Representing the United States, 250.
Representing Great Britain, 300.
Representing Japan, 400.
Representing Italy, 400.
At the same time the volunteer corps was ordered to mobilize at 6 a. m.

Headquarters of General Lin Yung-Hsiang, commander of the Chekiang forces, admitted that the Kiangsu army had launched a heavy night attack along the railway.

Troops making the attack, it was asserted, were from the province of Hunan, and were ordered to the fighting front by Wu Pei-Fu, military director for the Peking government.

LEADER TAKES PART.

SHANGHAI, Sept. 8 (AP)—General Wu Pei-Fu, chief of the military forces of the central government at Peking, and also claims to have the support of majority of the provinces, today commenced active participation in the fighting which has been in progress for almost a week between the governors of Chekiang and Kiangsu provinces for possession of this port.

Honnanese troops, controlled by Wu, it is claimed by the Chekiang headquarters, took part in a heavy attack which the Kiangsu army launched last night against the Chekiang left wing of the Shanghai-Nanking railway via a r. line at Wangta. This attack, the Chekiang leaders claim, was repulsed. The fighting was reported to be severe, a westerly wind carrying the sound of the firing to Shanghai and leading to the belief that the Chekiang force had been defeated and was retreating towards the city.

The incidents of the foreign settlement were much relieved when the commanders of the foreign warships anchored in the Whungpo river off the city, announced the marines would land at daybreak to protect their nationals. The volunteer corps, composed of foreigners, also was ordered mobilized.

POWERS SEND NOTE.

PEKING, Sept. 8 (AP)—The American, British, French, Italian and Japanese ministers have sent a further note to the Chinese foreign office respecting the necessity for re-establishing the neutral zone near the Hwangpu river, on which Shanghai is situated.

ATAVICS OIL INQUIRY.

WASHINGTON, Sept. 8 (AP)—An attack on the government's new oil policy, involving war, was made in the supreme court of the District of Columbia today on behalf of Albert S. Fall, former secretary of the interior, now under indictment.

For First Time Since His Arrival in America Wales Faces Crowd; Greets Army Globe Aviators.

SYOSSETT, N. Y., Sept. 8 (AP)—Sharpened attention was focused here tonight on the arrival of the Prince of Wales at Mitchell field today, the Prince of Wales for the first time on his present visit, sat directly facing a large crowd.

After the speeches of the reception committee, the prince shook hands with the aviators.

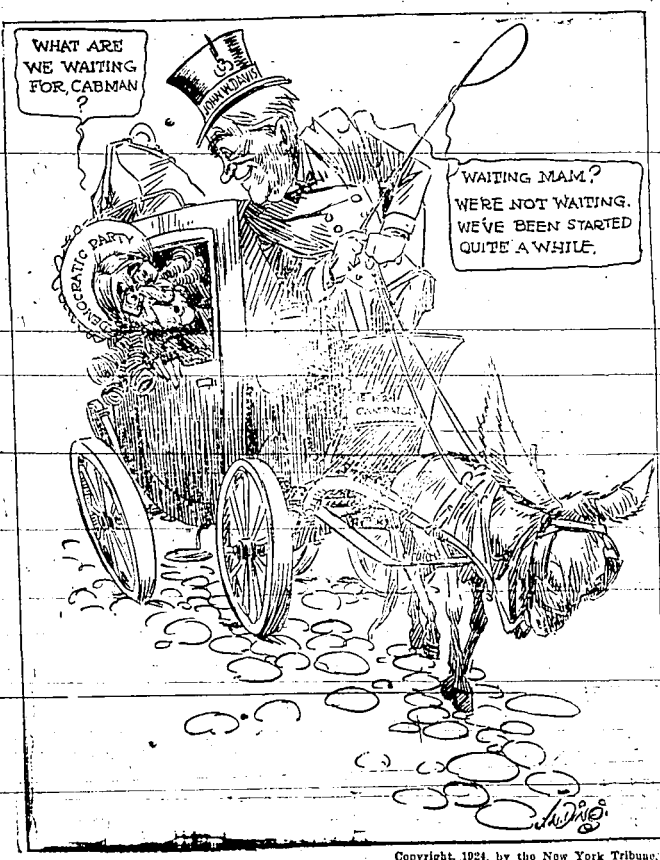

Captain Lascelles today characterized several current impressions of the royal visitor as myths. He said that the prince, far from being a "fancy dresser," paid no more attention to clothes than any average man and that the prince's light dress, which had been interpreted as indicating indisposition, was normal.

The royal party will attend the first polo match between the British and American teams at Meadowbrook tomorrow.

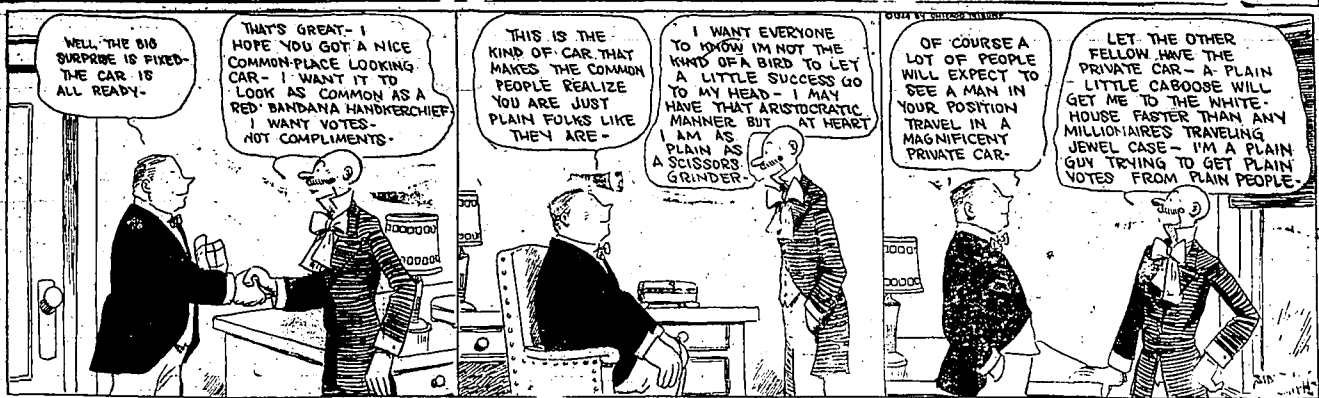

THIRTY KILLED IN STORMS.

TOKIO, Sept. 8 (AP)—Very severe rain and winds from Formosa have caused 30 deaths, while 312 persons have been seriously injured. Some 2500 houses were destroyed and 4000 damaged.

BEST METHODS OF IRRIGATING ARE DESCRIBED

Associate Professor of Agricultural Engineering at University of Idaho Explains System.

MOSCOW, Sept. 8.—(Special to The News).—When water is scarce and only available for a part of the time there is a strong temptation for the inexperienced irrigator to try and spread it out over all his fields at once, says M. E. Lewis, associate professor of agricultural engineering, University of Idaho. The result is almost disastrous as the resulting small streams will not cover any where near as much ground as might be covered by keeping the water all in one "head" and going over one field or one small part of a field at a time.

The experienced irrigator knows that a large "head" of water will cover the ground much more quickly if it is all applied in one place than if it is divided up into several smaller heads. This is particularly true on the medium and coarser types of soil which prevail in Idaho. These soils take up water so readily that the chief difficulty is to get the water over the land before the portion near to the ditch has received more water than it will be retained within reach of the crop roots.

Short Run.

Somewhat the same results may be secured by using shorter runs as by the use of large heads. A given amount of water may be made to cover two or more times the area of land if the long runs often used are cut into three or four shorter ones. The short runs require more head ditches but the very great saving in water is well worth while, especially during a short water year.

In laying out the fields and the crop rotation, attention should be paid to the requirements for irrigation. Sufficient head ditches should be dug so that short runs may be used.

The agricultural engineering department of the college at Moscow will be glad to answer questions on rural engineering subjects.

CLOVER

CLOVER.—The Ladies' Aid society of Clover, Thursday afternoon at the home of Mrs. August Werner. The afternoon, after the business session, was spent in sewing and quilting. Mrs. Matthews and Mrs. A. List were taken into membership.

East Wednesday Edmund Ulrick met with an accident which might have proven serious. When in the cowshed a large bull attacked him and tossed him up four times from which he escaped with severe bruises. He is able to be up and around again.

Richard Stortens has been on the sick list the past week with tonsillitis.

The public school of Clover, opens Monday with Helen Hiltficker as teacher.

The parochial school opens Monday. A student from Michigan who will stay over, Father Barron-ford is teaching, is expected to arrive here Saturday.

New Boy Had Changed

Roger, ordinarily quite a peaceable child, came home after a fight with his new neighbor.

"Why, Roddy, I'm ashamed of you!" mother said sternly. "And I'm certainly surprised at that new boy's fight. I thought he had the nerve of a cat."

"Well, he ain't now," replied Roger briefly.

UNIVERSITY HAS MANY STUDENTS

630 Have Been Signed Up to Enter Idaho School at Moscow, Report Says.

MOSCOW, Sept. 8.—(Special to The News).—The 630 new students who were promised the university in a recent forecast have been signed up and ready for sending in their admission credentials or reserving rooms, according to Edward F. Mason, who has charge of correspondence with new students. With the usual rush of last minute registration this number is expected to be largely increased so as to make good without any doubt the prophecy of the largest enrollment in the university's history.

Students already have arrived in considerable numbers, especially those seeking employment. Those who must take entrance examinations will be here Friday and Saturday, Sept. 12 and 13.

Special Train.

The largest single influx of students, however, will come with the arrival of the student special from southern Idaho, which last year carried 230 passengers. The schedule for this train is as follows:

What the World Is Doing

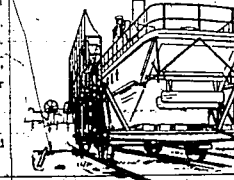

As Seen by Popular Mechanics Magazine

Voice Pictures as Nerve-Cure Aid Are Tested in London

Various kinds of nervous disorders are said to be detected by the use of apparatus, invented by Prof. E. W. Scrip-ture and tested in England, to take "pictures" of the human voice. Vibrations of tones spoken into a tube are registered in lines on a revolving drum covered with smoked paper. Persons afflicted with certain nerve diseases are said to pronounce various words in a way which produces abnormal lines on the recording mechanism, thus enabling the physician to diagnose their trouble.

Railroad Carries Ships Overland with Passengers and Cargoes

So that vessels may carry their passengers and cargo overland between selected bodies of water, a railway ship canal, consisting of shelled, inclined planes and large, specially designed railroad flat cars, has been built in Germany. When a steamer reaches the terminal, the flat car is rolled on rails down an incline into the water and shipped underneath the boat. It is then drawn back up the slope and, with the ship on top, is transported to the next body of

water into which it runs far enough to permit the vessel to float. This line was built to provide communication between East Prussia and the different bodies of water which it has been set off by the new divisions of territory resulting from the war.

Moving Heavy Furniture up Stairways

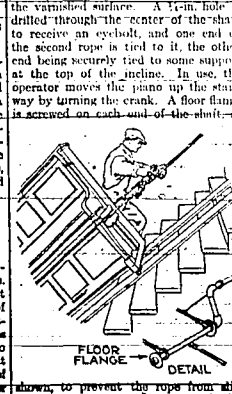

Pianos and other heavy objects can be moved up steep inclines such as stairways, very easily by means of the simple device shown in the illustration. It consists of three lengths of 1/4-in. gaspipe, two floor flanges and two elbows, which are secured together to form a shaft and crank. Two lengths of stout rope, one having a heavy iron ring at each end, are also provided. The rope equipped with rings is brought around the piano as shown, the rings being slipped over the gaspipe. Heavy pads are, of course, provided under the corners to protect the varnished surface. A train, led by a derrick through the center of the shaft to receive an eyebolt, and one end of the second rope is tied to it, the other end being secured tied to some support at the top of the incline. In use, the operator moves the piano up the stairway by turning the crank. A floor flange is secured on each end of the shaft.

Lamp Shades Designed in Forms of Birds and Animals

Designed in the shape of birds and animals, shades for electric lights have been introduced in England, where it is said their odd appearance has resulted in a great demand for them. Painted in the natural hues of the subject, the incandescent lamp inside, the shade presents a novel effect while softening the glare of the light. Of various models, they are used on floor lamps, ceiling and wall lights.

Talking through Your Own Loud Speaker

Many radio fans are having fun talking through their own loud speakers. The trick is simple; connect the headset of the primary of the transformer of the first stage of amplification, the B-battery being connected and the tubes lighted as usual. Now, by talking into the headset, the loud speaker will repeat whatever is said. This is one way of "gisting distance"; put the loud speaker in another room and have the folks listen in while you talk into the headset. It is then possible to make the loud speaker say "This is S-O, London, Post land" or even make the name of any distant station, when in reality the set may not be capable of receiving over a range of more than a few miles.

shown, to prevent the rope from slipping off it as it is wound on. A short length of rope near the crank holds it securely and prevents the wheel from unwinding when the operator does not wish to turn it.

PHILIP H. Canner is recovering at his home here from the effects of a 20-foot fall Tuesday while at work at the Filter district rock crusher, which resulted in a brain concussion and a cut at the base of the skull. Mr. Canner was pitched to the bottom of the bin where there was crushed rock several feet deep. A 10-inch board 12 feet long and 6 inches fell on him and he struck on his head.

Scout opened Tuesday with a large attendance, all rooms being full and in the primary grade 24, in the secondary 20, and in the high school 10.

Funeral services were held Friday for Mrs. John Sieber, age 69, who passed away Wednesday evening from cancer. E. J. Drake had charge of the funeral.

Mrs. Sieber is survived by her husband and four daughters and one son.

The first meeting of the Filter club was held at 10, O. E. S., for the reason was held at the Monroe hall Friday evening.

The grand matron, Lulu M. Barclay of Burley made her official visit to the chapter.

Mr. and Mrs. H. A. Martin of Burley arrived Saturday from California where he has spent the past year.

Mrs. O. L. Childs arrived home Thursday from a visit of several weeks spent in New York state. She was accompanied by her father, James Fitzgerald of Twin Falls.

Mrs. O. L. Martin and daughter, Mary, returned Thursday from Illinois where they spent the summer with relatives and Mrs. Martin's mother.

W. T. Higginbotham and Frank A. Huh were elected delegates to the grand lodge of Odd Fellows to be held in October in Boise.

Mrs. Earl Peck and small son of Huh spent a few days last week with her parents, Mr. and Mrs. L. S. Otton.

Fools Himself.

Why is it that a woman can make a fool of a wise man, and a wise man of a fool? She can. It is true that a wise man often makes a fool of himself, but it is a woman's nature to be so easily and egotism that betrays him into folly.

For instance, it is a common thing for an old man with a huge fortune to marry a girl young enough to be his granddaughter. In such cases the man, lulls himself into the belief that he is so handsome and attractive that a girl prefers him to a boy of her own age. But it is self-conceit—not the girl that does the trick.

GRAYS DEFEAT POCATELLIANS IN FAST GAME

Phillips Unable to Stand Barrage of Buhl Batsmen; Kleffner and Faux Feature West-End Lineup; Many Errors.

Buhl outplayed the Pocatello Bears Sunday, outslugged the Pocatellians and drove "Slim" Phillips to cover at the end of the third inning a perfect barrage of hits, emerging victorious with a score of 8 to 2 at the end of the first eight-inning game of a series of three with the Gate City team for a mythical state championship.

Buhl presented the best team of the year for the approval of the fans and the mound work of Faux grew better by innings and confident of the perfect support which he received throughout he tallied 12 strikeouts for the eight innings and held the Pocatellians to five well scored hits.

Errors for the bears was a contributing factor to their defeat and in the absence of Warren and Bourne from the lineup they did not present the same strong team which has proved successful against all comers in the past. Simmons, who has been on the Buhl lineup for the most of the summer, appeared in the left field and third sack position for the Bears.

Kansas City Doctor Invents New Truss
New Discovery Heals Rupture Without an Operation

Kansas City, Mo., (Special)—A new discovery which, experts agree, is equal for curative effects in all rupture cases, is the latest accomplishment of the well known hernia specialist, Dr. Andrew, 305-H North Kansas City, Mo. The extraordinary success of this new method proves that it holds and heals a rupture, it weighs only a few ounces, it has no hard, grating pads, no elastic belt, no leg straps, no steel bands and is as comfortable as a light garment. It has enabled hundreds of thousands of persons to throw away trusses and declare their rupture absolutely healed. Many of them had serious doubts, ruptures from which they had suffered for years. It is Dr. Andrew's ambition to have every ruptured person enjoy the quick relief, comfort and healing power of his discovery, and he will do it on free trial to any center of the News who writes him. He wants one person in each neighborhood to whom he can refer. If you wish to be left of rupture for good, without an operation, take advantage of the doctor's free offer. Write him today—adv.

PLASTINO GETS TEAM STARTED

High School Gridiron Squad Receives First Workout Monday Evening.

Thirty-six gridiron aspirants for places on the 1924 Bruin team of the Twin Falls high school received their first lessons in the fundamentals of the game from Coach Felix Plastino Monday afternoon on Lincoln field before an interested group of spectators. Coach Plastino started his season by outfitting the squad and taking them out on the first day of the season, cutting short the customary prelude to the opening of the season, getting down to the fundamentals and hard ground in the first session.

Clarence Garrity, last year's platoon captain for the 1924 team, disappointed the Twin Falls fans Saturday when he learned that the spectacular "Meow" had deserted the Bruins to try his chances on one of the finest teams in the country of the high school class, namely, Scott high school of Toledo, Ohio, holders of the interscholastic title in football for the year 1923.

SCHOOL BOARD IS GIVEN REPORT ON ENROLLMENT

Superintendent E. D. Bloom Says Number of Pupils Listed on Opening Day Is Normal; Big Gain Indicated.

S. D. Perrine and E. E. Crabtree, newly elected members of Twin Falls independent school district board of trustees, entered upon their official duties at a regular meeting of the board Monday evening. The meeting was held at the office being administered by C. E. McClain, who subsequently was re-elected chairman of the board for the coming year. Mrs. Jane Craven Scott was re-elected secretary, and Mr. Perrine, who has served for some time as a member of the board, was appointed to fill the vacancy occasioned by resignation of K. S. Pettigrew, who was elected treasurer.

Immediately prior to the meeting of the new board members of the old board held a session devoted to closing up the past year's business. All members were present, except James Fitzgerald and E. N. Flory.

Enrollment in Twin Falls schools, that opened Monday, members of the board were advised by Superintendent Ernest D. Bloom, who presented a report on the enrollment for the coming year. The enrollment for the coming year was compared with first day enrollment records of former years. During Monday, Mr. Bloom stated, 141 pupils entering elementary grades here were interviewed in his office. All but four of these pupils are about normal in comparison with first day enrollment records of former years. During Monday, Mr. Bloom stated, 141 pupils entering elementary grades here were interviewed in his office. All but four of these pupils are about normal in comparison with first day enrollment records of former years.

First day enrollment figures were given by Mr. Bloom in his report as follows: Bickel school, 411; Washington school, 317; Lincoln school, 498; senior high school, 350. Enrollment of beginners and in the senior high school beginners and in the junior high school will take place today.

Indications, Mr. Bloom stated, pointed to a larger enrollment this year than in any previous year in the history of Twin Falls schools. Pupils will be crowded and the teaching staff will be taxed to its limit, he said, but organization has been perfected with view to meeting the indicated condition.

All but one of the instructors employed to serve in Twin Falls schools this year were given the opening day, Mr. Bloom stated. The exception was noted in the case of Miss Olive Henderson, junior high school instructor in hygiene and physical education, who advised Mr. Bloom by wire last week that she would be unable to come because of the death of her mother in Ohio.

The board of trustees at its meeting Monday night divided committee work among its members as follows:

Property committee—W. H. Weaver and E. E. Crabtree.
Transportation committee—C. E. McClain and E. N. Flory.
Purchasing and auditing committee—Mrs. Scott and S. D. Perrine.

REPUBLICANS IN LEAD IN STATE OF MAINE

Herrin Protests Removal of Militia

Decision to Free Illinois Town From Military Rule Objected to by Acting Sheriff.

MARION, Ill., Sept. 8 (AP)—Vigorous protest against the proposed removal tomorrow of the state militia from Herrin was made this afternoon by acting Sheriff Randall Parks in a telegram sent to Adjutant General Black of the Illinois national guard. His message was the result of the announcement of Herrin, after noon by Captain Harold M. Bigelow, in command of the detachment of troops left here, that the troops would be withdrawn tomorrow.

VETERANS HEAD TO GO ON TRIAL

Four Indictments Against Colonel Forbes Released; Hearing Monday.

CHICAGO, Sept. 8 (AP)—Four indictments against Colonel Charles B. Forbes, former head of the United States veterans' bureau, were released today. Colonel Forbes goes to trial in the federal court before Judge Carpenter, charged with bribery in his administration of the veteran bureau affairs.

The indictments which also name John W. Thompson, Chicago and St. Louis contractor, who is charged with having given Forbes a bribe, were drawn up to replace the federal judge's indictment of Forbes in June, 1923, which charged him with receiving a bribe of \$100,000 from Charles C. Forbes, former chief counsel for the bureau, to waive payment for the return of the stolen goods.

The payment was to be made ostensibly in return for services in obtaining reparations from the government for the use of one of Thompson's concerns during the war.

KLAN PARADE AT BOISE OBSERVES MAYOR'S ORDER

Members of Hooded Order Unmasked as Requested by City's Head in Capital Gathering; 350 in Line.

BOISE, Sept. 8 (AP)—Knights of the Ku Klux Klan, numbering 350, representing klans in Boise, Kuna, Meridian, Caldwell and other cities in Idaho, assembled at the visiting klansmen from Oregon, Washington, Utah and as far east as Wyoming, marched in parade Monday night down Boise's main street in regular, but with hoods lifted, as part of the ceremonies attending the first annual state "Kloneklay" of the Idaho klans. The parade, led by the Boise band, had several floats. The line marched to the fair grounds, where, as the paraders entered the park, they were joined by the women members of the organization, and the review passed before the grandstand which was crowded with spectators. Initiatory exercises for men and women candidates took place before three fiery orators illuminated by red electric bulbs, while as the ceremonies proceeded, three flaming crosses were touched off.

PIRIEST MUST SERVE TERM

DENVER, Sept. 8 (AP)—The Rev. A. Walker, Grand priest and founder of the Shrine of St. Anne at Arvada, Colo., convicted of forgery of liquor withdrawal permits in June, 1923, must serve his prison sentence of two years imposed by Judge J. Foster Symes, the circuit court of appeals ruled today.

PRESIDENT TO HEAR OF FIRPO

Reformer Will Take Charges Against Boxer to Nation's Chief; Organizations Busy.

NEW YORK, Sept. 8 (AP)—President Coolidge will receive the evidence of Canon William B. Chase, upon which his demand for the deportation of Luigi Firpo, Argentine heavyweight boxer, tomorrow.

Tomorrow, however, three days hence Firpo is scheduled to meet Harry Wills. Announcement that Canon Chase had obtained an appointment at the White House was made by his attorney, Bernard H. Sanders.

Information is correct, fire from another quarter will be directed against the heavyweight bout. Representatives of the New York-New Jersey state council of churches, the Hudson county Sunday School association, the Hudson county Women's Christian Union and members of the special price fight committee of the Clergymen's Community club of Jersey City, were in conference with Mr. Sanders today and reviewed all the evidence obtained by Mr. Chase.

It was said that steps to prevent the bout would be taken not later than tomorrow.

All the allegations against Firpo are based upon his alleged relations with Miss Bianca Lourdes Piant, a passenger on the steamer which brought the Argentine to America early in the year.

BRYAN PLANS AUTO TOUR ON CAMPAIGN IN NORTH NEBRASKA

LINCOLN, Neb., Sept. 8 (AP)—Governor Charles W. Bryan will travel approximately 300 miles by automobile in carrying his campaign into the northern counties of Nebraska Thursday and Friday.

Leaving here Wednesday afternoon he will go to Norfolk, spend the night there and drive 15 miles to Bloomfield Thursday, speaking there at 2 o'clock.

He will return to Norfolk Thursday night and continue his trip Friday morning, going to Madison, where he is scheduled to speak. Following the talk there at the Chautauque grounds, the democratic vice presidential nominee will drive to Colfax, west of Fremont, where he will take a train for Grand Island in the hope he will reach there in time to join John W. Davis on the latter's return from the far west and accompany him to Hastings and Fairbury, Neb.

LAFOLLETTE BELIEVES HE HAS GOOD CHANCE TO BECOME PRESIDENT

WASHINGTON, Sept. 8 (AP)—Senator LaFollette today told a group of labor leaders who are supporting his independent candidacy for president, that "as things stand today, we have and absolutely even break to win."

The labor chiefs, numbering about 30, met at LaFollette's plan for coordinating their campaign, and for raising funds to be expended in the interests of the LaFollette-Wheeler ticket. Warren S. Stone, head of the Brotherhood of Locomotive Engineers, presided.

In a brief address Mr. LaFollette declared he was daily becoming more optimistic over the result in the November election. His own observations and reports brought to him by conservative men and women in relation to the present political trend, he said, show that the "tide of progressive sentiment is amazing."

IDAHO TO ENTER DAIRY EXHIBIT

Buhl Chamber of Commerce Sends Scenic and Agricultural Film to Milwaukee.

Idaho's exhibits at the National Dairy Exhibition at Milwaukee, September 27 to October 4, will occupy a space 15x30 feet to be divided equally into three parts, one for the Twin Falls country, another for the Boise valley and the third for the Upper Snake river valley, according to advice received Monday by Secretary Charles F. Dwight of Twin Falls Chamber of Commerce, who will attend the exhibition as the personal representative of the chamber.

The Buhl Chamber of Commerce has turned over to Mr. Dwight for exhibition at the Milwaukee show its 2000-foot motion picture film showing scenic and agricultural views from the Jackson Hole country along the course of the Snake river across southern Idaho. The exhibit for this region, Mr. Dwight stated Monday evening, will include samples of corn both ear and on the stalk, to indicate possibilities of its use for silage, bundles of various small grains and alfalfa, Indian clover and vetch, and a quantity of fruits and vegetables.

Possibilities of this region from the standpoint of the dairy industry will be blazoned on a number of placards to be displayed at the exhibition.

Exhibits Mr. Dwight said, will be shipped from Twin Falls Friday evening next, to Pocatello where they will be placed in the hands of Mr. L. V. Vonder of the Union Pacific system, an expert exhibit man, who will accompany the Idaho exhibits on to Milwaukee.

It is unlikely, Mr. Dwight said, that the Twin Falls country will enter dairy animals or products in competition at the Milwaukee show. The Twin Falls cheese factories, one of which is situated at Pocatello, will have an impressive exhibit and, according to assurances received here, will feature Idaho prominently.

Mr. Dwight expects to leave for Milwaukee Tuesday evening, September 27.

FILES CROSS-COMPLAINT TO WIFE'S SUIT FOR DIVORCE

Alleging among other things that his wife endeavored to discourage him in his work as a farmer and to estrange their three children from him, and desiring charges of adultery on his part set forth in her suit for divorce, Hans C. Lett has filed in district court here an answer and cross-complaint in the action instituted by Matilda Lett for divorce. He asks that a decree of divorce be granted to himself, and that he be given custody of a three-year-old daughter.

NATIONAL GUARD COMPANY PREPARES FOR DEFENSE DAY

Officers and men of Company C, Twin Falls unit of the Idaho national guard, prolonged their regular drill period Monday evening to include instruction in the part they are to play in observance here of Defense day next Friday, including their appearance in a battalion parade to be presented by national guard units of Idaho and Twin Falls and the hospital unit at Kimberly. Staff Sergeant O. D. Sniff, Idaho national guard infantry instructor, assisted in the preparation for the company's part in the parade.

ARMS PROBLEM UP AT GENEVA

Commission on Disarmament at League Assembly Begins Work on Issue.

GENEVA, Sept. 8 (AP)—With businesslike directness the disarmament commission of the league assembly began this afternoon its examination of all questions now all material touching the mutual plan of guarantees and assistance between states and the general problem of disarmament.

The commission decided at the outset that these two subjects could not be intelligently treated without also discussing obligatory arbitration.

A Geneva compulsory arbitration which now is regarded as the main foundation stone of all the projects to outlaw war, becomes an integral part of the global discussion of disarmament, the final goal of which is the convening of an international conference at Geneva for the reduction of armaments in all countries.

A new angle was given the debate to day when the Swedish foreign minister, Baron von Wurttemberg, introduced a resolution in the assembly concerning the codification of international law, a subject which has long been of special interest to American jurists.

COOLIDGE REAPPOINTS DEMOCRAT TO SERVE TARIFF COMMISSION

WASHINGTON, Sept. 8 (AP)—A long list of callers for discussion of government and political questions today heard President Coolidge busy at his desk and late in the afternoon he announced the reappointment of David J. Lewis of Maryland, a democratic member of the tariff commission.

Considerable interest has been shown in the tariff commission vacancy in view of the sale on the commission over the sugar duty.

Mr. Lewis is understood to have been one of those signing the majority report of the commission favoring a reduction in the sugar duty. Final action on the sugar report is up to the president, but view of the complicated situation he is said to have taken for further data from the commission and other government agencies.

SOCIETY

Edited by Mrs. E. B. Williams

Mrs. E. H. Olmsted entertained the Shamrock club last Thursday afternoon. Mrs. Woods and Mrs. Neer were guests and nine members were in attendance. After the usual business session, Miss Bertha Dallas and Miss Marian Graham played several piano selections which were greatly enjoyed. The hosts served dainty refreshments and the club adjourned to meet September 18, with Mrs. J. A. Griffith.

The semi-monthly meeting of the Country Women's club was held Friday at the home of Mrs. John Ritchy. The afternoon was devoted to sewing, the club members giving practical suggestions on the care of clothing. Mrs. Frank Winter read an interesting paper on the life of Elias Howe, inventor of the Howe sewing machine.

Mr. and Mrs. Leavitt Smith were guests of honor at a social session preceding a business meeting of the Epworth League held Friday evening in the parlors of the Methodist church. Election of officers was held in connection with the business meeting, the following being elected: President, Esther Lusted; first vice president, Jessie Olson; second vice president, Edith Olson; third vice president, Estelle Longie; fourth vice president, LaVerne Carlson; secretary, Helen Perrine; treasurer, Edna Maxwell; press reporter, Rose Elder.

ANNOUNCEMENTS

The meeting of the Women's Progressive club scheduled for Wednesday of this week, has been postponed until September 24.

The Blue Lakes Boulevard club will not meet on September 12 on account of the county fair. The next meeting will be held at the home of Mrs. R. G. Davis on September 26.

The ladies of the Community church will not meet with Mrs. Dallas, as previously announced, but will meet in the church basement on Wednesday with Mrs. James Griffith as hostess.

The Order of the Eastern Star will resume meetings after the summer vacation with a social and get together Tuesday evening, Sept. 9, at Masonic hall. There will be a program mand refreshments.

STAGE SET FOR OPENING DAY AT COUNTY'S FAIR

Preparations for Throwing Open Annual Exhibit Marked by Hum of Industry Throughout Grounds.

Members of the management and department heads worked until late last night, receiving and assigning to proper booths and stalls the eleven-hour entries to round out what is regarded as the most complete exhibition in all departments ever assembled for the Twin Falls county fair.

Exhibits will be in place ready for inspection by first arrivals when the gates at the grounds at Piler open today on the ninth annual Twin Falls county fair that will continue until Friday evening, September 13. Mr. M. H. Babcock will begin at about 10 o'clock this forenoon, after which the horns of blundered horses, cattle, sheep and swine will be thrown open to the public. Judging of exhibits in all other departments will be pushed as rapidly as possible, with the exception of the early course race, which will have the benefit of the judges' decisions.

Farm Products Stressed.

With view to demonstrating possibilities of farm product under short water conditions, special effort has been directed this year toward collection of the most creditable exhibits of grains, grasses, vegetables and fruits, and the result, Secretary Babcock stated, is an exhibition that is highly creditable to the agricultural industry of this region and one that is certain to command attention.

The fair grounds Monday presented a scene of great activity with exhibitors bringing in the aristocracy of livestock in this region and loads of carefully selected, prize-winning animals and ornate concessions completing preparations to supply needs of the record-breaking crowds of fairgoers that are expected today and the three days following.

Entertainers on Hand.

Entertainers engaged to present novel and diverting acts in connection with the daily special programs are on the ground and all set for action when the big grandstand, lately enlarged to accommodate a crowd of 1000 persons, will be open after the program beginning at 1 o'clock. Twin Falls band will furnish music between races and there will be a number of entertainment acts to be presented in front of the grandstand.

The Elder Women's club will entertain in the evening at a reception in the women's building for all visitors and has arranged for the occasion, a musical program including piano solos and duets and vocal numbers by Misses Brady, Thelma, Edith, Edna, Clara, Alice and Mrs. Gilliam, and saxophone and violin, by Miss Elizabeth Hickley and Mr. Bryce of the Piler high school orchestra.

ROUNDUP CALLED OFF IN REFERENCE TO OBJECTION

Wild Horse Riders Abandon Sunday Exhibition When Delegations From Churches Make Wishes Known.

Branch riders and rodeo performers who had scheduled a roundup exhibition to be staged Sunday afternoon on Twin Falls Athletic field as a continuation of three days' roundup, concluded Saturday to abandon the act in deference to the wishes expressed by representatives of several churches who interviewed Sheriff M. E. Finch in this regard Sunday morning.

Professional rodeo performers who took part in the roundup here last week, for the most part, left to participate in similar events elsewhere. How and Tuttle, who directed the roundup here, will direct Idaho's War Bonnet roundup, in which Max Wilson of Havre, Mont., Korbi's champion cowboy broncho rider, and Shomaker Moore, bullfighter, who appeared here, will take part. Oklahoma Curly Roberts went from here to a roundup in Washington and will enter the Pendleton roundup.

JUDGE BABCOCK TO TELL OF EXPERIENCES ABROAD

Twin Falls County Bar Association Members at Meeting to Hear Senior District Judge.

Judge William A. Babcock, who returned recently from a trip to London, where he attended the meeting of the American Bar association and to a number of continental European countries, is expected to tell something of his experiences and observations abroad at a meeting of the Twin Falls County Bar association called by its president, Judge E. A. Walters, to be held at 3 o'clock Wednesday afternoon in the district court room here. Officers of the association for the coming year will be elected at this time.

KEEN RACING IN HARNESS EVENTS

Many Horses to Compete in Four Days' Program at Twin Falls County Fair.

The keenest racing in years will feature the harness events on the program of the coming Twin Falls county fair at Piler, opening today and continuing during the three days following.

A large number of horses have been entered to compete in the 21 events on the four days' program. The management is offering purses totaling \$3200. The track has been put into first-class condition for the races. The four-day card follows:

Tuesday, Sept. 9.
Run, quarter mile, purse, \$50; run, 3/4 mile, \$100; 2:24 trot, \$50; run, 1/2 mile, \$100; run, special saddle horse elimination, \$25.

Wednesday, Sept. 10.
2:30 trot or pace, \$300; 2:22 trot or pace, \$300; run, 3/4 mile, \$50; run, 1/2 mile, \$100; run, special saddle horse elimination, \$25.

Thursday, Sept. 11.

DETWEILER TO FURNISH MUNICIPAL FUEL SUPPLY

City Commission Awards Contract to One of Several Bidders Quoting Prices Within Narrow Range.

Detweiler Coal company was awarded the contract to supply the city with 100 tons of coal at the Monday evening session of the city council. The award to the Detweiler firm was made after a prolonged discussion of the various bids received, all of which were close to the accepted bid of \$800.75 for 100 tons, delivered, 35 tons of the supply to be lump and the remainder short.

The proposition of traffic regulation on the main thoroughfares was also a subject of informal discussion. Recent congestion on Main avenue and Shoshone street has brought need of some form of traffic regulation forcibly to the notice of the board, but present conditions, it was determined, do not warrant the addition of more men to the police force and the matter stood without official action of the council.

A report of the police department was also received and accepted. Chief Heriman's report showed a total of 27 arrests for the month of August, 57 complaints and a total of \$1600.40 assessed in fines. Seven autos have been reported stolen for the month just past and four of them recovered. Four bicycles were taken and three recovered.

Joe Kuchler, manager of the Idaho theater, was referred to the acting chief of police to obtain a permit for an advertising stunt.

IT HAS JUST BEEN REVEALED that Lieutenant Leslie P. Arnold, United States army air service, was the hero of the "round-the-world" flight from Greenland to Labrador. When Lieutenant Lowell Smith's airplane fuel pump broke, Lieutenant Arnold worked the pump, twice a minute, for four consecutive hours, saving the plane from wreck. When he landed he collapsed.

OWEN D. YOUNG, temporary general repatriation agent under the Davies plan, has received 200,000 gold marks from the German government, first of the repatriation payments.

JIMMIE MURPHY, daredevil automobile racer, won the 250-mile classic at Altona, Pa., in which Joe Boyer was desperately injured when he crashed into guard rail.

PLEA OF GUILTY IS EXCEPTIONAL

Only One Out of Twelve Persons Charged With Crime Admits Offense.

Out of the 12 persons held in answer for alleged violations of the criminal code, only one entered plea of guilty on arraignment Monday before Judge W. A. Babcock at the opening of the September term of district court here. The exception was noted in case of John Boyd, Cedar creek rancher, who entertained unwelcome some months ago the sheriff and a deputy sheriff and was placed under arrest by them after he had offered them samples of the product of his moonshine still and disclosed its whereabouts to them. Judgment in his case will be pronounced Saturday.

Jurko Trial First.

John Jurko, charged with first degree murder of W. A. H. Vandermere and John W. Adkins, charged with killing of a Bague sheepherder, in the absence of their attorney, W. P. Guthrie, were not arraigned Monday, but will be called today before the court. Trial in the case of Jurko, who has been held a prisoner since the killing of Vandermere, will, it is anticipated, be the first for trial on the criminal docket, beginning next Monday.

Ray "Chief" McIntyre, "Bud" Davis, George Walters, Jr., and Russell Cavender, charged with robbery, took the statutory time after arraignment and will enter their pleas today.

Similar course was adopted by Andrew Mace, charged with issuing fictitious checks, and Ray Russell.

There lived a thrifty baker
Who thought his wealth would grow
If he could make a doughnut
And hold out half the dough.

His plan was very simple
To reach a rich man's goal
He'd make the circle thin
And thus enlarge the hole.

He started in to make them.
But very soon he found
It took more dough than ever
The hole to reach around.

He fretted, fumed and worried.
And worked both night and day.
But, as the holes grew larger,
He lost his mind, they say.

This story points a moral
That bakers all should know—
Don't try to make a doughnut
With half enough of dough.
