PRICE FIVE CENTS

CLOSING DAY AT FAIR MARKED BY MANY FEATURES

Crowds Augmented by Closing of Schools See Defense Day Parade and Excellent Program of Races Friday.

Augmented by hundreds of children released from classrooms for the occasion by the closing of schools generally throughout the county, crowds at the Twin Falls county fair Friday, the closing day, were even larger than for the preceding day when paid attendance records of the nine years history of the fair were shattered. Aided by another cool, clear day, the fair Friday came to a close with an excellent program of racing during the afternoon which was preceded by a parade of military organizations in the county in front of the grandstand in observance of national defense day.

Early during the day the roads leading to Filer were black with cars coming from all directions and long before 12:30, the time for the defense day parade, the grandstand was almost filled and the track lined with cars. Many families from distant points arrived during the morning hours and picked up at noon on the fairgrounds. Awards were completed in all departments Friday, and the secretary's office was the scene of activities regarding prize money for the finest grades of livestock, agricultural products and other exhibits.

Defense Parade.

More than 200 members of Idaho national guard from Twin Falls, Buhl and Kimberly were in the line in the defense day parade which marched past the judges' stand as a reviewing stand, where Capt. E. M. Swerley, Twin Falls lawyer and one of the officers' reserve corps reviewed the troops. Capt. Herbert Lauterbach of the Twin Falls company, Lieut. O. S. Peet, in command of the Buhl company and Capt. George Halley, commanding the Kimberly hospital unit, had charge of the parade. Following the parade and the demonstration the troops were dismissed and the afternoon's program of races opened.

By the time the races began hundreds had been turned away at the grandstand which was filled to the capacity. The bleachers were also filled. From official estimates the grandstand will seat 2000 persons and the bleachers a like number, making a total of 4000, with probably 2500 more scattered around the track in cars and around the concessions and exhibit buildings.

Night Program.

At the night program Friday evening probably the largest evening crowd of the four days were there. The program consisted of numbers by the Sunset Four, a quartet of negroes in old negro songs and melodies; the Oriental Five, in juggling and other

Test-Day Program Given At Capital; Big Parade Held

Nine Tenths of Lives in War Sacrificed to America's Unpreparedness Method, Says Speaker.

BOISE, Sept. 12 (AP)—Nine-tenths of all lives lost in major wars of the United States were sacrificed to our continued policy of inadequate military preparation in time of peace. O. W. Workwine told a crowd at the capital steps tonight, in a speech at the meeting which closed Boise's observance of Defense Day.

Hundreds of people gathered at the steps to hear the address, which followed immediately a parade of military and civic uniformed units through the principal streets of the city. The speaker was introduced by Mayor T. B. Sherman, chairman of the Ada county committee on Defense day.

The parade, which formed at 15th and Idaho streets, was headed by Colonel W. S. Titus and his staff. Following came the old soldiers' life and drum corps and veterans of the Civil war shouldering muskets. Following the fifo and drum corps were officers of the organized reserves with the Shrine patrol and Vets' drill team next in line. The R. O. T. C. cadets followed and the 11th cavalry band, coming next in line, led the Idaho national guard units. Their formation was company A, 200th Infantry, headquarters troop, 11th cavalry, and battery D, 14th field artillery. The veterans of the world war at the government hospital at the barracks brought up the rear of the parade in buses.

IDAHO WEATHER.

Saturday: Fair.

GREEN'S SECRETARY SHOWS MOVIES BY RADIO

W. H. MARSHALL

WALTER H. MARSHALL, secretary to Colonel E. H. Green, son of the late Hatty Green and one of the world's richest men, as well as one of the greatest amateur radio bugs, demonstrated in a New York theater motion pictures sent 60 feet by radio on a machine invented by Colonel Green, who expects to perfect the scheme within a year so that movies may be broadcast all over the country.

BRITISH RIGHT WEAKENS COURT

Committee Upholds Power's Plan to Sign Arbitration Pact With Reservations.

GENEVA, Sept. 12 (AP)—Great Britain's right to sign the compulsory arbitration clause of the world court of justice with reservations was upheld today by the sub-committee of the league of nations assembly, which will report its findings to the full judicial commission of the assembly.

This decision means that not only Great Britain, but any other state which subscribed to the obligatory ar-

DRAID LIFE OF PRISON TAKEN UP BY YOUTHS

Leopold and Loeb To Be Put to Work Today in Penitentiary Furniture Factory; Are Paroled.

JOLIET, Ill., Sept. 12 (AP)—Richard Loeb and Nathan F. Leopold, state prisoners number 9305 and 9306, spent their first day in the Joliet prison where they have been sentenced to spend the rest of their lives, in solitary confinement, except for participation with 1200 other prisoners in a defense day program.

Tomorrow number 9305 and number 9306, as they are already known to guards, will go to work, Loeb in the cabinet making section of the furniture factory, and Leopold in the rattan section. When they are assigned to their work, they will bid one another goodbye probably for the greater part of the year. While the two youths who have been boon companions may see one another on the prison grounds—or during meals—they will not be allowed to speak and will be confined in different sections of the old gray stone building.

Last Newspaper Talk.

The boys also had their last talk with newspaper men today, according to Warden John L. Whitman, who allowed reporters to see the boys for five minutes, but said it would be the last time they will be permitted to talk. The slayers of young Robert Franks, however, did not avail themselves of the privilege, insisting that they were instructed not to talk, while Loeb, upon being informed that he was seeing for the last time the reporters who had "flocked about him for months, remarked: "That's fine. That just suits me."

Asks Consideration.

Warden Whitman said he had received a letter from Clarence S. Dawson, chief counsel for the two millionaires' sons, asking that they be shown some consideration on account of their youth, although their attorney made it clear he asked no special favors for them. The warden said they would not be brought into contact with criminals of years standing and added that for the present they will be placed in cells by themselves.

Tomorrow morning they, with the other prisoners, will attend the usual Saturday morning picture show.

Filipino Strikers Under Sentence on Charges of Rioting

Plead Guilty to Possessing Weapons and Inciting Trouble in Section.

LIHUE, Island of Kauai, T. H., Sept. 12 (AP)—Nine Filipino strikers today who pleaded guilty to possessing weapons for the purpose of inciting riot received suspended sentences of 13 months.

Physicians say that all wounded strikers in hospital will recover. The situation here is quiet. Donations from people of all nationalities are being received to defray the funeral expenses of those killed Tuesday. Any balance will be given to the widows of the 18 strikers who were killed.

POWER COMPANY GIVEN TIME FOR ANSWER ON COMMISSION'S ORDER

BOISE, Sept. 12 (AP)—The Idaho Power company has 20 days from September 11, in which to comply with an order of the public utilities commission requiring it to furnish certain information regarding its depreciation or retirement reserve, a phase of the company's valuation hearing that was not entirely settled when the commission placed a valuation on the company's property.

The commission wants to know how much money the power company has set aside for depreciation or retirement reserve since its organization with specific emphasis on the amount set aside as a result of the 10 per cent increase granted the company in June, 1920.

BRITISH PRESS SILENT.

LONDON, Sept. 12 (AP)—Throughout the hearing into the Franks kidnapping and murder case at Chicago, the British press regulated the reading public with columns of quaintest descriptive stories, but few of the papers made editorial comment when Judge Caverly passed sentence upon the culprits, Richard Loeb and Nathan F. Leopold.

The verdict, however, was the topic of conversation everywhere, many people accepting it as an opportunity to express cynical remarks upon American criminal court justice.

TWO SUSPECTS SLAIN.

BARTLESVILLE, Okla., Sept. 12 (AP)—Two alleged bank robbers were killed and a police officer was shot at Coffeyville, Kansas, early tonight, according to reports reaching here. The men killed are thought to have participated in a bank robbery at Kansas City.

REPUBLIC OF ECUADOR HAS NEW PRESIDENT

DR. G. S. CORDOVA

DR. GONZALO S. CORDOVA has just been elected president of the republic of Ecuador.

CONDEMNED DEFENSE DAY.

TOKIO, Sept. 12 (AP)—A delegation from the National Elementary Education association, which called on the American charge d'affaires, Jefferson Caffery, today to present resolutions condemning defense test day and urging pacifist ideals, was compelled to ask plain police protection due to efforts made by reactionary groups to prevent the visit.

SUBMITS PLAN PAY OFF DEBT

Member of Debt Funding Commission Sees Way for France to Pay America.

WASHINGTON, Sept. 12 (AP)—Edward N. Hurley, member of the American debt funding commission, and war time chairman of the shipping board, today submitted to Secretary Mellon, a plan for settlement of the French debt to the United States, and informed the secretary he had found reaction to the proposals favorable. Mr. Hurley, who returned from a visit to Paris two days ago, discussed the whole problem there with French government officials.

The plan provides for payment of the debt in 67 years at the rate of \$100,000,000 a year and interest, together with an agreement by this government to relieve half of the annual payments in French industrial bonds. Other features of the proposed terms were not disclosed by Mr. Hurley who left Washington today for his home in Chicago.

It is the hope of the author of the plan to create a basis for settlement that will serve the double purpose of liquidating the French debt to the United States, and at the same time provide help for the French industries similar to that expected to result for Germany through the Dawes settlement. Mr. Hurley declared the relief measure should mean a revivification of French industries, which he regarded as necessary to any settlement with that government.

CHINESE FAILS TO APPEAR ON CHARGE OF NARCOTIC SALE

BOISE, Sept. 12 (AP)—Louis Lok, Chinese, of Hailey, failed to appear in United States court today when he was called to be arraigned on a charge of selling narcotics and his bond of \$750 was forfeited. Bench warrant was issued and a new bond set for \$1000. The United States marshal's office was of the opinion that Lok had gone back to China in a steam American port. He was arrested several weeks ago by federal agents at Hailey, but had been at liberty on bond. Indictment was returned against him yesterday by the United States grand jury.

PERKINS LOSES POINT

Demurrer to Complaint Against Roseworth Man Is Overruled by Judge Dietrich in Federal Court.

BOISE, Sept. 12 (AP)—Judge F. S. Dietrich today overruled the amended demurrer filed by Homer C. Mills in behalf of Fred N. Perkins, Twin Falls, who was indicted Monday on a charge of sending letters to P. C. Meredith in efforts to extort money. Mr. Mills sought to have the indictment set aside on the ground that it was faulty. On request of James F. Heston, Jr., attorney for United States district attorney, Judge Dietrich set tomorrow morning at 9 o'clock for appearance of Perkins to enter plea.

MILLIONS TAKE PART IN TESTS ON DEFENSE DAY

Reports Received at Washington Indicate That 16,000,000 Participated in Mobilization of Manpower.

WASHINGTON, Sept. 12 (AP)—Reports tonight to the war department from the nine corps area headquarters indicated an aggregate civilian participation of more than 16,000,000 in defense day exercises over the country.

These included both the one-day volunteers who turned out to fill up the ranks of regular army, national guard and organized reserves and also the civilians who otherwise took part in parades and exercises exclusive of the crowds along the streets which watched the demonstrations.

Highly Successful.

Corps area commanders were unanimous in declaring the day highly successful and asserting that the public generally was enthusiastic in the endorsement of the national defense program.

A summary of the reports received at the department said they showed that "more than 16,792,781 persons had participated and that there have been 6535 local demonstrations. "Present indications are that all over the country communities have taken great interest in the test and have had excellent demonstrations," the statement added. "The results obtained are highly satisfactory to the department."

To War Strength.

The figures received from corps area centers in the preliminary reports did not permit of an accurate estimate of the total one-day strength of the military units, although it was indicated that almost all of them had been filled to war strength or nearly so, which would mean approximately two million men mobilized. The department also was advised that 40,000 men were available for emergency duty and "that more than 75 per cent of them reported during the day."

In concluding the defense program tonight in radio addresses, Secretary Weeks and General Pershing spoke over telephone lines connecting over 38,000 miles of wire from coast to coast, their remarks being picked up for radio broadcasting at points from New York to San Francisco so that the entire country from coast to coast and from border to border was reached. It has been estimated that not less than 20,000,000 persons "listened in" on these addresses which were devoted to expressions of gratification over the loyal co-operation the war department had received in working out its defense test plan.

Grand Jury Closes

Deliberations; 12 Under Indictment

Liquor Charges Face Men in Cases Heard Friday; Moonshining on Large Scale Claim of Officials.

BOISE, Sept. 12 (AP)—Two indictments charging conspiracy to violate the national prohibition act, in which 12 defendants are named, were among the six returned this afternoon by the United States grand jury at its final session. The first indictment of the two, alleged the manufacturing and sale of liquor on a large scale, is against Clayton Hughes, H. R. Hickman, Frank Dunham, Earl Bennett, Claud Shown, Alex Robinson and "Slim" York, and contains six separate counts. The other indictment is against George Portlock and the Hoyt brothers, George, Veon, David and Alex.

The grand jury was dismissed this afternoon with the thanks of the court for its labors since Monday when it began its deliberations. A total of 31 indictments have been returned, two of them secret. One hundred and twenty witnesses were examined by the jury in the five days, according to the United States marshal's office. Of the \$2900 in the witness fee fund at the opening of the September term but \$50 remained tonight, said Frank Breakers, United States marshal.

STRIKERS ARE INDICTED.

HILLO, T. H., Sept. 12 (AP)—Four fruit strikers have been indicted by the grand jury on charges of criminal syndicalism. It is alleged that they used threats during a strike at the Olney plantation on July 30.

CHINESE WOMAN
BANDIT PUT TO
HORRIBLE DEATH

"Old Mother" Diao, Said To Be
Most Bloodthirsty of Out-
laws, Is Killed by Slicing
Process.

SHANGHAI, Sept. 12 (AP)—"Old Mother" Diao, said to be the most vicious and bloodthirsty bandit of the province of Shantung ever produced, has been executed at Ichowfu in Shantung, according to reports received in Shanghai by mission organizations. These advisers said that the dreaded feminine bandit suffered that painful form of Chinese death penalty, the guillotine, or in English, the slicing process.

Forty-seven years old and an expert horsewoman, "Old Mother" Diao led a band of several hundred outlaws who terrorized a broad section of the province of her that last summer she planned an attack against Ichowfu after calling to her aid two other groups of bandits. They had assembled at a place near the village of Buliding in a home-guard of villagers, known as the "Big Knife Society," armed with their own guns, attacked them and suffered utter defeat.

Driven Back.

The villagers were driven back into Buliding and the bandits followed them. Then the gates of the village were closed and every man was shot down. Sixty women and children then were lined up, and "Old Mother" Diao was asked what to do with them. Her orders to kill them all were carried out with the result that every man, woman and child who was within the walls after the gates had been closed was slain. Even the cattle and dogs of the village suffered the same fate.

Liug-eh is simply vivisection done by experts in such a manner that the victim survives in a conscious state through hours of a terrible ordeal.

BRADSTREET'S REPORT
GOOD IMPROVEMENT

Weekly Clearances Amount to More Than Seven Billion, Commercial Journal Reports.

NEW YORK, Sept. 11 (AP)—Bradstreet's report tomorrow will say: Despite some evidences that early fall buying in some instances has been satisfied and that purchases for the more distant positions are quite closely restricted, the general tone is toward a continuance of the moderate improvement heretofore noted. Better than this moderate trend is apparently not expected just at present, the tendency being to go forward cautiously.

It has been too cool for most crops but especially for corn, which has continued warm weather while it has been to dry for cotton in most states. Cool weather, however, has had a stimulating effect on both retail and jobbing trade, more especially in states favored by good weather. Small grains or cotton as for instance the old spring wheat northwest, the old southwest and Texas.

Weekly bank clearances were \$7,805,156,000.

LEGAL ADVERTISEMENTS

ALIAS SUMMONS.

In the District Court of the Eleventh Judicial District of the State of Idaho in and for the County of Twin Falls

The Union Central Life Insurance Company, a corporation, Plaintiff,

vs.
Charles O. Alexander and Nellie Alexander, husband and wife; Joseph F. Alexander and Maggie E. Alexander, husband and wife, and Lemuel Combs, Defendants.

The State of Idaho sends greetings to Charles O. Alexander and Nellie Alexander, husband and wife; Joseph F. Alexander and Maggie E. Alexander, husband and wife; and Lemuel Combs, the above named defendants.

You are hereby notified that a complaint has been filed against you in the District Court of the Eleventh Judicial District of the State of Idaho, in and for the County of Twin Falls, by the above named plaintiff, and you are hereby directed to appear and answer said complaint within twenty days of the service of this summons, if served within said Judicial District, and within forty days if served elsewhere; and you are further notified that unless you so appear and answer said complaint within the time herein specified, the plaintiff will take judgment against you as prayed in said complaint.

This is an action to foreclose a mortgage given by the defendants, Charles O. Alexander and Nellie Alexander, husband and wife; Joseph F. Alexander and Maggie E. Alexander, husband and wife, to the plaintiff herein covering the following described property, situate in Twin Falls County, Idaho, to-wit: The NW 1/4 of the NW 1/4 of Section 15, Township 6, South of Range 15, E. B. M.

Witness my hand and the seal of the said District Court this 16th day of August, 1924.
(SIGNED) C. C. SIGGINS,
Clerk.
By JOHN F. HANSEN, Deputy.
Harry J. Benoit, Attorney for Plaintiff, residing in Twin Falls, Idaho.

Cattle Industry Going
Through a Readjustment

Roger Babson, Famous Statistician, Reviews Livestock Industry; Optimistic Future.

BABSON PARK, Mass., Sept. 12.—Since the receivership of Wilson & Co., the great packers of Chicago, Roger W. Babson has been making a study of the packing-house situation—with special reference to the cattle business. An exclusive summary of his report follows: "It has generally been known that the cattle raisers of the country have suffered severe losses during the past few years, but few realize the extent to which the business has been liquidated," says the statistician. "Briefly, the situation that before the war, in 1914, cattle were selling around 49 per cent. on the hoof in Chicago. The price went up to \$17.50 in August, 1919. By December, 1921, it had declined to as low as \$4.00. The present price is approximately \$9.50 per cent. Live beef is selling in Chicago at about 100 per cent. All costs in the industry meantime are of course on the up side.

Stagnant Loss.

"Considering that there are as many, or more, cattle in the country today than ever before this means a loss of hundreds of millions of dollars, which has been absorbed all the way down the line from the ranchman on the prairies of the great west to the grocers who sell the carcasses to the consumer. Connected with the industry has suffered almost continual losses since August, 1919. The result of this has been that the country is dotted with failures here and there starting with the farmers and the ranchmen and running through to the great packers of Chicago. Other great industries, such as copper, leather and oils are in the process of liquidation and readjustment; but none of them have suffered so severely as has the cattle business."

"This very fact, however, makes me optimistic rather than pessimistic on the cattle industry at the present time. The failure of Wilson & Co. may be the storm before the clearing. It is always darkest just before dawn and a general clearing up seems to be inevitable before an industry again begins its upward trend. The liquidation in the cattle industry has been very drastic.

All Take Losses.

"Farmers, cattlemen and packers have taken tremendous losses. Herein lies the worst which sold for \$100,000 ten years ago can now be bought for one-half or one-third this sum. In some states, like Wyoming, the cattle industry is becoming almost extinct. The ranchmen are gradually closing out business and shipping their last cattle. Then very facts, however, lead me to believe that the liquidation is about complete and that conditions should soon improve. Surely when a man is flat on his back there is only one way he can look, namely, upward. The cattle industry is certainly on its back at the present time.

Auto Eats Beef.

"On the other hand, a well-to-do family does spend more on beef than a poor family. Of course, the beef industry has been severely hit by the automobile. Many people who have bought automobiles during the past few years have found it necessary to economize on something in order to pay up their notes on the automobile and buy gasoline, oil and tires. One of the few things they could economize on was beef.

"They found it not essential to existence and that they could get on with less than they formerly purchased. However, as the country gets adjusted to each family having an automobile the demand for beef will again increase. People have always eaten beef and always will—without 'auto-cars'—a long period of years the per capita consumption is bound to increase. I am optimistic on the beef industry for the long pull."

Retail Problem.

"Why has not this decline in the price of cattle been reflected more in the retail price of meat products?" Mr. Babson was asked, to which question he frankly replied, "I don't know."

Continuing he said: "Statistics clearly indicate that the consumer has not yet received the benefit of the decline of cattle on the hoof. Why, I don't know. If the packers were making big money now we would know that they were benefiting in this decline in the price of cattle. As above stated, however, no one is making money and the price to the consumer is still fairly high. This must mean that the railroads, or the trucks, or the real estate interests, or some other group are slogging the route of beef from the hoof to the home.

Study Situation.

"The department of agriculture at Washington is making some studies of this situation, and those who are interested should write to Secretary Wallace for the results of these surveys. Without doubt the price of meat products should be lower to the consumer, but how to bring this about with everyone losing money is a difficult problem. Important interest are now at work endeavoring to untie the knot. It is very possible that it may have to be cut with a knife. This thought may have been in the mind of the judge who appointed the receiver for Wilson & Co. Of course, such drastic treatment temporarily hurts business—the Babson chart shows general activity at 12 per cent below normal—but in the long run it often is for the best."

Wind Cuts Train Speed in Two.

About half the power produced by railroad locomotives is employed in breaking down the wind resistance against the trains, according to experiments conducted by the French Aero-Technical Institute at Saint Cyr. The experts decided that this was too much and set about building a model train of cars based on the latest principles. They tried it out in a special tunnel with the result that 72 per cent of the wind resistance was eliminated.

To Be Taken Sparingly

Only those deserve freedom of speech who have wit enough not to work it too hard.—Duluth Herald.

ARMOR OF EARLY
DAYS PLOWED UP
BY BULGARIANS

Bronze Suit of Roman Knight
Equipped With Shield, Sword
and Spear, Discovered by
Peasant in Field.

KARAGATCI, Bulgaria, Sept. 12 (AP)—A peasant plowing near this village turned up one of the most interesting archeological finds made in recent years. When the plow struck an obstruction the peasant found it was a slab of marble. Lifting this a marble tomb was disclosed and within lay a suit of bronze armor of a Roman knight, together with shield, sword, spear and several utensils, including an exquisite vase.

Director Velkoff, of the National Museum, and Mr. Popoff, an expert on Greek antiquities, estimate that the find dates back to the pre-Alexandrian period. They surmise that he may have been a dweller of a Hellenic colony on the Black Sea coast.

On the interior, well-preserved and of a high order of workmanship, were the figures of Apollo, Pallas Athena, Poseidon, Minerva and Mars. One ear-piece found bore the figure of Zeus with the trident. The other ear-piece was lacking.

The helmet was silvered, and some of the white metal still adhered. The human figure that once bore the helmet and carried the weapons was entirely absent, except in the form of ashes in small amount.

"The knight who bore the armor was evidently a high paragon," said Director Velkoff. "Therefore, after his body had been deposited in the grave it was burned, an early instance of cremation."

The News is read by the permanent earning class.

AT THE IDAHO THEATRE
Bigger than the biggest circus. Not even the extravagant press-agency of the greatest show on earth could equal the truth regarding the production of "The Covered Wagon" for Paramount which closes at midnight tonight at the Idaho theatre. Fifty carloads of material were shipped to the location at Baker, Nev.

In addition, 1000 Indian and more than 2000 white persons are seen in the picture. Also there are upward of 1000 covered wagons, several hundred mules and covered wagons. The center of activities was at the Baker ranch.

Finished Behind
The famous composer finished a rehearsal by thanking the orchestra for what (he said) was the finest interpretation of his work he had ever heard. Whereupon one of the horn players turned to a colleague and remarked: "Well, I've still got two pages to play, anyhow."

How Did He Know?
Magistrate—"You are charged with being drunk. Have you anything to say?" Culprit—"I've never been drunk in my life, sir, and never intend to be, for it always makes me feel so bad in the morning."—Fall Mail Gazette (London).

Twin Falls, Idaho

If excellence in printing cost too greatly in excess of just ordinary printing, probably there would not be a sufficient market for the better kind to warrant the extra effort involved.

But where the extra cost amounts to little or nothing, obviously, the better product will sell over the poorer product.

This is the big truth back of the fact that News Printing sells—it sells over and over again—probably it will continue to sell.

But News Printing is not "just printing."

What The News says about it is not the main test. Ask the people who use it—there are many of them.

"Sheep" brown: First D. H. Hake, Twin Falls.
Alfalfa: First J. S. Foldhusen, Twin Falls; T. S. Pryan, Castleford; third Harold Lancaster, Filer.
Wool: First in display: First Herbert Ovington, Twin Falls.
Smith Hughes exhibit: First Filer Rural high school; second Twin Falls high school.

FRUITS
Best crate of the following apples: Jonathan: First Blaine Vosburg, Twin Falls; second Denton Orchard Co., Filer; third Blaine Vosburg, Twin Falls.
Rome Beauty: First Robert Hayes, Buhl.
Grimes Golden: First John H. Blas, Filer; second E. E. Smith, Hansen; third Blaine Vosburg.
Delicious, red: First Denton Orchard Co.; second Robert Hayes.
Wealthy: First E. E. Smith.
Best Plate of Apples
Arkansas Black: First M. W. Krumm, Hansen; second S. G. Diehl, Filer.
Ben Davis: First M. W. Krumm; second and third George Watt, Buhl.
Delicious, red: First S. C. Orr, Buhl; second John H. Blas, Filer; third O. R. White, Buhl.
Delicious, golden: First and second Frank DeKlotz, Filer.
Gano: First and third George Watt, Buhl; second Carl Blas, Filer.
Grimes Golden: First J. S. Wiseman, Hansen; second D. H. Hake, Twin Falls; third Robert Hayes, Buhl.
Jonathan: First O. R. White, Buhl; second Blaine Vosburg, Twin Falls; third George Watt, Buhl.
Manitou Black: First S. G. Diehl.

Delaware: First and second John Baisch, Kimberly.
Brighton: First John Baisch, Kimberly; second and third Frank DeKlotz.
Agawan: Second and third Frank DeKlotz.
French prunes: First Mrs. George Bender, Kimberly; second Mrs. M. J. Starns, Filer; third M. W. Krumm, Hansen.
Silver prunes: First and second B. P. McPherson, Buhl; third H. Bieker, Twin Falls.
Plums
Green Gage: First Marion Hammann, Twin Falls; second H. H. Thione, Buhl; third O. R. White, Buhl.
Blue Damsel: First S. C. Orr; second Mrs. Mueser, Stearns; third H. H. Thione.
Staten: First John Baisch, Kimberly.
Abundance: First and second B. P. McPherson; third O. C. Foltan, Filer.
DeSoto: First and second J. H. Wata, Twin Falls.

Peaches
Early: First and second Frank DeKlotz, Filer.
Champion: First Charles L. Bogel, Twin Falls; second G. R. Vosburg, Twin Falls.
Elberta: First and third John S. Goudley, Filer; second Robert Hayes, Buhl.
J. H. Hake: First and second Mrs. R. S. Ames, Filer; third T. George Hilder, Twin Falls.
Wager: First and second J. H. Wata, Twin Falls.
Late Crawford: First and second Frank DeKlotz.

Grapes
Concord: First S. C. Orr, Buhl; second and third Frank DeKlotz.
Ningara: First W. P. Truchland, Twin Falls; second John H. Blas, Filer; third Frank DeKlotz.
Sweetwater: First and second Al. Fred Mueller, Buhl.

Radio Days
When children quivered in the old days it used to be "You shan't play in my yard!"—witness the comic song of the period. The modern version (sung in all) is—"All right, then. You shan't come and listen-in."

Yet They Do Not
There are few gold mines to discover and few old lands to tap, but anybody can learn to put on plaster.—Baltimore Sun.

Sheep and Lambs For Sale

4800 choice smooth Rambouillet lambs mixed.
800 Hampshire-Rambouillet lambs mixed.
2500 smooth high class Rambouillet yearling ewes.
6000 smooth high class Rambouillet ewes, 2 to 6 years old.

SCHEDULE OF GAMES TO BE THRESHED OUT

Meeting Today Will Decide Games for District; Plastics Organizes Squad Into Teams; Prospects Named.

Couch Plastics is a fast worker and already the air is echoing about Lincoln field with the call of signals by embryo quarterbacks trying for their place on the 1924 Twin Falls gridiron.

With practice advanced to the running of plays within the district, the meeting is called at the request of Mr. Van Patton, superintendent of high schools, and head of the district athletic board which found many difficulties last year. The district games for the season will be made up at today's meeting and rules made of eligibility of players in the district.

The squad has divided itself into teams now and the process of shifting the men down to the prospective team members is already under way. In the backfield the most likely contenders are Alvord, Plins, Fie, Schaeffer, Wilkins, Berg, Owens and Kelly. All of these men are players with some experience in the game, and show the most promise of developing into effective material, while others are being given their chance daily. Timm, fullback and safety on the 1923 team, is a safe bet for the same berth on this year's eleven, and Alvord, halfback and quarter last year, is equal to either job on the team. The rest of the backfield are trying for their letters for the first time.

On the line the material in sight is light but acknowledged to contain scrappy material to effect the advantage of weight. Anderson, sophomore and center for the junior high graders last year, is the most likely bet for the post position with competing strong from various points. Vance and Potter and Holman, lettermen of last year, are three men to be considered for the guard positions, while Humphreys, Frahm and Johnson are prospective tackles. In this department Humphreys, who contributed no little weight to last year's line, is the most promising prospect to date. Plastics has stationed two experienced men to hold the team together at the ends shifting Farrar from tackle to right end, and left Day in his customary position at the left extremity.

TWIN FALLS MENTIONED IN SPALDING'S GUIDE

Official Football Guide—Places Names of Two Local Teams on Record; East High Game Given Comment.

Spalding's Football Guide for 1924 finds room for an interesting writeup of the Twin Falls gridiron teams for 1923, and does not limit the space to the high school team alone but gives the junior high school team a big write-up.

The interesting game with East High school, Salt Lake, is featured as the big game of the season which the Bruins won by the score of 27 to 7 for the Utah champions. "Mouse" Garrity, "Swede" Jenkins, Judson Timm and Captain John Lister are all given favorable comment by the sporting catalog of the intercollegiate game.

In the department devoted to the junior high school teams, Charles Vance, Herbert Owens, Walter Franzelle and Howard Berg are all given a section of the page, with Franzelle being given special mention for his passing and punting ability.

GIANTS REDUCED TIE WITH ROBINS

One Point Between Top Places in National League as New York Drops Game.

NEW YORK, Sept. 12 (AP)—The St. Louis club reduced New York's lead in the National league race to one point here today winning the first game of a short series between the clubs.

The Cardinals knocked out Watson in the first inning and drove out Ryan two innings later. McGraw used five pitchers.

The Giants landed on Sherdel for 13 hits, but were unable to hit in the ninth. New York's home run in the sixth saved New York from a shut-out.

The score: R. H. E.
St. Louis..... 5 8 0
New York..... 1 13 1

Batteries—Sherdel and Gonzales; Watson, Ryan, Leonard, Mann, Hunter and Gowdy.

CHICAGO 10, PHILLIES 8.
PHILADELPHIA, Sept. 12 (AP)—Chicago took advantage of Bing's wildness today and took the first game of the series from Philadelphia 10 to 8.

Aldridge proved ineffective in the opening innings and gave the Phillies a lead which the Cubs did not overcome until the ninth inning. Cy Williams hit two home runs over the right field wall, and his bat accounted for six of the home team's runs but his errors in the field allowed the visitors to score two runs in the sixth and finally win out in the ninth.

The score: R. H. E.
Chicago..... 10 11 2
Philadelphia..... 8 13 4

Batteries—Aldridge, Jacobs, Kaufman and Hartnett; Ring, Couch, Oeschger and Wilson.

PIRATES BEAT BOSTON.
BOSTON, Sept. 12 (AP)—The Pittsburgh Pirates defeated Boston, 5 to 4, here today. The principal factor in Pittsburgh's victory was a home run to right center by Earl Smith off Denton in the eighth, lining with Grimm on base. Fielding plays by Maranville and Bancroft featured by Pittsburgh..... 5 14 2
Boston..... 4 14 2

Batteries—Cooper, Pfeffer and E. Smith; Barnes, Benton and O'Neil.

No other National league games were scheduled.

SHOCKER SCORES SHUTOUT AGAINST CLEVELAND, 5 TO 0

St. Louis Pitcher Allowed But Four Hits in Only Game of American League; Two Home Runs Featured.

ST. LOUIS, Sept. 12 (AP)—Urban Shocker was in good form today, holding the Cleveland team to four hits, thus enabling the Browns to take today's game, 5 to 0. Gene Robertson and Bill Jackson, of the local team, batted out home runs. The game was played in one hour and 18 minutes.

The score: R. H. E.
Cleveland..... 0 4 0
St. Louis..... 5 9 0

Batteries—Roy and Walters; Shocker and Rego.

No other American league games were scheduled.

POLO TEAMS TO PLAY TODAY.

NEW YORK, Sept. 12 (AP)—American and British polo teams will make their fourth attempt to meet in the first match of the series for the international cup tomorrow afternoon at 4 o'clock at the Meadowbrook club.

DRAKE UNIVERSITY TEAM TO INVADE SALT LAKE

University of Utah to Meet Iowa Eleven in Intercollegiate Football Game on October 4.

DES MOINES, Iowa, Sept. 12.—Football fans of the northwest will see one of the fastest, shiftest backfields of the Missouri Valley conference in action when the Drake university eleven invades Salt Lake City, October 4, for its intercollegiate battle with the University of Utah team.

Captain-elect Sam Orbaugh, who plays quarterback on the Drake eleven, is one of the sweetest pilots in the middle west, football critics declare. Orbaugh is a "fast," shifty runner, adept at both stiff-running and side-stepping. He can hurl long forward passes accurately, and is extremely clever at pulling the pigskin out of the air when he is on the receiving end.

Orbaugh is also one of the best punters in the Missouri Valley loop. Last season his boots averaged around 50 yards and, as a general rule, he can place the ball just about where he wants it when he kicks.

As halfbacks, Joe Enright and Glenn Spears are not heavy, but what they lack in weight they make up in speed and grit. They are good at running ends and dashing off tackle, and Utah gridlers will find them a hard pair to stop. Both are juniors this year and will be playing their second year of varsity football.

Kenneth McEuen, fullback on the Drake team, is a sturdy, fast, hard-hitting line plunger. When it is a matter of a few yards, McEuen is generally able to rely upon his own strength by crashing through the opposing forwards. He is a stone wall in tackling up the Drake line on defense, and also furnishes excellent interference for his running mates when they carry the ball on the offensive.

Grays Reported Ready for Melee with Bears

Newbill to Pitch for Buhl Against Portacello; Rumor Circulated That Ericson Will Pitch for Visitors.

Buhl will conclude the baseball season at the west end town Sunday and Monday with a two-game series with the Portacello Bears on Ferris field.

For Sunday the starting time is set at 2:15 p. m. by Manager Oriowald, who promises the fans a treat in the way of a duel between Newbill and Ericson with the Blues, and either Phillips or Allred. Fans will be used on the second day says the Buhl manager unless a rumor to the effect that Portacello is using Erickson is true.

Whitely, Lebruns, Kavan and Young will take their places in the lineup.

GIBBONS BOUT PLANNED.
NEW YORK, Sept. 12 (AP)—Tom Gibbons may battle Gene Tunney for the latter's light heavyweight title at Boyle's Thirty Acres before the close of the outdoor season if Tex Rickard goes through with plans he has under consideration.

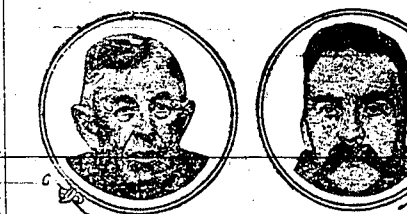

TICKET SALE LIMITED.
PEKING, Sept. 12 (AP)—The Peking Mukden railway company is selling tickets only as far as Shanhaiwan, the dividing point on the sections of the railway controlled jointly by the central Peking government and by General Chang Tso-lin of Manchuria. Formerly an arrangement existed for the issue of through tickets and the exchange of cars.

Uncanny Clockwork.
A grim clock is owned by a Hindu priest, the dial of which consists of a great gong, under which there are a certain number of human bones and skulls. When the hands point to one o'clock some of the bones unite to form a skeleton, which, actuated by hidden mechanism, springs to its feet, seizes a mallet, and strikes the gong a single blow. At two o'clock two skeletons repeat the actions, and at three o'clock three skeletons, and so on till twelve, when a dozen of these ghastly objects stand in a row and strike the gong in an uncanny burlesque of human actions.

Patient Old Bird
The green heron, which is sometimes called the fly-up-the-creek, is about one and one-half feet long and is common throughout the United States and Canada. It feeds mostly on fish, frogs and other aquatic animals and may be seen, particularly in the morning and in the evening, standing patiently motionless in some shallow water, waiting till prey comes within reach.

Republic Founded by Monk
The republic of San Marino, the second smallest independent state in Europe, is said to have been founded by Marinus, a Dalmatian monk, some time in the fourth century. San Marino has never lost its independence.

Men and Women of News-Interest

Below: LEON TROTSKY & MARY EATON. Below: E. F. POPE GEERS & MARSHALL SILVERSKI.

EDWARD F. ("POP") GEERS, 73, of Memphis, Tenn., world's greatest trotting race favorite who had made a million dollars at the track in the 50 years he had been driving, was killed "in harness" at Wheeling, W. Va., when Miladi Goy, his trotter, fell, throwing Geers 15 feet out of his sulky.

LEON TROTSKY, soviet Russia's war minister, is urging war on Poland and Rumania to recover sections of White Russia now held by Poland, and Bolsheviks held by Rumania. In the event of war, Marshal Pilsudski will command the Polish armies.

MARY EATON, famous musical comedy star of New York city, was at the podium to bid adieu to Georges Carpentier when the French light heavyweight sailed for home. She kissed him an affectionate farewell.

AMBASSADOR TAKES SEAT

Agreement Between Powers and Soviet Representative Results in Legation at Peking Being Turned Over.

PEKING, Sept. 12 (AP)—Under an agreement between the powers and Li-M. Karakhan, the soviet ambassador, the Russian legation today was handed over to the Russian representative.

Karakhan, it is understood, reiterated his assurance given to the American minister, Jacob Gould Schurman, their acting head of the Peking diplomatic corps, that the soviet still considered itself a co-signatory of the agreement under which the legation quarter is regulated and has satisfied the legations to abide by the regulations.

The Russian legation has been under the control of diplomatic corps since China suspended recognition of the soviet government in September, 1920. After the soviet had been recognized by China, Karakhan asked that the legation be turned over to him.

CHAIRMAN ATTACKS LAFOLLETTE SPEECH

CHICAGO, Sept. 12 (AP)—William F. Butler, chairman of the republican national committee, tonight issued a statement constituting an attack on the address with which Robert M. LaFollette opened his campaign for the presidency today.

"There is not a single coup line in the country," said Mr. Butler, after quoting Senator LaFollette as saying "the consumption per capita of such a staple food as bread is very much less than it was a few years ago."

"That is not a single coup line in the country," said Mr. Butler, after quoting Senator LaFollette as saying "the consumption per capita of such a staple food as bread is very much less than it was a few years ago."

"Bread consumption has been decreasing but Mr. LaFollette distorts the fundamental reason therefor, the increasing prosperity and higher standard of living of the people. Every population decrease has brought about an increase in proportion to the consumption of meat, fruits, sugar and other varied foods."

Joe-K Says:

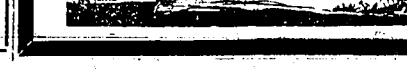

It doesn't make any difference how much sugar and fancy pickles you soak into a fellow, he's no good unless he's sweet and sound at the core.

TOURIST PARK NOTES

Mr. and Mrs. H. C. Van Valkenberg from Sacramento, Cal., have been touring northern Montana and Canada, and now on their way home.

Frank Fyfe and partner came from Trinidad, Colo., and left for Oregon.

Mr. and Mrs. C. A. Christensen, and Mr. and Mrs. George Lee came from Cleveland, Cal., via Elko, Nev., and left for Portland.

Norman Forner has been wandering through Wyoming and is now en route to his home in Granite Falls, Wash.

G. E. Moore from Idaho Falls was an overnight guest in our park Thursday.

L. E. Stamm and party from Des Moines went to Idaho Friday morning.

J. P. Bond and party from Portland, have been sight-seeing up in Wyoming and are going back over the Old Oregon Trail.

F. Helfrich is returning to Montpelier from a trip to Portland.

W. Halstead and family came through on their way here from Los Angeles.

Mr. and Mrs. J. E. Lissauer are en route to the Yellowstone park from The Dalles.

Mr. and Mrs. Bert Imeson are moving from Pocatello to Portland.

G. W. Cline and family from Lak-Charles, La., are journeying to the coast.

C. B. Stroud from Buhl stopped with us a night on his way to some warmer climate.

John Kinley and family are going to Eugene, Ore., from Nacon, Mo.

J. P. Murphy and family came from Ogden via Oakley.

Mr. "Heaton" came from San Francisco and is returning via Portland.

Harry Mackay and friend are here from Longmont, Colo. They will make this their home if they find an opening that suits.

FILER RURAL HIGH-HAS UNEXPECTED INCREASE

Enrollment Jumps 10 Per Cent at Opening of Year. Recent Improvements Take Care of Increase.

FILER, Sept. 11.—(Special to The News).—The Filer rural high school opened September 2 with an unexpected 10 per cent increase in enrollment. However, due to improvements made during the summer, the facilities are ample to care for this increase.

The entire faculty of last year were employed at increased salaries. The commercial and science departments have been enlarged and improved. The school is now running at capacity.

The enrollment increase is due largely to a large number of students residing outside of the district coming to Filer. Also, a large number of people have moved to Filer within the last few weeks, there being practically no vacant houses at the present time.

The Filer high school district was organized and the building completed in January, 1919. The school was started at that time. The enrollment this year is approximately double that of four years ago. The high school is fully accredited and maintains high standard work with a wide variety of courses.

WAR GUILT RETRACTION

Statement Made by German Paper That Denial Will Be Made Through Regular Diplomatic Course.

BERLIN, Sept. 12 (AP)—Official retraction of Germany's confession of war guilt as now incorporated in the treaty of Versailles will be made through the customary diplomatic channels, according to a significant article today in Die Zeit, which is generally accepted as the mouthpiece of Foreign Minister Stresemann.

The action, the newspaper declares, will be undertaken at "a given time" and will not be influenced by internal or partisan considerations. Fear of an adverse reaction from abroad.

CHURCH WORKERS HERE FOR MEET

Auxiliary Organizations' Convention in Connection With L. D. S. Conference.

Four representatives of general boards of auxiliary organizations of the L. D. S. church arrived here Friday from Salt Lake to take part today and Sunday in a convention of auxiliary organizations of Twin Falls stake in connection with the regular quarterly conference. Hyrum G. Smith, presiding patriarch, is expected to arrive here at noon today.

Representatives of general boards who arrived Friday were Charles H. Hart, representing Sunday schools; Miss Ann Nebeker, primary work; Miss Martha Smith, Young Ladies' Mutual Improvement association; and Miss McClellan, relief work.

Conventions of these today will include a demonstration of children's activities in the First ward chapel at 3 p. m. and demonstrations this evening in the First ward chapel by the Relief society and Mutual Improvement associations.

EDUCATION BOARD TO MEET IN MOSCOW TO CONSIDER WORK

BOISE, Sept. 12 (AP)—Miss Ethel E. Redfield, executive secretary of the state board of education, left this noon for Moscow to attend the fall meeting of the state board of education, which will convene there September 16. Members are: Stanley A. Easton, Kellogg; Huntington Taylor, Coeur d'Alene; Mrs. J. O. H. Gravelle, Boise; J. A. Lippincott, Idaho City; J. E. Johnson, Bellevue; and Miss Elizabeth Rasmus, state superintendent of public instruction. Budgets for all state educational institutions will be considered. Forms were sent out several weeks ago by George W. Lewis, state budget officer, and Miss Redfield forwarded them to the different institutions. They have all been returned and after studying the requests made by the institutions the board will make its recommendations and forward the documents to the governor and the budget officer for consideration before they are finally presented to the legislature in January.

AT THE HOTELS

Scott, Salt Lake; A. C. Lloyd, Jerome; C. Doty, Halley; Imogene Caliken, Caldwell; J. F. Moore, Pocatello; L. Hill, Summit.

As to the True Black Fox. The true black fox is black all over with the exception of the tip of the tail which is white, but I will say that these animals are very rare indeed, says a writer in the Sportsman's Digest. The silver, or silver gray, is practically the same color save that the back and shoulders are shot with more or less gray hairs; the less light hairs there are the more valuable the pelt. Foxes that have a very small amount of these gray hairs are classed as black. The cross fox is a mixture of the dark fox and the ordinary red one, mostly-colored patches of white at different points, especially on the shoulders and rump. As in the case of the silver, the more black on the cross fox the greater his value.

Woman and Home

"Home," says the Newcastle (N. Y.) Courier, "is a place where a woman in about fifteen seconds can find something for which a man has searched one hour."

Labor Saver

One won't have to mow a lawn so much if he waters it under a hot sun. It will scald it and there'll be nothing to mow.

Better Give It the T. O.

A lot of trouble results from our giving something to the O. K. without first giving it the T. O.

Absurd!

"He said he had a pie, and a lot of other nonsense," witness in English police court.

American World Fliers Reach Boston on Last Leg of Flight and Change Planes for Landing Gear.

(Above) LIEUT. SMITH SIGNS LOG. (Below) WORLD FLIERS APPROACH BOSTON. (Right) LT. SMITH'S PLANE AT BOSTON

A GROUP OF PICTURES taken when the American world encircling aviators reached Boston is shown. The planes in squadron formation are led by Lieutenant Lowell Smith, with Lieutenant Leigh Wade and Lieutenant Eric Nelson following them. Lieutenant Wade rejoined the party at Pictou, N. S. The camera caught Lieutenant Smith's plane just as it touched the water in Boston bay. A few minutes later the fliers signed the log to mark their first official stop on United States soil. Lieutenant Smith has grasped the pen, while to his right are Wade and Nelson.

Twin Falls County Fair

MANY BABIES EXAMINED AT HEALTH SHOW

Parents and Infants by the Hundreds Visited Clinic During Four Days of Fair; Exceptionally Successful.

What officials in charge declared was perhaps the largest baby clinic ever held in the state of Idaho came to a close Friday evening at the Twin Falls county fair. More than 500 babies were entered for the clinic before it opened, according to records, and many in addition were given examinations during the four days of the fair. Examinations were made under the supervision of the Idaho Bureau of Maternity and Infancy, which had three representatives in attendance, who were assisted by a number of local doctors and nurses.

Friday, the closing day, witnessed the advent of more than 100 babies for examination and the nurses and doctors were kept busy during the entire afternoon making tests, weighing and measuring the babies and prescribing for their best care. Complete returns of the work done will not be available at the present time, it was announced, owing to the mass of records which must be gone through.

Mothers Also Helped. Not only were babies given attention at the clinic, but mothers were given instructions as to the best ways of building up their health. Literature furnished by the state bureau on infants and mothers was freely distributed and in the opinion of local physicians greater good was accomplished at the fair clinic toward healthy babies than perhaps any other method that could have been devised.

Many mothers whose babies seemed entirely healthy were given information at the clinic which resulted in a complete change in the baby's diet. They learned that babies under weight are prone to those who are much overweight and much less susceptible to diseases, and recover much quicker than do the fat babies. Children under-nourished whose parents believed they were giving the proper food to eat were given attention.

Almost every instance among instructions to parents for healthier babies was the admonition to get them out of doors for several hours each day, where the Idaho sunshine could have a chance to do its work. Babies who are kept in the sunbath more each day perhaps will not be as pretty as babies kept in doors but they will be much more rugged and capable of withstanding sickness.

In addition to taking a complete record of each baby, a record was made out for the mothers. These will be filed in the office of the state bureau and the parents placed on the mailing list for literature on foods, exercises and general habits of health.

ANNOUNCEMENTS

The Twentieth Century club will hold its meeting in the entertainment room at the Justman Inn, which was recently been enlarged and rearranged.

SPEED EVENTS THRILL THROUGH

Closing Day's Racing Program at County Fair Presents Exciting Competition.

Two harness events and three running races made up an entirely satisfactory speed program for the closing day Friday at Twin Falls county fair at Filer. Capacity crowds filled the big grandstand and bleachers, and track and weather conditions were favorable for fast time that was recorded in several of the events.

Widow Hall, owned and driven by Johnson, finished first; Goldie Van, owned and driven by Dennis, came in second; and Idaho Huerta, owned and driven by Swank, was third in all three heats of the 2:30 trot or pace; time 2:30 1/4, 2:17 1/4, and 2:17 1/4. Double G came in fourth in first and third heats, being led in the second by Twin Falls boy.

Lloyd Belle won the first and second, and Dennis Goldie the third heat in the free-for-all trot or pace, which presented the novel spectacle of a horse outgunning the race after the driver had been thrown off the cart in an accident. Papworth, driving Utah Segs, at the first turn hooked Bateman, driving Axel Wilkes, and was hurled from his seat to the track, suffering minor injuries. Without a driver Utah Segs continued the race and completely circled the track. There were five entrants in this event. Time was 2:19 1/4, 2:20 1/4, 2:24 1/4.

The three-eighths mile run was won by Flowerdew's Big Ori, with five entrants, covering the course in 1:04. Tempo Standard, owned by McLaughlin, came second, and Rickey, owned by Burkhold, third.

Ten Bucks, also from the Flowerdew stables, was the winner of the half-mile run. Sleepy Kate, of the Holcomb stables, won the half-mile run in competition with six other entrants. McLaughlin's Badger finished second and Cooper's Blue Mouse third. Time 52.

The three-eighths mile run was won by Glory, owned by Ricks. George, owned by Rutledge, was second, and Scorpio third. There were seven entrants. Time 38.

One of the most exciting events of the fair was the saddle horse steeplechase, run off by winners of the previous days and won by Cooper's Otto, a second-day winner. Queen, owned by Goehart, was second. First-day winners did not place. It was one of the closest races of the afternoon, all of the horses speeding in a bunch into the stretch. Time 41 1/5.

The speed department was under the direction of C. O. Davis. E. O. Walter served as starter.

Dr. Maibol Idaho announces the opening of her office at 114 Main avenue north, near Herbert & Rambo's—adv

Church Services

First Church of Christ Scientist, 100 Ninth Avenue East.
Sunday service, 1 a. m. Lesson—sermon, "Substance."

BOND FURNISHED ON SUIT OF CANDIDATE

BOISE, Sept. 12 (AP)—H. F. Samuels and his colleagues opposing the Brown coal mine in Teton county, Thursday filed with the public utilities commission a copy of the personal bond furnished the Oregon Short Line Railway company in the amount of \$27,100 to guarantee to the railroad company the cost of building a wye at the mine. The addition to the track system will facilitate the shipment of coal.

The land is furnished in accordance with the terms of an order of the public utilities commission, requiring the railroad company to repair the track to the mine and build a wye on the condition that the coal operators furnish a bond in the amount of the estimated cost of the new track.

cheatna will meet for rehearsal.
8 p. m., Thursday, the Community church will meet for rehearsal.
8 p. m., Friday, the Boy Scouts will meet with Charles Calvert in the auditorium of the church and the Junior Boosters will meet with Theodore Scott in the church parlors.

Beginning Sunday morning, December 7, the pastor will conduct a two weeks' series of special revival meetings with the assistance of Thomas E. Lord's support. Sermon by the pastor, third in the series, "The Marks of an Advancing Church." Solo by Mrs. W. A. Patrick, "Plea as a Bird," by Dana. Anthem by choir, "Dear God, O Father," by T. J. Cook.

The evening services will begin one-half hour earlier.
Christian Endeavor at 6:30 and worship at 7:30. Sermon topic, "Whither Goest Thou?" Trio, by Pike, "In Heavenly Love Abiding." Miss Mary Conter, Mrs. J. B. White, Mrs. O. D. Harris.
Christian Church.
(Kimberly).
J. Elliott Elmer, pastor-evangelist.
All records were broken last Sunday in the Bible school, 151 being present when the count was taken and 12 came a few minutes late. Total attendance, 173. This was the first Sunday in the contest with Pocatello. The attendance at Pocatello was 103. Our aim for next Sunday is 200.
The services for the day will be as follows:
Bible school, 10; must be there by 10:30 to be counted.
Communion, 11 o'clock.
Morning sermon, 11:30.
Christian Endeavor at 7.
Evening sermon, 8.

Wisdom From the Talmud
All the blessings of a household come through the wife; therefore should her husband honor her. Men should be careful lest they cause women to weep, for God counts their tears.—The Talmud.

SOCIETY

Edited by Mrs. E. B. Williams
Telephone 344.

In compliance to the Misses Helen and Lillian Lind, daughters of Mrs. and Mrs. C. E. Lind, who are leaving Saturday evening to resume their studies at Pomona college, Pomona, Cal., Mrs. Olaf Nelson entertained with a delightful informal luncheon Friday at her home on Stevens avenue 112. In addition to the hostess and several guests covers were laid for Mrs. Lind, Miss Hazel Johnson and Miss Ethel Bridgewater at a table beautifully decorated with asters. After luncheon the afternoon was spent informally.

The ladies of the Baptist M. A. circle, met to the country home of Mrs. Fred Weddle Thursday afternoon where they held their regular business session. Officers were elected for the coming year as follows: Mrs. Broughton was re-elected president; Mrs. Estlin Wells first vice president; Mrs. Smith second vice president; Mrs. Westcott secretary and Mrs. L. V. Smith treasurer. Plans were furthered for the annual bazaar. Mrs. James Whelan was in charge of the study period. At supper the ladies were joined by their families and a fine spread which even lady had contributed to was enjoyed.

Mrs. Arthur J. Peavey entertained the Luncheon club Friday at its first meeting since the summer vacation. A series of colors formed the center of the table. The usual games of bridge followed the luncheon and Mrs. C. E. Booth won the prize for high score and Mrs. Green, who is visiting her sister, Mrs. M. J. Sweeney, was presented with a dainty guest favor. Eleven members were in attendance.

On Thursday afternoon Mrs. J. O. Toolson entertained the Entre Nous bridge club at her home on Third avenue east. The club favor was won by Mrs. Higley and Mrs. W. A. Thompson, a guest of the club, won the consolation. Fall flowers were used to decorate the rooms and Mrs. Toolson served a two-course luncheon at the conclusion of the games.

Strength of the railroad shares and the weakness of the oil. Now 1924 high prices were established by high oil prices, including Columbia Gas and Electric, Gimble Brothers common and preferred, General Banking and Mexican Seaboard Oil, the last named being an isolated strong spot in the petroleum group.

Oil Shares Strong. Selling of the shares which had been based on the announcement of gasoline price reductions and the fear of a further cut in crude prices, due to the increase in production reported by the American Petroleum Institute. Market, however, strongly preferred and Tidewater all closed a point or more lower.

Buying of the railroad shares was in anticipation of favorable August earnings, which begin to make their appearance next week. "Nickel Plate," Norfolk and Western, Atchafalaya, and Union Pacific were the favorites.

NEW YORK, Ontario and Western, St. Louis, St. Paul and Northern Pacific, and Lake Erie preferred showed gains of 1 to 2 1/2 points. Rutland preferred jumped 3 3/8 points.

The recovery in the St. Paul issues each of which showed a net gain of more than a point, apparently was based on the statement of R. B. Greer, operating vice president, expressing confidence that the road would earn its \$21,500,000 of fixed charges this year.

WANTED—More boarders. 297 Sixth avenue corner 29th. Phone 565.

WANTED—Used furniture and electrical goods. Phone 405. A. H. Vincent Co.

WANTED—Second hand Ford, running preferred, in good condition. Will pay cash. Phone 8.

BEAN THRESHING wanted; good men, also saw with 8 pigs, with or without papers. Morris Owens, R. D. No. 3, Twin Falls, Idaho 842E.

WANTED—All kinds of fruits and vegetables in small or large lots for the R. B. Greer market. Ed Vance, Public Market.

WANTED—Bean huller to pull on shares. Plenty of power for larger ones. Have handled Antman-Taylor and others. R. W. Peters, first house south Curry store.

HAY WANTED—100 tons good hay on place, with accommodations for taking care of 100 head of work stock. Must be able to start November 15. Must have some shelter for stock and place for man to live. E. J. Hunt and Sons, contractors, Rogerson, Idaho.

If your property is desirable and is listed in the classified—you'll find your buyer.

GUARDSMEN PLAY IMPORTANT PART IN DEFENSE DAY

Troops of Buhl, Twin Falls and Kimberly Present Impressive Demonstrations; Congressman Smith Speaks Here.

Troops, headed by a band playing martial music, marched through Twin Falls streets Friday to take part in exercises held during the noon hour in observance of National Defense Day. In line following the band, the troops of the Buhl, Twin Falls and Kimberly units of the Idaho National Guard, led by their respective commanders, marched in the city square. The troops were followed by a number of spectators, including a number of the city's business and professional men, who were gathered to witness the exercises.

Following the exercises, the troops of the Buhl, Twin Falls and Kimberly units of the Idaho National Guard, led by their respective commanders, marched in the city square. The troops were followed by a number of spectators, including a number of the city's business and professional men, who were gathered to witness the exercises.

Crowds Applaud Troops.

Immediately following the exercises in the park which lasted only a half hour, the guardsmen were taken to the city square where they were joined by the troops of the Buhl, Twin Falls and Kimberly units of the Idaho National Guard, led by their respective commanders, marched in the city square. The troops were followed by a number of spectators, including a number of the city's business and professional men, who were gathered to witness the exercises.

Voices Hope for Peace.

Expressed hope for perpetual peace was expressed by representative Smith in his address in which he traced the consistent policy of unselfishness that has characterized the United States in its armed conflicts and explained and defended the plan and purpose of National Defense Day.

National Defense Test day, declared Captain Sweeney in the course of his remarks introducing Mr. Smith, involves a testing not only of material resources but of the spiritual strength of the nation's people. With respect to the obligations of citizenship, he said, "There are a few who are ready and willing to bear their full portion; there are a great many who are willing to do their part in an emergency, and there are some who are never ready to fulfill the responsibilities that devolve upon citizens of this nation."

Where Danger Lies.

"We are not in danger," he asserted, "so long as you and I and all of us measure up to our responsibilities as citizens, but we are in danger, not only from armed aggression but from spiritual demoralization when we slack on the job."

Exercises both here and at Piler in observance of the day were in charge of a committee called to their assistance in the undertaking by Arthur H. Peavy, member of the state National Defense Test day chairman, and Roy A. Reed, county chairman.

RETURNS HOME TO AID IN UNVEILING NEW STUDEBAKERS

Cutting short a tour of Yellowstone park in order to be on hand for the opening display of the new Studebaker cars at the Barrett Auto company garage this afternoon, J. A. Barrett, representative of the line in this section of southern Idaho, reached Twin Falls Friday noon after an absence of a week.

"I cannot tell you a great deal about the new models except that they are going to be worth seeing," said Mr. Barrett on Friday. "You will have to come and look them over for yourself. I know that this is the first announcement of far-reaching importance to be made by the Studebaker people since 1918. The new cars are different. Wait until you see them."

However, it was admitted by Mr. Barrett that the amazing new type car, which is already in the process of quantity production at the plants, will be called the "Studebaker Duplex Phaeton." Those who have seen pre-exhibit models say it has the most advanced achievement in motor and feel confident that it will almost entirely supersede the present touring car.

If your property is desirable and is advertised in the classified—you'll find you better.

SHOSHONE STORES CLOSE FOR DEFENSE EXERCISES

Hundreds of School Children Participate in Impressive Program; Judge E. A. Walters Delivers Address.

National Defense Test day, which was observed generally throughout Lincoln county, was the occasion for an impressive demonstration at Shoshone, the county seat, where hundreds of school children participated in the exercises and the principal address was delivered by Judge E. A. Walters of Twin Falls who was introduced by Paul Haddock, defense day chairman for Lincoln county. The program included both band and vocal music.

Defense of Nation Common Sense Says Congressman Smith

Idaho Representative Tells Audiences Here All Are for Peace But Conditions Must Be Met.

Examination of the speeches and our duties as citizens to reiterate our love of country and loyalty to the flag and all that it stands for," is the purpose for which National Defense Test day was designated. Representative Addison T. Smith told an audience assembled here during the noon hour of the day, "We are all for peace and hope we may never be involved in another war," Mr. Smith declared, "but as long as good and selfishness prevail among men and nations, common sense impels us to be prepared to defend our country, just as we are prepared to defend our homes against burglars, crooks and fire."

Professing his address with a review of the armed conflicts in which the United States has been involved, and tracing the policy of unselfishness that has characterized this nation in its armed conflicts with other nations, Mr. Smith said in part:

A patriot is one who loves his country and jealously guards its welfare. No matter people can inspire an individual or body of citizens than patriotism, and this has been designated as the purpose of the day for the purpose of examining ourselves and our resources and to reiterate our love of country and loyalty to the flag and all that it stands for. It is certainly most gratifying to know that in every city, town and hamlet throughout this great country, the people are in a spirit of defense or unselfishness, but rather of thankfulness and security. We see evidence on every hand that expresses the first law of nature; and the individual or nation that does not recognize this fact is already in the process of being overtaken by the march of those who believe that might makes right, and that the weak must submit to those who are more powerful.

The great Creator endowed every being with courage and many luminous things in the history of the world, and in every activity of civilized life precautions are taken to guard against accident, sickness and other possible evils which might injure or destroy. He has given us intelligence which impels us to be on the alert for change of every kind, and we are all loved ones, and in our preserving we have architects plan our houses, that they may be safe, comfortable and healthful; our engineers build our great structures that will insure their withstanding the elements; our physicians aid us in the preservation of our lives; our ministers of the gospel help us to live moral and useful lives, and to prepare for the great change which awaits us all; our teachers and we prepare our children for the responsibilities of life; our firemen prevent our homes from being burned; our policemen keep the robbers away; our courts punish the criminal; and our army and navy aid in protecting our national rights and possessions.

Suspicion Unwarranted.

Some object to the program which we are observing today throughout the nation on the ground it may be misunderstood by foreign nations; that they may regard our action as a war gesture, or the "rattling of the saber." If we were a warlike nation or had ever provoked a quarrel with another nation or coveted their lands or property, they might be apprehensive, but in view of our past history, no nation can suspect us of ulterior motives. It is a wide thing sometimes for the politician to tell his nation as he tells his heart and our nation may very wisely be rattled when other nations are looking with covetous eyes on our possessions. On several occasions in our history the "rattling of the saber" has been a very potent argument against war when diplomacy had failed. I do not believe it is fair or wise to discredit our army and navy of force, as has been attempted by certain individuals and organizations. They are invariably noble and patriotic men who have spent their lives in studying how best to serve and defend our country. They, and every enlisted man,

FIRST BEANS MARKETED LOCALLY BRING \$5.40

Harvest of Million Bushel Crop in Full Swing and Danger of Weather Damage Is Decried.

Bean market locally opened this week at \$5.40 per hundred pounds when first shipments of the season were made by the Southern Idaho Wholesale Grocery company, marketing agent for the Southern Idaho Bean Growers' association, and by Darrow Brothers Seed and Supply company.

Harvesting of the crop is in full swing, and hulling has been completed by many growers. It is estimated that more than one-half of the total crop already has been hulled, and possibility of damage from weather conditions is considered remote this season.

Estimates place the county's bean production this year at from 750,000 to 1,000,000 bushels, while other persons familiar with the situation, but who will not hazard an estimate, declare that the actual production will be far in excess of these estimates.

Average production is estimated at 20 bushels per acre, which is considered good in view of largely increased acreage this year and number of increased acreage growers engaged in growing the crop for the first time. Several yields of 25 and 40 bushels per acre have been reported this season.

APPOINTED FORD AGENT

Glen G. Jenkins of Twin Falls Proprietor of Filer's Newest Business Establishment.

Glen G. Jenkins of Twin Falls is the proprietor of the Jenkins Auto company, Filer's newest business establishment, which has been appointed authorized sales and service representative in that district for the Ford Motor company.

The firm will occupy quarters in the Munyon building, it was announced Friday. Mr. Jenkins will move with his family to Filer in the immediate future.

As well as active civil officer and employee of the government, take an oath to defend the government "against all enemies, foreign and domestic," and the shakers among them are very rare.

It is an easy for the unthinking and uninformed to criticize those who are selected to serve the government, but on investigation it is generally found that their actions are based on wisdom and in the best interests of the government and the people.

All for Peace.

We are all for peace and hope we may never be involved in another war, but as long as greed and selfishness prevail among men and nations, common sense impels us to be prepared to defend our country, just as we are now prepared to defend our homes against burglars, crooks and fire. In cooperation with other nations we have made progress in the limitation of naval armaments, as the result of the conference held in Washington called by the late President Harding two years ago. Our government at that time would have been glad to have agreed to have the land forces reduced, but the representatives of the other nations attending the conference would not agree to the plan. However, we have reduced our army to 118,000 men, scarcely one to each thousand of our population; while Great Britain maintains an army of 211,000; France 700,000; Russia 700,000; Poland 220,000; Italy 200,000; Japan 25,000, while Germany has 100,000 to which she is limited by treaty, otherwise it is not improbable she would have an army of ten times that size.

If these countries would reduce their armies in proportion to ours, and agree to maintain them at that size, we probably would never have another war and world peace would be accomplished; but until that desired end is attained we cannot safely make further reductions in our national defense.

I am sure that every patriot in this country fervently desires world peace and will make every intelligent effort to bring it about, consistent with our own national safety.

If your property is desirable and is advertised in the classified—you'll find you better.

Every Man or Woman Who Drives a Car Will Be Interested in the New Studebaker.

These models, which will be shown for the first time simultaneously all over the United States today, mark the beginning of a new epoch in motor car manufacture. They constitute the biggest sensation in years in the auto industry.

Do not fail to take advantage of our invitation to call and examine these new cars. Compare their details with those of any other automobile of any make selling at a price within \$500.00 or \$600.00

Seventy-two years of experience in the building of quality vehicles plus the best engineering, designing and mechanical skill available are combined in these cars. Come in and let us explain why the great Studebaker plants can offer values such as these, and why every man who drives a Studebaker car is a booster for Studebaker all the time.

The new cars are open to inspection from 2 o'clock this afternoon on, at

J. A. Barrett Auto Company
You Will Be Welcome!
