

When the officer arrived he was compelled to break down the door and when he entered the room he found the aged Chinese partially disrobed with the body in a reclining position on the chair and the head and shoulders wedged in between the stove and the coal box.

54 CANDIDATES TRYING OUT FOR FOOTBALL SQUAD

Coach Mathews at University of Idaho Gets His Men on Field for Practice First Day.

MOSCOW, Sept. 20.—Coach R. L. (Matty) Mathews, who started Monday developing from 54 candidates an eleven that will represent the University of Idaho in western football this season, isn't wasting any practice moments. The first day of practice, September 16, he plastered MacLean field with "closed practice" signs, indicating that he didn't need the assistance of an audience of perhaps 100 critics and cheerleaders.

Matty is a firm believer in closed practice, particularly at the start of the season. This theory presents a marked contrast to the ideas of other coaches, who throw gates wide open during the period preceding the first game and then back them up right when they start in working with set formations and trick signals. Matty is just the opposite; after he gets the team shaped to suit himself he doesn't care very much who watches, so long as the well known "scout" doesn't get too close.

Self-Conscious.

Matty justifies his "closed practice" plan with the theory that players at the start of the season are too self-conscious and from fear of humiliation do not indulge to their fullest in practice while a crowd is around. The crowd, too, invariably is brim full of football spirit the first few days and the new students, particularly the freshmen, are eager to get a glance at a varsity outfit.

If the crowd would agree not to be critical and would not snicker and laugh at awkward bumbles on the part of his players he might not be so strong for closed practice. But he has tried open practice with many types of crowds and the result invariably is the same.

This does not mean Vandal followers will not see the squad until the first game. He is arranging for open practice period when the men get conditioned sufficiently to permit scrimmaging.

Husband Made Her Famous

Elizabeth Stark, wife of Gen. John Stark, of Revolutionary fame, owes her renown to Stark's word to his soldiers at Bennington, Vt. "Tonight the American flag floats from yonder hill—or Molly Stark sleeps a widow."

KIMBERLY

KIMBERLY—A pleasant afternoon was spent by the E. L. B. club Wednesday at the home of Mrs. N. W. Swearingen, in honor of her birthday. During the social hour the club presented Mrs. Swearingen with a gift, after which dainty refreshments were served by the hostess, assisted by Mesdames Frank and J. E. Ogg, to the following members and guests: Mesdames Clarke, J. A. Steelsmith, Chas. Jones, M. Martin, Turner, King, J. M. Steelsmith, Barnhill, Foy, Tilley, Prothero, Gagner, Edgar Wilson, Frank Ogg, J. E. Ogg, C. R. Wilson and Mrs. E. L. B. club.

Mrs. Harry West and daughter are here from Seattle looking after business interests.

C. T. Brown made a business trip to Twin Falls Monday.

Mr. and Mrs. C. B. Wilson and family spent several days visiting friends in Gooding before leaving for their future home in Canada.

Jim Ball is absent from school this week suffering an injury to his foot.

Mr. and Mrs. I. Folley are the parents of a son, born September 14.

Miss Bethel-Blake of Twin Falls visited the Kimberly school Wednesday.

After a week's visit among relatives in Kimberly, Dr. S. S. Steelsmith returned to his home in Abilene, Kansas.

Mrs. Frank Kooner received and news Tuesday of the death of her brother at Council Bluffs, Iowa.

Miss Gertrude Dewey returned from the general hospital on Tuesday afternoon, to her home in Kimberly.

Mr. and Mrs. John Steelsmith, Mrs. Clarke and Mrs. Padgett motored to Rogerson Tuesday to spend the day with their niece, Mrs. Smith.

Miss Winnifred Woodford is employed at the Idaho Department store in Twin Falls.

Mr. and Mrs. H. P. Larson of Rock Creek moved Thursday to their property recently purchased on West Madison street.

The Rev. Mr. Sillip, pastor of the Christian church, drove to Pocatello Monday.

Ora Cunningham arrived Thursday from an extended visit in California.

Mr. and Mrs. F. M. Taylor of Blackfoot, who are on their way to California, spent the weekend with their

TOURIST PARK NOTES

James Russell and party came from Rupert to attend the Mattie Crawford meetings, and camped in the park.

Daniel Porter and two companions came from Osborne, Kansas, and left for Boise.

D. L. Black and party are returning to Fruita, Colo., from the coast.

E. Greathouse from Payette has been touring the country for two years. His farthest point south was Shreveport, La., and he says he does not like that country at all. "Idaho looks good" to me," is the way he expresses himself.

Mr. and Mrs. D. H. Knott from Culver, Kansas, are enroute to some place in Washington.

F. Walker is here from Tacoma, and from his remarks it seems that he will stay here.

Mr. and Mrs. W. S. Kelly from Alliance, Ohio, are going to Los Angeles.

H. C. Ross and family have been touring the land as far east as New York and are now returning to San Francisco. Mr. Ross is so well pleased with this section that he thinks that he will come back to stay.

Origin of Commencement

School and college commencements originally meant the inception of the pupil graduate as a teacher and he at once entered or "commenced" his new duties.

"The press is one of the eyes of mankind which never numbers."—President Coolidge.

The Idaho Statesman Never Sleeps

Every day it watches and listens. Every night its plant is busy, humming with the noises of setting up, making up and printing a paper that goes into fifteen thousand homes.

Early in the morning the staccato voice of the telegraph sounder is bringing in the news of another day—late at night it is talking on in its language of dots and dashes.

All through the day and all through the night correspondents and reporters are alert, getting the story of the world's events—for you.

And, likewise, editors are busy condensing it to fit your reading time.

The result is a product, laid on your doorstep each morning—or put into your mail box—which brings before you the world of finance, of business, of politics, of religion, of sports, of literature, and art and social affairs.

Few papers in the country present a condensed, but accurate and complete, version of the world's news that compares with The Statesman's version.

No paper outside of Idaho can give the time, space and effort The Statesman gives to the gathering of facts of peculiar interest to Idaho.

No paper inside the state has the time, the space and the facilities to duplicate Statesman service.

Statistics show that in number of news facts gathered daily, in accuracy and readability, The Statesman stands far in the lead in Idaho.

In addition to this, it carries newspaperdom's greatest cartoon features and special articles and gives time to editorial comment intended to wake up, not make up, the minds of its readers.

There is no substitute for The Statesman.—To be without it is to be partly blind to Idaho affairs.

Over 100,000 Motorists Are Now Enjoying the Comfort, Safety and Economy of

Firestone

Full-Size

BALLOON GUM-DIPPED CORDS

Read What a Few of Them Say—

- "They ride beautifully over any kind of going."—J. F. Bicknell, Worcester, Mass.
- "Shifting is done away with on wet streets at high speeds."—Geo. F. Bell, Fairfield, Ala.
- "None of that terrible jarring and jolting to the car or to occupants."—H. V. Nalley, Rockford, Ill.
- "Feel sure depreciation will be cut 25 to 50%."—A. N. & G. A. Williams, Nashville, Tenn.
- "Absence of skid or slip even on snow and ice."—J. L. Johnson, Northfield, Minn.
- "The gas mileage is holding up to 20 miles per gallon as before."—B. H. Avery, Bowling Green, Ohio.
- "291 miles through snow, mud, bumps and water without skidding 12 hours."—Sam Thompson, Hastings, North Dakota.
- "Saving in wear and tear on car a big factor in putting Firestone Balloons."—C. A. Allen, Jr., Chicago, Ill.
- "40 miles an hour over rough road without feeling about wheelers."—Harry A. Dorman, Sacramento, Cal.
- "Good for an average of ten miles more per hour wear and tear."—Kirk Brown, Montclair, N. J.
- "13,342 miles on demonstrator car with as much mileage left as new."—Conrad A. Smith, Boston, Mass.

ASK any owner of full-size Balloon Gum-Dipped Cords about the comfort, safety and operating economy they are giving him. Let his experiences give you the facts about these wonderful tires. His comments will match these almost word for word.

There are hundreds of thousands of Firestone Gum-Dipped Balloons on the road today. Wherever you drive you see them—and you cannot help but notice the new enjoyment these owners are getting from their cars.

This immensely increased production has brought about many manufacturing economies, which you can take advantage of today by equipping your car with Balloon Gum-Dipped Cords.

Firestone Dealers are quoting special net prices on the complete job. Trade in your old wheels on a new set built for full-size Balloons. In addition get our liberal rebate on your old tires.

Equip now for comfort and economy—as well as for the safety and better car control you will need this fall and winter.

Call on the nearest Firestone Dealer—for information—for your price—and for a quick, carefully-engineered changeover to real Gum-Dipped Balloons.

MILK WEED POD NOW IN DEMAND

Director of Plant Industry at
Boise Receives Second In-
quiry Concerning Fibre.

BOISE, Sept. 20.—Further requests for milk weed pods were made today by M. L. Dean of the plant industry, by Dr. M. Gould of San Francisco. His letter came from St. Louis. A year ago Dr. Gould inquired if any milk weed was raised or could be raised in Idaho, and Mr. Dean gave considerable publicity to the proposed new crop. Inquiry was made by Idaho farmers as to the probable market for this product, and after communication with Dr. Gould it was found that the doctor would buy all he could get at \$1 per sack of 100 pounds. This offer was for the pods. This weed, he said, contains a fibre that has highly absorbent qualities and Dr. Gould was proposing it as a substitute for absorbent cotton.

CASTLEFORD

CASTLEFORD.—The Methodist Ladies' Aid was delightfully entertained by Mesdames S. C. Robinson and Guy Putnam at the home of the former on Thursday afternoon. Mrs. E. E. Sinclair, who was chairman of the afternoon, had arranged a question box as entertainment. D. D. Eldridge returned Wednesday after a trip through Yellowstone park. Mr. Eldridge is leaving soon for California. C. J. Miller left Friday for Walla Walla, Wash., where he will join his family who are visiting relatives there. Mr. and Mrs. Elwood Edwards of Riverside, Oregon, came Wednesday and will visit with Mrs. Edwards' parents, Mr. and Mrs. Higgins of Teton. A business meeting of the Baptist Ladies' Aid was held Thursday afternoon in their church building. The new officers for the coming year are: President, Mrs. Isaac Todd; vice president, Mrs. I. E. Roberts; secretary, Mrs. Walter Williams; assistant secretary, Mrs. E. D. Logan; treasurer, Mrs. Walter French.

Frank About It

An ingenious young woman writes as follows: "I am engaged to a very nice fellow who thinks the world of me, and, as du jour—Louisville Courier-Journal."

HAY GROWERS HOLD PRODUCT AT \$15 A TON AT CASTLEFORD

CASTLEFORD, Sept. 20.—(Special to The News).—At a meeting of the hay growers in the vicinity of Castleford, held in the high school auditorium on Thursday evening, it was decided to hold their hay at \$15 per ton. Seventy-five hay growers were present having a total of 3500 tons of hay to sell. It was also decided unanimously not to sell any pasture until the hay was sold. The following resolution was adopted by a unanimous vote: Whereas, we, the hay growers of the Castleford community, have always sold our hay according to the law of supply and demand, which at times has made the price of hay as low as \$3 per ton, with a consequent loss to the hay grower, and, Whereas, there, appears, from the best information to be a serious shortage of hay in the western part of the United States, Now, therefore, he it resolved, that we, the hay growers of the Castleford community, in meeting assembled, and in accordance with the old law of supply and demand, hereby agree to sell our hay for not less than \$15 per ton.

CROP PROSPECTS OVER ROSEWORTH TRACT ARE DISTINCTLY GRATIFYING

Negotiations are now pending, looking to establishment of a cheese factory at Roseworth and if these go through it is expected that work on the erection of a building will be commenced within the next ten days. This with the announcement of the authorization to erect a church for the use of the Roseworth ward of the L. D. B. is regarded as an indication of substantial progress on the project. Seven hundred and fifty stands of bees were installed on the project some time ago, and this number will be increased to 2000 next spring, it is said. The honey is extracted on the ground

and the product finds a ready market in the east.

This year's alfalfa crop is reported as not equal to that of last year, although Grimm alfalfa prospects are considerably better than last year. Threshing of the Grimm has not yet commenced.

One field of red clover of 40 acres went six and a half bushels and sold in the dirt at 18 cents per pound, making a price of \$10.80 per bushel.

Sleeping Sickness New Disease. Sleeping sickness, known scientifically as encephalitis lethargica or epidemic encephalitis, is a comparatively new disease in the United States. It was not actually recorded here until 1919 after the first serious epidemic of influenza. In Europe likewise it appeared only after influenza had been raging for a time.

Have you seen this new car? —It is a closed-open car!

A WEEK ago the new Studebaker Special Six DUPLEX-PHAETON was first announced.

Today, countless thousands of people are talking about this entirely new-type of car.

One moment it is a closed car—in five seconds it can be transformed into a delightful, airy, open car. But it is always the closed car in deep soft cushions, beautiful fittings and finish and luxurious riding comforts.

When you see it and ride in it you will know why it has made so profound a sensation—you will realize then that it gives you more than the finest open car can ever give you, plus the comfort and protection of the closed car.

And all at the price of an open car!

And this is the new DUPLEX BODY on the famous Special Six Chassis.

Hundreds of thousands of owners all over this country and abroad have given the Studebaker Special Six a name for value, dependability and performance second to no other automobile.

The new Studebaker Special Six retains all the qualities which make great reputation—to these have been added every real improvement which science and ownership could suggest.

Even aside from the sensational new DUPLEX BODY—the Studebaker Special Six has no superior in value in any car yet built. It was the conscientious intention of Studebaker in planning and designing the new Special Six to make it just such a leader—to that end every resource of the great Studebaker organization has been concentrated.

Even if we had the space we could not begin to tell you of the very many new and unusual features which indicate its superiority.

Certainly no words could do justice to its distinctive beauty. In appearance it is unlike any other American car—yet its long, low, broad, sweeping lines are conservative, crisply stylish and in beautifully good taste.

Think of the new Studebaker Special Six Duplex-Phaeton as the ultimate in value and performance in a five-passenger car—think of it as a car matchless in practical convenience and desirability.

But to appreciate the sparkling beauty of its totally new lines—you must see it. To know its perfection of operation and performance you must ride in it and drive it.

If you have not seen this NEW type car—come today!

VALUE POINTS—

New Special Six:

The New Duplex-Phaeton Body—it solves the closed-open car problem.

Genuine Balloon Tires—20 x 6.20 inches.

New Satin-Lacquer Finish.

Spanish chrome-tanned leather upholstery.

New idea in ease of operation and control.

Vibrationless Engine; forced-oiling system with new idea in oil supply.

Four-Wheel Hydraulic Brakes optional—totally unlike any other system on American cars. Automatic braking pressure.

A Guaranteed PISTON RING

Have your mechanic install a set of NEV-R-FAIL oil and compression rings.

If they fail to give your car perfect compression instantly and 1000 miles to a gallon of oil, we will refund your money and pay you \$2 per cylinder additional!

Our only provision: Rings are returned within 60 days.

JOHNSON DRIVEN OUT OF BOX BY ST. LOUIS NINE

Veteran Pitcher Batted from Mound in First Inning in Game That Ended with Score of 15 to 14.

ST. LOUIS, Sept. 20 (AP)—The Browns drove Walter Johnson from the box in the first inning and defeated Washington, 15 to 14, in the second game of the series, which lasted ten innings here today.

With the score tied, 13 to 13, in the ninth, Giosia drove out his second home run of the game to place the Senators in the lead. But the Browns' hit of the tenth inning, with two on, Marberry, fiddled Bennett's grounder and hurled it into center field, allowing Sider and McManus to score, giving the game to St. Louis. Williams drove out a home run in the second inning.

The score: R. H. E.
Washington.....14 18 6
St. Louis.....15 13 0

Batteries—Johnson, Martins, Zahner, Russell, Marberry and Ruel; Shoemaker, Danforth, Van Gilder and Negro.

DETROIT VICTORIOUS.

DETROIT, Sept. 20 (AP)—Detroit won another ball game from New York, in the ninth today, 6 to 5. All of the action took place in the final innings. New York tied the two-run lead of Detroit in the eighth. The Tigers made three runs in their half and New York came back with three runs in the first half of the ninth. Manush made the first hit of the game in the Tiger's half and scored the winning run a minute later.

Ty Cobb, veteran manager of the Tigers, made his 500th hit of the season in the first inning, the hit scoring the first run. Babe Ruth went hitless throughout the game, striking out once. Menzel, however, contributed a home run.

The score: R. H. E.
New York.....5 9 3
Detroit.....6 12 2

Batteries—Pennock, Bush, Shawkey and Hofmann; Collins, Daus, Wells, Holloway and Woodall, Banister.

RAIN POSTPONES GAME.

Boston at Cleveland, postponed; rain.

SPLIT DOUBLE HEADER.

CINCINNATI, Sept. 20 (AP)—Chicago and Philadelphia divided a double header today, the Athletics winning the first, 7 to 4, and the White Sox the second, 5 to 2. The visitors won the first game by lurching their hits off Thurston while the locals hit opportunely behind Harris' walk. The batting of Davis and Lamar and the fielding of the former were features.

First game: R. H. E.
Philadelphia.....7 14 0
Chicago.....4 11 0

Second game: R. H. E.
Philadelphia.....5 8 1
Chicago.....2 10 1

Movie Stars

Are using these rare powders

By Edna Wallace Hopper

I did not intend to supply powders to women. My only idea was to furnish them my greatest beauty helps. But thousands of women have urged me, by letter and in person, to tell them the powders I use.

"Like all my friends on the stage and in the movies, I use very costly powders. I have them made to order, and they cost me \$5 per box. Our careers depend on our looks, and nothing is too costly."

But I have persuaded the makers by offering these powders at ordinary prices. I order them in quantities, under my name. I offer them at my expense to girls and women who desire the best.

Now all druggists and toilet counters supply Edna Wallace Hopper's Powders. There are two kinds. For myself I prefer a clinging powder, a cold cream powder, based on my Youth Cream. For enduring—That Youth Cream Powder costs \$1. But many women prefer a light and fluffy powder. If you want that kind, it costs but 50 cents. Both kinds come in three shades: white, flesh and brunette.

So far as I know, these powders are the finest in existence. You may be sure that if any one produced a better powder I would get it quickly. Anyone who uses common powders will gain a new conception of what powders should be.

Let me send you a sample. Just send this coupon and tell me the kind you want:

BROOKLYN DROPS TO THIRD PLACE

Vance's String of Victories Stopped at 15 in Pittsburgh Game Saturday.

BROOKLYN, Sept. 20 (AP)—Brooklyn dropped to third place and Dazzy Vance's string of successive victories was stopped at 15 when Pittsburgh won today's game, 5 to 4, in 11 innings. Spurred alone won for the Pirates, two runners scoring from first base on singles by the succeeding batters. The winning run came in that way when with two out in the eleventh, Traynor singled. On the hit and run play Marquardt followed with a Texas leaguer in short center. Traynor took advantage of Brown's weak arm and kept right on to the plate, beating his home by a great slide. Carey scored similarly in the fourth on a single which deflected from Mitchell's glove into short right.

Cooper's support was erratic, the Pirates making five errors, but three fast double plays, Wright to Marquardt to Grimm out of the Dodgers at critical times. The final double killing came in the eleventh when the Dodgers had two men on base with one out. Grimm completed the play by reaching first on a one-hand catch, saving Marquardt an error and preventing one tying run.

High got four hits in five times at bat while Wright led in the fielding. A sensational running catch by Moore robbed Wheat of a triple in the fourth with a man on base.

The score: R. H. E.
Pittsburgh.....5 10 5
Brooklyn.....4 11 2

Batteries—Cooper and Smith; Vance and DeBerry.

NEW YORK GIANTS LOSE.

NEW YORK, Sept. 20 (AP)—The New York Giants lost a hectic 12-inning game to Chicago today, 7 to 3, but kept their margin of a game and a half in the pennant battle when Pittsburgh upset Brooklyn for the second straight day and ousted the Robins from second place.

The Cubs clinched the game with a four run rally in the second. McGraw sent five hurlers to the mound in an attempt to check the Cubs while Grover Alexander went the full route for the winners. The veteran would have won in nine innings had not Grantham let Young's grounder go through his legs in the ninth with two out, the error enabling O'Connell to score the tying run.

A single by Heathcote, Grantham's sacrifice and singles by Fitzgerald, Frisberg, Hartnett and Cotter figured in the Cubs' winning rally.

Frank Frisch injured a finger on his right hand while trying to score in the

SOCIETY

Edited by Mrs. E. B. Williams.
Telephone 304.

A jolly party of the past week was the picnic given the new teachers of the junior high school by those who have taught here in previous years. After motoring out and spending some time exploring and viewing the wonders of the falls and canyon a splendid picnic supper was served.

Miss Flo Cook entertained the Tri-C club Friday evening at her home on Maple avenue. Gladioli and asters were used to decorate the room. Favor for high score was won by Miss Bea Duke and consolation by Miss Betty Wilson. Dainty refreshments were served at the conclusion of the games.

Mrs. James A. Griffith was hostess

to the ladies of the Shamrock club on Thursday afternoon. Nine members were present and Mrs. Sims was a guest of the club. A very enjoyable reading was given by Mrs. Swanson and a short business session was held. Delicious refreshments were served by the hostess, and the club adjourned to meet October 2 with Mrs. W. Z. Irons.

ANNOUNCEMENTS

The Order of the Eastern Star will meet in regular session Tuesday in the Masonic temple at 8 p. m. The officers will be hostesses to the past matrons. For entertainment the past matrons will put on a play entitled, "Mrs. Jenkins' Brilliant Idea."

The Pythian Sisters will hold their regular lodge meeting in the Business Women's club rooms Tuesday, September 23, at 7:30 p. m.

The Business and Professional Women will have their regular weekly luncheon on Tuesday in their club rooms.

PREPARE FOR FOOTBALL GAME.
A game of the Twin Falls high school will meet in football practice this morning at 10:30 o'clock, on the Lincoln field, for the purpose of playing the Twin Falls high school football team on the local field here next Friday afternoon. It is the plan of the alumni to give the first team of the high school some good scrimmage prior to their first game with one of the other high school eleven.

Supreme Among Fools

The greatest of fools is he who imposes on himself, and thinks certainly he knows that which he has least studied, and of which he is most profoundly ignorant.—Shakespeare.

AT THE HOTELS

THE JURKO VERDICT.

One should not even seem to rejoice
in the death of a fellow creature, much
less when death takes the form of pun-
ishment can be readily divided into
an ignoble, degrading and inglorious
thing, yet there is solid satisfaction in
the conviction of Jurko, the murderer, be-
lieves that it is a brutal thing, a
not because of the fact that a man
is sentenced to death but because the
verdict of Friday night constitutes a
forward step of a necessary kind in
the upholding of the law.

Whether one believes in capital pun-
ishment or not, and many persons do
not, for reasons which may or may
be sound, there is no getting away
from the fact that this verdict is an ad-
vance factor for a good
many years to come in the interests
of law and order.

The criminal record of Twin Falls
is not something of which to
be proud. This county has contrib-
uted a heavy share of the present all
population of the Idaho penitentiary,
many of those but they constitute a
and at that, the percentage of con-
victed against the actual. The adequacy
number of trials held is not large. Dur-
ing the past ten years or so, young
girls have been ruthlessly attacked and
brutally mistreated, men have been
shot to death upon prevention which
is hardly by no stretch of the imagi-
nation could tolerate less frequent.
be construed as adequate defense, light
The greatest aid to law is prompt,

fingered gentry have flooded the busi-
ness institutions with worthless checks
and, for various reasons, the law has
failed in case after case, to mete out
adequate punishment.

The sentence is not something over
which to rejoice, rather should human-
ity weep over the fact that its own
laws render necessary so drastic a
form of punishment. But let it be
kept in mind that the jury in the case
has rendered a service to society which
should earn its members the gratitude
of all right thinking persons, and has
made a contribution to the protection
of human life which is of the highest
value.

It is possible that Jurko will never
be executed. It is not vitally neces-
sary that he should be. But the sen-
tence will stand forever as a warning
to would-be criminals and there will
be many a case where a man will
think twice in future before he straps
on his gun and starts out to take the
mission of the law into his own hands.

CAPITAL PUNISHMENT.

Those who do not believe in capital
punishment can be readily divided into
two or three classes.

To begin with there is the man who
relies of the dark ages and in no sense
whatever a deterrent of crime. Then
there is the man who is opposed to
it because he fears that some day,
somewhere, some innocent man will be
sent to the gallows while the real
murderer goes free. Then finally there
is the type which does not believe in
any sort of punishment of an ad-
vance to the corrective possibilities
of the law. Every prison would be a
sort of benign reformatory and every crim-

inal a poor, weak, erring brother who
requires only a steady diet of loving-
kindness to render him a model of
all the social graces. There are not
population of the Idaho penitentiary,
many of those but they constitute a
and at that, the percentage of con-
victed against the actual. The adequacy
number of trials held is not large. Dur-
ing the past ten years or so, young
girls have been ruthlessly attacked and
brutally mistreated, men have been
shot to death upon prevention which
is hardly by no stretch of the imagi-
nation could tolerate less frequent.

be construed as adequate defense, light
The greatest aid to law is prompt,

impartial law enforcement. Whether
or not one agrees with a law has
nothing whatever to do with its en-
forcement. The best way in the world
to get rid of a bad law is to insist
upon its rigid enforcement. If capital
punishment is not a sound theory of
justice then capital punishment should
be abolished. But as long as it is
not abolished, it should be impartially
visited upon all who incur its penalty.

Perhaps the day will come when so-
ciety will have made such progress
that extreme measures are no longer
necessary. But that day has not come
yet, and to anticipate it were to con-
tribute directly to the encouragement
of crime and render murder less ter-
rible in the eyes of mankind.

Those who do not regard murder as
such a very terrible thing are, in
the last analysis, the only ones who
have a thoroughly sound case against
capital punishment.

URGENT CONCENTRATED ACTION FOR RELIEF

CALDWELL, Idaho, Sept. 20 (AP).
Under direction of the Caldwell Com-
mercial club a campaign for passage
of the long and short haul bill intro-
duced by Senator Frank R. Gooding, is
to be undertaken at once. The bill has
passed the senate and will come up in
the house of representatives when con-
gress meets in December.
This city has been assigned a defi-
nite program of furtherance of the
measure by the Intermediate Rate as-
sociation. Caldwell men are to arrange
a conference with Representative Ad-
dison F. Smith and outline a plan to
get an early hearing before the house
committee on interstate and foreign
commerce.

"Bed of Procrustes."

An iron bed, owned by Damantes,
or Polypemon, surnamed Procrustes
(Gr. The Stretcher), a famous legend-
ary ruler of Attica, on which he tied
all his victims, and adjusted them to
its length either by cutting off their
legs if they were too long or by stretch-
ing them if they were too short. He
was killed by Theseus, after being
made to suffer the tortures he had in-
flicted upon others.

A Practical Dreamer

Being a dreamer may bespeak the
artistic temperament, but you must
dream to some purpose to draw a sal-
ary.

Ancients Had No Dolls

Dolls cannot be traced further back
than the reign of Queen Anne, in the
early part of the eighteenth century.

Breakfast Food "Matrimonially Speaking"

By Hugh McKay.

My wife is a great reader.
One of the greatest, I dare say, who
ever finished a book instead of the re-
pairs she was making in her hus-
band's socks.

She says, of course, that she never
gets time to read. She gives as the
reason for this that woman's work is
never done, or words to that effect.
But, as a matter of fact, that
doesn't interfere one bit with her lit-
erary pursuits. She likes nothing bet-
ter than to surround herself with all
the darning and mending and sewing
paraphernalia she can collect—and then
read to her heart's content.

She often tells me at breakfast what
a hard, busy day she's going to have
around the house while I'm gone. And
when I come home that evening I
can't find a thing she's done—except
get through the 350 pages of some-
body's latest book.

There ought to be a law making it
illegal to sell or rent more than one
or two books a month to any married
woman—unless she can show a special
permit from her husband.

Tomorrow, my husband takes great
care of all cats and scratches.

Uncle Eben

"Now an'—then," said Uncle Eben,
"you'll find a man who manages to
keep up a home jes' by sympathizin'
with his wife 'cause she has to work
so hard."—Washington Star.

PLANS MADE TO APPEAL VERDICT

Sentence Will Be Pronounced
Tuesday on Man Charged
with Killing Vandemark.

Steps will be taken, following the passing of sentence Tuesday for a new trial in the case of John Jurko, who shot at H. W. Vandemark, and against whom a jury returned a verdict of first degree murder with the penalty recommended, at death, late Friday evening. It was announced by W. F. Guthrie, chief counsel for the defense, who with the assistance of Homer C. Mills fought to save the convicted man from the sentence the jury returned, that an appeal will be made. It is understood that an appeal will be taken to the supreme court if a new trial is not granted.

Friday, Saturday, the day following the verdict of the jury, was a change from the day before, it was said. Friday, with evidence offered that held out a ray of hope that the jury might return a verdict of second degree murder, he was in fairly good spirits. Saturday, however, after the verdict had been returned, he was downcast and grew old haggard. He counsel was with him Saturday for a short time at which time plans were made to keep up the fight to save him from the gallows.

O. S. L. SUBSCRIBES TO REPAIRING ROAD

Railroad Offers \$500 in Attempt to
Get \$5000 for Repairing Highway
Between Rogerson and Jarbridge.

The Oregon Short Line railroad has offered \$500 to be collected for repairing the road in Owyhee county running from Depoe to Jarbridge, it was announced Saturday at the office by the secretary of the Twin Falls Chamber of Commerce, Charles Dwight.

The subscription was made, Mr. Dwight said, with understanding that the remainder of the sum would be raised in Elko county, Nevada, and in Idaho. The road is badly in need of repairs and attempts are being made to raise the money to repair it. Elko officials will repair the road to the Owyhee county line and Elko county officials will repair the road to the Nevada state line.

BRYAN WILL SPEAK AT LAVERING TODAY

Famous Lecturer and Campaigner Will
Use "The Superlative Call" as His
Subject. Address at 3:30 o'clock.

Plans are complete for the address here Sunday afternoon at 3:30 o'clock at the Lavington theater of William Jennings Bryan, famous campaigner and politician, who will arrive this morning from Shoshone and will spend the day before his address at the home of Mrs. L. B. Perrine at the Blue Lakes ranch.

Plans have been made to take care of a crowd that will pack the theater to the doors. Mr. Bryan will speak upon a religious subject and following his address here he will leave for Pocatello, where he is scheduled to speak this evening. He comes to Twin Falls from Boise where he spoke Saturday evening.

He is being brought here under the auspices of the Twin Falls Ministerial association. His subject as announced will be "The Superlative Call."

ASSOCIATION MEMBERS TO TRANSPLANT TROUT

Members of the Southern Idaho Fish and Game association will transplant fingerling rainbow trout today from the specially prepared reservoir west of the city to the streams surrounding Twin Falls, it was announced today. Members of the association will fill a number of milk cans with the baby trout and take them in cars to surrounding streams where they will be planted for future fishing. The trout were placed in the reservoir some time ago for the purpose of giving them an opportunity to grow a little and become acclimated to the waters of this section. They were shipped in here from the state fish hatcheries.

WATERS WIN FIRST PRIZE.
J. A. Waters returned to Twin Falls Saturday from Burley, where he had Guernsey stock entered in the Cassin county fair, which was held Wednesday, Thursday and Friday. Mr. Waters won first prize at the fair on his Guernsey cattle.

Mace Released on Bad Check Charge

Instructed Verdict of Not Guilty
Ordered by Court in Trial
Saturday of Man Held in Jail.

Andrew Mace, charged with writing checks without funds, who has been in the Twin Falls county jail for several weeks pending a hearing, was given his freedom Saturday morning when Judge W. A. Babcock instructed the jury not to find the man guilty, a verdict of not guilty, on the ground that the evidence offered by the prosecution was insufficient for conviction.

At his preliminary examination held recently attorneys for Mace asked that a board be appointed to pass upon Mace's sanity. This was denied by Judge Judge O. B. Dwyer. Mace was released Saturday when witnesses testified that he had passed a check for \$1 at a Buil store, where he asked the clerk for a Twin Falls bank check and when he was told they had nothing but blank checks on the Buil bank he asked that one of them be changed. This the clerk did, changing the date line but not the name of the bank, which, the defense contended, was through no fault of Mace.

ROCK CREEK JIM CALLED BY DEATH

Aged Indian Thought to Be
More Than 100 Years of Age
Dies Saturday Night.

Rock Creek Jim, said to be more than 100 years of age, and known to the earliest white pioneers of southern Idaho, died at the Twin Falls county general hospital Saturday evening at 11:30 o'clock. His death comes as the climax to a long siege of pneumonia with which he was brought to the hospital from his home on a ranch on Salmon creek, near the upper end of the Roseworth project. He was said to be one of the last of the remaining Shoshone Indians and his passing will be mourned by many of the earlier settlers to whom he was a familiar figure. He was brought to the hospital a week ago Friday and since that time has gradually been sinking. The body is at the P. J. Grossman funeral parlors and no funeral arrangements have been made.

FIRE DESTROYS HOME OF MARTIN STRANDY

Short-Circuited Wiring Thought to
Have Been Cause of Blaze Which
Did Much Damage Late Saturday Night.

Fire thought to have been caused by a short circuit from an electric cord hung over a nail, almost destroyed the home of Martin Strandy at 611 Third avenue east, Saturday night shortly after 12 o'clock. When the department arrived on the scene, the house, a low five-room, one-story frame building, was almost a mass of flames and the department experienced difficulty in extinguishing it. Mr. Strandy said that he had some insurance on the house, but did not know whether it would cover the damage done or not. Rough estimates following the fire placed the damage around \$1200.

BREVITIES

Week-End Visit.—Miss Jennie Wako went to Burley Saturday evening to spend the week-end visiting friends.

Visiting Relatives.—Frank Lee left Saturday morning to spend the week-end with relatives in Idaho Falls.

On Business.—C. L. Larsen, manager of the Intermountain Coal company, went to Pocatello Saturday evening on business.

To Seattle.—Morris Robinson will leave Monday evening for Seattle, where he will enter the University of Washington.

Father Arrives.—M. F. River, father of Mrs. F. F. Varner, returned Saturday from California where he has spent the summer.

University of Utah.—John McDougal left Saturday morning for Salt Lake where he will enter the state University of Utah.

Here From Pocatello.—A. J. Fix returned Saturday from Pocatello, where he is working, to spend Sunday with home folks.

Eugene University.—Miss Helen Varney left Saturday morning for Eugene, Oregon, where she will enter the Eugene Bible university.

To Washington University.—Merrill Ayres will leave today for Seattle, where he will enter the Washington State university.

Enter University.—Lawrence Carlson left Saturday morning for Seattle, where he enters on his third year in the University of Washington.

For North Dakota.—Edwin Cooper of the Twin Falls four mills, left Saturday morning for a ten-day trip to points in North Dakota on business.

To Play Baseball.—Ed Mussell left Saturday evening for Palo Alto, California, where he will play winter baseball and enter Stanford university later on.

Here From Rupert.—Miss Helen Roberts came in from Rupert, where she is teaching, to spend the weekend with her parents, Mr. and Mrs. J. E. Roberts.

Pastor to Shoshone.—The Rev. Edgar L. White left Saturday evening for Shoshone where he will preach this morning and will be in Mountain Home this evening.

Visit in Twin Falls.—Mrs. F. J. Ebbelard and her small son and daughter arrived Saturday from Blackfoot to spend some time visiting Mrs. Ebbelard.

EGG MARKETING COMPANY

The Idaho-Oregon Egg Producing association is ready for work, according to H. E. Brossard, county agricultural agent, and a receiving station has been opened at Pocatello. Work will be started at once in Twin Falls county to obtain assembling station where the eggs will be packed for shipment to the Pocatello station and from there to the marketing center of the association. Considerable interest is evident in the association, according to the county agent and they have a large number of hens signed up.

ated's mother, Mrs. Margaret Field, and sister, Mrs. Charles Hill.

Returns to Nebraska.—Miss Ruth Overton left Saturday morning for her home in Red Cloud, Nebraska, after a visit with her friend, Miss Agnes Fisher, of the junior high school faculty.

Visits Flynn.—H. Hagen left Saturday morning for his home in Johnston, Iowa, after a visit with the family of J. A. Flynn of Fifth avenue east. Mr. Hagen is a pioneer of Twin Falls, having lived here 15 years ago.

Returns From Trip.—Miss Zita Hagar returned Saturday from a two weeks' trip to Colorado. She visited the J. V. Shipley family in Denver, and stopped at Grand Junction on her return and visited Mrs. Worth Williams.

Cold Spell Still Hangs Over County

Saturday was two degrees warmer than Friday, according to reports from the local weather bureau, which gave the high point reached for the day at 58 degrees, as compared with 53 for Friday. The mercury dropped to 31 degrees, as its lowest point for the 24-hour period, which was seven points lower than on the previous day. At 10:30 o'clock Saturday evening the thermometer stood at 35 degrees, with every indication that it would go lower. Overcasts were much in evidence Saturday night on the streets of Twin Falls as the mercury began to drop.

CASE IS DISMISSED.

Ray Carpenter and M. S. Bidden, charged with violation of the state auto license law were released from the county jail Saturday after spending 15 days in jail. At their hearing Saturday the case was dismissed by Judge O. P. Duvall.

PERMITS for hunting on the Pillar Falls farm may be secured from Bidsay L. Craig, Phone 1252 W. or Edwin Danamon, 7081. Only 25 members permitted in this club.

The Lanchester Balancer gives Willys-Knight a vibrationless smoothness unique in a motor car.

Willys-Knight Scores Again

Men and women who drive cars rightly demand the most of them. They render a verdict of enthusiasm for the Willys-Knight. The test of everyday driving proves to them the completeness with which its latest refinement, the Lanchester Balancer, prevents engine vibration at any speed.

Car owners, who object to vibration in open cars, find it amounts to a continually renewed irritation in closed cars. With closed cars coming more widely into use each year,

demand for the elimination of engine vibration has grown imperative

Willys-Knight supplies this demand—the Lanchester Balancer conquers vibration. The Balancer makes a better engine of the world's best engine—the famous sleeve-valve motor that improves with use. It registers another achievement for Willys-Knight—the car that literally outruns its field.

The Willys-Knight with Lanchester Balancer is on view now. Inspect it. Try it out. Then render your verdict.
