Philadelphia Citizens Appeal to President Coolidge in Mayor's Desire to be Rid of Marine General.

PHILADELPHIA, Sept. 24 (AP)—President Coolidge was urged tonight by the Law Enforcement League of Philadelphia to intervene in the controversy between Mayor Kendrick and his director of public safety, Brigadier General Smedley D. Butler, in a telegram signed by William R. Nicholson Jr., the secretary. The league told Mr. Coolidge that he alone "can save Philadelphia from further disgrace and humiliation," and called on him to "act to avert this calamity" when he comes to Philadelphia tomorrow.

The president will deliver an address here at the celebration of the 150th anniversary of the signing of the continental congress and the 200th anniversary of the founding of the Carpenters company.

Corruption charged.

"The Law Enforcement league," added the message to the president, "presented signed documentary evidence charging political corruption all down the line in Pennsylvania by federal office holders, and that it is the worst spot in the union. This is not publicly known to date but the removal of Director Butler, whom you enabled to come here, will necessitate the publication of this organization as our duty to the nation. The document is signed by one of the highest officials in your administration."

At the same time the law enforcement league issued a call for a mass meeting next Monday night "to give every citizen an opportunity to express his attitude toward the inhuman efforts of the chief executive of this city to discard a valiant marine whose only real offense had been the successful execution of orders received from the chief executive of Philadelphia."

Resignation Request.

Mayor Kendrick, in the opinion of close observers of the situation clearly indicated that he letter to General Butler which was prepared Monday without—because of the general's letter contained a request for his resignation.

"In the last analysis," said Mr. Kendrick, "I am mayor of Philadelphia and I am going to be mayor. I am not to be intimidated or coerced by any one. If I can't have a man in my cabinet who will co-operate with me I have another way to change them every day. I had nerve enough to bring General Butler to Philadelphia and I have nerve to fire him."

Congressman Hill
Indicted by Jury
for Making Cider

Maryland Representative Gets Action on Avoxed Intention to Test Section in Volstead Act.

BALTIMORE, Sept. 24 (AP)—Representative John Philip Hill was today indicted by the federal grand jury on a charge of manufacturing and unlawfully possessing wine and cider at his home here, and with maintaining a public nuisance thereby.

The indictment which contains six counts, is a result of his avowed efforts during the past two years to obtain a declaration of the term "non-taxable" for cider and fruit juices in section 29 of the Volstead act. Mr. Hill contended that under it farmers were allowed to make cider with an alcoholic content of more than one-half of one per cent, while city dwellers were restricted to beer of just that percentage.

In September, 1923, Representative Hill manufactured fruit wine at his residence on West Franklin street, after notifying Prohibition Commissioner Haynes of his intention and requesting that he be informed when a stop fermentations. Following this, a temporary injunction upon his home was secured. No date, however, has been set for a hearing on the petition District Attorney Woodcock for a permanent injunction.

Experiments.

Experimenting with Mr. Hill, several weeks ago, decided to make cider. He did so from apples grown on his property, he said, and allowed it to attain an alcoholic strength of 2.75 per cent. This cider was served to several hundred friends at a "party" last Saturday night and the indictment today is the outcome.

The congressman has not been arrested and will not be, federal authorities said, until the day of his trial, as they are certain he can be found whenever they want him.

When informed of the grand jury's action today, Mr. Hill expressed himself as "delighted." "At last I have forced action, and we shall now get decisions on section 29 of the Volstead act, which I have been demanding for more than two years," he said, adding that he was ready at any time to stand trial.

Wheeler Accuses Opponent of "Wait a While Attitude" Toward Farmers' Interests.

ST. PAUL, Sept. 24 (AP)—The proposal of Charles O. Dawes for a commission to study agricultural problems means merely "wait a while," United States Senator Burton K. Wheeler, independent candidate for vice president, declared here in a speech tonight.

"Mr. Dawes says the agricultural problem is economic, not political," he said. "He runs true to the course of spokesmen for the interests in control of our national affairs."

"They never like to have economical problems in a campaign. Their idea is that during a campaign the people should listen to school-boy orations on the constitution and the flag. After the campaign is over, then the economic problems could be taken up by the bankers and the bankers' lawyers."

"That would be his idea of taking politics out of our economic problems. He has expressed his plan for dealing with agriculture. President Coolidge explained this same plan some weeks before Mr. Dawes did, so we can come on this question, at least, they are in complete accord."

"They would wait until after the election. And after that it is to be expected they would wait a while longer. They had no sympathy with the idea of immediate action presented to congress by Senator LaFollette last June."

"Mr. Dawes would have the farmers keep out of politics. He would have labor keep out of politics. Nothing bothers the representatives of the privileged interests as much as the very clear intention of the man of the farm and the factories to participate in politics this year."

FLIERS MAY JUMP TO
SAN FRANCISCO TODAY

LOS ANGELES, Sept. 24 (AP)—After a day of rest, following what they said was the greatest reception in all their aerial trip around the world, tonight found the six aviators of the army world flight ready to start tomorrow morning from Cloverfield, Santa Monica, near here, to Glendale, Santa Monica, the announced.

The three great world cruisers are in fit shape and, weather permitting, the globe gliders will take off about 10 o'clock in the morning on the third from the last leg of the official flight around the world, terminating at Seattle.

IDAHO MAN TO SPEAK.

CHICAGO, Sept. 24 (AP)—Republican national campaign headquarters announced tonight that former Governor D. W. Davis of Idaho would speak tomorrow night at Monmouth, Ill.; September 26 at Ripley, Iowa, and at Mount Moreh, Wisconsin, September 29 and 30.

Husband of Murdered Wife Watches Three Men Show How Death of Mrs. HUNN Occurred in Pasadena.

PASADENA, Cal., Sept. 24 (AP)—Clifton R. Hunn of Chicago late today watched Harry Connor, alias Harry Garbutt, ex-convict, and P. R. Gibson re-enact what each claimed was the true version of the death scene of last night in which Mrs. Hunn was slain.

In one particular the two versions clashed. Each man asserted he was in the "bathroom" at the speaking of the controversy with Mrs. Hunn.

Gibson said that Connor beat the woman over the head with a small hammer, and then shot her. He declared that Gibson attacked her with the hammer, that he (Garbutt) intervened and in the struggle with Gibson for Garbutt's pistol the weapon went off, killing Mrs. Hunn.

WOMAN HELD ON
POISON CHARGE
NEAR COLLAPSE

Elsie Sweeten, Minister's Associate in Arsenic Case, Nervous Wreck; Is Held in Illinois Jail.

SALEM, Ill., Sept. 24 (AP)—The strain of an all-night questioning coupled with the worry and care of a mother over her children and a subsequent loss of appetite tonight had brought Mrs. Elsie Sweeten, who has confessed that she poisoned her husband in a plot with the Rev. Lawrence M. Hight of Ina, on the verge of a nervous breakdown. Her condition has become such that upon instructions from her physician, Dr. S. A. Thompson, nobody is permitted to see her in her little cell in the quiet jail building here, unless she requests it.

"I have offered to get her anything to eat she desires, but she always refuses, she has no appetite, she cannot eat," said Sheriff H. E. Vogt.

Reason for Confession.

The greater part of the time Mrs. Sweeten has been in jail here, she has been on her iron cot, either sitting or lying down. Since her arrival she mentioned her confession, she said at Menard, yesterday morning, only once saying she would not have confessed had it not been at the urgent request of the clergyman, when the two were closeted in a cell for nearly three hours.

Tonight Mrs. Sweeten received a note purporting to be from her mother and brother assuring her of their assistance and promising her to take care of her three children who are now with their grandfather at Ina, the home of Mrs. Sweeten. She was also advised in the note to employ counsel, and not to worry over the future.

Gives Interview.

"One night in April," she said, "he was a great religious man. After he was a great religious man, I yielded to his suggestions in every way."

Sorry for Deed.

When asked whether she was sorry that she had poisoned her husband as she confessed, she answered:

"Yes, I am sorry, very sorry; I certainly am sorry."

No motion was visible in the woman's features or attitude at the mentioning of the minister's name, either directly or indirectly. She referred mostly to the minister as "he" or "him." Her answer to the question whether she had poisoned her husband was vague.

Milford, Nebraska, Man Hopes Son Is Not Elected as Senator on Modification Stand.

OMAHA, Sept. 24 (AP)—The Rev. Thomas C. Birmingham, 80 years old, of Milford, Neb., a retired Methodist minister, is praying for the defeat of his son Merle Birmingham, of St. Paul, Minn., candidate for United States senator on an independent light wine and beer platform, according to the Omaha World-Herald.

"For more than 50 years I have worked for temperance," the Rev. Mr. Birmingham said, adding that "if a son is an agent of forces seeking to overthrow what has been accomplished, I am against him."

MANY KILLED BY
BOMBS FROM AIR

Manchurian Leader Reports Destruction of Headquarters of Enemy; Hundreds Slain.

TOKIO, Sept. 25 (AP)—A communique issued by Chang Tso-Lin, the Manchurian leader, at war with the central government at Peking, claims that his air forces bombed the enemy's headquarters at Shanhaiwan yesterday morning, destroying a hotel in which the headquarters was located and killing many according to the Nichi Nichi Shun newspaper.

The communique also claims the Manchurian airplanes bombed a train arriving at Shanhaiwan from Peking, wounding several of the passengers. The Nichi Nichi Shun newspaper says Chang's fifth army, composed mostly of Mongolian troops, drove back the central governments troops near Shanhaiwan on the Chihli-Manchurian border.

A special dispatch to the Koganei News agency from Mukden quotes one of Chang's staff officers as saying that the Manchurian leader has 18 airplanes at the front with over 1000 bombs, including 400-pound ones. He claims that hundreds were killed when the train was bombed at Shanhaiwan yesterday, 13 airplanes taking part in the raid.

PEKING, Sept. 25 (AP)—The Peking government troops employed armored cars mounting machine guns against the Manchurian army at Shanhaiwan and the Chihli-Manchurian border, inflicting considerable losses.

The Manchurian airplanes are reported to have bombed Chingwantao, a place near Shanhaiwan, doing little damage.

FALLS DISTRICT
SELLS BONDS TO
CHICAGO FIRMS

Directors Dispose of \$2,498,000 Issue Bearing 6 Per Cent Interest at Par Plus \$10,000 Premium.

Under contract entered into late Wednesday by the American Falls reservoir district, \$2,498,000 worth of the district's bonds, bearing a 6 per cent interest, were sold at par with premiums amounting to \$10,000, to Marshall Field, Glaxo, Ward and company and Blythe, Witter and company, and associates of Chicago. Five bond houses submitted bids which were opened Tuesday, decision of the district's directors being announced Wednesday and the contract entered into late in the afternoon.

Proceeds of the bond sale are to be used to meet the district's financial obligations under contract with the federal government in construction of the American Falls reservoir project, in which the district, comprising six irrigation systems in the Snake river valley, will participate for purpose of supplementing their water supplies. Sale of the district's bonds automatically makes available an appropriation of approximately \$500,000 for the American Falls project which was approved by the last session of congress and made contingent upon sale of the district's bonds.

Prepared for Quick Action.

Under contract for sale of the district's bonds consummated today, the auction will turn over to the federal government approximately \$2,500,000 in cash in the event of necessity for such payment prior to October 20, next, or before completion of printing and execution of the bonds.

The district reserves the right to reduce the amount of bonds sold to not more than \$700,000. This clause was inserted in the contract, it was explained, in view of possible reduction in the cost to the district of participation in the American Falls project, if a new bond issue should be sold. River valley water users desire to participate in the project. Participation by the upper river users, it is estimated, would reduce the cost to the district by about \$600,000 and bring it up to the district of American Falls storage water down to about \$5 per acre foot. Final decision on the part of the upper river users in this regard is expected before December 1, next.

The district's bonds will be issued (Continued on Page 4, Col. 4)

Two May Hang At
Idaho Prison for
Murder on Oct. 14

Twin Falls Man and Cascade Rancher Face Gallows; Jurko in Appeal May Be Saved Says Warden.

BOISE, Sept. 24 (AP)—Two men may be hanged at the Idaho state penitentiary November 14, David Hoagland, sentenced by Judge R. S. Varian of the seventh district court at Cascade Wednesday afternoon to die for the murder of William Patterson two years ago near Cascade, and John Jurko, sentenced Tuesday in the district court at Twin Falls for the murder of A. R. Vandemurk, June 25. These two will be the first executions in 15 years.

Hoagland was taken to Cascade Tuesday by Sheriff Diggs and Dan W. Ackley, deputy warden, to have the sentence pronounced and was returned to the penitentiary today. Hoagland was originally sentenced to die in April, 1923.

Jurko appealed his case to the supreme court, said John W. Snook, warden at the penitentiary, and may not be hanged on the date set.

The last man to be hanged at the state prison was Fred Roward in May, 1909.

SMITH MAY BE NOMINEE

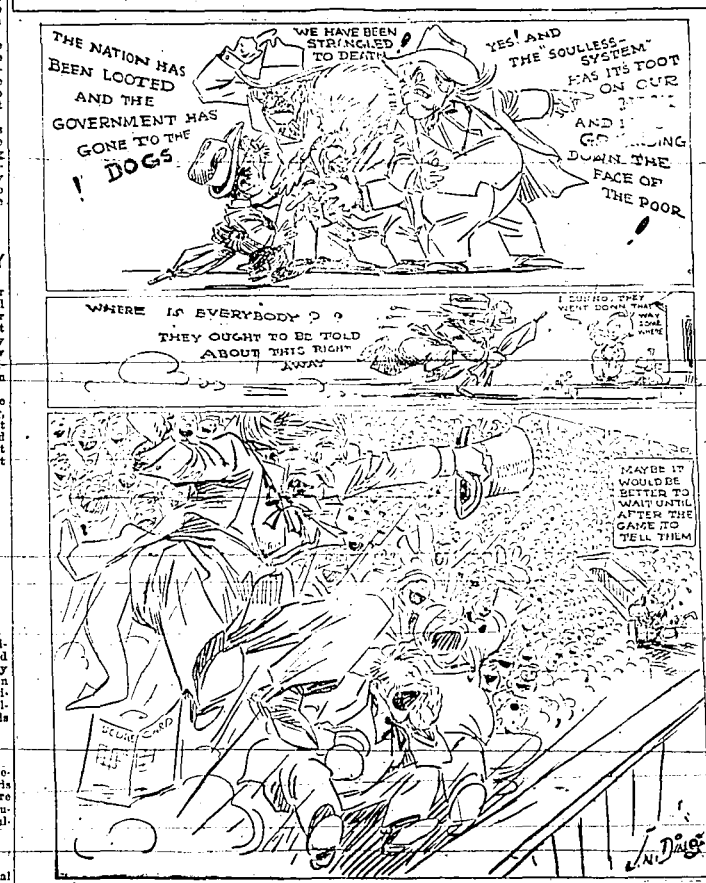

Indications on Eve of Democratic Convention in New York Look as Though Governor Would Be Renominated.

SYRACUSE, N. Y., Sept. 24 (AP)—Indications pointed tonight to the renomination by acclamation of Governor Alfred E. Smith and his associate elective officers by the state democratic convention which opens here tomorrow.

The governor has not yet said he would run, but no other person's name has been mentioned.

Persons familiar with the chief features of the platform plans said that nothing new would be included in its structure. The Ka New Plan, as it is known, was drawn and perhaps there will be a plank adding modification of the Volstead act to permit the sale of light wine and beer.

NEVADA CAVES REVEAL POTTERY OF EARLY TIMES

Scientists Find Much of Interest in Search Through Caverns; Figuring Found on Wall Is Aztec.

ELY, Nev., Sept. 24 (AP)—Scientists of the University of Nevada, in an expedition headed by Governor J. C. Shingler, recently have read again the pages of the past in caverns near the famed Lehman caves and found them rich in archaeological lore.

Figuring found on the dark wall of a cavern, said to be undeniably Aztec, the scientists believe the discovery one of the most important in recent years. The finding of pottery in the caves also moves the pottery line about 300 miles further north than any ever before found.

Dr. Schupp and Dr. Peter Brandson, biologists, have employed six men to assist in the work of excavating. The party found it difficult in places to discern the hieroglyphs, as clambusters had washed much debris into the caverns. Hieroglyphs resembling both Aztec and Egyptian work have been found and members of the party are optimistic in predicting that a veritable underground city will be discovered.

A strong flow of water was discovered 90 feet above the level of Baker creek, and live newgrowms were found at a depth of 100 feet. A cave with an opening four by six feet at the surface, leading to a large underground room, contained five human skeletons, the bones badly disintegrated due to extreme age.

DISTRICT GOVERNOR OF ROTARY VISITS IN CITY

Charles Dinwoody of Idaho Falls on Annual Tour in Interests of Well-Known Institution.

Charles Dinwoody of Idaho Falls, district governor of International Rotary for Utah and Idaho, on Wednesday paid an official visit to the Twin Falls club.

Introduced by C. E. Booth, president, Mr. Dinwoody delivered an interesting address upon the subject of the aims and objects of Rotary, stressing the ideal of service as chief among Rotary attributes.

Mr. Dinwoody will leave Thursday morning for Buhl where he will pay an official visit to the Buhl club.

Ben Franklin Enjoyed Good Things of Life

Benjamin Franklin was one of those rare men who lived so happily and so abundantly that the reader of his life finds himself wishing he might have been a contemporary.

He was regarded as one of the wisest members of the First congress, yet he seldom spoke and he spent a great part of his time fast asleep in his chair.

He drank too much, he ate too much; instead of exercising, he played chess. He suffered the piercing pains of gout. He confessed all his faults with "delightful humor" and frankness.

At sixteen he wrote an article for his brother's newspaper, describing the night life of Boston, and at twenty he was still indulging in pleasant romances with young and beautiful French women. He missed nothing.

As he added years to his age and dollars to his income, he violated many of Poor Richard's precepts. His common sense led him to take hot baths twice a week, when the general custom was to bathe not oftener than two or three times a year. He believed in fresh air, and even night air, while the doctors were still using leeches as a cure-all.

He enjoyed life to the utmost. He was the master of his circumstances from the age of sixteen, when he ran away from home, to the ripe age of eighty-four, when he passed on, with all his affairs in order. He left an estate of a quarter million dollars for his heirs.—William Feather Magazine.

GERMANY MAY ENTER LEAGUE

Cabinet Unanimously Endorses Application for Membership in Body.

GENEVA, Sept. 24 (AP)—Germany held the center of the stage in Geneva Thursday and held it dramatically. The members of the council of the league of nations and scores of other distinguished delegates formed little groups in the corridors of the league palace and discussed the big news from Berlin, that the German cabinet had unanimously voted to apply for membership. The stringency, according to press dispatches, Germany would attach to her application did not seem to worry much the members of the council with whom the correspondent of the Associated Press talked. The prevailing view was that the explanatory note issued by Berlin was chiefly intended for home consumption and as a foil to the nationalists who would be so fatal that Germany will be made to suffer new humiliations.

There seems to be no desire whatsoever here to humiliate Germany, but on the contrary, practically everybody to-night was voicing deep satisfaction over Berlin's decision, coupled with words of hearty welcome.

The news reached the league secretariat at a recreational moment for the council in secret session was discussing how best to conduct the league investigation of armaments situation in Germany which is one of the rights vested in the council by the treaty of Versailles.

Dutch Unfortunate in Colonization Ventures

The celebration on the continent commemorating the tercentenary of the foundation of New York recalls the fact that the great American city was originally a Dutch settlement. It was not until 1604 that it was captured by the British, and the original name of New Amsterdam was changed to New York.

Fate, indeed, has been unkind to the Dutch as colonizers. Not only did they lose their extensive settlements in New York state and Pennsylvania, but their colony at the Cape of Good Hope, founded in 1652, also passed into British hands, says London Answers.

Other instances of lost colonies could be given, especially if those which changed hands during or after the great war were included. But how many people realize that at one time Egypt was a French protectorate, and that before the advent of Clive the French power in India was greater than the British? The earliest European settlements in India, indeed, were Portuguese; but the Portuguese were driven out by the Dutch, and the latter, again unfortunately—by the British.

My Skin

Is due to a super-clay By Edna Wallace Hopper

After 40 years in the limelight—after 35 years as a stage star—I still look a girl of 19. The thousands who see me daily know that, and wonder how this came about.

The chief reason lies in a new clay. I started years ago with the old-type clays, crude and muddy, which do no harm at all, but they brought me amazing results. But I have kept in touch with scientific progress, and in 20 years it has brought me a clay which gives multiplied results.

First, I found that the experts call the last word in facial clay—it is white, refined and dainty. And it embodies many new discoveries. Until I obtained this, I never knew one tenth that clay would do.

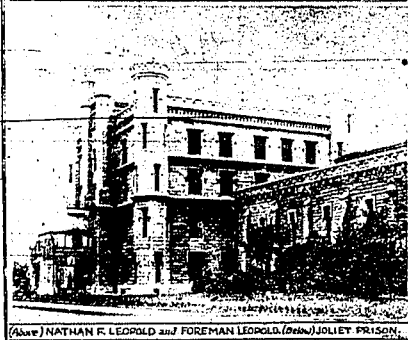

Now I am supplying this clay to others. I call it my White Youth Clay. All druggists and fair expositions have it—exactly the clay I use. And I am stating its results to girls who want more beauty and to women who want youth.

My White Youth Clay purges the skin of all that clogs and mars it. It draws out the causes of blackheads and blemishes. It brings the blood to the skin to nourish and revive it. The result is a rosy afterglow which amazes and delights. Many women seem to drop 10 years with one application. It firms the skin, combats all lines, and wrinkles, reduces enlarged pores. No girl or woman who once enjoys its results will ever go without it.

I want you to know what it does. As good fortune obtained it for me, I was famous as a beauty, so every expert sought to give me the greatest aids to beauty. Now I wish to bring the results to millions.

Write me for my Beauty Book and I'll send you it something else to please you. Edna Wallace Hopper, 536 Lake Shore Drive, Chicago.

When Boy Murderers Were Given Life Terms

NATHAN LEOPOLD, father of Nathan Leopold Jr., bowed his head and kept his eyes half closed when he heard Judge John Caverly sentence his son and Richard Loeb to the Joliet prison for life for the murder of 14-year-old Robert Frank. Foreman Leopold, elder brother of Nathan, sat by his side as the court read the decision. The Joliet prison, where the two boys will spend the rest of their lives, is shown in the other photograph.

SHANGHAI IS MAIN OBJECT

Forces Allied With Peking Government Renew Attempt Against Port.

By the Associated Press.
While the central government at Peking is carrying out its plans to meet the offensive of Chang Tso-Lin, the Manchurian leader who reports some further successes on the Chihli-Manchurian border, including the capture of Chao Yang, just across the line, the Kiangsu force, allied with Peking, is making another attempt to reach Shanghai.

This offensive commenced early on Wednesday morning near Tsingpu, some 20 miles from the port. Meanwhile both Chekiang, defending Shanghai, and Kiangsu, are destroying portions of the Shanghai-Nanking and Shanghai-Hanchow railways to delay movement of troops.

Lu Hsiang-shan, thutchen of Chekiang, some of whose troops recently revolted, is having further trouble, some of the workers in the arsenal at Lungwa, where his headquarters are established, having gone on strike.

Lu, too, apparently fears an attack on Shanghai from the east, having established a new defense line east of the port. It is possible that he expects Sun Chang-fang, just appointed thutchen of Chekiang by Peking, to move in this direction with the Fukien army which he organized under orders from the central capital and with which he invaded Chekiang from the south.

TOURIST PARK NOTES

"The melancholy days are come, the saddest of the year," and the tourist park resembles
"Some banquet hall deserted;
Whose guests are dead,
Whose fires are dead,
And all but he departed!"

"Oh, what a fall was there, my countrymen." Forty-five cars one night in August, and only seven Tuesday. But there is one consolation, there are more of the later travelers that are looking for a home in southern Idaho than there were earlier in the season.

Mr. and Mrs. F. O. Hafer, who have been living in Washington and Oregon for the past two years, are moving to Colorado Springs.

R. G. Renssion and partner are going to Portland from Duluth, Mich.

Women Know What They Want

—and Get It

A woman buys many different food products, dozens of fabrics and articles of apparel, shoes, things for the home, toilet preparations—quite probably in a year she makes a thousand purchases. Personally to judge the quality of each, she would need to be a chemist, an engineer, a metallurgist and a good many other things.

So, given the choice, of course she buys the goods she knows in preference to those she does not know. And she is going to have that choice for a good many years. She is boss.

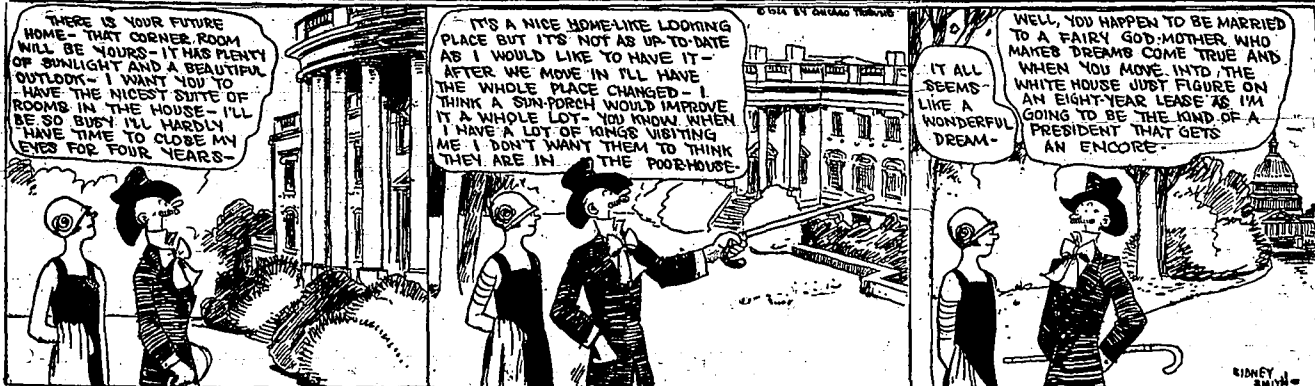

Manufacturers who want to work for her must realize this: They must put in their application at once; convince her of their intention and ability to give her merchandise of known value; and then live up to the standard.

For she is a just but ruthless boss. She neither forgets nor forgives. She rewards loyal service with loyalty, but her condemnation of broken faith is final.

Her favor is the sunlight of success; her indifference, the outer darkness.

CHINESE LEADER
WILL RECOGNIZE
SOVIET, REPORT

Dispatches From Mukden Confirm Information That Chang Tso-Lin and Moscow Have Reached an Agreement.

TOKYO, Sept. 24 (P)—Late dispatches from Mukden confirm reports that Chang Tso-Lin, the Manchurian leader, has made an agreement with the Soviet government, which covers the future of the Chinese eastern railway and includes the recognition of the Manchurian government.

The agreement, it is said, was made between Chang and a representative of the Soviet sent from Peking by L. M. Karakhan, the Soviet ambassador to Peking.

Apparently Chang, fearing Soviet pressure from the north, agreed to accept an agreement regarding the Chinese eastern railway similar to that negotiated at Peking between the central government and Karakhan, which he had previously refused to recognize. The Peking agreement, declaring that he has made a separate one, more favorable to his interests. It is apparent, however, according to the dispatches from his capital (Mukden) that he has bought off the Soviet in this manner.

MAKES PEACE A CONDITION
PEKING, Sept. 24 (P)—Chang Tso-Lin is alleged to have signed an agreement with the Soviet government on the condition that the latter does not take hostile action regarding the Chinese eastern railway while Chang is engaged in war against the Peking government.

Beastly Language.

Certainly dogs understand language and sometimes seem to try and make sounds resembling words. A French scientist tried to teach a monkey to talk, and got it to say "fee" (French for fire) whenever a match was struck. The scientist smiled when asked why he did not teach the animal English. Really the animal enjoyed blowing out the flame! It has been estimated that the maximum vocabulary of monkeys is about thirty "words"—a word being a definite cry common to all members of the species, and indicative of an emotion.

Wonderful Piece of Luck

I was sitting on the back porch enjoying the soothing warmth of the sun on my rheumatic hands. The bright glare of sun prevented my reading, consequently I was holding the magazine between my face and the sun. Suddenly something struck the magazine and it dropped to the floor. It was a .32-caliber bullet. No report of a gun was heard and the bullet was spent. The magazine protected my face and eye.—Chicago Journal.

All Nations Chew Gum

The gum-chewing habit encircles the globe. The American soldiers introduced gum to the soldiers of the other nations engaged in the World war, who, in turn, took it to their countries. In this very chewing gum is now known in practically every country which has contact with the world.

Wealthy, but Without
Power to Enjoy Life

"Now that you've got me talking," said a retired business man of St. Louis, who is going to Europe, "I might as well admit that I'm not having as much fun out of being what you'd call comfortably off financially as I looked forward to in my hard-working days.

"I suppose a good many old fellows would admit they are in the same fix if their circle would let them. I worked too hard, not hard enough to kill me or wear me out, but too hard to form a taste for the best things that money can buy.

"The lesson my experience has taught me is that keeping your shoulder to the wheel and pushing about, looking neither to the right nor left, and so forth, is not a complete set of directions for making a success in life.

"The rules may get a bank account for a fellow without unusual gifts, but they overlook too many things that count.

"I can't get settled down to a book. I can't sit through a play with any deep thought in it, and I've even neglected to learn how to make myself agreeable in company, mixed or just men.

Yet I had all that stuff in me when I was a kid—used to read a lot, in fact.

"Take my advice, and if you ever get the money-making bee, don't let it get you, for, unless you're a world-beater, no matter how well you make out, you won't be any too near the heart of the list."—Philadelphia Bulletin.

Meaning of "Dickens"

"Dickens" is an interjectional expression signifying astonishment, impatience and irritation. It is usually used with some of interrogation such as what, where, how and why. The name has nothing to do with Charles Dickens. It was used by Shakespeare over two centuries before Dickens was born. In "Merry Wives of Windsor" Mrs. Page says: "I cannot tell what the dickens his name is my husband had told of." "Dickens" is believed to be a euphemism for deuce or devil, which have the same initial letter.—Pittsburgh Magazine.

This competitive test proved Double Dyed Denim fast color.

If only every overall wearer might have seen this test, model! The superiority of Double Dyed Denim was proven in a most startling manner.

Samples of denim woven at different mills were sewed together. One of these samples was the Double Dyed Denim. The entire strip was soured with dirt and grease. Then it was sent to the laundry.

Powerful chemicals were used to take out the dirt and grease. Again and again this process was repeated. Illustrated at the left you see the result.

Some of the pieces were almost white; others a dirty gray; one showed a pale blue. Standing out in striking contrast was the Double Dyed Denim. It came through tough and strong as ever and a wonderful bright blue.

Double Dyed Denim is made only into Oshkosh B'GOSH Overalls. It was originated and is controlled by the Oshkosh Overall Company. Try a pair. That's all we ask. They must make good or we will.

TWO TEAMS NEED GIANTS AGAIN ONLY WIN THREE OF FOUR GAMES DEFEAT TEAM

Giants and Senators Can Clinch Pennants in Their Respective Leagues With Little Effort Regardless of Others.

NEW YORK, Sept. 24 (AP)—The Giants and Senators by winning today need only to take three of their four games each to win in order to clinch the pennants of their respective leagues, even if the Pirates, Robins and Yankees win their remaining contests.

New York maintained its one game lead over the Robins and moved Pittsburgh to three and one-half contests behind first place by driving Yale from the box in the Pirates today, 4 to 2. Pittsburgh now must win its six games to play while the Giants are losing two of their four to take the flag. Brooklyn by losing its two with Boston, could tie the leaders if they lost two out of four but cannot win unless McGraw's team loses three of their four. The Robins won from Chicago today 6 to 5.

Washington maintained its two game lead by beating Chicago, 6 to 3, while the Yankees defeated Cleveland, 2 to 0. The world championship can now win the pennant only by taking their four games, while Washington loses three to four. The Senators can tie by winning two.

SENATORS BEAT CHICAGO 6 TO 3

Last Game in Windy City Goes to Washington; Have Two Game Margin.

CHICAGO, Sept. 24 (AP)—Washington closed its American league season here today by taking the final game of the series from Chicago, 6 to 3, and making a clean sweep of the series. The victory enabled them to retain their two game margin over the Yankees, who shutout the Indians. The league leaders lost their hitting in three innings off Hollis Thurston, White Sox ace, and by playing sensational ball behind Zachary had little trouble staying out in front. Chicago's slugging power was sent to the bullpen to lumber up, but Zachary's mates came to his rescue.

Sam Rice continued his record of safe hitting by getting a blow in the opening inning. He has not hit safely 31 consecutive games.

The Senators travel tomorrow and have four more games to play with Boston.

NEW YORK, Sept. 24 (AP)—New York made it three straight from Cleveland today, winning, 2 to 0. While Cleveland battled Jones as hard as the Yankees did Uhl, each making nine hits, had base running by the locals spelled in chance to score in the seventh while a double play killed them off in the ninth when they had the bases filled with only one out.

Uhl's pitching was effective in the seventh when they scored the only runs of the game. With one out Menzel lifted a pop double to short center that fell early between Summa and Fowler. Ward followed with a low liner to center. Summa tried to make a shoestring catch and the ball went by him for three bases. Menzel scoring, Scott's bounding single through the drawn-in infield scoring Ward.

It was the only inning in which the Yankees made more than one hit.

NEW YORK, Sept. 24 (AP)—The Browns closed their home season today by losing their third straight game to Philadelphia Athletics. The score was 4 to 1. Manager Stengel's team had 16 hits in the game, six were for extra bases.

PHILADELPHIA, Sept. 24 (AP)—The Browns closed their home season today by losing their third straight game to Philadelphia Athletics. The score was 4 to 1. Manager Stengel's team had 16 hits in the game, six were for extra bases.

won the final game of the Chicago series today, 6 to 0, after a third strenuous battle. Grimes won the route but was always in difficulties, the Cubs making 12 hits, including a home run by Adams. Grimes pulled himself out of several tight holes by fanning the third man to retire the side. Paulitis fielding helped him at other times.

Alexander started for Chicago but was taken out in the fourth after the Dodgers had scored four runs, three in the second on three errors and two outs and one in the fourth on a pass to Loftis, a single by Grimes and High's sacrifice fly. Pinch hitters and new pitchers followed each other rapidly. Wheeler was charged with the defeat when Boston scored two runs off him in the seventh after his team had tied the game. High opened the seventh with a triple and Mitchell walked. Wheat's scratch hit sent in High and two force outs scored Mitchell. Grant hit four singles.

FALLS DISTRICT SELLS BONDS TO TWO FIRMS

(Continued from page one.)

in denominations of \$1000 each, bearing date of July 1, 1923. Payments on account of interest and principal are to begin October 1, 1933, 11 years hence, when there will be due and payable \$125,000. Payments thereafter will be made annually in increasing amounts until October 1, 1944, when the final payment of \$398,000 will fall due.

As evidence of good faith, the purchasers, represented by M. B. Bus, delivered today to the district a certified check for \$50,000 which is to be forfeited as liquidated damages in event of any breach of the contract on the part of the purchasers.

Sessions at which the bids were

opened and contract awarded continuing for two days, were attended by all of the members of the district's board of directors. Considerable time was taken up today following announcement of the directors' decision by argument on the part of representatives of competing bidders, each endeavoring to show that his own offer was the most advantageous to the district.

Contract for construction of the American Falls project is to be awarded to the firm which will have the most advantageous offer in the project at American Falls will occupy four years. In the event of satisfactory progress with construction, according to F. A. Banks, reclamation service engineer in charge of the project, it is believed that the undertaking may be so far advanced that some water may be stored for the coming season.

Construction work will begin by October 15, according to information received from Washington, where it was announced that advertising for bids from contracting firms would begin on September 15.

At least \$500,000 will go into the work before its completion and available funds for starting the job will total \$3,500,000, which will probably be on hand waiting for the letting of the contract by October 1.

If the contract is let to a sufficiently large company equipped to carry on such construction, it is believed that much will be accomplished during the fall months and early winter.

The first unit of the dam which is to be built at this time will hold 1,700,000 feet of water in storage and it is thought that the reservoir will be ultimately constructed to hold 3,000,000 acre feet.

Of the \$5,500,000 necessary to the construction to this project more than half is being furnished by the users who benefit by the building of the reservoir.

GEORGIA OFFICER WINS PROMINENT RIFLE EVENT

CAMP PERRY, Ohio, Sept. 24 (AP)—Lieutenant Louis W. Jones of the United States rifle team, stationed with the Twenty-eighth United States Infantry, Fort Benning, Ga., Tuesday won the president's match, one of the most coveted prizes of the National Rifle association, with a score of 192 out of a possible 200. Lieutenant Jones pined up 45 at 200 yards; 40 at 300 yards and 98 at 1000 yards, despite a sticky wind which blew over the range.

Clarence Vogel, San Francisco, was second with 190. The winner will receive an autographed letter from President Coolidge and a gold medal. The 100 high competitors known as "the president's hundred" win a badge.

The regimental team match was won by the United States naval team from the United States ship Colorado, with a score of 533 out of a possible 600. One point behind was the United States naval academy team, Annapolis.

COOLIDGE RENEWS HIS PLEDGE FOR ECONOMIC GOVERNMENT IN U. S.

WASHINGTON, Sept. 24 (AP)—President Coolidge today renewed his pledge for an administration of economy at home and harmony in foreign relations so that taxes might be reduced and peace and prosperity be established.

Speaking before delegates attending the convention of the National Association of Retail Druggists, the president also declared for the policy of "less interference by the government" in business, and urged as a guide in such relations the principle of "service and mutual consideration."

The brief speech was delivered at noon from the south portico of the White House, after Mr. Coolidge had spent a busy morning receiving callers on various missions and attending to other business. This afternoon he completed the address he will make tomorrow night at Philadelphia at exercises of the 150th anniversary of the meeting of the first Continental congress.

CONFISCATED LIQUOR MUST BE DISPOSED OF SOON AFTER DECREE

WASHINGTON, Sept. 24 (AP)—United States attorneys hereafter must dispose of confiscated liquor immediately after courts decree its confiscation, under orders issued by Attorney General Stone in an effort to check leakage from seized stocks in storage.

It has been the practice to sell the confiscated stocks to purchasers entitled to possess liquor and turn the proceeds into the treasury, but the method has not always worked out satisfactorily, it was said today, since delays in thus disposing of it, amounting sometimes to a year or more, have given time for theft or fraud.

Mr. Stone is desirous of stopping up these spigots and the new instructions drawn by Mrs. Mahel Walker Wilberbrandt, assistant attorney general in charge of prohibiting enforcement, she believes, will have the desired effect.

ANNOUNCEMENTS

Mr. and Mrs. Frank Magol, Mr. and Mrs. J. W. D. Smith, Mr. and Mrs. Elmer Miller, Mr. and Mrs. R. P. Parry, Mr. and Mrs. Sidney Graves and Mr. and Mrs. Martin Bailey enjoyed a progressive dinner on Wednesday evening. The cocktail course was served at the home of Mr. and Mrs. R. P. Parry. This course was served by candle light, the table decorations being marigolds and white candles with yellow place cards and yellow candles in silver sticks. The soup course was served at the home of Mr. and Mrs. Elmer Miller and the party being seated at small tables centered with low bowls of calendula, the place cards carrying out the autumn idea. Mr. and Mrs. Elmer Miller and Mr. and Mrs. Frank Magol were hosts for the meat course, which was served at the home of Mr. and Mrs. Miller. A bowl of autumnal flowers and white candles in silver sticks decorated the table. Salad was served at the home of Mr. and Mrs. Bailey, a bowl of zinnias in pastel shades centering the table with cut cups and place cards carrying out the shades of the flowers and green tapers in silver sticks lighted the table. The last course was enjoyed at the home of Mr. and Mrs. J. W. D. Smith, the guests being seated at one long table. A Madeira luncheon set was used and a large bowl filled with marigolds formed the centerpiece, and brass candlesticks holding orange candles carried out the color scheme.

Mrs. Margaret Field entertained with an announcement dinner on Tuesday evening, honoring Francis Ross Jennings of Cleveland, N. D., and Miss Louella J. Blood of Jamestown, N. D. A three-course dinner was served to twelve guests, the table being decorated with fall flowers in the pink and white shades, with place cards and cut cups carrying out the color scheme. The guests were escorted to the table by the Miss Peggy Lou Field, who presented Miss Blood with a log, this when opened was found to contain a cat upon which was written, "Love and—Ross—tomorrow." After dinner the guests motored to the home of Mr. and Mrs. Charles Hill, where a radio-concert and dance were enjoyed. The wedding of Mr. Jennings and Miss Blood was solemnized at Wednesday afternoon at 4:30 at the Episcopal church in this city, the Rev. L. P. Nissen reading the ring ceremony in the presence of a few intimate friends of the bride and groom. Miss Blood wore a dark blue suit and a gray squirrel choker fur, with black hat, shoes and gloves. The bride is the daughter of J. E. Blood of Jamestown and a graduate of Jamestown college. Mr. Jennings is the son of F. E. E. Jennings of Cleveland and has just been discharged from the service. The bride and groom are leaving immediately on an extended honeymoon trip through California and Arizona.

The M. S. and S. club met at the home of Mrs. Wilbur Burrows Wednesday afternoon at which time members responded to roll call with recitation of the first verse they learned after starting to school. After a vacation of several weeks the club met and gave an instructive program which was in charge of the home economics committee. A paper was read by Mrs. Frank Schubert, "Household—helps" was the title selected by Mrs. Lowrey in her talk. Four new names were added to the roll call. Following the social hour refreshments were served. The hostess was assisted by Mrs. Daniel and Mrs. C. W. Griggs.

ADKINS' TRIAL MOVES SLOWLY

Hitch Comes in Selection of Interpreter to Translate Basques' Stories.

Disagreement over interpreters caused delay Wednesday in district court here in trial of John W. Adkins, charged with manslaughter in connection with the death early last June of only three witnesses.

It was heard during the examination of Clemente Basque, wagon tender for the Sheep company, and said to be the only eyewitness of the encounter, being completed just before the evening recess. It was presided over by Judge J. L. Alexander, who attended the injured man and conducted a post-mortem examination of the body of Esteban Basque, camp tender for Perce.

Difficulty over interpreters developed at the morning session when the state offered the services of Joe Saras. Under questioning by defense counsel, Saras admitted that he had contributed to a fund for the prosecution of Adkins. The prosecution objected to Felix Ombante, a candidate for interpreter, drawing from him the information that he was formerly the husband of Adkins' sister. The difficulty finally was settled by agreement that Saras should serve as interpreter with Ombante on the ground to check up on Saras' version of the testimony.

Deadly Stick in Evidence.

The stick which Adkins is said to have carried when he was charged with injury to his knee and with which it is alleged, he dealt the blow that fractured Marguerita's skull during a quarrel on the evening of August 1, resulting in the Basque's death, is in evidence in the case, was offered in evidence by the prosecution, and under direct examination, told of having seen from a distance the blow dealt by Adkins and his movements immediately afterward.

Finally, the camp tender, told of Adkins' return to the camp, where after the fatal encounter and of Adkins' statement that he had hurt the Basque.

Cross-examination of Adkins is to be begun by defense counsel this morning.

Selection of the jury in the trial of the case was completed Tuesday evening.

The case for the prosecution is conducted by Prosecuting Attorney J. W. Taylor, assisted by Attorney A. E. Wolfe. The accused man is represented by H. H. Busmann of Buhl and Shad L. Hagg of Twin Falls.

SUE TO ENFORCE CREDIT

Suit to enforce a claim for \$1425 credit and to restrain the independent Gas and Oil company from attempting to collect more than \$1945 on account of a settlement agreement entered into last March, was instituted in district court here Wednesday by C. E. Munson, president of the company, formerly partner in business and assets here, for the independent company. The complaint recites that the company prior to the date of the agreement, admitted to the due Munson and McLean, a sum of \$11,343, leaving a balance due the company in the amount of \$5370, but has refused to concede the additional credit of \$1945.

ON SPEAKERS' LIST.
