FAR EAST WILL  
DEMAND RIGHTS  
AT CONFERENCE

China, Japan Will Insist on All Privileges at League of Nations, Early Indications at Meeting Show.

GENEVA, Sept. 25 (AP)—Indications that the far eastern countries, especially China and Japan, will stand together in insisting upon all their rights before the league of nations, was furnished by tonight's session of the league of nations. Japan came out squarely in favor of granting China a seat on the council of the league as a great Asiatic power, thus giving expression of Japa-Chinese solidarity.

Persia also backed China's insistence that the great geographical divisions of the world, the principal races and the chief sources of wealth should all be recognized in the distribution of council seats and urged that China be given a seat because Asia is the largest country in the world, containing half the human race.

Through the unanimous adoption of a resolution favoring the allocation of seats on a basis of geographical divisions it would seem likely that the present number of non-permanent seats, which is six, will be increased so as to include China and perhaps some other countries.

Demand Made That  
Texas Woman Give  
Up Her Candidacy

Opponent's Counsel in Court Action Declares Race for Governorship Belongs Only to Men.

AUSTIN, Texas, Sept. 25 (AP)—Demand that Mrs. Miriam A. Ferguson resign as democratic nominee for governor and let the state executive committee appoint a man in her place, was made by Judge I. W. Stephens, attorney for the plaintiff in the closing arguments of the Ferguson injunction suit today.

Judge Stephens said this was the most patriotic thing he had suggested could do. Mrs. Ferguson was not in the courtroom at the time, having departed for her home.

Judge George C. Calhoun said he would announce his decision at 10 a. m. next Monday.

Court rulings of Missouri and Massachusetts may finally decide the case. In a case known as the Hottel case, the Missouri court ruled that women had the right to hold public office. This is relied on as one of the leading authorities for defendant. In an apparently contrary holding, a Massachusetts case called Robinson's case, held that a woman did not have a legal right to hold public executive office.

"Coolidge or Chaos" Picture Is  
Given Voters by General Dawes

MINNEAPOLIS, Sept. 25 (AP)—The alternative of "Coolidge or chaos" was portrayed to the voters of Minnesota by Charles G. Dawes, republican candidate for vice president, in a round half-dozen addresses today on a tour that began with a rear platform speech at Rochester and ended with a mass meeting here tonight in Kenwood armory.

Entering Minnesota, a state in which the republican leaders frankly admit the existence of a bitter contest with the LaFollette independent candidacy, and with the LaFollette nominee for the vice presidency, Senator Wheeler of Montana, also is now making a campaign trip. Mr. Dawes attacked and re-attacked the LaFollette proposal for immediate re-assembly on the constitution of the United States.

"What kind of government will we have; what kind of a life will we lead, what will become of wages; what will become of the price of food; what will become of the government of the United States, success?" he asked again and again, and answering his own questions, he invariably replied:

"Coolidge! That's what we would have."

CYRIL PROCLAIMS SELF  
CZAR OF RUSSIANS

GRAND DUKE CYRIL, cousin of the late czar of Russia, has issued a manifesto in Bucharest, declaring himself to be the "Czar of all the Russians."

FLIERS LAND AT  
SAN FRANCISCO

Three Planes and Intrepid Pilots of Round the World Fame Stop at Crissy Field.

SAN FRANCISCO, Sept. 25 (AP)—The United States army flight around the world, nearing its terminus, Seattle, brought the three planes and their intrepid navigators to Crissy field in San Francisco today.

An accident delayed, but did not mar, their arrival. Lieutenant Leigh Wade was forced down at South San Francisco with a broken battery and had to wait while a new battery was rushed to him by motorcycle. Meanwhile, the two pilots, Lieutenant Lowell H. Smith, the commander, and Lieutenant Eric H. Nelson, landed at Crissy field, but 19 minutes after they had expected to alight. Lieutenant Smith, landing, swooped down on the field at 3:10:25 p. m.

Wade landed. Lieutenant Wade, having installed his new battery, reached Crissy field at 4:02 p. m.

The fliers had expected to hop off tomorrow for Eugene, Oregon, enroute to Seattle, but announced that they would delay their departure until Saturday.

San Francisco's welcome to the circumnavigators of the air was no less lusty than the greetings that have awaited them at every other stop since their return to their own country. More than 25,000 persons ringed the landing field and shouted their admiration.

Golden Gate Pleading. "The Golden Gate sure looks good to us," was Lieutenant Smith's first remark.

The hop from Santa Monica took five hours and seven minutes, including the mishap to Wade. When they arrived here the fliers had covered approximately 27,000 miles of their globe-girdling flight and had been between 300 and 350 hours in the air, according to a log kept by Lieutenant Leslie T. Arnold, mechanician to Lieutenant Smith.

"What they call radicalism in the west is the desire of honest men to improve conditions. If they are against something in the existing order of things, there is all the difference that there is between daylight and darkness between what they call radicalism in the west and radicalism of downtown New York and West Madison street, Chicago."

"That is why Mr. LaFollette has made a mistake. Unless he had attacked the constitution of the United States he could not have brought behind him the support of socialists who, in the words of Eugene V. Debs, are in this campaign adhering to socialist principles and flying the red flag."

POISON SUSPECT  
REFUSES TO EAT  
AND COLLAPSES

Woman Held With Pastor for Murder of Two Lapses Into Semi-Consciousness From Lack of Nourishment.

SALEM, Ill., Sept. 25 (AP)—Continued refusal to partake of food, coupled with the strenuous events of the last three days and the loss of sleep to-night had cast Mrs. Elsie Sweeton, held here on a charge of having poisoned her husband, Wilford Sweeton, into a state of semi-consciousness and jail attendants suggested taking her to a hospital if she showed no immediate improvement.

Symptoms of her mind having become impaired since her confession that she poisoned her husband in the investigation of the Rev. Lawrence H. Night, who in turn poisoned his wife so they could be married, have become noticeable, officials said.

Worries Over Boys.

In addition to repentance felt for her act, as Mrs. Sweeton has admitted, the worry over the future of her three little boys has been her chief concern. Distinct waning of her feeling for the minister is reflected by her remarks regarding her relations with him. She has accused the pastor of influencing her to carry out her part of the confessed poison plot.

OREGON GUARD TEAM  
CAPTURES INFANTRY  
CUP; SCORING HIGH

CAMP PERRY, Ohio, Sept. 25 (AP)—Scoring 13,500 points the Oregon national guard team today captured the infantry team match; the most spectacular stage in the National Rifle association annual here this year, from the United States infantry team which had won the event three consecutive years.

The match is for squared team competition, each team being composed of 15 shooting members and a team captain. The individual club members match went to Harry N. Renshaw, eighth corps area, O. M. C., with a 90 out of a possible 100.

The National Rifle association 200-yard two-man team match went to O. D. Frenzen and L. J. Leonard, of the United States marine corps, Washington, D. C., with a score of 191 out of a possible 200.

Federal Ownership of  
Railroads is Denounced  
By President Coolidge

STEEL WORKER KILLS  
TEN-YEAR-OLD GIRL

GARY, Ind., Sept. 25 (AP)—Peter Vergolini, 30-year-old Gary steel worker, who early today admitted that he had attacked and killed Anna Homacheh, 10-year-old daughter of another steel worker, and buried her body in the sand near here, was held to the Lake county grand jury on charges of murder and kidnapping after an assistant coroner conducted an inquest into the girl's death today. Immediately after he was bound over to the grand jury Vergolini was removed to the Lake county jail at Crown Point, where the grand jury is now in session. It was expected the grand jury would consider the case this week.

ROOSEVELT GETS  
PARTY APPROVAL

Nominated by New York Republicans as Candidate for Governor at Convention.

ROCHESTER, N. Y., Sept. 25 (AP)—Theodore Roosevelt of Oyster Bay, assistant secretary of the navy, and son of the late president, was named by the republican state convention here today as the party's candidate for governor. His nomination came on the first ballot where he polled 565 of the 900 votes in the convention, 60 in excess of the necessary majority. The nomination was made unanimous and by acclamation on the motion of former Governor Benjamin B. Odell, manager of the pre-convention campaign of up-and-coming Justice Arthur S. Thompson of Nyack.

The remainder of the ticket nominated at an adjourned session this afternoon follows:

Lieutenant governor—Seymour Lowman, Elmira.

Secretary of state—Mrs. Florence K. S. Knapp, Syracuse.

Comptroller—Vincent B. Murphy, Rochester.

Treasurer—Lewis H. Pounds, Brooklyn.

Attorney general—Albert Ottinger, New York.

Such Action Would Be Uneconomic and Encroachment on Rights, Nation's Chief Executive Says at Philadelphia.

PHILADELPHIA, Sept. 25 (AP)—Proposals for government ownership of railroads and other public utilities were denounced here tonight by President Coolidge as "uneconomic" and "encroachments upon our rights."

Speaking at exercises commemorating the one hundred and fiftieth anniversary of the meeting of the first Continental congress, Mr. Coolidge also renewed his assault on suggestions to limit the power of the supreme court and urged that the people resist the encroachment upon their rights and liberties guaranteed by the constitution.

"If we wish to maintain what our fathers here established," he declared, "we must do well to leave the people in the ownership of their property, in control of their government and under the protection of their courts."

American Ideal.

It is difficult, the president said, referring to government ownership of railroads, "to reconcile the American ideal of a sovereign people capable of owning and maintaining their own government with an inability to own and manage their own business."

Furthermore, he declared, it would mean a loss in public revenue estimated at \$500,000,000 a year with a resultant increase in the tax on farmers of from three to forty per cent.

Mr. Coolidge devoted most of his address to a discussion of early history of this country and the birth of the constitution after the organization of the first Continental congress.

Referring to the deliberations of this congress, the president asserted that "if we could better understand what they said and did to establish our free institutions, we should be less likely to be misled by the misrepresentations and distorted arguments of the hour, and be far better equipped to maintain them."

He drew a lesson from the declaration of the congress as showing the "superiority of moderation and candor over violence and deceit in seeking a solution of difficult public questions."

The constitution, Mr. Coolidge pointed out, "is a device for maintaining in perpetuity the rights of the people, with the ultimate extinction of all privileged classes."

"I have mentioned the desirability,"

(Continued on Page 4, Col. 4)

STATES JOIN IN  
CELEBRATION OF  
FIRST CONGRESS

Hundred and Fiftieth Anniversary First Continental Meeting and Two Hundredth of Company's Founding.

PHILADELPHIA, Sept. 25 (AP)—Representatives of the 13 original states joined with the citizens of Philadelphia today in celebrating the one hundred and fiftieth anniversary of the meeting of the first Continental congress and the two hundredth anniversary of the founding of the Carpenters company, in whose historic hall the congress met. Tonight President Coolidge was the central figure in the commemoration of the events of one hundred and fifty years ago, and the congress met in patriotic exercises held in the grandeur of music.

During the day Carpenters' hall was the center of ceremonies in honor of the two memorable events in American history. Resplendent in dress uniforms of bygone days, historic military companies of some of the original thirteen colonies marched past the structure in a parade down Chestnut street.

Re-enacted Session.

Nestled in between skyscrapers at the head of its own narrow alley, the dainty bit of revolutionary architecture was later the scene of a re-enactment of the session in which Patrick Henry called upon the delegates to lay aside the distinctions of their several colonies and become known as "Americans."

President Coolidge represented by United States Senator George Wharton Pepper, was formally made an honorary member of the quasi organization, George J. Kessler, president of the Carpenters' company, in presenting the certificate of membership, emphasized that it was the first time an outsider had been admitted to the roster of the company.

Colorado Forest  
Is Threatened by  
Flames; Crews Out

Famous Stretch of Timber Near Colorado Springs Blazing; Volunteers Called.

COLORADO SPRINGS, Colo., Sept. 25 (AP)—A violent fire was blazing in the Black forest, a stretch of wooded country north of Colorado Springs, this afternoon. Sheriff's officers and volunteers left for the scene of the blaze which was reported by the observer at Devil's Head, in the Pike's Peak national forest.

Of 25 fires in the Ute pass today, it was reported tonight that all were under control or extinguished. The handsome summer residence of W. B. Griffith of Lawrence, Kansas, located near Green Mountain Falls, Colorado, was saved by strenuous action.

America's Airship  
Makes Fast Time

Maintains Average Speed of 100 Kilometers an Hour in Germany Test, Is Reported.

FRIEDRICHSHAFEN, Germany, Sept. 25 (AP)—Maintaining an average speed of 100 kilometers an hour, the Zepplin Ziv-3, built here for the United States navy, today completed part of a 34-hour test flight over western and northern Germany.

After arriving over Hamburg late this afternoon, the dirigible turned eastward for a night cruise over the Baltic. She will begin her homeward flight early tomorrow morning.

The 100 kilometer speed averaged by the giant airship during the greater part of its daylight cruise was liberally aided on short stretches when the dirigible had the wind at her heels. The distance of 80 kilometers between Marburg and Cassel was covered in 25 minutes.

But and slightly cloudy weather along the greater part of the route partly obscured the vision of thousands of spectators, although the ship was never out of sight, maintaining a moderate altitude throughout the day's flight.

The dirigible is expected to arrive over Berlin early in the morning.

DEFEAT FORT WORTH

MEMPHIS, Sept. 25 (AP)—Memphis, Southern Association pennant winner, defeated Fort Worth, Texas league champions, 2 to 1, today in the first Dixie series game played to a decision.

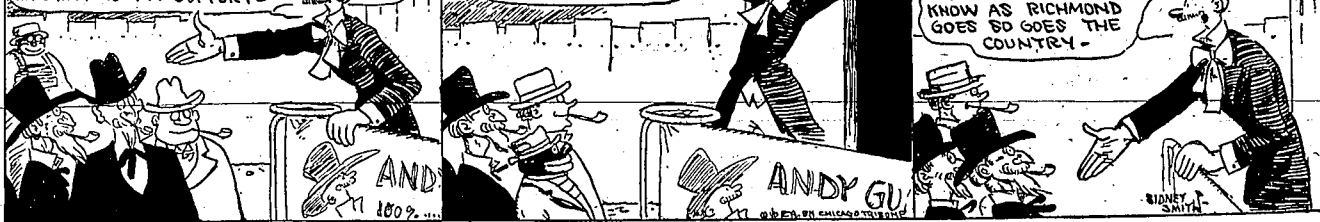

Copyright, 1924, by the New York Tribune, Inc.

AIRPLANES SOON MAY CONNECT UP CUBA AND PORTS

Passenger and Mail Service Between United States and Island by Private Enterprise Given Consideration.

NEW ORLEANS, Sept. 25 (AP)—Airplane passenger and mail service between New Orleans and Cuba and Mexican Gulf ports as a private enterprise is a subject of discussion here with many predictions that it is likely to become an accomplished fact in the not distant future.

Suggested terminals would be Tampa, Mexico City via Vera Cruz, Merida, Yucatan via Tampico, and Havana. The type of airplane believed suitable for the line—air cruisers such as are used between Florida and Cuba and the Bahamas but equipped with at least two motors—could make the hop from New Orleans to Tampa, 710 miles, in about nine hours. The 900 mile jump to Mexico City via Vera Cruz would require about 14 hours. The Yucatan run of 540 miles would consume about eight hours, while the 550 miles to Havana could be covered in approximately the same length of time. One of the suggestions in connection with the Tampa and Vera Cruz service involves a relay at Brownsville, Texas, with planes operating between New Orleans and Brownsville and Brownsville and the south.

WORLD RECORD BROKEN IN OHIO PISTOL MATCH

CAMP PERRY, Ohio, Sept. 24 (AP)—Another world's record was broken by the New York and Toledo number two pistol teams when the finals in the National Rifle association pistol match were ordered started yesterday.

At the previous record, 1923, was made by the Chicago police team when the match was fired Monday. Two men of the Toledo and the last man of the New York teams were permitted to re-fire the final strings after a protest was granted on the grounds that the Chicago team captain had violated rules of the firing line during Monday's match.

ACTRESS SETTLES OUT OF COURT WITH SPOUSE

NEW YORK, Sept. 25 (AP)—Countess Greta Morner, the latter known professionally as Peggy Hopp, actress, here agreed to settle out of court her marital difficulties, Frank C. Delaney, attorney for Miss Joyce, announced tonight. He said that a compact had been drawn up in which the countess agreed to withdraw her suit for annulment of her marriage. Miss Joyce consents to withdraw her suit for separation. Both are said to promise in this document never to renew their proceedings either here or abroad.

Do Yanks and Japs hate one another? Three thousand beautiful Japanese cherry trees in Washington, D. C. whisper "no." They were the gift of the city of Tokyo to the city of Washington in 1912, as a token of friendship. To the Japanese the cherry blossom has a symbolism akin to that of the bluebird in other countries, and the word of it is "cherry"—Symbol of happiness—Happiness time is a season of rejoicing which takes the form of a national festival.

**Nobody of Importance.**  
"I might use bad language to my husband, but not in the presence of anybody of importance," declared a

Coolidge and Weeks Greet Fliers in Rain

WHEN THE AMERICAN globe-girdling fliers swooped down in Washington during a storm they found President Coolidge and Secretary of War Weeks on hand to welcome them to the national capital. Lieutenant Lowell Smith, flight commander, is shown shaking hands with the president, while Secretary of War Weeks looks on.

FARMERS BUSY WITH THRESHING

Good Yields Are Reported in Many Crops Throughout Twin Falls Section.

L. J. Tensink, one mile west of South Park grocery, recently filled his two silos, combined capacity 165 tons, with corn ensilage that went 22 tons per acre on eight acres.  
Nelson Hayward of Hollister obtained a yield of 75 bushels per acre on three acres of wheat, two preceding years this land produced white clover in the time of 2500 per acre. His 16 acres of wheat averaged 45 bushels to the acre; five tons of oats went 80 bushels per acre. He also hulled seven acres of red clover that yielded out eight bushels to the acre.  
C. W. Strickland near Haggart station averaged 11 bushels of alfalfa seed on 150 acres of land. He believes in intensive cultivation for the successful production of alfalfa seed. On his old he used the "cut and cover" method of plowing the land, which thinned out his stand considerably. On the younger stands he disced the ground thoroughly.

**Ten Bushels an Acre.**  
George Carter of Haggart station reports a yield of ten bushels per acre on 70 acres of pure Grimm.  
Salmon farmers are well pleased with their average yields of alfalfa seed, much of which is still in the shock and some is not cut yet. Some seed men have headed some seed as wheat, and stacked. Practically all the wheat on this tract is harvested by the header method. Very little wheat has been threshed as yet. In the region of Rogers a good yield of late hay has been harvested. Some feeder hams are on pasture for the fall feed. Most of the sheep are still in the hills, sheep men say. Practically all the Three creek beef stuff has been sold and shipped, leaving only the breeding stock.  
**Railroad Work.**  
Railroad construction work goes steadily on with track laid to the Point

ginner. By October 15 the grade to contact will be completed except one rock cut. He thinks work can progress nicely until Christmas, with ordinary average weather. Bridgework and blasting of rock will continue through out the winter. Three hundred men are employed on the line from Rogers to Contact. Two hundred are working on the other end. All the grading is scheduled to be completed the coming winter.

Five cars of hay and four carloads of oats are shipped into Rogers weekly to be used on the line, and one carload of commissary stuff is brought in per week.

**Much Hay.**  
Much of the hay comes from Idaho Falls, Ogden and Salt Lake. The U. C. ranches in Nevada furnish some hay to the southern end of the line. Some oats is purchased in Twin Falls and a large part of the groceries for the various camps also comes from the Magic city.  
Some farmers are going into the hills almost at the eleventh hour for the loads of poles to be had for the cutting. The time is limited, now for mountain travel, as some snow has already fallen in the higher hills. The poles are a godsend to ranchers with a 40-mile range. A week's labor with a husky outfit will net a large load of the lengthy splines, that is worth at least \$30.

**Dust Screen.**  
The dust screen from a score of bean hullers can be seen in the bean climate. Threshing is well under way from Aster to Sucker Flat. The Sucker Flat section bids fair to groom the sweetpikes on bean yields, although a little too early in the game for a decision.  
The Bull district fell short on its bean harvest, due to the yellow blight. Nevertheless, with a hoped-for late fall much of the replanted army food will mature nicely.

TIGHTEN UP REGULATIONS

Steps Taken by New York Stock Exchange Covering Examination of Members' Financial Standing.

NEW YORK, Sept. 25 (AP)—Steps to tighten the regulations of the New York stock exchange covering the examination of member firms' financial condition were taken today when the business conduct committee requested statements from all members as to whether periodic audits of their books were made.  
The action is a sequel to the failure

Mysterious Bottle Causes Excitement

Thirsty One Fooled When Clerk Sells Him Oil for What He Thought Was Liquor; Saw Friend Buy Some.

NAMPA, Sept. 25 (AP)—George Meffan, well known Nampa realtor, unwittingly caused consternation among his friends Wednesday as result of the purchase of a quart of neat's foot oil with which to make the children's shoes tight this winter.  
The drug clerk, after procuring the oil thrust his hand around the prescription desk with the bottle up to the light so that Meffan could see what he was buying. The bottle glowed with a pleasant amber luster.  
Just then a friend of Mr. Meffan's approached from the rear and viewed the sight. He commenced to swallow hard and lick his lips.

"How much did you pay?" he whispered to the realtor.  
Meffan, sensing the situation, whispered back: "Four dollars and a half."  
"Pretty high, isn't it?"  
"Well, it's a good stuff and worth the price."  
Meffan left the store with his purchase. Then the other man approached the drug clerk.  
"Wrap me up a quart of the same," he said.  
No said.  
Fred Snyder, the clerk, obediently carried out the order and asked for 80 cents in payment.  
"Is that the same stuff you sold Meffan?" inquired the customer.  
"Sure; it's the best grade neat's foot oil; 80 cents a quart," Snyder replied.  
"I—I don't want to drink neat's foot oil," retorted the thirsty one, as he departed in haste.

NATIONAL GUARD IS ORDERED TO HERRIN; REASON IS GIVEN

SALEM, Ill., Sept. 25 (AP)—Two squads of company I of the Illinois national guard have been ordered to encamp at HERRIN, Ill. The troops, it was said here, had been called to HERRIN to augment the detail on duty there and to protect the court room where City Judge J. S. Bowen will begin hearing the cases growing out of the recent HERRIN disturbances.  
The calling out of the troops was termed here a measure of precaution. Captain Harold M. Bigelow has had 18 soldiers in HERRIN since August 30, when six men were killed in a clash between Klan leaders and anti-Klaners. Half of the detachment was sent to Marion several days ago when the grand jury began its investigation of the latest HERRIN disorder and it was believed the small number of soldiers would not be strong enough to prevent any untoward incident.

# EYE ACCIDENTS IN FACTORIES ARE NUMEROUS

Sight of at Least 4456 in the United States Destroyed or Seriously Injured in Last 12 Months, Report Shows.

NEW YORK, Sept. 25 (AP)—The sight of at least 4456 men, women and children in the United States has been destroyed or seriously impaired by accidents during the past 12 months, according to a report issued by the National Committee for the Prevention of Blindness, of this city.

A year ago the committee began an investigation to discover the nature, causes and relative importance of the accidents which each year add several thousands to the blind population of the country, and the report made public today is an analysis of the first year's findings in this investigation.

The outstanding facts of the report are that 85 per cent of the victims of eye accidents are men and boys, only 694 out of the 4456 victims being women and girls; that industrial accidents constitute the most serious single group of accidents resulting in eye injuries; that almost 85 per cent of the victims of eye accidents are children, 1053 boys and girls having been so injured during the last 12 months; that next to children's play accidents, automobile accidents are the most serious non-industrial sources of eye injuries, the eyes of 281 persons having been injured in motor vehicle accidents, principally through the breaking of windshields, during the past year, and that explosives and firearms were responsible for injuries to the eyes of 292 persons.

## DAWES TO ADDRESS MEETINGS IN SOUTH

CHICAGO, Sept. 27 (AP)—An invasion into the political border state of Tennessee and a ten-day trip through eight interior states was mapped out for Charles G. Dawes, republican candidate for vice president, at conferences at the republican national headquarters before the nominee left here on a three-day tour of Wisconsin and Minnesota.

Mr. Dawes spent some time in conference with Chairman Butler of the republican national committee, and Director Sanders of the committee speakers' bureau and at the conclusion of the discussions an announcement was made of the program laid out for the vice presidential nominee for the first half of October.

The trip to Tennessee, a state normally democratic, but carried by Harding in 1920, will have as its principal objective an address Thursday evening, October 2, in Memphis. This date alone has been definitely arranged for the Tennessee trip but it is probable that several other platform speeches later will be provided for.

READ THE DAILY NEWS.

## PROPOSED ADDRESS AT DENVER REASON FOR WILBUR RECALL

WASHINGTON, Sept. 25 (AP)—Senator Chas. McNary, democrat of Arkansas, charged in a address before the Bryan club here last night that the recall of Secretary Wilbur from his western tour was because of a speech he intended to deliver at Denver, September 20.

The Arkansas senator quoted what he said were excerpts from the address, particularly those dealing with the voting rights of negroes, and attacked the secretary as "Mr. Wilbur, who knows so much about everything, especially the Mason and Dixon line." The speech was issued in confidence in advance to newspapers and press associations for publication when delivered. When Secretary Wilbur abandoned his trip the speech was recalled.

## THREE BODIES TAKEN FROM UTAH COAL MINE

SPRING CANYON, Utah, Sept. 25 (AP)—Late last night the bodies of three miners were recovered from the L. F. Reins coal mine near here, accounting for all of the men entombed by an explosion last Sunday. Tuesday two bodies were brought to the surface. The cause of the blast had not been determined.

Indications were, according to rescue workers, that the five men died from gas and were not killed outright by the force of the explosion.

## PLEADS NOT GUILTY

TACOMA, Wash., Sept. 25 (AP)—Robert H. Pothier, charged jointly with Robert Rosenbluth with the murder of Major Alexander Cronkhite at Camp Lewis in 1918, entered a plea of not guilty in federal court here. His trial was set for next Tuesday.

## ROBBERS MAKE BIG HAUL

NEBRASKA CITY, Neb., Sept. 25 (AP)—Robbers who broke through a cement wall to enter the vault of the Nebraska City postoffice obtained \$12,378, W. M. Cobl of Omaha, postoffice inspector, announced after an inspection. Money and stamps constituted the loss.

## Mrs. Coolidge Gets Baseball Reports; Watches Home Club

President's Wife Interested in Outcome of Struggle for Pennant Made by Washington.

WASHINGTON, Sept. 24 (AP)—Interest at the White House in the pennant fight of the Washington baseball team extends to Mrs. Coolidge who, during a visit at the executive offices Wednesday followed closely reports reaching there on the progress of the game between Washington and Chicago.

Mr. Coolidge is planning to accept the invitation to throw out the first ball at the opening game of the world's series if Washington wins and he also has been invited to review a parade next Wednesday in honor of the team on its arrival home.

## NOMINEE EXPLAINS PLATFORM PLANKS

COLUMBUS, Neb., Sept. 25 (AP)—Governor Bryan in his seventh campaign speech in his Nebraska campaign delivered here before a large crowd, explained two more planks in his party's national platform—labor and child welfare—and served notice on the progressive thinking people that if they want their hopes to materialize they should vote for none other than the democratic ticket.

"The democratic party," he said, "holds that labor is not a commodity, but that it is human. If the democratic party had been controlled by the organization known as the Minute men (an organization sponsored by Charles G. Dawes) do you suppose the eight-hour day law would have been passed?"

If your property is desirable and is advertised in the classified—you'll find you-buys.

## NEW LAMP BURNS 94% AIR

### Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94 per cent air and 6 per cent common kerosene (coal oil). The inventor, W. K. Johnson, 161 North Union Ave., Portland, Ore., is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write today for full particulars. Also ask him to explain how you can get the agency and without experience or money make \$250 to \$500 per month.

## GIANTS NEED TO WIN ONLY 2 MORE GAMES

New York Can Clinch Pennant in National League by Winning Two of Remaining Three Struggles.

NEW YORK, Sept. 25 (AP)—The Giants eliminated Pittsburgh from the National League race today and now need to win only two of their three remaining games with Philadelphia to clinch the pennant.

There were no games scheduled in the American league where Washington maintains a two-game lead over the Yankees and to clinch the pennant need to win three of their final four with Boston even if New York cleans up its four with the fast traveling Athletics.

Brooklyn did not play and the Giants increased their lead to one and one-half contests over the Robins even by taking their two remaining games with Boston can win the flag only if this class lose to the Phillies. McGraw's team can tie Brooklyn by winning one of the three. The standing of the contenders:

National.				
	Won.	Lost.	Pct.	Play
New York	92	59	.609	2
Brooklyn	91	61	.599	2
American.				
Washington	90	60	.600	4
New York	88	62	.587	4

### STANDINGS OF THE CLUBS

Salt Lake	87	89	.494
Portland	84	91	.479
Sacramento	76	99	.433

off the diminutive Southpaw, Neph, until all the ninth and they were scattered. As many innings. Their only run in that span came in the fourth when the Giants' makeshift inner defense cracked and Traynor, singling with two out, scored on successive errors by Lindstrom and Kelly.

Barthart, batting for Grimm, opened the eighth with a single. He was forced by Schmidt and Cooper running. Moore also singled and then Carey caught one of Neph's inshoots and lifted it into the upper section of the left field stands.

The score: R. H. E.  
Pittsburgh 4 9 2  
New York 5 9 9

Batteries—Cooper and Schmidt; Neph and Gowdy.

#### PHILLIES BEAT S. LOUIS.

PHILADELPHIA, Sept. 25 (AP).—

Phillies closed their home season today by defeating the Long S. 5 to 3. The home-smoked Oeschger out of the box in the first inning but were helpless against the hurling of young Betts, who held them to four hits during the balance of the contest and took from them the mighty Hornsby. Shields held the Phillies in check until the eighth inning when Leech started a rally by hitting a home run out of the park. Two moribund crosses the plate before real fire pitchers, Stuart and Fowler, could retire the side.

The score: R. H. E.

### Desert and Jungle

In the desert and jungle region in the United States—southern Arizona—there is a combined desert and jungle, according to the report of a survey of the Gila river region. The region is called an "arborescent desert" by Clyde R. Howe, Interior department engineer. Underground water enables abundant flora to survive under the burning desert sun.

# ADKINS SOON TO LEARN HIS FATE

## Rapid Progress Is Made in Third Day of Trial of Man on Manslaughter Charge

Rapid progress was made Thursday in the trial in district court here in the case of John W. Adkins, charged with manslaughter, in connection with the death last June of Francisco Margueguia, Nasque, from injuries alleged to have been inflicted by Adkins with a crude walking stick during a quarrel over handling of sheep in which both men were engaged in the employment of James Pence.

Statement was made at the close of the afternoon session that the case probably would be given to the jury for consideration today. Attorneys for the prosecution expected to offer testimony of one or two witnesses in rebuttal this morning, to be followed by attorneys' arguments.

Testifying in his own defense Thursday, Adkins told his story of the fatal encounter. He said that he struck Margueguia in self-defense, believing the Nasque to be a quick tempered and dangerous adversary, and that Margueguia held a rock in his hand in a threatening manner. Adkins struck Margueguia twice, he said, and when the injured man failed to rise after the second blow, Adkins reported the occurrence to the camp tender.

Attack Dead Man's Reputation. In support of Adkins' testimony that he feared Margueguia, defense counsel offered testimony of several witnesses in reference to the dead man's reputation for peace and quietude. These witnesses included Mr. Pence, George Hall, Blaine Whitelake, M. L. Jones, Mrs. Fred Walters, L. B. Jennings and Ray Cook. Dr. A. F. McGuckey of Buhl testified as to injury to Adkins' knee necessitating his use of the stick with which he struck Margueguia.

The state rested its case after offering testimony of Coroner P. J. Grossman and Sheriff M. E. Finch, following cross examination by defense counsel of Client Erasmus, claim to have been the only eye-witness to the fatal encounter.

In rebuttal of statements of defense witnesses, state's attorneys Thursday afternoon offered testimony of John H. Barnes, deputy prosecuting attorney, John P. Ault, probation officer, and Clement Ercum.

Trial in the case of John D. Wagner, charged with commission of a statutory offense, is scheduled to follow the Adkins trial.

### EASTERN OREGON LINE NEARING COMPLETION

Union Pacific System Announces Early Opening of Branch Between Grange and Burns.

Construction of an extension from Grange, Ore., to Burns, Ore., of the Union Pacific branch has progressed satisfactorily, and while the line is practically completed it will not be ready for operation until about November 1, next, according to an announcement issued Wednesday from Union Pacific system headquarters at Omaha.

The new line extends a distance of 30.17 miles to afford railway outlet to Burns, an old established town having a population of 1000, which has been the largest interior town in eastern Oregon not served by railway. At the present time there are no railroads between Grange and Burns, although the railway has provided for five intermediate stations.

### BLAST KILLS TWO

BISBEE, Arizona, Sept. 25 (AP)—Two men are said to have been killed in an explosion at the Curtis plant of the Apache Powder plant, near Benson, today afternoon, according to meager information received here. The cause of the blast and the identity of the men have not been learned.

# SPEAKERS POINT OUT NEW FIELD OF REFORM

## Meeting of W. C. T. U.

The Rev. H. G. Humphrey of the Methodist Episcopal church, the Rev. C. W. Wink of the United Brethren church and Ernest D. Bloom, superintendent of Twin Falls schools, were speakers at an educational meeting of the Women's Christian Temperance union Tuesday evening in the Methodist church parlors. Mr. Forney, the newly elected president, presiding. Devotionals were conducted by the Rev. O. D. Harris of the Christian church. History of the temperance movement was reviewed by Mr. Humphrey. Speaking of "What Are You Going to Do About It?" Mr. Wink pointed out reforms yet to be accomplished, and Mr. Bloom, speaking on "Holding the Line," declared that adoption of the nineteenth amendment was an important achievement but that there still remain other evils to be combated. He mentioned in particular narcotics and cigarette evils.

The program included violin solo by Miss Helen Warner; vocal solo by Miss Edna Storer, and victory song by a quartet. Refreshments were served during a social hour following the program.

### W. C. T. U. TO CONTRIBUTE

Local Organization Decides to Furnish Bed for New Dormitory at State Children's Home.

The Women's Christian Temperance union of Twin Falls will furnish a bed in the new dormitory at the state children's home, it was decided by members at meeting last Friday, which was addressed by Mrs. Bennett, representative of that institution, who discussed needs of the home.

Officers for the coming year were elected at this meeting. Mrs. Forney being elected president to succeed Mrs. Hillard, and Mrs. Wasson being elected recording secretary and Mrs. Hibbard, treasurer.

Devotionals were led by Mrs. Fish and reports of the years' work were given. The program included a vocal solo by Miss Marion Wasson and two piano solos by Miss Vogel.

### FEDERAL OWNERSHIP DENOUNCED IN SPEECH

(Continued from page one.)

he continued, "for the people to keep control of their own government and their own property, because I believe that is one of the American ideals of public welfare in harmony with the efforts of the first Continental congress. They objected to small intrusions, which would destroy great principles of liberty. Unless we can maintain the integrity of the courts, where the individual can secure his rights, there will be no democracy. If the people lose control of the sources of trade and the natural sources of mechanical power, the nationalization of all industry could soon be expected. Our forefathers were alert to resist all encroachments upon their rights. If we wish to maintain our rights, we can do so."

Through the breaking down the powers of the courts lies an easy way to the confiscation of the property and the destruction of the liberty of the individual."

### BOURBON WOMEN'S MEETING.

The Democratic Women's club will meet this evening at 7:30 in room 117 at the high school building at which time there will be speeches by W. F. Alworth and other democratic candidates. The public is invited.

If you want the best roller skate made, buy the Winchester at \$3.50.

## Theatro

AT THE IDAHO.

In a Paramount picture bristling with thrills and crammed with action, it includes one of the mightiest climaxes on the screen. William Farnum made a triumphant return to the silver sheet in the Wallace Worsley Paramount production, "The Man Who Fights Alone" last night at the Idaho theatre.

Farnum's characterization of the capable, fearless engineer whose unwarranted jealousy and suspicion of his best friend all but leads to his destruction is nothing short of the work of a genius. He proves that as a dramatic actor of emotional parts he is in a class by himself.

# AUTUMN FINDS CROPS IN SHAPE

Work of Season on Farms Well  
in Hand When First Killing  
Frosts Are Recorded.

With the advent of typical fall weather and killing frosts in some parts of southern Idaho, practically all crops are matured and harvest and housing of these crops made good progress during the week ending Tuesday, according to a weekly summary of weather and crop conditions issued by Clinton E. Norquest, meteorologist for the United States weather bureau at Boise.

With regard to weather and crop conditions in southwest Idaho, the summary says:

Typical autumn weather obtained this week. The fore part was quite cool with killing frosts in some localities; the latter part was moderately warm. Some days were cloudy and threatening with light rain in the low lands and snow over the hills; others were clear with brilliant sunshine. Practically all crops now matured and the harvesting and housing of these crops made good progress. Pickling and packing of prunes were completed. The crop was short and of only fair quality, there being many culls. Apples picked got well under way. Corn, some fields of which were badly frost bitten, is being cut for fodder and silage; potatoes are being dug and other truck crops are being house as they mature. Pastures are generally dry and short.

**Hail in Bannock.**

In southeast Idaho the week was cool. Rain and snow fell in the northern counties and in higher valleys in the south. Killing frosts were general on the 24th. A severe hail storm was reported near Pesho, Bannock county. Threshing is about completed as is alfalfa harvest. Potatoes are maturing and being dug. Fall wheat is being planted. The ranges have been improved by the rains and cattle and sheep are reported in good condition. Temperatures in north Idaho were high at the opening of the week, but fell suddenly below normal on Wednesday and the weather continued cool and cloudy the rest of the week, with light to moderate showers on Thursday and Friday. Fine weather, clear skies and the harvesting of corn, beans, potatoes and truck crops generally is well along. Orchardists are pickling and shipping Jonathans. The color and quality of the fruit are good. Pastures are poor, although improved somewhat by the rains, but stock are still in good condition. Some cattle and sheep are being shipped to market and others are being brought in to winter quarters. Threshing is completed and most of the grain has been delivered to warehouses. Some fall sown barley is sprouting. Irrigation water is low in the Lewiston country.

**Notes From The Field.**

Buhl — Temperatures have dropped steadily during the week, reaching the freezing point at the end of the week; some grape vines damaged; farmers busy threshing beans, also digging potatoes.

## IDAHO DAIRY STATISTICS RUN INTO HUGE FIGURES

Tariff of 8 cents per pound on imported butter gave Idaho farmers an advantage for the United States markets on 20,572,153 pounds of butter, amounting at 8 cents per pound, to \$1,645,770.24, according to the first six months of 1924, according to statement of M. A. Means, Idaho commissioner of agriculture, in connection with the issuance of statistics of dairy production showing the amount of butter manufactured in Idaho.

According to these statistics, Twin Falls, with a production of 1,000,000 pounds, stands first on the list of 10 Idaho stations credited with total production of 16,322,153 pounds of butter during the 18 months period. Butter made on farms for home use during this period is estimated at 4,200 pounds, bringing the total production for Idaho state up to 20,572,153 pounds.

Estimated value of Idaho's dairy production during this period is given at \$15,162,638.50.

## WIFE ALLEGES CRUELTY IN SUIT FOR DIVORCE

Alleging that since last November his manner toward her has become "sulky and disagreeable," and that on one occasion he attempted to kill her with a milk bottle, Lizzie J. Graham started suit in district court here Thursday for divorce from Robert A. Graham, to whom she was married in Twin Falls on May 17, 1921. She asks for award of title to a lot in Twin Falls now held as community property and for \$1250 permanent alimony. The complaint recites that Graham is the owner of two Twin Falls lots worth \$3700, and five other lots the value of which is unknown to the plaintiff. It also recites that Graham has a wife and three children and no community property is involved. She asks to be restored to her former name of Olive Brown. She is represented by Stephan and North.

# SOCIETY

Invitations have been sent out for the Twentieth Century club reception to be held on Tuesday afternoon, September 30. Nearly 200 were issued.

The Wednesday Bridge club held its first meeting of the season at the home of Mrs. J. G. Thorpe on September 24. Mrs. W. H. Greenhow won the prize for high score.

Mrs. Cordes delightfully entertained the ladies of the Community Church Aid on Wednesday, September 24. Ten members were present and work was done on the quilt. At the close of the afternoon the hostess served, assisted by her daughters, Anna and Elsie. The place of the next meeting will be announced later.

The wedding of Ida E. Carlson of Rupert, Minidoka county treasurer, and Alfred Shrode of Rupert, took place Wednesday at the rectory of Ascension Episcopal church, the Rev. Louis P. Nison officiating.

Discussion of plans for the coming year's activities claimed attention at a meeting of the Ladies' Aid society of the Baptist church, held Tuesday at the home of Mrs. Boughn. Special attention was directed toward plans for a cooked food and rummage sale to be conducted by the society next Saturday. Twenty-five members were present. The program included numbers by a quartet. Refreshments were served at the close of the afternoon.

## SPORTS

### ALUMNI WILL PLAY SCHOOL TEAM TODAY

Practice Game for Twin Falls High School Eleven. This Afternoon at 4:30 o'clock on Lincoln Field.

The Twin Falls high school football team will play its first game today when they meet an alumni eleven this afternoon at 4:30 o'clock on the Lincoln field for a work-out game. Since school started, the Platinos, University of Idaho star and coach of the local team, has had his men out for practice each and every school afternoon.

The game this afternoon, which will be free to the public, is for the purpose of getting the team into better condition for their first game with the Platinos on Saturday. While Platinos is holding out little promise for his team, it is the opinion of those who have seen the boys work out that they will round out and show before their first game a week from today with the Elmer team on the Elmer field.

### FINAL ROUNDS OF TOURNAMENT

**WESTBURY, N. Y., Sept. 25 (AP)—**Will meet Eric Pedley's California Midwicks, national junior champions, in the final round of the open championship polo tournament on international field Saturday afternoon.

**TAYLOR DEFEATS NILES.**  
**PARIS, Sept. 25 (AP)—**Jack Taylor of Omaha last night defeated Marcel Niles, the French pugilist. Niles quit in the sixth round.

**STEARLING LOSES BOVET.**  
**NEWARK, N. J., Sept. 25 (AP)—**By a furious finish in the final round during which he sent his opponent to the floor, without a count, Al Stearling of Paterson, N. J., earned a newspaper decision over Yonnie Stearling of Macon, Ga., in their 12-round light heavyweight fight last night.

**GAME CALLED AT THE MEMPHIS, Tenn., Sept. 25 (AP)—**The first game of the Dixie championship series between Memphis and Port Worth ended in a 2-2 tie when the game was called after the eighth inning on account of darkness.

**SECOND TRIUMPH**  
**WATERBURY, Conn., Sept. 25 (AP)—**Waterbury walked in with its second straight triumph over the Baltimore International league championship team here, winning 5 to 0.

(Downstairs)

## GROWERS FOCUS ATTENTION ON BEAN HARVEST

**Demand Keeps Pace With Heavy Offerings and Price Quoted Is Highest in History of Industry Here.**

Market demand continues to keep pace with the harvest of the Twin Falls country's million bushel bean crop which is rapidly nearing completion under the hands of hundreds of producers who are spurred on by purpose to house the crop during fair weather and avoid possibility of loss from adverse weather conditions.

Fully 80 per cent of the bean crop, it was estimated Thursday, already has been threshed, and the next few days will see the entire crop out of danger from any break in the long continued period of fair weather.

**Association Crop Moving.** Southern Idaho Bean Growers' association members have turned in to the Southern Idaho Wholesale Grocery company, their sales agent, approximately one-half of the bean production, it was stated Thursday by C. P. Bowles of the marketing agency. He estimated the receipts of association members' crops thus far at between 4,000,000 and 5,000,000 pounds, and stated that association members' beans are being shipped to market at the rate of three and four cents daily. The association now is making an initial payment of one cent per pound for beans delivered to the marketing agency.

Advising that market conditions continued firm, although the more insistent demand of the early season seems to be pretty well satisfied, local dealers Thursday quoted prices of \$5.50 per hundred pounds for beans, a reduction of only 10 cents under the peak price for the early season price, and the highest price paid for beans in the history of the bean growing industry in this region.

**Apple Handlers Busy.** Harvest and marketing of the other products with the exception of potatoes, is proceeding with record speed. With five or six dealers in the field and some growers marketing their crop themselves, or through co-operations, houses, apples are coming into packing houses here in torrents and are being shipped to market as rapidly as cars are being available.

It is believed that the harvest and marketing of the apple crop will be completed within a few weeks. Sales of apples are reported at from \$25 to \$45 per ton.

Comparatively low prices offered for potatoes cause general postponement of digging until after other crops are disposed of. Opinion is expressed that considerable proportion of the crop will go into storage to await higher prices later in the season. Local dealers Thursday quoted prices for white potatoes at around 40 cents per hundred pounds and Russets at between 70 and 80 cents, with light demand and scanty haulings.

## SCOUT LEADERS ADOPT PROGRAM OF ECONOMY

District Council Directs Finance Committee to Meet Enlarged Needs Without Increasing Revenues.

A program of economy was adopted by members of the Snake River Boy Scout district council at a meeting meeting at Jerome Wednesday evening, when they directed the district finance committee at its meeting in Burley today to limit expenditures under the budget for the coming year's activities to the amount of the budget for the current year for which \$700 was raised.

Curtailed of expenditures was implied by this action in view of reports received at the Jerome meeting showing that the territory within the district has been largely increased and the number of active Boy Scouts in the district has been doubled since January 1, last.

The annual meeting of the district council next December, it was decided, is to be held in Twin Falls.

**WORKER ACCIDENT VICTIM.**

Earl Von Steln Narrowly Escapes Death When Heavily Loaded Wagon Passes Over His Body.

Thrown from his seat under the wheels of a wagon heavily loaded with rock, Earl Von Steln of Boise, employed by the Morris Knudson company in construction of the Rogerson-Wells railway, received injuries including cracked pelvis, for which he has received attention at the county general hospital here since last Monday, when the accident occurred. Improvement in his condition was reported Thursday evening.

## RAILS TO CONTACT BY NEW YEAR POSSIBILITY

Short Line Chief Engineer Says Progress With Construction Depends on Rapidity of Completing Big Out.

Into of progress in construction of the Rogerson-Wells railway is largely dependent upon the rapidity with which a big cut 18 miles south of Rogerson is completed, according to W. R. Armstrong chief engineer for the Oregon Short Line, who passed through Twin Falls Thursday on an inspection trip over the new line.

Fair weather following completion of the cut about December 1, next, might make it possible to complete the line to Contact by the first of the coming year, Mr. Armstrong said.

## WORK BEGINS ON ELKS' MINSTREL

Director Here Supervising Afternoon and Evening Rehearsals for Offering.

With the arrival of Lloyd M. Bullis, director for Harrington Adams, Inc., in Twin Falls, to direct the Minstrel Frolic, a musical comedy minstrel to be staged by the local lodge of Elks at the Orpheum theater, Monday and Tuesday, October 6 and 7, things have begun to hum around the Elks club. Merrell Butler, who has charge of selecting the cast, has been busy for the past week taking up the best of local talent to meet Mr. Bullis and be ready to start active work on the production upon his arrival. Rehearsals are being held every afternoon and evening regularly and although more talent could be used everything is moving like clock work.

The Minstrel Frolic has been staged in all of the larger cities of the east and mid-west and in every city it has earned press comments that make a professional company green with envy. Harrington Adams, Inc., the producers have built up a reputation for staging amateur theatricals all over the United States.

The costumes and scenery furnished by the production in home talent shows and amusements anything that is carried on the road by the usual road show.

The production itself has just enough of the old fashioned minstrel to hold the audience and the musical comedy of the second part is a succession of snappy scenes that keeps the audience in constant interest.

The local lodge under the leadership of Harry Bennett, has determined to make this the best show ever staged in Twin Falls. Harry Bennett in speaking of the production makes the following statement: "We feel that in choosing the Minstrel Frolic as a vehicle to open the winter social season for the Elks we have been particularly fortunate. Harrington Adams, Inc., have been recommended to us by every lodge with which they have dealt in the mountain country, and after meeting the director, Mr. Bullis, we are confident that this show will surpass anything that has been attempted by the local lodge."

## FATHER HELD RESPONSIBLE

Claims of Twin Falls county and the Twin Falls Clinic against Clarence Cobb of Plover, for hospital and surgical fees in connection with an operation performed upon his daughter last February, were upheld by Judge O. P. Duval, following hearings in the case in probate court here Thursday. Judge Duval stated, however, that before entering judgment he would consider the briefs to be submitted by W. D. Gillis, attorney for Cobb. The county and for \$48.50 hospital fees, and the clinic, represented by John E. Davies, asked for \$200 surgical fees. Cobb denied liability for payment because, he said, his daughter was at the time a ward of the juvenile court. John Cobb, probation officer, testified that he has assumed temporary care for the girl as a friend and not in an official capacity.

## ORDERS OUT FOR CREAM DELIVERY

**Dairymen's Association Sets Date for Launching Co-operative Marketing Plan.**

Notice to membership of the Twin Falls County Dairymen's association, numbering about 350, with a production of approximately 40,000 pounds of butter monthly, to deliver cream to the association beginning October 1, next, in accordance with membership contract provisions, and an order of the association's board of directors was sent out Thursday by L. S. Otto, secretary of the association.

Cream thus delivered to the association will be shipped to Jerome Co-Operative creamery, and association members will "receive the same price for your butterfat that is received by the man that carries his cream to the creamery door with the exception of the special charge of one cent per pound butterfat for collection charges."

In explanation of the plan for delivery and billing of cream, the following is the secretary's letter says:

"Arrangements are being made to collect this cream from your door by local collectors in each community as far as it is practicable to carry it out. In cases of remote or inaccessible locations or roads it may become necessary for you to deliver your cream to some convenient point where either the local collector or a truck can pick it up. Every arrangement being made is done with the single idea of rendering service, increasing efficiency and raising the quality of the cream, the importance of which is so fittingly described in the following paragraph:

"The most important factor in any market arrangement, is the matter of receiving the highest actual worth of the product in dollars and cents. Under our arrangement with the Jerome Co-Operative creamery the association members will be graded and handled in such a way as to receive the maximum price for each pound of cream sold. The Jerome Co-Operative creamery sells practically all of its butter through one of the largest co-operative selling agencies in the world. By means of this excellent marketing arrangement they are able to command a premium of 3 to 6 cents per pound for their top grade butter. It is therefore of the utmost importance that the members of this association do everything in their power to produce and deliver the highest quality cream possible, in order to receive the benefits of these higher prices."

The Jerome Co-Operative company's system of grading cream is saving its patrons thousands of dollars each month.

**Association Employs Tester.**

"A charge of 1 cent per pound butterfat will be made against all truck collections, which applies to all operations of the Jerome creamery. Your cream will be received at the creamery by A. N. Meinier, an experienced man, that has entire charge of the association cream. He is your tester and is there for the sole purpose of protecting the interests of our members. He will weigh and grade your cream and make out your paychecks as soon as cream is tested and they will be brought to you the next trip by your local collector. Remember Mr. Meinier is our own man testing our own cream."

"You will furnish your own cans and they may be purchased if needed from the creamery at actual cost in 2, 3, 5 and 10 gallon sizes. Your cans are to be used to carry cream to the creamery and will be returned to you by your local collector."

"You will receive the same price for your butterfat that is received by the man who carries his cream to the creamery door, with the exception of the special service charge of 1 cent per pound butterfat for collection charges. Settlement will be made from day to day on quotations Boise Valley station markets as quoted by the Idaho Stateman with adjustment figured at the close of month."

## BREVITIES

**On Legal Business.**—Attorney E. L. Ashton transacted legal business in Burley Thursday.

**Spends Day Here.**—Miss Helen Marshall went to Rupert Thursday morning after spending the day Wednesday in Twin Falls.

**Visits Relatives Here.**—J. Holsington left Thursday morning for his home in Newton, Kan., after a visit with relatives in Twin Falls.

**Leaves for Oakley.**—Mr. and Mrs. M. J. Sweezy drove to Oakley Thursday afternoon where Mrs. Sweezy on Thursday evening was to address the district Federation of Women's clubs, now in session there.

**Leaves for Home.**—Mrs. H. S. Green of Madera, Cal., a sister of Mrs. M. J. Sweezy and Mrs. Geneva Lewis, who has been visiting in Twin Falls for the past three weeks, left Thursday night for her home.

**End Visit Here.**—Major A. J. Campbell, in charge of the veterans' hospital at Portland, with Mrs. Campbell and daughter, left Thursday, returning to their home after several days' visit here. They will visit Hailey and Boise enroute.

**To Make Home Here.**—Mrs. H. J. Ostrander, mother of E. J. Ostrander, who for a number of years past has resided at Santa Barbara, Cal. arrived in Twin Falls early this week and will hereafter make her home with Mr. and Mrs. Ostrander.

**Return to Missouri.**—C. C. Bush, a retired farmer of New Hampton, Mo., and mother, Mrs. G. Bush, who have been visiting their brother and son, M. J. Bush, and family of Second avenue west, left for their home Thursday morning.

**At Oakley Convention.**—Mrs. P. W. McElbert, president; Mrs. Herman Schurger, secretary, and Mrs. H. W. Clouche, delegates of the Twentieth Century club, left Thursday for Oakley to attend a session of the Federation of Women's clubs district convention.

**Scout Leader Visits.**—A. D. Dayton, district executive of the Blue Mountain Boy Scout district, left headquarters at Walla Walla, who was one of the directors of eagle scout activities in connection with building of the eagle trail at Yellowstone park last summer, was a Twin Falls visitor Thursday evening. He is returning to his home from Denver, where he attended a national conference of Boy Scout leaders.

## ASSERTS CLAIM TO DITCH

George G. Marshall, Defendant in Suit Instituted by W. H. Harvey, Calls for Adjudication of Rights.

Denying claim of any other person to interest in an irrigation ditch fighting as the bone of contention, in a suit recently instituted in district court here by W. H. Harvey of Buhl, George G. Marshall of Buhl, defendant in this action, Thursday filed an answer and cross complaint, asking that rights involved be adjudicated and determined and that his claim to the ditch be established by court order. Marshall is represented by J. R. Doherty and W. Orr Chapman.

## Mercury Makes High For Day at 55 Above

**Forecast for Friday: Fair.**

Mercury at its maximum level Thursday touched 55 above, representing a decline of 11 degrees under the high mark for the preceding day, according to the government weather observer's station here. Low mark for the 24-hour period ending Thursday evening was shown at 40 above, an advance of two degrees over Wednesday's maximum. Minimum Thursday evening pointed to mercury's fall to the frost line before daybreak.

The Jantamere Inn announces the completion of their entertainment hall, which is now for rent for dances, card parties, dinners and banquets. Accommodations are made for 150 guests, or arrangements can be made for smaller parties. Phone 456 for reservations—adv.
