TWIN FALLS, IDAHO, WEDNESDAY MORNING, OCTOBER 22, 1924.

MEMBER AUDIT BUREAU

PRICE FIVE CENTS

REDUCTION IN TAXES RELATED BY C. C. MOORE

Governor of Idaho Shares Platform With Former Chief Executive of Nebraska State at Rally.

Governor C. C. Moore of Idaho and former Governor J. C. McKelvie of Nebraska, opening the republican campaign in Twin Falls Tuesday evening in the Lavering theater addressed an audience of 600 persons—the largest and most enthusiastic political meeting held here this year. The speakers were introduced by Shad L. Hodgins, Twin Falls mayor and former republican state committeeman.

Governor Moore, whose address followed that of Governor McKelvie, gave an accounting of his stewardship of Idaho's government during the past two years. "With clean hands," he declared, "I come back to the people who two years ago elected me and tell you that we have kept the faith and I am here to account for the pledges made and the trust you placed in me."

State Tax Levy.

The governor referred to reduction in the tax levy for state purposes from 51 cents per \$100 valuation in 1922 to 47.8 cents per \$100 valuation in 1923 and to 47.5 cents per \$100 valuation in 1924, this being accomplished in the face of decreased valuation, and state taxes were reduced in 1923 an average of 25.3 per cent in all counties and as compared with 1920 they were reduced an average of 23 per cent. The governor stated that the tax levied had been advised him that according to present figures more than \$200,000 would be returned to the treasury by state departments which would make a grand total saving of more than \$1,000,000 actual cash had been saved by the republican administration in the last biennium.

The present fiduciary and game department, the governor said, had been one of the most efficient in the state's history and operating expenses already were shown to be \$13,000 less than in the same period of 1921 and 1922. Similar conditions were shown by the governor to exist with respect to other departments of the state government and state institutions.

Eloquent Address.

Governor McKelvie, in one of the most eloquent and scholarly political addresses ever delivered here, denounced attempts on the part of politicians to undermine the people's faith in the government as exemplified, he declared, in recent senate investigations, and he denounced the proposal advanced by Senator LaFollette for overriding of supreme court decisions by action of congress that he said, under play of passion, prejudice and lack of consideration would destroy all of the constitutional liberties and guarantees.

Governor McKelvie predicted that President Coolidge would receive the electoral votes of all of the eight northwestern states through which he has lately traveled, including North Dakota.

LaFollette Hit.

Senator LaFollette was characterized by Governor McKelvie as a reactionary of the most extreme type. LaFollette, he declared, had it in his power to bring about the nomination of Theodore Roosevelt, "the form most progressive of the age," for the presidency in 1912 and refused to do so.

Mob Attempts to Prevent Anti-klan Speech at Detroit

Police Reserves Used to Break Up Threatening Gathering With Use of Tear Bombs.

DETROIT, Oct. 22 (AP)—A riot call was sent to police headquarters tonight when a crowd of persons, said to be Ku Klux Klan sympathizers, were reported to be attempting to prevent persons from entering the arena grounds where Alvirch Blake, former secretary to Jack Walton, deposed governor of Oklahoma, was scheduled to speak.

All available police reserves were called out and the officers succeeded in forcing back a crowd of several hundred persons who were said to be preventing persons from entering the building. The subject of Blake's address had been announced as the "Ku Klux Klan."

Tear bomb gas was used by the police to disperse the mob and shortly after 8 o'clock the crowd had been driven into side streets.

PRINCE OF WALES RIG.

HAMILTON, Mass., Oct. 21 (AP)—The Prince of Wales was confined to his room in Montreal today by a chill and will not be able to come here until Thursday. Mr. and Mrs. Bayard Tucker, Jr., who are his hosts, were notified tonight. It was said the prince's condition was expected to improve overnight.

Prince of Wales Visits Henry Ford

H. H. THE PRINCE OF WALES, is shown with Henry Ford on the occasion of his visit to the latter's automobile plant in Detroit, where the prince saw the entire assembly of a Ford car.

BURNS IN BATH TUB ARE FATAL

George Denton, Epileptic Patient and Charge of County, Dies From Injuries.

Stricken by an attack of epilepsy in a bath tub in the ward for county charges at the general hospital here Tuesday evening, George Denton, 65, patient at the institution for about a year, was unable to turn off the hot water and before his associates, summoned by his cries, could lift him out of the scalding water, he suffered burns from which he died a few hours later. Denton was taken immediately to the hospital where diligent effort was put forth to save his life. Denton was known to be subject to epileptic attacks and it is believed that he fell the approach of an attack Tuesday evening when he attempted to take a bath in the belief that he could ward it off by that means.

Denton, according to records of the institution, was a native of Tennessee and a member of the L. D. S. church. He had been a farmer before his health failed. He was not married and had no relatives in this region, but is survived by three brothers, Samuel Denton of Salt Lake and Jesse and Isaac Denton of Colorado.

The body was taken to the DeWitt mortuary.

Workman Falls 5 Stories and Lands "Right Side Up"

Unhurt Save for Broken Ankles and Dislocated Arm; Was a Champion Diver.

CHICAGO, Oct. 21 (AP)—Harry Wright, 30, a building cleaner, today fell five stories from the side of a Chicago skyscraper when he lost his balance, but landed on his feet and suffered no serious injuries than two broken ankles and a dislocated right arm. He explained that he was a champion diver while in the navy during the war and when he fell he was able to balance himself in such a way that he landed "right side up."

PRESIDENT PREPARES FOR LAST EXTENDED SPEECH IN CAMPAIGN

WASHINGTON, Oct. 21 (AP)—President Coolidge devoted considerable time today to preparation of the address he will deliver here Thursday night before the meeting of the eastern division of the Chamber of Commerce of the United States.

The president intends to make this his last extended speech before the election and in it to outline the condition of the country, the results of the administration and its future hopes and plans, particularly in business and domestic affairs.

FEDERAL SUIT TO CANCEL OIL LEASES OPENS

Conspiracy Between Doheny and Fall Charged in Government's Attempt to Regain Reserve.

LOS ANGELES, Oct. 21 (AP)—The opening session of the government's suit against the Pan-American Petroleum and Transport company to cancel the Elk hills naval reserve oil leases granted the E. L. Doheny interests, flooded Federal Judge J. McCormack's court here today with crowds that outnumbered those attending the sensational criminal trials held in Los Angeles in the past several months.

The government's amended bill of complaint charges conspiracy between Albert B. Fall, former secretary of the interior, and E. L. Doheny, involving the payment of \$100,000 by Doheny to Fall, which was followed by granting of the oil leases in the naval reserve to the Doheny interests, whose value in possible profits have been estimated by Doheny at \$100,000,000. Owen J. Roberts stated the governments case briefly.

Welcomes Change.

The defendants welcomed the change of venue and expressed great satisfaction that the case was out of the senate and before a federal tribunal, according to Frank J. Hogan, chief defense counsel.

"We are indeed pleased to have the suit removed from partisan politics," Hogan stated in reply to the government's charges. "There is a wide contrast between the way this case is presented to this court and the way in which it was presented to the senate investigating committee."

Hogan declared that "we purpose to expose an almost inconceivable story of the deliberate misrepresentation of known, or of easily ascertainable facts and the unblushing distortion of the truth which have made as unlike as day and night the case before the senate and the public and the case now to be submitted to this court."

120-YEAR-OLD INDIAN DIES.

YOSMITE, Calif., Oct. 21 (AP)—Lucy Brown, Indian, credited in the annals of her tribe with being 120 years old, died suddenly yesterday. She was the oldest of six generations of the Brown family residing at the Yosemite Indian village.

Hurricane Sweeps Down on Province; Number Are Killed

Full Extent of Damage Not Ascertained Due to Devastated Condition.

HAVANA, Oct. 21 (AP)—The full extent of the damage done by the tropical hurricane which struck the province of Pinar del Rio Monday could not be ascertained tonight because of the demoralized condition of communication with the province.

A report received today said that the town of Arroyos de Manta had suffered heavily in material damages and from eight to 12 persons have been killed and about 100 injured. Almost every building in the town was damaged. The storm also badly hurt the tobacco and other crops in the province.

DEMOCRATS TO USE \$750,000

Slush Fund Inquiry Learns of Amount Bourbons Propose to Spend.

WASHINGTON, Oct. 21 (AP)—With a total of \$518,410 in contributions in hand to date, the democratic national committee expects to conclude the present campaign on a maximum outlay of \$750,000, the senate investigating committee was told by Cym L. Shaver, chairman, and James W. Gerard, treasurer.

Expenses thus far have aggregated \$307,119, according to a statement put into the record by Mr. Gerard. Of this sum \$461,801 has been paid, the statement shows. There is an existing deficit of approximately \$48,000 on the basis of this showing and Chairman Shaver said he anticipated a deficit at the end of the campaign unless contributions came in more rapidly.

The examination of Mr. Shaver and Mr. Gerard continued less than an hour and no other witnesses were available the inquiry was adjourned until tomorrow. Only three of the five members were present today, Senator Borah, republican, Idaho, chairman; and Senators Caraway, Arkansas, and Bayard, Delaware, democrats. The absentees were Senator Jones, republican, Washington, and Shipstead, farmer-labor, Minnesota.

SENATE WOULD SELECT BRYAN WEEKS THINKS

Secretary Sees One of Two Possibilities in Coming Election; Coolidge or Party Coalition in Congress.

NEW YORK, Oct. 21 (AP)—Declaring in a radio address here tonight that the balloting on November 4, with result either in the election of President Coolidge or the election being thrown into congress, Secretary Weeks predicted that in the latter event Charles W. Bryan, the democratic vice presidential candidate, might be president by a coalition of democrats and "reform elements" in the senate. The voters of the country, therefore, the war secretary declared, are confronted with a choice between two men.

Know President's Work.

"The voters know what the president is doing," Mr. Weeks said. "His record speaks for itself. The voters know that President Coolidge is a man of common sense, calmness, high character, courage and honesty. They know that he will give them the honest and efficient administration they demand."

"Very few voters know anything about President Coolidge's principal opponent in this campaign, Charles W. Bryan. To the vast majority of voters he is known as the brother of William Jennings Bryan."

To Get Support.

"It has been said that Mr. Davis, the democratic candidate for the presidency, personally selected Mr. Bryan as his renunciant in order to secure the widespread powerful support of the William Jennings Bryan element of the democratic party to whom Mr. Davis was not acceptable and so nullify as much as possible the effect of the attacks made against him in the democratic convention by William Jennings Bryan. This statement has never been denied."

Mr. Bryan's position on national issues is unknown because he has not participated in national political discussions; in fact he has hardly done so in the campaign. Although a candidate for the vice presidency in the campaign managers are keeping him virtually in the background. They have not permitted him to speak in the great industrial sections of the country. The democratic campaign managers are apparently unwilling to take the chance of letting Charles W. Bryan arouse into participation."

NOMINEE APPEALS TO VOTERS IN KENTUCKY

LOUISVILLE, Ky., Oct. 21 (AP)—Winding up his brief personal campaign in Kentucky with an address here tonight, John W. Davis, democratic candidate for president, warned that the ballots cast on November 4 would decide the destiny of the country for another four years and urged voters not to neglect on that day to "discharge the first and most solemn duty of an American citizen."

It is in the ballots of this country and in the minds of its citizens that its destiny resides and if we are false by absenteeism, by carelessness or by worse, we cannot criticize the shortcomings of those who take public office, we cannot complain in the years to come if disaster comes to visit us."

Order Experts to Investigate Cause of Trenton Mishap

Washington Seeks to Learn What Set Off Explosion Which Killed Six.

NORFOLK, Va., Oct. 21 (AP)—The death list in the powder explosion on the scout cruiser Trenton off the Virginia capes yesterday was increased today to eight with the death in the naval hospital here of one of the 10 injured taken there. Two others are not expected to survive the night and a third is said to be in a precarious condition.

WASHINGTON, Oct. 21 (AP)—Three experts in the bureau of ordnance were ordered to Norfolk today to assist in the inquiry on board the cruiser Trenton as to the cause of the explosion yesterday, which killed six and injured more than a dozen other members of the crew of that ship.

The details were made by Secretary Wilbur when officials at Norfolk reported they were unable to find the slightest clue to the cause of the catastrophe. The only theory advanced in communications to the department was that powder charges being hoisted to the guns may have caught and in some way become ignited by friction. So far as could be learned at the department the records of the navy show no parallel accident.

President Coolidge on Taxation

A GOVERNMENT which lays taxes on the people not required by urgent public necessity and sound public policy is not a protector of liberty, but an instrument of tyranny. It condemns the citizen to servitude. One of the first signs of the breaking down of free government is a disregard by the taxing power of the right of the people to their own property. It makes little difference whether such a condition is brought about through the will of a dictator, through the power of a military force, or through the pressure of an organized minority. The result is the same. Unless the people can enjoy that reasonable security in the possession of their property, which is guaranteed by the Constitution, against unreasonable taxation, freedom is at an end. The common man is restrained and hampered in his ability to secure food and clothing and shelter. His wages are decreased, his hours of labor are lengthened. Against the recurring tendency in this direction there must be interposed the constant effort of an informed electorate and of patriotic public servants. The importance of a constant reiteration of these principles can not be overestimated. They can not be denied. They must not be ignored.—PRESIDENT COOLIDGE.

Read What Sen. Borah Said of President Coolidge:

Speaking of the President, Senator Borah said at Idaho Falls, October 7:

"Well, my friends, we had a fight upon this question last winter. Some of us have been harping on this question for a very long time but we have not been able to get much hearing. It was not very long after Calvin Coolidge was created President of the United States until he announced that we must have economy and more economy in government. It was not very long until he announced that so far as the building of bureaus was concerned his opinion was that it should cease. In my mind it was one of the great issues of the twentieth century and it presented a problem in government that no other President—and I do not wish to speak disparagingly of the great who have gone before—but which no other President has had the courage to rise and stand upon.

"He vetoed bill after bill—popular bills—bills which might have drawn him hundreds of thousands of votes—bills which as a mere politician he would have signed. He vetoed them because he proposed to stand between the people of this country and those who were attempting to make unjust and unnecessary demands upon the people, and whatever you do in this campaign, it can not take that issue away from Calvin Coolidge. Those who are in Washington, whether they be Democrats, Republicans or Progressives, know how he stood on that issue and in my opinion the fact that Mr. Coolidge refused to sign a bill which he considered was unjust and unnecessary will always greatly redound to his credit and I believe he would still refuse to sign a bill which was unjust and unnecessary even if it deprived him of this coming election.

COURAGE, I CARE.

"You know courage is a rather rare thing and it requires more courage to start something against some unnecessary and unjust appropriations than almost anything I can think of. You take for instance the vetoing of the postal employees bill. Probably this was the most popular bill President Coolidge vetoed. There were just three votes against it in the senate when it went through, two from Ohio and another one from a western state. Further than this every man in the house, I believe, voted for it and every member of the cabinet except one was in favor of it.

"Now if you do not think it takes some courage to try and veto a bill of that nature I am sure you entirely misunderstand the situation in Washington.

"But he did veto it and not because he was against the

CHARLES G. DAWES

Save the Constitution

THE American people for 135 years have enjoyed Happiness, Progress and Prosperity under the Constitution of the United States. The Constitution established our form of Government in 1789, and secured for all time our rights to "Life, Liberty and the Pursuit of Happiness" proclaimed to the world by the Declaration of Independence. Under the protection of the Constitution we have become the greatest nation in all recorded history.

The Constitution Guarantees to Every American—

Freedom of Religion, of Speech, of Thought and of Education.

The Equal Protection of the Laws.

No Discrimination Based on Race, Creed or Color.

The Right of Home, Work and Prosperity.

These Rights, Guaranteed by the Constitution, Are Enforced by the Supreme Court of the United States.

Men falsely styled "progressive" now propose to destroy the Supreme Court and the Constitution and to establish a government by Congress with absolute and autocratic power.

The Constitution and the Supreme Court preserve our American Democracy and protect our individual rights. Destroy them and the door is open to Socialism or Dictatorship. See the record of history and the example of Europe today.

Which is best for you and for your family: the peace and prosperity of America, or the chaos and misery of the Old World? Which government is best: representative democracy under the Constitution or the despotic rule of the communist or the tyrant?

raising or increasing of the salaries of these men as he stated in his veto, but because he insisted that this \$80,000,000 which was necessary to raise for the purpose of taking care of the increased appropriation should not come from the pockets of the taxpayers of the United States but should come from readjustment of the postal rates of the United States so as to take care of the subsidies necessary for the purpose.

"Mr. Coolidge said: 'When you bring to the senate a bill which readjusts postal rates so that the postoffice will take care of the increase I will sign it and not before.'"

Borah on LaFollette

Referring to Senator LaFollette's independent candidacy, Senator Borah said:

"Now another question has been raised to which I refer and that is a question of our courts and how we should control as it is said the decisions of the courts. I want to say at the beginning of the discussion of this that I do not charge Senator LaFollette with dishonesty or insincerity. I simply differ with him on that proposition and that is all.

"I think that the idea is impractical and a revolutionary one. You know we have had this question of the relationship of our courts ever since I have been in the senate. Away back in the year 1910 we had what was called the recall of judges. You may recall I spoke against it in the senate and voted against the admission of the state of Arizona because it contained such a provision in its constitution. After investigation I came to the conclusion that the people themselves, the individual citizens themselves, whom we call the common people, were more interested in opposing the recall of judges than any one else.

"Don't forget, my friends, that the men of wealth, the men of great power and the men of great means can take care of themselves under almost any kind of government but the only guarantee which the man of limited means and common citizenship has against the encroachment upon his individual rights and the guarantee of his civil liberties is the Constitution of the United States as construed by an impartial and incorruptible court."

SEN. WILLIAM BORAH

The Farmer and the Republican Party

THE Republican platform recognizes that agriculture should be on a basis of economic equality with other industries. This is easy to say, but the farmers themselves and their advisers have never been able to agree on a plan to provide it by law. Now that nature and economic law have given some temporary relief, I propose, therefore, to appoint a committee to investigate and report measures to the Congress in December that may help to secure this result which we all desire. I want profitable agriculture established permanently. I want to see the dollar of the farmer always purchase as much as any other dollar.

A wise, skilled, and unselfish leadership can do more than anything else to rescue agriculture. The farmer needs leaders who will stay with him, who have the tact and the courage necessary for management, and who have the fidelity to refuse political preferment and business opportunity. There are such leaders. In the sacrifices they make to serve the farmer lies the greatest hope for his salvation.—PRESIDENT COOLIDGE IN HIS ADDRESS OF ACCEPTANCE.

Theodore Roosevelt on LaFollette

Roosevelt, who had once been something of an admirer of LaFollette and had spoken words of approbation which the "Progressives" have now eagerly seized to use in their campaign literature, could explain it if he were alive. He did explain it in those days following a certain speech Robert M. LaFollette made in Minnesota. He explained it from the very same rostrum in which LaFollette had stood, after he had carefully studied an authentic transcript of the LaFollette utterances. He made the same speech many times in many parts of the country, saying:

"We are to stand against men of the stamp of Senator LaFollette, who in a recent speech at Minneapolis actually, by implication, condoned the brutal German murders of our men and women on the high seas and tries to distract attention from the wrongs inflicted upon us by creating dissension at home.

"We had this type in the Civil war. Then we called them copperheads. These men used all the fine words and the same arguments as Senator LaFollette. I wish we could make him a gift to the Kaiser for use in his reichstag. In the senate he is a cause for shame and humiliation to every worthy citizen.

The most sincere enemy of Democracy in the United States is Senator LaFollette.

Some people, in some parts of America, have forgotten these statements and the cause of them. But we can not believe the number is really great, certainly Idaho does not harbor many of them. The state which is contributing funds this fall to memorialize at the University of Idaho our valiant sons and brothers who gave their lives as a protest against all that was represented by the invasion of Belgium, the intrigues of Boy-Ed and Von Papen, the Lusitania, the Arabic and the Sussex and all the reign of "shrecklichkeit" that threatened the peace of the world, that state can not also at the same time hold up Robert M. LaFollette as a protector of American rights and the bringer of a new day in government.

RECLAMATION.

Federal reclamation of the arid and semi-arid lands in the West has been the subject of intensive study in the Department of the Interior during the past fiscal year. New policies and methods of operation have been adopted which promise to insure the successful accomplishment of the objects sought. The completion of this reorganization plan is regarded as one of the achievements of the present administration in the interests of farmers immediately and of all the people ultimately.

REPUBLICAN COUNTY CENTRAL COMMITTEE

JOHN W. GRAHAM, CHAIRMAN

SALMON WATER SUITS SETTLED

Judge F. S. Dietrich—Hands Down Decision in Project Dispute.

BOISE, Oct. 21 (AP)—Decision in a group of consolidated suits filed in the United States district court in 1920, 1921 and 1922, to foreclose water contracts on the Salmon project, near Twin Falls, was received today at the office of the clerk of the federal court, from Judge F. S. Dietrich at Pocatello, in which the court holds that the principal sum on which the plaintiff upon each contract is \$24.04, as against the original contract price of \$40 an acre. Interest at the rate of 8 per cent from April 1, 1912, is allowed.

The suits are the People's Savings and Trust company of Pittsburgh vs. Frank Casullo; the Commonwealth Trust company of Pittsburgh vs. Caldwell, Michael Dean, J. R. Doherty and others; A. C. Robinson vs. Steffen brothers and others; the Commonwealth Trust company of Pittsburgh vs. W. A. Babcock, E. F. Babcock, Marshall Conover and C. J. Davidson, and because of their similarity, were consolidated.

KIMBERLY

KIMBERLY—H. M. Wilson shipped two cars of hogs to the Portland market on Tuesday.

Mrs. John McDaniels is here from Adity, Washington, visiting relatives, and in the house guest of her sister, Mrs. J. J. Tiesey.

A. R. Workman of Burley was a business visitor in Kimberly on Wednesday afternoon.

R. A. Beyce and W. T. Seal of Twin Falls were demonstrating Oakland touring cars in Kimberly on Thursday afternoon.

Wayne Nygard is carrying his arm in a sling, having suffered a fractured shoulder blade and arm in a practice game of football at school, on Tuesday.

Mrs. J. L. Shephard has been ill the past week with a severe cold.

Glyde Straughn met with a painful accident Monday of last week while at work in the potato cellar in Kimberly, confining him to his bed for a few days. He is reported better.

Mrs. W. F. Swearingen has been ill at her home the past week.

Mrs. and Mrs. R. L. Atkinson and daughters of Twin Falls, visited at the home of R. G. Wilson and family on Thursday evening.

The Ladies' Aid of the M. E. church were pleasantly entertained by the ladies of the Christian church on Thursday afternoon at the home of Mrs. N. W. Swearingen, in a tea and coffee. A neat sum was added to the aid treasury for receipts of the afternoon.

The members of the Kimberly Bridge club and Mrs. Glenn Tyer as guest of the club, were entertained at the home of Mrs. G. F. Steelsmith on Thursday afternoon. Favor for high score was won by Mrs. J. Frank Henry, the consolation going to Mrs. Tyer. After the games a delicious two course luncheon was served by the hostess.

Mr. and Mrs. Frank Kossarek are very much worried over the condition of their friend, R. E. Nezale, who underwent an operation at the county general hospital on Monday for appendicitis.

Sam Proctor reports the top yield of potatoes for the vicinity of Kimberly, his crop making 300 sacks to the acre.

The Girls' Reserve held their first party of the fall season on Friday night at the high school building with 14 members responding to roll call, under supervision of Miss Douglas. A pleasant program consisting of vocal and musical numbers, with several readings, was enjoyed, and later candy making for refreshments closed the evening's entertainment.

The home service of the Red Cross will be discontinued after November 11. Until that date the secretary will be in the office from 2 to 6 on Tuesday, Thursday and Saturday—adv.

Don't play checkers with your coffee

Stick to

M·J·B

If you are coffee-wise, you know M-J-B. And if you know M-J-B you know it is the coffee of constant flavor. Yes—and the coffee of constant economy. Double-rich in body and strength—that's why!

No matter how little of M-J-B you use to the

cup you still have a rare, full-bodied flavor that no "cheap" coffee could possibly offer. Coffee-contentment is too fine a thing to risk for the sake of a few cents. Don't play checkers with your coffee. Play safe—stick to M-J-B.

AIRSHIP NOW ON WAY BACK EAST

Shenandoah at San Diego
Mooring Mast Waiting Favorable Weather.

SAN DIEGO, Oct. 21 (AP)—Safely moored to the 100 foot mast erected purposely for the Shenandoah, the great dirigible, back here after a swing north as far as Seattle, swung lightly tonight while her officers waited for favorable weather reports in the eastern section of the United States. They expressed the belief this evening that the Shenandoah would not start back to Lakeland before Thursday possibly not until later.

The big dirigible arrived over San Diego at about 4 a. m., swung down the lower California coast and shortly after daylight headed back toward San Diego. The landing was made at 11 a. m., and 45 minutes later 300 blue-jackets from the naval air station had hauled her to the mast and she was safely moored.

Commander Zachary Lansdowne handled the airship with skill in landing. He circled twice to get the Shenandoah about 200 feet above sea level, then lowered the dirigible sharply to the field at North Island. It came floating down like a huge whale, the tail sticking up for several minutes before the mast was shifted to get the proper balance. After that the blue-jackets had easy work dragging the dirigible to the tower.

GOVERNOR TURNS DOWN TRIP TO FLORIDA TO EXECUTIVES' MEETING

BOISE, Oct. 21 (AP)—Governor C. C. Moore has declined an invitation to attend the annual governors' conference usually held in November of each year, it was announced by his secretary today.

This year the conference is to be held at Jacksonville, Fla., November 17 to 20.

The governor expects to be too busy at his desk scrutinizing budgets of state departments and institutions, his secretary said.

Idaho legislators have always appropriated funds to pay the traveling expenses to and from the conference and the 1924 legislature was no exception. However, Governor Moore has not used the money either year.

SERIOUS CONGESTION IN GRAIN TERMINAL MARKETS IS PROBLEM

ABERDEEN, S. D., Oct. 21 (AP)—Faced with the serious congestion in grain terminal markets unless shipments are lessened from the farms of the northwest tributary to Duluth and Minneapolis, members of the north-west regional advisory board at their meeting here today gave to their special joint grain conference power to act in meeting the emergency.

When the condition prevailing because of greater shipments into north-west terminals than volume is moving outward, was discussed in the report of a special joint grain committee, given in the morning, action on the part of the board was referred to a committee.

The next meeting of the board will be held at Minneapolis, Minn., Tuesday, January 20, 1925.

DAWES TELLS STORY OF BUDGET SYSTEM IN EASTERN SPEECH

PHILADELPHIA, Oct. 21 (AP)—The story of the establishment of the federal budget system under President Harding and the cabinet administration, was told by Charles G. Dawes, republican candidate for vice president and first budget director, in an address at the Academy of Music here tonight, opening his seven day eastern speaking campaign.

The address was the first extended discussion of the budget by Mr. Dawes during the campaign. He combined with it a continuation of his attack on the La Follette independent candidacy, directing his fire particularly at the La Follette platform declaration for congressional veto of supreme court decisions.

IDAHO MAN IS SELECTED

WALLACE, Idaho, Oct. 21 (AP)—Idaho members of the Yellowstone Trail association today elected Platt P. Morrow, Wallace, as Idaho's member of the executive committee and a delegate to the meeting of the national committee in Minneapolis in February. Kellogg was chosen for the 1925 state meeting of the association.

Idaho members went on record as opposed to the discontinuance of the trail west from the Yellowstone national park to Seattle.

UMBAUGH TEAM DEFEATS GOLDEN RULE BOWLERS

Victors Win All Three Games of League Contest; O. Bruggeman and Larson Take Individual Honors.

Umbaugh bowling team, in a bowling league contest Tuesday evening at the Twin Falls bowling alley, defeated the Golden Rule bowlers in three straight games. C. Bruggeman and C. P. Larson, both of the Umbaugh team, with scores of 559 and 531, respectively, took individual honors. The detailed score:

| Golden Rule | 1 | 2 | 3 | Tot. |
|--------------|-----|-----|-----|------|
| Ray | 139 | 129 | 200 | 468 |
| Bones | 122 | 113 | 125 | 360 |
| Shutwell | 119 | 112 | 125 | 356 |
| Kieffer | 155 | 137 | 125 | 417 |
| Kuefel | 151 | 129 | 110 | 390 |
| Totals | 677 | 629 | 713 | 2019 |
| Umbaugh | 1 | 2 | 3 | Tot. |
| C. Bruggeman | 177 | 209 | 173 | 559 |
| Dummay | 135 | 135 | 135 | 405 |
| Bruggeman | 153 | 153 | 153 | 459 |
| Anderson | 134 | 140 | 138 | 412 |
| Larsen | 191 | 184 | 156 | 531 |
| Totals | 801 | 855 | 764 | 2421 |

GOODING WILL PLAY FOOTBALL GAME HERE ON LINCOLN FIELD

Twin Falls high school will meet a North Side high school for the first time this season when Coach Gooding's squad plays here Friday. This game will take somewhat of a championship atmosphere as the Gooding team seems to have the edge on the North Side schools. The Gooding team this year reminds of the time when they had Boelter and Baby.

The locals are one of the best teams in the state this year, and have been looked upon as the logical choice for district honors this season. The first chance the local students have been on sale for some time, and many people have availed themselves.

The locals are fast running into a real football machine, although a defense against forward passes must be worked out before they will become of championship caliber. The forward passing of the Twin Falls squad was commendable at Cooley and in Extra Coach Martino has one of the best receiving ends in the state. Wilkison, Timm and Alvord are three of the best men in the passing game yet seen in Idaho by the local fans. Humphrey, who has been on the sick list, and Vance, who was out of the Oakley game, will be back in the lineup against Gooding, thus assuring a hotly line.

The Gooding squad has defeated Caldwell and Wendell and was defeated by Boise. The locals should have a formidable lineup, and in their game against the Wendell gridders were impressive. Accidents at halfback does the heavy ground gaining, while Tommes does the line plugging.

REDUCTION IN TAXES IS GOVERNOR'S TOPIC

(Continued from Page One)

so, LaFollette proposal for government ownership of railroads, he said, would, if carried into effect, increase the tax on national debt immediately by 25,000,000, and in Idaho would cause at once an increase of 18 per cent in taxes through removal of railroad property from the tax role.

LaFollette, Governor McKelvie declared, has no hope of being elected to the presidency but his purpose is to bring the election to a close, in which event, the speaker predicted, "Brother Charles" Bryan would be the next president.

Bryan Brothers

The brothers Bryan, Governor McKelvie said, "are known in Nebraska as 'iron horse' horsemen. Two years ago, he said, after many years of bitter strife, the factions headed respectively by the Bryans and former Senator Hitchcock joined forces. The result, he said, was unfortunate for Mr. Hitchcock, while Charles Bryan was elected governor. At the New York convention, the speaker continued, the Bryan-Bryans were defeated.

John W. Davis, before the nomination of C. W. Bryan to his running mate, later gave Davis their warm endorsement. "And," the speaker added, "I venture to predict that the result will be unfortunate for Mr. Davis."

In support of his assertion that recent senate investigations were actual-

Men and Women in News of the Day

RADIO BROADCASTS have been sent out to locate William Washburn Nutting, noted New York yachting editor, and the three companions with whom he sailed from Christians in July in a tiny cutter. He expected to follow the route of the Vikings of 500 years ago and touch Iceland and Greenland.

MAYOR W. F. KENDRICK of Philadelphia has announced that Brigadier General Smedley D. Butler of the marine corps, his fiery commissioner of public safety, may retain office for three more years if he can secure leave of absence.

HENRY FORD has withdrawn his offer to purchase the famous Muscle Shoals water power project from the United States government.

Governor A. E. SMITH of New York has appointed Mrs. Corinne Douglas Robinson, sister of the late Theodore Roosevelt, a member of the commission to supervise erection of a Roosevelt memorial in New York city.

ed by political motives, Governor McKelvie declared that all of the facts brought out in the hearings were in the hands of the investigators nearly two years before the investigations began. The present national administration, he stated, in "an orderly and regular manner" is proceeding with investigations for which he had been indicated in the senate inquiries.

Governor Moore in the course of his address, called upon citizens to stick close to the fundamental principles of a representative form of government as laid down by Washington, Hamilton and John Marshall and to beware of foreign propaganda that threatens these principles.

Praises Leaders

He gave high praise to the leaders of the republican party—President Calvin Coolidge and Charles G. Dawes—and stated that "these men are excellent examples of fairness, cool heads, success and the old-fashioned honesty that will draw to their standards the rank and file of America's men and women and elect them to the highest places within the 'house of Americans to bestow'."

The governor also paid a high compliment to Idaho's senators and representatives in congress and their achievements for the state, with reference especially to reclamation and the tariff, the governor showed that Idaho profits millions of dollars per year as a result of tariff on agricultural products alone.

Republican candidates for the state legislature and for county offices occupied seats on the stage and were introduced at the close of the meeting by John W. Graham, chairman of the republican county committee.

A quartet composed of Mrs. O. P. Dwyer, Mrs. W. Z. Smith, W. F. Miksgell and Nelson Hayward sang several numbers during the evening.

Linoleum Polish

An excellent polish and preservative for linoleum can be made as follows: Dissolve one ounce of shellac in one pint of denatured spirits and apply with a soft cloth. The shellac must be thoroughly dissolved by allowing the mixture to stand covered up for a few hours. Linoleum thus treated will preserve its color for many years.

north of Buhl are supplying many families with vegetables. North side farmers are coming over the grade and stocking up with tubers. Prevalent prices are \$1 per bushel in the field. One unique feature of this garden is the large radish patch. The crop on the ground is the third radish crop on the same land this season. They were sowed broadcast in a fine sand soil that is ideal for this particular crop. Shallow pasture is sold in the neighborhood for \$50 to the 40 acres, or in the neighborhood of \$1 per acre and many sheep are being changed to this feed after the first of November. The hills, which disprove the previous theory that all the sheep would be shipped to other points where cheaper hay was reported.

Kindly buyers have been snapping up some of the sheep bargains, and are paying a fair price for lambs. The market hinged on \$10 the last week for lambs. This is a fair price, farmers think, for this stock at this time. These buyers are buying all grades of lambs and are cutting out and shipping the weathers and undesirable and retaining the best on the tract for breeding purposes. Cheap beef sold up the line is their object if stocking up so heavily, it seems.

On an average the farm sales so far in the Buhl end of the county have held very well.

The republican rally Thursday night at Buhl was reasonably well attended

and many facts were put before the people. The radical speakers were Captain Conner, state attorney, who gave an able address, followed by an assistant secretary of the interior, who also put the issue clearly up to the voter. Stabile was furnished by the Glover band.

WEST END BUSY DIGGING SPUDS

BUHL, Oct. 21.—Spud digging is being rushed in this section and the warehouses are being rapidly filled. Prices for trucking the tubers is the lowest known for a number of years. Some spuds are being hauled for four cents per sack, due in part to the over supply of trucks.

The Alquist ranch west of Buhl obtained a yield of 400 sacks per acre on eight acres. Most of the spuds are of good quality with very little blight or second growth showing up.

Apples are selling on the local market for \$1 per box and culls are selling for 50 cents. Practically all of the apples are picked.

A plentiful supply of men to do the necessary labor of harvesting the crops has been noticed throughout the west end. Some of the attractions of Buhl are being played and graded in preparation for gravel later on.

J. J. Lloyd is erecting a vulcanizing station adjoining the Boise Payette lumber yard. The building is a distinct improvement for the town. Mr. Lloyd has sold 44 Oldsmobiles during the year, which speaks well for the financial condition of the west end farmers.

WORK OF JURORS
FOR TERM ENDEDCase of J. G. Smith Against
Canal Company Last to be
Tried This Term.

Trial in the case of John G. Smith against the Twin Falls Canal company which opened Tuesday will be the last trial before a jury in the present term of district court here, it was indicated by statement of Judge W. A. Babcock after jurors in this case had been impaneled, excluding other jurors from further attendance at court during the term. The next term of district court is scheduled to open November 10, next.

In the case now on trial plaintiff Smith asks for \$500 damages for loss of crop due to alleged failure of the canal company to deliver irrigation water to his farm when he requested it. The canal company maintains that delivery was made as requested and that if the water was not applied to the crop it was because of Smith's neglect. Plaintiff is represented by T. R. Hackman, the case for the canal company being presented by its attorney, J. R. Rothwell.

Owens Gets Verdict.
Trial in this case was begun after the return into court Tuesday of a sealed verdict in the case of Thomas Owens company against the Twin Falls Canal company. The verdict awarded to plaintiff the full amount of his claim for \$115 on account of drainage.

TWIN FALLS CHOSEN
AS CONVENTION CITY
FOR I. O. O. F. 1925

BOISE, Oct. 21 (AP)—Joseph L. Martin, Mullins, was elected grand master and Twin Falls chosen as next meeting place at the opening session today of the Idaho grand lodge, I. O. O. F. Other officers elected at the grand lodge session this afternoon were T. S. Jackson, Caldwell, deputy grand master; Carl R. Johnson, Boise, grand warden; Presley F. Horne, Caldwell, grand secretary; W. A. Coningham, Payette, grand treasurer; Frank Martin, Boise, grand representative for the two year term; John W. Shipp, Idaho Falls, grand representative for one year term; W. R. Mitchell, Parma, four year term at the home.

At the grand encampment session this morning the following officers were appointed:

pointed: W. W. Eyles, grand marshal; St. Maries; C. L. Toyer, Pocatello; O. W. Dougherty, Twin Falls, outside sentinel; W. E. Tiger, Boise, number of the permanent finance committee.

Officers elected by the grand lodge and those appointed today were also installed during the day.

—AN APPEAL FOR COMMON SENSE—

Calvin Coolidge

CALVIN COOLIDGE is an outstanding American, who believes in his government, who despises political expediency at the cost of principle. His record for economy and sound thinking is before you. He lives and acts on principle. His is a character as solid as the granite hills of his native Vermont. He has proved himself—Why Change?

COOLIDGE SAYS:—"I stand on the simple proposition that the country is entitled to all the relief from the burden of taxation which it is possible to give."

"Character is the only secure foundation of a state."

"I am a Republican but I can not on that account shield any one because he is a Republican. I am a Republican but I can not on that account prosecute any one because he is a Democrat."

"What I am most anxious to impress upon the prosperous part of our country is the utmost necessity that they should be willing to make sacrifices for the assistance of the unsuccessful."

Our Congressional Ticket

WILLIAM E. BORAH—There is no more outstanding figure in the United States Senate. His powerful influence in that high legislative body deserves the overwhelming support of the Idaho people.

CONGRESSMAN BURTON L. FRENCH of the first district has, by years of service, reached a position of power on committees, most important of which is to be one of the ranking members of the Appropriations Committee, affecting our timber, agriculture, mining and stock-raising interests.

ADDISON T. SMITH of the second district has become one of the most valuable members of Congress. Chairman of the important committee on irrigation and second ranking on the committee on public lands.

If any of these men were defeated their committee places would be taken by men from south of the Mason and Dixon line, with no possible interest in Idaho development.

In presenting the names of Judge Alfred Budge and Raymond L. Givens as members of the Supreme Court, two outstanding members of the Idaho bar will be asked to sit upon the State's highest court.

Judge Budge has been on the Supreme Bench for ten years, while Judge Givens' record as a District Judge stamps him as especially fitted for higher honors.

Prosperity and the Republican Party

The Republican Party has been and is the party of prosperity. You know this.

In the past year the value of farm products has raised 30 per cent in the United States, largely from the tariff. Prosperity is growing. You can not afford, no matter what your business, not to consider the financial side of this matter.

If you vote for any other party to be placed in power, it will be at your financial cost.

Following is a table in which it is shown that the Republican tariff on the imports of these commodities has given the farmers of this state, during the last 18 months, an advantage for the United States market of the tremendous sum of \$24,107,067.04.

SHIPMENTS FROM IDAHO IN 1923 AND
ONE HALF OF 1924

| Commodity | No Cars | Wt. | Tariff | Amt. saved |
|--------------|------------|------------------|-----------|-----------------|
| In car lots | 727 | 40,000 lbs. | 13c | \$436,200.00 |
| Beans | 894 | 40,000 lbs. | 1c | \$27,600.00 |
| Alfalfa seed | 119 | 30,000 lbs. | 1c | \$68,000.00 |
| Clover seed | 217 | 30,000 lbs. | 1c | \$280,000.00 |
| Timothy seed | 38 | 30,000 lbs. | 2c | \$3,500.00 |
| Flax | 369 | 12,000 lbs. | 1c | \$15,000.00 |
| Butter | 20,572,163 | lbs. | 8c | \$1,645,722.24 |
| Poultry | 78 | 24,000 lbs. | 6c | \$112,200.00 |
| Sugar | 2292 | 14,000 lbs. | 1.76 cwt. | \$1,774,924.80 |
| Wheat | 45,172,500 | bu. (Gov't est.) | 12c | \$18,972,450.00 |
| | | | | \$24,107,067.04 |

Think of the future of the dairy industry in Idaho. The Republican tariff has given the Idaho farmer an advantage of 8 cents per pound over butter made in other countries for the United States market, on 20,572,163 pounds manufactured in Idaho in the past 18 months amounting in protection to \$1,645,722.24.

The Administration of
Governor Charles C. Moore

THIS IS THE THIRD OF A SERIES OF STATEMENTS WHICH WILL CONVINCING THE VOTERS OF IDAHO THAT GOVERNOR MOORE DESERVES THEIR INDORSEMENT.

GOVERNOR MOORE has kept his word "to scrutinize every item of state expense, with a view to economy." He has diligently carried out his spoken obligation in 1922 to "conserve all the valuable property placed in my trust by the people of Idaho."

GOVERNOR MOORE'S administration shows the trust funds of the State at approximately 14 million dollars, handled at a cost of one-fourth of one per cent, and producing an income of \$600,000. The State Treasurer, under his administration, has done far more than the average banking institution and does it with one deputy, one bookkeeper and one clerk. This office has saved \$112,218.31 with an expenditure of only \$18,876.36.

GOVERNOR MOORE'S Agricultural Department shows the largest percentage of cars handled by any State in the Union, an increase of 7,000 cars inspected over the previous year. Abandoned orchards handled 16 per cent the fruit industry; 120,000 cattle tested for tuberculosis; 4,000 scales and gasoline pumps tested, sealed or condemned; a fine record for protection against timber pests; livestock brands rechecked and rechecked; 200 storage warehouses bonded; bonded work of former Immigration, Labor and Statistics Bureau and saved \$2,000 from the appropriation.

GOVERNOR MOORE'S Department of Public Works has constructed and improved \$100,000 worth of buildings; built 330 miles of highway; reconstructed 35 miles; improved 365 miles; maintained bridges and roadways of 1,800 miles; purchased state supplies at remarkable savings; improved Heyburn Park; reduced expenses.

GOVERNOR MOORE'S Department of Public Welfare has such a stupendous record of accomplishment affecting every human being in Idaho that it cannot be approximated. Every state institution for unfortunate is improved. It has fought successfully in its "social disease" campaign; it has supervised drinking water supplies; guarded against unsavory food.

GOVERNOR MOORE'S administration in the Land Department has shown a great increase in effectiveness and has protected the timber resources from fire. The Mining Department has supervised a tremendous growth in the industry and the MINING DEPARTMENT says editorially, about the 21st and 25th annual reports, "without anything of the kind ever issued by any mining state in the west." The Blue Sky Bureau of the Department of Finance, it is believed, has prohibited the offering of securities which would have cost the people of Idaho at least ten million dollars.

GOVERNOR MOORE has reduced taxes, supported education, cut expenses, encouraged industry, stayed on the job, aided labor, the farmer, and business man in his powerful place. He is courageous, trustworthy, sound, safe, honest and outspoken. His is a record of performance and is unsurpassed.

REPUBLICAN STATE COMMITTEE,
John McMurray, Chairman.

BILL OF HEALTH TO BE REQUIRED OF ABSENT PUPIL

County Commissioners, Sitting
as Board of Health, Take
Action for Control of Small-
pox and Scarlet Fever.

On Tuesday afternoon, October 21, the county commissioners, sitting as the board of health, took action on a bill of health to be required of absent pupils. The bill was introduced by Dr. J. H. Weaver, county health officer, and was passed by a vote of 4-2. The bill provides that no child shall be permitted to re-enter school unless he or she has been examined by a physician and found free of smallpox, scarlet fever, or any other contagious disease. The bill also provides that the parent or guardian of such child shall be held responsible for the cost of such examination. The bill was passed after a lengthy discussion and a vote of 4-2.

Beta Forth Decision.
The following action was taken by the board of health on Tuesday afternoon, October 21, 1924: The board of health, on the recommendation of the health officer, has decided to require a bill of health to be presented by the parent or guardian of every child who is absent from school for more than five days. The bill of health must be presented by a physician who has examined the child and found him or her free of smallpox, scarlet fever, or any other contagious disease. The parent or guardian of such child shall be held responsible for the cost of such examination.

On account of the prevalence of smallpox and scarlet fever in our community, a special meeting of the county board of health was called, at which were present Mrs. W. A. Walters, superintendent of the county general hospital, and Dr. J. H. Weaver, county health officer, and secretary of the board of health.

The eruption of smallpox does not appear until four or five days after the initial fever. In scarlet fever it appears within 24 to 48 hours. Section 1869, of Chapter 70, Idaho Compiled Statutes, in part reads: "No person residing in or occupying any house in which there is a person suffering from smallpox, scarlet fever, etc., shall be permitted to attend any public, private or parochial school or college, or Sunday school or any other public gathering, until the quarantine provided for such disease has been removed by the board of health. All school principals, Sunday school superintendents or other persons in charge of such schools, are hereby required to exclude any and all persons until such time as they may present a written permit of the local board of health to re-enter such school."

FUNERALS
SMITH—Funeral services for Harry Smith of Hansen, whose death occurred Sunday after a brief illness, will be held at 3 o'clock Thursday afternoon at the P. J. Grossman chapel here, and will be conducted by the Rev. A. G. Peters of the Presbyterian church.

WILSON—Funeral services for E. G. Wilson of Kimberly, whose death occurred last week, will be held Thursday morning at St. Edward's Catholic church.

Go Slow in Finding Fault
"Telling a friend about where he's wrong," said Timothee, "ain't near as liable to make him lose his faults as it is to make you lose a friend."

SOCIETY

Edited by Mrs. E. B. Williams
Telephone 394.

The Amosa club of the Baptist Sunday school met Monday evening at the home of Mrs. Laura Fugh. During the business meeting, the class voted to assist the women of the church in making popcorn balls for the Halloween sale. The members of the class reported their methods of earning a dollar for the class activities. The remainder of the evening was spent socially, and dainty refreshments were served to the following: Medaene L. C. Martyn, Lionel Dean, Calvin McBride, Frank Taggart, W. H. Scott, Floyd Lyons, Terrill Taylor, Jos. Bell, Walter Cox, and Miss Marian Truener. Alice Sutton, Genevieve Wilcox, Anna Nelson, Veronaa Murray, Ruth Shatwell, Crystal Kelly and Winnifred Tucker.

A straw vote on presidential candidates was an interesting event at a meeting of the P. E. O. society Tuesday evening at the home of Mrs. M. J. Haviland. The count showed the vote as follows: Coolidge 24, Davis 2, LaFollette 2. The vote was taken after presentation of papers on President Coolidge by Mrs. E. B. Williams, Mr. Davis by Mrs. Charles Hart, and Senator LaFollette by Mrs. H. S. Cowling. The hostess was assisted by Mrs. F. S. Bell, who was present as president, presiding at the business session in the absence of the president and vice president.

Mrs. Marshall P. Browne, who is leaving soon to make her home in Wisconsin, was tendered a farewell reception by the ladies of the Methodist Aid in the church parlors Tuesday afternoon. The Altas strangled quartet will inaugurate several selections during the afternoon. Vocal solos were rendered by Miss Edna Stover and Mrs. P. T. Kellogg and Mrs. Herman Schueger. The ladies of the Aid were present and were enjoyed and the young ladies division of the Aid served dainty refreshments. Mrs. Browne was presented with a beautiful pair of candles from the entire Aid and many regrets were expressed at losing her from the church and organization in which she has been such a helpful member. About 45 ladies were present.

Complicating Mrs. A. F. Oland on her birthday anniversary, Mrs. S. W. Osgood entertained at a delightful luncheon Tuesday at her home on Walnut street. The guests numbering 11 were seated at one large table centered with a low bowl of margarine. In addition the hostess and guest of honor covers were laid for Mrs. V. A. Finlayson, Mrs. Sturgeon McCoy, and her house guest, Mrs. Greer of Upland, Cal.; Mrs. H. H. Nelson, Mrs. P. A. Sonen, Mrs. Albert Ebeling, Mrs. Charles Larsen and Mrs. C. W. Grimes.

There was a large and enthusiastic attendance at the first meeting of the art department of the Twentieth Century club at the home of Mrs. M. J. Swerlow on Tuesday afternoon. Mrs. P. W. McRoberts opened the meeting with a short talk on "The Need of the Art Department as Viewed by the General Club." Mrs. Sweeley, who is the leader of the art department, has gathered together a rare collection of studies by western painters, the most prominent of them being Thomas Moran, Frederick Remington, and a former lithograph, G. Eugene Schroeder. A number of these beautiful paintings were loaned by Mrs. John Maxwell, Mrs. Mary T. Norton and Mrs. Denison and Mrs. Hardin, the last two ladies residing in Kimberly. Mrs. Sweeley also has a number of her own paintings of western subjects which were greatly admired and appreciated. The next meeting will be on "Indian Art."

RECEIVER ADVISES SALE OF HOTEL AT CONTACT

Report to Court Shows Construction
and Investment Company in Distress
Confidence in Town Unshaken.

Sale of the Fairview hotel at Contact and all other assets of the Contact Construction and Investment company has been recommended by George T. Tolmie, receiver for the company, in a report filed last Friday in district court at Elko, Nevada. The receiver's report shows that the hotel, which is the main asset of the corporation, has not been making expenses and is being conducted at a loss. It would require, according to the receiver, the immediate expenditure of \$850 to prepare the hotel for the winter season, and there are no funds to meet this expense. In the light of all conditions the receiver recommends sale of the hotel and other assets of the corporation without further delay.

Assets of the corporation, as shown by the receiver's report, amount to less than \$40,000 and fall short by more than \$100,000 of being sufficient to satisfy the corporation's indebtedness. Hearing on the receiver's report is to be held October 29, next, in district court at Elko.

Confidence in the ultimate development of Contact is expressed in a statement issued to the creditors by E. J. L. Taber, attorney for the receiver. Business conditions at Contact at the present time are at a low ebb, the statement says. The Gray Mining company has shut down all operations. There seems to be some expectation that the new railroad building from Hagerman, Idaho, through Contact to Wells, Nevada, may be built as far as Contact by the first of the year. It is upon this railroad that Contact has been building its hopes and I think there is good reason to believe that Contact will improve very considerably when the new railroad is in operation. It is expected that mining operations will pick up to a marked degree after the completion of the railroad.

HALTS SALE OF TRACTOR

Court Order Issues Injunction Pending
Settlement of Dispute Over Rose-
worth Ranch Threshing Bill.

In a suit instituted Monday by Harry and Edna McNutt through their attorney, J. H. Sherkey of Buhl, against P. C. Meredith, doing business under the name of the Roseworth Ranch company, and W. N. Gibb, agent, Judge W. A. Hallock in district court here has issued an injunction restraining defendant from selling a certain Case tractor until further order of the court. Plaintiff McNutt alleges that Meredith claims the tractor under a \$400 note and mortgage due last November. They allege further that by reason of threatening done by McNutt for Meredith in 1922 and 1923, Meredith became indebted to plaintiffs in the amount of \$1016.25; and that after payment of the note and mortgage there is still due to plaintiffs from Meredith on account of this threshing a balance of \$210.25.

HUNTERS TAKE TO HILLS

First Contingent of Nimrods Included
in Smith Cabin Party Leaves for
Baker Creek.

A party composed of J. W. D. Smith and Dr. Oliver Harsted, left Tuesday morning for the Smith cabin on Baker creek, and will make their headquarters on a deer hunt. Charles Buller, P. H. Stowell and J. T. McFarland of Humboldt, Tenn., brother-in-law of Mr. Stowell, will leave this morning for the same place on the same mission. Zenas Smith and others will go up the latter part of the week and join the hunters.

To Wipe Out Myopia

The chief cause of nearsightedness is not near work, as is generally supposed, but mental strain. If all lessons could be made interesting and teachers and parents were paragons of love and patience, then myopia would be wiped out of the world's defects.—Dr. Clement Jeffery

Wide Diversity in Diet

The American rate 150 years ago, many more than any other national, but he consumes only four pounds of rice a year, as compared with 250 pounds for the average native of the province of Bombay, India, who seems to have few other articles of food.
