PRICE FIVE CENTS

YOUTHS BREAK
OUT OF COUNTY
JAIL; CAPTURED

Joseph Patrick O'Daily and Rex Cheildes, Held on Auto Theft Charges, Saw Way to Freedom; Found by Officials.

Joseph Patrick O'Daily, 22, and Rex Cheildes, alleged auto thieves, who escaped Sunday evening from Twin Falls county jail after using saws made out of case knives to saw the lock off the door of the corridor in which they were confined, with five other prisoners who refused to leave with them, were recaptured Monday by deputy sheriffs.

Cheildes was over taken by Deputy Sheriff John W. Gubart on the state highway about three miles east of Harrison at about 3 o'clock Monday morning. O'Daily was taken by Deputy Sheriff Charles E. Jones on the same road and both youths, with a mob road about two miles southeast of Murchaugh late Monday afternoon. Cheildes had traveled on foot about 13 miles and O'Daily about 22 miles from here. Capture in both instances was made when the fugitives took to the highway after avoiding it up to that time on their flight. Neither fugitive was familiar with this region, each having, according to his own story, arrived in Twin Falls only a day or two before the missing car in each case, was taken.

Bobber's Car.
Cheildes was arrested August 30 at Grand Junction, Colo., and brought back to answer charge of stealing R. E. Bobber's Oakland car. O'Daily was arrested October 9 at Glens Ferry and was held to answer for theft of J. G. Friedman's Ford coupe. He had pleaded guilty on arraignment.

Prisoners who elected to stay in jail when the opportunity for escape was presented included Frank Peterson, charged jointly with Cheildes, with theft of the Bobber car, and Russell Campbell, who has appealed to the state supreme court from judgment and sentence of five to 10 years term in the state prison on conviction of robbery. The others who remained in the corridor of the jail were Oren Anderson and Mark Kouss, awaiting trial on liquor charges.

Several Suggested
for Cabinet Place
to be Filled Soon

Death of Henry C. Wallace as Secretary of Agriculture Causes President to Look for New Official.

WASHINGTON, Oct. 27 (AP)—The attention of President Coolidge was turned today to the vacancy in his cabinet caused by the death of Secretary Wallace of the department of agriculture, by receipt of several messages asking consideration of various persons for the office. It was made plain at the White House, however, that he would give little consideration to the new appointment, at least until after Wednesday when burial services are to be held for Mr. Wallace at Des Moines, Iowa.

While an early selection is expected to be made by the president, in view of his proposal to get under way in the near future an investigation of agricultural conditions. It is not considered likely the choice will be made before election day, a week from tomorrow.

The name of Frank O. Lowden, former governor of Illinois, was among the first suggested to Mr. Coolidge today. John Lee Conlier, president of North Dakota agriculture and mechanics college, and Samuel Adams, editor and former president of the American Agricultural Editors' association, are other names mentioned.

WALLACE FUNERAL HELD.
WASHINGTON, Oct. 27 (AP)—Funeral services for Henry C. Wallace, secretary of agriculture, were held in the East Room of the White House today and tonight the body in charge of members of the family and close personal friends, is being carried back to Des Moines, Iowa, Mr. Wallace's home, for interment there Wednesday.

The funeral party left here at 8:30 p. m. and will arrive in Des Moines late tomorrow. Wednesday the body will lie in state at the Iowa state capital for several hours prior to the funeral services to be held in that city. State business will be suspended while the body reposes in the capitol building.

MAJOR KIRBY MADE HEAD
OF U. S. MONEY PLANT

MAJOR WALLACE KIRBY

MAJOR WALLACE KIRBY, U. S. A., has been named head of the bureau of engraving and printing in Washington, which turns out all the paper money, stamps and bonds for the United States government. The appointment follows a reorganization of the bureau after a bitter partisan fight of two years ago, when President Harding dismissed 26 officials without a hearing.

CALLS ON COOLIDGE
TO DENOUNCE BORAH
AS ONE OF RADICALS

WASHINGTON, Del., Oct. 27 (AP)—Declaring he was looking to test the honesty of republican party leaders, Senator Carter Glass, democrat of Virginia, challenged President Coolidge in a campaign speech here tonight to come out in opposition to the re-election of Senators Borah of Idaho, Norris of Nebraska and other republicans who favor change in the status of the supreme court.

Unless the republican managers do so, said the Virginia senator, their persistence of efforts to project an issue of constitutional security into the campaign must be regarded as "devoid of honest purpose."

He attacked particularly the recent letter charges, saying that his witness already had been summoned and should have priority on the witness stand.

Father of Slayer
Dies; Son's Deed
Helped Bring End

Albert Loeb, Vice President of Company Passes Away at Family Home in Chicago.

CHICAGO, Oct. 27 (AP)—Albert Loeb, vice president of Sears-Roebuck & Co., and the father of Richard Loeb, who with Nathan Leopold Jr. kidnapped and killed Robert Frank, died shortly after 9 o'clock tonight at the family home here. Mr. Loeb had been ill for many months. His doctors had feared that the shock of his son's confession in the Franks case and the subsequent court proceedings which resulted in life sentence for the two youths would prove more than Mr. Loeb's weakened constitution could stand and was taken to the family's summer home at Charlevoix, Mich. He had returned from Charlevoix about two weeks ago.

COUNTER CHARGE
MADE BY G. O. P.

Enormous Sums Being Raised by Progressives Say Republicans; Plan Two Hearings.

WASHINGTON, Oct. 27 (AP)—Through counsel, the republican national committee laid before the senate campaign investigating committee today a counter charge of expenditure of "enormous sums" on behalf of the LaFollette-Wheeler presidential ticket and not accounted for through the independent national political organization.

Frank P. Walsh, counsel for Senator LaFollette, author of the charge of the use of a republican "slush fund" in this campaign, said he would be glad to have this matter aired, but he interposed an objection to the interruption of the present inquiry into the LaFollette charges, saying that his witness already had been summoned and should have priority on the witness stand.

DISEASE AGAIN
BREAKS OUT IN
TEXAS CATTLE

Herd of 300 Head Near Houston Found Infected With Hoof and Mouth Plague; Iron-clad Quarantine.

HOUSTON, Texas, Oct. 27 (AP)—An outbreak of the foot and mouth disease was discovered today in a herd of 300 cattle belonging to J. M. Taquard on his ranch about three miles north of Alvin, in Brazoria county. This is 25 miles from the place, where the infection was first discovered and is the first outbreak in Texas outside of Harris county.

About 15,000 acres in the Alvin vicinity have been placed under the same strict quarantine which has been in force in the Ellington field district for several weeks.

Affects Truck Farmers.
The new quarantine in the Alvin district will affect truck farm products which have been bolstering the Houston market during the shortage of such commodities caused by the protracted drought.

Arrangements were being made today to destroy the infected cattle. Twenty-seven sheep also were found infected with the disease.

Dr. Marion Ince, government inspector in charge, stated that still other cattle will be destroyed as a safety measure.

DUBOIS CASHIER MUST
SERVE TERM IN PRISON

SAN FRANCISCO, Oct. 27 (AP)—The United States circuit court of appeals today upheld the conviction and sentence imposed upon L. E. Dupree, former cashier of the First National bank of Dubois, Idaho, charged with illegally appropriating \$1727 of the bank's funds. He was sentenced to 15 months at McNeil Island.

Three Found Dead In Charred Ruins Of Big Building

Bodies Taken From Burned Detroit Factory Unidentified; Search for Other Victims.

DETROIT, Mich., Oct. 27 (AP)—Three unidentified bodies were found tonight in the ruins of the five-story building of the Neotten-Kratz Inc., a steel structure concern which was destroyed by fire here late today. Five persons were rescued from window ledges by firemen and a search is being conducted for other victims.

LAUDS COOLIDGE
FOR HIS ABILITY

Dawes Says He Admires President for His Courage to Do Right Against Opposition.

ROCHESTER, N. Y., Oct. 27 (AP)—Calvin Coolidge was recommended to the voters of upstate New York today by his running mate, Charles G. Dawes, as a man willing to "take the gaff when the crowd is against him, knowing that eventually the judgment of the mass of the people will be with him and vindicate him."

Swinging across the state from Albany to Rochester, Mr. Dawes flayed Senator LaFollette and his independent candidacy, dismissed the democratic party as one "fortunate if in no man's land" they escaped with their political existence, and appealed for a full vote from this normally republican section of the state.

"Thank God that we get a chance once in a while to vote for such a man as Coolidge," he declared amid applause at Albany. "Thereby we can give the lie to these cowardly politicians who go around preaching all things to all men and whose creed in politics is 'please everybody, whether they are right or wrong and let the government take care of itself.'"

TWIN FALLS-SALMON
RIVER COMPANY ARE
DENIED JUDGMENT

WASHINGTON, Oct. 27 (AP)—The Twin Falls and Salmon river water company and others lost in the supreme court today in their effort to have set aside the judgment against them for failure to furnish water for irrigation purposes.

In the lower federal courts A. E. Caldwell and other settlers obtained judgments on the ground that the assessments imposed was for construction and not for maintenance and the courts ordered the money collected from the settlers refunded to them.

MAINTENANCE CHARGE

Issues decided by the supreme court in favor of the settlers in this case were reversed by them when the land and water company undertook to collect by a maintenance charge an assessment of 50 cents an acre to cover cost of construction of a check basin at the dam that was built after acceptance of the project by the state.

The question was fought through state courts which decided in favor of the settlers and was carried by the land and water company to the circuit court of appeals which held against the state courts. The supreme court's decision sustains the position of the state courts and reverses that of the court of appeals. The case for the settlers was presented before the supreme court last February by their attorney, J. R. Howell.

CHAIRMAN URGES VOTING

WASHINGTON, Oct. 27 (AP)—Chairman William Butler of the republican national committee issued a statement tonight urging all voters to go to the polls November 4. Mr. Butler said: "In years past stay-at-home voters through negligence have decided elections. It is important this year more than ever before that all of the men and women of America who have the right to vote go to the polls and exercise that privilege. "If a full vote is cast there can be no question about the outcome. Calvin Coolidge will be elected president one week from tomorrow by an overwhelming majority."

John R. Claar—Announces Sale of Copper Shields Group of 10 Claims; Mr. and Mrs. H. A. Aldrich Close Deal.

Sale of the Copper Shields group of 10 patented mining claims located in the Blue Gulch district about a mile and a half south and east of Contact, to H. A. and Mrs. Aldrich of New York, is announced by John R. Claar through whose office the deal was made.

Steps are now under way for the incorporation of a company to be known as the Franco American Mining company, with available capital of \$500,000, which sum has been subscribed and will be paid over immediately upon delivery of the stock. Practically the entire capital comes from France where the company was financed by Mrs. Aldrich, and who yesterday advised by cable that the funds were awaiting only the arrival of the securities before being turned over for development of the property.

Preliminary Work.
According to Mr. Aldrich and Mr. Claar, preliminary work upon a tunnel to blast the Five and One property and tap the ore at about 1000 feet depth on the Copper Shields vein, has already been commenced. Five or six men are now at work and as soon as possible boarding and bunk houses will be erected and steps taken for the installation of a compressor and other necessary machinery. It is the intention of the company to erect a mill at an early date although whether this will be done before the advent of the railroad in Contact had not yesterday been decided.

Mrs. Aldrich is a lecturer by profession and a resident of New York. She has been identified with the Redpath Lyceum bureau for a number of years past and in 1920 made a special investigation of banking and finances in Italy, Russia, Germany and England. She is representative of the American Bankers' association. Some months ago Mr. and Mrs. Aldrich came to Idaho while touring in the west, and decided at Boise to pay a visit to the Twin Falls country. While here they decided to go on to California via Wells and in this way became interested in Contact.

Leaves for France.
Mr. and Mrs. Aldrich made a number of trips into the Contact district and investigated extensively before deciding upon mine development there.

Twelve Sentenced
to Prison Terms
on Tarring Party

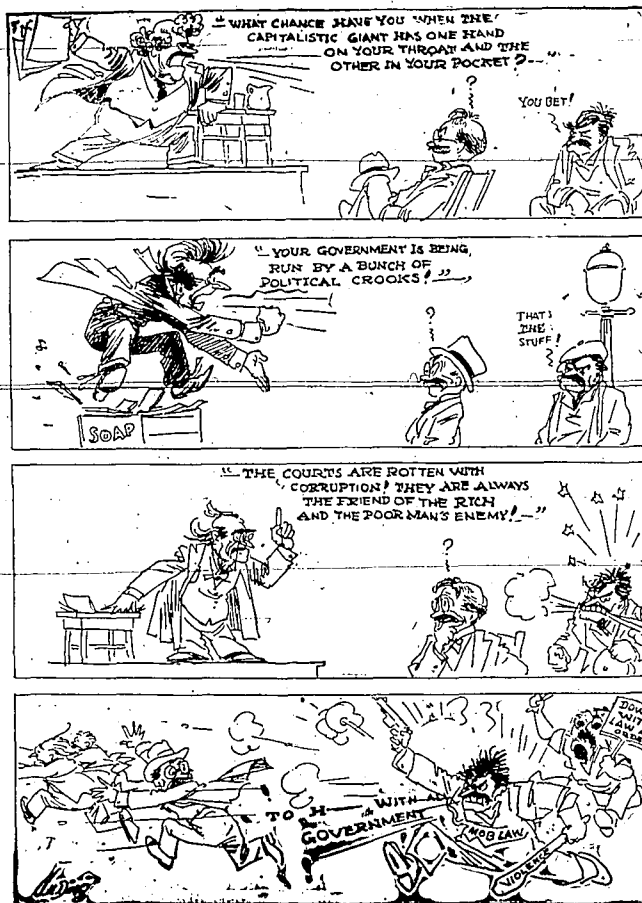

Drastic Action Taken by Maryland Judge to Avenge Abuse Suffered by Girl at Hands of Mob.

FREDERICK, Md., Oct. 27 (AP)—Twelve residents of Myersville upon whom sentence was passed by Chief Judge Hammond Urner in circuit court here today, following pleas of guilty or convictions on charges resulting from the tarring and feathering of Miss Dorothy Graddon, last July, are held tonight in the Frederick county jail, pending their removal to the house of correction.

Mrs. Mary Shank, who admitted applying the tar and feathers to Miss Graddon's body, was sentenced to nine months' imprisonment. Mrs. Shank charged that the "white capping" was the result of too intimate relations between her husband and Miss Graddon. Harry Leatherman and Arthur Rice, found guilty of aiding and abetting in the assault and of rioting, were given concurrent sentences of two years each on each count.

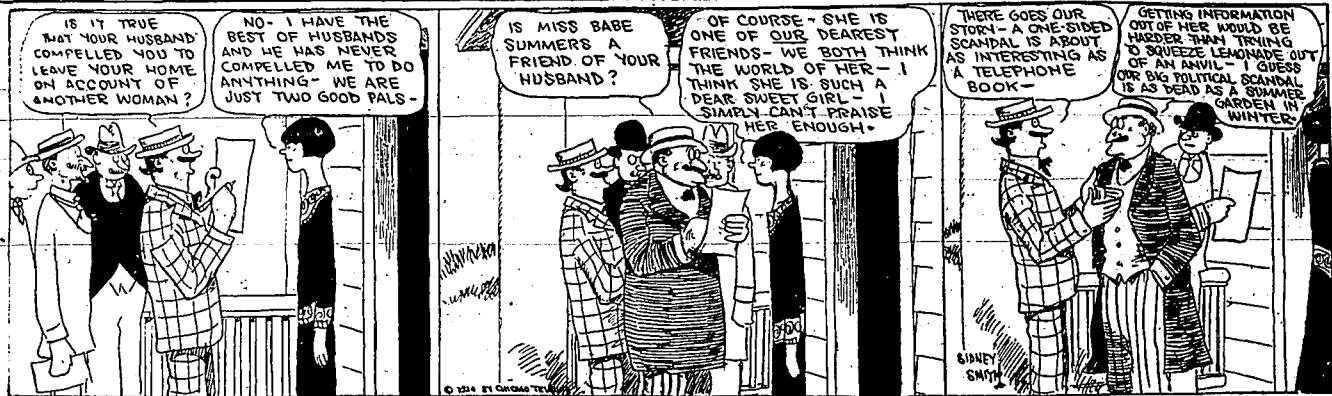

Convictions of plotting brought one year sentences to Roma, Walter and Calvin Shank; John Langdon, Alvin Rice, Vernon Summers, Grayson Dorn, Irvin Rice and William Hopt. Before passing sentence, Judge Urner cut aside a petition signed by hundreds of residents of Myersville asking clemency for the guilty persons, saying that mob rule must be stamped out and pointing out that there was ample legal redress for the wrongs the people claimed to have suffered through the alleged misconduct of Miss Graddon.

TUNNEY K. O'S FOLEY.
MEMPHIS, Tenn., Oct. 27 (AP)—Gene Tunney, American light heavyweight champion, knocked out Harry Foley of Hot Springs, Ark., in the first round of a scheduled light round bout here tonight.

THIS COUNTRY

Copyright, 1924, by the New York Tribune, Inc.

THE GUMPS—NOTHING TO SAY

GERMAN TOURIST TRAFFIC IS LIGHT

Country Has Poor Year Due to High Prices Charged; Plan on Influx Next Season.

HAMBURG, Oct. 27 (AP)—European tourist agencies, hotel keepers, railway and steamship officials are now busy trying to make an estimate of next year's possible tourist business from the United States.

The season now coming to a close has been a record breaker, especially for England, France, and Italy. Switzerland had a good year, and Austria and Czechoslovakia did well. Belgium and Holland also prospered and, together with Switzerland, won the approval of visitors through their waiving of passport regulations and general courtesy to travelers.

Has Poor Year.

Germany had a poor year, and German hotel keepers are much disappointed that the visitors from America who flocked to the Wembley exposition and the Olympic games did not extend their trip to Germany. This was due in part to the upset condition of the transportation systems of Germany, and also to high prices, the municipal taxes imposed on foreign hotel guests and the difficulties which foreigners encountered last year at the hands of German police officials when an effort was made to free the country of "objectionable foreigners."

German Descent.

Americans who have visited Germany this year have been mostly pure of German extraction, and business men. News of the high prices undoubtedly sent many people to Italy or southern France who might otherwise have come to Germany.

On the whole Americans who visited Europe this season probably did not have as comfortable a time as they anticipated. The London hotels were crowded throughout the season, and their prices were so high that even wealthy tourists found much fault. The same was true of Paris. The Olympic games and the conventions of lawyers and advertising men to London filled both Paris and London to overflowing with Americans. Many of the visitors were disgruntled and declared emphatically they would give Europe a wide berth for some time to come, and travel in their own country.

"Corduroy" Comes From the French.

A bit of the story of the French Huguenots lies concealed in the word "corduroy." The word is evidently derived from the French "corde de roi" which means "king's cord." This is a peculiar kind of cord which is called the "king's cord" does not appear in the record. But its French origin is undoubted. The textile industry was originally in the hands of the French Huguenots—in Europe, that is to say; for that industry was highly developed in China and India when Europe was turning out small supplies for home consumption. It is probably to the Huguenot pioneers of the industrialization of textiles that we owe the word "corduroy," probably coined as a subtle compliment to a reigning king.

Farmers Busy With Potato Harvesting Some Yet in Ground

Fair Returns Being Realized, Says Report; Crews Working on Percentage Basis Satisfactory to Grower.

Potato digging occupies the attention of Hansen and Kimberly farmers the past few weeks while many of the tubers are still in the ground. Beets are not all out yet. Many of the fields that were switched at the eleventh hour from beets to beans and squads, have returned a fair yield to their owners.

Quite an acreage of beets will be planted the coming year farmers believe. The average yield of the Hansen and Kimberly region is estimated to be in the neighborhood of seven tons per acre, which when loaded on cars at the dump will net the grower close to \$8 per ton. This money yield will not permit the grower to "break even" on the deal, but at least it helps some, farmers think, and already with their ever present optimism are planning the next year's schedule of planting and harvesting the expected crop.

Finishes Digging.

Thomas Ginn, living two miles north of Kimberly, finished digging his ten acres of Russets Saturday, which were of good quality, with a large per cent of bakers showing up the average ran well over 800 sacks per acre. He sold two and one-half carloads sorted in the field and delivered to the car at 60 cents per hundred, the remainder he stored loose in the cave for an expected higher price.

The spud crews are enjoying ideal weather for their work. The price this year is 12 cents for the white, with an added cent for Gems. From 6 to 6 1/2 cents goes to the picker while the remainder goes to shinker men who operate the sorters, and the sackowner also comes in for a share while the remainder goes to the digger man for his time and machinery. This arrangement seems to be satisfactory to farmers and workers alike inasmuch as it relieves the grower from all responsibility of sacking his product, and while the work is of the hardest, the picker, if he has the backbone to stick, can, and has, made as high as \$13 in nine hours' work, although the average will go well below this figure.

Beet Toppers.

Beet toppers are in some cases taking contracts, for delivering the beets to the cars, that is, operating their own

puller, topping and hauling, for as low as \$13 per acre.

Part of the crop in the Hansen and Kimberly region was curtailed noticeably this year, although there was quite a few smaller fields grown. Clover and rye are still in progress and a few good yields are reported, while some low yields are reported here, as elsewhere.

The soil formation at the upper end of the project is so vastly different to the soil in the west end that comparison is useless, although there is not an appreciable difference in the clear money yield from the land in the different sections. Many farmers in the vicinity of Kimberly and Hansen do not water their land in the late fall, whereas in the west end practically all the land is usually by November 1, well watered for the winter carry over of moisture.

No Need to Water.

Farmers at the upper end say that fall irrigating makes the soil wet, heavy and sudden and that is so often noticed in the early working of certain sections. These dry fall farmers say that plenty of moisture soaks into the heavy soil of that region during the winter months to make the ground moist and nicely workable for early spring work.

In some sections of the west end fall watering is so vitally necessary that an omission of water from a strip of land in an otherwise fully watered field is noticeable the next spring about wheat watering time when this dry streak shows up first in the nature of burned wheat.

The Kimberly cafe and hotel, operated by Mrs. Hudson, is one of the busiest places imaginable during the present fall beet campaign. The custom this year seems to call for all spud crews to board themselves, thus putting a double burden upon the hotel since the advent of the flivver, as a large part of the wage workers have a motor vehicle so practically all the crews drive back and forth to their work, a lunch being prepared at the hotel. The sugar company has, during the past weeks, shipped a number of men into this region for beet work.

FILER

FILER—Funeral services were held here Thursday from the Methodist church for V. W. Graves, aged 85, who passed away suddenly at his home Monday night. The funeral services were under the auspices of the Masonic order with burial in the I. O. O. F. cemetery. He is survived by his wife, a daughter and four sons.

Mrs. Joe Greenwood spent last week-end in Burley at the home of her son,

Theatres

AT THE IDAHO.

Did you ever phone to the store and order one kind of goods and on opening the package find that you did not get what you ordered? Well, that is what happened to Manager Joe-K of the Idaho theater yesterday, only his was an order for a certain picture, "Dangerous Money," and when the can was opened he found a mixture of several pictures and in place of getting "Dangerous Money" he received some small change; but on phoning to Salt Lake he was assured that "Dangerous Money" would be sent out at once and it will be shown today only. Joe-K has been in the picture business for 21 years and says that this is the first time that he ever received a mixed show. There always has to be a first time.

Leo, and family, formerly of this place.

Miss May Sharp is a visitor at the Madland and Siles homes from her home in Colorado.

Jack Mattson arrived last week from California and will be here indefinitely looking after the estate of his uncle, Andrew Mattson.

Mrs. H. H. Schildman entertained at four tables of bridge at her home Tuesday afternoon. High score was won by Mrs. O. A. Madland.

Matthew Van Noy of Dayton, Wash., arrived here last week to join his wife who has been visiting her sister, Mrs. Schildman for several weeks.

EXPANSION

Expansion of the Golden Rule—

—Expansion of Values—

—Expansion of Southern Idaho Trade

A Remarkable Growth— Spring 1922, 2,000 square feet of selling space. We were crowded—Spring 1923, 4,000 square feet of selling space. Still crowded, so another step forward—Fall 1924, 8,500 square feet of selling space. This busy store forges ahead by leaps and bounds.

Time to Investigate— Time to Invest

Your kind of clothes at less than you usually pay. They're here, good 100 per cent wool suits, of excellent workmanship at prices less than you usually pay—there is no need to argue that a saving of \$5 to \$7.50 on a suit or overcoat is desired—there is much need, however, to argue that such a saving can be effected. Investigate carefully and then invest wisely. Here are clothes that well dressed men and young men with a strain of thrift in their nature will appreciate, clothes which carry an absolute guarantee of satisfaction, clothes which we suggest you compare with those costing \$5 to \$7.50 more in the regular way.

We have no hesitancy to show you, even if you don't buy today. Come and look at the big values we offer at—

\$24.50 \$29.50 \$35.00
others at
\$15.00 \$17.50 \$19.50

OVERCOATS

Just now you perhaps are interested in a new overcoat—we are too—and it must be the right overcoat at the right price—and that's why we ask you to look these over. New overcoats are arriving daily to keep this stock complete and up-to-the-minute. They possess more than just pure wool materials to drive away the chill of snow or rain; they possess style and workmanship that insure that comfortable feeling that only good clothes give you; slip into one or two and note the low prices—such value-giving brings volume, and volume is far better than long profits. They are priced low at—**\$24.50, \$29.50, \$35** Equally good values at—**\$12.50, \$15, \$17.50**

Of Interest to Men

MEN'S LEATHER VESTS

Here they are—leather vests of all kinds, split leathers, jerkin leathers, full stock horsehide leathers, lined throughout, storm wristlets, leather collars, or the knit three-in-one collar—they come 27 inches long and 30 inches long—they have a patent seam under the arm which prevents strain on stitches or pulling of the vest. Split leather vests at—**\$6.98**
Sheep lined—**\$9.98**
Leather vests—**\$9.98, \$12.50, \$15**

SHEEP LINED COATS

Full length moleskin coat; full sheep lined; belt around, two muff pockets and two side pockets, leather taped, beaverized collar; each—**\$10.95**
Men's sheep coats, full length, practically the same as above, but with two pockets, priced low at—**\$9.98**

MEN'S MACKINAWs

Beautiful plaids, heavy all-wool mackinaws/shawl collar and belt; our best; priced low at—**\$9.98**
Equally good values in mackinaws at these prices—**\$6.98, \$7.98, \$8.98**

SWEATERS AND SPORT COATS

Men's and young men's sport sweater coats, made from fine wool yarns, closely knitted; have two pockets and tabs on sleeves; priced at—**\$3.48**
Heavy all-wool pullover sweaters, many attractive color combinations; they're all wool; rope stitch; each—**\$4.98**

MOLESKIN TROUSERS

Black and white mole; a trouser for real service, yet neat appearance; pair—**\$2.98**

LACE KNEE PANTS

All-wool khaki riding pants, heavy quilted knees; all sizes; the pair—**\$3.98**

MEN'S MOLESKIN RIDING PANTS

A real value in a real pant; lace knee, heavy mole; the pair—**\$3.95**

WHIPCORD RIDING PANTS

Whipcord lace knee, double seat and knee riding pants; a popular number; priced at, the pair—**\$2.98**

MEN'S KHAKI PANTS

Good weight, khaki pant in dark laurel shade, belt loop and cuffs; pair—**\$1.49**
Boys' lace knee khaki pants, heavy weight khaki; the pair—**\$2.23**

CANVAS GLOVES

These are "Boss" gloves; they fit better and give longer service. We have them at four prices—**10¢, 12 1-2¢, 15¢, 20¢**
Leather-faced gloves, the pair—**25¢**
Corn huskers mitts; the pair—**25¢**

DAUNTLESS TROUSERS

The guaranteed trouser for work or dress, neat pant patterns; in browns, grays, blues; the pair—**\$2.98, \$3.98, \$4.98**

CORDUROY PANTS

Corduroy pants; they are hard to beat for winter wear; all sizes; in two good qualities; priced at—**\$3.48 and \$3.98**

Men's Flannel Shirts

A fortunate purchase by us brings good in gray, oxford, navy, olive and khaki, as

WOOL MIXED SHIRTS AT \$1.98

Men's shirts made from an extra quality flannel having a small percentage of wool to balance the high grade cotton; these are made over a good generous pattern; priced, each—**\$1.98**

HEAVY FLANNEL SHIRTS \$3.98

Men's shirts made from heavy wool olive drab melton cloth; just the shirt many men working on the outside want; each—**\$3.98**

flannel shirts to you for less. They're here well as the popular plaids and checks.

WOOL MIXED SHIRTS \$2.98

A dandy assortment of wool and wool mixed shirts; just the thing for this time of the year. In plain colors, khaki and gray, as well as several plaid effects; price—**\$2.98**

PLAID FLANNEL SHIRTS

Colored plaid flannel shirts are the biggest bet today in men's flannel shirts. We have an unusually large showing of them in small and large fancy plaids. They are priced at—**\$3.95, \$4.45, \$4.95**

Boys' Suits for Real Service

The best suits that diligent search and cash make obtainable. Smart, nifty models in boys' suits, which are made to give the maximum amount of wear, sizes 4 to 18, in browns, grays, tans and beautiful mixtures. They are priced lower here and each suit has two pairs of pants.

\$5.98 \$6.98 \$7.98 \$8.98

CANAL COMPANY IS REIMBURSED

American Falls District Obtains Credit for Former Payments on Reservoir District.

Checks in the aggregate amount of \$14,325 were Monday mailed from American Falls Reservoir district offices here to the Twin Falls Canal company and other canal companies and irrigation districts of the Snake river valley, which about five years ago entered into contract with the federal government for building of the American Falls reservoir and purchase of storage water therein. The amount thus remitted represents the payments made on account of these contracts by the participating irrigation companies and districts. Payment under these contracts ceased about three years ago and the American Falls district later was formed to include the territory under all of the participating organizations' irrigation systems and to assume their liability under a new contract for participation in the project.

Installs on Credit.
Credit for these payments was given by government officials at the district office of R. E. Shepherd, president of the American Falls Reservoir district, when on October 15, last, he delivered to Secretary of the Interior Work the district's share of the cost of the project, amounting to \$1,389,816. The amount for which credit was thus given to the Twin Falls Canal company was approximately \$10,000.

The receipt given by the district by the secretary of interior acknowledges credit, and stipulates that \$1,500,000 of the district's payment shall be invested in United States treasury certificates, and that the interest on these certificates shall be credited to the district.

The text of the secretary's receipt, which was made public Monday at the reservoir district's offices here, is as follows:

Received of the American Falls Reservoir district, through R. E. Shepherd, president, one million, nine hundred and seventy-four thousand, nine hundred ninety-one dollars (\$1,974,991) which amount represents payment for three hundred and twenty-five dollars (\$34,225) previously received from certain canal companies now part of said district, equals the total sum of \$1,989,316, being payment for 284,188 acre feet capacity in the American Falls reservoir, the cost of which is \$7.27 per acre foot, in pursuance of contract dated June 15, 1923. Of this amount \$1,200,000 shall be invested in U. S. treasury certificates, which shall, from time to time, be sold on order of the secretary of the interior, to provide means for conversion of said receipts into cash, and the balance of \$784,316 shall be retained by said district. All interest on said certificates shall be credited to the district, and all expenses of purchase and sale, including any depreciation in values shall be charged to the district. This arrangement is intended as a compliance with article 27 of said contract.

HUBERT WORK,
Secretary of the Interior.

CONFEDERATE HEAD IS DEAD AT LOUISVILLE

LOUISVILLE, Ky., Oct. 27 (AP)—General William F. Haldeman, commander in chief of the Confederate veterans, died today at a hospital at Churchill Downs, where he was taken immediately after being stricken while watching the races. General Haldeman was 78 years old and at one time was part owner of the Courier-Journal and Louisville Times.

His long service in the interest of the veterans of the south culminated when he was elected commander in chief of the United Confederate Veterans at the reunion in New Orleans in April, 1923.

He was re-elected at the reunion in Memphis in June of this year and immediately there participated in the dedication of a memorial shaft at Fairview, Ky., to Jefferson Davis, president of the confederacy. On that occasion General Haldeman was master of ceremonies and he there visualized a dream that for several years had been sacred to his heart and to which he had devoted much of his time.

What Did He Mean?
Usually when an editor makes remarks about a public official it is easy to tell whether they are favorable or unfavorable. But the following paragraph in a South Carolina newspaper leaves the reader somewhat in doubt: "Some malicious person started a report on the streets that there was something the matter with Mayor Snipe's head. We are glad to announce that it is as sound as ever it was, and that there is nothing in it."—Youth's Companion.

HALF MILLION IS AVAILABLE FOR MINE
(Continued from Page One)

When the decision was reached to invest in Contact property, Mrs. Aldrich left immediately for France where she and her husband are well known. According to Mr. Aldrich and Mr. Clair yesterday's cable constitutes an announcement of the successful flotation of the enterprise and work will begin on an extensive scale at once.

Mr. Aldrich states that it is his intention to organize two more mining companies in the district, the stock in which will be offered largely abroad. He expresses himself as thoroughly convinced of the possibilities of the district from a mining standpoint, and states that development of the claims already acquired will be prosecuted just as rapidly as machinery and equipment can be assembled.

U. S. Report Gives Outline.
The group known as the Copper Rhinola is extensively dealt with in the United States geological report of 1912, which refers to the claims as one of the outstanding properties of the district.

Mr. Aldrich states that in all likelihood he and Mrs. Aldrich will hereafter make their home in Twin Falls. He is enthusiastic over the possibilities of both this section and Contact and expects to spend the next month or so between Twin Falls and the Nevada camp. He will be joined here by Mrs. Aldrich within the next few weeks.

BORAH RETURNS \$1000 OF CONTRIBUTION MADE

WASHINGTON, Oct. 27 (AP)—Senator W. E. Borah, republican of Idaho, today filed a revised statement with the secretary of the senate showing his receipt in contributions \$2500 from the republican senatorial campaign committee and had returned \$1000 of this amount to the committee. He reported he had spent \$847 of which \$250 was contributed to the republican state committee of Idaho, \$200 to the progressive state committee to assist in defraying costs touching the contestibility of the election law, and \$250 to the progressive committee to assist in advising voters to mark their ballot for him in view of a court decision ruling his name could not appear on both the republican and progressive columns.

French Reign of Terror
The Reign of Terror was that period of the French revolution beginning with the fall of the Girondists in June, 1793, and lasting until the overthrow of Robespierre, July 27, 1794. During this time the country was under the domination of a faction which carried on wholesale executions regardless of age, sex or position.

FOOTBALL COACH DIES

NEW YORK, Oct. 27 (AP)—Percy D. Haughton, head football coach at Columbia university, founder of the famous "Haughton system" at Harvard and generally regarded as one of the foremost experts of the gridiron sport, died this afternoon at St. Luke's hospital at 5 o'clock, one hour after he was stricken with acute indigestion at Baker field, while directing the work of his squad.

Anything for Profit

A rich Amsterdam burglar was brought before the council of the stock exchange in 1913. He was accused of supplying war material to the English, notwithstanding the fact that his country was at war with England. "Messieurs," he told the judges, "there was profit in my venture, and for profit I'd sell my soul through hell."

Fingerprints Do Not Change

Fingerprints remain the same throughout life. In spite of sickness and of the natural change that the tissues of the entire body undergo every seven years, and are more permanent than the body, physiologists declare.

ICELAND GETS WORLD NEWS

Isolated Island One of Best Informed Countries of World; Interest Is Taken.

REYKJAVIK, Iceland, Oct. 27 (AP)—Iceland, isolated from the rest of the world by hundreds of miles of stormy seas, is yet one of the best informed countries with regard to current political and social problems, and to the Icelandic, even in the remote villages the newspaper is a most valued adjunct. In this little capital city of 25,000 inhabitants, three newspapers are published daily and there are half a dozen weeklies. In each of the important towns one or two newspapers are published and distributed throughout the contiguous district.

All Literature.
The Icelanders, all of whom are literate, and most of whom are inveterate readers of the classics as well as the modern literatures, are intensely interested in events of the world at large and in Reykjavik a press association has been formed to bring in the "hottest" news from the "big" world capitals. Domestic news is handled by telegraph and telephone, and in the case of some remote districts, by couriers who travel by horseback over the rough mountain trails, fording glacial rivers and oftentimes risking their lives to reach the nearest telegraph or telephone office from which their dispatches may be filed. When the American world liners reached Hanaforj in their recent flight across the Atlantic they found awaiting them one local newspaper, three newspapers and a traveling fisherman from Sleda-fjundur, nearly 200 miles to the eastward.

Rio Grande Mystery Cross

One of the most interesting landmarks in all the southwest is La Cruz, or the Cross Hill, about four miles east of Rio Grande, Texas, on the Brownsville road. A white cross stands at the peak of a white chalk hill. There is no inscription of any kind. Numerous tales are told regarding La Cruz. One is that in the early days one of the Franciscan monks, while traveling through this wilderness, became lost and climbed to this spot hoping to find himself, but that he finally died of starvation, and his body was buried there, and the cross erected to mark his resting place. Another tale concerns a flood from the Rio Grande. As the waters were rapidly approaching a man rode through the country warning those who lived in the bottoms, and everyone was saved except this man, and that though his body was never resting place, this monument was built in memory of his heroic death.

Tommy's Essay on Parents

Parents are things which boys have to look after them. Most girls also have parents. Parents consist of papa and mamma. Papa talk a good deal about what they're going to do, but mostly it's papa that make you mind. Once a boy at boarding school went to calling his pa the governor and got his allowance cut down. His pa said he ought to have waited till he was going to college. A funny boy that hasn't any parents, so he can go in winning any time he wants to, but all the same I'm going to stick to my parents.

Some Go Even Further

After straining over examination papers for a week, a divinity student entered the pulpit Sunday. After reading the Ten Commandments the comforter said: "Only five of these need be attempted."

The True Strength

Enthusiasm is always connected with the senses, whatever be the object that excites it. The true strength of virtue is serenity of mind, combined with a selfless and steadfast determination to execute her laws. That is the beautiful condition of the moral life; on the other hand, enthusiasm, even when excited to representations of goodness, is a brilliant but feverish glow, which leaves only exhaustion and languor behind. — Kant.

Take Rest Occasionally

Don't work so long and so hard that your muscles become drawn and your brain fagged. Loosen up a bit and break the tension. That's the only way to rest sometimes.—Charlton News.

Reinforce Glands To Keep Young Says Scientist

DR. ARNOLD LOBAND of Austria, says in his book, "Old Age Deferred," in speaking of the glands: "We must insist upon the reinforcement of their functions if changed by age or disease by means of extracts obtained from the similar organs of healthy young animals."

Glandogen, the new scientific gland tonic prepared in tablet form provides a simple method of taking glandular treatment.

Hundreds of men and women who are weak, worn-out and run-down are taking Glandogen to awaken the devitalized glands, so they may continue their normal function of supplying the vital glands with the necessary material to physical energy and perfect health."

Schramm-Johnson Drug Co. will supply you. Mail orders filled—adr.

YOUNG PEOPLE'S UNION CONDEMNS VOTERS' APATHY

Christian Endeavorers View With Alarm the Indifference of Citizens Toward Election;

Christian Duty.

Endeavor union, close to 160 young people's organizations of the county, met on Sunday, adopted resolutions condemning "an alarming apathy on the part of the citizenry of the country in the exercise of the franchise and particularly by our so-called best citizens" and urged every Christian Endeavorer who is entitled to vote to cast his ballot at the coming election and that we make it a part of our Christian duty to induce every qualified elector to vote at the next election.

The organization, which is composed of about 160 young people's organizations of many churches of various denominations throughout the state, also went on record as concurring in the effort to obtain legislation favorable to week-day religious instruction for school children.

Other resolutions expressed appreciation of various speakers before the convention, including Harry C. Allen of San Francisco, field secretary for the California Christian Endeavor union, and Paul C. Brown of Los Angeles, Pacific coast secretary, and pledged increased devotion to attainment of the objectives of the organization.

The convention adopted a budget providing for expenditure of \$1250 for work of the state organization during the coming year, this amount being consigned at the convention sessions, and adjourned to meet next year at Caldwell.

DAIRMEN OF WISCONSIN ARE INTERESTED IN IDAHO

O. F. Dwight, Chamber of Commerce Secretary, Tells Kiwanians His Observations at Milwaukee Exposition.

Wisconsin dairymen who inspected Idaho's agricultural exhibit and talked with Idaho's personal representatives at the national dairy exposition at Milwaukee, were interested mainly in the opportunity presented in this state for diversified farming. Charles E. Dwight, secretary of Twin Falls Chamber of Commerce told members of the Kiwanis club at a regular meeting Monday at the Rogerson hotel.

"It seemed to be their desire," Mr. Dwight said, "to find a location where they might combine dairying with general farming with view to paying overhead expenses out of the income from cattle, hogs and poultry and with the marketing of farm crops in the fall to acquire a sum to apply on indebtedness or be deposited in the bank. They were impressed also with the fact that livestock can be sold out-of-state in Idaho all the year round. Many of them are coming here during the winter months to make personal investigations."

DEATHS

ARRINGTON—Ruth Arrington, two years, one month and 19 days old, daughter of Mr. and Mrs. George N. Arrington, died Sunday evening at the family residence in Highland View following only a few days' illness. Funeral services, under auspices of the L. D. S. church, will be held at 3:30 o'clock this afternoon at the Grossman chapel here and interment will be in the Twin Falls cemetery.

PALMITIER—Mrs. Selecta Palmitier, 69 years old, wife of H. S. Palmitier, died at 6:30 o'clock Monday morning at her home after an illness of about a week from paralysis. Private funeral services were conducted Monday afternoon at the Blue and Sturdivant chapel by the Rev. A. G. Pearson of the Presbyterian church, and the body will be taken this morning by Mr. Palmitier to the former home at Sheldon, Iowa, where funeral services and burial will take place. Mrs. Palmitier, with her family had been a resident of Twin Falls since 1912 when they came here from Iowa. She was a member of the Presbyterian church and of the Royal Neighbors lodge. Besides her husband, she is survived by one son, L. R. Palmitier of Sioux City, Iowa, and five daughters: Mrs. Ruth Polly of Sioux City, Mrs. O. E. Langan of Lake Andes, South Dakota; Mrs. R. F. Smeed of New Britain, Ark.; Mrs. George E. Potter and Mrs. C. M. Oates of Twin Falls.

RESERVES STREETS FOR HALLOWE'EN CARNIVAL

Municipal Commission Decides to Close Off Thoroughfares on All Sides of Park; More if Required.

Anticipating requirements of Twin Falls community Halloween festival, the municipal commission at a regular meeting Monday evening reached agreement that streets on all four sides of the city park should be roped off and closed to traffic on that occasion, and that as much more space on the streets as might be required for the festival would be provided in a similar manner. Action on bills presented for payment was the only other matter that claimed the attention of the commissioners at this meeting.

SINCLAIR SEES G. O. P. VICTORY

Farmers and Wage Earners Will Not Pull Chestnuts Out of Fire for Progressives.

"The farmers and wage earners are as sound as a dollar and will not be used to pull chestnuts out of the fire for irresponsible politicians," said Senator Sinclair, registrar of the United States land office and speaker of the republican party in Idaho, who spent Monday in this city on his way to Filer where he spoke Monday night. He will also speak at Oakley, Burley, Hazelton and Pocatello, Idaho.

"I think the progressive strength is rapidly decreasing," said Mr. Sinclair in an interview Monday. "Coolidge, Borah, Moore, Smith, French and the entire republican ticket will be elected by large majorities. Freelyer will run ahead of Smoot but will be defeated at election. My observation has convinced me that our people are not ready to experiment in the dangers of radicalism. The farmers and wage earners are as sound as a dollar and will not be used by these people."

"The farmers and wage earners solidified this class and they will vote as usual for the republicans. I can find no disposition to leap in the dark. At the beginning of the campaign uncertainty might have prevailed but voters are rapidly getting on safe ground. Their full faith in the third party adventures have in certain states proved too costly. They will not be made in Idaho. There has been the most wholesome enthusiasm displayed in the campaign wherever I have been and I predict a tremendous vote."

Britain May Have Coalition Cabinet

Below: DAVID LLOYD GEORGE & LORD BIRKENHEAD Below: SIR ROBERT HORNE & WINSTON CHURCHILL

NEWS DISPATCHES FROM LONDON indicate that no party will secure a working majority in the new parliament, members of which will be elected October 29. Some experts believe the new ministry will either be a pre-dominant Tory cabinet, headed by ex-Premier Stanley Baldwin, or the revival of a coalition ministry, such as carried Great Britain through the world war. In the event of a coalition government, ex-Premier David Lloyd George, Winston Spencer Churchill, Sir Robert Horne and Lord Birkenhead are expected to have prominent portfolios.

ENDEAVORERS LAUNCH DISTRICT ORGANIZATION

E. Jones of Rupert Chosen President of South Idaho Organization Formed at State Convention.

Delegates representing young people's organizations of churches in the south central district at the Idaho Christian Endeavor union's state convention here last week formed a district organization with the election of the following officers: President, E. Jones, Rupert; vice president, Ada Mae Chaplin, Gooding; secretary, Mrs. Mabel Bingle, Twin Falls; treasurer, Miss Neva Charr, Twin Falls; pastoral counselor, Rev. O. D. Harris, Twin Falls.

District superintendents of the several departments of Christian Endeavor activities were elected as follows: Junior, Mrs. A. E. Johnson, Rupert; intermediate, Miss Margaret Seilly, Twin Falls; quiet hour and tenth legion, Miss Margaret Rudy, Buhl; prayer meeting and Christian Endeavor World, Mrs. Bertha Nutting, Arcadia; look-out and extension, Miss Esther Slimp, Kimberly; evangelistic, Rev. O. D. Harris, missionary, Arthur Taylor, Jerome; recreation and social, B. J. Bingle, Twin Falls; efficiency, Ada Mae Chaplin.

Figures Produced by Quarter-Sawing.—In some common woods, notably the oaks, a figure is produced by quarter-sawing, says the American Forestry Magazine. In practically all woods there are ribbons of tissue which run at right angles to the axis of the tree (like spokes in a wheel). These are the rays, often called medullary, or pith rays, because some of them appear as extensions of the pith into the wood. In all the conifers and most hardwoods these rays are too fine to show distinctly. In others, as in maple, cherry and mahogany, they are distinct, but not conspicuous.

Annexation of Hawaii

Hawaii was annexed by joint resolution of congress July 7, 1898, and created a territory by act of April 30, 1900. When the United States acquired the Hawaiian islands she assumed the public debt to the amount of \$4,000,000 instead of making actual payment. There are 20 islands in the Hawaiian group.

Forecast for today—Unsettled, probably rain.

Light showers Monday afternoon fulfilled the promise of the overcast sky of early morning hours and temperature dropped under high levels set on Sunday, when ideal weather conditions contributed to pleasure of many picnic, fishing and hunting parties out of Twin Falls.

BREVITIES

Goed to Los Angeles—L. B. Perrine left Monday evening on a business trip to Los Angeles after a brief visit to his home here.

Back From Pocatello—Paul R. Kraft, of the Idaho Monument company, returned Monday from Pocatello, where he attended to business matters.

Coming From Alaska—Ray G. Hall of Ketchikan, Alaska, son of Mr. and Mrs. G. M. Hall is expected to arrive here today for several days' visit.

Here From Jerome—Mr. and Mrs. P. R. Kartze and son and daughter of Jerome, were here Sunday attending the state Christian Endeavor union convention.

Suffers From Infection—Emery Beckett is a patient at the county general hospital suffering from an infection of his left hand for which he underwent an operation Sunday.

Visits Cousin Here—Mrs. C. E. Grier, cousin of S. McCoy, 127 Elm street, left Monday evening returning to her home at Ukiah, California, after visits here and to relatives in the east.

Returns to Twin Falls—H. H. Freedholm, formerly engaged in business here as electrical contractor, has returned to Twin Falls after spending about two years in Nevada and southern California.

Guests From Wyoming—Mrs. Eliza Hampton and Mr. and Mrs. Russell Hampton, of Encampment, Wyoming, mother and brother and sister-in-law of Mr. Harold Day are guests at the home on Eighth avenue east.

Jerome Man a Visitor—M. W. McCauley of Jerome, democratic candidate for county treasurer there, and an old resident of Twin Falls, spent Monday in town on business. He was accompanied by Mrs. McCauley.

Licensed to Wed—Marriage licenses were issued at the county recorder's office here Monday to Glenn Arley Brown and Glenia M. Morris, both of Buhl, and late Saturday to Melvin A. Workman and Grace L. Turnbaugh, both of Filer.

Return From Eastern Trip—Mr. and Mrs. Charles Neely have returned from a visit of about three weeks in New York and other eastern cities, stopping on the return trip at Mr. Neely's former home in Colorado and Wisconsin, Indiana, which latter point he has not revisited since leaving 20 years ago.

Women in Business Life.—Everything tends us to believe that society cannot expect to benefit from the genius and ability of women as a sex until it gives its girls as well as its boys, its women as well as its men, the same opportunities and the same incentive to achieve distinction and until all women of genius and talent, and all women of every profession and every occupation, are permitted by public opinion and social sanction to marry and go on with their job, instead of being found fault with, threatened and, in many cases, actually deprived of their bread and butter for doing so.—President H. Carey Thomas.

Alex W. Murray, plumbing, 430 Seventh avenue east.—adv.

YOUNG PEOPLE'S UNION CONDEMNS VOTERS' APATHY

Christian Endeavorers View With Alarm the Indifference of Citizens Toward Election;

Christian Duty.

No responsibility is ours of unsolicited or of other contributions submitted for endeavor union, closed or not at the door, and no manifestations of an annual drive accompanied here Sunday, adopted

EASTERN Morning "An alarming movement on the part of the citizenry of the country in the exercise of the franchise and particularly by our so-called best citizens" and urging every Christian Endeavorer who is entitled to vote to cast his ballot at the coming election and that we make it a part of our Christian duty to induce every qualified elector to vote at the next election.

The organization, which is composed of about 100 young people's organizations of many churches of various denominations throughout the state, also went on record as concurring in the effort to effect legislation favorable to weekly religious instruction for school children.

Other resolutions expressed appreciation of various speakers before the convention, including Harry C. Allen of San Francisco, field secretary for the California Christian Endeavor union, and Paul C. Brown of Los Angeles, Pacific coast secretary, and pledged increased devotion to attainment of the objectives of the organization.

The convention adopted a budget providing for expenditure of \$1250 for the work of the state organization during the coming year, this amount being raised at the convention sessions, and adjourned to meet next year at Caldwell.

DAIRMEN OF WISCONSIN ARE INTERESTED IN IDAHO

C. F. Dwight, Chamber of Commerce Secretary, Tells Kiwanians His Observations at Milwaukee Exposition.

Wisconsin dairymen, who inspected Idaho's agricultural exhibit and talked with Idaho's personal representatives at the national dairy exposition at Milwaukee, were interested mainly in the opportunity presented in this state for diversified farming. Charles J. Dwight, secretary of Twin Falls Chamber of Commerce told members of the Kiwanis club at a regular meeting Monday at the Rogerson hotel.

"It seemed to be their desire," Mr. Dwight said, "to find a location where they might combine dairying with general farming with view to paying overhead expenses out of the income from cattle, hogs and poultry and with the marketing of farm crops in the fall to acquire a sum to apply on indebtedness or be deposited in the bank. They were impressed also with the fact that livestock can be fed out-of-doors in Idaho all the year round. Many of them are coming here during the winter months to make personal investigations."

DEATHS

ARRINGTON—Ruth Arrington, two years one month and 10 days old, daughter of Mr. and Mrs. Grover N. Arrington, died Sunday evening at the family residence in Highland View following only a few days' illness. Funeral services, under auspices of the I. D. S. church, will be held at 3:30 o'clock this afternoon at the family chapel here and interment will be in the Twin Falls cemetery.

PALMITER—Mrs. Selecta Palmiter, 69 years old, wife of H. S. Palmiter, died at 8:30 o'clock Monday morning at her home after an illness of about a week from paralysis. Private funeral services were conducted Monday afternoon at the Blue and Sturdivant chapel by the Rev. A. G. Pearson of the Presbyterian church, and the body will be taken this morning by Mr. Palmiter to the former home at Sheldon, Iowa, where funeral services and burial will take place.

Mrs. Palmiter, with her family had been a resident of Twin Falls since 1912 when they came here from Iowa. She was a member of the Presbyterian church and of the Royal Neighbors lodge. Besides her husband, who is survived by one son, L. R. Palmiter of Sioux City, Iowa, and five daughters: Mrs. Ruth Polly of Sioux City; Mrs. O. E. Lanan of Lake Andes, South Dakota; Mrs. B. F. Sneed of New Blaine, Ark.; Mrs. George E. Potter and Mrs. C. M. Gates of Twin Falls.

RESERVES STREETS FOR HALLOWE'EN CARNIVAL

Municipal Commission Decides to Rope Off Thoroughfares on All Sides of Park; More if Required.

Anticipating requirements of Twin Falls community Halloween festival, the municipal commission at a regular meeting Monday evening reached agreement that streets on all four sides of the city park should be roped off and closed to traffic on that occasion; and that as much more space on the streets as might be required for the festival would be provided in a similar manner. Action on bills presented for payment was the only other matter that claimed the attention of the commissioners at this meeting.

SINCLAIR SEES G. O. P. VICTORY

Farmers and Wage Earners Will Not Pull Chestnuts Out of Fire for Progressives.

"The farmers and wage earners are as sound as a dollar and will not be used to pull chestnuts out of the fire for irresponsible politicians," said Bartlett Sinclair, registrar of the United States land office and speaker of the republican party in Idaho, who spent Monday in this city on his way to Piler where he spoke Monday night. He will also speak at Oakley, Burley, Hazelton and possibly Buhl.

"I think the progressive strength is rapidly decreasing," said Mr. Sinclair in an interview Monday. "Coolidge, Borah, Moore, Smith, French and the entire republican ticket will be elected by large majorities. Progress will run ahead of Samuels but will fall far short of election. My observation has convinced me that our people are not ready to experiment in the dangers of radicalism. The farmers and wage earners are as sound as a dollar and will not be used by these people."

"The sober second thought has solidified this class and they will vote as usual for the republicans. I can find no disposition to leap in the dark. At the beginning of the campaign uncertainty might have prevailed but voters are rapidly getting their feet set. They fully realize that the third party adventures have in certain states proved too costly. They will not be made in Idaho. There has been the most wholesome enthusiasm displayed in the campaign wherever I have been and I predict a tremendous vote."

Britain May Have Coalition Cabinet

Below: DAVID LLOYD GEORGE & LORD BIRKHEAD. Below: SIR ROBERT MORNE & WINSTON CHURCHILL.

NEWS DISPATCHES FROM LONDON indicate that no party will secure a working majority in the new parliament, members of which will be elected October 29. Some experts believe the new ministry will either be a predominantly die-hard Tory cabinet, headed by ex-Prime Minister Baldwin, or the revival of a coalition ministry, such as carried Great Britain through the world war. In the event of a coalition government, ex-Premier David Lloyd George, Winston Spencer Churchill, Sir Robert Morne and Lord Birkhead are expected to have prominent portfolios.

ENDEAVORERS LAUNCH DISTRICT ORGANIZATION

E. Jones of Rupert Chosen President of South Idaho Organization Formed at State Convention.

Delegates representing young people's organizations of churches in the south central district at the Idaho Christian Endeavor union's state convention here last week formed a district organization with the election of the following officers: President, E. Jones, Rupert; vice president, Ada Mae Chaplin, Gooding; secretary, Mrs. Mabel Bingle, Twin Falls; treasurer, Miss Neva Glair, Twin Falls; pastoral counselor, Rev. O. D. Harris, Twin Falls.

District superintendents of the several departments of Christian Endeavor activities were elected as follows: Junior, Mrs. A. E. Johnson, Rupert; intermediate, Miss Margaret Seilly, Twin Falls; quiet hour and tenth lecture, Miss Margaret Rudy, Buhl; prayer meeting and Christian Endeavor, World, Mrs. Bertha Nutting, Acquia, Lookout; and extension, Miss Esther Blimp, Kimberly; evangelistic, Rev. O. D. Harris, missionary, Arthur Taylor, Jerome; recreation and social, B. D. Bingle, Twin Falls; efficiency, Ada Mae Chaplin.

Figures Produced by Quarter-Sawing. In some common woods, notably the oaks, a figure is produced by quarter-sawing, says the American Forestry Magazine. In precisely all woods there are ribbons of tissue which run at right angles to the axis of the tree like spokes in a wheel. These are the rays, often called medullary, or pith rays, because some of them appear as extensions of the pith into the wood. In all the conifers and most hardwoods these rays are too fine to show distinctly. In others, as in maple, cherry and mahogany, they are distinct, but not conspicuous.

Annexation of Hawaii

Hawaii was annexed by joint resolution of congress July 7, 1898, and created a territory by act of April 30, 1900. When the United States acquired the Hawaiian islands she assumed the public debt to the amount of \$4,000,000 instead of making actual payment. There are 20 islands in the Hawaiian group.

"From the small grave marker to the massive memorial." When that time in our lives presents itself when we are called upon to place a memorial at the resting place of our loved ones it finds us unprepared to intelligently choose the most suitable one or we are unable to describe that which we would like. This is the time when our designing department is most needed and appreciated. Helpful suggestions, properly illustrated, will help you and take the uncertainty out of buying, so when the finished stone is in place you will find it able to describe that which we would like. This is the time when our salesmen and the art of the leading designers of the country are joined together to make this possible. This service does not cost you any more but is a protection against disappointment. Why buy from strangers when you can get superior service at home?

We respectfully solicit inquiries as to designs and prices.
