GANGSTER SHOT
IN UNDERWORLD
FEUD IN CHICAGO

"King of Beer Runners" Killed
by Three Unidentified Men;
Suspects Brought in and
Questioned by Police.

CHICAGO, Nov. 10 (AP)—Dion O'Bannon, notorious Chicago gangster and often termed "king of the beer runners," answered gangland's last summons today when, amid the quiet respectability of his florist shop, he was shot and killed by three unidentified men.

Tonight the three Miller brothers, Howard, Max and David, all sworn enemies of O'Bannon, had been questioned and released after satisfying investigators that they had no connection with the murder.

Plant Is Bombed.

Herschie is the owner of a cleaning and dyeing plant which was recently bombed some time ago after an attempt had been made on the lives of Herschie and Max in front of a downtown theater. O'Bannon was accused in both instances. David Miller is a prominent boxing referee in the middle west. O'Bannon was dispatched immediately after the shooting for the arrest of Earl Weiss, Johnnie Torrie, "Yankee" Schwartz and "Dapper Dan" McCarthy, all of whom have been involved in high jacking and beer running scandals in the last few years and all of whom have been arrested in connection with recent feed slayings.

Underworld Feud.

The police tonight stated that it was their belief that O'Bannon was shot as the result of an underworld feud. They were, however, also working on theories that the shooting may have been another in a series of beer war slayings, or it may have been a culmination of O'Bannon's efforts in behalf of certain candidates on election day, when several workers for the opposition party were kidnapped and held prisoners for several hours.

It was developed late today that David Lottus, employed as a chauffeur by the florist shop, had commandeered a passing automobile and set out in pursuit of the killers. Several hours after he had not returned to the shop nor reported his whereabouts.

LOS ANGELES MAN KILLED.

LOS ANGELES, Nov. 10 (AP)—Summonsed to the door of his apartment about dusk tonight, Harry Katz, 30 years old, apartment house proprietor, was shot and killed by an unidentified assailant, according to the police. The slayer, believed to be a man, escaped. According to one of his tenants, Katz once was leader of a Chicago Philharmonic orchestra and once was musician at the court of Russia.

Physicians Confer

Disabled Veterans

Twenty-Eight Leading Medical
Men of Nation Talk Plans
Over With Head of Service
Men's Bureau in Capital.

WASHINGTON, Nov. 10 (AP)—Headed by Dr. Ray Lyman Wilbur of Stanford university of California, 28 leading physicians from all sections of the country composing the medical council of the veterans' bureau held their first conference today with Director Hines, and submitted reports expected to form the basis of an improved system of hospital and medical service for disabled veterans.

General Hines, outlining of progress made by the bureau since the service was formed in July, asserted that the bureau's first duty was immediate and adequate service to the disabled men with efficiency first, and economy as a secondary consideration where the needs of the men are at stake. He added that he felt in following such a policy "we will be following the intention of congress and I know, the intent of the administration."

Adoption of a report by Dr. Kennan Dunham of Cincinnati, regarding experiments with operation of diagnostic beds in a veterans' hospital indicated his recommendations will form the basis for a system to be established in approximately 100 other similar institutions.

A proposal to supply hospital beds for ex-service women was discussed and referred to a committee for consideration. The conference will hold its final session tomorrow.

City of New York

Board of Health Investigates
Increasing Number of Cases
Developing in Metropolis.

NEW YORK, Nov. 10 (AP)—Health department authorities today began investigation of the hicoughing epidemic spreading throughout the city. In Queensboro alone 30 severe cases were found, 13 of them in hospitals. In Manhattan 14 cases were reported.

Some of the doctors say the hicoughing is a symptom of influenza and others assert that it is a precursor of sleeping sickness.

FARMER RELIEF
GROUP TO MEET

Coolidge Calls Conference of
Agriculture Commission for
Next Monday at Capital.

WASHINGTON, Nov. 10 (AP)—President Coolidge has called the newly appointed agriculture commission to meet here for conference next Monday.

The organization of eight farm leaders, headed by Robert D. Carey of Caryhurst, Wyoming, will begin on that day the task of mapping out a program for the permanent relief of farming conditions. Under plans of the president such legislative action as is deemed necessary by the commission in formulating the program will be pushed for enactment at the coming short session of congress.

POTATOS ARE DEAD.

PITTSBURGH, Pa., Nov. 10 (AP)—W. W. Lewis of Wheeling, E. Va., past imperial potentate of the Ancient Arabic Order, Nobles of the Mystic Shrine, died in a hospital here today, where he underwent an operation several weeks ago. He served as postmaster of Wheeling. During President Wilson's administration and was imperial potentate of the Shriners of North America in 1923 and 1924.

Man Sentenced to Die at Salt
Lake Enlists Embassy in Ap-
peal to Secretary of State in
His Behalf.

SALT LAKE, Nov. 10 (AP)—The Mexican embassy has appealed to Charles E. Hughes, secretary of state, to intervene and save the life of Pedro Cano, Mexican citizen, sentenced to die here November 14, for the murder of Juan Chairo, at Park City, near here, March 15, 1923. It was learned today upon receipt of a telegram from Secretary Hughes to Governor Charles R. Mabey. The telegram from Secretary Hughes says: "The Mexican embassy asserts that there is good ground for believing that Mrs. Beatriz Alameda is guilty of the crime and requests that the time be given to prove Cano innocent."

Governor Mabey replied that the case is now pending before the supreme court and full opportunity will be given for the presentation of evidence. The carrying out of the sentence will be delayed until the supreme court passes on a new motion for a retrial, a stay of execution having been granted several days ago.

TEST MADE BY PRIEST
MAY DETERMINE CASE

NEW YORK, Nov. 10 (AP)—Tests imposed by a Catholic ten years ago to determine the competency for marriage of Hickson W. Field, who claims to be one of the two persons still alive who saw Lincoln shot, may be one of the determining factors in the disposition of his \$300,000 fortune.

His affidavit filed in connection with incompetent proceedings brought by Field's niece, Louisa Maunsel Field, a writer, the Rev. Father John R. Dooley deposes that he found Field mentally and physically normal prior to his marriage in 1914 to Miss Mary Matthews. Miss Field has petitioned to have the marriage declared void.

In a desire to embrace the religion of his fiancée, Field, who is said to be a nephew of Cyrus W. Field, who laid the first Atlantic cable, took instruction from Father Dooley.

Washington Authorities Round Up
225 Alleged I. W. W.; Deport Them

SEATTLE, Nov. 10 (AP)—About 225 alleged members of the Industrial Workers of the World were loaded into six automobile trucks near Concorde, Wash., today by Sheriff Conn of Skagit county, and a force of deputies, taken to the Snohomish county line and told to keep going and a dispatch from Concorde to the Seattle Times.

The dispatch said Sheriff Conn and 22 deputies marched upon a bridge over the Baker river leading from Concorde to a hydro-electric plant where a strike was called about three weeks ago and seized 150 of the men. The men are accused of having obstructed traffic by stopping all persons crossing the bridge.

Two of the men, the report said, were allowed to remain on the bridge as pickets on conditions they do not interfere with traffic. The others were marched to a field about a mile away and placed under guard to await arrival of trucks to remove them from the county. Meanwhile about 75 more men were rounded up at portable and lodging houses in Concorde and marched to the field to join the men taken into custody at the bridge.

Sheriff Conn declared today that he and his deputies were able to handle the situation without the aid of troops.

Secret Service Men
Unearth a Plot to
Counterfeit Bonds

Bogus War Savings Certificates
Amounting to \$35,000
Found on Two Suspects Un-
der Arrest Near Pittsburgh.

PITTSBURGH, Nov. 10 (AP)—A plot to counterfeit United States war savings certificates is declared by secret service operatives to have been uncovered today with the arrest of two men and the seizure of alleged counterfeit certificates having a face value of more than \$35,000. Fortunato Calabro was arrested in Johnstown, Pa., where the alleged plot is said to center, and Philip Marguliet was taken into custody at Wilmerding, a Pittsburgh suburb. Both are charged with intent to defraud the government.

Secret service agents declared they had information that others were involved in the alleged plot and that the investigation was being continued in eastern and midwestern cities within a thousand mile radius of Johnstown.

Calabro is charged with unlawfully possessing 5000 counterfeit \$5 war savings certificates of the 1919 issue and Marguliet with unlawfully possessing 2000 counterfeit certificates of the same denomination and issues. Calabro was committed to jail in default of \$20,000 bail, while Marguliet was released on \$5000 bail.

ADVANCING ON MECCA.

CAIRO, Egypt, Nov. 10 (AP)—A Port Sudan dispatch is published here stating that the Hedjaz troops are advancing toward Mecca. They expect to occupy the city within three weeks. Mecca now is under the reign of the Moslem puritans, the Wahabites. It was formerly in control of King Hussein of the Hedjaz.

NATION MOURNS
LODGE'S DEATH

Funeral Services Wednesday
for Famous Senator; to Ob-
serve Simplicity of Taste.

BOSTON, Nov. 10 (AP)—Senator Hoar Cabot Lodge, who in life was a figure apart from the mass of the nation's legislators, among whom he moved with distinction, will have funeral services in which old associations will be maintained to the end, and in which his simplicity of tastes will be preserved. The services at Christ church, Cambridge, on Wednesday, at noon, with Bishop Lawrence, his college classmate officiating, will be more nearly those of the man for whom friends of a lifetime mourn, than of the United States senator who has passed after a notable career.

Although it was suggested by Governor Cox that the bier be taken to the capitol on Beacon Hill to lie in state, the senator's family decided to make no change from the home on Beacon street of Dr. Samuel H. Bigelow, his boyhood home, where the body has rested since a few hours after death last night. Dr. Bigelow himself is seriously ill, and cannot attend the funeral, but the thought that it was there the senator would choose to lie, within a block of his father's home, prompted the decision.

President's Representatives.

With word that provision should be made for the president's official representatives, Secretary Hughes, Secretary Weeks and Captain Andrews, his naval aide, for Governor Cox and various delegates the family felt that opportunity for the tributes that these delegates seek to show may still be afforded in Christ church, within its limited seating capacity at 420 at the same time that the senator's personal associations are preserved.

It was at Christ church, which lies on the edge of the Harvard college group of buildings where he spent his college days, that Senator Lodge was married, the day after he graduated, to Anna Cabot Miller, and it was from Christ church that the senator buried his wife in 1915.

Its rector, the Rev. Prescott Everts, will assist Bishop Lawrence. Tributes and messages of condolence poured in on the family today from all parts of the world. President Coolidge sent his message of sympathy and made public a tribute, that placed Senator Lodge as "one of the great men of our time."

BODY OF YOUNG GIRL
DISCOVERED HORRIBLY
MUTILATED: SEEK MAN

CHICAGO, Nov. 10 (AP)—The apparent victim of a brutal slaying, the body of a 14-year-old girl was found lying in a lonely prairie near East Chicago, Indiana, early today, the head almost severed and the clothing torn from the body.

The girl, Frances Guarea of East Chicago, daughter of a well-to-do family, and the eldest of five children, disappeared yesterday after starting for the home of some girl friends. Her body was found by a man on his way to work. Frank Townsley, coroner's physician, said that the girl's tongue had been torn out and that she without doubt was the victim of a degenerate.

FOUR PERSONS NARROWLY
ESCAPE INJURY IN CRASH

Four persons narrowly escaped serious injury Sunday afternoon when a car driven by Arthur Barker of this city, in mud and snow on the highway about a mile west of here, skidded completely around twice and then overturned. In the car besides Barker were his wife and two guests from Pontiac on a hunting trip. All were bruised but none was severely hurt. The machine, a Dodge touring car, was badly damaged.

BUBONIC PLAGUE
SUSPECTS HELD
IN LOS ANGELES

Two Cases Break Out Short
Distance From the Mexican
Quarter Where Pneumonic
Deaths Have Occurred.

LOS ANGELES, Nov. 10 (AP)—Two cases of suspected bubonic plague about four blocks north of that portion of the Mexican quarter quarantined as a result of an epidemic of the pneumonic plague here, were placed under observation today by health authorities. Both persons are children, one nine years old and the other four months. The result of animal inoculations are awaited to determine just definitely the nature of their illness.

There have been no deaths in connection with the epidemic since last Friday and if the cases of the two children should prove negative there will have been no new cases of either pneumonic plague or bubonic plague since last Thursday, it was announced by the health department.

Dr. William Dickie, secretary of the state board of health today asked city authorities to adopt two protective ordinances, one requiring that all fur structures be made rat proof, and the other giving health authorities power to condemn insanitary buildings.

The epidemic has claimed 30 lives since it broke out October 19. Six cases are now under treatment.

INVESTIGATES OUTBREAK

SPRINGFIELD, Ill., Nov. 10 (AP)—Dr. C. H. Deal, Effingham district health officer, now in Williamson county investigating the reported outbreak of pneumonic plague, will make his report to the state board of health in this city tomorrow. The supposed plague was reported by Dr. A. W. Jennings, Decatur, but his letter on the subject has not reached the state department. Some doubt was expressed by department officials on the report of the outbreak. The disease now prevalent in Williamson county bears symptoms of flu-pneumonia, it was said, but in order to make certain, Dr. Deal went out to make an investigation.

MRS. HARDING STILL
SERIOUSLY ILL, SAYS
DR. CARL W. SAWYER

MARION, Ohio, Nov. 10 (AP)—Mrs. Florence Harding is no better tonight and "her condition remains about the same," a brief bulletin issued by her physician, Dr. Carl W. Sawyer, tonight said. The bulletin follows: "Mrs. Harding had a fairly comfortable day. She has maintained the gain which was present this morning, but her condition remains about the same."

Baldwin Completes
His Cabinet With
Selection of Two

New Premier Prepares to Hold
Sway Over Parliament and
Government With Officials
He Has Appointed.

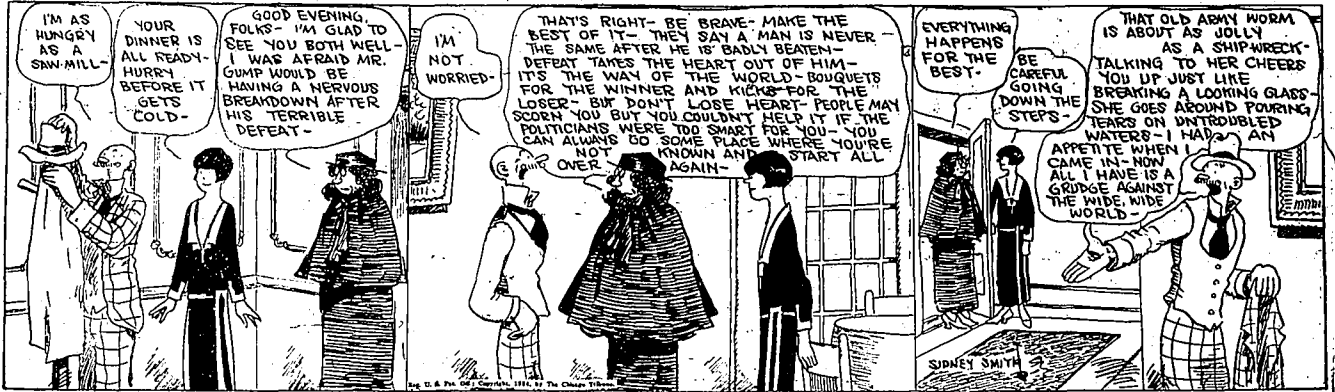

LONDON, Nov. 10 (AP)—Premier Baldwin completed his new cabinet today by appointing Viscount Peel as first commissioner of works and public buildings and Viscount Cecil as chancellor of the Duchy of Lancaster.

King George called a meeting of the privy council at the palace today and parliament was further prorogued from November 18 to December 2. This postponement was made to enable the new minister to become acquainted with their departments before the meeting of the new parliament. When parliament does reconvene, many days will be spent in swearing in the members and electing a speaker and other officials. Only when these formalities have been completed will the king formally open parliament with a state ceremony.

With the completion of the cabinet today, Premier Baldwin will call the ministers together in council Wednesday morning to discuss general lines of policy. The addition of Viscount Cecil to the cabinet is considered of importance owing to his deep interest in the league of nations. It is also regarded as showing that the new government's policy with regard to the league, will remain unchanged.

THE GUMPS—AUNT DOLEFUL

WALES TO OPEN ANCIENT ROAD

Highway Used When Romans Marched Through England on Conquest Is Reconstructed.

LONDON, Nov. 10 (AP)—The announcement that the Prince of Wales, upon returning from his American and Canadian trip, will, on November 19, formally open the reconstructed road between Dartford and Strood, draws attention to one of the oldest and most celebrated highways in Europe.

This patch of road is in reality part of Watling street, a thoroughfare of great antiquity which still traverses the heart of London and, just back of St. Paul's cathedral, to this day bears its ancient name. No one knows how old Watling street is, but it had been long established when the Romans came to Britain 2000 years ago.

Use Old Highway.

The motorist who today comes up to London from Canterbury traverses the same road, the famous Watling street, which Roman soldiers took when, on conquest bent, they marched through England. Jewish marauders in their day burned and plundered the country side which it served. Tradition from Gaul trudged over its stones long before the medieval age, in fact, whose panorama of English history would be unrolled if this ancient way could speak.

And this old road which the Prince of Wales will again throw open to the public in November is today what it has ever been, the most convenient route between London and the ports of France.

HAZELTON

HAZELTON—Mrs. James Mendenhall and three youngest children left the first of the week for Dayton, Idaho, for a three weeks' visit with relatives.

Mr. and Mrs. J. J. Keeley and son, motorist to Hansen Tuesday.

Chad Parrott of Boise and C. O. Davis of Wendell, were Hazelton visitors Wednesday.

Oran Quint returned home this week from the Twin Falls hospital where he has been for several weeks taking medical treatment.

Mr. Eddy returned home Sunday from Albion where he had been visiting since Friday.

The Ladies' Aid society will give an entertainment November 18. Every one is invited.

J. H. Lucas and Mr. and Mrs. H. K. Spangler of Gooding were guests at the T. B. Lucas home Sunday.

The fifth and sixth grade pupils gave a surprise party for their teacher, Miss Mitchell, Wednesday afternoon.

The Hazelton Civic club met at the home of Mrs. C. W. Barlow, Wednesday evening, with Mrs. Barlow and Mrs. Pyne as hostesses. A very interesting program was enjoyed.

SEEK GERALD CHAPMAN AS "COP KILLER"

GERALD CHAPMAN, international crook and killer, is sought by the police of the entire country as the man who shot and killed Policeman James Skelly when caught in the act of robbing a safe in New Britain, Conn. Chapman, college man and dress-suit burglar, engineered the \$2400,000 mail truck robbery in New York in 1921. Sent to Atlanta, Ga., prison for 25 years, he escaped twice.

MANY ATTEND LECTURE ON CHRISTIAN SCIENCE

Sunday Afternoon Address by Ezra W. Palmer, O. S. B., of Denver, Draws Unusual Attendance at Orpheum.

An audience which filled practically every seat at the Orpheum theater listened to the address of Ezra W. Palmer, O. S. B., on the general subject of Christian Science, on Sunday afternoon.

The lecture consisted of an interesting discussion of the fundamentals of Christian Science, concluding with the story of its discovery by its founder, Mary Baker Eddy, and was, in part, as follows:

I am going to begin this lecture by asking you a question. What evidence has each of you of your existence? I am inclined to believe that in answer to that question the majority of you would say, I know that I exist. I am aware of the fact that I am conscious and have a state of being. That answer has been accepted by thinkers generally. They agree that existence for each of us is a state of consciousness and that without consciousness knowing existence would be a blank. It was Descartes who formulated the statement, "I know, therefore I am."

Since every person has consciousness it is pertinent to ask, what are we conscious of? Because if we are conscious we must of necessity be conscious of something. Are we today in a darkened, pained state of consciousness? Are we conscious of fear, pain, ill health or poverty? Are we in that state of mind in which latent fears are ready to spring into conscious thought at the first suggestion of evil or adversity? Or do we have a deepened faith in God, a consciousness of His ever present protection and power which enables us to be peaceful and harmonious in spite of all the assaults of evil? Furthermore, does our state of consciousness have any relation to our environment? In there, for instance, any relation between fear and ill health, between a fearful state of mind and disasters which may apparently come from without? And, conversely, does a harmonious, peaceful state of mind manifest outwardly in health, plenty and freedom? Human theories shed little light on these questions, but Christian Science makes clear that the mental state of the individual is manifested outwardly in sickness or health, poverty or plenty, discord or harmony. On page 411 of "Science and Health With Key to the Scriptures," Mary Baker Eddy, the discoverer and founder of Christian Science, says of disease, "Disease is always induced by a false sense mentally entertained, not destroyed. Disease is an image of thought externalized. The mental state is called a material state. Whatever is cherished in mortal mind as the physical condition is imaged forth on the body."

In our human experiences we may entertain many different states of consciousness, unless our thought is controlled in a Christinely scientific manner. We may even in one day or one hour go up and down the gamut of hope and fear, peace and despair, health and sickness, and therefore we might conclude that there are many different states of consciousness. But that is a wrong conclusion. Christian

CHAPMAN'S ALLEGED PAL IS UNDER ARREST

WALTER SHEAN wanted to be a bad man, so he left the home of his millionaire father in Buffalo, N. Y., to try burglary, according to the charges of the New Britain, Conn., police, who arrested him as an alleged accomplice of Gerald Chapman, master criminal, wanted there for killing a policeman who caught him blowing a safe.

Science demonstrates that in reality there is but one genuine state of consciousness and that is the spiritual, based on the reality of the universe of spirit. There is but one God, therefore there is in reality but one knowledge of God, one consciousness of God. God is "perfect in knowledge," as the Scripture declares. When we perceive that there is but one genuine state of consciousness, we can likewise see that mental states of fear, discord, evil constitute a false state of consciousness. A false state of consciousness is one opposed to the divine nature of God. God is not the creator of evil! God never made a sick man, a discouraged man, a poverty-stricken man. A mental state which cognizes fear, pain, sickness, poverty is not therefore a genuine state of consciousness. I believe you will agree with me when I say that we cannot at the same time entertain two distinctly opposite states of consciousness. We cannot be at the same time both sick and well. We are either sick or well in belief. One or the other is predominant in our thought. We cannot be at the same time both peaceful and discordant, happy and unhappy, pure and sinful.

I know a business man who had contracted smallpox. He was isolated in

ORPHEUM. Acknowledged the screen's greatest comedienne, Colleen Moore demonstrates in "Flirting With Love," which opened last night at the Orpheum theater, that her range of ability is not confined to comedy by any means.

In this picture, in which she is co-starring with Conway Tearle, she portrays a role which at times calls for a highly emotional type of acting and in these tensely dramatic scenes she is not found wanting.

a tent in an open field to undergo quarantine regulations. This man was a learned, clear minded Christian Scientist. The first day of his isolation he underwent a struggle with doubtfulness, and the false consciousness of disease pressing upon him. Then the thought came to him to wake up out of this false consciousness. He saw that he was entertaining a false mental picture of the physical senses which had objected itself on his body as smallpox. Then some passages from the Christian Science textbook, "Science and Health With Key to the Scriptures," by Mary Baker Eddy, flashed upon his mind. He opened the textbook, found these passages on page 14, laid hold of them; their spiritual power and light illumined his thought, destroyed the false consciousness of disease, and he was healed. The passages that man used to effect his healing are as follows: "Become conscious for a single moment that life and intelligence are purely spiritual—neither in nor of matter—and the body will then utter no complaints. If suffering from a belief of sickness, you will find yourself suddenly well. Sorrow is turned into joy when the body is controlled by spiritual life, truth and love."

Christian Science shows us that spiritual consciousness, this grasp of heavenly harmony, this kingdom of God, within is the normal, natural status of men, and it shows likewise how we can maintain here and now this right status of thought, and thus overcome every ill that assails us.

TWIN FALLS TO PLAY RUPERT

Football Game This Afternoon at Lincoln Field Promises to be Real Test of Strength.

The annual Armistice Day football game will be played by the Twin Falls squad and the Rupert eleven this afternoon at 3 o'clock on the Lincoln field. This game should prove to be one of the best of the season, as the Rupert team has been coming to the front in the past few weeks, and is reported to play a very fast brand of ball, any fans, although the odds and odds favor the locals.

The locals have had a rest and should be able to put up a decent battle, they point out, and have been drilling hard every night with the championship of the state as their goal. Twin Falls will go in minus the services of Frahm, the tackle, and Owens, Plating's half-back. Owens has been circling the ends for some nice gains and will be greatly missed at the kick-off. Either Sullivan or Holman will play Frahm's position, Holman going over to tackle from guard and McCormick taking his place at guard. Alvord and Timm will no doubt start in the backfield, with Schaefer, Berg, Wilkinson and they fighting it out for the other two positions.

GROSSMAN BOWLING TEAM DEFEATS UMBACH SQUAD

What is it?

It is a duty both useful and necessary; it is esteemed a great virtue, but few possess it; it is found in the lower as well as the higher circles of life, and is often exhausted and as often renewed. Our sufferings are rendered lighter by it, and our trials are softened; it gives contentment to the mind and ease to the conscience, to the afflicted hope and to the mourner consolation. What is it? Answer—Patience.

Not Prehistoric

Some years ago an expert announced the discovery of clear evidence of prehistoric mural paintings in a cave on the Cornish coast, and a French authority on Neolithic art, which appears to have flourished about 20,000 years ago, accepted them as genuine. However, a local fisherman appeared on the scene and confessed that he was the artist. He had, he explained, cleaned his brush on the walls of the cave after painting his boat.

Marvelous Memory

Two little cousins, Jennie and Kate, were disputing about which was the older of the two, when Jennie recalled the argument by exclaiming: "Why, Katie, I just know I'm older than you, because I'm better at going over to your house and saying, 'Hello, Aunt Sarah, where's Kate?' and Aunt Sarah said, 'Why, Katie, isn't she here yet?'"—Boston Transcript.

Divorce Increase More Rapid Than That of Weddings

Number of Marriages Last Year in U. S. Was 1,223,825; Divorces 165,139.

WASHINGTON, Nov. 10 (AP)—Divorces showed a more rapid rate of increase than marriage last year, census bureau statistics announced today, showing the number of divorces were 11 per cent more than in 1923, while the number of marriages were only 8.4 per cent larger than the previous year.

Marriages numbered 1,223,825, as compared with 1,129,045 in 1923, while divorces granted numbered 165,139, against 148,815. Nebraska was the only state in which there was a marked decrease in marriages, it being about 25 per cent. Census bureau officials explained that due to some extent to an amendment to the marriage law of 1923, requiring the posting of an application for marriage licenses for ten days before the license is issued.

BONES OF SAINT BELIEVED FOUND

Skeleton of St. Patrick Who Drove Snakes Out of Ireland Thought Discovered.

LONDON, Nov. 10 (AP)—The skeleton of St. Patrick is believed by some to have been found in Pembrokeshire, far from the scenes of his reputed labors. The search for the body of the saint was started several months ago in the churchyard of St. David's cathedral, among the ruins of St. Patrick's chapel, a part of an older church.

The chapel floor was found 10 feet under the earth, and all the walls eventually uncovered. At the east end of this was found a skeleton. The excavators, believing the body that of the saint, sent for the dean of the chapel, who had it removed to a place of honor in the cathedral. Here it will remain pending the establishment of its identity.

The skeleton was in a perfect state of preservation, except that some damage had been done to the skull, probably by a falling stone. The discovery so far has produced no comment from the land of the saint's labors, but it is expected that efforts will be made to have the body taken there should the experts decide the remains are genuine.

AUTOMOBILE CRASH LEADS INTO COURT AND OUT AGAIN

Complaint lodged in police court Monday by C. S. Knight, Knall district farmer, against Jack Perennius, local taxi operator, in consequence of a collision Saturday evening at the corner of Second street and Second avenue in which the car driven by the taxi operator is alleged to have crashed into Knight's machine and crushed the running board and fenders, was dismissed Monday following statement by Knight that the case had been settled out of court.

Weakness Grings Cruelty

Weakness is the parent of panic and panic brings cruelty in its train. So long as the state was weak it was cruel; and the hideous wrongs of Tudor times were due to fear. The weak cannot afford to be tolerant, any more than the poor can afford to be generous. Cecil thought the state could not afford to tolerate two forms of religion; today it tolerates hundreds and it laughs at treason because it is strong.—From Pollard's "History of England."

NATIONAL LAND CONFAB PLANNED

Comes at Important Time in History of Reclamation, Says Official of Chicago Meeting.

CHICAGO, Nov. 10 (AP)—A national fertile land conference will be held here in conjunction with the thirteenth annual meeting of the national drainage congress, January 6 to 7, it was announced today.

"This meeting comes at an important time in the history of reclamation," according to the announcement of C. H. Young, president of the congress and chairman of the convention committee, "and it will serve to determine the trend of current opinion. The conference must devise methods of producing fertile land in profitable production of farm crops and the abandonment of reclamation of lands unsuitable to profitable agriculture. Legislation affecting the use of fertile lands must be guided, land settlement and taxation under new conditions imposed by changed immigration laws must be studied and plans must be developed to protect rich land from unscrupulous real estate promotion."

Several organizations have been invited to join in the conference. Dr. Elwood Mead, director of the United States reclamation service, and Guy Houston, president of the Chicago Joint Stock Land bank, will speak.

Plans for Girls Are Told Kiwanis Club

Mrs. J. M. Maxwell Discusses Proposed Employment of a Permanent Secretary.

Plans for employment of a permanent Y. W. C. A. secretary to supervise and assist in work of Girl Reserve clubs in 10 southern Idaho towns were explained at a meeting of the Kiwanis club Monday evening at the Rogerson hotel by Mrs. J. M. Maxwell, chairman of the finance committee appointed at a meeting Saturday of representatives of women's organizations in Twin Falls which endorsed the undertaking. Several members of the Blue Triangle club of the Twin Falls high school, which is the organization here of the Girl's Reserve, were guests of the Kiwanians, and sang a number of Girl Reserve songs.

Don Barnes of Cedar, Rapids, Iowa, and M. J. Tobin of Vinton, Iowa, guests of F. L. Stephan and M. J. Swecley, were introduced and spoke briefly on patriotic themes.

Club members and their guests on this occasion enjoyed a pleasant dinner for which the birds had been provided by a committee of the club's members.

She Played With Fire

All her life she had possessed everything her heart could desire. But she had one tragic weakness—a burning love of a gay time. She little realized to what bitter consequences her extremes of folly might lead. Even when every girl should encourage the attentions of the dashing young Walter Macdonald, she did not awake to her extreme peril until she had gone too far to escape the terrible penalty.

Her frank confession is a story that every girl should read. It is entitled "Simply a Fool," and appears as one of the many startling features in December True Story Magazine. Buy it at the newsstand today.

INCREASE SHOWN IN ATTENDANCE AT SCHOOL HERE

Enrollment Figures Greater by
More than 200 This Year
Than Last, Superintendent
E. D. Bloom Reports.

Enrollment in Twin Falls schools shows an increase of more than 200 at the present time as compared with last year, according to the report submitted by Superintendent Ernest D. Bloom at a regular meeting of the board of education Monday evening. There were on November 1, last, 2852 pupils enrolled in Twin Falls schools as against a total of 2604 on the corresponding date last year, the report showed.

The increase, Mr. Bloom stated, is evenly distributed among elementary grades and junior and senior high schools. In the elementary grades, especially, he stated, where there are now more than 40 pupils for each teacher, the increased attendance is bringing a problem that is becoming increasingly serious from the standpoint of most efficient school administration, Mr. Bloom stated.

Only routine business was transacted by the board at its meeting Monday evening. Action with respect to filling the vacancy caused by the resignation of E. N. Flory as a member of the board, was postponed to the regular meeting next month. Mr. Flory's resignation was submitted when he left some weeks ago for California with view to bettering Mrs. Flory's health.

FINAL TRIBUTE IS PAID FRONTIERSMAN'S MEMORY

Masons of Heyburn Conduct Services
at Grave of A. R. Campbell, Coeur
d'Alene's First Postmaster.

Almond R. Campbell, western frontier scout, miner and first postmaster of Coeur d'Alene, Idaho, whose death occurred here last Saturday after a brief illness, was buried here Monday, funeral services at the Blue & Sturdivant chapel being conducted by the Rev. A. C. Pearson of the Presbyterian church, and members of the Masonic lodge of Heyburn, of which he had served as worshipful master, having charge of services at the cemetery.

One of six children, Mr. Campbell was born December 19, 1871, near Exeter, Wisconsin, and was reared on a farm. In early manhood he went to the Dakotas, where he was a scout for frontiersmen coming farther west. Later he came to northern Idaho, where he engaged in mining and was the first postmaster at Coeur d'Alene. He was one of the first to go to the Klondike in the gold rush of the eighties.

Upon returning he traveled, giving lectures and showing exhibits of native life in Alaska. While on the lecture tour he met Miss Emma Wheeler, whom he married October 1, 1906. During the nineties he engaged in work as a civil engineer in Oregon and Washington, and in 1901 he homesteaded land on the Minidoka project for himself and family until about two years ago when he was appointed agricultural advisor at the Port Peck, Montana, Indian reservation. The family home at that time was moved to Twin Falls.

Mr. Campbell was a member of the Congregational church. He was affiliated with the Masonic lodge, order of the Eastern Star and Woodmen of the World at Burley.

He is survived by his wife, a daughter, Mrs. Vera L. O'Leary, and a son, Byron, all of Twin Falls; a son, Hugh W. of Pocatello; two sisters, Mrs. Idol C. Fessenden of Oakland, California, and Miss Genevieve Campbell of Winfield, Kansas; and one brother, Dr. Arthur C. Campbell of Okmulgee, Oklahoma.

CONFESSES THEFT OF WIRE

Otis B. Gerler to Answer in District
Court to Grand Larceny Charge to
Which He Has Pleaded Guilty.

Otis B. Gerler, on arraignment in police court here Monday afternoon, pleaded guilty to grand larceny charge of theft from the Idaho Power company of 300 pounds of copper wire valued at \$118. He will answer to the charge in the district court under an information filed by prosecuting attorney's office after the plea was entered in the lower court. Gerler stated that he had sold the wire to a local junk house. It was taken last Friday from a local substation.

ACCUSED PEOPLE TO ENTER PLEAS

Defendants in Seven Criminal
Cases, With Single Excep-
tion, Defer Answer to Charge

Defendants in several criminal cases will enter their pleas in district court here today following arraignment Monday before Judge W. A. Babcock at the opening of the November term. Defendants in seven cases who were arraigned Monday, with a single exception, took the statutory time for entering pleas. W. C. Griffin, one of the proprietors of the St. Regis hotel at Hagerman, which was last week destroyed by fire, waived statutory period and entered a plea of not guilty.

Everett Pixley, heretofore known as Rex Cholden, blind Frank Patterson, charged with the theft of R. E. Bolter's automobile last August, on arraignment asked for an attorney, and Harry Benoit was by the court appointed to represent him at trial. Pixley gave what he said was his true name when he appeared before the court for arraignment. He and Patterson were arrested and brought back from Grand Junction, Colorado, where the missing car was found in their possession.

Principals in Jail Break

Pixley, with Joseph O'Daily, who also is charged with automobile theft, escaped from the county jail here about two weeks ago, and both were captured a few hours later. Because of defect in the information against O'Daily was dismissed when he was arraigned Monday, and the prosecuting attorney's office was permitted to file a new information.

Edward Redford, charged with attempt to pass a fictitious check, stated on arraignment that he was unable to employ counsel, and W. Orr Chapman was by the court appointed to represent him at trial.

Edward J. Murray and Mrs. Avery, charged jointly with illegal possession of liquor, and Jacob Lane and Jack La, also charged with violation of the liquor laws, will enter their pleas today.

Judge Babcock at the opening of the day, called the calendar and set for hearing this week, motions and demurrers to 40 pending suits on the civil calendar.

VOTE IS CLOSE ON AMENDMENT

Official Tabulation of Twin
Falls County Election Re-
turns Gets Under Way.

Official tabulation of the vote cast in Twin Falls county at the election Tuesday of last week was begun Monday by the board of county commissioners and county auditor and it probably will be completed today.

The tabulation Monday, which included Twin Falls, Buhl and Kimberly precincts, showed a close vote on the proposed constitutional amendment that would extend powers of the state legislature over grants of water for power purposes. In these precincts there were cast for the amendment 856 votes, and against it 1070 votes.

The amendment was voted down in all of these precincts except Twin Falls No. 2 and No. 7 and Buhl No. 2. In Twin Falls No. 1 the vote was 108 for and 109 against the amendment.

Relatively few of the electors voted on the amendment.

Tabulation of Twin Falls precincts showed that W. S. Mallory, republican, and Kennedy Packard, democrat, have been re-elected justices of the peace over E. R. Pinkie, progressive.

The vote was Mallory 1734, Packard 1025, Pinkie 825. Mr. Mallory received the highest vote in all precincts except Twin Falls No. 3, in which Mr. Finke received a plurality of 11 votes.

Carl J. Donahoe, republican, was elected Twin Falls commissioner over R. A. Graham, democrat, and E. W. Murphy, progressive. The vote was Donahoe 2661, Graham 531, Murphy 972.

Canal Company Directors to be Urged
to Seek Effective Means of Com-
bating Dangerous Pest.

Warning of extreme danger in prevalence of wild morning glories and other noxious weeds in this region together with recommendation that an effective method of combating this menace be worked out at the earliest possible moment is to be laid before directors of the Twin Falls Canal company at an early meeting by the members of a resolutions committee recently appointed to report to the canal company stockholders at their next annual meeting.

Statement to this effect was made Monday by M. J. Sweeney, chairman of this resolutions committee.

The committee also will urge the directors to take steps toward obtaining detailed information in regard to possible development of power possibilities in the canal system, Mr. Sweeney said.

SUES FOR \$35,000 FOR
WIFE'S LOST AFFECTION

W. E. McMaster, Crook Creek, Accuses
Clyde Edminister and Asks for Cash
Settlement.

In return for alleged loss of the affections of Neva McMaster, his wife for 20 years, W. E. McMaster of Crook Creek asks, in a suit instituted in district court here Monday, for \$35,000 from Clyde Edminister of this city. It is alleged in the complaint that Edminister during a period of seven months beginning in September, 1923, sought to induce Mrs. McMaster to leave her husband and come with him to Twin Falls, with the result, it is alleged, that she has become wholly estranged from her husband and has left their home.

McMaster is represented by Attorneys S. L. Hodgkin and J. L. Hodgkin.

Weather Man Records Season's Coldest Day

Forecast for today: Fair, except rain or snow in extreme north.

Precipitation records were swelled by snow that fell Monday following heavy rain Sunday. Measurements at the government weather observer's station showed one inch of snow on the ground Monday morning, and precipitation Sunday was .18 of an inch, the weather records show.

Monday was the coldest day of the season with maximum temperature for the day at 35 above, only four degrees above the frost line. Low for the 24-hour period ending Monday evening was 24 above. Mercury's high mark Sunday was recorded at 52 above with low at 29 above.

AUTO DRIVER FACED BY CHARGES IN STATE COURT

Don Linville, Alleged to Have Caused
Injury of Telegraph Messenger, to be
Prosecuted for Road Law Violation.

Charge of violating state road laws was Monday lodged by the prosecuting attorney's office against Don Linville of Twin Falls, who is alleged to have caused serious injury to Charles Zimmerman, 17, Western Union Telegraph company messenger, in a collision Sunday evening of last week at the intersection of Shoshone street and Sixth avenue north. At the same time a charge of reckless driving lodged in police court against Linville in connection with this occurrence was dismissed on motion of City Attorney A. J. Myers.

The complaint filed by the prosecuting attorney charges Linville specifically with failure to cross the center of the street intersection before turning to the left.

Zimmerman, who was thrown from his bicycle by the impact, is a patient at the county general hospital. He received fracture of his left arm, two ribs on the left side and one bone of the leg.
