BARBECUE ENDS WATER WAR OF INYO RANCHERS

Feast Brings to Close Another Episode in 20-Year Fight Against City for Rights in Owens Valley.

LOVEPINE, Cal., Nov. 23 (AP)—A barbecue, not blooded, brought to a close today another chapter in the 20 year long water rights feud between the city of Los Angeles and ranchers of Owens valley.

The open air feast planned as a sign of defiance, instead became a feast of celebration, marking an end to the latest episode of the water rights war, the so-called "Sunday" by Los Owens valley ranchers of the Alabama gates of the Los Angeles aqueduct.

Tonight slight violence remained of the well organized "war" which housed the 75 to 150 men, women and children who had held the waste gates of the aqueduct in defiance of the courts and sheriff of Inyo county, and the water which had been diverted into the Owens river instead was coursing down the aqueduct into the city's reservoirs.

Changed by Wire.

Ranchers who previously had declared that they would release their possession of the gates for nothing short of the appearance of state troops or the presentation by Los Angeles of an acceptable solution of the water rights controversy decided to abandon their policy when advised in a telegram from W. W. Watterson, Inyo county banker, that the city of Los Angeles would use their best efforts to effect an equitable settlement, but not while the aqueduct was in the hands of a mob.

The waste gates were closed during the early morning and at dawn the "army of occupation" started rolling its tanks.

Turning Valley Into Desert.

The aqueduct was seized in an attempt to force the city to abandon its policy in the purchase of water rights, which the Owens valley ranchers assert is turning the district into desert. The sheriff, Charles Collins, refused to act in the case and twice appealed to Governor Friend W. Richardson stating that only the appearance of state troops would prevent bloodshed and civil war in the valley. Both appeals were refused.

District Attorney Jess Hession, who left yesterday for San Francisco to confer with Governor Richardson, was urged today in a telegram from Sheriff Collins to improve upon the governor's urgency for immediate action toward the settlement of the long standing controversy. Collins predicted another outbreak if action was delayed.

GRAIN RATES SUSPENDED

WASHINGTON, Nov. 23 (AP)—Proposed new schedules increasing the rates on grain products from points in Idaho and Washington to Pacific coast ports and related points were suspended by the interstate commerce commission today from November 21 until March 1, 1925.

The proposed new schedules would increase the grain rates from 25 1/2 cents to 28 cents per hundred pounds from Ilwaco, Portland and Coos Bay, Astoria, Gresham, Oregon, and Seattle, Wash.

CREMATION CASE STILL CLOVELESS

Funeral of Pastor's Wife Held at Old Home; Body in Furnace Baffling.

COLUMBUS, Ohio, Nov. 23 (AP)—Efforts to solve the mysterious death of Mrs. C. V. Sheatley, wife of the pastor of Christ Lutheran church, Bixley, Ohio, today were being sought from Mrs. Lydia Spensler, intimate details concerning Mrs. Sheatley's early life and her domestic relations after marriage to the Rev. Mr. Sheatley, in a hope on throwing some light on a theory that Mrs. Sheatley may have committed suicide.

While local efforts to solve the mystery of Mrs. Sheatley's death failed here, they were being pushed by County Prosecutor John B. King and City Detective Harry Carson, at the scene of the funeral and in Canton, 12 miles away, where relatives of the dead woman live. There, the officials sought from Mrs. Lydia Spensler, intimate details concerning Mrs. Sheatley's early life and her domestic relations after marriage to the Rev. Mr. Sheatley, in a hope on throwing some light on a theory that Mrs. Sheatley may have committed suicide.

Transfer Man Will Get \$30,000 If He Weds Right Woman

Uncle Leaves Part of Estate to Spokane Man; Bobbed Hair Barred.

SPOKANE, Nov. 23 (AP)—R. H. Le La Cheur, a transfer man of this city, will receive \$30,000 from an estate of an uncle, who died in France recently, if he weds a woman with unbobbed hair, "who does not suck his money and who has good judgment and pride in her name." He said today he expects to be able to qualify for the bequest.

Le La Cheur was informed of his legacy by a Minneapolis attorney who had sought him in Montana, Idaho, and other states where he formerly resided. He said his uncle "had an aversion for women."

Le La Cheur obtained a divorce about a year ago.

Bombs and Pistols Used in Attack on British Authority

Highest Military and Civic Official in Egypt Dies From Wounds in Cairo Hospital; Assassins at Large.

CAIRO, Egypt, Nov. 23 (AP)—Major General Sir Lee Oliver Stack, governor general of Sudan and sirdar of the Egyptian army since 1919, has succumbed to the bullets of assassins. He died last night at a Cairo hospital.

The sirdar was attacked yesterday by a group of men, failing to achieve their purpose with a bomb, opened fire on him with revolvers. General Stack was wounded in the abdomen, the hand and foot, one of the bullets passing under the lung. From the first his condition was serious and there was slight hope this morning that he would recover. After an operation, performed yesterday, he passed a fairly good night, but the loss of blood was so great that two transfusions were necessary.

Remains Conscious.

He remained conscious until the afternoon, then a change for the worse occurred and he gradually slipped away, dying about midnight. Lady Stack, who had been induced overnight to take a much needed rest, remained by her husband's bedside almost the entire day.

The whole country is profoundly shocked at the outrage and the gravity of the situation is everywhere realized. The press denounces the crime in the strongest terms.

Thus far the assassins have not been traced, although several arrests have been made on suspicion.

LONDON IS EXCITED.

LONDON, Nov. 23 (AP)—The announcement from Cairo of the death of Major General Sir Lee Stack has aroused intense feeling in London. The British cabinet held a specially summoned council today probably to discuss the outrage and the policy to be followed.

At that time, however, the sirdar had not succumbed to the wounds inflicted by assassins.

Although the king of Egypt and the Sudan authorities have taken a correct attitude, it is said that the British government will disavow any strong note insisting on prompt satisfaction for the assassination and guarantees for the cessation of anti-British propaganda.

OPIMUM CONFERENCE AT GENEVA IS CONCLUDED WITH LIVELY CLIMAX

GENEVA, Nov. 23 (AP)—A lively incident marked the close this afternoon of the session of the international opium conference when John Campbell, a Scotchman, is the official delegate of India, protested strongly against the declaration alleged to have been made during the session by a British missionary that the government of India did not represent the people of India.

The incident came as an unexpected climax to the meeting which had been set apart for hearing the views of the world's private organizations on opium and narcotic drug evils. Inspiring appeals for effective measures of control were made by eight speakers, among them the American women, Mrs. John J. Moorhead of New York, representing the foreign policy association of America, and Mrs. Hollister Sturge, of Philadelphia, representing the White Cross of America, who acted as substitute for Canon Bliss of Seattle, who is ill in a Geneva hospital.

EVIDENCE PRESENTED IN TAYLOR CASE ON CHARGES OF MURDER

MOUNTAIN HOME, Nov. 23 (AP)—Evidence tending to prove that Vern L. Taylor shot Dan McLaughlin on the street here March 31 following a threat against McLaughlin's life, alleged to have been made by Taylor, was presented today by the state. Taylor is being held today by the state. Taylor is being held today by the state. Taylor is being held today by the state.

COOLIDGE BUSY ON MESSAGE TO SHORT SESSION

President to Make Recommendations to Congress Which Convenes December 1; to Outline Stand.

WASHINGTON, Nov. 23 (AP)—President Coolidge today began writing his message to congress in which he will set forth recommendations for legislative action at the short session which convenes December 1.

The message is expected to include a definition of Mr. Coolidge's position on national problems already stated to some extent in speeches and in his message to the last session of congress. In view of the administration's present intention not to ask for further tax reduction pending a study of the new tax bill just put into effect and to await the report of his special commission on agricultural questions, it is not believed the president will make any recommendations for outstanding legislation, including his remarks along this line to numerous pending proposals before congress, among which are the departmental reorganization bill, the naval reconstruction measure, reclamation proposals and some railroad legislation.

Mr. Coolidge has indicated he will send the message to congress to be read by the speaker, but he has not yet changed first by President Wilson and followed since his administration.

STRONG DEFENSE FORCE DEMANDS

Legion Head Tells Labor Convention of Need for Proper American Safeguards.

EL PASO, Texas, Nov. 23 (AP)—Adequate defense forces on land and sea will be demanded by the American Legion, "until lasting international concord is established on principles of justice," National Commander James A. Draia told the annual convention of the American Federation of Labor today.

The Legion desires peace, and strives for peace because it knows war," he said. "It is doing what it can to bring about the reduction of armaments. But until that day comes when a lasting peace is established on principles of justice, the United States must maintain a navy equal to any. Its army must be very efficient and capable of quick expansion to the emergency of war; and its air forces must be adequate. We must have reserved forces for land, sea and air, and industry must be prepared for the demands of war."

Commander Draia outlined the legion program for disabled veterans and for child welfare, and pledged legion support for a universal war time conscription measure applicable to wealth as well as men.

DAIRYMEN'S ASSOCIATION REPORTS ON FIRST MONTH

Members of the Twin Falls County Co-operative Dairymen's association during the month of October, sold through the association to the co-operative creamery at Jerome a total of 20,000.0 pounds of butterfat for which they received net payment in the aggregate of \$11,295.20, or an average of 56.5 cents per pound, according to report made public Thursday by L. B. Otto, of Ellet, secretary of the association.

Twenty per cent increase over deliveries during the corresponding period of October last year, Mr. Otto stated. Many new patrons are coming into the association and appreciation of the house to house delivery service is expressed. Contract for the long haul across the river to Jerome has been awarded to L. B. Goodrich of Twin Falls, and trips are to be made from Dub and Hansen and to Jerome by way of Eden.

Association members in the vicinity of Dub delivered most cream during the month of October, with Kimberly patrons making next largest deliveries.

HOOVER WILL REMAIN

WASHINGTON, Nov. 23 (AP)—Secretary Hoover has definitely decided to remain in the cabinet despite various offers by commercial organizations to secure his services.

Murder May Bare Smuggling Plot

Below: ROSITA MARTINI & HARRY I. KATZ. Below: DOROTHY CARROW & HARRY HALL.

INSANITY PLEA IS EXPECTED IN MURDER TRIAL OF WATKINS

BOISE, Nov. 23 (AP)—Objections by counsel for the state to certain testimony at this stage of the trial of Nick Watkins, former Union Pacific passenger brakeman, charged with murder in connection with the slaying of Dave Jennings, a fellow brakeman, by E. Watkins of Weiser, Idaho, at the defendant, today temporarily stayed progress of the trial before Judge Dana E. Brink in district court. Taking the trend of the questions put by Robert S. Deland, one of counsel for Watkins, as indicating that the plea of insanity is to be raised as a defense, according to a statement by state counsel, objections were based on the grounds that no proper preparation has been made for interposing such a plea. If the defendant is insane, said Charles F. Roedel, associate counsel for the prosecution, evidence must be presented of it, and then the defense will have the right to show cause of it.

BANK BANDITS ELUDE CAPTORS

Ada County Sheriff Thinks Robbers Have Left Country; Trusty's Story Not Believed.

BOISE, Nov. 23 (AP)—Oliver Jones and Charles F. Eagle bank robbers, who escaped from Ada county jail October 16, are no longer in the county, L. R. Allumbaugh, sheriff, declared today at the end of a third day of fruitless search.

As to Dykeman's identification of Jones and Langer and his circumstantial story of what happened, "I believe most of it is fabrication," the sheriff said.

Dykeman was in jail with the two men, and should, the sheriff said, have recognized them when he saw them.

"It is undoubtedly true that the trusty was tied up at the Wilson ranch, but that might well have been done by anyone anxious to help him, along with the two men who were with him. Dykeman has been anxious for a pardon and it is possible he thought he could make himself out a hero in this affair and then could proceed on the government."

Dykeman told them, the sheriff said, that Jones and Langer had an automobile cached in a canyon near the cabin where they were hidden, but careful search failed to reveal a machine, or any trace of where a machine had stood, Allumbaugh said.

MARKET BREAKS TRADE RECORDS

New York Exchange Experiences Heaviest Day Since 1916; Rail Issues Lead.

NEW YORK, Nov. 23 (AP)—Breaking all records for the volume of business transacted in the post election boom, the stock market today swept upward to new high levels under the leadership of the lower priced railroad shares. Sales on the New York stock exchange totaled 2,504,000 shares, the heaviest day's trading since December 21, 1916, when the frenzied trading which followed the "lock" in President Wilson's peace note sent sales above the 3,000,000 mark.

The avalanche of buying orders for the speculative rail issues which poured into the stock market was instrumental in carrying the general price average to a record high for all time. Sixty-three individual high records were established during the day's trading, in which 350 issues were dealt in, compared with yesterday's high of 574.

A series of optimistic predictions by railroad executives regarding 1924 earnings, reports of progress in several pending mergers and of the successful conclusion of refunding plans by some of the roads contributed to the extraordinary demand for the carrier shares.

THEFT CHARGES AGAINST YOUTHS ARRESTED HERE

James Green, alias J. E. Haines, 19, and Ray Taylor, 18, who are alleged to have stolen 15 cartons of cigarettes at American Falls, were arrested here Thursday by the police and will be delivered into the custody of an officer from American Falls who is expected to arrive here today. Shipment of the cigarettes that are alleged to have been stolen was traced to this city, and the arrests were made after Taylor applied Thursday forenoon at the express office for the cigarettes, Green being taken in custody at a local lodging house.

CALLS COURT IN QUESTION

Jurisdiction and proceedings in Justice of the Peace, Kennedy's Packard's court here in a suit brought last October by Edith Taylor to recover claim of \$14.40 from Ada E. Butler of Rock Creek, are called in question in an application for writ of review filed in district court here for Mrs. Butler by Sweeney and Sweeney, attorneys. It is alleged that plaintiff Taylor was permitted to amend his complaint without the aid of the defendant and that other proceedings were irregular.

FLIER'S BODY IS FOUND.

LISBON, Nov. 23 (AP)—A dispatch received here today from Oatend, Belgium, says the body of Commander Reaumur Cabral, the Portuguese aviator, who was lost on a flight from Amsterdam to Lisbon, has been found in the North sea.

CONGRESS WILL SEE FIGHT ON TAX PUBLICITY

Indictment of Baltimore Newspaper Leads to Laying Plans for Killing Clause in Short Session.

WASHINGTON, Nov. 23 (AP)—The publicity clause of the income tax law proposed to be the basis for a lively fight at the next session of congress. Coinciding with the indictment today of the Baltimore Daily Post in a test case by the department of justice on the publication of income tax lists, Senator Harrison, democrat, Misses Ipp, issued a statement declaring that although he voted for the publicity session, he was not opposed to it. He asserted it was harmful to business and to the general welfare and he would co-operate with republicans to change the law.

Discontent Shown.

The statement added new life to the smoldering discontent of a number of senators who are displeased with the results of publicity. Chairman Snoot of the senate finance committee, declared he would lead a fight in the senate to shut off all publicity to income tax returns and that he did not believe under the present law newspapers had the right to publish income tax returns. He explained that he fought the insertion of the publicity clause in the tax bill at the time it was presented.

On the other hand, Senator Norris, republican, Nebraska, who drafted the original publicity clause which was adopted after amendment in conference asserted that if any attempt was made to strike out the clause, he would make an effort to shed still more publicity on tax returns. He declared that publicity worked a hardship only on the dishonest taxpayer and secrecy forced the honest taxpayer to bear the brunt of the burden.

DAMAGING TESTIMONY AGAINST INSPECTOR IS GIVEN IN COURT

CHICAGO, Nov. 23 (AP)—The defense in the case of William J. Faby, former postal inspector, who, with James Murray, Chicago politician, and Walter McCormick, is on trial for the \$20,000 mail robbery at Broadmont, Ill., on Jan. 1, today received a surprise when a postal official testified that at Faby's request he had furnished the inspector with a list of all registered currency packages in the city.

The witness was Louis A. Weger, night superintendent of the registry division of the Chicago postoffice. In May, he said, Faby ordered him to furnish him a list of all currency packages to all important points particularly Indianapolis and Milwaukee, he said, the postal inspector explaining that he had information which made him believe a raid was contemplated on the mails anywhere between Milwaukee and Chicago.

BOYS TO CONVENTION.

BOISE, Nov. 23 (AP)—Two hundred boys from southeast Idaho are expected in Boise tomorrow for the annual south-western Idaho Old Boys' conference, being staged under the auspices of the state Young Men's Christian Association.

CHICAGO GANGS AGAIN AT WAR

One Killed and Another Wounded in Latest Outbreak of Trouble in Windy City.

CHICAGO, Nov. 23 (AP)—The shooting to death of one man and the wounding of another today were attributed by the police to the latest outbreak in Chicago's gang war. The body of Tony Mancuso was found strangled with "butts" in a south side alley. He wore a valuable ring, carried a gold watch and his wallet contained \$37.50, had not been disturbed. A few blocks away a man who is believed to be Michael Mikovitch, a Polish gangster, was testified that the men had been passengers in his car, Chicago bound, two days after the killing.

DISCUSS PLANS TO ELIMINATE TIMBER WASTE

Forest Officials and Manufacturers of Wood Products Meet to Work Out Conservation Methods.

WASHINGTON, Nov. 20 (AP)—Methods for eliminating waste in the forest products industry were considered by the national conference on utilization of forest products yesterday at first of a two days' session at which steps were taken looking to a permanent organization.

The conference, the first of its kind to be held, was opened by President Coolidge with an address in which he called for a specific program of timber saving and warned that the nation faces a timber exhaustion situation which must be met by diminishing waste and increasing the supply.

From 350 producers, manufacturers and consumers of wood and wood products, Acting Secretary Gore of the department of agriculture, appointed a committee of 24, headed by A. C. Good-year of Buffalo, N. Y., which will report on a permanent organization to be formed when the conference is expected to take steps looking to a long-time program for reducing waste in the industry.

Outline Conditions.

The sessions today were given over to speakers who outlined conditions confronting the industry. Those who addressed the delegates included Mr. Gore for the agricultural department under whose auspices the conference is being held; Secretary Hoover, of the department of commerce, who said a brief word of welcome; J. Walter Frake, assistant secretary of the commerce department; William B. Greeley, chief of the forest service, and men prominent in the wood industry.

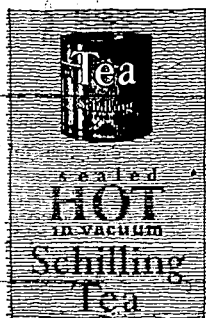

Referring to the utilization of raw materials worked out by the chemists and metallurgists in this country, C. H. Macbrow, president of the Armour fertilizer works, urged a study of the makeup of the materials handled to ascertain their possibilities.

WORLD'S RECORD IS BROKEN IN POCATELLO BY RAILROAD SHOPS

POCATELLO, Nov. 20 (AP)—The Pocatello general shops of the Oregon Short Line have broken a world's record for safety first work, according to an announcement made by Superintendent J. J. Koller. The Pocatello general shops have operated to date for 157 consecutive days without a reportable injury. The aggregate time worked by the employees of the shops in that period of more than five months has reached a total of 1,261,338 man hours. An injury is reportable which causes the loss of three working days and this method of designation is in use in all of the large shops of the country.

Wanted, the business people of Twin Falls to eat oysters and chili at the Big White store, Saturday evening from 6 to 8 o'clock, served under the auspices of the men of the Baptist church.—adv.

Mrs. F. C. Patterson, who formerly baked pies and cakes for drug stores, will now sell her home cooked foods in the window of the U. S. meat store every Wednesday and Saturday.—adv.

NEGRO SCIENTIST HIGHLY HONORED

Head of Tuskegee Research
Department Finds New Com-
mercial Uses for Products.

NEW YORK, Nov. 20 (AP)—Dr. George W. Carver, negro scientist, who heads Tuskegee institute's scientific research and experiment station, believes that his discoveries, "through divine providence," of new commercial products from sweet potatoes, peanuts, pecans and common clay will mean an economic revolution of the south.

Speaking yesterday in the marble collegiate church in Fifth avenue, Dr. Carver told an audience that he had developed 118 commercial products from the sweet potato, 176 from the peanut, 85 from the pecan and more than 300 from the common clay of his native south. His accomplishments in "creative chemistry" have won for him a fellowship in the Royal Society of Great Britain and in 1923 he was awarded the Spingarn medal, given yearly to the American man or woman of highest achievement in any field of human endeavor.

The sweet potato, Dr. Carver told the audience, is the source of three or four kinds of flour that makes better bread than any cereal and also coffee, vinegar, molasses, ink, shoe polish, paints, dyes, tapicins, breakfast foods, starch, face powder and many other products. A large factory is being erected outside Tuskegee, where paint is to be produced from sweet potatoes, Dr. Carver said. He announced that he had discovered 35 different kinds of milk in the peanut and richer than cow's milk.

Divine revelation was credited by Dr. Carver to the discoveries he had made. He said he believed that with development his discoveries would bring about an economic revolution of the south. Explaining his discoveries, Dr. Carver said:

"No books ever go into my laboratory; the thing that I am to do and the way of doing it comes to me. I never have to grope for methods; the method is revealed at the moment I am inspired to create something new. Without God to draw aside the curtain I would be helpless."

DEPEW IS INTRODUCED AS MAN ATTEMPTING TO OUTLIVE STATUE

NEW YORK, Nov. 20 (AP)—Elliott Root introduced Chauncey M. Depew at a luncheon of the Pilgrims society yesterday by saying "there is a long-ovity contest under way between the bronze statue in Peekskill and Chauncey Depew." The latter conferred with the observation that there is always jealousy in old age statistics and added that "Elliott Root will not be 80 for three months, whereas I will be 91 in five months."

DAVIS GOES ABROAD FOR RECREATION AND REST AFTER CAMPAIGN

NEW YORK, Nov. 19 (AP)—John W. Davis and his wife sailed on the French liner Paris yesterday for three months of rest and recreation in Mediterranean countries.

A reporter jokingly accused Mr. Davis of having tried to slip abroad without making his plans known. "No, I didn't," said the lawyer. "I told anybody who wanted to know. But nobody appeared to be interested. That shows how soon a man is forgotten."

Another man ventured that if the nation had voted as New York ship news reporters did, Mr. Davis would have been elected president.

"I am glad that so many persons of discretion are still attached to the press," said Mr. Davis and he laughed. He said he had read published forecasts of an organization of the democratic party, but declined to comment on a question whether the party would have a chance four years hence. He said he was "willing to say that the party will carry on and will be up and fighting in the next campaign."

Eastern Potentate Pays Immense Sum for Wrong Doing

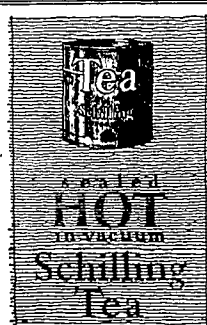

Court Action in London Reveals
Blackmail and Agreement to
Pay Million for Man's Wife.

LONDON, Nov. 20. (AP)—How an eastern potentate who, because of his high position, is known in court as only "Mr. A," is alleged to have paid 150,000 pounds sterling in settlement to a husband who discovered the potentate's relations with his wife, came out today during the trial of a suit by C. E. Robinson, a former bookmaker, to recover 125,000 pounds which he alleges a London bank owes him on account from the potentate.

The bank asserts that the money was never received for Robinson and also alleges that the plaintiff was a party to a blackmail plot and therefore is not entitled to recover. Robinson, who declares he accepted money, only on behalf of his wife from whom he was forced to part, in rebuttal, charges blackmail against others who are not parties to the present action.

The case has created a profound sensation throughout the country in view of the statement of Lord Halsbury, representing Robinson, that the trial would reveal "the most hideous case of blackmailing conspiracy" ever heard in the British courts.

The next issue of the Telephone Directory goes to press November 29th; those contemplating installing telephones, or changes, should arrange for them before that date.—adv.

FIRTH ON HAND FOR GRID CLASH

Contest on Lincoln Field for Interdistrict Title Promises to be Memorable.

Prospects for a memorable gridiron battle to be waged here this afternoon when Firth rural high school's undefeated football team is to clash on Lincoln field with Twin Falls high school's football machine, were enhanced Thursday afternoon with the arrival here of Firth's husky gridiron squad.

The contest today is to decide an interdistrict championship and will determine which of the two contending teams shall qualify for the state championship game.

In preparation for the game today, Lincoln field was covered Thursday with a thick layer of straw as a measure of protection against mud. Straw this morning will be removed and it is expected that the game will be played on a ground to overcome to a degree the effect of recent wet weather.

Surprises in Store.

Twin Falls football enthusiasts as well as the players and their mentors have not been disposed to underestimate the prowess of their foe in today's contest. Twin Falls squad has not yet tasted defeat this season, and has played pretty much one kind of football. Coach Felix Platinio let drop a remark recently that championships are not to be won with one kind of football alone, and it is expected that he will unceremoniously today some new and surprising plays.

Firth already has displayed familiarity with various brands of football, and in the Armistice day game in which Firth won the district championship from Pocatello, 13 to 6, Firth put up an entirely different game than in an earlier clash this season with Pocatello that resulted in a 6 to 6 tie score.

Coach Platinio's men, then, will be up against adversaries who have been well drilled under capable generalship of Jack Williams, Firth's football mentor, who, by the way, is a graduate of Utah Agricultural college and has been named coach of the University of Minnesota, as has been rumored hereabouts.

Firth's spectacular gridiron record showing a total of 271 points for against 17 for opponents in seven games this season, becomes almost momentous, when it is taken into consideration that Firth began playing football only last year and then was counted capable only of making things interesting for smaller schools and second-string teams.

Builds Great Machine.

With a student body that numbers only 130 boys and girls, and with only 24 lads showing up for practice at the beginning of the present season, Williams has built up a football machine

IDAHO MAY GET CHANCE TO PLAY NOTRE DAME 11

Eastern Champions Coming West and Vandals Are Likely Contenders; Big Game Saturday.

MOSCOW, Idaho, Nov. 20.—(Special to The News)—Saturday Idaho plays her third game with Southern California, and on the outcome of that game may rest the contender against Notre Dame, undefeated eastern football team, for a New Year's day game at Pasadena. There is a possibility that the Vandals of Idaho may be chosen to play Notre Dame on that date. California is to play Pennsylvania at Berkeley, and the Pasadena classic may go to Idaho for Knute Rockne, the South Bend coach, is coming west and says he will play the team picked out for him by the conference.

If Idaho wins Saturday, her team will more than likely be picked to meet Notre Dame. This will be the third game with southern California for Idaho and each time before she has been beaten by the Trojans. Idaho, however, isn't depending on any kind of new of Lady Luck, for that ubiquitous character hasn't been a consistent friend of the Vandals. The game means a lot to Idaho and Matthews' men are working hard to win it.

Means Second Place.

To win assures second place in the coast conference in a season of unusually strong clubs. To lose means to drop to fourth place at least, depending on the outcome of the Washington-Washington State game at Seattle the same day.

Idaho goes into play Saturday with a light fast team that is expected to put everything they have into the first quarter of play, get an edge on the Trojans and keep that edge through the rest of the game. Idaho has been defeated but once in her six games this season and that by Stanford.

It is certain to make Idaho gridiron history in the contest here today.

Seventeen players compose the Firth squad that arrived here Thursday. Players in the positions they have most frequently held during the season are: Vornett and P. Brewington, ends; R. Jensen and A. Brewington, tackles; Hansen and W. Dye, guards; Christensen, center; T. Jensen, quarterback and captain; Young and Berg, halfbacks; Savage, fullback. In addition to these the squad includes T. Lockyear, D. Lockyear, Coons, Helm, Frandsen, S. Dye.

TWO SISTERS MARRY AT SAME TIME

MISS JOAN CHANNING, prominent New York society girl, was married to Philip B. Niles, and her sister, Mary, was married to Gregory John Tobin in a double marriage ceremony.

While the big Pacific coast championship game Saturday is between Stanford and California, Idaho's sons look upon the game at Los Angeles as the big game and are staking all their hopes upon it.

Southern California so far has played eight games and of these they have lost two. These being to California and to St. Mary's, a little school practically unknown outside its own section.

Scores of Two.

Scores of the two teams and the teams they have played follows:

Idaho	0
Gonzaga	0
Montana	13
Washington State	3
Stanford	3
Oregon Aggies	0
Oregon	13
Southern California	78
California Tech.	6
Pomona	0
Arizona	0
Oregon Aggies	2
Nebraska	7
California	7
St. Mary's	14
Montana	31

BUHL MAN USES KNIFE IN FRAGS

O. D. Sanford in Hospital With Two Cuts in Back; Alleged Assailant in Jail.

O. D. Sanford, Buhl district farmer, is a patient in the county general hospital here suffering from two knife wounds in the back that are alleged to have been inflicted by C. G. Bayliss, a neighbor, following a quarrel early Thursday afternoon at a public sale three miles west of Buhl. Sanford's condition was Thursday evening reported to be favorable. Bayliss is held a prisoner in the county jail here on charge of assault with a deadly weapon. He was arrested by A. D. Wilson, constable at Buhl, shortly after the alleged attack and was delivered into the custody of Sheriff M. E. Finch.

The quarrel that is alleged to have led to the stabbing is said to have started in a dispute over the sale of a cow by Bayliss to and about a year ago. Sanford is reported to have struck and kicked at Bayliss who retaliated by drawing his pocket knife and stabbing Sanford twice in the back. The first knife thrust struck the spinal column and the second a rib.

Sanford is a widower and has two children. Bayliss is married and has two children.

TWO CARS OF CATTLE AND ONE OF HOGS GO TO MARKET

A double deck car of hogs, shipped by J. L. Dunham and one car of cattle consigned to W. M. Maurer, left Twin Falls Thursday for the markets.

JURORS REJECT DEFENSE STORY

E. J. Murray and Mrs. Avery
Are Found Guilty of Illegal
Possession of Keg of Liquor.

E. J. Murray and Mrs. A. Avery were by a jury in district court here Thursday found guilty of illegal possession of a five-gallon keg of liquor which Police Officer H. O. Butz, principal witness for the state testified that he had taken from the car at the residence of Mrs. Avery's car on the evening of October 10, last, when they stopped in Mrs. Avery's car in the rear of the lodging house on Main avenue east of which she was proprietor. The verdict was returned by the jury after about 30 minutes' deliberations. Judgment in the case, Judge W. A. Babcock, announced, will be pronounced, next Monday. Murray and Mrs. Avery were admitted to liberty on their bonds until that time.

Cross examination of Officer Butz, which was begun Wednesday afternoon by W. Orr Chapman, attorney for the defendants, and continued throughout Thursday's session until nearly 3 o'clock was an outstanding feature of the trial.

Murray Implies Framing.

Testifying in his own defense, Murray stated that he knew nothing of the keg of liquor; that he had seen it in the police station some days before his arrest on charges of its possession, at which time, he said, he saw it only when Officer Butz placed it in Mrs. Avery's car and directed him to drive with Mrs. Avery to the police station. He testified that the officer struck him several times before advising him that he was wanted for illegal possession. He said that there had been personal differences between himself and the arresting officer.

Mrs. Avery denied any knowledge of the keg or of a coil of rubber hose which, state's witness testified, was discovered in one of two boxes containing 72 empty quart bottles that were taken from Mrs. Avery's car at the time of the arrest. She said the bottles were to have been used as containers for catsup.

In addition to the testimony of Officer Butz, Prosecuting Attorney J. W. Taylor introduced in evidence the testimony of S. S. All, Twin Falls commissioner of public works, and of H. D. Read, custodian of the police station, both of whom were at the police station when Murray and Mrs. Avery arrived there following their arrest.

ANNOUNCEMENTS

The Twin Falls chapter of the Idaho State Nurses' association will meet at the home of Miss Grace Bryant, 201 Tenth avenue north, on Monday evening, November 24, at 8 o'clock.

The Royal Neighbors of America will meet in regular session this (Friday) evening at 8 o'clock in I. O. O. F. hall. Final arrangements will be made for the trip to Hagerman next Tuesday evening.

This afternoon at 2 o'clock the Twentieth Century club will give a bridge tea at Justamere Inn. There will be a small charge for those playing bridge. All club members are especially urged to attend. If you do not play bridge come to tea from 4 to 5. Those wishing to play may call any of the following committee and make reservations: Mesdames I. H. Masters, Claire Davis, T. E. Hunter, Kenneth Beach, L. Friedman and H. C. Gettett.

The Pythian Sisters' social club will meet this (Friday) afternoon at the home of Mrs. C. N. Anderson, 537 Sixth avenue east.

HUNTERS BATTLE WITH ELEMENTS

Los Angeles Men Emerge at
End of Rigorous Journey
Through Mountains.

About all of the experiences that could enter into an extended hunting expedition into remote fastnesses of central Idaho during late fall and early winter seem to have been the portion of two wealthy Los Angeles men, Fred H. Johnson, contractor, and M. Schenker, realtor, who arrived here late last September and set out on a hunting trip to the Chamberlain basin region from which, according to word received here, they have just emerged and are now at Challis. The expedition, from a sportsman's viewpoint, was successful, and elk, deer and goat were bagged. The return trip from the hunting

grounds to Challis over treacherous slide-rock trails obliterated by drifts of snow four and five feet deep, was a most rigorous experience. Pack horses fell and were buried under snow and had to be lifted bodily by the hunters and their guides. In view of the long absence of the party and time consumed in coming out of the basin country, relief was felt here when word came that the hunters had at last arrived at Challis. Hunters here say there are five possible ways out of Chamberlain basin, and it believed that this party came out over Morgan creek summit. Members of the party on the way to the hunting grounds last September left their cars at Robinson Bar, where they are likely to remain, along with some 15 cars reported to have been left at Boy's ranch until spring opens roads to travel to that region. The Los Angeles men will return here by way of Mackay.

Tom Williams, well known guide, and Frank McAuley of this city, a former service man who spent the season in the hills for the benefit of his health, conducted the Los Angeles men through the region they have traversed during the nearly two-months period occupied by the excursion.

Height of Soldiers

The average height of men who served in the United States army during the World war was 67.40 inches.

LITTLE GIRL AND FATHER ARE STRUCK DOWN BY CAR

Sarah Belle Burns, Four Years Old,
Daughter of E. B. Burns of Kim-
berly, Fatally at Hospital.

Sarah Belle Burns, four years old, daughter of E. B. Burns of Kimberly, is a patient in the county general hospital here suffering from injuries about the head and legs that were caused when she was struck Thursday afternoon on the highway by a car. Her injuries are believed to be not serious and her condition Thursday evening was reported to be favorable. The little girl and her father, who were going to the mail box, both were struck by the car and the father also was injured about the arms and legs.

THIS WILL HELP.

It is not too soon to begin to think of the matter of Christmas shopping. Christmas gifts and the mailing of Christmas packages.
Shopping, to get the best results, should be done early; so, too, should the mailing of those gifts intended for persons living at a distance. There is bound to be disappointment and downright annoyance for all concerned if people simply refuse to get any part of the Christmas business over prior to the last preceding week or so.
It has been that way in the past, and to some extent it will always be that way. But much trouble will be saved clear down the line if people will just start to begin to get ready, as it were, a few days in advance of the final hectic week which precedes Christmas.
At that, Christmas is only about five weeks away.

THE ONCE-OVER HOSPITAL.

The public "clinic" or "diagnostic center," as doctors term it, is the latest thing in health work. It is a place where anyone can go and be told what, if anything, is wrong with him physically.
A large department of this sort is being established as the result of a generous gift to one of the Kansas City hospitals. It will have equipment and an adequate staff to examine patients for many kinds of ailments ordinarily requiring specialists and costing a great deal of money. Only a small fee is charged for the service. The new clinic is expected to serve not only Kansas City but neighboring cities and states.
It gives no treatment, but simply tells a patient what his condition is. Knowing that, he is free to go to any physician for treatment.
There are great advantages in the method. Patients often suffer from unknown diseases, which affect them in ways having no apparent connection with the basic trouble. With the whole system examined and reported on, there is little chance of mistake. It is merely applying mechanical common sense to the human machine. The custom of looking over that machine regularly and thoroughly is growing; and as it grows, people enjoy better health and live longer.

WHAT RAILROADS ARE GOOD FOR.

Railroads are good for a variety of things, including transportation. They are also, it would appear, pretty good things when it comes to the matter of paying taxes.
It may be news to a good many people that for the year 1923 the Oregon Short Line paid a total tax in Twin Falls County of \$89,101.62. Later, with the completion of the Wells-Harmon line, it will contribute a still heavier sum to the upkeep of Twin Falls county institutions.
New counties have been carved out of old in Idaho in the past upon the basis of the number of miles of railroad going to the new unit and remaining to the old. Population has cut less figure than miles of railroad, so have valuations outside of the property owned by the road.
Of recent years this tendency has been a little less pronounced.
Here is the distribution of Twin Falls County's share of last year's tax money: State, \$9,236.31; County, \$9,812.24; Schools, \$15,951.59; Roads, \$19,237.65; Municipalities, \$1,773.53.

PLAN WILSON SCHOLARSHIP

SAVANNAH, Ga., Nov. 20 (AP)—Establishment of a Woodrow Wilson memorial scholarship at the University of Virginia, was recommended by the educational committee of the United Daughters of the Confederacy to the organization's convention today.
Mrs. T. T. Stearns, Atlanta, chairman, tonight announced.

JUDGE LINDSEY REMAINS

DENVER, Nov. 20 (AP)—Judge Ben R. Lindsey, Denver's nationally known juvenile jurist, will retain the bench seat he has held for 23 years as the result of the November 4 election.
This was determined when the count of mail votes was completed giving Judge Lindsey a majority of 130 votes over R. B. Graham, his republican opponent. To this total tomorrow will be added 98 votes granted by Judge Lindsey by the election commission on tally errors.

THREE WOMAN SUICIDES.

IRVING, N. Y., Nov. 20 (AP)—Mrs. Darrell Figgie, wife of Deputy Figgie, member of the mail circuit, was fatally shot at Ruthfarnham, outside Dublin, Wednesday morning.
The verdict of the coroner's inquest was that Mrs. Figgie died of self-inflicted wounds during temporary insanity.

THE HUMAN ZOO

(Reg. U. S. Patent Office)

Gay Old Sheik to Grouchy Vamp—"Say, Kid, you're makin' me feel right at home."

"SINNERS IN HEAVEN"

by Clive Arden

(Continued.)

"D—d not in here, Madge!"
She glanced round apprehensively; then leaned toward him. "Alan, for heaven's sake don't upset any of these good people, or she may not be allowed to go, after all!"
A smile of extraordinary infectiousness lit up his face, transfiguring it: the lines of humor proved that they were not, after all, misplaced.
"Try a mizzle, Madge! How the Dickens do I know what may upset the old darlings?"
"Hush! Here is Mrs. Stockley."
The grim mask of reserve quickly covered his face again.
The Durburys, hearing that the stranger had at last arrived, soon closed round for introductions, anxious to impress him with their own intelligence. But, with Barbara, they were doomed to bitter disappointment; for this hero refused to be lulled, and declined to talk "shop." Their intelligent overtures left him unimpressed; no pumping drew other than the briefest trickle in reply.
Slowly, to Barbara, the time wore on. More and more weary of the monotony, sick of the smell of chocolate, she became consumed with restlessness.
All the social world had left long ago. From the glass walls of the winter garden came the exhilarating, if garish, strains of dance music, tantalizing in their infectious rhythm. Barbara hummed the tune, tapping her foot in unison, occasionally surprising her companions by performing a few revolutions round the tent. In the middle of one of these she halted abruptly, for a shadow had fallen across the rays of the sun streaming athwart the stall.
"Come and dance with me," said Croft.
Her face expressed blank astonishment.
"Oh," she exclaimed, confusedly, "I—only the villagers usually dance here."
"Oh, good lord!"
The amused contempt in his voice made her flush. Then, conscious of having given a wrong impression of detestable snobbery, she felt furious with herself.
"You never answer from convention, I suppose?" he asked, watching her sensitive face in his disconcerting manner.
She looked away, uncomfortably self-conscious.
"I—Oh—" She gave an embarrassed laugh. An opening door brought a louder riot of music flooding in with the evening sunshine. "I—really don't know."
Then some queer, psychological whim seemed to pass across the sweet stall. It brought a strange current of air from the great Unknown without, from towering mountains and deep seas scarcely dreamed of in this pretty corner of orthodoxy. And it emanated from the figure standing motionless before her, whose very appearance

EXTRA DEPUTIES AT WORK GETTING OUT TAX NOTICES

Last of 11,000 Statements
Calling for Aggregate of
About \$1,500,000. in Mails
This Week.

The last of about 11,000 tax notices to be issued this year calling for payments aggregating approximately \$1,500,000 will be mailed this week to Twin Falls county taxpayers. It was stated Thursday at the office of Mr. E. L. Warren, county treasurer. In the preparation of these notices the county treasurer and two regular deputies have been assisted during the past 10 days by a force of from eight to ten special deputies, whose tasks will be completed when the last of the notices are mailed out.

Under state law, mailing of tax notices for the current year must be completed by Monday next. The task has been made more difficult this year because of some delay caused by multiplicity of new and special levies, in completion of the tax rolls. Such new levies include special assessments by the city of Twin Falls for eradication of weeds and spraying of trees to combat scale. Necessity for itemizing the proportion of the total tax to be charged to each of these levies has rendered the work both of preparation of the rolls and issuance of notices more complicated and tedious.

Includes Various Scales.

Tax notices now being issued from the county treasurer's office call for payment of levies made for the current year by the state, municipalities, school and highway districts and American Falls reservoir district as well as by the county.

Except where property valuations have increased tax bills this year will be somewhat lower than last year, the reduction in the total of all levies in the case of persons paying taxes on Twin Falls property amounting to 10 cents on each \$100 of valuation. Persons paying taxes on property in Twin Falls will pay levies made by the state, county, school district, highway district and city together with a greater or less number of special levies made by the city.

On the basis of \$100 of valuation, the various levies against Twin Falls property as compared with the levies for last year, are as follows: State, .50, decrease, .05; county, .85, decrease, .05; city, \$3.05, increase, .10; highway district, .85, decrease, .01; school district, \$2.50, increase, .30. Special municipal levies include sprinkling, paving, sewer, weed cutting and tree spraying. These taxes may be paid in two installments. If paid in one payment, such payment must be made before the fourth Monday of December. If made in two payments, one-half is payable before the fourth Monday in December, and the second half before the first Monday in June.

First Day in Several Passes Without Frost

Forecast for today—Fair.

Thursday was the first day since November 3 that temperature did not fall below the frost line, according to the government weather observer's station here. Mercury's low mark for the 24-hour period ending Thursday evening, was recorded at just 32 above, representing an advance of five degrees as compared with Wednesday's maximum, and high for the day at 52 above was an advance of one degree. The official rain gauge showed 9 one-hundredths of an inch of precipitation.

BREVITIES

On Business to Burley—Henry O. Brown went to Burley Thursday evening on a business trip.

Daughter Is Born—Mr. and Mrs. Henry Selvers, Jr., of Kimberly, are the parents of a daughter born Thursday.

To Visit in Missouri—Mr. and Mrs. J. C. Hendrix of Curry, left Thursday morning for a visit with friends and relatives in Ada, Missouri.

Goes Home From Hospital—Fred Walker of Haase returned Thursday to his home from the county general hospital, where he had been under treatment for some time.

Leave Hospital—Miss Mary Garlick of Boise, was Thursday discharged from the county general hospital where she had been a patient under medical treatment for several days.

Undergoes Operation—Jeanette Yonmans, eight years old, daughter of Mr. and Mrs. E. Yonmans, 408 Blue Lake boulevard, underwent an operation for appendicitis late Wednesday evening at the county general hospital. Her condition was reported to be favorable.

Automatic Aerial Camera.
A camera, capable of making aerial maps at the rate of 50 square miles per hour, is being utilized in photographing hitherto inaccessible portions of Vancouver Island. The camera is electrically driven and is automatic in its action. Once the motor is started the shutter is wound and fixed at set intervals, new film being moved into place after each exposure. The camera is equipped with a "between-the-lens" shutter which is so designed as to expose the entire section of film in 1/100th of a second and thereby eliminate distortion introduced by focal plane shutters.

Use of Coal in Great Britain.
Just when coal was first used in Great Britain does not seem to be very clear. It was, however, used by early Britons and was to some extent an article of household consumption during the Anglo-Saxon period as early as 825 A. D. There seems to be good reason to believe that Britain was the first European country in which coal was used to any extent. A coal pit at Preston, Haddington, was granted to the monks of Newburgh between 1210 and 1219 A. D., and Henry III. is recorded as having given a license to dig for coal in 1271.
