HUGE LOAN TO FRANCE TO BE RAISED IN U. S.

\$100,000,000 Will Put Nation on Budget Balance for First Time Since Signing of Armistice.

NEW YORK, Nov. 22 (AP)—Completion of negotiations for a loan of \$100,000,000 to France, which will be floated here by J. P. Morgan and company next week, will make it unnecessary for the banks of France to renew the American banking credit which was granted last March to stabilize the franc. With the government, through the proceeds of the loan, enabled to protect its currency, it would not exercise the option to extend the credit which expires on December 12. The original credit permitting the borrowing of up to \$100,000,000 was advanced by the Morgan firm on March 12 and checked a drastic decline in the franc, which had fallen below 1-2 cents under a so-called "foreign offense."

Rally of Franc. The quick rally of the franc to almost 7 cents enabled the Bank of France to cancel the loan of \$100,000,000 of the amount placed at its disposal. This sum was paid back in full by June 12, but the standing credit was extended to December 12, when it was renewed to another three months.

The new loan, according to bankers here, will find France confident of balancing its budget during 1925, the first year since the credit was granted. It will be something like \$8,000,000 francs to spare. The proposed budget for 1925, according to the latest reports received here in connection with the loan negotiations, shows expenditures of \$1,195,000,000 francs and revenues of \$2,320,000,000 francs, as announced by the Bank of France.

STEAMSHIP AND SCHOONER CRASH

Sailboat Reported Sunk and Steamer Coming Into Port With Big Hole in Side.

NORFOLK, Va., Nov. 22 (AP)—The steamship, City of Montgomery of the New York and Norfolk line, and a small schooner, both of which were in collision 32 miles southeast of Diamond Shoals, were reported to have crashed at 1 o'clock this morning, according to information received here today. The steamship was said to have a big hole in her bow and the schooner is believed to be sunk.

The steamer, after standing by the schooner several hours, was obliged to leave because of her own condition and the inebriation of her crew and tonight was reported proceeding north, though whether she intended to keep on to New York her destination could not be learned. Neither was it known here whether any one aboard the City of Montgomery was killed.

THREE ARE DEAD IN PLANE CRASH

Machine Falls Into Backyard Garden Killing Pilot and Two Passengers; Fuel Exhausted.

GREENFIELD, Ill., Nov. 22 (AP)—Three men were killed when an airplane from St. Louis crashed down into a backyard garden, two blocks from the town square, here late this afternoon. An examination revealed that the gasoline tank was empty and it was believed the plane fell when the engine was stopped by the lack of fuel.

The victims were: George Walker, a newspaperman from Jerseyville, Ill.; and two others from St. Louis, reported to be H. C. Trilly, 22, and Ole Hays. The machine was flying low, approximately 100 feet, witnesses said, when it took a sudden nose dive. One of the men was seen to leap from the machine before it struck the ground, was pinned under the wreckage.

CONFIDENCE IN MUSSOLINI. HOME, Nov. 22 (AP)—The chamber of deputies today voted confidence in the Mussolini government, 327 to 17.

Salt Lake Man Is Given Indorsement For Secretaryship

Idaho Farm Bureau in Favor of Frank Evans to Take Wallace's Place on Cabinet.

POCATELLO, Nov. 22 (AP)—Frank Evans of Salt Lake, attorney at law, the Utah Farm Bureau and a member of the executive committee of the American Farm Bureau Federation, was given the unanimous support of the Idaho Farm Bureau Federation in its annual convention as successor to the late Henry C. Wallace as secretary of agriculture. There were no other names suggested, it being the consensus of opinion that the best way to profit by aligning solely behind the Utah man.

CONGRATULATES GOMPER.

WASHINGTON, Nov. 22 (AP)—J. W. Chabrier, executive secretary of the National Education association, today telegraphed Samuel Gomper at El Paso, the congratulations of the association for your continued stand for the rights of childhood in your re-indorsement of the child labor amendment to the constitution.

LAND OFFICE AT HAILEY ROBBED

Burglars Get Away With \$25 in Savings Bank; Safe Broken Into.

HAILEY, Idaho, Nov. 22 (Special to The News)—Burglars broke into the land office at Hailey, Idaho, late Friday night or early Saturday morning, broke into the United States land office here and after rifling the safe, cash drawer made off with a savings bank containing \$25 belonging to one of the clerks. Just how much the thieves obtained from the land office was not known Saturday morning. In addition to rifling the safe and stealing the savings bank, the burglars went through all the drawers in the office. The robbery was discovered this morning when employees came to work. Entrance was evidently gained from the rear door which was found unlocked. Hailey county sheriff's office was notified and officials at once began a systematic hunt for the burglars on whom they failed following a visit to the land office.

ELECTION RETURNS IN FROM ALL BUT FOUR OF COUNTIES IN THE STATE

BOISE, Nov. 22 (AP)—Election returns from all but four of Idaho's 44 counties have been received and checked at the office of the secretary of state, it was announced Saturday. The missing counties are: Bligham, Canyon, Owyhee and Gem.

DON'T FORGET WHAT HAPPENED THE LAST TIME ANYBODY TRIED IT

STERN NOTE IS SENT EGYPT ON SIRDAR MURDER

Britain Makes Demands for Apprehension of Assassins Who Killed High Official; Expect Quick Action.

LONDON, Nov. 22 (AP)—The British government has sent a stern note to the Egyptian government on the assassination of Major General Sir Lee Stack, governor general of the Sudan, and similar of the Egyptian army, Field Marshal Viscount Allenby, British high commissioner in Egypt, presented this note and a supplementary note to the Egyptian government in Cairo. The note at first indicated inasmuch as the Egyptian government has been directly responsible for the assassination because it failed to take into account previous warnings from the British government. The note also indicated that the Egyptian government was threatened, failing immediate compliance with the demands, to take action against the Egyptian government. There is no indication in the communication from the foreign office that a reply is demanded within 24 hours, but it is thought that this was communicated verbally to Premier Ziaoui by Viscount Allenby. Field Marshal, the Egyptian minister in London. In an interview tonight said he was certain his government would leave no stone unturned to bring the criminals to justice on the whole nation strongly condemned the assassination. He paid tribute to Governor General Stack's abilities and noble character.

Second Meeting Held. The British cabinet held a second council tonight. Austen Chamberlain, secretary for foreign affairs, presided in the absence of Premier Liddell. This council, like the one earlier in the day, was especially summoned to take measures necessary in connection with the notes to Egypt. Chamberlain, mentioned in the note, is the upper Nile. Irrigation of areas under cotton cultivation in this district has hitherto been limited to 300,000 feddans in order not to deprive lower Egypt of water. This area in the future may be increased to any extent without regard to Egypt's special interests.

PRESENTS NOTE.

CAIRO, Nov. 22 (AP)—Only ailing with the body of Major General Sir Lee Stack, the ailing who was assassinated yesterday, had been committed to the grave. Lord Allenby, British high commissioner in Egypt, this afternoon called upon the Egyptian government and presented a note from the British government demanding complete satisfaction for the ailing's assassination, the crime being a culmination of a large number of anti-British actions committed in Cairo during the past three years.

Idaho Farm Bureau Decides to Broaden Scope of Its Work

All Branches of Agriculture to be Brought Under One Head, It Is Decided at Meeting in Pocatello.

POCATELLO, Nov. 22 (AP)—From action taken Saturday afternoon at the closing session of the Idaho Farm Bureau, a greatly accelerated field will be opened for the organization of the state. Beginning at once the ministry of the farm service and state of Arizona over a plan that will correlate all the branches of agriculture, rather than have the various branches of agriculture and Utah in which the co-operative marketing societies have been associated with the bureau. The first step in the reorganization plan was the reorganization of the bureau of five members. Henry A. Harkness, who had been president of the bureau for several terms, was chosen as chairman of the reorganization committee. Other members were: George L. Morrison of Franklin; W. T. McCall of Pocatello; J. H. Harkness of Idaho; H. Merrill of Blackfoot. The committee voted to retain the services of Paul V. Naad as secretary. The bureau announced its intention to conduct a taxation, soil and a farm debt survey and passed a resolution against better substitutes.

STOCKS RESUME UPWARD TREND DESPITE RAID

Pressure of Profit Taking on Exchange Only Has Temporary Effect on Trading in Shares.

NEW YORK, Nov. 22 (AP)—Withholding of profits and profit taking and bear selling, the stock market today continued its upward sweep on the crest of the late rally, which broke up an early reaction and lifted shares on more issues to the year's peak price. Trading assumed more moderate proportions, but activity still was maintained at the rate of 2,000,000 shares a day, including the two hour period running close to a million shares. Vigorous bullish demonstrations which turned the course of the market upward in the last hour again taxed the machinery of the market and the stock exchange was not recorded until 11 minutes after the usual closing time.

TRAIN WITH 300 ON BOARD LEAVES TRACK; ALL ESCAPE INJURY

DETROIT, Nov. 22 (AP)—Michigan Central football special train of nine coaches and Pullmans returning from Ann Arbor to Detroit with 300 persons who had attended the Michigan-Iowa football game, went into ditch near Springville, a suburb at 6 o'clock tonight. No far as the coaches left the track and all escaped over on their sides. M. D. Strickland, fireman, Jackson, and W. W. Culp, brakeman, Detroit, were in state here tonight and they viewed the scene and they believed few if any, had been injured. Railroad officials, who made an investigation said the train was traveling at moderate speed. They were unable to tell what caused the wreck which occurred near a culvert recently completed. The train was composed of two cars chartered by the Michigan-Iowa football club and three day coaches. The train was turned up for a distance of 50 feet.

COURT PONDERS JUDGMENT IN SUIT FOR NEWSPAPER

Introduction of Evidence for and Against Confirmation of Transfer of Independent. Introduction of evidence in the suit of the Independent Publishing company against the Independent Publishing company, which was completed before Judge W. A. Babcock in district court here Saturday and decision was by the court taken under advisement. The action was brought by the company to establish its claim under a contract to possession of a weekly newspaper which the suit has been held conditionally since the institution of the action by the company to Lindsay brothers.

In support of the plaintiff company's contention, Attorney Homer O. Mills Saturday introduced testimony by Albert Estling, D. F. Detweiler, M. S. Hoover, E. A. Moon, O. J. Johnson, J. E. Roberts and E. P. Knapp, all of whom have been identified with this newspaper venture. Further testimony on the part of the defendant H. J. Kingsbury, who is represented by Attorney E. L. Ashton, also was introduced. Judge Babcock overruled plaintiff's motion for non-suit.

GREAT BRITAIN SOVIET TREATY NOT APPROVED

Baldwin Government Makes
Known It Has No Intention
of Ratifying Agreements
Made by MacDonald.

LONDON, Nov. 22 (AP)—The new government has shown its mind as regards its policy toward Russia, by publishing communications addressed to Mr. Rakovsky, soviet representative in London, in continuance of the correspondence on the famous Zinovieff letter, so suddenly interrupted by the dismissal of the MacDonald administration.

Most important is the somewhat curt notification that the British government does not intend to ratify the treaties concluded with the soviet government by the MacDonald ministry.

Suggestion Made.
A suggestion was made in Russian quarters for the renewal or re-opening of the negotiations, but apparently from the tone of the correspondence, this is a closed chapter so far as the Baldwin government is concerned, and any further initiative in this direction must come from the soviet government. It is assumed, however, that there is no idea of going back on recognition of the soviet accord by the MacDonald administration.

SETTLER RELIEF FIGHT PLANNED

Western Congressman to Start
Action as Early as Possible
in Session.

WASHINGTON, Nov. 22 (AP)—Plans for a fight by western members to obtain senate action as early as possible in the short session of congress on the bill, already passed by the house for the relief of settlers on reclamation projects, were announced by Representative Winter, republican, Wyoming.

The measure, which embodies a large extent recommendations of Secretary Weeks' fact finding commission, called of passage in the senate at the last session as a rider to the second deficiency bill, to which it was attached in a somewhat modified form. Among other things it would provide for a readjustment of the lands of succeeding water charges and also create a director of reclamation.

SOUTH AMERICA GETS JAPANESE IN BIG NUMBERS

Peru Is Center of New Colonies; No Laws Restrict Them From Entering That Country; Quotas Increasing.

LIMA, Peru, Nov. 22 (AP)—The economic future of Peru being largely dependent on immigration, because the native population is small, the country today takes an especial interest in the foreigners who journey from their own lands to settle within the boundaries of the Peruvian republic.

The question of the coming of Japanese has attracted attention, particularly as the Japanese quotas have lately increased. Also it is reported here that a company has been formed in Japan to encourage emigration to both Peru and Brazil. There is a feeling locally that the moment has come to regulate immigration from Japan, that within Peruvian borders Peru should safeguard her own interests. The ability of the Japanese successfully to engage in various enterprises, and in some cases to outdo native merchants, coupled with the fact that they are clanish and slow in assimilating the customs of the country has not made them popular here. Nevertheless a treaty of friendship, commerce and navigation between Peru and Japan, signed in Washington in 1885, and subsequently renewed, recently has been renewed.

Peru in the past has tried to stimulate immigration from Italy and Germany, whose people have been found especially adaptable to the needs of the country and who make good Peruvian citizens. A continuation of these efforts, it is believed, would find popular support. There are today no restrictions upon the entry of Japanese into Peru, yet remarkably few have so far come here. It is estimated that the present number is 10,000. Peru has a total population of 1,500,000. Lima counts about 500,000 Japanese residents, the others living in the provinces.

\$2,000,000 S NOW AVAILABLE FOR PROJECT

Largest Allotment in History
of Reclamation Service Re-
leased for Work at American
Falls.

AMERICAN FALLS, Nov. 22.—Slightly more than \$2,000,000 is now available for the American Falls project, according to official telegrams today from D. W. Davis, director of finance of the bureau of reclamation, to F. A. Banks, in charge at American Falls. This money will be allotted for the purchase of city property, privately owned bottom lands and Indian lands required for right-of-way, to the railroad for a new roadbed, and for the beginning of construction of the dam. Construction work, either on the dam or the new railroad grade, will not begin for several months, or until good weather begins next spring. Property owners who have contracted to sell to the government can now secure their money as soon as they can show clear title. Every effort will be devoted to getting abstracts in shape for the transfer of property, and notice will be given owners of salvaged property that they must move within twelve months.

A telegram, also from Mr. Davis, approves the contract with the Oregon Short Line for the building of a new roadbed and the moving of the tracks from the right-of-way. Unofficial accounts also come from Engineer Armstrong for the Short Line that the grade through American Falls will be built to a one-half per cent grade. This means the raising of the railroad bridge across Snake river approximately 21 feet above its present elevation.

H. M. Bieble of the local reclamation office, who has been examiner of accounts for the service for a number of years, says that so far as he knows, this allotment for American Falls is the largest single allotment ever made within the history of the service.

ANNOUNCEMENTS

Mrs. Lulu M. Barclay of Burley, grand matron of the grand jurisdiction of Idaho, will visit Twin Falls, Nov. 22, O. R. S. Tuesday evening, November 25, 10:00 a. m. will be served at 6 o'clock at the Harmon hotel.

The north division of the M. E. Ladies Aid will hold a sale of home made mink mat Tuesday, November 25, at the Valley store. Orders may be placed to 240V or 262V up to Monday evening.

The Business and Professional Women will hold their regular weekly luncheon Tuesday at noon in their club room.

The Pythian Sisters will hold their regular ladies meeting Tuesday at 7:30 p. m. in the Business Women's club room. The grand chief will be in attendance and all members are urged to be present.

"Kempy," played by the Meroni Olsen players at the Lavington theater last night proved a splendid opening of the series which this talented company will produce in Twin Falls and hold the interest of an unusually large audience from the opening speech clear to the final line of the play.

There can be no question as to the ability of this splendid company and none at all as to the character of the reception accorded their work, yet one misses the rich characterization of Frank Rasmussen and there are moments when it is a little difficult to get used to the idea of Miss Young in the part of "Ma" Bence. Yet the entire cast could hardly be improved upon, a fact driven home by the unstinted applause of the audience during the entire performance.

Meroni Olsen may be accepted as one of the strongest and most finished actors in his line on the stage anywhere, and his line appears to have an unusual range. Miss Young brought ability of a high order to bear upon a part which gave small opportunity to her voice. Mr. Crook as Jane Wade and Leona Thatcher as Kate Bence gave splendid performances, while Miss Ida Thatcher as Ruth Bence did excellent work.

Pyron Fowler and Sumner Chase-Cole are capable and clever actors and in their hands the parts assigned lost nothing. The piece, however, depends for its effect upon the plot as a whole rather than upon the individual work of the players and, except in the case of "Ma" Bence this was the result achieved.

Paul, Elmer, Kimberly and other near-by towns contributed to an audience which apparently thoroughly appreciated the company's work.

Celebrating the ninth birthday of her daughter, Ruth, Mrs. H. A. Read entertained a little girl with a party Saturday afternoon. Games and stories were enjoyed and late in the afternoon the dainty refreshments were served. The lovely birthday cake being led in pink and ornamented with pink candles. The favors were clever little pink wags with tiny keppie doll for a driver. Mrs. Read was assisted in entertaining by Thelma Larned and Helen Taylor. Those present beside the guest of honor were Betty Lou, Alice and Ann Penney, Mary Hele, Jennie Irup, Harold West, Ruth Taylor, Virginia Smith, Edith Host, Marjorie Haywood, Margaret McCulley, Veturia Van Engelen, Virginia Young, Betty Jean McClure, Esther Joslyn, Kathleen Bacon and Janet Fell.

Mrs. W. H. Eldridge entertained the Fellowship club Friday afternoon. The usual game of bridge was played. Leonard Vincent winning the favor for high score. After the game the refreshments were served.

The War Mothers met at the home of Mrs. O. F. Strobeck Friday afternoon. Twenty-six members were present. Mr. and Mrs. Thomas Handy was admitted. The business session was held and was presided over by War Mother, Mrs. H. M. Holler. A committee was appointed to provide Christmas cheer for the disabled veterans in the government hospital at Boise, and it was voted to contribute to the State University Medical fund. During the social hour delicious refreshments were served by Mrs. Boone, Mrs. Field, Mrs. Pigeon, Mrs. A. P. Jensen and Mrs. H. P. Harder were guests.

Mrs. C. A. Emsie entertained the Past Noble Grand's club Thursday evening at home on Fifth avenue east. During the business session a committee was appointed to select gifts to be sent to the O. C. F. home at Caldwell. Miss Elizabeth Driskill's report of the assembly held at Boise in October was read and discussed. Mrs. C. E. Ivon Price with her original program presented Mrs. Effie Watkins with a crystal teapot. Mrs. Watkins in her usual gracious manner thanked the club and expressed her appreciation of their loyalty to her. Miss Elizabeth's quartet, composed of Mesdames C. Wiley, H. Nunsenaker, Westcott and Miss Edna Graham, rendered a pleasing number. A clever guessing contest was enjoyed and Mrs. Hadden presided. Mrs. Harry Hall and Mrs. C. H. Eldred, who had been guests at the last meeting, presented table decorated with yellow tinsel and in crystal holders and having for centerpiece a low bowl of marigolds. Mrs. Effie Watkins presided at the coffee urn.

NEVADA HIGHWAY BUILDERS LOOK TO SOUTH IDAHO

Location Engineer for State Commission Here in Search of Information to Aid in Selection of Route.

With the purpose of collecting information to assist in selection of the most advantageous highway route between southern Idaho and northern Nevada, Richard W. Winkle, location engineer for the Nevada state highway commission, arrived in Twin Falls Saturday evening at the end of a motor trip through Idaho and Nevada. He was accompanied by E. J. Allen of Reno, who surveyed a railroad route between Hagerman and Wells and who for several months has been employed by the Nevada highway commission with headquarters at Elko.

It is Mr. Winkle's purpose today to confer with C. E. Land, chairman of the Twin Falls chamber of commerce roads committee, and with other Twin Fall citizens who are familiar with road affairs and with problems of road building in the region to the south.

To Did for Travel.
Building of a highway to tap southern Idaho features in the Nevada commission's road building program for 1925, which is to be submitted to the state legislature coming next January. Mr. Winkle stated: "Preliminary work on this program is being done now."

Studies Jarville Route.
Mr. Winkle stated that he had made some investigation as to possibility of building a road north from Elko through Jarville, and that while he had been impressed that natural conditions would prevent building of a road on that route that would be open the year round, his investigation, he stated, had not reached a point where he was prepared to give a decision.

DEATHS SUMMONS HANSEN CITIZEN

O. D. Bills, Large Farm Operator and Community Leader, Dies Suddenly at His Home.

O. D. Bills, large farm operator and outstanding citizen of the Hansen community, was suddenly and dead in a shed at his residence three miles east of Hansen, where he had come to collect for material needed for repair of a harness in which he and an employee were engaged. Death is believed to have come instantaneously and to have resulted from acute dilation of the heart. Mr. Bills was 50 years old.

Mr. Bills apparently was in good health up to the moment that he was fatally stricken. He had been in the shed only a short time when the employee, thinking to assist in the search for the needed material, followed him into the shed and found the body lying as though asleep on the floor. The employee summoned two other employees, and together they carried the body into the residence. Finality of the death summons was not recognized, and a doctor was summoned from this city. The body was brought to the Duval mortuary in Twin Falls. No arrangements had been made Saturday evening for funeral services.

RECORD OF LEADERSHIP.

Born in St. Joseph, Missouri, Mr. Bills lived for many years in Welder county, Oregon, from which state he came to Hansen in December, 1910. He owned and successfully carried on one of the largest farm properties in the Hansen district, at the same time maintaining an active interest and leadership in community affairs and movements for its upbuilding. During the world war he served as community chairman for war bond, Red Cross and similar campaigns. He was one of the leaders in the Hansen community program that was inaugurated about two years ago under the leadership of the Rev. Tom Blodgett. He served also as a member of the board of education and was a director of the Burroughs irrigation district.

Besides his wife and adopted boy son, Mr. Bills is survived by two brothers, A. Z. Bills, formerly of Twin Falls, and now a resident of Eugene, Oregon, and David Bills, postmaster at Kimberly. He is survived also by three sisters, Mrs. Stella Ellen, Miss Alice Paul and Mrs. Laura Phillips, who formerly resided at Hansen, and who now are residents of Oregon.

DUVAL MAN CONTESTS TO COMMISSION OF OFFENSE

Vernie Taylor of Duval, in police court here Saturday, pleaded guilty to charge of contributing to delinquency of minors in connection with a trip that he is alleged to have made to Pocatello with five other persons, two of whom were minors. Judge O. P. Duval stated that judgment would be pronounced next Friday. Taylor was arrested at Pocatello Thursday evening at the request of John R. Ault, probation officer, who signed the complaint against him.

Court Denies Claim for Cash in Pocket

E. F. Walton Prosecutes Ineff-festual Search for Satisfaction of Judgment Against G. W. Bice.

Request made by Homer C. Mills as attorney for E. F. Walton for a court order that would have required George W. Bice, former member of Twin Falls school district board of education, to have paid to Walton all of the money he had in his pocket amounting to about \$12 as payment on account of a judgment for \$500 obtained against Bice by Walton was denied by Judge W. A. Babcock in district court here Saturday.

The judgment in question was obtained by Walton under provisions of a state law that has since been repealed that awarded this amount for bringing about the removal from office of an official against whom charges of malfeasance were proved. Similar judgments were obtained by Walton from W. W. Parish and D. F. Clark, former members of the board of education, and three former members of Twin Falls highway district board of commissioners.

Mr. Bice was in court here Saturday under supplemental proceedings on execution of judgment for interest on the amount as to why the judgment had not been paid. His testimony indicated that he does not now own property in excess of the amount exempted from execution under judgment.

SHERIFF'S RAIDERS TAKE TWO ON LIQUOR CHARGE

Discovery and seizure by sheriff's office operatives Friday night of a moonshine still and about fifteen gallons of the product on premises northeast of this city, occupied by J. H. Brown, was followed Saturday evening by arrest by deputy sheriffs of Lorenzo Selaya, Spanish, alleged possessor of two and one-half pints of liquor in a local lodging house.

On arraignment before Kennedy District Justice of the peace, Brown pleaded guilty to charges of illegal possession of liquor and was admitted to \$500 bond pending the action of the district court in the case. The moonshine still which had been constructed out of a copper wash boiler and, according to the deputy sheriff, was in operation in full blast when they arrived on the scene. The arrest was made by Deputy Sheriffs E. F. Prater and John W. Gahbert.

Selaya, who stated that he had been employed in sheep camps until about three weeks ago when he came to this city, was arrested by Deputy Sheriff Prater and C. E. Jones.
