PRICE FIVE CENTS.

LOWER FREIGHT RATE ON GRAIN HEARING OBJECT

Establishment of Charge Based on Commission Readjustments Proposed by Colorado Man at Salt Lake.

SALT LAKE, Dec. 2 (AP)—Establishment of a freight rate structure on grain and grain products based upon the interstate commerce commission readjustments of freight rates, effective December 1, 1924, was proposed by G. H. Work, representing the Colorado Milling and Elevator company today at the hearing of the case instituted by the Ogden Grain exchange to test the reasonableness of eastbound transportation charges. The Colorado Milling and Elevator company is an intervenor in the Ogden Grain exchange case.

Conflicting testimony on the condition of the milling industry was brought out by the appearance of Mr. Work as intervenor and E. R. Altan, manager of the Globe Grain and Milling company, re-appearing for the second time as a witness for the complainant. Mr. Altan said that the Globe Grain and Milling company since starting operations at Ogden in 1922, had lost approximately \$500,000. He attributed the loss to the company's inability to meet competition on account of discriminatory freight rates. He described the company's competition as coming in the east from Colorado mills.

Mr. Work claimed a more optimistic condition in the milling industry in Utah and Idaho by saying that in the past two years his company has not enlarged a single mill in Colorado, while in the same period the Colorado Milling and Elevator company has established a mill at Salt Lake with a capacity of 1000 barrels of flour a day, a 500 barrel capacity mill at Burley, Idaho, and a 400 barrel mill at Volter in addition to enlarging the capacity of the company's mill at Twin Falls, Idaho.

On the basis of his company's increased expenditures in Utah and Idaho over Colorado Mr. Work claimed the Utah and Idaho millers have an advantage over Colorado millers through distribution to local territory and the location of mills.

McGUIRE GETS CONTRACT.

BOISE, Dec. 2 (AP)—Contract to build the approach to the new Union Pacific passenger station on the bench was awarded to J. C. McGuire of Idaho Falls, who bid \$84,258, by the Boise city council this afternoon. The contract is conditional on victory at the bond election. Date for the bond election and the amount will be set at a special meeting at 10 o'clock tomorrow morning.

BOISE, Dec. 2 (AP)—Members of the state pardon board will meet tomorrow morning at 10 o'clock in the office of Governor C. C. Moore to consider unfinished business from the last session, and immediately afterwards will convene as a parole board to consider recommendations for parole of state prisoners, according to announcement today by F. A. Jeter, secretary of state and secretary of the board. The case of A. S. Embree, sentenced to 3 to 10 years following conviction on a charge of violation of the criminal syndicalism law, who is trying to obtain a pardon, will be one of the matters to be taken up by the board, it was said. Discussion also may be had of the case of Noah Arnold, negro, sentenced to hang Dec. 10, who is seeking commutation to life imprisonment.

Embree, according to the secretary of the board, already has served more than three years. A move for a pardon has been in progress several weeks.

Cases of Dong Sing and Lo Ming, Chinese, convicted of murder, also are scheduled to be discussed by the pardon board, it was said.

TEACHING CONDITION IN IDAHO HELD POOR

BOISE, Dec. 2 (AP)—Lack of accommodation and no recognition of good service are two of the chief causes of unrest among teachers in Idaho, according to the biennial report of Miss Elizabeth Rasmus, state superintendent of public instruction, submitted to Governor C. C. Moore. The teaching staffs in the state are "very unstable," the report says, only 50 per cent having taught last year. The other 50 per cent are teachers from other states or those who were not engaged in teaching a year ago.

BRAZIL STEMS JAPANESE TIDE

Consul Notifies Mikado Government That He Has Been Notified to Suspend Visas.

TOKIO, Dec. 3 (AP)—The Brazilian consul has notified the Japanese government that he has been instructed to suspend the grant of visas for intending emigrants to Brazil. The foreign office, taken by surprise, has instructed the Japanese minister to Brazil to make a report on the matter immediately.

Mr. Akamatsu, chief of the immigration section of the foreign office, said: "If this notice heralds an escalation of policy against Japanese the situation presents itself in a decidedly serious aspect to the Japanese nation."

PURE FOOD CASE TO BE TRIED AFTER TWO YEAR LAPSE IN TIME

WASHINGTON, Dec. 2 (AP)—Counsel for the department of agriculture is preparing for retrial in Chicago, Dec. 9, the two-year-old case resulting from the seizure of 1,127 cases of salmon under the pure food and drugs act. In June 1922, Federal Judge Campbell an appeal resulted in an order for retrial. The salmon was packed in Alaska and distributed by a Seattle company. The department contends that it was the property of John H. Leslie and company and Surkin and Borbas, when seized by the department agent in May, 1922.

ITALY IN LINE ON REPARATION IN DAWES PLAN

Will Back Claims of United States to Payments for Citizens From Government of Germany.

PARIS, Dec. 2 (AP)—Italy has formally recognized the American position respecting the United States war claims under the Dawes plan and will support this position at the meeting of the allied finance ministers which will be held in Paris at the end of the first week in January for the purpose of distributing the proceeds of the receipts from Germany since the new reparations plan was put in operation.

France, Belgium and Italy are now committed to the support of the viewpoint of James A. Logan, Jr., American observer with the reparations commission. England alone has not yet reached a decision as to what her attitude will be.

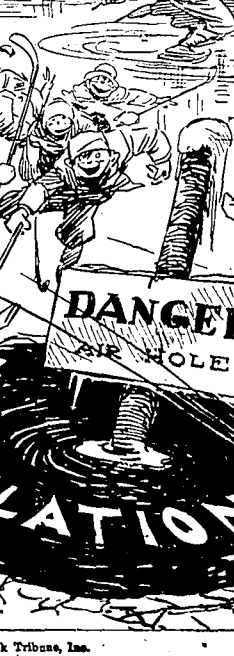

Italy's delegate to the reparations commission, in the course of conversations with Mr. Logan sometime ago, informed the American observer that he personally favored the United States' position, but that he must refer the matter to his government for instructions. These instructions reached him today and will probably form the subject of conversation between him and Mr. Logan tomorrow. Both will then initial a memorandum on the matter.

The American position is that not only the costs of occupation should be paid the United States under the Dawes plan, but also the war damage claims of American citizens against Germany, which are now being adjudicated by a mixed commission. The total of the claims of the United States has not yet been definitely fixed, but it probably will be between \$500,000,000 and \$550,000,000.

FRANK W. HILLS DEAD

NEW YORK, Dec. 2 (AP)—Frank W. Hills, 64, former auditor of the O. S. L. and former assistant auditor of the Union Pacific, died here last night. In late years he had been completing for the American Smelting and Refining company. His widow and daughter survive.

Sweeping Changes in Reclamation Policy to Bring Settlers Relief

Surplus Likely In Treasury this Year President Informs

Budget Message Transmitted With Advice to Law Makers Not to Attempt Tax Out at Present Time.

WASHINGTON, Dec. 2 (AP)—Carrying estimates of \$3,725,510,944 as the probable cost of operating the federal government in the fiscal year 1925, the annual budget was sent to congress today by President Coolidge with the announcement that a surplus of \$373,754,714 appeared likely for the year.

Despite a probable surplus for the current year of \$78,884,440 and the forecast surplus for next year, Mr. Coolidge advised against attempting further cuts in taxes until it has been shown exactly what the present law will do in the production of revenue. He urged also against the launching of any program contemplating new expenditures, saying the savings accomplished will avail nothing if a greater outgo from the treasury is authorized.

Calculations Borne Out. In his special message transmitting the budget, Mr. Coolidge said the calculations as to results anticipated from the new tax had been borne out, and said:

"If we continue the campaign for economy we will pave the way for a further reduction in taxes. This reduction cannot be effected immediately. Before it is undertaken we should know more definitely by actual operations what our revenues will be under the existing law. But the knowledge of our revenue under the present law will avail us nothing if we embark on any new large expenditure program."

General Functions. The budget shows estimates of \$110,286,587 for general functions of the government, including the legislative, judicial, executive and general administrative operations, while \$1,162,480,292 is provided for military functions. This latter sum must meet the requirements of the national defense, world war allowances, annuities, retirement pay and military pensions. Of the total for national defense, the army

MUSCLE SHOALS UP FOR ACTION BEFORE SENATE

Hot Arguments Expected on Controversy of Years; Several Proposals Already Made; Another Coming.

WASHINGTON, Dec. 2 (AP)—The Muscle Shoals problem which has been the subject of controversy for years, has become, for the time being, the dominant issue before congress.

It comes up by unanimous consent in the senate tomorrow for action and tonight it appeared that the subject may be debated for several days. After the argument has been spent, it is probable that an entirely new proposal may be submitted with the backing of the administration.

Favors Commission.

President Coolidge is known to favor the appointment of a commission to study the whole subject and submit a plan of action. It is regarded as highly probable that sufficient votes can be mustered to carry out his idea. As the situation stands tonight, there will be three outstanding contenders seeking the privilege of settling the Muscle Shoals issue. Chairman Norris of the senate agricultural committee, is expected to present the Norris bill which was reported by the committee at the last session. Senator Underwood, democrat, Alabama, will lead a fight for a bill he introduced today to fill the breach caused by the withdrawal of Henry Ford's offer. Then there will be the administration which probably will be sponsored by Senator Curtis, republican, floor leader.

Others Have Plans.

A proposal similar to the administration plan was advocated yesterday in the house in a joint resolution introduced by Representative Wright, democrat, Georgia, and Senator Underwood, republican, New York, also is prepared, if the opportunity arises, to support the Hooker-White-Attorney profit sharing proposal, which has been for some time before Secretary Weeks.

There is, too, the possibility that Henry Ford may be brought back into the field of bidders through the request made today by Senator Heflin, Alabama, and Senator McKellar, Tennessee, democrats.

When the subject is called up tomorrow, it is planned to offer the Norris bill as a substitute to the house bill authorizing acceptance of Ford's offer. If the Norris bill is received as a substitute, Senator Underwood is expected to offer his bill as a substitute to the Norris bill. This would bring the Underwood bill before the senate for first consideration.

POSSES SEARCH FOR THREE BANDITS WHO ROBBED POSTOFFICE

MOORE JAW, Ark., Dec. 2 (AP)—Posses of police searched unsuccessfully today for three bandits who escaped with upwards of \$25,000 in securities after holding up seven employees of the Moore Jaw postoffice.

Covering James G. Jones and his six fellow postal workers with pistols, the three masked men compelling Jones to toss through a wicket seven packages containing the securities which comprised the loot. They escaped in an automobile.

FIRE PROTECTION COST IS HIGH IN NORTHWEST

VANCOUVER, B. C., Dec. 2 (AP)—Fire protection on the Pacific coast from British Columbia to California, including Montana, Idaho, Washington and Oregon, cost \$5,739,000 during 1923, according to an annual report presented by H. N. Chapler of Portland at today's opening session here of the Western Firecity and Conservation association. The conference is to adjourn Thursday.

The report said that 204 million acres of land were under protection of bodies represented by the association. In 1923 there were 19,578 forest fires which burned over 1,929,000 acres, said Mr. Chapler, who added that of this number 8912 fires were started by men and 1101 arrests and convictions had resulted.

Senate Passes Bill Providing Help to Farmer on Project

Will Charge Off Huge Amount Now Hanging Over Heads of Ranchers on Construction Cost; Aid to Idaho.

WASHINGTON, Dec. 2 (AP)—Sweeping changes in the government's reclamation policy are provided in the second reclamation appropriation bill passed today by the senate which carried with it as a rider the Smith-Gooding measure embodying recommendations of Secretary Work's fact finding commission. This commission, composed of six experts was appointed in October, 1923, and spent six months in an intensive study of the whole reclamation and irrigation problem.

Charging off of more than \$18,000,000, representing money the commission said would never be recovered by the government from reclamation farmers and waterusers and approximately \$9,000,000 more said to be a "probable" loss of the \$148,000,000 already invested by the government in building irrigation works, is provided for in the reclamation feature. If carried into effect it is expected to permit water users to start practically anew financially.

Readjustment.

The measure also provides for a readjustment of water charges on the basis of the average estimated crop productive value of the lands and extending them over an indefinite period of years. Under the present arrangements water users make repayments to the government on a 20-year installment plan and charges are based on a permanent estimate of the cost of operation and maintenance of the projects. The productive power of a project is defined as the average gross annual crop production for the preceding ten years or for all years of record and it is prescribed that the yearly acre repayment charge shall be five per cent of that figure.

Senator Gooding, republican, Idaho, who introduced the bill embodying the commission's recommendations, tonight described the amendment to the deficiency bill as the most important measure of legislation and the most complete reform measure on the subject ever passed by congress.

Removes Burden.

The measure which was passed by the house at the last session, "removes all the burdens from farmers as far as reclamation is concerned," said a statement issued tonight by the American Farm Bureau Federation, quoting L. O. Magee, secretary of the Waterusers' association of Boise, Idaho.

"Including the year 1924 on the (Continued on Page 5, Col. 1)

FORMER BRITISH OFFICER IS HELD

Army Man Involved in Blackmail of Potentate Undergoes Long Questioning.

PARIS, Dec. 2 (AP)—James Charles Arthur, former British army officer, who was arrested yesterday as the mysterious aide de camp to the Indian prince entangled in the sensational Robinson blackmail suit in London, underwent a long examination this afternoon. His attorney, M. Gido, asked for more precise information regarding the extradition warrant on which Arthur was arrested here.

Arthur will undergo formal interrogation before the French judicial authorities Thursday afternoon when it is expected he will shed new light on the events leading up to the famous London trial. At this trial it was testified that he was one of the ringleaders in the plot to murder the eastern potentate out of a huge fortune.

The prisoner's attitude is said to be that certain facts at the London hearing were glossed over or passed in silence which, if they had been revealed, would completely have changed the nature of the verdict in the case. It is stated that Arthur claimed he, as well as the Indian prince, was a victim of the blackmailing plot and that he lost \$500,000 francs of his own funds.

TREE CUTTING FOR CHRISTMAS USE DISCUSSED

Ways and Means Must Be Found of Preventing Waste of Nation's Timber Says New York Man.

WASHINGTON, Dec. 2 (AP)—The real Christmas tree problem is: How can every family have one? Approximately 5,000,000 Christmas trees are cut in the United States every year. Recently H. V. Berry of Port Jervis, New York, a delegate to the national conference on forest utilization, urged a federal law prohibiting the sale of Christmas trees. The Detroit Federation of Women's clubs also has sent out an appeal to that end. The American Tree association, however, says that in extending the federation's campaign to certain Christmas greens the club women are in the right, but does not favor abolishing the Christmas tree.

Sign of Season.
"Why like the Christmas tree, the universal sign of the Christmas season, out of the lives of the children," the American Tree association asks in a statement by Charles Lathrop Pack, its president. "The Christmas tree is a legitimate by-product of the forest. The real problem is how can every family in America have one. Under proper forest management which the association advocates, one crop of trees is made to succeed another. That is the big problem to which America must give immediate thought."
"The proper cutting of trees for Christmas use in most cases permits sturdier trees to attain greater growth. True conservation of the forest results not from leaving trees to grow old and die, but from their wise use while they are needed, in whatever size, by man."

Hold Justifiable.
"The foresters, whose profession it is to manage and protect the forests, assert that the use of Christmas trees is proper and wholly justifiable. Professor Ralph S. Homer says 5,000,000 trees a year in one space would require, at the most 10,000 acres."
"The United States forest service has recently stated that 'our remaining forest lands of all sorts are being cut at the rate of about 10,000,000 acres a year.' Ten thousand is one-tenth of one per cent of two million. Even if it took the clear cutting of that area to furnish us with Christmas trees each year it would be an infinitesimal part of our yearly drain on the forests."

For the north and east, and even as far south as Washington, D. C., the forests of northern New England, northern New York and eastern Canada furnish the supply of Christmas trees. It is a definite seasonal industry. The trees are graded as to size and condition and shipped in carload lots.

FIRST NEGRO JUDGE ELECTED TAKES SEAT

CHICAGO, Dec. 2 (AP)—America's first negro judge in court of record was inducted into office here today, when Albert B. George, elected on the republican ticket, took his seat as the municipal judge for six years. The ceremony crowded with people of his race, on a bench backed with flowers, the new judge took the oath of office which was administered by Chief Justice Harry Olson. The new jurist in a short address said that he would enforce all the laws to the best of his ability, and expected to subordinate entirely the question of race and color.

The Eternal Feminine.
Occasionally some one breaks into print with the complaint that we are getting "too much girl" on our magazine covers. (old story). Read this from Willkie's "Man and Wife," written in 1873: "one popular type of beauty prevails itself, in its fullest material development, at every shop in which an illustrated periodical is sold. The same fresh-faced girl, with the same innate smile, and with no other expression whatever, appears under every form of illustration, week after week and month after month, all the year round."—Boston Transcript.

The annual roll call of the American Red Cross has been deferred. In order to hold a chapter in Twin Falls it is necessary to retain a certain number of members and it is desired that all who are interested in the organization leave their membership fee of \$1 at the City Library before December 8.—adv.

Senators Read Out of G. O. P.

Above: E. F. LADD & ROBERT M. LA FOLLETTE. Below: SMITH & BROOKHART & LYNN & FRAZIER.

UNITED STATES SENATORS Robert M. La Follette of Wisconsin; B. F. Ladd of North Dakota, Lynn J. Frazier of North Dakota and Smith W. Brookhart of Iowa, have been read out of the republican party by their colleagues in the senate, who voted that they should not be given republican places on senate committees, nor invited to attend future party conferences. All were progressives in the last election.

ELECTRICITY IS LIKED IN INDIA

Power and Lighting Takes Country by Storm; English Rushed With Orders.

LONDON, Dec. 2 (AP)—Electricity has become so popular in India, particularly among the rulers and state officials, that contracting companies there are hiring scores of electrical workers in England and placing huge orders for goods with English manufacturers. Most of the palaces of Indian princes and nobles are entirely lighted by electricity and many villages, even in remote parts of the country, have electric street lights and some of the stores are lighted by the same method.

Native leaders who have visited European states are largely responsible for this wide introduction of electricity. A plant has recently been established at Chamba, 10,000 feet up in the Himalayas, which supplies power to some 250 towns in the vicinity and at night for many miles. This plant is owned and operated by a native staff. The Raj Sahib of Wankar employed English engineers to outline his palace with electric lights and the hundreds of lights may now be seen at night for many miles. This ruler also has placed a powerful searchlight on the roof of his palace with which he can illuminate the surrounding hills.

Electric fans, as may be supposed, are being rapidly introduced among the natives.

HUMAN BONES FOUND IN OLD OPIUM DEN BELIEVED OF WOMEN

ORDEN, Dec. 2 (AP)—Human bones were found yesterday by workmen engaged in cleaning out what in years past is said to have been an opium den. The bones were found in a building in the Chinese section of the city. City authorities have expressed the opinion that the bones are those of two women and an investigation has been started.

Had the Better of Hippo
Two small boys were at the zoo gazing at the hippopotamus with round, startled eyes. "I don't like it," said the younger one, a bit scared. "Let's go away." "You needn't be frightened," said his older brother. "Once we started zoology at school we know ever so much more about the ugly brute than he knows about himself."

FRENCH BOXER PAINTS HOUSES

Lucien Vinez, Noted Lightweight, Has Had Rocky Time Up to Winning Title.

PARIS, Dec. 2 (AP)—Lucien Vinez, who wrested the European lightweight championship from Fred Beaton recently, is 20 years old and has had a rather rocky road to the top of the European heap. He has been fighting for years, meeting the best lightweights here, never scoring a knockout, but always winning close decisions. Never popular with the boxing fans because of a peculiar style of combined attack and defense, he has never fought for large stakes. A house painter by trade he worked at it until two or three years ago, upon many occasions picking up his brushes the very next morning after he had shed the gloves. Like Criqui, he is a product of Belleville, the slums of Paris, and like the former featherweight champion of the world, he has remained modest and unassuming. The day after his victory over Beaton, one of his Belleville friends asked, "Vinez, whether he could recommend a painter colleague who would give his house a new coat of paint."

"Cheapest possible, Lucien," admonished the friend, "you know I am not very rich."

"Don't worry about that," answered the new European lightweight champion. "I'll go and do it myself and it won't cost you a centime."

CLOVER

CLOVER—Mrs. Robert Werner, who has been a patient at the county general hospital the past 10 days, returned to her home Sunday.

The Rev. and Mrs. M. Jagel and family from Eden spent the Thanksgiving holidays at the Rev. W. F. Dunning's home.

Mr. and Mrs. August Werner entertained the following guests at a Thanksgiving dinner: Mr. and Mrs. Ed Hahn, Mr. and Mrs. Arthur Werner and family, Mr. and Mrs. Richard Polish and family, Mr. and Mrs. Henry Lierman and family, Mr. and Mrs. Herbert Lierman and Carl Lierman, Sr., and family.

Paul Gihl was quite sick with tonsillitis the past week. Mr. and Mrs. Arthur Werner and family, and Miss Sophie Elting were pleasantly entertained at the Henry Werner home Sunday.

The Ladies' Aid will meet at the home of Mrs. Henry Lutz Thursday afternoon.

Miss Eva Hagler of Duluth spent Thanksgiving with her folks near Clover.

Mr. and Mrs. Ernest Reinke and family and Mr. and Mrs. William Dierker and family were visitors at the Fred Oppinger home on Sunday.

Mr. and Mrs. Louis Ulrich and family and Miss Lilla Werner were Twin Falls shoppers Wednesday.

Miss Lutz Schroeder has been among those on the sick list the past week.

Emil Persigich underwent an operation for the removal of his tonsils last Monday.

Lutz transacted business in Duluth Friday.

When Niagara Was Dry

The winter of 1847-1848 was extraordinarily severe in this country. Heavy ice formed in Lake Erie. When it was broken up during the latter part of March, the winds swept the ice into the entrance of the Niagara river at Buffalo, where it jammed in a solid mass completely choking the outlet of Lake Erie with the result that on March 29, 1848, the falls of Niagara were practically dry.

DICKENS' GRANDNIECE WINS BEAUTY PRIZE

MISS VIVARA, grandniece of Charles Dickens, famous English author, star in a New York musical comedy, won a contest held there to select the prettiest girl players in musical comedy in New York city.

CONFERENCES POINT WAY TO SETTLEMENT OF FRENCH WAR DEBT

WASHINGTON, Dec. 2 (AP)—Conferences between Ambassador Jusserand and Secretary Mellon on the French debt situation have pointed the way, it was indicated tonight at the treasury, to the basis for a tentative proposal for funding France's debt to the United States.

While the American debt commission reached no conclusions in its discussions today, members came away from the two-hour conference with a definite view as to the limits in which France can go, financially, and most of them appeared to believe this limit can be accepted by the American government. There was, however, no official statement further than that progress is being made.

KORETZ RETURNS TO FACE CHARGE

Man Who Swindled Chicagoans Out of \$2,000,000 Back for Trial.

CHICAGO, Dec. 2 (AP)—Leo Koretz, who fled from Chicago a year ago with a large portion of the \$2,000,000 that friends, relatives and acquaintances had begged him to invest for them in a fake Panama oil scheme, has returned with twelve one dollar bills in his pocket and the clothes he wore as his only assets.

While sitting in the office of state's attorney Robert E. Crowe, the promoter of the Bayano oil bubble, who was arrested last week in Halifax, calmly related his methods of promotion which caused the money to flow in so fast that he often took the cash of his friends and relatives under protest. Koretz said that he did not expect to interfere with the course of justice in any way whatever. His dabbling in the fields of frenzied finance started 18 years ago purely by accident, he said, and ended just a year ago after the Bayano oil stocks had sky-rocketed to dizzy heights and fallen like a plummet.

THE GUMPS—THE SAME TO YOU

MURDER THEORY GIVEN STRENGTH FOLLOWING TEST

Experts in Experiment on Guinea Pigs Back Up Opinion of Prosecutor That Wife of Pastor Was Killed.

COLUMBUS, Ohio, Dec. 2 (AP)—Further evidence to support County Prosecutor John R. King's theory that Mrs. Addie Sheatsley, wife of the Rev. C. V. Sheatsley, Dextley pastor, was dead before her body entered the furnace in the basement of the parsonage, was furnished the prosecutor late today, when experts reported that an analysis of the blood of two guinea pigs cremated a live in the same furnace revealed large quantities of carbon monoxide.

The test was made at the order of Prosecutor King to determine whether a living thing cast into the furnace would inhale a sufficient amount of the poisonous gas to be evident in the blood before death. An analysis of blood from the lungs of Mrs. Sheatsley showed no signs of carbon monoxide, chemists previously reported.

Traces Are Plain

The experts, Dr. H. M. Brundage, pathologist, and C. F. Long, chemist, reported to the prosecutor today that their analysis showed the blood of the guinea pigs to be "literally saturated" with carbon monoxide.

The guinea pigs experiment was conducted under conditions which Mr. King declared were "as nearly as possible like those at the time the minister's wife is believed to have met her death."

As a result of the experiment the experts were confident that the woman was dead before her body entered the furnace. Had she been alive, they charged, in the report, carbon monoxide would have been found in her blood as in the blood of the guinea pigs.

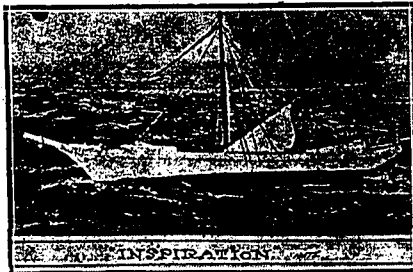

The cremated body of Mrs. Sheatsley was taken from the furnace of the parsonage more than three weeks ago. Her husband, the Rev. C. V. Sheatsley, pastor of Christ Lutheran church at Dextley, a wealthy suburb, found the body when he returned from an afternoon in town.

The coroner's preliminary report cited suicide as a possible solution to the mystery, but Prosecutor King ordered an investigation. Three weeks of questioning of members of the family and neighbors has thrown no light on the mystery, the prosecutor said.

The Black Wall

When first I knew my death was at hand I stood facing the blank, black wall, sobbing I hammered at it and set teeth and clenched fist attempting to knock it down. To my vain and tired effort it seemed but to increase in gloom and immovability, until my tear-dimmed eyes perceived intruded there not only the inert strength of immutable death, but greediness for its prey, the longing to crush me at once, even before my time. Then I revolted against so much unnecessary cruelty and turned from it in disgust. I vowed that wall should not crush me. Had enough to die at my age! While life is mine I mean to live—From "Words in Pain," anonymous letters of a dying Englishwoman to her physician.

Ship Wrecked at Sea by Lightning

ABOVE IS SHOWN the wooden schooner Inspiration as she was found by the steamer Cardiganhire drifting helplessly at sea for eight days. The schooner was struck by lightning during a heavy gale and her rudder and part of her stern were carried away.

HANSEN

HANSEN—Theodore Laycock came over from Gooding where he has been attending school to spend Thanksgiving with home folks.

John Craig of Hazelton was a business caller in town Saturday.

Maynard Hill, clerk of the Idaho Department store of Twin Falls, was a guest at the Ralph Benn home on Thursday.

Mr. and Mrs. George Webb and Everett Webb and wife drove to Burley Thursday to eat dinner with the boys' mother, Mrs. Z. T. Webb.

Ralph Taylor has sold his dairy equipment and cows to George Stanger and is making preparations to move his family to Ojoon and from there they will go to California to look for a possible location.

Ronald Laycock went to Boise Thursday and witnessed the big football game.

Pansy Snow entertained a number of boys and girls at her home east of town Saturday evening in honor of her thirteenth birthday.

The following boys were elected to the Older Boys' conference to be held at Buhl December 5, 6 and 7: Magnus Scherran, Stewart Scott, George Bennett, Charles Krum, Lewis Stinson, Ronald Laycock and Donald White.

The women's nutrition class meets in the church with Miss Kahle on Tuesday afternoon. Following this will be a meeting of the fifth, sixth, seventh and eighth grade girls with Miss Kahle for sewing club work and a whole wheat bread demonstration.

The Sunday school is planning to give a Christmas program on Sunday evening, December 21.

The community chorus will meet on Friday evening of this week instead of the regular night.

The grade school football team of Kimberly went down to defeat to the Hansen grade team on Wednesday evening by a score of 32 to 0.

The boys were fairly well matched according to size, but the local boys had the advantage by having had the more practice. The following constituted the Hansen lineup: Back field, Tom Hall, quarterback; halfbacks Ted Kopp, Donald Blakely; fullback, Irvin Ruff; ends Charles and Henry Coimer; tackles Fred Sutmler, Ronald Hill; center Errel Clonze; guards, Clarence Lacourse and Max Gailer; substitutes, Dale Kirkpatrick and Howard Johnson.

The Rev. Mr. and Mrs. Fletcher of Kimberly were guests at the home of Mr. and Mrs. J. E. Bates for Thanksgiving.

The seven months old baby daughter of Mr. and Mrs. Charles Ainsworth passed away at the family home in south Hansen on Sunday afternoon at 3 o'clock. The twin sister died at birth and the father and mother have done

IDAHO

"Wages of Virtue," Gloria Swanson's latest Paramount production, directed by Allan Dwan, who made both "Manhandled" and "Her Love Story," will be shown starting today at the Idaho. The story is an adaptation by Forrest Halsey of the popular novel of the same name by Percival Wren.

The picture is a pleasing love tale woven about a young girl, product of the slums, who becomes the toast of the French Foreign Legion. As Carmelita, Miss Swanson has a role ideally suited to her, a part that makes "Wages of Virtue" stand out as the greatest thing she has ever done in her lengthy career.

Everything to prolong the life of the remaining little one, but it was too frail to overcome its delicate condition. Mr. and Mrs. Ainsworth have the sympathy of the entire community. Marjorie Smith spent the week-end at Boise where he attended the football games and visited relatives. The program given by the orchestra on Sunday evening drew a large crowd and every number was thoroughly appreciated by the audience. The orchestra has been organized since early fall and is doing very commendable work. Mrs. Roy Turk is the efficient leader, and under her direction the orchestra has become one of the indispensable departments of the church.

Work of 1924 Football Squad Held Remarkable

Few Teams in Northwest Can Equal Record Made by High School Players of Twin Falls for This Year.

Few football teams in the northwest rival the work of the Twin Falls high school squad this year who came within a point of winning the state championship against an aggregation of players averaging 15 pounds more than the man Felix Platinio's men. Now that the football season is over and a breathing spell comes before the opening of the basketball season, a brief resume of the work of the local squad for the season is in order.

At the start much credit must be given Felix Platinio, football coach and former University of Idaho player for the manner in which his team has performed. At the opening of the season practically all of his men were green or with little former football experience. Last year's men on the team including those who played in any of the games were Timm, Alvord, Dyer, all in the back field, and Farrar, Humphrey and Holman.

While the football season was scheduled this year at a meeting held in this city at which time after much discussion each high school picked out the teams it was to meet, Twin Falls got away to a bad start due to misgivings with Burley and Hager, both of whom declared they had other designs beside playing Twin Falls and for a while it looked as if the local eleven would not be able to schedule enough games to play the number entitling it to take part in championship honors.

The first game of the season was with Elmer. Elmer, football fans point out, is small but mighty, and one of the hardest teams to defeat in the conference. Several schools placed Elmer a long way down the line in their schedule of games because Elmer was known to be hard to beat. Twin Falls, however, picked Elmer for its first game and on the Elmer field they defeated them by a score of 46 to 3, which few other teams in the school's history have been able to boast of going.

Only Two Games. The next game was the only one in which, with the exception of Nampa, Twin Falls had any trouble and that was Albion at Albion on October 15 when the two teams played a 7-7 tie. And Twin Falls was playing a normal school with players of more mature years at that.

At Oakley on October 17, seven days later, the Bruins fought their next hardest game and they defeated that school by a score of 18 to 7. Oakley in the final windup of the season being the district runnerup, so far as records show.

The first game of the Bruins at home was with Gooding whom they defeated 29 to 12, on October 24, the fourth game in 21 days and at a time when several other schools were pausing to get their second wind before going ahead to finish the season.

Beal Ole Camp. Then came the game between seven days later with Buhl, their ancient athletic enemy, which resulted in another victory for Twin Falls, the score being 34 to 7. Following this was the game November 11, after a resting spell, with Rupert, which resulted in a score of 20 to 0. Burley, too, who didn't have Twin Falls in their playing plans, went down in defeat three days after the Rupert game to the tune of 20 to 0. Second string men were used during the first half of this game, and managed to score and hold the visitors from crossing their goal line.

Fifth, champions over Pocatello, and a team which averaged in weight well over 160 pounds and declared by many to be as heavy as the Nampa squad, if not heavier, were mowed down on November 21 on Lincoln field to the score of 27 to 6. Here, however, was a game which left the Bruins tired and no condition for the Nampa championship November 24.

Nampa Had Rest. Nampa went into this game with a long rest. Her last game being November 7. Twin Falls went into this game with a team 15 pounds lighter, but three days rest after a tough game against a much heavier team and after a long trip to Nampa with but one day to get the stiffened out of their bodies and emerge losers by but one point, which veteran university players of this city declare was nothing short of marvelous that they were not crushed much worse.

Platinio's insistence of teamwork, which he thoroughly learned under coaches at the University of Idaho who spelled the word with a capital T, brought results far beyond expectations. The aerial work of the Bruins was also perfected to a stage where it could be relied upon for gains when line backing failed. Fight, however,

and the ever present determination to pound away until they found a hole in the line through which they could make yardage was mainly responsible for the long string of victories before they were defeated.

Played Most Games. Comparison with the games played by other high school teams shows that Twin Falls played more games than any other team and the more games they played the larger the number of points they piled up.

As to Platinio himself. His record at the University of Idaho speaks well for what he did with the Bruins. In his freshman year he was fullback on the varsity team. The next three years he played center and in 1920 he was captain of the team. He graduated in 1920 and went back in 1921 and obtained his master's degree. Three years he was line coach at the Idaho Tech at Pocatello before he came here.

First String Men. Members of the first team this year were: Linebacker, Farrar, Frahm, Vance, Putzier, Humphrey, captain; Holman, J. Oberison, McCormick, Potter, Hall, Johnson, Sullivan. In the backfield string were Timm, Alvord, Day, Williams, Schaefer, Owens, Berg and Fix. Of these next year's material is robbed by graduation of Farrar, Humphrey, Holman, Timm, Alvord and Day. Humphrey, the captain of the team, was out the greater share of the season. In the first 10 minutes of play with Elmer in the opening game he suffered a broken collar bone and when he went back into the game against Elmer the other collar bone was broken.

Yes, Twin Falls, without undue boasting, had an excellent team this year, thanks to Platinio and in the manner in which the boys got down to practice.

FISHER BOWLERS WIN FROM GROSSMAN SQUAD

Victors Humble League Leaders, Taking Two Out of Three Games; Logan Makes Individual Record.

Fisher bowling team defeated the Grossman bowlers, winning two out of three games in a Twin Falls bowling league contest Tuesday evening, and losing the third game by margin of 82 pins. Logan of the Grossman squad with a total score of 801, carried off individual honors. The detailed score: Fisher—159 101 178—438 Tot. 338; Bailey—135 135 135—405 Tot. 405; Porter—129 164 152—445 Tot. 445; Kunkel—194 107 154—455 Tot. 455; Cubitt—172 164 204—540 Tot. 540.

Totals: Fisher—784 821 824—2429; Grossman—178 184 230—592 Tot. 592; Fix—119 160 171—450 Tot. 450; Logan—178 184 230—592 Tot. 592; Ford—143 126 159—428 Tot. 428; Vogel—141 162 167—470 Tot. 470; Towan—177 164 180—521 Tot. 521.

Totals: 758 806 906—2467.

Meadow Lark Useful Bird.

The meadow lark is a familiar bird of grassland throughout the United States. Unlike our eastern meadows, western prairies and southern savannas, its clear pipe is sweet and clean as silver, may be heard in spring, announcing the return of the season of procreation and growth. More than half of the lark's food consists of harmful insects. Its vegetable food is composed of other noxious weeds or waste grain, and the remainder is made up of useful beetles or neutral insects.

EXCAVATES IN WORLD'S FIRST CIVILIZATION

PROF. S. LANGDON, Egyptologist, is the head of the Marshall Field Museum-Oxford University Mesopotamian expedition, engaged in excavating the ruins of Kish, where relics and treasures of a Summarian civilization older than the Babylonian or Egyptian, are being unearthed. Some of the records prove that Kish, mythically credited with having been founded 34,000 years ago, existed as a Summarian dynasty seat more than 7000 years ago.

EGYPTIAN MINISTERS AGREE TO DEMANDS OF ENGLISH GOVERNMENT

CAIRO, Dec. 2 (AP)—The council of ministers, bowing to necessity and impelled by a great desire for pacification and good will accepts the condition integrally and without reserve, "is the reply which Ziaur Pasha, the Egyptian premier, made to Viscount Allenby, when the British high commissioner commiserated in writing the British conditions for evacuation of the Alexandria customs. The customs had been seized as a guarantee for compliance with several of the British demands which the Ziaur government left behind for settlement when it went out of existence.

DEMOCRATIC CAMPAIGN EXPENSE GIVEN HOUSE

WASHINGTON, Dec. 2 (AP)—The democratic national committee filed today with the clerk of the house a report showing total campaign contributions of \$45,520 from July 1 to Nov. 20, inclusive. The committee also reported a loan of \$120,000 from the New York Trust company which made available for the campaign a total of \$955,520. The report listed total expenditures for this period at \$905,908 and showed a balance of \$61,612.

BOUNDARY DISPUTE IN SUPREME COURT

WASHINGTON, Dec. 2 (AP)—The New Mexico-Colorado boundary dispute was argued today in the supreme court. New Mexico contended the line should follow the reservoir of Howard B. Carpenter, made in 1902, and Colorado insisted that the line marked by E. N. Darling in 1868 should be adopted. Colorado has been exercising jurisdiction of the territory in the controversy.

ELECTION FIGHT ON MOUNTAIN HOME, IDAHO, DEC. 2

(AP)—Recount in Hammett precinct is asked in a court action filed at 10 o'clock this morning by W. C. Rubery, defeated republican candidate for Elmore county assessor. Thomas Frasier, democratic incumbent, was declared elected by three votes by the official board of canvassers.

FURNITURE CODE IN ADVERTISING

Association Adopts Method for True Naming of Various Woods Used in Pieces.

NEW YORK, Dec. 2 (AP)—The board of directors of the National Dry Goods Association has adopted a code for the truthful advertising of furniture, according to Lew Hahn, managing director of the association. The code is in accordance with the "Name the Woods" campaign, carried on by the National Vigilance Committee of the Associated Advertising Clubs of the World. Mr. Hahn said the same code has been put in effect by the Furniture Manufacturers' Association of Grand Rapids, Mich. Before determining its course, the board of directors of the Dry Goods Association made a comprehensive study of conditions throughout the furniture advertising field to prove its practicability. The code consists of two rules which set forth that, in advertising, furniture in which exposed surfaces are of one wood shall be designated by the name of that wood, and where the exposed surfaces are of more than one wood, the principal wood used shall designate the furniture.

CONGRESS CONTROLLED BY DRYS SAYS REPORT

WASHINGTON, Dec. 2 (AP)—In the sixty-ninth congress there will be 319 dry votes in the house, 111 wet votes and five which it is impossible to classify with certainty and in the senate there will be 74 dry votes, 21 wet votes and one vacancy, according to estimates presented today to the annual meeting of the board of temperance, prohibition and public morals of the Methodist Episcopal church, by Dr. D. Pickett, research secretary.

If your property is desirable and is advertised in the classified—you'll find four buyers.

SURPLUS LIKELY IN TREASURY THIS YEAR

(Continued from Page 1)

is given \$253,330,598, and the navy \$282,158,604. Civil functions of the government are appropriated under the budget of \$441,021,828. From this sum the budget bureau calculates the government may carry on its foreign relations and protect American interests abroad, enforce the laws, administer local affairs and the public domain, control banking and the currency and do the other things for which the departments of agriculture and commerce, the federal trade commission, the patent office, the tariff commission and shipping board were created to administer.

Public Works. Public works will cost under the estimates, about \$160,160,702, of which \$81,000,000 will go for roads and \$53,840,380 for river and harbor improvements. The remainder of this division has been allotted \$9,772,287 for the reclamation service, \$8,735,366 for the Panama canal, \$9,000,000 for railroads in Alaska, and \$4,820,689 for other public improvements and government plan additions.

In the last fiscal year or less in the category of fixed charges the budget provides commitment of \$1,372,555,186 of which \$830,000,000 will be for interest on the public debt. The reduction in the public debt will use \$484,766,180 in the year to come. Other items in this list include provision for refunds and losses, for which \$35,088,000 is recommended and for disbursement of trust funds requiring \$24,501,086.

Percentage Basis. Divided on the percentage basis the budget shows that of each dollar in revenue obtained by the government, 3.57 per cent is used in general functions of the government; 16.57 per cent for national defense, 35.39 for military pensions, retirement pay, etc., 5.56 for public works, 2.25 for promotion of marine transportation, 6.40 for civil functions, 3.4 for refunds, 14.84 for public debt retirement, 25.4 for interest on public debt, and 25.3 for trust funds. It was also shown that 46.06 per cent of the government's income is derived from income and profit taxes, 24.87 per cent from miscellaneous internal revenue sources, 14.69 per cent from col-

lection of customs duties, 5.43 per cent from interest, premiums and discounts, 1.16 per cent from fees, fines, forfeitures and penalties, 1.58 per cent from repayment of investments, 2.41 per cent from trust fund receipts and 3.3 per cent from miscellaneous receipts. Earth Always Meeting Meteoroids. The earth in its orbit constantly encounters meteoroids. These are countless small bodies in the solar system. Their velocity is so great that the resistance of even a rare portion of atmosphere ruffles their surfaces to white heat, thus converting them into meteors, also known as "shooting" stars, "falling" stars, aerolites, fireballs, bolides, etc. The majority of these particles are entirely dissipated, but some pass out of atmosphere, again and sometimes remnants fall to earth as meteorites.

MEMORIAL PLAN ACCORDED FAVOR

Chamber of Commerce Directors Indorse Proposed Monument to Martyred Governor.

Strong endorsement of the plan for erection of a memorial on the town in front of the state capital at Boise for the late Governor Frank Steunenberg, Idaho's martyred chief executive, was voted by directors of the Twin Falls Chamber of Commerce at a regular meeting Tuesday evening. The plan which was explained at this meeting by Lew Williams of Boise, and E. M. Wolfe of this city, contemplates raising by citizens of the state a fund to match the appropriation of \$15,000 made for this purpose by the 1917 session of the state legislature.

In connection with discussion of the plan, Elmer L. Hodgkin, Twin Falls mayor and president of the chamber of commerce, who was United States marshal when Governor Steunenberg was slain, related the martyred governor's methods of dealing with disorders that led to his death and circumstances attending his slaying.

Authorized Representation.
The directors authorized Secretary Charles F. Dwight to attend a meeting of the Southeastern Idaho Federation of Chambers of Commerce to be held at Pocatello December 12, and urged attendance by club members. Road affairs, dairying and the Ogden Livestock show were topics for general discussion at the meeting, no definite action being taken in regard to any of them.

TWO MEXICANS HELD FOR INFRACTION OF DRY LAW

Police Seize Still After Sheriff's Deputies Arrest Reputed Patron of S. Matteo.

Police late Monday night raided a dwelling at 422 Second avenue north held by Samuel Matteo, Mexican, under lease, discovering there a moonshine still, three barrels of mash and a quantity of liquor which were seized. Matteo was arrested at a downtown lodging house and is held as a prisoner in the city jail. The raid and arrest followed arrest by members of the sheriff's force of Gregorio Enriguez, Mexican proprietor of the California pool hall on Main avenue south, where seizure was made of a small quantity of liquor which is held to have been sold to Enriguez by Matteo.

Enriguez, on arraignment Tuesday before Justice of the Peace Kennedy Packard, pleaded not guilty to charge of illegal possession of liquor and hearing in the case was set for today.

SENATE PASSES BILL HELPING WATER USERS

(Continued from Page 1)

Boise project alone there is a delinquency, Mr. Moore said, of approximately two million dollars resting on some three thousand water users.

With a three year moratorium granted by the legislation on construction charges, the farmers on the Boise projects, he added, would be able to liquidate other indebtedness. Had the law not gone through it was his belief that 75 per cent of the people on this project "would have abandoned their farms before spring." "There is an aggregate of 25 reclamation projects in 15 states," he said, adding that through passage of the bill the people on these projects "are not only saved their homes but the government now has a chance to recover some \$143,000,000 which it has invested in these lands."

The legislation failed of passage at the close of the last session of congress when the senate and house became entangled in a dispute over its provisions and Senator Pittman, democrat, Nevada, filibustered until the fall of the gavel in protesting elimination by the house of an appropriation of the Spanish Springs project in this state.

PREPARE 2300 OPINIONS
BOISE, Dec. 2. (AP)—In the last bi-annual state attorney general's department has prepared and written 2300 opinions for the various heads of state departments and institutions, according to a report submitted to Governor C. C. Moore today by A. H. Conner, attorney general. Many of these opinions the report states, relate to departmental matters, not of general public interest.

LEGION COMMITTEE FOR CONVENTION IS NAMED

Twin Falls Post Commander Delegates Plans for Entertainment of District Meeting Here.

Announcement was made Tuesday evening by R. H. Graves, commander of Twin Falls post, American Legion, of the appointment of a general committee on arrangements for the American Legion district convention to be held here Tuesday, December 9. Convention plans are being worked out by the local post in cooperation with A. Wilton Peck, who is rounding out his term of office as commander of the district organization. Members of the general committee named were Carl L. DeLong, Don Bonwell, Chester Wise, Ralph Pink and H. O. Lauterbach.

VETERANS GIVE FLAG TO SCOUTS

Presentation Ceremony Impressive Feature of Joint Meeting of Legion and Auxiliary.

Twin Falls post, American Legion, at a joint meeting Tuesday evening, with the American Legion Women's auxiliary in the Elks club rooms, presented to the Boy Scout troop for which it is sponsor a large American flag. About 70 persons including members of the scout troop, attended the meeting. The presentation address by Carl L. DeLong, was preceded by singing of "America." The flag was received for the troop by Richard Robertson and thereafter members of the troop recited the scout's pledge to the flag. Thomas M. Robertson, president of the Twin Falls Boy Scout council, expressed appreciation of the support given by the veterans' organization to the Boy Scout movement in Twin Falls and urged members of the Legion, in the spirit of the Boy Scout oath—"I will do my best"—to extend their activities in this direction thereby fulfilling a further duty to the nation and its future citizenship.

An entertainment program arranged for the occasion included vocal numbers by Miss Flo Cook and Miss Jean Kravacka, with piano accompaniment by Miss Madeline Schaffner, and several selections by the high school orchestra under direction of J. T. Bainsbridge.

Members of the auxiliary served refreshments. Mrs. Burton E. Morse and Mrs. C. H. Krenzler presiding at the chocolate and coffee urns.

The Legion committee in charge of arrangements for the meeting was composed of W. F. Panser, P. W. McRoberts and Dr. F. C. Beebe.

Old Age in Cats.
Did you ever see an old cat (the animal)? An old, rheumatic, palsied, blind, gray-whiskered dog is no uncommon sight; but the cat, Tom or Julia, who is his contemporary, shows none of these marks of the cruel hand of time. It is true that a grandmother cat has acquired dignity, but she is just as lithe and successful in her mouse-catching as she was in her cat-dog days. The scars of battle may be on an old cat, but these cannot be called signs of age. Think it over, and ask yourself if you ever saw an old cat!

FIVE ROTARY CLUBS TO HOLD MEETING AT BURLEY

District Governor Charles Dinwoody of Idaho Falls to be Principal Speaker at Inter-City Session.

Rotary clubs of Buhl, Twin Falls, Jerome, Rupert and Burley are to participate in an inter-city meeting of Rotarians to be held at 9:30 o'clock this evening at the National hotel dining room at Burley, at which Charles Dinwoody of Idaho Falls, Rotary district governor, is to be the principal speaker. Each participating club is to provide a part of the evening's program.

DAMAGES FOR HOGS IN CORNFIELD ARE ASKED

Dispute Between Castleford Farmers as to Measure of Loss Caused by Straying Swine Aired in Court.

Twenty-nine swine in a cornfield one day late in November last year wreaked \$133 worth of damage, according to contention of H. Kinyon, Castleford farmer, in a suit against Julius Schlake, a neighbor, on trial Tuesday before a jury when the district court here. Schlake, owner of the swine, admits a measure of damage, but asserted that Kinyon's demand is unreasonable and excessive. Plaintiff Kinyon was represented by A. W. Ostrom and Defendant Schlake by J. H. Sherrey of Buhl.

CAR IS STOLEN AT BUHL

BUHL, Dec. 2.—(Special to The News)—Police in surrounding cities have been notified to keep on the lookout for a Ford coupe stolen here this evening from the business streets of the city belonging to A. E. Larson of Portland. The car bears license number 136-284 of New York and at the time it was stolen contained baggage belonging to Mr. Larson and an overcoat in which several hundred dollars in traveling checks reposed.

SOCIETY AND CLUBS

Edited by
MRS. E. B. WILLIAMS
Phone 396

The Twentieth Century club held its regular general club meeting on Tuesday, December 2, at Justamere Inn. The business session was presided over by Mrs. P. W. McRoberts, the president. Among the various matters discussed and voted upon was the decision to have a gift exchange the week before Christmas and to hold a day in honor of the past presidents, the date of which was decided upon later. The program was listed as a study in pictures under the able leadership of Mrs. E. A. London. The singing of Christmas carols by the club chorus under the direction of Mrs. J. A. Dyett which was to have been a feature of the day as well as other musical numbers, had to be dispensed with owing to the serious illness of the mother of Mrs. Charles F. Dwight, who resides at the Inn with her daughter. Mrs. M. J. Sweeney gave one of her particularly interesting talks on a subject dear to her heart, namely "Western Art." Mrs. J. R. Bothwell talked on "Famous Madonnas." This was one of the most wonderful papers ever given in the club, showing much study and marvelous insight into the artist's delineation of the various Madonnas portrayed. Guest day was also featured and many members brought friends to share the pleasures of the day with them.

Miss Margaret Bennett and Mrs. Wilbur Rowberry were hostesses to the "Women's Pan-Hellenic" club Monday evening at the home of the former on Seventh avenue north. The president, Mrs. W. F. Pike presided at the business session and the club voted \$50 has become the bride of Maurice Marks, New York advertising man, despite her spirited argument against matrimony.

ELKS ANNUAL MEMORIAL SERVICES ARE ANNOUNCED

J. E. Edgerton of Pocatello to Deliver Principal Address at Lodge of Sorrows Ceremony.

Annual memorial services for departed members of the Elks lodge will be observed next Sunday afternoon with public services to be held in the Orpheum theater, according to arrangements worked out by the committee in charge of the observance for the Twin Falls lodge.

The principal address is to be delivered by J. E. Edgerton of Pocatello, the past exalted ruler of the Pocatello lodge. Officers of the lodge will present the ritualistic ceremonial and a musical program is to be given.

Van Engelen. The hostesses served dainty refreshments. The next meeting will be held December 15, at the home of Mrs. Peavey; each member is requested to bring a child's toy which will be given to the Blue Triangle girls for their Christmas tree for the children.

Henry V. Walling circle No. 10, Ladies of the G. A. R., met at the home of Mrs. Frank Howman on Foglar avenue Monday evening with the president, Mrs. Joseph Keefer, in the chair. Department Senior Vice President Mrs. Callie May Lewis of Hansen, inspected the circle. During a delightful social hour the hostess, Mrs. Howman served delicious refreshments. The next meeting will be with Mrs. Gorome.

ANNOUNCEMENTS

The Presbyterian Ladies' Aid will meet in the church parlor Thursday, December 4, at 2:30. Business of importance is to be discussed and all members are requested to be present. All ladies of the congregation are cordially invited.

The Episcopal Guild will meet on Thursday afternoon, December 4, with Mrs. Stuart Taylor, Sr., at the Red Apartments.

Another Bargain Scoop Another shoe event which means Savings for You

1007 Pairs of High Grade Shoes Will Be Sold at Ridiculously Low Prices

Always on the alert to obtain quality merchandise at a fraction of its regular wholesale prices—we purchased the stock of Frank Meyers, Royal Shoe Shop. To avoid being overstocked we are going to offer some special bargains which will wipe out this entire stock in four days, bargains which you can't afford to miss.

Thursday, Dec. 4

The Christmas rush is on, so we have allotted just four days for this shoe event, four days of rapid retail selling, four days of opportunities for you, four days of the biggest values, offered in shoes in years. Be here Thursday morning.

Thursday, Dec. 4

WHY NOT TWO PAIRS?

At the prices put upon these shoes you can afford to buy two or more pairs. Here's what a shoe authority says:

"While it is not generally known to the average shoe wearer it nevertheless is a fact that two pairs of shoes worn on alternate days will outwear three pairs if each pair is put on and worn out before a new pair replaces it. This in the end is shoe economy."

High Heel Shoes	All Leather Shoes.	Oxfords and Straps	Patent fancy straps brown, low heel straps,	Selz or Buckingham and Hect, the pair—
49c	98c	\$1.98	\$2.98	\$3.98

Children's sturdy shoes; scuffer styles, rubber heel lift; the pair—

\$1.49

Little gents' durable shoes, brown, buckle top—

LODGE PROTEST TO INSTALLING FLAGS ON WALKS

Eighty Business Men and Property Owners Petition Municipal Commission; Misrepresentation Charged.

Petitions protesting to Twin Falls municipal commission against the installation of flags in sidewalks in front of business places on Main avenue and Shoshone street were signed Tuesday by 71 business men and institutions and by nine owners of property on these thoroughfares.

With few exceptions the protest petition was not signed by business men who had contracted for purchase of flags, many of whom, however, according to W. H. Eldridge, who circulated the petitions, expressed feeling that the proposition had been misrepresented to them and voiced desire to be released from the purchase contract.

Reasons for Objection.

1. The flags are not worth the price asked.
2. The present time is not opportune for a change from the present system of overhead flag display which will be satisfactory for at least another year.
3. When the time comes for a change from the present system it should be by decision of the chamber of commerce merchants' committee, which should select the type of flag to be used, and the business should be given to a local dealer.

Statement of Commissioners.

The protest developed after the commission at a regular meeting Monday evening, in pursuance of a prior agreement with salesman for the flags, authorized issuance of the permit on the strength of representations by the salesman that "almost all" of the business men and institutions on these thoroughfares had contracted for the flags and desired that official approval be given for installation of the flags. Specifically the salesman stated that flags in sufficient numbers had been sold here to provide for their display at intervals of 25 feet on Main avenue and on the basis of eight to the block on Shoshone street.

Permission granted by the city commission in this case might be rescinded by the commission if it were shown that misrepresentation had been employed, Mayor Shad L. Hodgins stated Tuesday evening.

Legion Members Wrathful.

American Legion members Tuesday expressed resentment over misrepresentation that is alleged to have been made by salesman for the flags.

"It came to my attention today that the salesman for the flags told at least one merchant that the Legion was back of the proposition," A. H. Graves, commander of the Twin Falls post, American Legion, stated. "This is absolutely untrue. As a matter of fact, the Legion was solicited to lend its support to the proposition and turned it down positively."

Petition Signers.

Petitions signed by business men in protest to the proposition were in text as follows:

"We the undersigned merchants and business men located on Main avenue and Shoshone street, are not in sympathy with the move to insert flags in the sidewalk in front of our places of

IDAHO POWER COMPANY CLAIMS REFUND OF TAX

Twin Falls County Commissioners Take Up Action Against Protest Against Assessment at Salmon Falls.

Twin Falls county commissioners Tuesday received and took under advisement the claim of the Idaho Power company presented by its general superintendent, R. B. King, for refund of \$2505.12 paid under protest by the company under personal property tax assessment for 1924 against "alleged personal property at Upper Salmon Falls, described as hydraulic power works and equipment." The company contends that the assessment is unreasonable, illegal and void for the reason that the property against which the assessment is made is not personal property.

CLAIM TO SHEEP DECIDED

Jury Awards Possession of Animals in Dispute to J. R. Hinton of Hansen, Original Owner.

Verdict awarding to John R. Hinton of Hansen, possession of 66 head of sheep in controversy in the suit of Hinton against C. R. Osborn and F. L. Evans of Hansen, was returned by a jury in district court here Tuesday morning. The sheep in question, according to evidence introduced at the trial, had strayed from the Hinton flock as they were being moved last May from feeding grounds on the North Side to Hansen and were taken up by defendants Osborn and Evans and held by them until October. Defendants prior to the institution of the suit asked compensation for care for the sheep at the rate of \$3 per day and Hinton had offered to pay \$1 per day.

business and protest against your giving permission to do so."

Signers of the petition were Arthur A. Swain, First National bank, T. J. Woods, Skaggs United States, C. D. Hunt, Schramm-Johnson Drug company, A. B. Colwell, W. J. Young, S. Straus, Herbst and Rambo, Antiseptic shop, Booth Mercantile company, Charles Neely, Barber Shoe company, A. H. Swain, First National bank, T. J. Woods, Skaggs United States, C. D. Hunt, Schramm-Johnson Drug company, W. Denoyer, U. S. Meat company, Sal-laday Hardware company, Orpheum theater, S. M. Riley, L. B. Wall, F. W. Brough, Mountain States Telephone and Telegraph company, Wilbur S. Hill, Central Market, E. Hollingsworth, Randall and Wright Auto company, W. P. Guthrie, D. Blasonetto, H. A. Sinclair, Fisher Drug company, Brannick Cigar store, A. Alexander, F. J. Dell, T. A. Reed, W. R. Prieb, T. C. Macaulay, J. H. Umbang, Twin Falls Hardware company, T. H. Vague, Diamond Hardware company, The Sun-flower, Golden Rule Mercantile company, W. H. Harrison, Sweet's Furniture store, Times Publishing company, C. W. Simpson, S. S. Arn, G. W. Gerish, Sumner Brownell, R. F. Roberts, L. M. Boehm, Idaho Department store, Murphy's Cigar store, J. E. White, G. T. Hunt, Class cafe, J. W. Laubenheim, H. J. Wall, Western Union Telegraph company, Model cafe, Charles E. Rowcliffe, C. D. Thomas and company, J. P. Johnston.

Property Owners.

Petition signed by property owners was as follows:

"We, the undersigned, property owners, on Main avenue and Shoshone street, protest against your giving permission to insert flags in the walk in front of our property."

The signers were: W. H. Eldridge, Twin Falls bank and Trust company, First National bank, Twin Falls Hotel company, Twin Falls Title and Abstract company, Class Book store, Ed Braun by T. M. Robertson, J. A. Johnson, C. E. Potter.

HANSEN MEN TO MINE FOR GOLD

One Hundred Stockholders Subscribe \$10,000 in \$100,000 Exploration Corporation.

With \$100,000 capitalization and with 100 stockholders each of whom has subscribed to \$100 worth of its stock, the Golden Trail Mining company, with its principal place of business at Hansen, Idaho, has been organized and has filed its articles of incorporation in the office of the county recorder here.

Primary purpose of the corporation is exploration of gold mining claims in Gem county, southwestern Idaho, which preliminary investigation is reported to have indicated productive of ore carrying values of from \$40 to \$500 per ton.

Directors of the company named in its articles of incorporation are Gaylord M. McVey, A. R. Scott, O. D. Bills, J. R. Hill and W. G. Sampson, all of Hansen. Stockholders are mainly residents of Hansen, Kimberly and Twin Falls.

DIRECTORS FAVOR TRADE ON TOURIST PARK SITE

Corporation Board Takes Action to Provide Compact Body of Land at End of Main Avenue North.

Directors of Twin Falls Park corporation, at a meeting Tuesday afternoon in Twin Falls Chamber of Commerce offices, approved a proposal for exchange of two lots fronting on Washington street for other lots from which the Urban Tracey residence is to be removed in order to square up a tract of between four and five acres of ground recently purchased by the corporation for a new tourist park site. The new arrangement is considered advantageous since it will permit of fencing the park site to provide for a single gateway opening on the state highway a short distance west of the north end of Main avenue.

The directors at this meeting also arranged for traveling of streets within the park site as the first of a number of improvements to be made in the park that is to be opened next spring.

BREVITIES

To Visit in Oklahoma—H. J. Bunker left Tuesday on a visit to Texola, Oklahoma.

Goes to Des Moines—Mrs. E. V. Larson and children will leave today on a visit to Des Moines.

Kimberly Man Travels—M. F. Grimes of Kimberly left here Tuesday on a trip to Eaton, Colorado.

Returns From Visit—Miss Alice Ebeling of the Idaho Power company office force has returned from a visit to friends at Rupert.

Conclude Visit—Mr. and Mrs. H. E. Perkins, parents of Mrs. William Wood-bridge, left Tuesday evening returning to their home at Enterprise, Oregon, after a visit here.

To Visit in Nebraska—Mr. and Mrs. D. B. Churchill will leave today for Omaha and Davenport, Nebraska, to visit relatives and friends during the holidays.

Summoned to Nampa—Mrs. C. W. Hammond left Tuesday evening for Nampa in response to word of the serious illness of her baby at the home of Mrs. Hammond's sister there.

Undergoes Operation—Miss Ruth Hodder, daughter of Mrs. Masud Hodder, 403, Second avenue north, underwent an operation for appendicitis at the county general hospital Tuesday.

Visiting Sister—Mr. and Mrs. George Ling are at Paul, Idaho, visiting his sister, Mrs. L. F. Comstock, who is critically ill. Mrs. Comstock formerly resided on Elizabeth boulevard, Twin Falls.

Returns From Lava—J. D. Barnhart, chairman of the board of county commissioners, returned Tuesday from Lava hot springs, where he spent several days under treatment for rheumatism.

Recovering From Injury—Mrs. Effie Watkins, secretary of the Rebekah lodge, was Tuesday reported to be resting comfortably and was believed to have suffered no lasting ill effects from a fall from a chair while adjusting a light cord at a staff meeting in the lodge rooms Monday evening.

Leaves Hospital—O. D. Sanford of Buhl was Monday evening discharged from the county general hospital where he had been a patient for several days

under treatment for two knife wounds in the back that are alleged to have been inflicted by C. G. Bayliss of Buhl during a quarrel. Bayliss is held to answer to charge of assault with a deadly weapon.

Operation Successful—W. E. Foster returned Monday from the Mayo hospital at Rochester, Minnesota, where he has been a patient for the past eight weeks, recovering from a successful gallot operation. After leaving the hospital and before returning home he visited at the home of Mr. and Mrs. John Lauterbach at Redwood Falls, Minnesota.

Back From Buying Trip—R. C. Beach, president, and his son, Kenneth Beach, manager of the Idaho department store, returned Tuesday from several days' buying trip to New York and other eastern markets. They were joined at Minidoka by Mrs. Kenneth Beach, who during their absence had visited at Lewiston, home of Mr. and Mrs. B. C. Beach.

MAYOR NAMES COMMITTEE FOR JEFFERSON MEMORIAL
