RED AGITATION FOR REVOLUTION THOUGHT ENDED

Communist Uprisings in France Are Quelled and Plan for Revolt "Nipped in Bud," Says Official.

PARIS, Dec. 6 (AP)—Complete success in putting a stop to the communist agitation against the French government was claimed by the government tonight and Minister of Interior Chautemps, supreme head of the French police, was able to express entire satisfaction with the manner in which the "nipped in the bud" action in the past.

Reliance is shown by communists headquarters. The communists do not acknowledge defeat, but say the action has been merely postponed. The official party organ published an official tonight for communists to hold themselves in readiness for any eventuality.

Government Scores.

To the neutral observers, it appears that the government scored heavily against the extremists first, by rounding up more than 300 communists of all nationalities, more than 70 of whom, foreigners, will be exiled; and second, by preventing the communist manifesto from being distributed. Communist propaganda, however, has gathered such headway and the organization has been perfected to such a point that students of social and political conditions in France express the opinion that the government must continue severe repressive measures if it hopes to annihilate the revolutionary movement.

Remove Prisoners.

The communists plot to the removal of Jacques Sadoul from the Paris military prison to a jail at Orleans as due to fear that the Paris prison would be used as a base for revolution. The official party organ stated that the removal of Sadoul was a move to prevent the 11th Infantry regiment, whose headquarters are in Lyons, department of Orleans, the Orleans court martial alone is competent to try Sadoul. The original trial in which the former army captain was convicted by default on a charge of treason in 1919, took place before Paris court martial.

LATAH COUNTY GIRL IS WINNER OF ESSAY PRIZE ON MEMORIAL

BOISE, Dec. 6 (AP)—Laurinda Tuttle of Latah county was awarded first prize in the state-wide essay writing contest in connection with the drive for funds for the proposed memorial building at the University of Idaho, it was announced today, following a meeting of the state judges.

The essay subject was:

"Why should we erect a memorial building in honor of Idaho's soldier dead?"

More than 60 essays were considered by the judges who held the awarding of prizes at the University of Idaho.

Clyde S. Tuck of Pontiac, and Raymond Ward of Payette were tied for second place and the judges grouped second and third prizes together and divided the amount equally between the two boys.

HARTSON NAMED JUDGE

BOISE, Dec. 6 (AP)—Appointment of Clinton Hartson of Boise as judge of the Third judicial district, was announced today by Governor C. C. Moore. Mr. Hartson succeeds Raymond L. Givens, who was elected to the supreme court bench at the November elections. Mr. Hartson will take up his judicial duties early in January, as soon as Judge Givens is inaugurated.

Gene Stratton Porter Is Dead From Auto Accident Injuries

LOS ANGELES, Dec. 6 (AP)—Gene Stratton Porter, novelist and short story writer, died here tonight from injuries sustained when her automobile collided with a street car earlier in the evening.

The accident in which the author was fatally injured happened a short distance from her home while she was on her way to call on her brother, Jerome Q. Stratton.

Romantic Unconscious.

Taken to the receiving hospital, the writer never regained consciousness. Physicians at the time announced that her chances for recovery were slight. The chauffeur, James Cowdy, later regained consciousness but was unable to give a coherent account of the accident. He said that he did not know whether he ran into the street car or the street car ran into him. Mrs. Porter's machine was reduced to wreckage. The writer's husband, Charles D. Porter, a banker of Romp City, Ind., whose arrival here for Christmas was

BIBLE MAY BE USED IN IDAHO'S SCHOOLS

Attorney General Gives Opinion on Use of Standard Version of Bible in Public Schools of Idaho Without Conflict with Provisions of the State Constitution, Provided the Selection is Chosen for Its Moral and Literary Value as Distinguished from Its Religious, Secular or Denominational Character and Further Provided They are Not Commented Upon.

BOISE, Dec. 6 (AP)—Selections from the "Standard Version of the Bible" may be read in the public schools of Idaho without conflict with the provisions of the state constitution, provided the selection is chosen for its moral and literary value as distinguished from its religious, secular or denominational character and further provided they are not commented upon, it was held today in an opinion given the state board of education by A. H. Connor, attorney general.

Reading selected passages from the Bible, without comment, does not constitute a religious service.

HOUSE REPORTS ON SUPPLY BILL

Recommendations of Budget Bureau on Agricultural Department Measure Accepted.

WASHINGTON, Dec. 6 (AP)—Accepting the recommendations of the budget bureau except on a few items, the house appropriations committee today reported the annual supply bill for the agricultural department. It will be taken up by the house Tuesday, immediately after disposition of the interior department supply measure.

The bill, framed by a sub-committee of which Representative Margue, republican, New York, is chairman, carries \$134,937,715 of which \$80,000,000 would be available for road construction during the fiscal year beginning next July 1. The measure's total is \$58,933,270 more than the amount allotted the agriculture department for the current fiscal year, but is \$3,114,285 less than budget estimates.

For example, \$10,000,000 more than the total in last year's bill is carried. This is \$3,750,000 less than the allotment received by the budget.

In addition to the amount carried in the bill, the committee's report pointed out that permanent and indefinite appropriations for the department, including no legislative action, total \$12,530,750.

SUGAR PRICE DROPS AT DENVER; RESULT OF BIG CUBA CROP

DENVER, Dec. 6 (AP)—Prices on cane and beet sugar fell 20 cents a hundred pounds today, recording two drops of ten cents each, the Great Western Sugar company here announced.

Indications of a heavy crop in Cuba and other sugar raising centers as well as a loosening of the raw market, accounted for the cuts, company officials said.

The new prices are: Cane sugar from the manufacturers \$3.32; beet \$3.10. The wholesale prices are: Cane \$3.50 and beet \$3.40.

POCATELLO BOY IS KILLED

POCATELLO, Dec. 6 (AP)—Clyde Pocatello, 15-year-old son of Mr. and Mrs. H. B. Brown, died Saturday evening at general hospital within 20 minutes after he had been run over by a car while coasting on the White Main street hill. The boy was badly injured about the chest and abdomen and died without regaining consciousness. The touring car was driven by Geraldine Couzens, daughter of Mr. and Mrs. Charles Couzens of this city.

SHOALS FIGHT IS ABOUT OVER LEADERS THINK

Expect President Coolidge to Endorse Plan of Senator Underwood for Disposal of Property Monday.

WASHINGTON, Dec. 6 (AP)—Republican leaders in the senate are hopeful that the end of the long fight over Muscle Shoals is near.

They expect President Coolidge on Monday to endorse the Underwood bill provided Senator Underwood, democrat, Alabama, consents to certain amendments. The Alabama senators, in view of the senate leaders, will approve and the bill will pass toward the end of next week.

Would Go Back to House.

This would send the issue back to the house, which adopted at the last session a bill to lease the property to Henry Ford, who has since withdrawn his offer. With administration support behind the measure, leaders of the majority party believe it will pass the house, and a controversy that has been raging in congress for nearly three years.

If an agreement can be reached between the republican majority and Senator Underwood, the administration forces plan to have voted down both the Underwood and Norris bills and draft a new bill.

Underwood Agreeable.

Senator Underwood said today that he was willing to submit to "any reasonable amendment." He conferred with Secretary Weeks during the preparation of his bill and since President Coolidge is expected to be guided somewhat by the department's report on it, it is believed by majority leaders that a compromise can be reached.

CHURCHES TAKE UP WAR PROBLEM

Federal Council Discuss Ways of Ending Conflicts and Race Troubles.

ATLANTA, Ga., Dec. 6 (AP)—War and race problems tonight were the most important subjects before the federal council of churches as it brought its business sessions of the week to a close.

Dr. M. Ashby Jones, Atlanta, described the racial question as the most insistent challenge to Christian religion, but declared "progress is being made in meeting the question of white and colored races in the south."

War was branded as the "chief collective sin of human society" in a resolution offered by Dr. Charles C. Morrison, editor of the Christian Century, asking that the council condemn the use of arms and chaplains in the military. "Its activity and responsibility in the appointment of chaplains in the officers reserve corps."

Dr. Morrison's resolution was immediately sent to the business committee without debate.

"The great war that was started, prevented here is averted," former Governor Milliken of Maine, told the delegates.

"The churches are the custodians and trustees upon this early of the only force that will prevent it by substituting love for hate, and good will for suspicion, brotherhood for bitterness, in the hearts of men, and so in the policies of nations, how great this responsibility is, not only for the spiritual welfare of humanity, but for the very physical structure of civilization, it is impossible to overestimate."

The former executive declared he had "little patience with the pseudo pacifist propaganda which seeks to prevent us by pleading individuals to refuse co-operation with their governments in the event of war."

The Day in Washington

Secretary Mellon informed congressional committees of 192,232 persons for tax refunds were approved during the last fiscal year.

Expenditures of \$120,000,000 for new federal buildings was proposed in a bill by Chairman Elliot, of the House buildings committee.

Chairman Borah of the senate foreign relations committee, declared against putting the world court proposal ahead of farm relief legislation.

ELECTIONS IN GERMANY WILL BE HELD TODAY

Fight for Seats in Parliament Centers Around Banner of Old Monarchy and New Republic; Contest Bitter.

BERLIN, Dec. 6 (AP)—Tomorrow's general election will be fought out around the banner of the old monarchy and the republican colors of new Germany. The closing hours of the campaign have been replete with editorial vituperation and personal calumny of a severity unknown even to the traditional acerbities of German politics. This development, the liberals say, is due to the desperate efforts of the reactionary "die hards" to make the issue one of monarchy against republic.

The Three Liberal Parties.

The three liberal parties—socialists, clericals and democrats—have accepted the challenge and are submerging their partisan disparities in a common appeal to the voters to vindicate the republic. Led by Chancellor Marx whose unequivocal support of the republican colors and the constitution have been the outstanding feature of his campaign, utterances the democrats and socialists have joined the chancellor's party in a triple election alliance, which has made the defense of democracy the cardinal issue of the campaign.

German Nationalists.

Opposing them are the German nationalists, led by Admiral Von Tirpitz and Count von Helldorf, the fascist party and Stresemann's German people party. The nationalists entered the campaign heavily handicapped because of their division over the Dawes plan and the consequent disintegration in their own ranks.

WAREHOUSE DESTROYED BY FIRE; DAMAGE IS DECLARED TO BE LARGE

BOISE, Dec. 6 (AP)—Fire of unknown origin between 8 and 9 o'clock this morning completely destroyed the warehouse of the Idaho Produce Union between Melba and Nampa. The blaze, discovered at 8:30, was already far advanced at that time.

The building, 60 by 75 feet, and a carload of oil paper for packing vegetables, eating material, several of the warehouse trucks, 200 kegs of wool and the steel conveyor were destroyed.

The warehouse, used to pack lettuce during the season, and for the storage of supplies in winter, contained material from the packing house at Wilder, Caldwell, Twin Falls and Ontario.

TWIN FALLS MAN WINS MEDAL IN CHICAGO RACE

Phillip King of Twin Falls, finished thirteenth in competition with 155 entrants in the Chicago Tribune second annual cross country run at Washington Park, Chicago, November 30, according to word received here. King covered the course, which measured practically four miles in length, in 20:38, and was one of the group of ten runners to receive silver medals. He was qualified also for membership in the Illinois Athletic club.

The first ten runners to cross the finish line were awarded gold medals. Eddie C. Heiber, captain of the University of Illinois team, won the event, finishing the course in 19:17.35.

Runners from eight western colleges and universities and representatives of 93 clubs and athletic organizations from Illinois, Indiana and Wisconsin took part in the race which was witnessed by 5000 persons.

POTATO DIVERSION LIMITATION SOUGHT

BOISE, Dec. 6 (AP)—Limitations in the number of diversions allowed on shipments of potatoes to eastern markets were favored at a meeting of the Idaho potato growers' advisory board at Cheyenne, Wyo., Thursday, according to Will H. Gibson, Idaho utility commissioner who represented the state at the meeting.

The function of the board is to work with the American Railway association in furnishing to shippers the number and type of cars desired for their commodity.

Idaho also was represented by R. E. Shepherd of Jerome; C. J. Carlson of Idaho Falls; Lincoln Wilder of Burley; L. Johnson of Parma, and W. B. Meribay of Boise.

Tells of Shooting Fray.

VALLEJO, Cal., Dec. 6 (AP)—Shuff Austin, Gunner of Harney county, killed at Folly farm August 28, fired the first shot, Archie Codd, accused of murder for the sheriff's death, told jury in circuit court here today. Codd, testifying in his own defense, outlined his version of the shooting.

Farm Relief Legislation Must Come Before World Court Action Says Borah

WOOL BRINGS 48 CENTS

ROCK SPRING, Wyo., Dec. 6 (AP)—The highest price of the season, 48 cents per pound, was paid for wool here yesterday. The Beehive Wool company of St. Louis bought 18,000 fleeces at this price. Several large flock masters are now holding for 60 cents. Since the election the advance in the price of wool has been rapid and sheepmen predict that 50 cents a pound will be paid before long.

GRAIN HEARING CLOSING IN UTAH

Freight Rate Case of Ogden Company Seeking Reduction Ends at Salt Lake.

SALT LAKE, Dec. 6 (AP)—The interstate commerce commission hearing of the case instituted by the Ogden Grain exchange to test the reasonableness of transportation rates on grain and grain products westbound from Utah, Idaho, Colorado, Montana and Wyoming to Arizona, California, Oregon and Washington, was completed today.

February 15 was set by Myron Wilcox, attorney-examiner, for the filing of briefs.

Extensive evidence was introduced in the two day session by the complainant, by carriers named in the petition and by interested intervenors.

Joint Rate.

In line with the policy of the Union Pacific system to establish rates designed to build up the territory it serves, the Union Pacific is ready to establish joint through rates with the Southern Pacific to California points, L. T. Wilcox, assistant freight traffic manager of the Union Pacific, said in his testimony.

In answering the willingness of the Union Pacific to join in through rates with the Southern Pacific Mr. Wilcox proposed a division of the California territory. Inasmuch as traffic originating on the Oregon Short Line should be permitted to remain on the Union Pacific system to its final destination, inasmuch as the willingness of the Union Pacific to join in through rates with the Southern Pacific by way of Ogden, and Roseville, Cal., on the Southern Pacific from Ogden and by way of Colton on the Los Angeles and Salt Lake route a unit of the Union Pacific, to Santa Margarita and Bakersfield.

Routes Outlined.

Through the establishment of these through rates and the division of territory all shipments from Idaho and Utah destined to points north of Santa Margarita and Bakersfield would be routed from Ogden by way of Roseville on the Southern Pacific, while all shipments destined to points south of Santa Margarita and Bakersfield would be routed by way of Colton on the Union Pacific, according to Wilcox's testimony.

Mr. Wilcox said that he would not suggest what the joint through rates should be as the fixing of rates is usually determined in a large measure by the carriers receiving the shipments at destination points.

The position of the Southern Pacific in reference to the proposal presented by Mr. Wilcox is that the routing of shipments to California from Utah and Idaho should be by way of Roseville on the Southern Pacific, according to testimony of C. M. Bell, chief rate clerk of the Southern Pacific. Mr. Bell said that the Southern Pacific permitted traffic originating on its own line in Utah and Nevada to be routed over other lines to California.

STATE TREASURY HAS EARNED \$8000 FROM INTEREST IN MONTH

BOISE, Dec. 6 (AP)—Idaho's state treasury earned more than \$8000 in interest from investments, according to the monthly report of D. F. Banks, state treasurer, issued today.

The report shows that from funds deposited in more than 100 state banks, the treasury earned more than \$7000. This remainder was from interest on registered state and county warrants and treasury bonds. At the close of the month the state had more than \$100,000 invested in registered county warrants and a similar amount in liberty bonds.

Treasury balances increased somewhat during the month. On November 1 there were \$3,374,592 in the treasury. During the month \$990,458.23 was received and \$905,470.94 was paid out.

New Chairman of Foreign Relations Committee Makes First Formal Statement Since Taking Over Post.

WASHINGTON, Dec. 6 (AP)—While anxious to bring the world court proposal before the senate, Chairman Borah, of the foreign relations committee, declared today that he was unwilling to put discussion of that long pending issue ahead of farm relief legislation.

In the first formal statement issued since his elevation to the post so long held by the late Senator Lodge, the Idaho Senator said that to pass the appropriation bills and then spend the remainder of this short session in discussing the world court and kindred questions, adjourn and go home for a year, without doing anything on domestic legislation would be unfair and unjust to the people who sent us back here."

No Final Action

Senator Borah's personal judgment is that there can be no final action on the court at this session because of the press of other business. He said today that it would take some time to work out a program which would divide the court from the league of nations and that speaking for himself it was vital that this be done.

Pressure Foreseen

Even these senators are convinced, however, that there will be a pressure of a determined character for domestic legislation and in view of the fact that an annual appropriation bill has the right of way they are not over sanguine that the court issue can come to a vote at this session.

"I am quite willing as chairman to feel," Senator Borah said in discussing the proposal to call up the court matter from the senate calendar, where it was placed at the last session. "Indeed, I am anxious to bring before the senate the world court just as soon as the appropriation bills, which have the right of way, and agricultural legisla-

Bandits Shoot Way Toward Liberty; 2 Dead; 5 Wounded

Gun Battle Follows Attempt to Prevent Robbery of Soft Drink Saloon at South Bend, Indiana.

SOUTH BEND, Ind., Dec. 6 (AP)—Two men were shot and killed and five others wounded, two of them perhaps fatally, by two men who were frustrated early this evening, attempting the robbery of a soft drink saloon, and then shot their way toward liberty in a running battle with police, sheriff's deputies and citizens.

One of the bandits was wounded by a highway construction workman, who was in turn shot, who fell him with a blow from a sledge hammer, while the other is believed to be surrounded in a field west of South Bend by a posse made up of hundreds of officers and citizens from the countryside.

The dead: Frank Rathfon, 60, South Bend, customer in the soft drink saloon. Elmer J. Cauffman, 50, Lydic, Ind., road worker.

The shooting began when the bandits, who were in the minutes had been lounging about the soft drink saloon on Chapin street, a short distance from the depot of the New York Central railroad, suddenly produced revolvers and commanded the others in the place to "put up" their hands.

The wife of the owner of the saloon, who was in the place, looked on in horror as the shooting started. The bandits opened fire when William Elce, of South Bend, who also had been lounging in the place, started for the youthful robbers, cautioning them to refrain from carelessness with their firearms.

EIGHT SPECIAL COMMITTEES TO MAKE REPORTS

Short Session of Congress to Hear Final Findings of Men Appointed to Investigate Various Matters.

WASHINGTON, Dec. 6 (AP)—During the short-session of congress eight special senate investigating committees will be required to submit final reports on findings. At the last session of congress ten investigations were authorized, and only two of them are completed.

The "diploma mill" inquiry, of which Senator Copeland, democrat, New York, was chairman, concluded hearings and recommended two bills to congress, neither of which has passed. One bill would prohibit the circulation through the mails of "diploma mill" literature and the other would create a council of universities and colleges to fix standards for educational institutions in the District of Columbia.

The veterans' bureau investigation was completed by the committee, of which Senator Reed, republican, Pennsylvania, was chairman, and the evidence turned over to the courts. The uncompleted hearings are those dealing with the government oil leases in the Teapot Dome and California fields, administration of the department of justice under former Attorney General Daugherty's charges of fraud in the sale of Texas lands, conduct of the internal revenue bureau, campaign expenditures, the Mayfield election contests, Russian propaganda in the United States, and charges of the use of propaganda to influence legislation.

Further hearings into campaign expenditures will be held shortly after congress convenes. This investigation was authorized under a resolution introduced by Senator La Follette, republican, Wisconsin, and the investigation was opened during the last few weeks of the campaign when Senator La Follette charged the republicans with using a large "slush fund."

The investigation of the internal revenue bureau was started as the result of a resolution introduced by Senator Cawson, republican Michigan, which directed the committee to recommend corrective legislation at the close of the hearings. Brief hearings were held during the summer recess, but the committee recessed while Earl J. Davis, committee counsel and his staff of investigators assembled additional information.

STOCKS GO DOWN AT END OF WEEK

Reactionary Tendency Predominates in Short Session; Sale of Issues High.

NEW YORK, Dec. 6 (AP)—Stock trading today approached normal proportions as the week was brought to a close, with reactionary tendencies predominating. Sales of approximately 357,000 shares in the half holiday session brought the total turnover in the stock market since election day to more than 52,000,000 shares, a record accomplishment.

Price movements today were highly irregular, reflecting the opposing play of bullish demonstrations in selected issues, on the one hand, and heavy volume of professional selling and week-end profit taking on the other. Moderate recessions were general among representative industrial issues, with net losses ranging from one to three points in a number of specialties.

New Records Made. Two dozen 1924 high records, however, were established. Most of these were in the rail group, where buying converged on the issues of the northwestern carriers. Chicago and North western common and preferred mounted to new peak prices, along with Chicago and Alton and Ann Arbor issues and Western Pacific.

A rise of five points in Nash Motors to a new top price at 174, was one of the outstanding individual features. H. Kresge soared more than seven points on a few odd lot sales, and American Radiator, Barnes Leather preferred and Air Reduction also scored substantial gains.

Coffee Flowers Beautiful

The Arabian coffee shrub is an evergreen plant, which under natural conditions grows to a height of from 18 to 20 feet, with oblong-ovate, smooth and shining leaves, measuring 12 inches in length by 2 1/2 wide. Its flowers, which are produced in clusters, are pure white in color, with a rich fragrant odor, and the plant in blossom has a lovely and attractive appearance.

DAM AT SHOALS NAMED IN HONOR WAR PRESIDENT

Enduring Memorial to Woodrow Wilson Will Be Commissioned Late in Summer of 1925.

WASHINGTON, Dec. 6 (AP)—America's war time president is to have an enduring memorial in Wilson Dam at Muscle Shoals, to be commissioned late in the summer of 1925.

The project, deemed an engineering achievement second only to the Panama Canal, was 82½ per cent completed Oct. 1, the date of the latest formal report an appropriation of \$7,000,000 more will be required from Congress. The total cost, with eight generators installed, will be \$55,000,000, and the dam will be capable of producing power some time next summer. It will have an ultimate capacity of 600,000 horsepower, over the disposition of which a bitter controversy is raging in Congress.

Wilson Dam will eventually create an artificial lake, extending upstream in the Tennessee River about 18 miles, with an average width of three quarters of a mile. The dam proper is considered the largest in the world and is a mile long, 137 feet high, and covers 20 acres. The work is under the general supervision of Major General Harry Taylor, chief of army engineers, with Lt. Col. George R. Spalding in immediate charge of the construction forces.

Some 230,000 horsepower of hydro-electric generating apparatus will be ready by next summer. A power house, 1,250 feet long, 100 feet wide and 134 feet high, will be in use. A two stage lock for navigation, with a total lift of 93 feet, forms one of the features in connection with the project. Surplus waters during flood periods in the river will be passed through 58 steel flood control gates, each 38 feet long and 18 feet high. The dam or spillway section is 3,050 feet long, 95 feet high from the river bed, and is 105 feet thick at the base. Thirteen special spillways equipped with butterfly valves will pass surplus water during normal flow on the river.

Wilson Dam is officially known as "Dam Number Two" and is one of three projected in the Tennessee River at Muscle Shoals. Dam Number One is a small navigating dam, not yet authorized, to be two miles below Wilson Dam, with an estimated cost of \$1,000,000 for proposed power and navigation.

PAN-EUROPEAN
PLAN OUTLINED
TO STOP WARS

Austrian Publicist Has Opinion
That Fewer Conflicts Would
Result if Countries Were
Federated Like U. S.

BERLIN, Dec. 6 (AP)—Pan-European suggestions are constantly hobnobbing all over Europe, but nearly all the men and women who want Europe to federate and become a sort of United States of Europe have pet schemes as to the exact way the federation should be effected.

Count Coudenhove-Kalergi, the Austrian publicist who has recently attracted much attention by his writings on the subject of Pan-Europe and was a speaker in the recent session of the

International Peace Congress in Berlin does not think that England and Russia can be members of a successful Pan-European organization.

His scheme for pacifying Europe is quite unlike that of the late Sir Max Waechter, who recently died in London. He was known for years as the old man who never failed to talk with kings and politicians throughout Europe about the advisability of abolishing customs barriers in Europe and federating all European states, much after the manner the United States is federated, with an international police force to keep order instead of competitive armies which were keeping their nations poor.

Count Coudenhove-Kalergi thinks the interests of Europe are too varied for all the nations to be brought together. He regards the British Empire as a group which must stand quite alone because of its ramifications and power. Russia is another widely spread empire which he believes must stand alone. Pan-America is another group which he would have stand alone. So his Pan-Europe would be Europe without the British Isles and Russia.

League of nations advocates are especially hostile to the Coudenhove-Kalergi plan, which is frankly critical of the league of nations on the ground that it is too much centralized to be operated with success. It is the idea of Coudenhove-Kalergi that the various groups or sections into which he

would divide the world could co-operate and maintain much better relations by standing alone than if they were all consolidated in one group. Eastern Asia, that is Japan and China, would be a separate group under the Coudenhove-Kalergi scheme.

INQUIRY ASKED INTO BASEBALL LOBBY CHARGES

Statement of League Club
Owner of Offer to Put Sun-
day Bill Through for \$100,-
000 Arouses Legislators.

BOSTON, Mass., Dec. 6 (AP)—A thorough legislative investigation of an alleged attempt to obtain \$100,000 from Emil E. Fuchs, part owner of the Boston National league baseball club, for the purpose of bringing about passage of a bill permitting professional baseball on Sunday, was demanded today by Senator Ebon S. Draper of Hopedale, in an order filed in the office of the clerk of the state senate.

The order was a result of a report from New York in which Judge Fuchs was quoted as saying that an attempt had been made to have him contribute to a "slush fund."

Asks Jury Probe.
Earlier in the day it became known that another state senator, William I. Hennessey of Dorchester, had written to District Attorney Thom C. O'Brien, demanding a grand jury investigation of the charges attributed to Judge Fuchs.

In a statement made over the telephone from New York to the office here of the Boston National league club Judge Fuchs said he had made no accusation against any public official and that he regretted that his name should be connected with the report.

According to the original statement attributed to Judge Fuchs, a man purporting to be a lobbyist at the Massachusetts state house, approached him in New York several days ago and made a demand for \$100,000 to be used in bribing members of the Massachusetts legislature to pass a professional Sunday sports bill. Such a bill was recently filed by initiative petition bearing more than 26,000 certified signatures.

By Legislators.

According to the order filed by Senator Draper, the proposed investigation would be conducted by a legislative committee of three senators and six representatives. Authority to summon witnesses and take testimony under oath would be provided and the report of the committee would be requested not later than February 3, 1925. Its scope would be to investigate an "attempt or attempts to extort money from professional baseball or other interests, expressed purpose of bribing members of the general court to pass a bill permitting professional baseball on the Lord's day."

FUNERALS

The body of Mrs. Jessie Stone, 37, wife of Charles M. Stone of Kimberly and daughter of Mr. and Mrs. A. D. Montgomery of this city, was brought here Saturday by Mr. Stone from Portland where Mr. and Mrs. Stone had gone about two weeks ago in the hope of benefitting her health and where her death occurred last Thursday from cardiac renal disease. The body was received here at the Blue and Sturdivant mortuary.

Funeral services for Mrs. Stone, it was announced Saturday evening, are to be held at 2 o'clock Monday afternoon in the Christian church at Kimberly and are to be conducted by Rev. J. Elliott Slimp. Interment is to be in the Twin Falls cemetery.

I do not prescribe glasses for anyone unless they positively need them. Satisfaction guaranteed or money cheerfully refunded. If you know of a fairer business method I will appreciate any suggestion.

My eye examinations are very carefully conducted.

THREE INDIAN TRIBES RECEIVE THANKS OF GOVERNMENT FOR HELP IN WORLD WAR

PENDLETON, Ore., Dec. 6 (AP)—History that extended back into the pages of time for many months was told by Indians of three tribes yesterday at the Indian agency in the ceremony attended there, the three tribes of the Umatilla reservation were presented with certificates expressing the thanks of the United States government for the aid of the tribes in successfully prosecuting the war against Germany and her allies. The certificates were signed by President Coolidge.

Turns Down Certificate
One slight hitch occurred in the proceedings. When Major Byron Sharp, superintendent of the reservation, refused to give Chief Jim Kanine of the Walla Walla tribe the certificate for his tribe Kanine refused to accept it. "I have never been in a war," said the chief in his native tongue. "I do not know what this is all about. I am going to Washing-

ton to see the Great White Father. I will talk with him and then I will know what to do about this thing. Major Sharp must keep it until I return."

Fought Bananocks.
"The presentation of the certificate makes me very glad," he declared through the interpreter. "I once made a trip into Idaho when the Bananocks were on the warpath and succeeded in bringing about a peace."

Chief Amos Pond received the certificate of the Umatilla tribe. "Once when bad Indians threatened to wipe out Pendleton and the white people who lived there, I took my life in my hands and saved the city. I am glad now to be friends with the white folk."

Speeches were made by representatives of civic and patriotic organizations of Pendleton.

MATEO HELD TO ANSWER FOR DRY LAW VIOLATION

Samuel Mateo, Mexican, was by United States Commissioner H. E. Powers at the conclusion of a preliminary hearing here Saturday, held under \$250 bond to answer in federal court to charge of operation of a moonshine still in violation of federal prohibition laws.

The still was discovered Monday evening of last week by police officers in a dwelling on Second avenue south, that was held by Mateo under lease.

Testifying in his own behalf before the commissioner Saturday Mateo denied any knowledge of the still being on the premises and state that the dwelling had been occupied by a Mexican named Garcia, as well as by himself and that he himself had lodgings elsewhere.

SOCIETY AND CLUBS

Edited by
MRS. E. B. WILLIAMS

Mrs. L. T. Wright entertained seven of the playmates of her son, Billie, on Saturday afternoon, in honor of his tenth birthday. After a happy time with games and stories dainty refreshments were served.

Mrs. J. D. Sienna entertained six tiny tots with their mothers on Saturday afternoon, celebrating the first birthday of her daughter, Verna. The birthday cakes had a miniature Santa Claus in the center and was further adorned with six red and six white candles, one for each month of her life. Those present in addition to the guest of honor were Jack Ingraham,

Janet Pink, Shirley Stowell, Frank Bracken, Eddie Chapin and Jack Miller. While the babies admired each other the mothers visited and the hostess served dainty refreshments late in the afternoon.

On Tuesday evening of last week Mr. and Mrs. T. M. Baird entertained Mr. and Mrs. T. J. Douglas and Mr. and Mrs. G. M. Simpson at dinner at their home near Knoll following the dinner the evening was spent socially.

Mrs. D. Harvey Cook entertained the Pythian Sisters' Social club and their husbands with a delightful card party Friday evening at her home on Fifth avenue east. Pinocle and hearts were played, prizes for high scores in pinocle being won by Mrs. C. N. Anderson and H. A. Johnson and consolation by Mrs. W. A. Minnick and O. N. Anderson. W. A. Minnick won high score in hearts and H. A. Johnson low. A delicious chili supper was served at a late hour.

Members of the Fortnightly club were guests of Mrs. Oliver Harstad at their regular meeting on Friday afternoon. The usual games of bridge were played, Mrs. A. B. Colwell winning the favor for high score. Mrs. Bartha Leonard was a guest of the club. At the conclusion of the games Mrs. Harstad served dainty refreshments.

The Past Matrons' club met at the home of Mrs. H. D. Groome, 1345 Poplar avenue, Friday evening, at which time 14 members responded to roll call with selections from current events. Two visitors also were present. The evening was spent socially. Luncheon was served at 5:30 o'clock.

CARD OF THANKS.

Our heartfelt gratitude goes out to each dear friend who so nobly assisted us to share our grief in the loss of our dear husband, father and brother. Also for the wonderful profusion of floral offerings. No words could express our appreciation.

U. S. C. VICTOR IN FAST GAME WITH SYRACUSE

Trojans Win by Score of 16 to 0 in First Intersectional Football Contest on Pacific Coast.

COLISEUM, LOS ANGELES, Dec. 6—The west scored a victory over the east in the first intersectional football game played on the Pacific coast this season when the bulky University of Southern California team defeated the Syracuse university squad here today before 40,000 persons, 16 to 0.

Although the Trojans' field goal and first touchdown were made possible by "breaks"—two blocked punts—the western team chiefly outplayed its eastern opponent. One of the chief deciding factors was the superior charging ability shown by the University of Southern California line.

Scores Early.

U. S. C. scored twice in the first period. Four minutes after the kickoff Bayley attempted his first punt from his 20-yard line. While he was juggling the ball a Trojan lineman charged him and the ball rolled free, Gorrell, U. S. C. left guard, falling on the ball on the 11-yard line. After two plays Hawkins booted the ball over from the 13-yard line.

A few minutes following the second kickoff, Syracuse was again on the defensive and Bayley's second punt was blocked, this time by Center Cravath. Left-end Hobbs Adams grabbed the ball and ran 38 yards to a touchdown. Hawkins attempted goal kick but was blocked.

Again in Fought.

Syracuse wasted off further scoring until the fourth period when a 31-yard pass by Green was snatched by Hawkins just across the goal line. This time Hawkins' effort to convert was successful.

John McBride's magic toe, which humbled Columbia with three field goals on Thanksgiving day, was unable to get the range of the Trojan goal posts today. He tried one kick from the 22-yard line in the first period and another from the 34-yard line in the fourth period. The first was wide and the second blocked.

The fast but light orange team appeared taken by surprise by the strength and speed of its blue jerseyed opponents. The Syracuse line was unable to prevent the Trojan forwards from shifting through again and again to break up plays. McBride and Captain Simmons were the most consistent ground gainers for the defeated team. McBride's passing was particularly brilliant, while Foley, who was on the receiving end of most of the big fullback's tows, made several spectacular catches.

LIPTON SAILS FOR HOME IN IRELAND; PLANS RACE YACHT

NEW YORK, Dec. 6 (AP)—Sir Thomas Lipton, Irish baronet whose attempts to lift the America's cup have made the international yachting history for 25 years, left for home on the Leviathan today. The genial sportsman departed flinging the same merry quips at reporters which marked his arrival. His flitting shot was a request for a trolley car to take him across the great open spaces of the liner to his stateroom.

Sir Thomas added nothing to his previous announcement that he intended to challenge next year for the America's cup, the test to be made in 1926. His challenger, not yet built, will be called the "Shamrock V".

READY FOR BOXING MATCH

MILWAUKEE, Wis., Dec. 6 (AP)—Mickey Walker, world's champion welterweight, and Jack Malone, St. Paul, middleweight, completed heavy training for their ten round no-decision match here Monday. Tomorrow they will do light road work, just enough to keep in edge.

WIN BICYCLE RACE

NEW YORK, Dec. 6 (AP)—Reggie McNamara of Australia, and Peter Van Kempen, marvel of Holland, tonight won the annual six-day bicycle race at Madison Square Garden by piling up an immense total of sprint points in the final hour. Bobbie Walthour, Jr., son of the famous "Dixie Flyer" and France Georgetti of Italy, the "kil" team of the race, finished second.

GERMAN MURDERER ON TRIAL FOR KILLING SCORE OF YOUNG MEN

HANOVER, Germany, Dec. 6 (AP)—Most of the third day of the trial of Fritz Haarmann, the Hanover butcher, for the murder of nearly 30 young men since 1918, was taken up with expert testimony regarding a box of human bones which had been placed in evidence. Experts testified that the bones for the most part were those of young men under 30 years of age.

As the trial proceeds it becomes more and more evident that Haarmann has no realization of the seriousness of the deeds charged against him. To the most revolting questions he replies detachedly. Death, waiting him or inflicted on his alleged victims, seems to have no meaning.

TELLS DISAPPOINTMENT IN SUIT FOR DIVORCE

Pre-Marital Promises Fail to Materialize—Mrs. Carra M. Johnson Alleges; Asks \$300 Per Month.

In the bill of particulars in a suit instituted in district court here Saturday by Carra M. Johnson, through Sweeley and Sweeley, attorneys, for divorce from Peter B. Johnson of this city to whom she was married November 21, 1921, at Ely, Nevada, Mrs. Johnson asserts that Johnson has failed to provide the dwelling that he promised her before their marriage, but that he has required her to live with scant conveniences in uncomfortable quarters in apartments on the second floor of his business block here. She alleges further that he has threatened to cut off her limited credit and has refused to permit her to undergo an operation which the condition of her health requires.

Mrs. Johnson alleges further that Johnson has called her a grafter and stated to her that he is through so far as their marriage is concerned, and that he so expressed himself in a letter to her while she was away last fall pursuing certain studies. She states also that following her return last October Johnson caused her to be interrogated by attorneys and that she believes he has employed detectives to watch her.

Mrs. Johnson, in the bill of particulars, estimates the value of her husband's property situated in Idaho and Utah at approximately \$60,000 and states that she believes he has received since their marriage an income of \$500 per month.

Pending final determination to the suit and apportionment to her of her "lawful part in the community property," Mrs. Johnson asks for \$300 per month for her care and support. She asks also that Johnson be required to furnish a complete statement and accounting for the property.

Taking Out Ink Spots

In order to remove ink spots from a walnut table put a few drops of spirits of niter (nitric acid) in a teaspoonful of water; touch the spot with a feather dipped in the mixture, and as soon as the ink disappears rub immediately with a rag wet in cold water or it will leave a white mark. The spots should then be polished.

AIRSHIPS BEING BUILT FOR U. S.

Six Semi-Rigid Sky Cruisers Under Construction; Others Planned for Fiscal Year.

WASHINGTON, Dec. 6 (AP)—Six semi-rigid airships are now being built for the air service of the army, and the coming fiscal year will see the addition of other varieties of vessels.

Three of the semi-rigids are of the TA make, and three of the TC. The former are of 130,000 cubic feet capacity and the latter of 200,000 cubic feet. The TA, short for training airship, is equipped with one-man control and is the next step after the free balloon, in the training of fliers of lighter-than-air craft. Then comes the TC, short for training coastal, with its two-men controls calling for teamwork.

Under the present arrangement, the army develops the semi-rigid types, which have only a keel and no supporting framework, while the navy develops the rigid makes, with both keel and ribs. Both branches work with non-rigids, which are exemplified by the balloon, with neither framework supports nor keel.

The new TA's are equipped with 90 horsepower motors, are 102 feet long, and capable of making 60 miles an hour. The TC's have two 150 horsepower engines, are 190 feet long, and will travel 65 miles an hour.

New aircraft acquired by the army air service include 25 Curtiss pursuit planes, six Douglas equipment, one amphibian for land and water service, and 200 rebuilt war stock Du Havilland planes of the DH4B type.

HOLY LAND IS HELPED BY ENGLAND THROUGH SYSTEM OF RAILWAYS

JERUSALEM, Dec. 6 (AP)—In few ways has the English administration lent itself more to the economic development of the Holy Land than by the development of its railway system. With a standard gauge line from Egypt through Gaza and Lud in the coastal plain to Haifa, at the foot of Mount Carmel, one of the chief seaports, and another from the port at Jaffa crossing this one at Lud to Jerusalem, the chief economic centers are well connected with Egypt and the outside world. The Haifa-Bamascus road and several short branch lines make most of the country accessible by rail.

A report is now current that negotiations are progressing satisfactorily for the construction of a line from Haifa to Beirut along the coast passing through Acre, Tyre and Sidon. A line is already in operation as far as Acre, and only 100 miles more need to be built to connect by rail one of the largest seaports in the Near East, Beirut, with Cairo, Alexandria and Port Said.

There is talk of constructing a line across the Syrian desert connecting the Haifa-Bamascus Railway with Baghdad.

ABOUT AUTO LICENSES

One of the things to which with gen-
eral interest attaches in Idaho in con-
nection with the forthcoming Legisla-
tive session is the matter of the auto-
mobile tax.

The present license fee, or tax is
not satisfactory to any very consid-
erable number of people. Too many
auto drivers visit California, with its
three-dollar registration fee and its
two or three cents per gallon tax on
gasoline. Too many men who for
years prior to 1921 got along with a
twenty-dollar license were suddenly
confronted with a fifty per cent raise
in this particular expense item.

It is generally conceded that the
present arrangement is unsatisfactory
and it is altogether likely that, when
the arguments are all in the normal
registration fee and a per gallon tax
on gas will be found to be the basis of
the new law.

At the present time a tax of two
cents per gallon is charged upon all
gasoline sold, irrespective of the use
to which it may be put. By increasing
this to three cents per gallon, there
seems to be no good reason why a grad-
uated license fee ranging from three
dollars on pleasure cars to seven or
eight dollars on trucks and automo-
bile stages should not provide all the
revenue necessary. A definite part of
all moneys so collected should be re-
turned to the Counties where the tax
originates and it is suggested that a
clause be embodied in the new law
whereby drivers without license plates
or license, after due notice, could be
refused gasoline by any and all retail
selling agencies.

The plan as outlined, in a general
way, seems to have much to recommend
it. The car owner who drives but seldom
gets off at a minimum of cost.
The joyrider pays in proportion to his
use of fuel. The driver, in reality,
fixes the amount of his own tax, and
the highways derive the bulk of their
income from this source from the people
who make the most use of them.

But the matter must be settled. That,
perhaps, is the main point, and there
is no gaining the fact that a small
added tax on the gas would seem to be
the fairest of all ways of settling it.
This, plus a nominal registration fee
to pay for license fee and cost of reg-
istration.

LATIN ALIVE AGAIN

One of the surprising things in edu-
cation today is the "come-back" of
the Latin language. The war was
thought to have killed it off, with its
emphasis on immediately "practical"
studies. Now even the most practical
of students are finding that Latin is
useful, if for no other reason than the
familiarity it gives them with sci-
entific terminology.

Students in general are said to be
turning back to it for "cultural rea-
sons." That is, they regard the Latin
language as worth knowing for itself
and as a key to a vast amount of
knowledge and literature that can not
be got at so easily otherwise. So great
is this movement that it is almost im-
possible in some parts of the country
to supply the demand for Latin teach-
ers.

So the pendulum swings. The "class
men" have died many times, and always
come to life again. There must be
great vitality in them.

As regards the basic merits of such
study, there is something to say on
both sides. One thing sure, though—
boys and girls who learn Latin will be
able to spell better and use better
English than have been customary late-
ly.

"SINNERS IN HEAVEN"
by Clive Arden

(Continued.)

To Barbara, this man had ever been
"a surprise," but she had spoken
the truth when she had called him a
revelation. For, during the two
months since Christmas, he had been
at all events, true. Not until love
opened her own eyes; until she knew
the meaning, the meaning and the
power of the temptations force of
his, did she realize the strain under
which he had been living. Since
Christmas night the nature she had
thought arrogant had revealed a thou-
sand wonderful mysteries. As a tree,
cold and barren, in the snow and
frosts of winter, responds to the glory
of spring, so he had opened in the
glory of his love.

She drew away from him, and
clashed her arms round her raised
knees, murmuring "dark and threat-
ening to those whose way lies across
them, are little heed when shrouded
in mist, below which the sun shines.
But now, and then a jagged peak
thrusts through; and with the Jan-
uary's progress, more appear behind.
Generally, these frequent peaks
were instinctively shunned; but to-
day Alan went on recklessly.

"After all, marriage was made for
man, like all other created things. We
are not their slaves. What do forms
and ceremonies matter—here? They
are often tish. A pauper marries an
heiress, and vows to endow her with
all his worldly goods! If he did, he
would have to take the clothes off his
back and go stark naked. You and I
would vow to forsake all others, when
there is nobody here to forsake. You
would hardly want to clope with
Baobab! If you did, I should soon
catch you. That's another point: we
couldn't separate if we wanted to!
So what would be the good of a wed-
ding? Or vows we couldn't possibly
break?"

She sprang to her feet, breathing
quickly.

"Alan! What are you saying!
Don't! Don't!"

"Why not?" he asked, getting up.
"We can't remain blundered
forever."

The mist fell from a huge moun-
tain peak, and the color ebbed from
the girl's face.

"Ah!" she murmured, clasping her
hands. "Isn't the present—perfect?"

"Don't precipitate."

He took her by the shoulders, forc-
ing her to face him. "We are only
human," he said, in a low voice; "and
Barbara—I want my wife!"

She pressed her clenched hands
against him, hiding her head upon
his chest, and sobbing. "Don't think
of me, Alan. I have thought, too,
and—and feared—"

"What have you feared?"

"She did not reply for a moment; he
waited, motionless.

"Every generation has its bulwark of
life has been demolished, the founda-
tions of a fresh bulwark are laid nec-
essarily in a troubled soil composed
of struggle, temptation, agonies of un-
certainty. The undeveloped girl,
blindly groping after the hidden
truths in a materialistic environment,
had gone forever. As the ripened
corn spring from its buried seed, the
woman, sublime in her love, glories
in the growing courage of the inner
self she had tried to stifle, had arisen.

"We have found the true keynote
here," she murmured, looking at him
and "we must keep it turned aright.
I wouldn't, for the world, spoil the
beauty of everything."

"You couldn't," he whispered
into her hair. "But love is a terrible
force which can't be turned on and
off like hot water, or compressed into
narrow preconceived channels."

He suddenly threw his arms round
her and strained her to him. "Bar-
bara! why should we be done out of
our rights? We've been cheated out
of the world, stripped of everything
that made life worth living. But now
we have discovered the greatest treas-
ure of all. Are we to give that up
because of—scruples? By G—d!"

With sudden anger he loosed her,
clenching his hands. "I won't! I'm
d—d if I'll agree to that! It isn't
fair! I've always got my way.
Well—some time—"

She met calmly the passion and
thrust in his eyes. These untamed
forces no longer alarmed her, as they
would have done six months ago.

"Alan!" she protested, holding out
her hand. "He loved it, grating still
upon the peculiar radiance of her face.
She went to him, lifting both hands
to his shoulders, her lips tremulous.
"There is more to be considered
—not only ourselves. . . .
My darling! don't you realize we are
man and wife, and you're flouting
me on my best friend. 'Don't you
see?' she whispered. 'Others! Not
scruples!'"

A long silence shadowed her broken
words. His arms closed around her
again, and again he hid his face in
her hair.

He raised his head at last; and as
he pulled her hands down into his
own his face looked strangely drawn.
"Get help as both, Barbara," he
muttered huskily. "For we are in the
very heart of a position." There was
a strange-blending of fear and adora-
tion in the eyes of both, while they
looked upon each other. "But I—I
swear! I'll never force you to any-
thing! Always remember that. And
for heaven's sake, don't let me
forget! I'm so d—d human," he added,
with naive pathos.

For the first time since she knew

increasing difficulty of the life he and
Barbara now led. It was, both knew,
but catching at straw; yet, eagerly,
such frail aids were welcomed.

After a short consultation with
Chimabahal, Roowa was commanded to
take up his residence in the north, to
help the "white chief" in work upon
the land, while Meannan served his
"wife."

The ruined huts were strictly tabu,
haunted by the spirits of those slain
there. Roowa, proudly radiant, began
to build a new hut, to which Meannan
and his two children could be fetched.

Within a short time smoke arose
from Meannan's cooking; and two small
black figures danced, like lumps, among
the palms.

THE ICE BOX

"I never let myself get overheated
and excited," the ice box said.
"This because of me," said the
big piece of ice which was in the ice
box.

"True," said the ice box, "but still
you would do badly if you weren't in
me."

"You wouldn't have much fun if you
were put on top of the kitchen stove,
for example," said the ice box.

"You need me and I need you."

"But while I am not so much ap-
preciated in the winter time I am very
useful."

"I keep things so nice and cool. I
help keep the ice cream frozen as it
stands in the refrigerator for the
summer party to commence."

"Yes, you do have a good time,"
said the piano. "Now I am here so
much of the time and I don't have any
fun. I'm closed for hours at a time."

"No one plays me and I become so
very quiet. It's not natural for a
piano to be kept so quiet so much of
the time."

"Well," said the big chair, "suppose
you were sat upon all the time how
would you like that?"

"It wouldn't be nice for a person to
be sat upon all the time," said the
dining-room rug, "but as you're a chair
and as that is your business it is quite
all right."

"I suppose so," said the armchair.

"Still I thought I'd have a grumble
and I thought it would be a nice
grumble to say I was tired."

"I don't know whether there are
such things as nice grumbles," the rug
said. "We don't know so very much.
I don't pick up much knowledge, for
example, though I do pick up my share
of dirt."

"Goodness only knows where it
comes from," the mistress of the house
often says. "The children are pretty
good about wiping their feet before
they come into the house."

"Now I don't grumble," the rug
continued, "and yet I am often beaten.
"I enjoy being beaten as a matter
of fact. I like to see the dirt come
out of me."

"I feel as though I were saying to
the dirt:

"Now will you be good and get out
of my way!"

"I feel, too, at such times as though
I belonged to myself and not to the
members of the Dirt and Dust brigade."

"Well," said the strainer in the
kitchen, "I never get anywhere."

"Different things go through me and
they see the coffee put or the teapot
or a bowl or a dish, but I never get
anywhere at all."

"It's rather hard to be a strainer
and yet it is splendid to think that I

Don't get upset."

Chicks Under Her Dress

"Oh, mamma," exclaimed a little girl
of three, as she came running into the
house with a look of indignation on
her face, "I des want 'ou to yhip zat
old hen!"

"Why do you want her whipped?"
asked her mother.

"'Tos she won't let me see her chick-
les," was the reply. "She des lifted
her dress an' say all wanned wite

Broke It Window

Harry's little playmate had the mis-
fortune to break the crystal of his
wrist watch the second time and Har-
ry's little mother asked it thus:

"Scrie alls' the time 'bout her watch
any more 'cause he fell down an' broke
the window in it twice!"

Wheat Prices Go Up	Price
Due to Big Demands	

CHICAGO, Dec. 6 (AP)—Higher prices here for wheat resulted from grain valuations in a sharp advance in grain valuations in Buenos Aires and from indications of better European demand. Closing quotations here on wheat were firm at 1-1/8 to 1-1/2 net gain. May \$1.62 to \$1.62 1/2; July \$1.43 to \$1.43 1/2; with corn 1-1/4 to 1-5/8 up, oats advancing 1-1/8 to 1-5/8 advance and provisions varying from unchanged to a rise of 30 cents.

Word that unsold stocks of wheat in Europe were being rapidly disposed of gave the first encouragement that holders of wheat received today. This was followed by reports that there would be no further heavy deliveries from December contracts and that much of the wheat which had been taken and paid for would be promptly shipped out of Chicago, and that big hoards would be made in eastern stocks before the end of the month. Under such circumstances December wheat went to a new high price record for the season, \$1.57 7/8.

Argentine news took effect chiefly near the end of the day in the wheat market. Advanced prices in Buenos Aires were regarded as evidence that crop damage reports from Argentina

had been confirmed. Late strength in the market also was said to be partly due to falling off in the volume of domestic crop movement. Some observers gave credit likewise to notable price predictions made by an official of one of the grain companies here.

Corn and oats, like wheat, were responsive to bullish advice from Argentina. Winter wheat was an additional source of strength.

Active demand carried provisions up to new peak prices for the season.

WHEAT PRICES GO UP DUE TO BIG DEMANDS

CHICAGO, Dec. 6 (AP)—Higher prices here for wheat resulted from grain valuations in a sharp advance in grain valuations in Buenos Aires and from indications of better European demand. Closing quotations here on wheat were firm at 1-1/8 to 1-1/2 net gain. May \$1.62 to \$1.62 1/2; July \$1.43 to \$1.43 1/2; with corn 1-1/4 to 1-5/8 up, oats advancing 1-1/8 to 1-5/8 advance and provisions varying from unchanged to a rise of 30 cents.

Word that unsold stocks of wheat in Europe were being rapidly disposed of gave the first encouragement that holders of wheat received today. This was followed by reports that there would be no further heavy deliveries from December contracts and that much of the wheat which had been taken and paid for would be promptly shipped out of Chicago, and that big hoards would be made in eastern stocks before the end of the month. Under such circumstances December wheat went to a new high price record for the season, \$1.57 7/8.

Friday 111.56 99.69
Week ago 111.40 99.87
High 125.4 101.57
Low 102.1 99.27
Total sales 967,700 shares.

NEW YORK, Dec. 6 (AP)—For the first time since the "bull" movement started, five weeks ago, the week in the stock market closed today with reactionary tendencies predominating. Not based in most of the standard industrial and railroads were held to fractions although a number of specialties and ordinarily inactive shares showed reactions of one to three points.

The decline, however, was not general, bull demonstrations being staged in various sections of the list throughout the session, with the result that 34 issues were lifted to new peak prices for the year. This included eight rails, six public utilities and five motors and rubbers.

SUGAR. NEW YORK, Dec. 6 (AP)—The raw sugar market was unchanged today as far as spot supplies were concerned which are quoted at 6.15, duty paid. The only sale reported was 14,000 bags new Cuban for arrival December 25, at 5.45, duty paid.

Raw sugar futures were easier. Final prices were for the eight points net lower. December 4.27, March 3.92, May 3.08, July 3.17.

No changes were reported in refined sugar prices, which were listed at 7.33 to 7.60 for fine granulated.

TO OPEN Glass Jars. When glass jars stick the easiest way to open them is to invert the can in hot water and let it stand five minutes. Of course a cold glass jar should not be plunged into boiling water. Pour hot water in a small container to a depth of two inches or more, then invert the can in it. After about five minutes the top will come off easily. Care must be observed in the same way. The Pattindner.

SULPHUR WILL CLEAR SKIN OVER NIGHT. Any breaking out of the skin, even itching, itching, can be quickly overcome by applying a little Mentholin. Mentholin is a skin specific. It is composed of the most destructive properties, this sulphur preparation being at once to soothe irritated skin and clear eruptions such as rash, pimples and ring worms.

It seldom fails to remove the torment and discomfort, and you do not have to wait for relief from embarrassment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Bowles Mentholin-Sulphur from any good druggist and use it like clock cream—adv.

BUHL MEN WIN WITH ENTRY IN SWINE CONTEST

Mitchell and Rambo Set Record for State With Production of 2631 Pounds of Pork From One Litter in 180 Days

The state ten-litter contest put on by the State Swine Breeders' association under the supervision of the extension division of the University of Idaho was won, according to advices received Saturday by R. K. Brossard, county agricultural agent, by the entry of Mitchell and Rambo of Buhl, who produced 2631 pounds of pork from 13 pigs comprising the litter. These pigs were purchased Dorco Jersey, sired by a line-bred Sonation boar, the dam being Orion-Pathfinder cross.

The Mitchell-Rambo entry will receive a bronze medal for district champions and a gold medal for winning the state honors. The pigs were made during the State Feed Show at Boise in February.

Valuable data, in the estimation of the swine breeders, was secured from the contest on the cost of producing pork as each entrant kept accurate records as to the amount of labor spent and cost of feed. The breeders of the state have questioned the value of milk in the feeding ration of hogs. The same is true regarding the value of pasture. When all data is in, these points will be shown up quite clearly. In the case of the Mitchell-Rambo herd no milk was fed at all and out pasture substituted for alfalfa pasture. The cost of producing a pound of pork was 8.3 cents, this cost, of course, included labor. This was the average cost from the time the pigs were farrowed until they were sold, at which time they weighed 310 pounds, or an average of 239 pounds each.

Steady Growth Economical.

The interesting thing about the cost is the following facts: The pigs averaged 292 pounds at six months of age. The cost at this weight was 7.4 cents. Twenty-six days later the pigs averaged 239 pounds. The cost of putting on the extra 37 pounds was at the rate of 13.3 cents per pound. As stated above, the cost for the entire period was 8.3 cents. From this it can be readily seen at which stage of growth the most economical gains are made.

The total cost was as follows: Oats, 606 pounds; wheat, 8800 pounds; barley, 356 pounds; tankage 180 pounds; stock feed 608 pounds; mineral 60 pounds, and oil meal, 97 pounds.

Statistics on cost of production will be made from all entries in the contest.

ODD FELLOWS PLAN DANCE

First of a series of social affairs planned for the winter season by the Odd Fellows committee in charge of arrangements for the annual meeting of the Idaho grand lodge, I. O. O. F., and associated organizations, to be held here next October, is to be a social dance for Odd Fellows and their friends to be given Tuesday evening, December 9, in Odd Fellows hall.

The event, besides proving an enjoyable social affair, is expected to bring in revenue to a fund for entertainment of the grand lodge delegates and visitors, of whom more than 1000 are expected to assemble here for the sessions of the state organizations.

tion have been disposed of. I am not willing, personally, to put the world court discussion, which will be prolonged, ahead of agricultural legislation.

"To pass the appropriation bill and spend the rest of the short session in discussing the world court and kindred questions, adjourn and go home for a year without doing anything on domestic legislation, would be unfair and unjust to the people who sent us back here and in violation of every pledge made by all the political parties in the last campaign.

"It will take some time to work out a program which divorces the world court from the league, and make it an independent judicial body. And, speaking for myself, it is vital that we do that. I have favored for twenty years a world court. But I would regard the effort to establish an effective judicial tribunal as wholly fruitless if such a tribunal were left so it would inevitably be drawn into international politics. When I vote for a world court I would like to feel that I have voted for something that will be an aid to world peace."

JURORS TO VIEW DITCH

Jurors in the trial of suit of Frank Holman against C. C. Wood involving claim for \$600 damages on account of alleged leaks from a ditch built last season by Wood to replace an irrigation channel in which Holman claimed a possessory interest, will be taken Monday to inspect the ditch in question, according to agreement reached Saturday, the second day of the trial in the case in district court here.

MEXICAN REBELS ARE HELD

DOUGLAS, Ariz., Dec. 6 (AP)—Tied hand to hand, 12 Mexican prisoners arrested yesterday in Agua Prieta on charges of having plotted a rebellion against the Calles government in Mexico, were started overland late today toward Nogales. They were accompanied by a detachment of 20 troops from the Agua Prieta garrison. The advance was preceded by General Borquez and several of his staff officers, who arrived in Agua Prieta from Nogales. It was announced the men will be given summary trials at Nogales.
