PROGRESS SLOW  
ON SHOALS BILL  
IN U. S. SENATE

## Numerous Other Proposals

Block Action on Underwood Measure for Disposal of Nitrate Plant.

WASHINGTON, Dec. 11 (AP)—Progress of the senate today toward disposition of the Muscle Shoals question was so frequently interrupted for consideration of other proposals that the senate recessed tonight without taking action on pending amendments.

Leaders plan if possible to bring the subject to a final vote tomorrow. As a last resort they expect to attempt to limit each senator on debate. Both democratic and republican leaders predicted today that the bill would pass. A number of senators are anxious to dispose of the Muscle Shoals issue to give early consideration to the sale of Fines treaty and other important legislation.

## Copeland Takes Stand.

Senator Copeland, democrat, New York, declared today he would vote against any measure that did not require the government to fix rates on power produced at Muscle Shoals. He urged the senate to take no hasty action and declared action could be enacted two years hence without harmful effect.

Senator Brookhart, insurgent republican, Iowa, said he stood ready to convert the nitrate plant into fertilizer factories, but opposed turning the power over to private interests, who could exploit the property to the disadvantage of the people.

## PAYS FOR HIS EDUCATION

PALO ALTO, Cal., Dec. 11 (AP)—Jackman Horrick, Stanford '09, and now a prosperous farmer of Utah, returned to the Stanford university campus here today and deposited \$1000 with President Ray Lyman Wilbur, "to pay for his education."

"It cost the university that much to educate me for the two years that I was here," Horrick explained. "I have worked all these years for a chance to pay it back, and here I am."

## MORTGAGE HELD SUPERIOR TO CLAIM ON TAX LIEN

Claim of a Buell bank under mortgage covering printing plant of the Buell Publishing company, was by Judge W. A. Babcock in district court here Thursday held superior to the claim of Twin Falls county on account of delinquent and uncollected taxes assessed against the property. The ruling was made in a suit instituted against the publishing company by the county and in which the bank, represented by C. G. A. Dyer, filed a complaint in intervention.

Gompers Improving  
from Illness Says  
Mexican Statement

Aged President of Labor Federation Seriously Ill on Train Bound for United States From Mexico.

MEXICO CITY, Dec. 11 (AP)—The Mexican regional federation of labor headquarters issued a statement tonight to the effect it was able to announce from telegraphic advices it had received that Samuel Gompers had spent a good night and was sleeping well on board the train which is taking him back to the United States. The statement added that the president's condition was improving and that his chances favored recovery.

## CONVICTED WEAKE

SALTILLO, Mexico, Dec. 11 (AP)—The general condition of Samuel Gompers was weak shortly after 7 p. m. when his train passed through here, Dr. Cockrell, his physician, said. The patient's pulse was 60 and temperature normal.

## SERIOUSLY ILL

EL PASO, Texas, Dec. 11 (AP)—A private advice received by union labor officials of El Paso this afternoon from Mexico City stated that Samuel Gompers, American Federation of Labor chief, was seriously ill, but had not died. The message stated that word had just been received that the train was nearing Monterey, Nuevo Leon, and Mr. Gompers was resting well.

Equine Sells for One Cent a Year on His Age; Believed Lowest Sale in State.

FORT COLLINS, Colo., Dec. 11 (AP)—When the auctioneer crying the sale of impounded animals shouted "Sold!" today, E. H. Jabons found he had bought a horse for 20 cents—believed to be the lowest price ever paid for horseflesh in Colorado.

Old Dobbin, vagrant equine and many-time inhabitant of the city pound, went to the highest and only bidder at the rate of one cent per each year of his age.

DENIES PART OF  
FORMER STORY

Mortimer in Conspiracy Trial of Forbes Forced to Admit Senate Statement Wrong.

CHICAGO, Dec. 11 (AP)—A tense fire of cross examination by the defense wrung from Elias H. Mortimer, the government's principal witness in the veterans' bureau conspiracy trial today, flat repudiation of portions of Mortimer's story to the senate committee which investigated the bureau in 1923.

"If that's in the book, it's a mistake," he replied to a question based on a portion of his senate committee testimony at variance with his story in the present trial.

## Recollection Refreshed.

"I have had my recollection refreshed on that point since the senate investigation," he said in answer to another question which revealed a difference between the two accounts.

Mortimer, on the witness stand for the fourth day of cross examination in the trial of Charles E. Forbes, former director of the veterans' bureau, and J. W. Thompson, building contractor, for conspiracy to defraud the government through hospital contracts, answered affirmatively a question as to whether his testimony before the senate committee out of which eventually came the indictments in the recent trial, had been motivated by a hostility toward Forbes.

Six Thousand Miles  
Of Telegraph Wires  
Carry News Reports

Storms Cause Associated Press to Put Service on Single Circuit in Form of Gigantic S.

CHICAGO, Dec. 11 (AP)—Upwards of 6000 miles of telegraph wires on a single circuit in the form of a gigantic "S" tonight carried the news reports of the Associated Press between Chicago and San Francisco via Texas and Portland, Oregon.

The main circuit was approximately 6000 miles long and extended from Chicago to St. Louis to Kansas City to Wichita to Oklahoma City to Fort Worth to Amarillo to El Paso to Las Vegas to Denver to Salt Lake to Boise to Walla Walla to Portland to San Francisco to Oakland, although the report was copied in but three of these cities. "Legs" extended from Chicago to Des Moines and Omaha over another out-of-the-way route, making approximately another 1000 miles of wire on this circuit.

ALLIES FIND  
GERMANY NOT  
UP TO TERMS

Country Continues to Manufacture War Material Commission Reports: France Sees Danger.

PARIS, Dec. 11 (AP)—The process of reconciliation between Germany and the allies, particularly with France, has received a setback, it is feared in French circles, by the report of the inter-allied military control mission in Germany to the effect that the provisions of the Versailles treaty concerning disarmament are not being carried out.

The allied commission, according to its report, has found that the German general staff continues its deliberations as it did before the war; that the German arms factories are turning out new war material and that, contrary to the treaty, there is in Germany an effective force of soldiers far surpassing the limit fixed by the Versailles pact.

This report, it is understood, will put the council of ambassadors in the dilemma of renouncing the conditions it imposed on itself to transform the mission of control from military to a civilian body, or of opposing the policy of the present French government which favors immediate transfer of the responsibility for the military control of Germany to the league of nations.

The opinion in French official circles is that Germany's activities in re-establishing her military equipment and keeping up an unauthorized trained force of men, is more directly threatening to Poland than to France, because she has less to gain from war than from conciliatory negotiations which the new French government has inaugurated and because the revengeful feeling in Germany runs much stronger against Poland than against France.

## DRAMATIC EDITOR DEAD.

LOS ANGELES, Dec. 11 (AP)—Bury Irwin Dazant, former editor of the New York Herald, and a nephew of the late Sir George Dazant of the London Times, died here today.

Find Aged Trapper  
Slain With Axe in  
Cabin; Clues Sought

Battered and Mangled Body of W. A. Libby Is Found Near Pueblo; Murderer Escapes.

PUEBLO, Colo., Dec. 11 (AP)—Battered and mangled, the body of W. A. Libby, aged trapper, was found late today in his cabin four miles northwest of Pueblo, the victim of an axe slayer.

Libby's head was crushed with blows from the axe which the assailant found in the cabin, authorities said. No clue had been found tonight to aid in the search for the slayer, according to investigators. Evidence that Libby, who lived alone, died after a frantic struggle was given in the disorderly appearance of the room in which his body was found. The killing occurred sometime Wednesday night, officers believe.

MCCOY'S SISTER  
FORGETS DETAILS

Relative of Famous Boxer on Trial for Murder Unable to Remember His Statements.

LOS ANGELES, Dec. 11 (AP)—Under the fire of direct examination of the prosecution, Mrs. Jennie Thomas, sister of Kid McCoy, ex-prize fighter, charged with the murder of Theresa Mora, divorced wife of an antique dealer, late today testified that she "was not able to state" what her brother had told her after Mrs. Mora had died with a bullet through her brain. She was a witness for the prosecution.

The records of the grand jury of August 13, which indicted McCoy, disclosed a direct question to Mrs. Thomas:

"You did not believe your brother when he told you that he had killed a woman, did you?"

"Certainly not," she replied. On a question from the defense asked whether her brother had told her that he had killed a woman she answered negatively.

She answered the prosecution today that she was "not able to state, and did not remember what he said" on the night he came to her home in a disheveled, intoxicated condition, to make a will, leave his valuables, including the jewelry Mrs. Mora had formerly owned and then threaten to "end it all."

Throughout the entire ordeal on the witness stand, Mrs. Thomas, a frail, little woman, was evidently laboring under an intense emotional strain, while her brother, at the end of the counsel table, smiled back reassuringly to her.

## THE DAY IN WASHINGTON

The senate considered the Muscle Shoals bill.

The senate approved the naval construction bill authorizing a \$110,000,000 program.

Reallocations of radio broadcasting wave lengths was abandoned by the commerce department.

The advisory council of the National Conference of Outdoor Recreation began a two-day meeting.

It was decided to appoint a congressional committee to investigate the question of a permanent housing program for the army.

Liquor treaties with Canada, France, the Netherlands and Panama were approved by the senate foreign relations committee.

The house passed the agricultural appropriation bill carrying \$30,000,000 for road construction and \$14,000,000 for other purposes.

The treasury accepted statements of British Chancellor Churchill on allied debts as "obvious and logical" and withheld further comment.

Commissioner Benson of the shipping board before a house committee, posed separation of the board from operation of the merchant fleet.

Commerce department figures placed the death rate in the registration area of the United States in 1923 at 12.3 per 1000, against 11.3 in 1922.

Postmaster General Sew, it was learned, will advise congress that to increase postal pay, increased rates on all postage except letters will be necessary.

## COLLINS MADE MANAGER.

CHICAGO, Dec. 11 (AP)—Eddie Collins, second baseman of the Chicago American league club, has been appointed manager of the White Sox for the 1925 season, succeeding Johnny Evers, according to word received here tonight from Charles Comiskey, president of the White Sox, who is in New York attending the major league meeting.

SHOW DOWN IN  
BASEBALL WAR  
TO COME SOON

Final Act in Big League Drama of 1924 to Be Staged at Chicago Wednesday; Landis and Johnson to Meet.

NEW YORK, Dec. 11 (AP)—The last scene in the 1924 drama centering around baseball's governing bodies will be enacted at Chicago next Wednesday when Commissioner Kenesaw Mountain Landis will preside over a joint major league meeting which is expected to produce a final "show down" in his war with Ban Johnson, president of the American league.

The decision to shift the meeting to Chicago was reached this afternoon when major league club owners who compromised on the date for their adjourned season after National league men had sought to arrange the grouping for this Saturday while a majority of American league magnates held out for a postponement until late in January. The meeting is slated for 11 a. m. at the Congress hotel.

Wanted Early Data.

National league men, it was understood, insisted upon an early date for the meeting with Landis because of a desire to press the advantage conceded to have been gained by the commission's supporters in obtaining endorsement from both leagues at their annual meetings within the past few days. American league men, on the other hand, in an effort to strengthen the hand of Johnson, were said to desire further time to solidify their ranks. Both sides finally consented to next week's meeting, an agreement having been reached by telephone with Landis at Rochester, Minn., where the commissioner has been kept by the illness of his wife.

## COAST LEAGUE IN ARMS.

NEW YORK, Dec. 11 (AP)—The issue brought about by charges of Ban Johnson that gambling charged in Pacific coast league circles of which he asserted the league was cognizant, will not be closed in spite of the refusal of the American league to act yesterday on the evidence produced by its president.

## DIRECTORS WIN LAWSUIT

BOISE, Dec. 11 (AP)—Former directors of the Stockgrowers Bank and Trust company of Pocatello, were victorious in a case brought against them by the Mechanics and Metals National bank of New York to collect a balance on a note of \$50,000 given by the Pocatello bank according to a supreme court decision handed down today. The opinion was prepared by Assistant Justice William A. Lee and concurred in by Chief Justice Charles P. McCarthy, Assistant Justice William E. Lee and District Judge T. Bailey Lee sitting as a commissioner of the court.

Future of League  
Is Excellent Says  
British Minister

Austen Chamberlain Has Confidence in Body, He Tells Public Session of Council at Rome.

ROME, Dec. 11 (AP)—"I go back to England with increased confidence in the future of the league of nations," was the valedictory declaration of Austen Chamberlain, British foreign minister, delivered tonight at an impressive public session of the league's council.

While the council probably will continue to sit two days more, Mr. Chamberlain will start back for London tomorrow.

The head of the British foreign office apparently is immensely satisfied with his trip to Italy. He has succeeded in putting off a discussion by the council of the Geneva peace protocol until the March session so that England may have time to consult her dominions on its cardinal features which excited their apprehensions. He has also tracked up to the moment of his leaving, at least all attempts to obtain the council's intervention in the Anglo-Egyptian conflict, and he has had satisfactory conversations with Premier Mussolini in the direction of establishing closer co-operation between Great Britain and Italy on Mediterranean problems.

# PUT EMBARGO ON CHICKENS TO NEW YORK

Board of Health Bans Live Poultry From Entering State; Mysterious Disease Is the Cause.

NEW YORK, Dec. 11 (AP)—The board of health today placed an embargo against the shipment of live chickens to New York city, from North Dakota, South Dakota, Missouri, Kansas, Illinois, Indiana and Nebraska. The embargo was ordered after it was found that a mysterious disease had affected chickens here in the past few weeks. The embargo does not affect the shipment of other kinds of poultry.

## NATIONAL CAMALITY.

CHICAGO, Dec. 11 (AP)—The embargo on chickens from eight states in the central west by the board of health of New York is a national calamity in the opinion of W. T. Hewes, general secretary of the National Association of Poultry Dealers, which is holding its annual convention here.

The board said it was "satisfied that a disease of a pestilential nature now exists" among chickens in the states named. The embargo which becomes effective tomorrow, is for an indefinite period.

## Embargo on State.

Local officials of the state department of farms and markets said late today that an order was expected from the state commissioner in Albany tomorrow, placing an embargo against all poultry from New York city to other points in this state as well as barring shipments of live chickens into the state from states where the mysterious disease is known to be prevalent.

Mr. Hewes stated that the disease is undoubtedly one that is "known to chicken handlers as 'the flu'" which appeared in the east about two years ago. He said it had also appeared in various other states at different times but that in each state measures had been taken immediately to handle the situation and it had been checked.

Not Enough for Embargo.  
"I know that there was not enough, by a very wide margin, of this disease to cause such a drastic move. It is a national calamity at this season of the year."

"The disease affects the lungs of the fowl and it was only last spring that it appeared in a flock belonging to a prominent Chicagoan. He took measures immediately and stamped it out."

## Vice President Will Deliver Address at Woolgrowers' Meet

Convention to be Held in Idaho Capital to be Addressed by Dawes, Senators Say.

BOISE, Dec. 11 (AP)—Charles G. Dawes, republican vice president-elect, will be the principal speaker at the annual meeting of the Idaho Wool Growers' association, when it meets in Boise January 12 and 13, according to information received today by Mark A. Means, commissioner of agriculture. The commissioner received an invitation to attend the meeting from Donald McLean, secretary.

The letter said that both Senators W. E. Borah and Frank R. Gooding had assured the association the vice president-elect would speak.

## GERMAN CABINET DECIDES TO QUIT

Date of Resignation to be Fixed by Chancellor Marx and President Ebert; In Minority.

BERLIN, Dec. 11 (AP)—The cabinet at a meeting Wednesday decided to resign. The date of its resignation will be fixed by agreement between Chancellor Marx and President Ebert.

Unless Ebert requests the Marx-Stresemann cabinet to continue in office until after the holidays, it is probable that affairs of Germany will in the course of next week be entrusted to a new ministry. This would be composed of bourgeois parties in which the German nationalists, by virtue of the preponderance of rightist mandates, will play a decisive part.

In requesting Ebert to be relieved of further responsibility, the cabinet explains that it is wholly a minority ministry and is not representative of the party lineup resulting from Sunday's election.

## SEARCH STARTED FOR BOY

BOISE, Dec. 11.—Governor C. C. Moore has been requested to aid in the search for Walter Heining, a young man of Everett, Mass. Young Heining left home in 1908 for a second trip to the Pacific coast and his aged father is very desirous of receiving information regarding his whereabouts. His father is W. Heining, 101 Callender street, Boston, Mass.

## EXPRESSION OF THANKS.

## SOCIETY AND CLUBS

Edited by  
MRS. E. B. WILLIAMS

Mrs. W. Trentowsky entertained the Episcopal Guild Thursday afternoon at her home on Third avenue north. The usual order of business was transacted with the president, Mrs. Thomas Robertson, presiding. At this time reports of the various committees on the Christmas sale and dinner on December 6 were given and proved eminently satisfactory. Rev. L. P. Nissen read a letter from Bishop Fox of Montana, who has taken charge of the Episcopal churches in Idaho, telling of his plans for the same. Rev. Mr. Nissen also spoke of the several new organizations in the local church and what they hoped to accomplish in the parish. He also announced that the Sunday school would give a mystery play entitled "Advent Fables" on the Sunday evening after Christmas. Roll call was answered with quotations from Psalms and Mrs. J. B. Bothwell favored the guild by giving them a wonderful talk on "Famous Madonnas", illustrated by copies of paintings by noted artists, which she had prepared and given at a recent meeting of the Twentieth Century club. There was a large attendance and the hostess served dainty refreshments assisted by Mrs. J. A. Keefe and Mrs. George Sprague. This will be the last meeting of the society until the Thursday following New Year's day.

The Maroon Women's club met Thursday afternoon at the home of Mrs. J. W. Williamson. Nineteen members answered roll call with bits of humor and plans were completed for packing a Christmas gift box for the Boise children's home. A dainty luncheon was served by the hostess assisted by Mrs. Ben Glasinger, Mrs. J. B. Johnston and Mrs. Fred Kuster were guests of the club.

The Episcopal Study club met Thursday afternoon with Mrs. R. P. Parry on Maple avenue. After a business meeting Mrs. W. Orr Chapman read a splendid paper on the "Geography of the Holy Land." During the social hour Mrs. Parry served delicious refreshments.

The Presbyterian Missionary society met in the church parlors Thursday afternoon with the president, Mrs. D. P. Sweet, presiding over the short business session. The devotional service was led by Mrs. Blake and Mrs. O. W. Witham was in charge of an interesting program on Utah. Late in the afternoon refreshments were served by Mrs. Arthur K. Seaver, Mrs. Earl Sizor, Mrs. Rose Seville and Mrs. A. Swanson, hostesses for the day.

Mrs. Haverland was hostess to the Woman's Progressive club Wednesday afternoon at the home of Mrs. June

Kirkman, with 10 members and three visitors present. There was a lengthy business session during which the club appointed a committee to investigate the needs of a poor family. The following program was enjoyed: Piano duet by Mrs. Jungst and Mrs. Henderson; a paper by Mrs. Walker on "What Christmas Means to Us," and "The Origin of the Christmas Tree," by Mrs. Eggleton. The hostess served an especially delicious luncheon. The next meeting of the club will be held with Mrs. Jungst on December 31.

## M. A. THOMETZ MARRIES YOUNG WOMAN OF BOISE

BOISE, Dec. 10.—Beauty and simplicity marked the marriage of Miss Lucie Davis, daughter of Mr. and Mrs. R. K. Davis, to Michael Anthony Thometz, Jr., of Twin Falls, son of Mr. and Mrs. M. A. Thometz, which took place at 9 o'clock yesterday morning at St. John's cathedral.

The aisle to the altar was decorated with gorgeous white and pink chrysanthemums and the altar was lighted with many cathedral candles.

The ceremony was performed by the Rev. Father Verlaqua. The bride was attended by two matrons of honor, her sister, Mrs. Steve Fletcher, and Mrs. Ralph Brecheers, who wore gowns of pink with picture hats. The best man was Thomas Thometz, of Twin Falls, brother of the bridegroom. The bride's gown was an imported creation of white crepe and real lace. She wore a veil and carried a shower bouquet of flowers.

At the close of the ceremony Miss Catherine Howard played a violin solo. Mrs. Laurel Elam played the Wedding March and Miss Lenora Wagner gave a vocal solo.

Following the marriage a breakfast was served at the home of the bride's parents, Mr. and Mrs. R. K. Davis, on Franklin street, to the immediate family and a few close friends. Both young people are graduates of the University

of Idaho, where they met while attending school.

The bride is a Kappa Kappa Gamma and the bridegroom is a member of Phi Delta Theta fraternity. They left Boise on the afternoon train for Washington, D. C., to make their home for a time.

## CHARGES AGAINST BEAN THEFT SUSPECT DROPPED

Charges of grand larceny of beans against Bert Cox and Una Cox, at liberty under bonds, were dismissed Thursday by Judge W. A. Babcock in district court here on motion of Prosecuting Attorney J. W. Taylor, who stated that investigation indicated insufficiency of evidence to secure a conviction and warrant the state in going to trial. Bert Cox and Una Cox were charged jointly with the alleged offense with Hugh Blankenship who was this week released from custody when charges against him were dismissed on the prosecuting attorney's motion for lack of evidence.

## SENIORS DEFEAT JUNIOR QUINTET

### Freshmen Lose to Sophomores in Second of High School Basketball Series.

The class basketball championship hopes of the junior class received a serious setback when the seniors defeated them to the tune of 18 to 15, on the high school gymnasium floor Thursday afternoon. The juniors were expected to take the interclass games. This game now places the odds with the sophomores and the seniors. The seniors, who were defeated by the sophomores, came back in the first of Wednesday's games and turned the pride of the junior class back. The only possible explanation for this reverse was the failure of Navin, captain and guard for the third year men, who seemed unable to cope with his opponents' play. This game was exceptionally fast for an early season contest and it was fought from the start. Robertson and Martin did the heavy work for the juniors. This pair worked like demons to stave off defeat.

**Freshmen-Sophomores.**  
The freshmen-sophomore contest resulted in the defeat of the freshmen. The passing of the first year men was good, and but for the superior weight of the sophs the yearlings might have won. The sophomores entered the game favored to win by ten points at the least, but were forced to the limit to defeat their younger opponents. Wiser and Gish did the heavy work for the freshmen, and showed a remarkable lust for battle. Neither of these men will tip the scales at over 100 pounds. Gentry and Kelly were the stellar performers for their squad, and time and again they would dribble the length of the floor only to have the shot muffed by one on the fresh squad. Tonight the seniors meet the freshmen and the juniors tangle with the sophomores.

### TOLEDO MAY PLAY NAMP

**NAMPA, Dec. 11**—Possibility of a football game between Nampa high school, Idaho interscholastic champion, and Waite high school of Toledo, Ohio, was revived today when it was learned that the Toledo team would play Lincoln high of Portland, Oregon, for the championship of the United States, December 20. Waite high school claims the national title by virtue of its defeat of Scott high school, also of Toledo, which has held the title for several years.

### CONGRESS WILL HEAR IRRIGATION REPORT OF HOUSE COMMITTEE

**WASHINGTON, Dec. 11**—Among measures remaining before House committees to be acted on by Congress Monday is the Johnson-Swing bill, on which hearings were held for several months last year by the Irrigation Committee.

The measure, which would authorize governmental construction of an irrigation, flood control and power dam at Boulder Canyon on the Colorado River, and also the so-called All-American Canal, is expected to receive early action.

President Coolidge has expressed his approval of the principle of government supervision of the work of harnessing the Colorado River, and although he has not endorsed the bill by name, it is understood legislation along that line would be acceptable to the White House.

Hearings on the bill were held before the adjournment last spring. The committee, however, probably will require some time to discuss its proposals in executive session before coming to a vote.

### CAPITALISTS INSPECT MINE

**PAILEY, Idaho, Dec. 11**—Harold and Glendon Beckere, two of the Philadelphia capitalists who are financing the present operation in the Minnie Moore mine at Broadford, spent the week end investigating recent developments at the mine. Oscar H. Hersey, consulting engineer and geologist, accompanied them. They expressed themselves as well pleased with their survey. Exploration work at the mine is on the 800 level and a winze is being sunk from that level.

### FILED O. E. S. NAMES OFFICERS

**FILED, Dec. 11**—Filer chapter, Order of the Eastern Star, has elected Mrs. Emma Case to be worthy matron, succeeding Mrs. Lois Anderson, retiring matron. Other officers for the coming year have been elected as follows: Worthy patron, Earl O. Walker; associate matron, Mrs. Edith Boring; secretary, Mrs. Nina Dillingham; treasurer, Mrs. Elsie McCleary; conductress, Mrs. Edna Munyon; associate conductress, Mrs. Grace Johnson.

### FISHER TEAM DEFEATS BUTTER-NUT BOWLERS

Winners Take All Three Games in Postponed "Butter-Nut" Contest; Bailey Routs High With 531.

Fisher bowling team defeated the Butter-Nut squad, winning all three games in a postponed Twin Falls bowling league contest Thursday evening. Butter-Nut bowlers played with two men short. Bailey, with 531, and Cubit, with 513, rolled individual high scores. The detailed score:

### PROPOSE HUGE SUM FOR ROADS

#### Agricultural Bill Passes House Carrying \$80,000,000 Highway Aid.

**WASHINGTON, Dec. 11**—The agricultural appropriation bill, carrying \$124,000,000 of which \$80,000,000 would be available for road construction, was passed today by the house. The bill, as sent to the senate, would appropriate about \$50,000,000 more than last year's measure but carries several million dollars less than the budget estimate.

The bill was passed after less than two days' consideration by the house. Fewer than a dozen amendments were offered and those adopted represented only minor changes.

### Naval Increases

Disposal of the agricultural bill opened the way in the house to the naval appropriation bill, which is slated for consideration early next week. The clerical with which the first two appropriation bills have been disposed of has encouraged floor leaders in their hope of passing three supply bills before the Christmas recess.

Pending consideration of the naval bill next week, the house will devote its time tomorrow to considering numerous bills on the calendar.

### COMMUNIST FOUND GUILTY

**LANSING, Mich., Dec. 11**—Charles K. Ruthenberg, secretary of the workers' party of America and prominent member of the communist party of America, was held guilty of violation of the Michigan syndicalism law by the state supreme court yesterday. He was originally convicted in the Erie county court, following his arrest in the raid of the federal and local officers on the secret convention of the communists at Bridgman, Berrien county, in August, 1922. He promptly appealed from the decision of the circuit court and has been at liberty since under bonds. Ruthenberg is now in Chicago.

### TELLS EXPERIENCES AS MISSIONARY IN CHINA

**Dr. J. D. Gillilan of Filer Addresses Presbyterian Men's Club at Dinner Meeting.**

**Dr. J. D. Gillilan** of the Methodist church at Filer, addressing members of the Presbyterian Men's club at a dinner meeting at which covers were laid for 47 persons in the Presbyterian church parlors Thursday evening, told interesting incidents in connection with his own experience as a missionary to Shantung, China, and gave a vivid description of conditions in that region of the far east.

### FILER KIWANIS CLUB ELECTIONS

**FILER, Dec. 11**—Eli W. Boring, Jr. has been elected president of the Filer Kiwanis club for the coming year, succeeding R. K. Dillingham. Other officers were elected as follows: vice president, Warren C. Nuzman; district trustee, W. A. Sherry; treasurer, Earl S. Laflair; directors, G. C. Davis, Dr. M. J. Goode, H. H. Schildman, Jesse Hainline, W. M. Banco, Leon A. Bethel, A. O. Madland.

### Youngster's Lucky Day

A ragged, footsore girl who limped after her mother in the great diamond rush at Zerkowf, South Africa, suddenly cried: "Look, money; see what I've found!" and picked up a gem valued at \$2500.

### SEVEN STUDENTS GET HIGH GRADES

The Forum club, in point of numbers, became one of the strongest student organizations of the Twin Falls high school student body, when, at its second meeting held Wednesday evening, 14 new applicants were admitted to membership.

After a short business meeting, which was presided over by Miss Walters, president, Clyde Urban, acting sponsor in the absence of Miss Guthrie, gave a short talk. A reading was given by Kenneth Douglas. The Cook sang several numbers, with accompaniment by Magdeline Schaeffer. A comic debate by Buelah Selek, Victor Galloway, Robert Anderson, Ruth Van Ausdell, Kenneth Douglas and Clyde Urban, was well worked up and well delivered.

Circle of the high school senior class Wednesday formed themselves into a club called the Purple and Gold. This club is a tradition in the high school, and was organized in 1910, when the girls of the graduating class formed into a club to carry out the work of the class. They adopted the constitution which has been in use by the different classes ever since. The name of the club is taken from the colors of the respective classes, this year's graduating class colors being purple and gold. The purpose of organizing the club is to carry out the function of the class on class day and senior week.

### General Advance in Scholarship Indicated by Junior Big Honor Roll.

Seven ninth grade students carrying four solid subjects received grades of A in all subjects, according to an announcement made Thursday in connection with the issuance of the junior high school scholarship honor roll for the period. They were Jean Sweeney, Ivan Friek, Vera Barnes, Violet Adams, Helen Johnston, Ruby Walters and Fern Hall.

Ruby Clay, eighth grade student carrying four solid subjects and penmanship, received grades of A in all subjects, while Leon Warnke, of the same grade, carrying four solid subjects and penmanship and spelling, received A grades in all except penmanship, in which he made a B grade.

**Honor Roll Contained Names of 72 students, the three grades being represented as follows:** Ninth grade, 33 students, 24 girls and 9 boys; eighth grade 20 students, 16 girls and 4 boys; seventh grade 13 students, 8 girls and 5 boys.

Names were represented on the honor roll for the first period of the semester as follows: Ninth grade 25, gain for second period 8; eighth grade 20, gain for second period 6; seventh grade 11, gain for second period 2.

Of the ninth grade advisories Miss Lusted's room leads with 11 on the honor roll. Miss Minier's room leads eighth grade advisories with 13 on the honor roll, and Miss Hanson's room leads seventh grade advisories with 7 on the honor roll.

### KNIFE WIELDER GAINS LIBERTY WITH HIS STORY

#### C. E. Bayless, Released at Preliminary Hearing, Says He Acted in Self Defense When O. D. Sanford Struck Him.

C. E. Bayless of Buhl, charged with assault with a deadly weapon in connection with an altercation near Buhl on November 21, last, in which O. D. Sanford of Buhl, was stabbed twice in the back with a pocket knife, was Thursday released from custody following a preliminary hearing before C. G. A. Divelbiss, justice of the peace at Buhl. Bayless had been held a prisoner in the county jail for 21 days.

Bayless testified that he had used his knife in self-defense after Sanford had attacked him with his fists and then seized a wood book with the apparent purpose of using it to continue the attack. Testimony of several witnesses was introduced by J. W. Porter of Porter and Witham, defense counsel, to support Bayless' story of the affair.

#### Pracas at Public Sale.

The altercation which occurred at a public sale near Buhl, was considered to have grown out of a dispute between the men over the sale by Bayless to Sanford of a cow about a year ago.

Bayless, on arraignment, immediately following the altercation, pleaded guilty to charge of assault with a deadly weapon and later changed his plea to one of not guilty.

Sanford recovered from his wounds after spending several days under treatment in the county general hospital here.

Bayless is married and has two children. Sanford is a widower with two children. Both are engaged in farming in the vicinity of Buhl.

### AT THE IDAHO.

The Vicente Blasco Ibañez story, "Argentine Love," produced for Paramount by Allan Dwan with Bebe Daniels and Ricardo Cortez featured, was shown for the first time in Twin Falls yesterday at the Idaho theatre.

The story, an original for the screen, is the newest love drama by the master of romance, the screen versions of whose novels have never known a failure. And "Argentine Love" is not an exception. Colorful hardly describes it.

### ARTHUR ALWORTH HONORED BY GREER LETTER FRATERNITY

Arthur Alworth of Filer, first commander of Twin Falls post, American Legion, and a senior at the University of Southern California, was one of the seven men of the university who were initiated last week into Beta Gamma Sigma, national honorary commerce fraternity. Initiation took place at the University club in Los Angeles.

Beta Gamma Sigma holds two elections each year and the maximum enrollment of the active chapter cannot exceed 15. In selecting men the 20 per cent of the class having the highest grade is set aside, and the men are chosen from this list for their moral character and marked ability.

### MEET CONCEDES IDAHO'S EXTRA DIVISION CLAIM

Conference at Cheyenne Agrees That Potato Shipments Should Have More Leeway; Carriers Report on Market.

**BOISE, Dec. 11**—According to WILL H. Gibson, a member of the state public utilities commission, who attended at Cheyende, Wyoming, December 4, a specially called meeting of the Central Western Regional advisory board, a fairly well defined opinion developed at the meeting that there should be some limitation upon diversions of potato shipments, but that Idaho and Utah should have at least one more diversion privilege than Colorado and Wyoming points east of the Rocky mountains.

#### Car Service Good.

"The meeting was one of educational value," Mr. Gibson said. "The reports of the various commodity committees showed clearly that car service has been excellent over the entire section included in the western regional territory, there remaining considerable corn and wheat in Nebraska and potatoes and other products in Colorado, Idaho and Utah, but the peak of the movement for the year 1924, is already past."

"The matter of limited diversions on potatoes was considered some length. The final action taken, however, was the adoption of a resolution declaring the question of unlimited diversions in transit a question for the American Railway association to determine, rather than that the regional advisory board."

#### Market Information.

"Considerable interest was aroused in the matter of the information furnished by the carriers to the sheep men relative to receipts at various sheep markets in the Mississippi valley territory, showing daily movement of carloads of sheep received, which information was sent to the Wool Growers' association at Salt Lake, Twin Falls and other points, and disseminated directly to the individual sheep men, who were thus enabled to note the daily condition of the market. By this means there was an even flow of lambs and sheep during the shipping period and no congestion of the market occurred and the price remained quite stable and satisfactory."

"The cattle raisers are to be furnished with this same information through the same channels and it is confidently believed that cattle raisers will be very materially benefited by the result secured in a more stable market."

"It is believed that this same system of reporting as to market conditions can be applied just as successfully to marketing potatoes, grain; beans; in fact, all products except the extremely perishable and semi-perishable commodities, which must go when ready for shipment."

#### Storage Privilege.

"However, perishable and semi-perishable products can be taken care of very well through the same orderly method of marketing, together with the necessary storage in transit privileges and storage at the point of origin, where practicable."

Use PIPE FLUSH to open up that slug in your drain pipe. Does not injure the plumbing in any way. Salada Hardware Company—adv.

## HEAD-OF-CANAL COMPANY DENIES CAUDLE'S CLAIM

G. M. Hall Files Answer in Salmon Tract Settlers Suit for \$5100 for Malicious Prosecution.

Claim of Frank Caudle, Salmon River project settler, for \$1500 damages for

alleged malicious prosecution in connection with Caudle's arrest last July on a charge of interfering with a head-gate, which was dismissed on preliminary hearing, is denied by G. M. Hall, president of the Salmon River Canal company, in an answer to Caudle's complaint filed in district court here Thursday by J. R. Bothwell and V. Orr Chapman, attorneys.

Signing of the complaint on which Caudle was arrested is admitted by Hall, but, he states, the complaint was signed upon recommendation of Prosecuting Attorney J. W. Taylor, without malice and was probably caused to be there the accused man guilty of the alleged offense.

Preliminary hearing on the prosecution at which the charge against Caudle was dismissed was held before Kennedy Packard, justice of the peace.

# FIGHT IMPENDS OVER DISTRICT FAIR PROPOSAL

Twin Falls Representatives at Pocatello Session of Chambers of Commerce Would Concentrate United Effort.

Representatives from Buhl, Filer and Twin Falls at a meeting today at Pocatello of the representatives of chambers of commerce throughout southern and eastern Idaho, will insist that the federation of chambers of commerce proposed to be formed at this meeting shall confine its activities to effort toward establishment of an efficient public utility and land settlement bureau for Idaho and co-ordination and amalgamation of all towns in this region on a constructive program of development. They will oppose definitely the third major project announced at the meeting which contemplates "development of a district fair for this section that will attract nation-wide attention and advertise the products of this territory."

**Representatives Named.**  
Statement to this effect was made Thursday at offices of the Twin Falls Chamber of Commerce which is to be represented at the Pocatello meeting by its president, Elad L. Hodgkin and Secretary Charles F. Wright. Buhl is expected to be represented by Pearl Meredith and J. O. Eastman, and Filer by R. K. Dillingham.

Objection to the proposal with regard to the district fair, it was stated, is based on the belief that the project is one for local rather than general cooperation. In this connection reference was made to press dispatches sent out recently from Pocatello indicating that establishment of a district fair at Blackfoot would be proposed to the meeting today.

Representatives from this county to the meeting will leave this morning for Pocatello and return Saturday.

The conference was called by J. A. Harnder, secretary of the Eastern Idaho Federation of Commercial Clubs, with view to expansion of that organization by including many new affiliated organizations.

## SALMON TRACT PIONEER IS SUMMONED BY DEATH

William Bell of San Francisco, Sales Manager for Linotype Company, Dies After Long Illness.
