## POSTAL RATE INCREASE IS GIVEN FAVOR

Active Support Expected From Administration Leaders for Method of Raising Salaries of Mail Employees.

WASHINGTON, Dec. 12 (AP)—Legislation proposing increased postage rates on practically all classes of mail except letter mail, to take care of pay advances for postal employees is expected to have active administration support as a result of a White House conference today between President Coolidge and a dozen republican senators.

The conference was called by the executive after blocking in the senate yesterday of efforts to postpone action on the president's veto of the postal pay bill passed at the last session. There was a rather general discussion of the whole situation, including prospective opposition to mail rate advances, particularly those on second class matter, embracing newspapers and magazines.

Mr. Coolidge was represented as holding the view that such advances should be made in order to provide the necessary revenue for what he regarded as a merited raise in the pay of the employees of the postal service. Some senators said they carried away the impression that such legislation would have his support.

The conference was held an hour or so before the cabinet met for its regular Friday session. Postmaster General New is having prepared in his department a bill which will propose increases in mail rates touching all the services except the letter mail. He expects to have this ready for transmission within a day or two to Chairman Sterling of the senate postoffice committee.

## GIBBONS WANTS A FIGHT

NEW YORK, Dec. 12 (AP)—Tommy Gibbons, St. Paul light heavyweight, filed an official challenge with the state athletic commission today for matches with Gene Tunney, American light heavyweight champion, and Mike McTigue, world's light heavyweight champion. The challenges will be acted on at the next meeting.

## WHEAT GOES TO \$1.00.

SEATTLE, Dec. 12 (AP)—Big Bend blue stem wheat sold at \$1.00 a bushel for January delivery here today. This was said to be the highest local price since the world war.

## Mrs. Coolidge Gets Honorary Degree At Boston's University

Wife of President Made Doctor of Laws by School President in Impressive Ceremony; Was Teacher.

BOSTON, Dec. 12 (AP)—The first lady of the land, a graduate of the University of Vermont and once teacher of a country school, returned today to academic scenes and educational activities in ceremonies in which Boston university added to the degree of bachelor of arts, which she already held, its own honorary degree of doctor of laws. It was as "Grace Good-hue Coolidge, student, university graduate, teacher, daughter, wife, mother," whose fine qualities of mind and heart "have gained the confidence and admiration and love of the American people," that President Llewellyn H. Murfin conferred on the wife of the president the hood of purple, with trimmings of red and white, that brought added color to the academic robes, hemmed with purple, and mortar board hat with tassel of gold.

Dean of women.

The occasion for the award was the induction into office as dean of women at Boston into Mrs. Lucy Perkins Franklin, brought from the middle west to create the office, and for the occasion Boston university honored also with its honorary degree of doctors of laws its own daughter, Miss Marion Talbot, one of the outstanding deans of women among the colleges of the middle west in her position at the University of Chicago. The new Old South church was the scene of the exercises, attended by a gathering that was as representative of women in education as it was high churchmen and persons of official standing.

## RESOLUTIONS WOULD ABOLISH BOARD FOR EQUALIZING VALUES

Northern Idaho Chambers of Commerce Want State Tax Commission Appointed to Take Over Work.

MOSCOW, Idaho, Dec. 12 (AP)—Resolutions favoring the abolishment of the present state board of equalization and the creation of a state tax commission, non-political in character, to be appointed by the governor for a long term period, were adopted by the North Idaho Chamber of Commerce at the opening session here this afternoon. Other resolutions recommended that a law be enacted placing auto stages and trucks under the jurisdiction of the state public utilities commission, the same as other public conveyances and that a uniform budget law be enacted applying to all bodies in the state having power to levy taxes.

## WORK SUBMITS RECLAMATION PLAN TO CHIEF

Additional Legislation for Benefit of Settler Is Proposed by Secretary of Interior in New Program.

WASHINGTON, Dec. 12 (AP)—Secretary Work today submitted to President Coolidge a complete reclamation program which is expected to form the basis of the administration's reclamation policy. The plan proposed additional legislation and appointment of a joint congressional committee to draw up a reclamation code which would stand as a policy for existing projects.

(Continued on Page 4, Column 6.)

## COOLIDGE FIRM ON ALLIED WAR DEBT MEASURES

President Opposed to Submission of Claims to World Court or Any Other Tribunal; Gives Reasons.

WASHINGTON, Dec. 12 (AP)—President Coolidge was represented today as being opposed to any plan for submission to the world court or any other tribunal of the adjudication of war claims against Germany under the Dawes plan. His position also was said to be unchanged regarding war debts funding to the United States by France and other powers.

Mr. Coolidge is known to be convinced that the American position regarding claims collection is perfectly understood by foreign governments interested and that the right of collection is established beyond question by treaty agreements. The president's position that there is no need of referring the subject of claims collections to a tribunal for adjudication is understood to be based on the belief that whatever differences may exist between the United States and Great Britain can be adjusted by regular negotiations conducted through representatives of the two governments.

He feels it as evident that the position of the Washington administration which has been outlined to the allied and associated powers by Ambassador Kellogg during the London conference will be recognized by the interested governments as the negotiations now being carried on between Washington and London progress.

The American policy has been firmly in opposition to cancellation of any part of the debts owed the United States coupled with a desire that the "debt nations" should refund their obligations and the president area no possibility that it may be altered in the slightest detail.

## \$50,000 Haul Is Made By Bandits In Canadian Bank Robbery; Escape In Auto

Bold Broad Daylight Raid Made on Branch Depository Just Before Closing Time; Police on Trail.

VANCOUVER, B. C., Dec. 12 (AP)—An automobile used by seven or eight robbers, who escaped with approximately \$50,000 after holding up the Royal Bank of Nanaimo today, was found near Boat Harbor, six miles from Nanaimo, and the thieves were endeavoring to reach the American shore in a speed boat, police were informed tonight.

Authorities said that the bandits used only one automobile to make their escape. The machine at Boat Harbor was near an abandoned landing stage. Police boats were dispatched from here to comb the waters of the Gulf of Georgia. Other speed boats were sent from Nanaimo via Victoria and cities bordering the gulf.

American police have been notified to watch for the men if they succeed in crossing the international line. The weather on the gulf was reported thick and misty with rain falling at intervals.

## SEARCHING DISTRICT.

NANAIMO, B. C., Dec. 12 (AP)—Provincial and Vancouver island police were searching districts adjacent to this city tonight for seven or eight robbers who escaped with approximately \$50,000 after holding up the local branch of the Royal Bank of Canada prior to closing time this afternoon.

Authorities declared the men made their escape in two automobiles which were left standing near the entrance to the bank under guard of two confederates. The loot comprised money which was to have been paid to miners of the district tomorrow.

## Boats in Use.

Police boats were searching the waters of the Gulf of Georgia, where many islands are located, and the coast line of Vancouver island, on the theory that the robbers planned to make a dash for United States territory.

## POCATELLO MAN SHOTS WOMAN AND THEN SELF

Jealousy Believed to be Motive for Murder and Suicide in Gate City Friday Afternoon; Had Quarreled.

POCATELLO, Dec. 12 (AP)—Jack Payne, an employee of the Oregon Short Line railroad shops here, shot and killed Mrs. Martha Tuttle and then committed suicide shortly after 1 o'clock this afternoon. It was reported to the police by Edna Tuttle, stepdaughter of the slain woman.

Jealousy is reported to have been the cause of the trouble, which has been brewing for some time.

Trouble between Payne and Mrs. Tuttle, who police say have been living together, has been of long standing, police investigation is said to have revealed. Investigating officers reported that Pete Clark, a recent arrival in Pocatello, had been a frequent visitor at the home several times of late and Payne is said to have resented these visits.

According to stories told by neighbors Clark visited Mrs. Tuttle this morning but was chased from the house by Payne, who had not reported for work. Shortly afterward Payne visited a grocery store near his home and appeared very nervous when he left after making a small purchase, the proprietor told the police. This was the last time he was seen alive.

The double tragedy was discovered when Edna Tuttle, stepdaughter of the slain woman, went into the house to get some water. She told investigating officers her foster mother had been footed and only partly dressed. Several articles of her clothing were found packed and there was every indication that she was preparing to leave when the shooting occurred.

## STUDENTS HEAR DOCTOR

Dr. John W. Visser addressed students of the high school general science classes at a assembly Friday afternoon, referring to the history of the study of various diseases, nature of some of the most common diseases and giving information concerning vaccination and inoculation for prevention of diseases. He also answered a number of questions relating to disease prevention, epidemics and health rules. General science classes have recently been studying bacteria and their relation to diseases.

## Women's Styles Set for Next Spring At Cleveland Meeting

Skirts to be 10 Inches From Ground; Brightness of Colors Decried; Slenderizing Silhouette.

CLIVELEAND, Ohio, Dec. 12 (AP)—The National Cloak, Suit and Skirt Manufacturers' association met here today and approved style recommendations for next spring and summer.

Skirts, as an average, will be worn ten inches from the ground and in extreme cases 15 inches.

Brightness of styles as well as of color emphasizes the new spring creations. The slenderizing silhouette continues the foundation for the new season's styling. Many new variations in the cut of garments are introduced, including the tunic theme and circular cuts, but in all cases the garments are worn so as to achieve the straight line, slender type.

In sport coats the mannish cut will be strongly evidenced. Materials will be soft, at least in coats and some of the new shades will be worn, including rose-ash, woodrose, brown, tiger eye, golden oak and many new blues, greens and tans.

## INVITED TO LEAVE TOWN.

Charged by police officers with begging and with being intoxicated, Ed Maloney, 29, in whose possession was found \$1.82 and an I. W. W. membership card, was arrested last Thursday evening on Main avenue and after being confined in the city jail over night was Friday morning held before Police Magistrate J. L. Mea and given a few hours in which to leave town.

## MAYBE WE HAVEN'T BEEN GETTING OUR MONEY'S WORTH

WE WISH SOME STATISTICIAN WOULD ADD UP OUR ANNUAL CONTRIBUTION TO THE BANDITS. ROBBERIES AND HOLDUP MEN

AND SEE HOW MANY MORE POLICEMEN WE COULD GET FOR THE SAME AMOUNT OF MONEY

## THE DAY IN WASHINGTON

Consideration of Muscle Shoals continued in the senate.

The house committee began investigation of aircraft manufacture and operation.

The American reply to the British note on German war claims was delivered in London.

The advisory council of the National Conference on Outdoor Recreation ended its meeting.

Rear Admiral Benson gave more testimony before the house shipping board investigating committee.

The future course of the conference for progressive political action was considered at a meeting of its leaders.

President Coolidge undertook to bolster senate forces opposed to an early vote to override the veto of the postal pay bill.

Secretary Work submitted to President Coolidge a reclamation program which is expected to form the basis of the administration policy.

## ITALIAN STEAMER SUNK.

LONDON, Dec. 12 (AP)—The Italian steamer Laura was sunk tonight in the English channel after coming into collision with the British steamer Lorenzo. The Lorenzo was bound from Dunkirk for Yokohama.

# AIR MAIL WILL OPERATE DURING WINTER MONTHS

Plans Made to Keep Service Going Despite Intense Cold; Flying Bases Equipped to Handle Work.

OMAHA, Dec. 12 (AP)—An unprecedented contingency for the United States government, that of operating the transcontinental air mail service throughout the winter months, will be met satisfactorily if the already completed plans of the government are carried out, according to Carl P. Egge, general superintendent of the air mail service.

Mr. Egge, at his headquarters here, has announced that the cross-continent flying service will go on regular schedule, hampered only slightly, if at all, by snow storms and blizzards.

Every air mail flying base and emergency landing station has been equipped with winter flying facilities, "monkey suits" for pilots, stoves to heat water and engine, protection of beacon lights, and skis to be attached to the landing gear in case heavy snowfall prevents the use of wheels.

The "monkey suit," Mr. Egge explained, had been adopted after extensive experimenting with various flying garments. The suit, fur-lined, includes everything from helmet to socks. The electrically heated suit, the air mail chief said, transmits heat so rapidly, affording no even heat for the comfort of pilots.

In addition the cockpit of every plane will be heated by a pipe running from the engine parallel to, and on top of, the exhaust pipe. This new arrangement, the speaker declared, prevents fumes from entering the cockpit as was the case when the cockpit was heated direct from the exhaust pipe.

All main beacon lights, from Hagerst field, New York, to San Francisco, Cal., have been equipped with plate glass housings, assuring pilots of adequate guiding lights even in the heaviest of storms.

The wheel landing gear, pilots have found, can be used in case of a 10 or 12-inch snowfall, but in excess of this, the ski landing apparatus must be employed. This winter landing apparatus is on hand at every field.

## REAL ESTATE TRANSFERS

Furnished by the Twin Falls Title and Abstract Company.

Thursday, December 11.

Quit claim deed, E. C. Ticknor to L. I. Gault, \$1; W & NE 31-10-15.

L. I. Gault to A. H. Jagals \$10,000; W & NE 31-10-15.

E. W. King to J. Schrenk, \$1; SW CW 12-11-13.

Quit claim deed, E. A. Walters et al to A. P. Craven, \$250; NW NW 24-12-15.

Deed, Sheriff to Union Central Life Insurance company, \$501.24; NW NW 25-9-15.

Galion Irrigated Land company to J. P. McClure, \$10,000; lot A Moosaw subdivision, block 14, Twin Falls.

H. A. Doxson to R. D. Whitaker, \$1; NE NE 28-9-15.

Not Appreciated.

At one of the chaplaincies abroad the chaplain was a somewhat dour elderly Scotsman, who persistently resented any innovation in the service. A generous and worthy member of the congregation, thinking it would be desirable to have the lesson read from a lecture instead of from the prayer book, presented the church with a handsome brass one in the form of an eagle. The minister, however, did not take kindly to the lecture, and declined to use it the first morning. It would be evening he relented, and at the close of the service he astonished and entertained his congregation by solemnly making the following announcement: "I give notice that on Sabbath next the gospel will be read from that burrd.—Edinburgh Scotsman.

Tree Has Many Uses.

For the coco-palms are found more uses than perhaps any other tree in the world, says the American Forestry association. This tree boasts like a gun when blooming and provides the applejack of the tropics for the natives as well as its own burgundy to keep them away from its fruit. It is said by the people whom it furnishes with nearly all the necessities of life that it has as many uses as there are days in the year; but that seems to be an under-estimate, for surely three hundred and sixty-five necessities would never meet the demand of modern, up-to-date man or woman of the temperate zone.

## Fleeing Bride Eludes Chase

MRS. DOROTHY MARTIN HILLMAN, wife of Edward J. Hillman Jr., married life, following a mysterious quarrel with her husband. She declared she was going to Europe to escape her "nasty little husband." He asked the police to apprehend her, but she eluded them.

## Church Services

The Church of the Ascension. (Episcopal.)

Rev. Louis P. Niesen, Rector.

Third Sunday in Advent.

8 a. m., Corporate Communion of the young people of the parish. Breakfast in the rectory.

9:45 a. m., Church school.

11 a. m., Morning prayer and sermon; the sermon subject is "The Christian Ministry."

First Presbyterian Church.

A. G. Pearson, Minister.

9:45 a. m., Sunday school.

11 a. m., Morning worship. The Rev. R. Lloyd Roberts of Jerome will occupy the pulpit and will speak on the subject, "Feed the Sheep."

4 to 6:15 p. m., Christian Endeavor societies will meet.

7:30 p. m., The Rev. R. Lloyd Roberts will preach the sermon at this service; sermon subject, "Challenge of the High." Mr. Pearson has exchanged pulpits with Mr. Roberts.

Methodist Episcopal Church.

H. G. Humphrey, Pastor.

Sunday school at 10 a. m.

11 a. m., sermon, "Waiting on God," by the pastor.

7:30 p. m., Orchestra music as a part of the song service. Anthem, "Bless the Lord O My Soul" by Mrs. E. G. Sturdivant and Mrs. C. E. Potter.

The pastor will preach on "St. Paul's Conception of Christ."

The Women's Home Missionary society will take their annual thank offering at the morning service.

Christian Church.

O. D. Harris, Minister.

Church school and communion worship 10 to 12 a. m. Sermon, "Fruit that Lasts," Solo, Mrs. J. H. Barnes.

Junior congregation 11 a. m.

Christian Endeavor 6:30 p. m.; Miss Iris League, leader.

Worship 7:30 p. m.; sermon, "Why I Am a Christian." Special music by the choir.

Baptist Church.

John E. Karner, Minister.

Bible school at 9:45 a. m.

Worship and sermon at 11 a. m.; theme, "The Two Gardens."

Young People's Union at 6:15 p. m.; Preaching services at 7:30 p. m.; subject of sermon, "Fools Classified." Prayer meeting Wednesday evening at 7:30.

Lutheran Church.

J. Gilbring, Pastor.

Sunday school and services at the usual time and place. Topic for the evening, "The Salutary Use of the Lord's Supper."

St. Edward's Catholic.

Rev. Henri S. Kayser, Pastor.

Masses Sundays 8 and 10:30 a. m. Masses weekdays 8 a. m. Masses holidays 6:30 and 9 a. m. Sunday evening services 7:30.

First Church of Christ Scientist.

109 Ninth Avenue East.

Sunday service at 11 a. m.; lesson sermon, "God the Preserver of Man." Sunday school at 10 a. m. Testimonial meeting on Wednesday evening at 8 o'clock.

Twin Falls Mission.

230 Third Avenue East.

Paul Worcester, Pastor.

Sunday school 10 a. m. Preaching 11 a. m. and 7:30 p. m. Prayer meeting and Bible study Tues.

day and Thursday at 8 p. m.

Nazarene Church.

Preaching Sunday 11 a. m. and 7:45 p. m., and Tuesday 7:30 p. m. Sunday school 10 a. m. Young People's meeting 7 p. m. Praise and prayer Friday evening at 7:30 o'clock.

Pleasant View Presbyterian.

H. U. Wagner, Pastor.

Sunday school 10 a. m. Morning worship at 11 o'clock. Christian Endeavor at 7 p. m. Evening services at 7:45; subject, "Christian Education"; speaker, the Rev. C. Evans.

Methodist Church, Kimberly.

Charles D. Fletcher, Minister.

Sunday school at 10 a. m. Morning service at 11 a. m.; communion service.

Epworth League at 6:30 p. m.; installation of officers.

Evening services at 7:30. The spirit of the series of sermons on Acts 13-23 will be given; the subject is "What Barabas Said."

The losing side will entertain the winning side of the Epworth League on Friday night.

Christian Church, Kimberly.

J. Elliott Slinp, Pastor.

The pastor will bring a message in the morning on the subject "The Wonderful Christ"; in the evening the subject will be the "New Birth."

Bible school at 10 o'clock. Communion at 11 o'clock. Morning sermon at 11:30. Christian Endeavor at 6:30 p. m. Evening service at 7:30 o'clock.

Deep-Sea Trolling.

Trolling for deep-sea game fish from the gondola of a low-flying dirigible, long schools of fish from the air, and then tossing the hooks to them from the air, is a twist to angling pastimes to attract the attention of American sportsmen, says Popular Mechanics Magazine.

The first dirigible fishing expedition was carried out by a party of Los Angeles sportsmen, who flew from the city in a pony blimp to a point about 12 miles north and out to sea, from the harbor. The trip of 35 miles was accomplished in 50 minutes in spite of delays from a low-hanging fog, which made flight by compass necessary part of the way. While trolling at an elevation of some 30 feet and about ten miles from land, the big thrill of the expedition came when an eight-foot shark swallowed a big mackerel that one of the flying fishermen was reeling in.

# WHITE PERSONS TRIBE SERVANTS

Expedition Into Desert Discovers Caucasians Acting as Slaves for Africans.

ALEXANDRIA, Egypt, Dec. 12 (AP)—An expedition into the Kalahari desert has been organized by the South African government to discover the breeding places of the locusts that come forth in the summer and swarm over the farms of South Africa, destroying everything in their wake. It is hoped eventually to send a small army into this desert armed with sprayers and all the necessary equipment for killing the pest.

Some members of the expedition visited the kral of the Barokine tribe, 200 miles within the desert, and were received by the native chief and his wife, both dressed in the European fashion and speaking English.

Among these natives they found a group of some 50 white men and women serving in menial capacities. They are the descendants of nomadic forerunners who trekked adventurously from the Cape, only to settle among the Barokine natives, whose workman to all intents and purposes they have become.

Being white, by the laws of the country they are denied pastoral and agricultural privileges, and now they seem to have lost all initiative to move out and reestablish themselves in a white community.

Man and His Demands.

One great trouble with the world in man has taken himself too seriously. By no possibility can he be an angel, yet he is demanding that reward for his poor service here on earth. He is not entitled to prosperity and idleness at the same time; no arrangement can be made whereby this is possible. Yet he demands it. Man is an animal, living in a material world and must cut his cloth accordingly. To demand more than he is entitled to is a waste of time; he might make himself reasonably prosperous and content with the time he wastes in blubbering for the moon.—E. W. Howe's Monthly.

# RAILWAY BOARD BEFORE SESSION

Would Abolish Office and Set Up Regional Adjustment Groups to Do Work.

WASHINGTON, Dec. 12 (AP)—Disposal of the much debated Howell-Barley bill is one of the first tasks to confront the house.

This measure, which would abolish the Railroad Labor Board and set up a series of regional adjustment boards, was one of the most controversial pieces of legislation taken up by the House last session, and it is indicated that the fight will be continued with renewed vigor this winter.

When Representative Barkley, of Kentucky, ranking Democrat on the House Commerce Committee, introduced the bill it was referred to that committee. Later its friends charged that an attempt was being made to kill it in committee, and circulated a petition to bring it before the House by discharge of the committee, which was done. This action placed the bill on the suspension calendar and made it in order, under the rules, on the first and third Mondays of each month.

In the closing weeks of the last session, each day that bill was in order, friends of the measure sought desperately to bring it over the parliamentary highway to where a vote might be secured. This effort was opposed with equal vigor, and each time the session was carried into the night.

# If you are planning to buy a lighting plant—

BE SURE you investigate the J. B. Colt system of Carbide-gas lighting, cooking and ironing before you decide.

Lower in-original cost than other plants of equal value, 55% cheaper to operate than an electric-light plant (according to published statements of the Wisconsin Agricultural College), and furnishes the light that science says is nearer to sunlight than any other artificial illuminant. The highest insurance authorities agree that Carbide-gas is safer than the illuminant it replaces.

No complicated mechanism to get out of order—no parts to replace—no fuel or lubrication. The J. B. Colt system requires only recharging (average two or three times a year) with Union Carbide, and removal of residue which then gives service as whitewash, soil corrective or germicide.

And remember—besides lighting, this system furnishes gas for cooking, ironing and water-heating.

The J. B. Colt "pit-type" plant is installed in a convenient place in the yard, out of the way and away from the buildings. Very liberal terms of payment allowed. Have a Colt man tell you the whole story.

## THE GUMPS—WELCOME, STRANGER

## Babson Sees Danger In Inheritance Tax System

Overlapping Charges Threaten Estates of Country, Opinion Held by Famous Statistician in Interview.

BABSON PARK, Mass., Dec. 12.—Roger W. Babson has added a new angle to the current discussion of tax revision. In a statement issued today the statistician calls attention to a tax situation demanding attention and meriting revision.

"Unreasonable or exorbitant taxation ordinarily gets the attention of the taxpayer because the situation is brought home to him forcibly when he must pay such a tax," says Mr. Babson. "We have a form of tax, however, which does not come under this rule and yet should have most careful thought and attention. A situation exists in our estate and inheritance taxes as they are levied and administered today which threatens to eat down, perhaps totally destroy, a man's honest and lifelong efforts to provide sufficiently for his family.

Individually sound. "These taxes, both federal and state are individually sound and for the most part just and reasonable. The combination of them, however, produces unusual and often unfair results. At the recent convention of the American Bankers' association it was stated that our present system of estate and inheritance taxes might impose a tax of more than 100 per cent, in other words in an extreme case the taxes may eat up the entire estate and the heirs may owe more taxes after receiving absolutely nothing.

"The first tax to be levied is the federal estate tax. A fixed percentage levied by the federal government on all estates of \$50,000 or over before any distribution is made. The rates are graduated so that the large estates pay a proportionately larger tax. Under this tax all property is treated alike. The situation is generally understood and the levy is reasonable.

"The moment that an estate is probated and ready to be turned over to the heirs several forms of state inheritance taxes may become due and payable. The state in which the deceased has been a resident ordinarily collects a tax on the entire estate. Complications set in here, however, since the rate of taxation varies with the relationship of the heir to the deceased and varies with the kind and location of the property. Children may be taxed more than husband or wife and heirs outside of the immediate family almost invariably pay a higher rate than the immediate family. Real estate and securities are taxed upon different schedules. The location of the property in either case has much to do with the tax that must be paid.

Securities Taxed. "Next the inheritance taxes of other states may become due and payable. Certain states, for instance, levy a tax on the inheritance of the securities of all corporations formed within that state. An Ohio corporation, for in-

stance, may be represented in the securities making up part of the estate of a citizen of New York. Under these circumstances Ohio collects a tax from the heir who receives those particular securities. If a corporation is organized under charters in three or four different states in the case of some of our railroads, it is possible that the securities might be subject to three or four state inheritance taxes. Some states even tax the securities of a foreign corporation willed to a foreign heir if the transfer office of the corporation is within the state. Others levy taxes on the transfer of securities of any corporation doing business within the states no matter where it is organized, where the securities are held or where the heir resides. Securities held in a safety deposit vault in certain states are subject to taxes by the state for that reason alone.

"To illustrate the difficulty arising from this overlapping of taxes, we might take a block of railroad stock on which the federal estate tax must be paid because it is a part of the original estate. This stock in being transferred to an heir might be subject to a tax in the state of residence, to a tax in the several states in which the railroad was incorporated, to a tax in the state where legal transfer office of the corporation was located, to the state in which a safety deposit vault holding the security was located and to possible taxes by other states in which the railroad might do business. The unfairness of this system is obvious. One security may be subject to six or more individual levies. One heir's share may be taxed lightly; another's, to the form in which the property exists, may suffer heavily.

## Left in Debt.

"A Massachusetts estate of approximately \$3,000,000 was subject to a tax of \$891,000 or 29 per cent of the entire estate. These taxes were paid to the federal government and 18 different states. A large Illinois estate amounting to approximately \$25,000,000 was left to a daughter and two sons but the will provided specifically that the two sons should pay all taxes. Their shares in the estate amounted to \$1,600,000 and \$2,800,000, respectively, the residue of the estate going to the daughter, but the taxes on the estate came to \$6,400,000. This left the sons about \$2,000,000 in debt. Certainly if the deceased had known what his taxes were he would not have included this provision in his will as he did not intend to handicap his boys with such a tremendous debt.

"Nor is the small estate entirely free from these dangers," continued Mr. Babson. "Federal tax applies to estates of only \$50,000 or more but the individual state taxes may apply to very small inheritances. Not only do these collective taxes often represent an exorbitant burden on the estate itself but in the majority of cases they also tend to cut down certain shares more than others so that the heirs actually benefit in an entirely different proportion than that intended by the deceased. Because we never personally pay our own inheritance taxes many men believe that they have provided adequately for their families and as a

matter of fact this complicated system and the overlapping of several individual taxes may cut the portion received by heirs so that the inheritance no longer represents the competence intended.

## Should Investigate.

"While we are revising taxes this situation should be gone into," concluded Mr. Babson, "and if the American Bankers' association, the Investment Bankers or some other public spirited group of business men would codify a uniform and fair system of inheritance taxation, it is probable that the individual state could be brought to adopt it and the widows, orphans and dependent heirs would be greatly benefited. In the meantime it is every man's duty to his family to check his own estate periodically to know what his tax will be and to make such changes in his property as may be necessary to eliminate unreasonable and unnecessary overlapping of inheritance taxes."

General business has increased in almost every line since election. The Babsonchart, then 7 per cent below normal, now shows activity at exactly normal.

## WARRANT OATH.

Dec. 11th, 1924.  
Warrants of the American Falls Reservoir District Numbers 451 to 463, both inclusive will be paid if presented at the office of the District on December 22nd, 1924.

Interest on these warrants ceases on December 22nd, 1924.

## EDEN

EDEN—E. M. Patterson was a Twin Falls business visitor Monday.

Is E. Vance Jr., secretary of the Hilldale Irrigation district, in Boise this week on legal business.

Carl Emerson and wife are the proud parents of a daughter, which made her arrival at their home Sunday, December 7.

Tony Colbert and Tom Martin were Twin Falls business visitors Wednesday.

The patrons of the Hilldale school district are erecting a barn near the school house this week for the benefit of the horses of the children who have to ride to school.

Jack Diamond, manager of the Gem State Lumber company of Hazelton, was a business visitor here Tuesday evening.

Henry Schwab and wife transacted business at Twin Falls Wednesday.

J. O. Barnes and Ray Powers were Jerome visitors Tuesday.

Mr. and Mrs. J. C. Claiborne are the parents of a daughter, born Sunday, December 7.

Mr. and Mrs. J. H. Day were business visitors at Burley Tuesday.

Preston Foris made a business trip to Twin Falls Tuesday.

Hilldale grange received a carload of coal here Tuesday. It was purchased by the members.

Mrs. Julia L. Faddis, county superintendent, was here Tuesday on business. She also visited the Dixon school while here.

Mrs. J. T. Jackson has returned from Melanora, Indiana.

The Russell-Lane school held a box social Wednesday evening. A very interesting program preceded the social. The proceeds of the evening's entertainment will be placed in the playground equipment fund.

Strauss and company have sold their interest in the Farmers' Milling company to the Portland Dock and Stor-

age company. W. O. Brown, who has been the Eden manager for the past two years, will resume the management of the new company. The elevator has also been made a bonded warehouse, having been licensed just the past week.

At a meeting of the Eden grade school Tuesday evening, the regular Christmas vacation was decided. The vacation this year will begin December 23 and the school will reopen for work again January 5.

The ladies of the Eden Civic club were delightfully entertained Wednesday evening at the home of Mrs. Ralph Movell, with Mrs. Claude Woodard and Mrs. Dralins Gordon acting as hostesses.

The program for the evening was in charge of the music committee, with Miss G. L. Long acting as chairman. Daily refreshments were served by the hostesses at the close of the meeting.

The Hilldale Irrigation district held an election here Tuesday and elected as director for a three-year term, A. B. Hartley, present incumbent, being re-elected by a large majority over Bart Havens, his opponent. The polling place of the district were Greenwood, Hilldale and Russell-Lane. Each precinct cast a much larger vote than in any previous election, due considerably to the increasing interest being taken in the affairs of the district. The unofficial returns are as follows: Greenwood district, Hartley 9, Havens 20; Hilldale, Hartley 4, Havens 30; Russell-Lane, Hartley 75, Havens 6. Due to the absence of S. E. Vance, secretary of the district, the official canvass of the ballots will not be made for several days.

## Theatres

IDAHO.

"Argentine Love," the Paramount pietization of the story by Vicente Blasco Ibañez which opened at the Idaho theater on Thursday, will close a record breaking run there today. The picture, which has been playing to capacity audiences for the past three days, features Bobo Daniels and Ricardo Cortez. James Bonnie, Aurelio Coccia, Alice Chapin and other well known players appear in support.

ORPHEUM.

Last evening the audience at the Orpheum theater saw the spectacular Lincoln J. Carter melodrama, "The Cyclone Rider," and after regaining their breath unanimously agreed this fast moving automobile thriller "the best ever."

The story was written by Lincoln J. Carter, the master writer and producer of the greatest melodramas the stage ever played. The thriller roars from one half-breath escape to another so that most of the time one needs hold both handles of their seat in excited anticipation of what will come next.

Whittier a Bachelor

The poet Whittier was one of a number of Americans who achieved fame and never married. In his long and active life as an editor, author, legislator, reformer and poet, he seemed to give no thought to marriage.

# "What to Give a Man for Christmas"

## Answered by This Men's Store

**I**F it's just a young fellow you have in mind, we suggest the following:

Fancy pongee handkerchiefs trimmed in various colored borders, \$1.25.

Fancy patterns in silk and wool hose, with bright coloring, 65c to \$1.50.

A sweater in the pullover style, with stripe at cuff and collar, \$5.50.

Imported wool muffler in pretty shades of tan and blue, \$3.50.

A new collar attached shirt with the longer point collar; plain and in stripes, \$3.75.

**F**OR the young business man, any one of these items would be good:

Hickok belt set, including belt, buckle and beltgram, at \$3.00 and \$4.00.

Stetson hat; in the newest shades and shapes, they are \$7.00.

Fancy bordered handkerchiefs, at 25c, 35c, 50c.

A bath robe of fleecy material and attractive small pattern, \$7.50.

A new cap in the smaller shape, one of the new light shades and soft materials.

**M**IDDLE age looks up on things differently. Hence we recommend:

Krait vest in one of the late patterns and shades, \$3.75 to \$6.75.

Pair of gloves, best grade of kid and lined with silk, \$3.50.

A traveling bag is an item this age man would be sure to like a lot; \$9.75 and up.

A shirt, something a bit firmer than he would buy himself. These are \$5.00.

A new overcoat.

**O**LD never wants any gifts, but appreciates them most of all. He will these:

A new house coat, if he likes to toast his toes and read the paper, \$5.00 to \$10.00.

Ties—every man enjoys new ones, and the man of 50 is no exception; 50c to \$3.00.

Those warm, fleecy, Bright-on-Charlbad pajamas are sure to be appreciated; \$1.95 to \$4.00.

A pair of nice, warm wool gloves; gray, tan, brown and leather, at 95c, \$1.25, \$1.50.

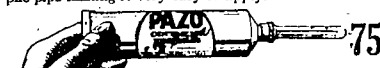

A new suit.

## SENIOR CLASS TEAM VICTORS

### Quintet Take Freshmen Into Camp in Basketball Game by Score of 27 to 6.

The senior class team defeated the freshmen in the final basketball game of the week. The first year men were sent back to the tune of 27 to 6. This was scheduled to be the last of the interschool series which was played in the local gym this week, but due to the outcome of the games the teams of the senior, junior and sophomore classes are in the first place each having won two and lost one. As a result of this standing at least two games will have to be played next week to determine the champion of the series.

The seniors had little trouble taking the scalp of the frosh, and were never in danger from the beginning. The yearlings were without the services of Kenneth Wiser, their star forward, thus handicapping them seriously. The freshmen fought hard to keep up their class honor, but were unable to cope with the older players, and it was only due to long shots by Frazzelle and H. Martin that they were able to score. For the seniors Weaver and Day played the best brand of basket ball, Weaver scoring 16 of the 27 points scored by the graduating class.

**Junior-Sophomores.**

Playing a brand of basket ball that was also unbecomingly the junior class team subdued the sophomores by a score of 25 to 12, the second year men fighting hard, but were playing a team that was out of their class. The passing of the juniors was fast and accurate, while that of the sophs was slow and wild. Gentry, the diminutive forward on the sophomore team, played the stellar game for his class mates. Gentry scored 9 out of 12 points made by his team. The juniors played a fast running game, working the ball down the floor with rapidity and sureness. The juniors presented a trio of men in Navin, Martin and Robertson that took the game away from the sophomores. These men would dribble and pass with all the judgment and accuracy of the college men. The class games will doubt be resumed next week, in order that the championship can be settled and the actual work for the season commence.

# NEW PROPOSALS ON SHOALS PLAN

### Underwood Bill Meets Stormy Session in Senate; Two Other Measures Introduced.

WASHINGTON, Dec. 12 (AP)—The Underwood Muscle Shoals bill was subjected in the senate today to another storm of debate, which ended with the introduction of two new proposals for settling the question.

Consideration of the measure, however, has reached the point where the next vote will place the senate on record as favoring either government or private operation of Muscle Shoals.

### Vote on Amendment.

This vote will come on the amendment of Senator Smith, democrat, South Carolina, which would strike out of the Underwood bill the entire leasing provision and provide for government operation of the plant during experimentation with fertilizer production. The senate reversed without taking action on the amendment and it stands at the head of the calendar for consideration tomorrow.

Senator Underwood, democrat, Alabama, differing with Senator Walsh, democrat, Montana, who objected that a vote on the amendment was not in order, declared he favored a vote on the Smith amendment. He wanted the senate to consider it, he said, as a "full expression" of the senate on whether it wished government operation or the leasing of Muscle Shoals.

### GREB GETS OFFER.

PITTSBURGH, Dec. 12 (AP)—Harry Greb, world's middleweight champion, announced tonight that he had received a cable offer of \$50,000 from Jimmy Johnson, in London, to meet Tiger Flowers, Atlanta, Ga., negro, in a bout next June, involving Greb's title. The fight, according to Greb, is to be staged either at the New York polo grounds or the Yankee stadium. Greb said he is taking the offer under consideration.

# MCCOY'S VISIT TO SHOP TOLD

### Raid of Boxer on Antique Shop Where He Wounded Three Related by Manager.

LOS ANGELES, Dec. 12 (AP)—While photographing in the antique shop of Mrs. E. C. Emden on the morning of August 13, played popular dance music, Kid McCoy, ex-pugilist, charged with the place threatening to kill all those who had interfered with his affair with the woman with whom he had lived as "Mr. and Mrs. N. Shields." W. C. Emden, business manager of the shop, testified at McCoy's trial here today. Emden's testimony which included an account of McCoy's alleged reign of terror during which three people were shot and wounded, closed the case for the week-end. The trial will be resumed Monday morning.

### Was Intoxicated.

"McCoy entered the establishment in a drunken, dazed condition," Emden said. "In a holster beneath his coat I saw the butt of a gun. He immediately became dictatorial and proceeded to rob myself and seven other patrons who were in the store."

"He started the photograph on a lively record, commanded the men to disrobe and give him their valuables. During this time he swayed about the place saying 'Thereas was the only woman I ever loved, and I am going to the electric chair for her,'" Emden testified. While they were waiting for Mr. Emden said a man entered the store. McCoy asked him if he had any money. He replied that he had none.

### Gives Man Money.

"You shouldn't go through life like that," McCoy is alleged to have said, while he gave the man some money he had taken from the victims, and sent him away, according to Emden's version.

During the display of generosity, Emden further stated, William G. Ross, one of the men in the store, attempted to flee to the street. He was shot and wounded, the prosecution witness contended by McCoy.

McCoy then went to the millinery store of Ann and Sam Schnapps, next door, where Mr. and Mrs. Schnapps were both shot and wounded, testimony recorded.

Then the accused man is alleged to have attempted to escape through Westlake park, nearby, where he was taken into custody by a policeman.

# CHAMBERS VOTE TO CHANGE NAME

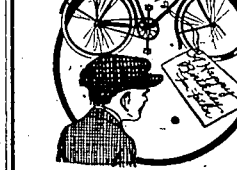

### Southern Idaho Organization Hereafter to be Known as Idaho Chamber of Commerce

POCATELLO, Dec. 12 (AP)—Changing the name of the Southeastern Idaho Federation of Chambers of Commerce to the Idaho Chamber of Commerce was the most important matter accomplished at the meeting of the federation here today.

Other matters considered were the favoring of the reinstatement of the office of state immigration commissioner, recommending to the legislature the passage of a bill which would give to more counties an opportunity to form a district for the holding of district fairs, and endorsing a proposed enabling bill granting power to counties to form public libraries.

Representatives from practically every chamber in southwestern Idaho were in attendance.

Discussions on several legislative questions were to be taken up at the night session.

# Short Line Firm in Faith in Twin Falls

### G. L. Amos, Assistant Traffic Manager, Promises Publicity Drive for This Region.

Faith of the Oregon Short Line in the Twin Falls country has never wavered, G. L. Amos, assistant traffic manager for the Short Line, said here today at Salt Lake, who spent Friday in the region on an inspection trip, declared Friday evening just before his departure from here for Boise.

"Your sugar beet crop here this season has suffered and the price of beans is not what we might wish," Mr. Amos stated, "but in spite of that Twin Falls country compared most favorably with other regions served by the Short Line, and we are preparing an extensive publicity campaign in the immediate future in the interests of the further development of this region."

Mr. Amos stated that because of limited time at his disposal on his trip, here he was compelled to choose between visits to Buhl and Rogers, and chose the former.

"The Rogers-Wells line will be pushed to completion just as rapidly as work can be done with all the resources of the Short Line back of the undertaking," he stated. He stated that heavy volumes of traffic would be diverted over the new line.

While here Friday Mr. Amos made his first visit to Shoshone Falls, and with other members of his party, including Mrs. Amos, their son and his secretary and D. E. Sullivan, Short Line agent here, they descended to the foot of the stairway to view the catwalk from its foot.

# SALOON KEEPER SHOT TO DEATH

### Police Working on Case as Result of Man's Death in Auto in Los Angeles.

LOS ANGELES, Dec. 12 (AP)—Walter W. Power, 28, automobile salesman of Los Angeles and former saloon keeper of Mexicali, Lower California, was shot to death in an automobile here today by an unidentified man observed to flee on foot immediately after the killing.

A torn check dropped by the slayer as he ran across a vacant lot, finger prints found on the doors of the automobile from which he fled, and a telephone call from a woman to Power's place of business shortly before the killing, were the principal clues which police based their investigation tonight.

### Shot Behind Ear.

Power was shot behind the right ear, the slayer apparently jumping upon the running board of his car as it slowed down near the curb, since the machine was still in gear when police arrived, though the switch had been thrown off.

Two women occupants of houses near the scene of the killing ran to their windows when they heard the shot and saw the slayer escape. They gave detailed descriptions of the man to the police.

Power's widow, Mrs. Betty Powers, said her husband had been worried about his finances since the loss of his Mexicali saloon, in a fire, but had never been threatened, so far as she knew.

# That Ought to Deter Her

A woman who frequently went out to spend the day with friends had been accompanied by her six-year-old son. One evening, on returning home very much bored with the day's experience, the boy remarked: "Mother, if you don't stop taking me around with you so much people will think you have married a dwarf."—Boston Transcript.

# SPECIAL HOUSE GROUP HEAR OF AIRCRAFT WORK

### Pioneer Inventor Tells Committee Many of His Inventions Not Adopted Although Used by Other Nations.

WASHINGTON, Dec. 12 (AP)—The special house committee investigating the aircraft industry, beginning the examination of witnesses today on the basis of a six months survey by its experts on the field to be covered, was told by James V. Martin, flying pioneer and inventor that numerous inventions he had submitted to the air services had not been adopted although the merit of some of them had been recognized by foreign governments. He also asserted that in consideration of bids for the construction of planes the services had not always chosen the best or the most economical planes submitted.

Representative Nelson, republican, Wisconsin, also appeared before the committee to explain the reasons which had prompted him to introduce the resolution under which the investigation is being conducted. Evidence had come to him, he said, which led him to believe that there was danger of the flying industry becoming a trust and he also desired to know how government subsidies to airplane manufacturing concerns had been spent. He emphasized that he was not making any charges of fraud, his criticism being purely constructive and motivated by a wish to see the airplane industry put on a sound basis.

Representative Woodruff, republican, Michigan, also appeared before the committee, urging a full investigation of all matters pertaining to flying.

# ALASKA CUT OFF BY CABLE BREAK

### Communication With United States Possession Now Being Made by Radio Only.

SEATTLE, Dec. 12 (AP)—Alaska was cut off from the outside world today by cable because of a break last night in the Seattle-Sitka line and the Seattle-Ketchikan cable, 25 miles north of here. Breaks in the cable between Ketchikan and Wrangell and Petersburg and Wrangell also were reported. Messages are being sent forward to the Puget Sound naval station at Bremerton, where they were sent by naval radio.

The United States cable ship Dellwood, which has been in the vicinity of Valdez, Alaska, is to repair the broken cables. Cable engineers were endeavoring to determine the cause of the breaks.

# Joe-K Says:

"THE CHRISTMAS THAT LIES BETWEEN." To thousands of children Christmas is but a name; its significance they have never known; its delight they have never known; its sweets they have never tasted. But if there are no children in our homes their absence should recall, rather than allow us to forget, that absence of the children in other homes. (Continued tomorrow).

# WORK SUBMITS NEW RECLAMATION PROGRAM

(Continued from Page 1)

and for future developments.

Although recent legislation enacted by congress is designed to improve the condition of settlers and make it possible for them to meet their payments to the government, the secretary declared certain additional legislation was needed.

### Define Policy.

This should include features, he added, which would define the policy and procedure with respect to co-operation between the federal government and states in the development of new projects, provide for amortized payments with a low rate of interest on advances made by the government for the development of farms and bring about the adoption of a unified plan for colonization and closer settlement of land in excess of homestead units, held in private ownership.

Mr. Work said the obligations of settlers on existing projects should be adjusted and a basis provided for future payments. This would entitle a reappraisal of areas to determine their ability to produce profitable crops under irrigation.

### Construction Program.

He urged adoption of a definite construction program for the completion of works needed to secure the full benefit of the government's investment and complete utilization of the resources of these projects. He also recommended that the management and control of the existing works be transferred to the water users, "where they are in position to organize and be entrusted with this authority, the form of such organization to be that of an irrigation district operating under state laws."

Other suggestions are the necessity for legal studies to determine the title to water rights; state participation in the selection of settlers and state contribution to funds provided for advances to settlers for farm development.

## COURT GRANTS APPEAL CLAIMS

E. J. Murray and Mrs. A. Avery  
Convicted Under Dry Law, at  
Liberty Pending Decision.

E. J. Murray and Mrs. A. Avery were permitted Friday by Judge W. A. Babcock in district court here to appeal to the state supreme court from judgment on conviction of illegal possession of liquor, and were admitted to bonds in the sum of \$1500 each, pending the result of the appeal. Judge Babcock granted an amended petition for an order by him for a certificate of probable cause for the appeal. Murray and Mrs. Avery were convicted November 21, last, of the alleged offense, judgment involving 60 days' jail term and payment of fine in the sum of \$100 each being pronounced three days later by Judge Babcock.

Hearing also was held Friday before Judge Babcock on an amended complaint in the suit of Apollonia Rihra against Peter Rihra for divorce. The case was by the court taken under advisement.

### Assigns Trial by Court

Ten civil suits were set by Judge Babcock for trial by court during the period beginning next Monday and ending December 29. Subsequently it was stated by attorneys interested that two of the cases thus set for trial would be dismissed. These cases were those of C. N. Bailey, trustee, against the Bank of Kimberly, and of C. C. Chickering against W. N. Grnell.

Remaining cases set for trial by the court were:

December 15—Independent Publishing company against H. J. Kingsbury.

December 16—Matilda Loth against Hans C. Leph.

December 18—E. P. Swank against Grant E. Kunkle and others; J. E. De Witt against John E. Davies, administrator of the estate of W. F. Durg.

December 19—A. I. m. a Coppinger against Bryan Coppinger.

December 22—Onkes and company against the board of county commissioners of Twin Falls county; Merry Bonard and others against D. B. Morrison and others, for argument.

December 29—Marie E. Whitney

## Whims of Elephant Prove Expensive to Circus; Move Herds

Two Groups of Pachyderms  
Dislike Each Other and Keep-  
ers Are Kept Busy Prevent-  
ing Fights.

PERU, Ind., Dec. 12 (AP)—Gratifying the whims of elephants is an expensive proposition, according to Jerry McGavin, president of the American Circus corporation, which maintains winter quarters here and at West Baden, Ind., for their large tent shows. Thirteen elephants belong to one of the shows were brought here three weeks ago instead of being taken to West Baden, their former winter quarters, and apportioned until last Friday, when another of the corporation's shows brought in its 15 elephants. The two herds immediately began quarreling and keepers were busy day and night separating "would-be combatants."

### Third Herd Arrives

Fifteen elephants with a third show that heretofore have been kept here during the winter, had been taken to West Baden at the close of the season, but due to the incompatibility of the two herds, it was decided to make a transfer so that the housing arrangements would be the same as those in effect last winter.

Mr. McGavin ordered the herds moved today, declaring the cost of the transfer would be small in comparison with the damage that would be done if the pachyderms engaged in hostilities on a large scale.

Five elephants escaped recently during a theater rehearsal here and caused considerable damage as they roamed the streets for several hours.

against T. J. Woods and others.

### Referee Appointed

H. M. Brannin, official court reporter, was appointed by Judge Babcock as referee in the case of the Salmon River Canal company against Arthur D. Ault and others to take testimony and prepare shorthand transcript for guidance of the court in formulating findings of fact and conclusions of law in the action.

## THIRD PARTY TO MEET IN CHICAGO

LaFollette Group Call Meeting  
to Discuss Further Action of  
Organization.

WASHINGTON, Dec. 12 (AP)—Members of the executive committee of the conference for progressive political action, the parent body behind the presidential candidacy of Senator LaFollette, voted tonight to call a national convention in Chicago February 25, to determine the future course of their movement.

Although the question, under debate all day, had developed a division of opinion regarding the advisability of the step, Basil M. Manly of Washington, chosen to announce the result of the deliberation, asserted there was substantial unanimity for the course decided upon.

The issue was precipitated early in the discussion when Edward Keating of Colorado, associated with railroad organizations in the publication of a weekly newspaper, introduced a resolution calling for adjournment of the committee without any action. W. H. Johnson, chairman of the conference and president of the International Association of Machinists, ruled this out of order and later a roll call was taken on a motion to call the Chicago convention.

### Nautical Term

Pilmsoll line is a name given to the marking on the hull of a vessel showing how heavily a vessel may be loaded with safety. Many vessels having been lost through overloading, Samuel Pilmsoll, a member of the British parliament, prepared a merchant shipping act, which became a law in 1856. The act has been amended since, but forms the basis for the load-line markings of vessels.

### Epidemic Among Birds

That birds suffer from infectious diseases is a well-known fact. Ten years ago an epidemic slew thousands of wood-pigeons in the south of England. Their dead bodies littered some of the coepices in Wiltshire and Dorset.

## SOCIETY AND CLUBS

Edited by  
MRS. E. B. WILLIAMS  
Phone 396

A Masonic dance given Friday evening at Dandelion pavilion under auspices of the Twin Falls Shrine club was the outstanding event of the social season and was enjoyed by more than 100 couples, including several out-of-town guests.

The marriage of Miss Clara Ruth Bent and Ben Layning of Helley, Montana, was solemnized at 8 o'clock Friday evening at the Presbyterian church with the Rev. A. G. Pearson officiating. The bride is the daughter of Mr. and Mrs. S. W. Bent, who reside at 1431 Seventh avenue east. The young couple will make their home in Helley.

The Needlecraft club met at the home of Mrs. P. O. Herriman on Fourth avenue east Friday afternoon. The business session was presided over by the president, Mrs. Mary Beer. Plans were made to entertain the husbands at a dinner to be given at the home of Mrs. Joseph Krivanek on New Year's eve. The hostess gave a recipe for doughnuts. At the close of the meeting dainty refreshments were served. Eleven members were present, and Mrs. Arthur Colan and Mrs. Arthur Barsen were guests of the club.

The Women's Council of the Christian church met at the home of Mrs. J. D. Tucker Thursday afternoon. Election of officers was held as follows: President, Mrs. J. D. Tucker; vice president, Mrs. W. T. Seal, Mrs. John Kimes, Mrs. C. A. Heinrich, Mrs. V. C. Ballantyne; treasurer, Mrs. L. L. Patrick; secretary, Mrs. J. B. White. A very delightful program arranged by Mrs. H. W. Farrar was given, consisting of vocal solos by Mrs. O. D. Harris and Miss Iris League; a vocal duet by Mrs. W. A. Patrick and Mrs. J. B. White. Mrs. C. A. Heinrich read a paper on "Christmas," and Mrs. Herman Schaefer gave two enjoyable readings. Delicious refreshments were served by division number one to about 35 ladies.

The Methodist Home Mission society met in the church parlor Thursday afternoon with a large attendance. Mrs. C. E. Lind gave a report of the work she is doing for the hospital. It was decided to have the thank offering at the Sunday morning service and also to send Christmas boxes to two clergymen. Mrs. Strobeck led the devotionals and the program was in charge of Mrs. Erbland, the subject being "Work Among the Miners." Mrs. E. J. Finch assisted with the program.

Mrs. R. H. Wylie, Mrs. James Watts and Mrs. L. R. Somerville were hostesses at a 6 o'clock dinner Wednesday evening in honor of Mrs. Cal Griswold of Buhl, who is to leave the first of the week for Ashton, Idaho, where she will make her home. The centerpiece for the table was a miniature Christmas tree, and crystal candlesticks held green and gold candles. Covers were laid for Mrs. Griswold, Mrs. Roy, Mrs. Gabbhart, Mrs. Chaffin, Mrs. Somerville, Mrs. Watts and Mrs. Wylie. After dinner lodge members and friends of Mrs. Griswold were invited in to spend the evening. Pinocchio was enjoyed until a late hour, after which dainty refreshments were served.

The Addison Avenue Social club held its regular meeting at the home of Mrs. J. Bruggemann with 10 members present. After a short business meeting the afternoon was spent socially. Mrs. Turner and Mrs. Kuykendahl were voted in as members of the club. A box of Christmas dainties was presented to Mrs. J. H. Johnson, who with her husband, was to leave soon on an overland trip to Oregon to spend the holidays. The hostess served delicious refreshments, after which the meeting adjourned with singing the club song. The next meeting will be at the home of Mrs. M. A. Strunk Wednesday.

### Swans Not Songsters

Swans have been favorites of people since ancient times. Greeks called them the birds of Apollo. There are two fine species of swans in America—the Trumpeter and the Whistler. They build their nests along the shores of lakes and on islands, from the Dakotas north to the Arctic regions. People used to believe that a swan sang but once, and that was when it was dying. This is not true. The swans are great trumpeters, but they never sing.

### Spreading Use of Coffee

The use of coffee in Abyssinia was recorded in the Fifteenth century, and was then stated to have been practiced from that time immemorial. In time the practice spread to Arabia. The plant began to be cultivated there, and the use of coffee as a national beverage became as inseparably connected with that country as tea is with China.

## APPEALS FROM AWARD IN SUIT OVER AUTO CRASH

R. E. Alred Asks District Court to  
Review Case Wherein Magistrate  
Gave Judgment to V. L. Riley.

Record on appeal, by the defendant from judgment in justice court was filed Friday in district court in the case of V. L. Riley against R. E. Alred, an action for damages growing out of an automobile collision on Main avenue south. Riley, sued for \$54.70 damages and costs and was awarded \$43.50 damages and costs amounting to \$22.35 by W. S. Mallory, justice of the peace, before whom the case was tried last month. Alred denied liability for payment of damages and in a cross complaint asked for judgment for \$45 damages from Riley. Both cars were damaged in the collision.

Corn—No. 2, December \$3.50, January \$3.50.

Corn—No. 3, E. Y. shipment, December \$3.50, January \$3.50.

## GRAINS ALL JUMP

NEW 1924 HIGH MARKS

CHICAGO, Dec. 12 (AP)—Wheat, corn and oats all today jumped above top-most prices heretofore this season.

Trading was on a big scale with foreign buying of future deliveries of wheat a notable feature. Prices for all grain closed strong, wheat 1-3/4 to 1-3/8 net higher, May \$1.07 1/8 to 1.08 1/8, and July \$1.08 1/8 to 1.09 1/8, corn 1-3/8 to 1-3/4 net, and oats showing 1-7/8 to 2-3/8 gain and provisions varying from 7c decline to 4c advance.

Wheat finished at virtually the day's tip top prices. Business had hardly begun when the market started to climb. The fact that current deliveries of wheat on December contracts were being moved out of Chicago with unusual dispatch, and that a sharp reduction of the United States visible supply total appeared imminent gave new zest to buyers, and so likewise did unexpected firmness of wheat quotations at Liverpool. Besides it was said the lake movement of Canadian wheat would about come to an end tonight.

Increased demand for flour was an additional reason given for the upward swing of wheat values. Despite heavy selling to realize profits, the wheat market continued to surge forward.

every setback being followed by fresh gains. Word that about two and a half winter wheat, the regular contract grade in Chicago, had sold today at Kansas City as high as \$1.74 a bushel received special attention here, and helped to give greater impetus to the day's final advance.

Corn and oats derived most of their strength from wheat and from bullish estimates of domestic production as compared with estimates a month ago. Further reports of rain in Argentina were almost entirely ignored.

Provisions were lifted by the bulge in grain values.

## 250 BOYS AND GIRLS DRINKING MILK AT SCHOOL

Organizations Co-operate in Campaign to Build Up Approximately 20 Per Cent of Pupils Found to be Under Weight.

Two hundred and fifty of the boys and girls of Washington, Lincoln and Bickel schools, numbering approximately 20 per cent of the total enrollment of these schools, have been drinking a half pint of milk regularly during the forenoon of each school day for 10 days past since inauguration of a milk drinking campaign in the elementary grade schools here.

Pupils who receive milk during the forenoon recess period each day at school are those who, according to tests that have been made of all of the pupils enrolled, are more than 7 per cent under weight as determined by comparison with standards fixed by records of weights of millions of children.

School officials, Parent-Teacher associations and the Twin Falls county organization of the Tuberculosis association are co-operating in the milk campaign, which this year replaces work of the Parent-Teacher association in serving of hot lunches in previous years. Children from families upon which purchase of the milk served in school would be a burden are provided with milk by the Tuberculosis association, proceeds from the sale of Christmas seals being used for this purpose.

### Few Require Help.

Out of the 250 pupils receiving milk, less than 50 are receiving assistance from the Tuberculosis association. Records indicate that there are in the Lincoln school about 90 pupils receiving milk in connection with the campaign, about the same number at the Bickel school and about 70 at the Washington school.

Warm endorsement of the campaign is given by Superintendent of Schools Ernest D. Bloom, who became familiar with results in a similar campaign in the schools at Blackfoot, where he served. "We found at Blackfoot," Mr. Bloom stated, "that pupils who received milk gained an average of 2.7 pounds per month as compared with an average gain of 1.4 pounds per month by those who were not under weight when the campaign was started and who did not receive milk."

Contrasts in Homes. Need for the milk that is served at school, Mr. Bloom stated, is found more frequently among children from well-to-do homes than from homes that are counted poor. This condition, he believes, arises from the fact that plain diet composed largely of vitamin-bearing vegetables is served more generally in the poorer homes and there are fewer pampered appetites in them and less disposition to permit children to leave for school in the morning without their breakfasts.

The milk campaign is being carried on in the schools here efficiently and without interference either with pupils' work or playtime, Mr. Bloom stated. Milk in half-pint bottles is delivered each day to each classroom just before the time for recess the required number of bottles are placed by monitors at the door of each classroom. Pupils who receive milk, leave the room with the others at the recess period, each taking his bottle of milk.

## GOD'S MERCY THEME OF MISSIONARY LECTURER

The mercy of God is the theme of two sermons, the first of which was delivered Friday evening by the Rev. Father Joseph Boyle of the Order of the Holy Cross, Notre Dame, Indiana, who last Sunday opened a mission at St. Edward's church to continue throughout the week. The second of these sermons is to be delivered this evening. They follow a series of sermons dealing with sin, death, judgment and hell, delivered by Father Boyle in the course of the mission.

The mission is to close Sunday evening with the administering of the sacrament and plenary indulgences for those who have made the mission.

Sermons of Father Boyle, who is an eloquent and forceful speaker, have been heard during the week by increasingly large congregations, including many persons who are not members of the Catholic church.

## PYTHIAN CHIEF HONORED GUEST

E. S. Bowler, Grand Chancellor of Order in Idaho, Visits Local Lodge at Election.

E. S. Bowler of Shoshone, grand chancellor of the Knights of Pythias lodge in Idaho, was the honored guest at a well attended smoker given here Friday evening for members of the order in connection with the election of officers of the Twin Falls lodge for the coming year. W. Orr Chapman of this city, former member of the order and an old friend of Mr. Bowler, was an invited guest and delivered a talk that was an interesting feature of the occasion. Mr. Bowler spoke entertainingly on objectives of the order.

Election of officers resulted in the selection of J. O. Blackstone to be chancellor commander of the local lodge, succeeding C. O. Black. Other officers were elected as follows: Vice chancellor, Terril Taylor; prelate, George R. Hulpin; master of work, C. O. Slack; keeper of records and seal, E. G. Sturdivant; master at arms, Melvin E. Eldred; master of the eschequer, W. E. Nixon; inner guard, W. C. Griffin; outer guard, Carl N. Anderson.

An indirect result of the milk drinking campaign in the schools at Blackfoot, Mr. Bloom stated, was increased demand for milk in homes. The dairyman who furnished the milk in half-pint bottles for pupils in the schools for 10 cents per quart stated, Mr. Bloom said, that he derived no profit from the sale of milk at the schools, but that his patronage in homes where delivery in larger containers increased profits, had increased greatly as a result of the campaign in the schools and he considered that he had made a good bargain in supplying milk at the schools at cost.

## DUTY TO PARENTHOOD IS

M. L. A. DISCUSSIONS THEME. Discussion of a joint meeting Sunday evening of the Mutual Improvement association of the First ward L. D. S. church, are to deal with the general subject of duty to parenthood. Senior girls are to present a slogan pageant, and the program includes violin duet by Verley Bagley and E. B. Freeman; vocal solo by J. T. Roberts, and reading by Willard Ritchie. Talks on the general subject of the meeting have been scheduled as follows: "A Daily Act of Kindness to Our Parents," Malin Quast; "Special Days for Mother and Father," Rhoda Black; "Special Care if Father and Mother Are Aged and Services a Married Son or Daughter Can Render Our Parents," S. A. Hansen; "Honoring All Parents in the Community," Mrs. C. Harris.

tello to Kemmerer, Wyo., on legal business.

Miss Scott Visiting Parents—Miss Cora Scott, daughter of Mr. and Mrs. William Scott of this city, has arrived from Seattle to spend the holidays with her parents. Miss Scott, with her parents, had the misfortune of being in an auto accident this summer at Seattle at which time Miss Scott was so badly injured that she but recently left the hospital. She will return the first of the year and resume her work as superintendent of an educational institution.

### Beeswax Substitute

A substitute for beeswax has been discovered in Madagascar. It is made from the leaves of the rafia palm by reducing the dried leaves to small bits and boiling them. The wax thus produced is like beeswax.

### Paper Houses Advocated

Houses of paper that could be scrapped when out of date were suggested at a health league conference in London.

### Kept Reasonably Busy

The smart woman divided her time between pampering the flesh, astounding the world and amusing the devil. —Anonymous.

## Weather Conditions For Day Seasonable

Forecast for today: Fair.

With a generous measure of sunshine, maximum temperature at 42 above and minimum at 23 above, weather conditions Friday in the Twin Falls area were most seasonable. Mercury's high mark was

three degrees in advance of Thursday's maximum, and low was one degree higher than the minimum of the preceding day.

### Studies

Crafty men condemn studies; simple men admire them; and wise men use them; for they teach not their own use; but that there is a wisdom without them, and above them, won by observation.—Francis Bacon.

## Fisk Tires

Now is your chance
