MEMBER AUDIT BUREAU OF CIRCULATIONS

PRICE FIVE CENTS.

WILLIAM GREEN  
ELECTED HEAD  
OF FEDERATION

Secretary-Treasurer of United Mine Workers Takes Place Left Vacant by Gompers' Death; Durcan Resigns.

NEW YORK, Dec. 19 (AP)—William Green was elected president of the American Federation of Labor by the executive council here today.

James P. Noonan, president of the International Brotherhood of Electrical Workers was named eighth vice president to fill the vacancy on the council caused by Green's promotion.

Wanted Post.

Upon Green's election, James Durcan, the first vice president, at once resigned. A close associate of the late Samuel Gompers for 40 years, Durcan told his colleagues he felt entitled to the office himself because of seniority and long service. The resignation will not be acted upon until the executive committee meets again at Miami, Florida, about February 3.

Duncan, former head of the Granite Cutters, says his decision is "irrevocable."

Held Office Long Time.

Green, who has been secretary-treasurer of the United Mine Workers of America since 1912 and votes in Coshocton, Ohio, was nominated by Thomas A. Bickert of the Garment Workers and seconded by Matthew Wolf of the Photo-Engravers. Both Wolf and Bickert had abandoned tentative candidacies of their own and retired in favor of Green. In the actual voting Green was opposed by no other candidate.

Both Green and Noonan took up their new duties at once. Green withdraws from the mine workers' organization and John L. Lewis, the miners' president, is expected to appoint his successor after a meeting of the executive board in Indianapolis in January.

100 MILLION IS  
ASKED FOR NAVY

Bill Proposes Expenditure of Huge Sum on Naval Construction; Four Cruisers.

WASHINGTON, Dec. 19 (AP)—Coincident with the passage by the house today of the naval supply bill, carrying nearly \$300,000,000 for activities already authorized. Representative Britten of Illinois, ranking republican on the house naval committee, introduced a measure to appropriate \$101,400,000 for new naval construction.

This measure would authorize the building of four scout cruisers, costing \$11,000,000 each and one floating dry dock to cost \$7,500,000 the elevation of the turret guns of 13 battleships at an aggregate cost of \$6,500,000 and would increase the limit of cost of the two airplane carriers, Lexington and Saratoga, now building, from \$23,000,000 to \$33,000,000.

Referred to Committee.

Mr. Britten's bill was automatically referred to the naval committee and he said hearings which would be held on the proposal would serve the purpose of drawing from navy department officials the information as to the exact condition of the American navy be in seeking to bring out through a congressional investigation.

On the senate side of the capital the naval committee shelved the resolution of Senator King, democrat, Utah, proposing a searching inquiry into the status of the navy, but agreed to seek from the navy department data which would show whether the United States is keeping up its end of the arms conference 5-5-3 ratio.

Gun Elevation.

In addition to the reference made to it in the Britten bill, the question of gun elevation also was brought again

(Continued on Page 4, Col. 1.)

NEW GERMAN ENVOY  
TO AMERICA

BARON VON MALTZAN

BARON AGO VON MALTZAN has been appointed German ambassador to the United States, succeeding Dr. Otto Wiedefeld, who incurred this government's displeasure when he refused to half-staff the embassy flag on the occasion of Woodrow Wilson's death. Baron Ago is a native of Mecklenburg and was educated at the Universities of Bonn and Breslau.

BRITISH STAND  
ON EVACUATION  
STIRS GERMANY

Continued Occupation of Cologne Area Will Depend on Report of Allied Military Commission, Curzon Says.

LONDON, Dec. 19 (AP)—Lord Curzon, speaking last night in the house of lords, in which he is government leader, declared the question of evacuation of the Cologne area could not be taken up before the report of the allied military control commission was made, January 10, when the allies would discuss the extent to which the terms of the Versailles treaty had been carried out and whether the first stage of the evacuation of German occupied territory should begin.

Wants to Get Out.

"Great Britain," he said, "has not the slightest desire to continue the occupation. The sooner it is ended, the better, from Great Britain's viewpoint and from the world's viewpoint."

"But," continued Lord Curzon, "despite these general desires Great Britain is unable to act now because the question is an allied one, the Cologne area being occupied by the Belgian and French as well as the British, and Great Britain being able to act only after consultation with the allies."

INTERESTS GERMANY.

BERLIN, Dec. 19 (AP)—The speech of Lord Curzon last night forecasting that

(Continued on Page 4, Col. 3.)

## THE DAY IN WASHINGTON

The house passed the naval appropriation bill.

President Coolidge appointed an oil conservation board.

Relations with Japan were discussed again today in the house.

The senate voted to appropriate \$100,000 to fight the poultry disease.

The full force against the run fleet by next July was promised by Rear Admiral Billard of the coast guard.

A house committee upheld the right of Representative LaGuardia, republican, New York, to retain his seat.

A vote on the Muscle Shoals bill was deferred in the senate until after Christmas.

President Palmer completed his testimony before the house shipping board investigating committee.

The treasury and postoffice appropriation bill, carrying \$703,180,522, was reported to the house.

President Coolidge asked congress for \$275,000 for survey work on the Great Lakes-St. Lawrence waterways project.

Action on the King resolution for a navy investigation was postponed indefinitely by the senate naval committee.

The senate condemned the editorial of the Hearst newspapers attacking Senator Underwood in connection with his Muscle Shoals bill.

HUGE SUPPLY  
BILL BEFORE  
U. S. CONGRESS

Large Peace Time Appropriation to Come Before House Reported Out; Carries \$763,810,522.

WASHINGTON, Dec. 19 (AP)—The largest peace time supply bill ever presented to congress — a measure carrying more than three quarters of a billion dollars for treasury and post-office department activities during the coming fiscal year — was reported today by the house appropriation committee.

The total is \$763,810,522, or \$11,890,614 more than for the current year, but approximately \$12,000,000 less than budget estimates.

Postal Department.

Of the combined total \$126,911,107 would go to the treasury and \$636,903,415 to the postoffice department.

Included in the treasury item is \$11,000,000 for enforcement of prohibition — \$2,783,120 more than recommended by the budget, but \$341,770 less than the total available this year. The bill carries \$20,597,835 for the coast guard which is being used to prevent liquor smuggling. Among the postoffice department items is \$2,000,000 for the transcontinental air mail service — \$150,000 less than the amount granted for this year.

## CITY OFFICIALS DEPOSED

VERA CRUZ, Dec. 19 (AP)—The city government of Vera Cruz has been deposed by order of the local legislature and a so-called council of municipal administration installed.

Policemen appeared yesterday and ordered the city officials to leave. No resistance was offered. Violation of the laws and misuse of public funds were charged.

## THIEVES GET \$7000.

LOS ANGELES, Dec. 19 (AP)—The home of W. C. Witter, author, was entered today by thieves and jewelry valued at \$7000 was stolen, according to a police report.

Intense Cold Continues  
To Hold Country In Its  
Grip; Spreads Eastward

Judge Dietrich of Idaho Will Preside At Wheeler Hearing

Circuit Court Appoints Federal Jurist of Boise to Hear the Charges Against Senator.

PORTLAND, Ore., Dec. 19 (AP)—Judge Frank S. Dietrich, United States district judge of Idaho, has been assigned to preside at the trial of United States Senator Burton K. Wheeler of Montana, Circuit Judge W. B. Gilbert announced here today. Senator Wheeler is to be tried on charges pending in his home state. The trial is to start in February.

PROMISE IDAHO  
LITTLE RELIEF  
FROM THE COLD

Weather Bureau Officials See No Indications of Let Up in This State; Five Below Zero at Boise.

BOISE, Dec. 19 (AP)—Winter's grip on southern Idaho tightened Friday and weather bureau officials had no promise of early relief. Temperatures throughout the southwest ranged from 45 below at Donnelly, in Valley county, to 5 below at Boise. Reports from McCall, Warren and other mountain settlements were not obtainable since the intense cold had broken telephone lines.

Moscow 20 Below.

Telegraphic reports from Moscow, in the north showed a minimum there Thursday night of 20 below.

No snow has accompanied the cold snap, and the day was clear and still.

(Continued on Page 5, Col. 1.)

Zero Weather All Through Midwest With Sections Isolated From Communication; Several Lives Lost.

CHICAGO, Dec. 19 (AP)—Winter's icy breath tonight blew over virtually all the United States from the Ohio river valley to the Pacific coast.

The severe cold which for five days has reigned in the northwest swept eastward early today on the heels of a sleet and snow storm. The tumbling mercury was pushed further down by the eastward movement of a storm of rain, snow and sleet from the southwest.

Tonight the middle west, southwest and northwest regions were locked in the grip of zero or sub-zero temperatures while the Pacific coast region experienced weather slightly milder although the most severe of the winter.

Sections Isolated.

Sections of the middle west were entirely isolated from wire communications by the freezing weather, several persons lost their lives as a direct result of the storm, trains in the Rocky mountain district were proceeding to destinations already hours behind schedule and livestock in the plains states were reported suffering from the cold, while in some sections there was fear of fuel shortage.

Relief from the severe cold to some extent was expected tomorrow although forecasts for the region indicated that there would be no considerable moderation in the next 24 hours.

Line Extended.

The storm over the western half of the country was followed by generally fair weather today. The zero temperatures line today extended from northern Oklahoma southward to the middle Mississippi valley and thence northward to Lake Superior. Tonight it was expected to move even further eastward covering Illinois, Indiana and Michigan.

The storm probably did its greatest damage to wire communications. Wires and poles were down over sections of Illinois, Missouri, Texas, Indiana and southern Oklahoma, and other middle west states until some sections were

(Continued on Page 4, Col. 2.)

SHOALS SENATE  
VOTE SHORTLY  
AFTER RECESS

Action on Underwood Measure Expected Following Christmas Holidays; Good Progress Made During Day.

WASHINGTON, Dec. 19 (AP)—The senate made much progress today on the Underwood Muscle Shoals bill that a final vote appeared likely soon after the Christmas recess.

A number of amendments which hitherto proved troublesome were disposed of and, although there was no announced agreement on a time for a final roll call, the day's developments appeared to be accepted by both sides as promising an early settlement of the issue.

Accept Amendment.

After two days of debate, the senate accepted, 41 to 29, the amendment of Senator Walsh, democrat, Montana, providing for government regulation of power distributed interstate.

This Walsh amendment served to put the senate on record as being opposed to state regulation of government corporation. As drawn the bill provided for state regulation of power produced at Muscle Shoals by either a lease or government corporation. Senator Underwood made no serious objections to the amendment but considered it unnecessary.

A number of other amendments were accepted by the Alabama senator and adopted without a record vote. These would require the distribution of all power not needed for the manufacture of fertilizer; provide that a lease of the property cannot be transferred without approval of the senate and that the farmers be given preference in the sale of fertilizer; authorize leasing of the property either separately or as a whole and stipulate that the lease shall not expire "an adequate reserve fund" to cover depreciation and guarantee the government against loss.

Change Power Trust.

At the opening of the session, Senator Norris, republican, Nebraska, again charged that the General Electric company was the head of the "water power trust" of America. He declared the company owned the Alabama Power company and other light and power

(Continued on Page 4, Col. 3.)

PARENTS INSANE  
M'COY DECLARES

Defense in Murder Trial Attempt to Show Boxer's Family Were Feeble Minded.

LOS ANGELES, Dec. 19 (AP)—The alleged "unsound minds" of a mother and father nearly a half century ago came down through the years to the aid of Joe M. McCoy, a boxer, also known as Kid McCoy, ex-pugilist, charged with the murder of Mrs. Theresa W. Mora, in court here today.

The final bits of circumstantial evidence to reach the court records before the defense closed its case were in the form of depositions from aged residents of Milroy and Central, Indiana, the boyhood homes of the accused man and the residence of the Selby family.

The deposition of Leo Hume, Milroy, Indiana, declared the mother and father, Mary E. and Frank Selby, to have been of "unsound minds" during the years he knew them.

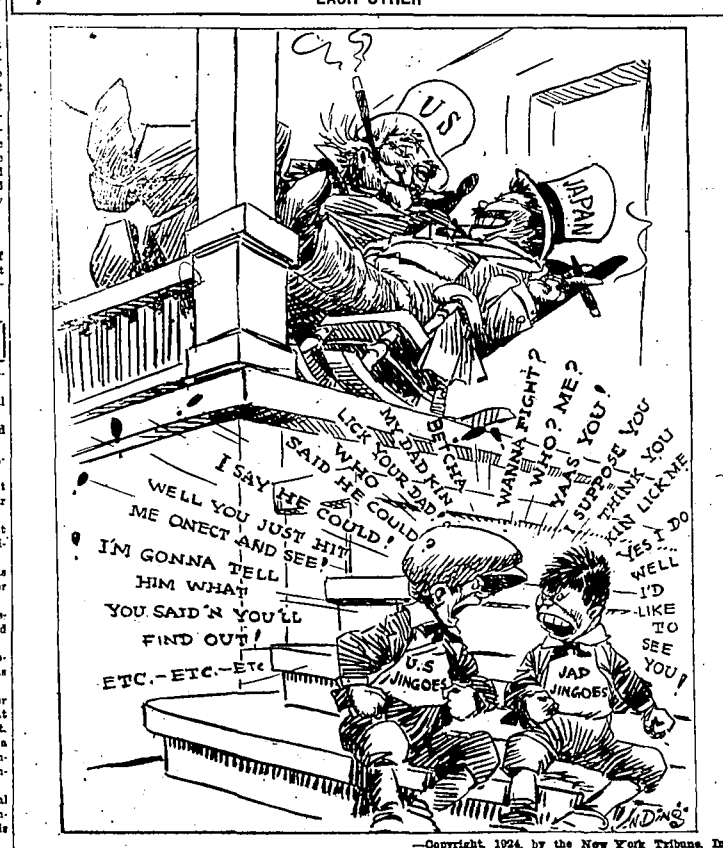

Mentally Deficient.

A similar document from Wilbur Brown, also of Milroy, said the mother and father "were at times mentally deficient."

A deposition of Dr. Max A. Bauer, physician at the Central Indiana hospital for the insane, said that the mother had been in that institution from March 2, 1893, until June 15, the same year, suffering from "suicidal tendencies, self-depression and hallucinations." Other depositions were of like contents.

Generally accepted as paving the way for a temporary insanity plea on Monday, when arguments begin, the defense in introducing the depositions said it sought to show "the probable mental condition" of McCoy at the time of the alleged crime.

## Business is Again Normal Roger W. Babson Asserts

Famous Statistician Declares  
General Activity Now at  
"Par"; Traces Path of Re-  
covery.

BAHSON PARK, Mass., Dec. 19.—(Special to The News).—Business is again at normal according to Roger W. Babson, the statistician, who today issued a detailed statement covering the business and financial situation.

"General activity as reflected by the Babsonchart is shown at 'par' for the first time in eight months," says the statistician. "The final November figures, just in, bring the line up from a point 8 per cent below normal where business stood at election time. The readings by months trace the path of decline during the early part of 1924 and picture clearly the advance that has taken place since the election. January saw business at 2 per cent above normal."

"The momentum of the last month of 1923 was still keeping actively at a good volume. February continued at the same level. In March, in spite of the usual seasonal slump, we saw things drop to 1 per cent above normal. Further slowing up in April took us back to 4 per cent below normal and from then on business fell rather badly. May and June were 6 per cent below normal; June registered at 12 below normal, and July at 11 below normal."

August below.

August finally reached the bottom activity averaging at about 13 per cent below normal. September and October suffered from the uncertainties attending the election and were recorded as 10 per cent and 6 per cent below, respectively. On the eve of the election business stood at 8 per cent below normal. Today it has reached this level and things stand at an even balance."

"You may wonder just what is meant by 'normal business' and an explanation is certainly due. We have heard of normality in business and we have heard about pre-war conditions. Other comparisons have been made with the boom year of 1919 and still others with the depressed year of 1921. So many different bases have been used and the term 'normal' has been applied loosely to mean so many things that our present use should be carefully defined. In studying business conditions and the changes in the business weather here at Babson Park, we show the fluctuations on a large chart which combines all the 26 leading barometers of business into one picture."

"So far as general activity is concerned the path of business is defined by two lines on this chart. The central one, or so-called X-Y line, follows the path of national growth regardless of the immediate situation. It pictures total transactions and reflects the real expansion of business, commerce and finance. The second line which runs alternately above and below it shows the exact present condition of trade. In their interpretation these two lines might be likened to a tree. The tree grows a little each year as is shown by the rings you see in the cross section of its trunk. This growth is slow and hardly spectacular enough to interest us much."

Shows Activity.

"At certain seasons of the year, however, the tree does show activity on the surface that changes the appearance of things. In the spring, when the leaves are budding, it seems to be growing rapidly, but in the autumn, when these same leaves shrivel and fall, the tree looks as though it were dying. It is somewhat the same with business and these two lines that mark its two kinds of activity. The X-Y line traces the gradual growth regardless of season, while the line of present activity reflects the surface development of the individual season."

"Our business and financial worlds are lost by seasons even as the tree is, except that the changes from prosperity to decline, from depression to depression, from depression to improvement, and from improvement to prosperity do not occur with any regularity as to time. Business seasons are of varying length and of different intensities. These changes have made money for many people, and have carried others to ruin. In the presence of extreme fluctuations in conditions presents one of the greatest problems in our entire commercial and economic world today."

False Values Ideal.

"Abnormal prosperity gives us false ideas of values. Easy profits due to rising prices and speculation under mine our habits of work and thrift. We become interested in spending rather than earning, then the great basic law of action-reaction steps in and a depression results. Losses wipe out business profits, the bread lines form and by suffering and by want, we again learn the fundamental lessons of industry and thrift. As our overdraft on the bank of prosperity is gradually paid back by the hard process of working more and spending less, things gradually improve and business comes back into balance."

"Either extreme is dangerous and we are really soundest when activity coincides most closely with the normal

## WASHINGTON BOY IS KILLED BY A COUGAR

WENATCHEE, Wash., Dec. 19.—(Special to The News).—A 13-year-old boy, Jimmie Fehlbauer, was killed by a cougar yesterday near Brewster, when he went to round up some strayed cattle. It was announced today. Parts of the boy's body had been devoured. His knife, indicating that he had put up a fight, was found at the bottom of the hill in the brush.

## STOCKS GO TO HIGH LEVELS

58 Issues Smash Former Records in New York Exchange  
Trading; Storms Hurt Traffic

NEW YORK, Dec. 19.—(AP).—Despite one of the most serious interruptions to wire service in recent years, a sharp advance which practically isolated several large middle western and western cities, speculation continued to run riot in today's stock market. 58 individual issues smashing their previous high records with total sales again in excess of 2,000,000 shares.

Rising commodity prices, the publicity given to Secretary Mellon's reported endorsement of the rise in quoted values and reports of further expansion by several lines of industry, furnished the background for the advance which started with such a rush in some issues as to sweep bear traders off their feet. Amazed by the apparently insatiable public demand for stocks and the strong buying support afforded for many issues at the slightest sign of weakness, bear traders distributed stop loss buying orders just above the market. Many of the orders were caught in the first upward bulge and their execution resulted in some violent advances.

Wheat prices averaged 1 1/2 to 3c above last week's closing in reflection of heavy domestic buying and the strength of the commodity in foreign markets.

X-Y line of national growth. By normal business, then, we mean that activity is neither running ahead, nor lagging behind the X-Y line, but is running at the fastest pace we can continue to hold. Normal business is healthy business and at present business is in exactly this normal healthy position.

"President Coolidge has emphasized the necessity for 'antitrust' in the present situation," concluded Mr. Babson. "Secretaries Mellon and Hoover are stressing economy and the dangers of inflation. The government is awake to the disadvantages of this normal situation and the losses that will inevitably accrue if the present improvement is allowed to develop in a spirit of speculation."

Life Work.

"Personally, I have spent the last 20 years in an effort to cut down these jumps and bumps in American business, to lessen these extremes and to eliminate loss and suffering by helping business men to keep nearer to this line of normal growth. It is impossible that these fluctuations will ever be completely eliminated but as business men and more wage workers recognize these changes in the business weather their results are modified and the penalties imposed by this economic law become less. We are approaching the period of temptation when the urge to gamble to get within reaching distance. If we can only remember that we get what we pay for and we pay for what we get; if we can only continue to work as hard as we have worked during this year to get back to normal, all will go well and we shall not have to face the unpleasant task of paying the fiddler."

First American Novelist.

The man who is usually referred to as the first American novelist and whose claim to the title seems to be undisputed, was Charles Brockden Brown, who was born in Philadelphia in 1771, and died in 1810. His best novel, "Wieland," is a morbid horror story, based on ventriloquism, and highly improbable. It contains scenes of great power. He published several other novels, and in 1799 a book on divorce and marriage which contained many views then considered very radical but now widely accepted. No other novels than his were published by a native American until the appearance of "The Spy" by James Fenimore Cooper, in 1821.

## What the World Is Doing

(As Seen by Popular Mechanics Magazine)

Nailess Furniture Wins First Prize for Boy Scout  
Fashioned without the use of a single nail, a table, chair and ornamental lamp

made of rough pieces of wood firmly joined, won first prize for a boy scout craftsman at an exhibit in an eastern city. Withes of wood were interlaced to form the seat and back of the chair and the table top, while the lamp shade was constructed of thin pieces of bark and carried on the stand added to its appearance.

### Removing Scratches from Auto

The finish of the auto body is often marred accidentally by screwdrivers, wrenches and other tools, and when the finish is good, the scratches stand out like the proverbial sore thumb. A simple method of removing such a scratch, or rather of hiding it so that it cannot be noticed, is to apply several light coats of shellac over it, keeping the shellac as thin as possible and applying it over just

enough surface to cover the scratch completely. When the last coat has dried thoroughly, the surface is rubbed with crocus powder and olive oil on a cloth, to remove the ridges around the scratch. Crocus cloth can also be used for this purpose, taking care to use plenty of olive oil on it. When the surface has been rubbed until no trace remains of the ridges, a coat of good body polish should be applied.

### Wax Produced by Insects on Trees Used for Candles in China

In some of the inland provinces of China, the only light the natives have when darkness falls is that shed by crude candles made from wax secreted by tiny insects which attach themselves to the boughs of evergreen trees. In a day or so, they begin the formation of a white, waxy substance. This is scraped off, melted and passed through strainers to remove impurities and is finally made into candles.

### Footgear from Old Automobile Tires Replaces Leather Shoes

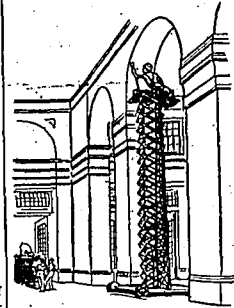

Among the peasants and workmen of Spain, shoes made from cast-off automobile tires are being worn instead of the leather and wooden varieties. Cobbles make the footgear to order for their customers, using the outer tread for soles and the inside fabric for the uppers. A strong

strip of the lining serves to hold the shoe to the foot. It is said that such articles are suitable for wear in almost any kind of weather met with in that country, and are much cheaper than those made from other materials.

### Extension Platform on Wheels Is Run and Secured by Worker

So that work may be done at an inaccessible elevation without the building of a scaffold, a vehicular extension support has been patented. It consists of a platform on wheels which may be easily raised or lowered. Even when extended to its

greatest height, it may be propelled by hand or electric power and steered to any position. Collapsible when not in use, it occupies little space.

### Connecting a B-Battery Switch

In connecting a variable B-battery to a multiple-point switch so as to control the voltage from the front of the panel, there should be twice as many contact points as there are taps on the battery, every alternate contact being dead.

This will eliminate the shorting of the coils of the battery that takes place when every contact is connected to a tap, and the switch lever, in passing from one to another, momentarily makes contact with both. As B-batteries are of low amperage, this shorting reduces their life considerably.

## CABINET DINNER AT WHITE HOUSE

First of State Social Functions  
Is Held; Senator and Mrs.  
Borah Are Present.

WASHINGTON, Dec. 19.—(AP).—The cabinet dinner, first of the state functions of the White House social season was given last night by President and Mrs. Coolidge.

The cabinet members, their wives and other guests were served food cooked by the White House chef and his assistants instead of a caterer brought in from the outside for the occasion.

Expensive caterers have been retained by previous White House occupants for the four state dinners of the social season, but President and Mrs. Coolidge have abandoned the practice. No reasons for the change were forthcoming today from the White House, but there was intimating that it was a part of the president's travel and entertainment allowance, of which the unexpended balance is returned annually to the treasury.

List of Guests.

The guests at the dinner, in addition to the members of the cabinet, included Senator Warren of Wyoming and Mrs. Warren; Senator Borah of Idaho and Mrs. Borah; Senator Wadsworth of New York and Mrs. Wadsworth; Senator Curtis of Kansas; Senator Butler of Massachusetts and Mrs. Butler; Representative Madden of Illinois; Representative Longworth of Ohio; Representative Snell of New York and Mrs. Snell; Representative Sanders of Indiana and Mrs. Sanders; Representative Moe E. Nolan of California; Director Lord of the budget and Mrs. Lord; Colonel and Mrs. George Hammond; Mr. and Mrs. John Hays Hammond; C. Bascom Sloop, secretary to the president; Mrs. Eugene Hale; Mrs. Frederick Grant Grant; and Mrs. Edward B. McLean.

### How Weather Affects Brain.

Most persons have considered at times why it is that their moods depend so much on the weather. A crisp, frosty day makes one feel cheerful and energetic. A damp, dull one tends to cause depression and listlessness. Dull, rainy weather means a low barometer. When the barometer is low, the reduced pressure of the atmosphere lets the blood vessels near the surface of the skin dilate or swell, and so take up more than their share of blood. This makes the brain anemic and the flow of ideas runs slowly.

Dred, Sheriff to J. E. Wilcox, \$2726; lot 9, block 99, Twin Falls.

### Legend of the Raven

There is an ancient belief that the raven was originally white but was turned black for its disobedience. The Greek legend is that Apollo sent the bird to the fountain for water but on arrival it found a fig tree with fruit so nearly ripe that it decided to wait until it was quite soft; and, since an excuse for the delay was necessary, it brought back to the god a water snake in its beak with the explanation that the creature had drunk the fountain dry.—Exchange.

## PROGRESS MADE IN GOVERNMENT INDIAN AFFAIRS

Distinct Progress in Federal  
Supervision of Red Men Is  
Given in Annual Report by  
Department.

WASHINGTON, Dec. 19.—(AP).—Unprecedented activity and distinct progress in all phases of federal supervision of the affairs of the government's Indian wards were cited in the Board of Indian commissioners' annual report, which asked of congress sufficient funds to carry on the intensified Indian service operations.

In a review of the settlement of important Indian matters which had been the subject of agitation and controversy for years, the board expressed confidence for the signing by President Coolidge of the Snyder act which conferred United States citizenship upon all non-citizen Indians, numbering some 125,000.

"We are of opinion," the report continued, "that the formal merging of the Indian people into the citizenry of the country is a distinct challenge to the government to intensify its Indian service activities in order to make the day when all supervised Indians may safely pass from under supervision by becoming the unrestricted owners of their property, and the equals, in all respects, of all other American citizens."

Among recommendations contained in the report are the granting of more authority for superintendents of Indian reservations in matters which are purely local; the strengthening of the field station service in the Indian bureau, and the continuation of the campaign against trachoma and tuberculosis which the Indian service now is conducting.

## THE GUMPS—CHRISTMAS YELLS

GERMAN MUSIC  
DIRECTOR MAY  
BE BEETHOVEN

Work of Leipzig Man Watched  
With Interest by Musical  
Circles Over Europe; Fame  
as Composer Expected.

LEIPZIG, Dec. 19 (AP)—Will William Furtwaengler, director of the Gewandhaus orchestra, goes down in history as another Beethoven or will his fame be limited to that of a worthy successor to Arthur Nikisch, the late conductor of the Leipzig orchestra?

Musical circles all over Europe are debating this question in view of Furtwaengler's decision to limit greatly the number of concerts he will direct outside of Leipzig. It is an open secret that he is busy composing, and that musical literature is to be enriched by his first symphony before the concert season 1924-1925 is over.

It took much urging on the part of his friends to persuade Furtwaengler to take this step. He is of a modest, retiring disposition, diffident about his own abilities and hesitant to produce himself as a composer. But those who have seen two minor efforts of his, a "Te Deum" and a string quartet believe that he has the stuff in him to rank by the side of Beethoven, Brahms and Strauss.

## Widely Known.

Furtwaengler already enjoys the reputation of being one of the most able orchestra conductors in Europe. When he took over the position left vacant by the untimely death of Arthur Nikisch in 1921, everybody was exceedingly critical of him. Nikisch's place was regarded as one that could not be filled. After three years as director of the Leipzig orchestra, however, Furtwaengler has established the reputation of being in every way a worthy successor of Nikisch.

Musical critics point out that great composers have been usually notoriously poor conductors, and that successful conductors rarely find time to do much composing. The musical world is now waiting to see whether Furtwaengler will prove one of those rare geniuses.

## Not So Noteworthy.

Some men take a great deal of credit to themselves for having worked for all they have. It is creditable, to be sure, but it isn't so unusual that it need attract general attention. It is the common way, and probably the best. Occasionally, a man discovers a gold mine, or realizes on the death of a rich aunt, but they are not usually as useful citizens as the happy as those whose wealth depends on the thing more than luck or the chance of birth. And working for what you have is also the only available means open to the average man.—Arkansas Thomas Cat.

## Pumice Widespread

Pumice is volcanic scoria or lava, spongy or cellular from bubbles of steam or gas which it contained during liquidity; much used as a polishing material especially when powdered. In minute fragments it has been shown to have an exceedingly wide distribution over the earth's surface. It occurs in all deposits which cover the floor of the deepest portions of oceans.

## Rats Thrive on Coffee

Coffee growers in the Kona district of the Hawaiian Islands have to combat a pest of sage rats that descend on the ripe coffee berries and eat and destroy enormous quantities of the product annually.

## Zoological

The Paris police have arrested a man named Moles, who had become engaged to 50 different girls. When he came out of prison he had better adopt the habits of mouskese and burrow.—London Humorist.

## Congresswomen Meet in Washington

MRS. MAE E. NOLAN & MRS. MARY T. NORTON

MRS. MAE E. NOLAN, congresswoman from California, is shown here with Mrs. Mary T. Norton of Jersey City, N. J., only eastern woman ever elected to congress. They met at the capitol on the occasion of the opening of the sixty-eighth congress. Mrs. Nolan returns next March, when Mrs. Norton takes office. Mrs. Norton shattered a custom of the house by wearing her hat on the floor, where a reception was accorded her.

## Christmas In The Churches

**First Presbyterian Church**  
A. G. Pearson, Minister.  
Sunday morning sermon subject, "Christmas Thoughts." Sunday evening, sacred Christmas concert by Prof. G. G. Fletcher with his orchestra.

## (Adams), Dr. Orrin A. Fuller.

Male quartet, "There's Joy in the Air" (Hammer), Mesdames Curtis Turner, E. R. Dougherty, G. W. Rice, J. E. White.  
Ladies' sextet, "Hark, Hark, My Soul" (Shelley), Mesdames E. G. Sturdivant, Tom Mott, C. E. Potter, F. L. Kellogg, H. C. Maguire, P. S. Bell.  
Organ solo, "Hilgrin's Song of Hope" (Battiste), Mrs. R. D. Stover.  
Male chorus, "Silent Night" (Gruher); obligato solo, Dr. C. D. Weaver, E. R. Dougherty.  
"Hallelujah Chorus" from "The Messiah" (Handel), choir, organ and orchestra.  
"Coronation March", from "The Prophet" (Meyerbeer), orchestra.  
Director choir, Mrs. F. S. Bell; director orchestra, Dr. R. A. Parrott; organist, Mrs. R. D. Stover; pianist, Mrs. F. T. Kellogg.

## Christian Church

O. D. Harris, Minister

Special Christmas services will feature the day. At 10 a. m. the church will assemble for study and at 10:30 in the general assembly, the children will present their Christmas program under the supervision of Mrs. J. D. Tuck. This program will be followed immediately by communion service and sermon by the pastor; subject, "The Christmas Message." Miss Jerom Kivanek will sing a special solo number.

At 7:30 p. m. the choir will present an entire program of music in the cantata, "The Night" (E. L. Ash-ton), under the leadership of Miss Grace Bell. The solo parts will be taken by Mrs. O. D. Harris, Mrs. J. B. White, W. F. Mikewell, and L. L. Patrick. Miss Clara Richey will accompany at the piano.

Following is the complete program: Piano prelude.  
Bass solo and chorus, "And in That Day."  
Scripture, Isa. 11:1-5.  
Quartet, "There Shall Come Forth" (Wilson), Mesdames Bjorling, Fred Beer, Cora Stevens, J. W. Boston.  
Quartet and chorus with soprano obligato, "Silent Night."  
Prayer.  
Contralto solo, "O Blessed Town of Bethlehem."  
Tenor solo and chorus, "Glory to God in the Highest."  
Scripture, Matt. 2:1-5; 9:11.  
Soprano solo, "Star of the East."  
Male Chorus, "Quest of the Wise Men."  
Offertory and offering.  
Piano chorus, "Blessed Be the Lord God."  
Benediction.

## Baptist Church.

John E. Knauser, Minister.

Bible school at 9:45 a. m.; Mr. Brower, superintendent.  
Worship and sermon at 11 a. m.; theme of message, "Christ, Our Refuge"; a Christmas meditation. There will be special music.  
The senior and intermediate B. Y. P. U. will meet at 6:30 p. m.  
At 7:30 there will be a Christmas service consisting mostly of music and readings.  
The Christmas program by the Bible

school will be given Thursday evening.

## The Church of the Ascension.

(Episcopal).

Rev. Louis P. Nison, Rector.  
Fourth Sunday in Advent.  
8 a. m., Corporate Communion of the women of the parish.  
9:45 a. m., Church school.  
11 a. m., Morning prayer and sermon. The sermon subject is "The One Who Came."  
Christmas eve, December 24, a special carol service, followed by a midnight Communion service.  
"Adeste Fideles," a mystery play, will be presented in the church on Sunday evening, December 28, at 7:30. This is also the children's Christmas festival service.

## Lutheran Church.

Third Avenue West.  
J. Gihring, Pastor.

Announcement for next Sunday and the Christmas Eve.

December 21, Sunday school and morning service at the usual time; topic of sermon, "What Must You Do to Be Properly Prepared for the Blessed Christmas Festival."

2:30 p. m., Rehearsal of Sunday school program for Christmas eve.

December 24, 7:30 p. m., Christmas program given by the Sunday school. December 25, festival services at 11 a. m.; subject of sermon, "The Glory of the Babe in the Manger at Bethlehem."

## St. Edward's Catholic.

Rev. Romi S. Kayser, Pastor.

Masses Sundays 8 and 10:30 a. m. Masses week days, 8 a. m. Masses holidays 6:30 and 9 a. m. Sunday evening services 7:30.

## Twin Falls Mission.

920 Third Avenue East.

Paul Worcester, Pastor.  
Sunday school 10 a. m.  
Preaching at 11 a. m. and 7:30 p. m. Prayer and Bible study Tuesday and Thursday, 8 p. m.

## First Church of Christ Scientist.

160 Ninth Avenue East.

Sunday services, 11 a. m.; lesson sermon, "Is the Universe, Including Man, Evolved by Atomic Forces?"  
Sunday school 10 a. m.  
Testimonial meeting Wednesday evening at 8 o'clock.

## Methodist Church Kimberly.

Charles D. Fletcher, Minister.

Sunday school at 10 a. m.  
Morning worship at 11; subject, "Christmas and the Christ."  
Epworth League at 6:30. Installation of the newly elected officers will take place.  
Evening service will be a service of song, beginning at 7:30. The church choir will give the following program: Prelude.  
Singing—Congregation.

# GERMAN KILLER TO BE BEHEADED

## Wholesale Murderer Tells Court He Wants to Die; Most Gruesome Slayer in History.

HANOVER, Germany, Dec. 19 (AP)—Fritz Haarman, the "wholesale murderer," whose trial for the slaying of 36 persons has stirred all Germany, was sentenced to death today.

The extreme penalty was also ordered in the case of his accomplice, Hans Gruns.

Haarman was found guilty of murdering 24 young men, the crimes extending over a period of six years.

His co-defendant was condemned for inciting to murder in one case.

### Shows No Remorse.

Haarman, addressing the jury, showed no remorse for his gruesome deeds.

"Were I set at liberty I would murder again," he said.

"Why I kill is a mystery to me," he remarked. His plea was full of recriminations against his dead father and his friend Gruns.

"In Gruns' hands I was soft as wax," he said, "but I needed him, as I was alone in the world."

Claiming his condition was a morbid one, Haarman said:

"How I got into this condition I do not know. I simply saw that in the morning there was a corpse next to me, but not in all cases."

### Some Escape.

He declared a large proportion to his potential victims' escape.

"I never acted with premeditation," and "I don't understand why my victims did not offer resistance," were other declarations.

"I go to the derisive block joyfully and happily," Haarman declared to the court. Then he pleaded: "Don't send me to the insane asylum; I would rather not live."

Grun's attorney, reviewing the history of the case, recanted the charge that such an affair was possible only in Germany, as claimed by some of the newspapers.

### Loeb and Leopold.

"A long chain of cases leads from Gilles de Retz via Landru, Loeb and Leopold, to Haarman," he declared.

The attorney pleaded that Haarman was the "master mind" in the series of murders and that Gruns was but his tool, who did not know the real purpose of luring the young men to Haarman's room.

There was a great rush of spectators for places in the court room, but no one was admitted until after a search for weapons. Rumor that an assault would be made on Haarman in case he was not sentenced to death prompted the court officials to place a squad of armed police in front of the prisoner's dock.

## 100 MILLION IS ASKED FOR NAVY CONSTRUCTION

(Continued from Page One)

into prominence today by the announcement at the White House that a note setting forth the views of Great Britain was before the state department. Hitherto, the officials had not revealed that the British representations on the subject went beyond mere informal suggestions and inquiries. Neither the White House nor the state department would elaborate on today's announcement or indicate what might be the next step in the diplomatic angle of the controversy.

## INTENSE COLD STILL HANGS OVER COUNTRY

(Continued from Page 1)

### Resorts to Radio.

The Associated Press tonight again resorted to radio-casting in order to deliver news of the outside world to many of its member newspapers. World news brought into Chicago by wire was being radio-cast to Associated Press papers from station WMAQ, the broadcasting station of the Chicago Daily News.

Southern Illinois, including Springfield and Jacksonville, was entirely cut off from outside communication by wire while interurban and telephone service was also badly crippled and train service was being delayed. The southwest and southeast wires of the Associated Press were crippled and wire facilities to the east were only about 25 per cent normal. In Missouri, Jefferson City and Springfield were isolated and there were breaks in the network of Associated Press leased wires between southern Oklahoma and northern Texas and between Dallas and El Paso.

### Service Delayed.

Train service throughout the middle west was delayed, and was delayed, and heavy movements of Christmas mail suffered as a result. The crew of train No. 6, northbound Chicago and Alton express from St. Louis, reported they could not clear telegraph poles and tangled wires from the tracks throughout the 287 miles trip and pulled into Chicago three days and one-half hours late. In Oklahoma 135 cities and towns were isolated and three deaths were attributed to the storm. St. Louis reported trolley and electric service virtually eliminated with roads leading to the city wholly or partly blocked by wire and poles.

In Chicago three deaths were attributed indirectly to the cold, while the streets of the whole city continued a glare of ice. Two were reported dead in Montana and one in Denver.

### SOUTHWEST RIVERS.

KANSAS CITY, Dec. 19 (AP)—Sub-zero temperatures again gripped the southwest tonight, but with predictions of a slackening of that grasp tomorrow. Bright sunny skies greeted Kansas, Missouri, Oklahoma and Texas today. There was little relief from the cold, however.

Wire communication continues paralyzed and trains still were running late, some of them several hours.

### Cities Cut Off.

In Oklahoma 135 cities and towns were cut off from all wire communication. Many in Missouri, Kansas and Texas were without outside telephone or telegraph communication. St. Louis was virtually isolated.

Three deaths in Oklahoma were attributed indirectly to the frigid temperatures. L. F. Pennekot, 66, died at an Enid hospital from exposure and a mother and infant daughter were burned to death at Cardin in a hotel fire that was believed to have started from a gas stove left burning all night.

### VEGETABLES DAMAGED.

SAN FRANCISCO, Dec. 19 (AP)—The cold wave which has covered the entire Pacific coast for three days was near its end tonight, according to forecasts. Tomato and vegetable crops in southern California were reported slightly damaged today, but citrus fruits were unharmed, according to growers' organizations.

Temperature hovering around the freezing point continued today in California and along the coast in Oregon and Washington, with below zero in Oregon and Washington east of the Cascade mountains and in northern Idaho. Weather forecasts for the entire coast region were for rises in temperature and rain or snow.

## BRITISH STAND ON EVACUATION TAKEN

(Continued from Page 1)

The Cologne area will not be evacuated January 10 (five years from the date of the exchange of ratifications of the treaty) as reviewed with consternation by the German foreign office. No evacuation on that date, it is declared, would be regarded as a breach of the Versailles treaty.

### March Will Be Halted.

The foreign office takes the view that "the triumphal and reconstruction policy, which has constantly won over wider circles of the German population, will be abruptly halted and the direct inner political consequences ensue," if the allies, without consulting the German government send it a note informing it of their decision not to evacuate.

The foreign office sees in Lord Curzon's statement evidence that the allies already have agreed on their policy and it considers the failure to negotiate with Germany as "extremely painful."

## SHOALS SENATE VOTE SHORTLY AFTER RECESS

(Continued from page one)

companies scattered over the United States by stock ownership and interlocking directorates. He would like to know, he said, how many of these directors "had contributed to the campaign just ended."

Rising to the defense of the Norris government operation bill, Senator Johnson, republican, California, criticized Senator Underwood for accusing the Nebraska senator of "dreaming of dreams." "Declining the progress of the world had been built on dreams," he said he would not subscribe to the idea that a public utilities plant cannot be successful under public ownership, citing the publicly owned electric plant in Ontario, Canada, as an example.

Senator Hardin, democrat, Alabama, declared that if Senator Norris was allowed to carry out his "dream," it would "create one of the greatest power trusts in the world." The Norris bill, he asserted, is a "power bill solely."

## 17 BELOW ZERO IN OGDEN

OGDEN, Dec. 19 (AP)—An official minimum of 17 degrees below zero was registered in Ogden this morning. This is believed to be the lowest temperature recorded in the city for ten years. A weather observer in Huntville, a mountain town 15 miles from here, reported it was 30 degrees below zero at 8 o'clock this morning.

The Twentieth Century club has a box in the office of H. C. Gettifer for all wishing to contribute gifts of toys for Christmas cheer. Wrap for distribution and mark contents.—adv.

## SPORTS

### FOOTBALL GAME AT PORTLAND CANCELLED

PORTLAND, Ore., Dec. 19 (AP)—The football game arranged for tomorrow between the Waite high school team of Toledo, Ohio, and the Lincoln high school of Portland, was cancelled tonight on account of the frozen condition of Multnomah field, due to the cold spell. The Waite team announced it would return home.

The announcement of the cancellation of the game was made after a conference of officials of the Waite team and of Lincoln high school. Representatives of the Waite team declared that on account of the snow and ice on the field they would not ask their men to play. Lincoln high school representatives said the officials of Multnomah Amateur Athletic club had promised to put the field in shape, but the Toledo players did not think it advisable to go ahead with the game. The Waite team expects to leave here tomorrow night and to return east via a southern route.

### NOTRE DAME COMING WEST

SOUTH BEND, Ind., Dec. 19 (AP)—Acclaimed the undisputed football champions of the territory east of the Rocky mountains, the Notre Dame football team will embark tomorrow for the Pacific coast in an attempt to add Stanford university, champions of the Pacific coast, to its list of gridiron victims, at Pasadena, New Year's day. Coach Knute Rockne and his associates and the 32 players chosen to make the trip will leave here at 10:17 a. m. and begin the first lap of their coastward journey with their departure from Chicago at 6:16 p. m., for New Orleans, their first stop.

### OUTFIELDER PURCHASED.

MINNEAPOLIS, Dec. 19 (AP)—Pat Duncan, outfielder, formerly with the Cincinnati Nationals, was purchased today from the Washington Americans by the Minneapolis American association club.

### URGE GOODING MEASURE

WASHINGTON, Dec. 19 (AP)—A committee consisting of Representatives French, Idaho, and Leatherwood, Utah, republicans, and Hill of Washington, Hayden, Arizona and Taylor, Colorado, democrats, today appeared before the house commerce committee to urge early hearings on the bill by Senator Gooding, prohibiting higher railroad rates for short hauls than long ones.

# MORTIMER SWORE TO RUIN FORBES

Witness in Conspiracy Case  
Against Former Director  
Tells of Remarks Made.

CHICAGO, Dec. 19 (AP)—Testimony that Elmer H. Mortimer appeared before the senate veterans' bureau committee and there told his story of fraud, waste, graft and corruption in the furtherance of his determination to encompass the destruction of Charles R. Forbes, former director of the bureau, was given by defense witnesses today in federal court.

Forbes and J. W. Thompson, wealthy contractor, are on trial for conspiracy to defraud the government through hospital contracts.

**Father of Wife Talks.**  
Dr. George B. Tullidge of Philadelphia, father of Mrs. Mortimer, testified Mortimer asserted the night before he took the stand in the senate investigation that he would go to Washington and "swear his soul to hell to get Forbes."

This and other testimony relative to conversations with Mortimer bearing upon the veterans' bureau was corroborated by Mrs. Tullidge, who followed her husband to the stand.

"I'm going to get Forbes; if I can't get him one way, I'll get him another," Dr. Tullidge said he heard his son-in-law assert.

In response to a question as to why he was so bitter towards Forbes, Mortimer said, according to Tullidge's testimony: "Because he could have made me a rich man by giving me hospital contracts, but would not do it."

## PROMISE IDAHO LITTLE RELIEF FROM THE COLD

(Continued from Page 1)

Toward nightfall the wind began to rise, giving edge to the chill.

**POCATELLO HAS RECORD.**  
POCATELLO, Dec. 19.—For the first time in 20 years the maximum temperature in Pocatello has stood from 1 to 3 below zero for two entire days while the minimum went to 18½ below zero this morning, according to reports of the weather bureau here.

In the Pocatello zone the lowest temperatures were recorded in the north towards Butte. The temperatures at Trude, Idaho, which is 10 miles south of Yellowstone, Montana, went to 50 below zero while the low point at Montida on the Rocky mountain divide between here and Butte was 40 below. Train movement is being somewhat delayed, while possible shipments are being held for abatement of severe conditions.

**SALT LAKE SUFFERS.**  
SALT LAKE CITY, Dec. 19 (AP)—With temperatures in the mountains near here ranging from zero to 20 degrees below, severe interference with this city's water supply is threatened, according to a statement issued by the water department tonight.

Throughout last night and today a score of men were employed chopping the ice which threatened to plug the city's running streams which bring this city water from high in the surrounding mountains.

Little relief from the intense cold which has gripped Utah and southern Idaho for the last three days is expected tonight, according to the United States weather bureau here.

## POCATELLO MAN NAMED

POCATELLO, Dec. 19 (AP)—James E. Busell, president of the Citizens' Bank and Trust company of Pocatello, was appointed director of the Salt Lake branch of the federal reserve bank for a term of three years, from January 1, next, at a meeting held by the federal reserve board of the San Francisco region in San Francisco yesterday afternoon, according to a message received here from the governor of the board last night.

## SOCIETY AND CLUBS

Edited by  
MRS. E. B. WILLIAMS  
Phone 506

Mrs. W. T. Leslie entertained the Fortnightly club Friday afternoon. The usual games of bridge were played at table, those won by Mrs. H. E. Barber, Mrs. F. W. Brown and Mrs. Edward Cooper. Mrs. Bertha Leonard and Mrs. E. F. Asbury were guests. After the games delicious refreshments were served.

The Lend-a-Hand club met at the home of Mrs. A. Alberg Friday afternoon. During the business meeting the following officers were elected: President, Mrs. Ross Eshart; vice president, Mrs. Vida Campbell; secretary-treasurer, Mrs. Maude Hulbert. A committee was appointed to send the club quilt to the Children's Home at Dolac. Standing committee, entertainment committee and reporter will be appointed by the president at the next meeting. Mrs. W. Cawood was voted to membership in the club. After the business session a clever guessing contest was enjoyed by all. Dainty refreshments were served by the hostess assisted by Mrs. W. School and Mrs. Rex Warren. Twelve members were in attendance and Mrs. Moberg and Mrs. Crandall were guests of the club. The next meeting will be at the home of Mrs. F. Darling, January 12.

The War Mothers chapter was entertained at the home of Mrs. R. J. Day Friday afternoon, 20 members being present. A short business session was held and it was voted to give \$10 to purchase phonograph records for the boys in the hospital at Boise. A contribution of books is to be given for the patients in the tuberculosis ward at the same place. Fruit and jelly was brought by the members to be presented to the family of an ex-service man. During the social hour an exchange of gifts caused much merriment. The hostess was assisted by Mrs. Holler, Mrs. Beauchamp and Mrs. Rowcliffe in serving delicious refreshments.

Miss Dorothy McMill entertained the members of her bridge club Thursday evening. Favor for high score was won by Miss Mary Maude Markey. Dainty refreshments were served at a late hour.

Mrs. H. H. Hedstrom was hostess to the members of the T. S. S. club Friday afternoon when they enjoyed their annual Christmas party. A seven-course turkey dinner was served at 6 o'clock. The table was decorated with groups of lighted red and green candles in low bowls combined with evergreen. The place cards were decorated in poinsettias and individual favors were at each cover. After school the children of the members, numbering sixteen, were served a three-course luncheon after which each child received a gift from a beautiful lighted Christmas tree with bags of candy and a popcorn ball. There was also a lovely gift for each member. Those present were Mesdames Thomas Howberry, S. P. Newman, John Kimes, W. A. Pinney, Rose Williams, J. W. Priddy, H. H. Hansen, W. H. Stanley, H. C. Alexander, R. S. Loser, M. R. Nelson, Taylor and S. W. Osgood. The guests departed at a late hour voting.

Mrs. Hedstrom a royal hostess.

The home of Mr. and Mrs. Frank Murray was the scene of a pretty party Friday afternoon when their daughter, Frances, entertained twenty of her girl friends in honor of her twelfth birthday. Games were played and dainty refreshments served including a beautiful pink birthday cake ornamented with twelve yellow candles. The favors were dolls made in yellow and pink cushions.

The Catholic Women's league met Thursday evening at the home of Mrs. Susan Macauley. After the transaction of business the evening was spent filling stockings for the children. The pupils of St. Edward's school will give their Christmas entertainment Tuesday, December 23, at 2 o'clock in the Lavington theater to which all are invited. The small admission fee of 25 cents will be charged and at the close of the program the stockings will be distributed to the children present. The next meeting will be held on the second Thursday in January.

## ANNOUNCEMENTS

The Methodist ladies will hold their last home-made minicent sale today (Saturday) at the U. S. meat market.

## LITTLE FOLKS GUESTS OF BLUE TRIANGLE CLUB

High School Girls' Organization Entertained With Games and Gifts at Annual Christmas Party.

More than a hundred children between the ages of 4 and 8 were the guests of the Blue Triangle club Friday evening at its annual Christmas party at the high school. Each small guest was accompanied to the scene by a member who had given a personal invitation and who called at the home and acted as escort. The first hour was devoted to various games in the gymnasium, arranged and led by a special committee under the direction of Ann Craven and Edna White. Later the guests were taken to the auditorium, where they were delighted with a laden Christmas tree and the presence of Santa Claus. Gifts and treat were distributed to all. Arrangements were in charge of the service committee.

## SANITARY DRINKING WATER IS DEMANDED FOR UTAH PUPILS

OGDEN, Utah, Dec. 19 (AP)—Parents of 190 children in the Huntsville school district threaten to keep their children from school until the school board provides sanitary drinking water and facilities for the boys and girls, according to Joseph L. Peterson, president of the Huntsville town board.

The school board is eager to have the school conducted to Huntsville's public water system but contends that the \$200 demanded by the Huntsville town is excessive.

Today's indications pointed to court proceedings to determine what the school board shall pay for Huntsville water service.

Drinking water for students is carried to the school in buckets, the parents charge and say this is an unhealthful system.

If your property is desirable and is advertised in the classified—you'll find buyer.

## BUFFALO MEAT

We will have a buffalo in by express Saturday, and will cut up same

Saturday, December 27th

## NEW UPWARD FLIGHT TAKES WHEAT MARKET BEYOND \$1.75 BUSHEL

CHICAGO, Dec. 19 (AP)—New upward flights took the wheat market today well beyond \$1.75 a bushel as a goal for the May delivery here and lifted all Chicago deliveries of wheat and rye above any previous top quotations this season. The fastest movement of high prices records was associated with continued reports of breadstuff shortage, especially an estimate that the world crop of wheat is 440,000,000 bushels less than last year's total. Closing prices on wheat were strong, 1 1/2 to 3 3/8 net higher. May, \$1.75 3/8 to \$1.76 1/2, and July, \$1.51 3/8 to \$1.52 1/2. Corn 1 1/8 to 7 3/8 up, oats 1 1/4 to 5 3/8 off and provisions varying from 10c decline to 35c gain.

Indications of liberal foreign buying of future deliveries of wheat here acted as an early stimulating influence in the wheat market today, and so did a sharp advance in Liverpool quotations of wheat available for immediate figures. Heavy there. Special notice was taken late of a rise in wheat values at Minneapolis where number two dark northern sales brought \$2.15 a bushel. On the bulges in prices here export taking vessels brought about reactions but of a transient nature and the market closed at virtually the day's tip top figures.

Bullish aspects of the United States government crop report as to wheat and rye were given consideration, particularly the fact that the condition of both corn and rye was shown to be below what had been generally expected. Furthermore unofficial forecasts were current that exports of wheat from January 1 to July 1, next, would be a good deal in excess of the corresponding period in 1924.

Corn prices advanced were due almost entirely to wheat strength. Profit taking sales weakened oats. Provisions averaged higher, in line with grain and hogs.

Wheat	Open	High	Low	Close
Dec.	170	172	169 1/2	172

CHICAGO, Dec. 19 (AP)—Hogs—Receipts 22,000; largely 10 to 15c higher; top \$10.35; bulk 250 pounds and up \$10.10 to 10.25; bulk 200 to 225 pound averages \$9.60 to 10.70; 170 to 190 pound averages mostly \$8.90 to 9.90; bulk 140 to 160 pound kind \$8 to 8.85; pigs 25 to 30c higher; bulk strong weights \$7.50 to 8; packing hogs mostly \$9.25 to 9.80; estimated holdover 20,000.

Sheep—Heavy active; fat lambs 25 to 30c higher; mostly 20c higher; spots more; bulk \$16.25 to 16.75; top 17; fed clipped \$13.75; prime 82 pound yearlings \$15; no criterion of general yearling market; fat sheep strong; fat ewes \$8 to 8; feeding lambs scarce 15 to 25c higher; bulk \$15.50 to 15.75.

## SPECTACULAR ADVANCE IS MADE BY STOCKS

NEW YORK, Dec. 19 (AP)—Spectacular advances in special stocks featured today's market which advanced vigorously until just before the close when heavy week-end profit taking sales forced recessions of one to three points from the earlier highs in many issues.

Despite the sharp curtailment in wire service to middle western and far western sales because of steel strikes, trading was brisk in many issues, the day's sales running over two million shares. Nearly 60 issues attained new peak prices for the year.

Brokers reported that the renewed demand for stocks was based on reports of further improvement in several lines of trade, rising commodity prices and the large surplus of funds available for stock market and commercial purposes at low interest rates.

Some of the biggest gains took place in stocks in which a large short interest is believed to exist. Baldwin gained five points and United States Grist Flour 6 3/4.

The general rail average was slightly lower at the close although a number of earlier stocks broke through their previous 1924 highs. In the Industrials United States Steel common, Carnegie and Steel-Sheffield also touched new high points.

Copper shares responded to reports of an increased export demand and a rise in the metal at 14 3/8 cents a pound were reported.

Cash money held steady at 2 1/2 percent. Time money and commercial paper rates were unchanged.

The foreign exchanges developed moderate strength. Pound sterling advanced three quarters of a cent and French francs four points.

## SUGAR

NEW YORK, Dec. 19 (AP)—Spathe no change occurred in the spot price of raw sugar today for 4 7/8 cent paid, later shipments were lower, selling from 4.52 to 4.65, according to time of delivery. Sales were 131,000 tons.

Issuance of December notices caused lower sales of the low although a number of earlier stocks broke through their previous 1924 highs. In the Industrials United States Steel common, Carnegie and Steel-Sheffield also touched new high points.

## CLASSIFIED ADVERTISEMENTS

**AUTO** windshields and door glass. 354 miles of canvas and examined 22 possible dam sites during the year. The survey is preliminary to perfection of plans for full utilization of natural resources in a region where water gives value to land.

Equally spectacular was the exploration of Alaska in search of oil in quantities sufficient to add materially to the resources for future use of the navy, and possibly to augment the national supply for other needs. Dog sledges were employed by three parties which traversed approximately 3,700 square miles of the last tract of unexplored United States territory.

**Bread for France.**  
The principal food of the French people is bread. In an exceptional year France raises nearly enough wheat to supply its needs, but after a moderate harvest like that of 1922 it has to import large quantities from abroad. On account of the rate of exchange France in 1922 had to pay 70 francs abroad for an amount of wheat worth only 25 francs at home. An agricultural congress at Paris recently organized a contest like that of 1922 and its outcome to raise all the wheat it will need in 1924. The campaign will urge not so much increased acreage as better methods, better seed and better fertilizers.

**Davis' High Positions**  
Jefferson Davis, president of the Confederacy, held high office in the federal government previous to the secession of the southern states. He was member of congress, secretary of war and United States senator.

## HALF OF BOYS OF 4 COUNTIES IN SCOUTCRAFT

Graphic Story of Progress of  
Movement Told in Reports to  
Snake River District Council  
at Meeting Here.

More than one-half of the estimated total of 1000 boys ranging in age from 12 to 18 years in the communities of Twin Falls, Cassia, Minidoka and Jerome counties are Boy Scouts, according to report made to the Snake river district council, Boy Scouts of America, at a quarterly meeting held at Tom's cafe here Friday evening. Leaders of the Boy Scout movement in these four counties that comprise the district, attended the meeting.

**Officers Elected.**  
Officers of the district council for the coming year were elected at this meeting. Dr. J. H. Murphy of Buhl being re-elected president and other officers being elected as follows: Commissioner, Arthur J. Peavey, Twin Falls; director of camping, Thomas M. Robertson, Twin Falls; director of finance, Dr. C. F. Zeller, Jerome; director of education, Dr. M. J. Good, Filer; treasurer, A. Wilton-Peck, Twin Falls.

Definite action with regard to adoption of the district council's budget for the coming year was referred by the council at this meeting to its executive board which is to hold a meeting for this purpose next Friday evening at the Hotel Fortine in Twin Falls.

**Membership Doubles.**  
Since January, last, the number of Boy Scouts who are members of registered troops within the district has more than doubled, increasing from 327 to 777. Dr. Douglas Hawley, district scout executive, reported at the meeting Friday evening. At the beginning of the year, Mr. Hawley reported, 71 per cent of the scouts were of the ten-dollar grade. Now, with a larger total enrollment, the number of ten-dollar scouts is only 55 per cent of the total. Second class scouts make up 25 per cent and first class scouts 20 per cent of the total as against 18 per cent and 11 per cent, respectively, at the beginning of the year.

In the past 12 months, Mr. Hawley stated, show in this district the beginning of intensified scout progress possible through the efforts of a first class council. The Snake river council, he said, in this period has grown until it ranks fourth or fifth among the 30 councils of the northwest.

"Our court of honor records," said Mr. Hawley, "shows a total of 1781 scout awards during the year as against a total of 97 last year."

**Enlist 1112 Men and Boys.**  
In addition to the 777 boys who are members of registered scout troops, Commissioner Arthur J. Peavey told the council, there are 335 men taking an active part in the scout movement, making a total of 1112 men and boys as compared with a total last year of 523 men and boys actively engaged in the movement.

"During the year," Mr. Peavey stated, "we have increased from 18 troops of 327 boys to 43 troops of 777 boys. A year ago we had a total of 50 officers and 286 members of the council, examiners, troop committeemen and others. In other words, a year ago we had a total of 323 men and boys; we now have a total of 1112 men and boys. Of this latter number 458 are in Twin Falls county, 164 in Jerome county, 332 in Cassia county and 158 in Minidoka county."

**Reviews Camping Activities.**  
Camping activities during the past year were reviewed by T. M. Robertson, director of camping. "The 1924 camping season," he said, "began with 200 boys in three winter camps. During the spring and summer 15 troops participated in over-night hikes. The council held a six-weeks' summer camp in Shoshone basin with a total of 181 boys from 24 troops present. A new mess hall was completed. The scout cabin repaired for winter camp, a water system installed and several projects in improvement of grounds were completed. One hundred and twenty-two boys participated in individual camps of a week or more, making a total attendance in camp for the year 603 boys. Last year 125 boys attended any kind of camp. Through the efforts of H. H. Riley of the national executive board, and our commissioner, A. J. Peavey, eight large pyramidal tents have been secured for use in future camps. We have over \$1000 worth of camp buildings and equipment, owned largely by the Twin Falls council."

**Record of Advancement.**  
The district council has eight courts of honor each composed of five men.

## COURT HEARS EVIDENCE IN TWO DIVORCE SUITS

Grants Decree to Dora E. Jones From  
W. F. Jones; Taken Under Advice  
ment Coppingher Case.

Judge W. A. Babcock in district court here Friday, heard evidence in two suits for divorce, granting a decree of divorce to Dora E. Jones from William F. Jones, and taking under advisement the case of Anna Coppingher against Bryan Coppingher, wherein claim to divorce and to the custody of their 22 months old daughter is made by both principals to the action.

In the case of Oakes and company against the board of Twin Falls county commissioners, involving claim to tax refund, and argument in the case of Morry Banard and others against D. B. Moorman and others, are on the calendar for today.

**Judgment for \$1567.88 on foreclosure of a mortgage was awarded to Judge Babcock Thursday to J. E. DeWitt from John E. Davies as administrator of the estate of W. F. Burg.**  
The case of E. P. Swank against Grant E. Kunkle and others, which was presented Thursday, involving question as to whether a mechanic's lien under which plaintiff claims judgment for \$512 was filed within the statutory period, was taken under advisement.

## GAME LICENSE RECORDS GIVEN

Permits Issued to Sportsmen  
in Four Counties During Past  
Eight Months Number 6978.

During the eight months period ending December 15 there have been issued in the Twin Falls district, which comprises Twin Falls, Cassia, Minidoka and Jerome counties, a total of 6978 fish and game licenses for which fees in the sum of \$12,787.25 have been collected, according to a summary of reports made by John Salisbury, assistant chief deputy state game warden. There has been collected also the sum of \$1059.18 on account of fines and costs assessed for violation of fish and game laws.

In connection with the announcement of these results of the eight months' work, Mr. Salisbury Friday again expressed thanks to the sportsmen of the district "for their hearty cooperation in helping to interest the public in the conservation of our natural resources, fish and game, and the outdoor life in general."

Out of the total of licenses issued during the period, 6888 have been issued to residents of Idaho for both fishing and hunting; 49 have been issued to non-resident fishermen; four to non-resident big game hunters; 24 to resident trappers, and one that cost \$6.50 to an alien fisherman.

**Record by Months.**  
The number of licenses issued according to the months is as follows: May—Resident hunting and fishing 416; non-resident fishing 1; total fees \$740.70.

June—Resident hunting and fishing 1514; total fees \$2419.20.

July—Resident hunting and fishing 1731; re-permits 2; total fees \$3110.00.

August—Resident hunting and fishing 539; non-resident fishing 16; total fees \$1733.40.

September—Resident hunting and fishing 596; non-resident fishing 5; total fees \$1086.20.

October—Resident hunting and fishing 326; non-resident big game hunting 3; non-resident fishing 18; total fees \$706.65.

November—Resident hunting and fishing 651; non-resident big game hunting 1; non-resident fishing 2; total fees \$1200.95.

December—Resident hunting and fishing 891; non-resident bird hunting 5; non-resident fishing 3; alien fishing 1; resident trappers 24; total fees \$1793.45.

These men met monthly during the year and awarded advancements to scouts as follows: Tenderfoot, 450; second class, 329; first class, 119; merit badges, 630; life scouts, 29; star scouts 10; eagle scouts 15.

## INDICT ATLANTA PRISON OFFICIAL

Assistant Warden Accused of  
Asking and Receiving Bribes  
for Appointment.

ATLANTA, Ga., Dec. 19 (AP)—An indictment was returned here by a federal grand jury late today charging L. J. Fletcher, deputy warden at the federal prison, with asking and receiving a bribe from Emanuel Kessler for appointment as assistant librarian at the prison.

**MEN OF WEALTH GIVE BRIBE.**  
OINCINNATI, Dec. 19 (AP)—An affidavit charging that men of financial influence now serving terms at Atlanta federal penitentiary in connection with alleged bootlegging activities, were given liberties not permissible under prison regulations, was sworn to here today by a former federal prisoner.

The affidavit alleged that George Remus, so-called Cincinnati bootleg king, was among the prisoners given special privileges. The document was forwarded to A. E. Sartain, deputy warden of the prison, to aid his defense in meeting the charges that he accepted bribes.

## HIGH SCHOOL DEBATORS WOULD ARGUE ON RUSSIA

Question of Recognition of Soviet  
Government Is Proposed for Inter-  
scholastic Meet.

A meeting of the high school debating club held Thursday evening at the high school building was devoted to an informal discussion of the question now being studied, "Resolved, That Congress should be Given the Power to Regulate Child Labor." The meeting was in charge of B. J. Bingle. Time also was given to consideration of the method of debating. Decision was reached on the question of the inter-school debates to be held in February. Subject to approval of Pocostello and Boise, the other contestants, the battle will be fought on the question: "Resolved, That the United States immediately recognize the Soviet Government of Russia." Announcement is made that the try-outs will be held immediately after the holidays for the selection of the affirmative and negative teams of the local school.

## GIRLS SCHEDULE TOURNEY

Selection of High School Team To Be  
Preceded by Series of Interclass  
Basketball Contests.

Basketball teams have been chosen from among girls of each class in the high school and games will be played between the sophomores and juniors Monday evening and between the freshmen and seniors Tuesday evening after school. The winners will play. Senior class captain is Flo Cook; junior, Ruby Finch; sophomore, Beulah Selk; freshman, Elma Rowley. Those showing the greatest individual ability will be chosen for the school team. Miss Olive Henders is the coach.

## QUEEN FOR DOG DERBY

Association Directors Decide Idaho  
Girl To Be Selected Must Reign  
Over Annual Classic at Ashton.

The annual American dog derby to be held at Ashton, Idaho, on February 23, must have a queen to reign over the race, to award the prizes and to be the official dictator of the social functions, according to decision reached by directors of the American Dog Derby association, who have worked out plans for selection of the queen from among Idaho girls by means of competition. Expenses of the queen and her chaperone from their homes to Ashton and return, are to be paid by the association.

**Sparks Burn Roof.**—Sparks falling on the roof started a blaze at the home of Verne Goodrich, 446 Second avenue east, Friday night at 11 o'clock and did slight damage before it was extinguished by the fire department.

## NEW TROOP ORGANIZED

Twenty Boys of Bickel School Members  
of Twin Falls New Scout  
Unit; Woodmen of World Sponsors.

Boy Scout Troop No. 11 in Twin Falls, with about 20 boys of the Bickel school enrolled as members, has been organized with Twin Falls camp, Woodmen of the World, as sponsor. F. Douglas Hawley, district scout executive, stated Friday, W. W. Frantz, a member of the camp, is scoutmaster for the troop and the camp's scout committee is composed of Harold Daly, George Tois and A. D. Bollamy.

## RECORD CHANGE IN NAME

Copy of Court Order Granting New  
York Family New Name Put on  
File Here.

Certified copy of the order of the New York supreme court in the borough of Queens, New York city, permitting John and H. Etta Reidenbach and their son, Robert Ray Reidenbach, to change their family name from Reidenbach to Reid, has been placed on file in the office of the county recorder here. The order was issued in October, 1918, and it was stipulated that copies should be submitted to the local draft board and adjutant general's office. It was filed here because of real estate holdings of the family in this county, it was stated at the recorder's office.

## HUTSLER DENIES GUILT Doughtnut Maker, Charged With Grave Offenses, Pleads Not Guilty and Awaita Hearing.

Joe F. Hutslar, on arraignment Friday before Justice of the Peace W. S. Mallory, pleaded not guilty to charge of committing an assault with intent to commit a statutory offense. Hearing in the case was set for Monday next. Hutslar was admitted to bond in the sum of \$3000, which had not been furnished Friday evening, and he was held a prisoner in the county jail. Punishment on conviction of the offense with which Hutslar is charged involves imprisonment in the state prison for from 1 to 15 years.

Hutslar was taken in custody Thursday evening at his "doughnut shop" on Second avenue north, after he had attempted to reach a gun when Chief of Police P. O. Horniman arrived to arrest him.
