RECEIVER NAMED IN BOISE CASE

Allan Stein Wanted on Charge of Forgery as Result of Fraudulent Mortgage Deals.

BOISE, Jan. 10 (AP)—John St. Clair Sturday was appointed receiver of the Edward T. Stein company, realtors, by Judge James E. Burke, on petition of Rachel Stein, who in her complaint said she is acting in behalf of stockholders and creditors of the company.

The corporation, Mrs. Stein says in her complaint, is insolvent. It owns considerable property, the complaint says, but its exact character and extent of its assets is unknown to the plaintiff. Its business and affairs have been handled carelessly and with indifference to the rights of stockholders and creditors.

She asks that the receiver wind up the affairs of the corporation and available today on the extent of the loans to creditors, and none will be forthcoming, according to Ira E. Barber, counsel for the receiver, until the books have been thoroughly checked.

To Start Audit "We will start an audit at once," Mr. Barber continued. "Things are in such confusion that a great amount of work will be necessary to untangle them."

The stenographer now working in the office is fairly familiar with the company and she said Mr. Stein will go as far as they are available. Of course, we know nothing of the extent of the debts and claims, nor of the number affected.

"We have received many requests for information as to the status of their investments from persons whose names they find are handling and often from those for whom rents were collected. It is safe to say, however, that the loss will fall chiefly on the stockholders, and that some members of the Stein family."

WASHINGTON CASHIER ENDS LIFE FOLLOWING DEPOSITORY'S FAILURE

OLYMPIA, Wash., Jan. 10 (AP)—C. Van Slyke, cashier of the Citizens and Merchants bank of Chehalis, Wash., drove his automobile off the Chehalis river bridge early today and was killed. He was found floating in the river, and his death was attributed to a fall from the bridge. The bank was closed by a state examiner.

GOVERNOR DAVIS IS ACCUSED OF PRISON BRIBERY

Affidavit of Convict to Newspaper Tells of Kansas Executive's Attempt to Get Money for Pardon.

KANSAS CITY, Jan. 10 (AP)—Glenn A. Davis, tailor instructor at the Hutchinson, Kansas, reformatory, related in an affidavit made public by the Kansas City Journal-Post here tonight, that Governor Jonathan M. Davis of Kansas, refused his request for a pardon from the Kansas state penitentiary after he had rejected a request of the governor's agent in an attempt to collect \$1250 bribe from Fred W. Pollman, who sought a pardon from the governor. He was convicted of forgery in connection with the failure of the Ledyngo, Kansas, bank.

To Governor's Office On December 18, 1924, the affidavit states, Glenn A. Davis went to the governor's office in Topeka and asked for a pardon. "What are you going to do for me?" the governor is quoted as asking. "I replied," Glenn Davis' statement is concerned — as a tempt in a test, "that I couldn't do anything but all that I didn't have any money except my monthly check for \$100."

The governor told me he was hard up—that he was in a worse fix than I was, the affidavit continued. He said one favor calls for another and he told me that maybe I could do a little something for him.

"I told him I was sorry—that he should have told me a year ago when I was up for parole and had plenty of money."

Leave Mansion "He asked me if I was sure I did not have money. We walked out of the governor's mansion and I bade him good night."

**SILK STOCKING INDUSTRY GROWS**

Shop Girls of Ireland Responsible for Boom in Artificial Silk Manufacture.

LONDON, Jan. 10 (AP)—The little shop girls of Ireland are responsible for a boom in the artificial silk trade that is one of the bright spots in the business life of the island. The manufacturers of a new process of weaving artificial silk materials, an industry started long before the war, are now banking fatest dividends because the girls in the shops and offices and even schools, are no longer content to wear the cotton stockings and cotton hosiery which they displayed before and throughout the war. Their aptitude for style changing which in America, could make and unmake fashions overnight, moves slower in England, and a year or so ago the English girls found that much of their social standing was based upon silk stockings. The manufacturers of the artificial silk then responded their mills, closed by post war dormancy, and have kept the factories working overtime producing

# GERMANS SEEK FORMER LANDS

## African Official Warns Against Scheming of Former Enemies of England.

CAPE TOWN, Jan. 10 (AP)—Germans are scheming to win back their colonies in South Africa, and according to Dr. Fogarty, Anglican Bishop of Durban, land, South-West Africa, will virtually be restored to them if certain political proposals are adopted. The Bishop's correspondent quotes the Bishop as saying: "If General Hertzog, the prime minister for entire self government, and we have a legislative body composed of elected members, you can safely say that every member of the house will be a German. In that event it is easy to imagine the strings being pulled in Berlin, and the result would be equivalent to handing South-West Africa back to the German people."

Former German properties in the Cameroons, West Africa, were offered for auction recently and realized \$1,125,000. Protest was made at the beginning of the sale that such lands should not be allowed to revert to German ownership, but the auctioneer said that former enemy subjects would be allowed to bid. The bulk, however, was taken by a British subject, who said, although he had bought them for speculation, he did not intend to resell them to Germans.

# ECZEMA SKIN IS HEALED BY THIS SULPHUR

Any breaking out of the skin, even fiery, itching eczema, can be quickly exposed by applying Marmol's Sulphur—a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment without delay. Eczema from skin trouble should obtain a small jar of Marmol's Sulphur from any good drugist and use it like cold cream.—adv.

**Gas Meter Most Accurate.**

Put 100 of the best watches against 100 gas meters in a test for accuracy, exposed to the same varying conditions of heat, cold, humidity, and the meters will win out every time, says a bulletin. The gas meter is regarded as one of the most accurate measuring instruments in use today. Like the watches, they survive in parties railroad stations and fair grounds, the meter will not operate unless something goes through it. The mechanism is not set in motion and the indicator does not move except as gas passes through and makes them move. It is interesting to know that the original mechanical principles adopted in 1844 for the correct measurements of gas still prevail, and that while hundreds of instruments have endeavored to discover something better, they have improved upon details only.

## Simple Way to Take-Off Fat

Can anything be simpler than taking a convenient little tablet four times each day until your weight is reduced to normal? Of course not. Just purchase a box of Marmol's Dietetic Tablets from your drugist for one dollar, and start now to reduce. Follow directions—no starvation dieting or rigorous exercising. Eat substantial food, be as lazy as you like, and keep on getting slender. Thousands of men and women each year regain health, and their figures by using Marmol's Tablets. Purchase them from your drugist, or send direct to Marmol's Co., General Motors Bldg., Detroit, Mich.—adv.

## KIMBERLY

Mr. and Mrs. T. E. Wilson were hosts at a seven o'clock dinner party on Thursday evening at their home. # NEW OFFICIALS TO TAKE POSTS

## County Commissioners and Probate Court Offices to Have New Incumbents.

Twin Falls county officials who were elected November 5, last, will enter upon their official positions Monday morning, January 13. Although there are but only a few changes in the official family, the terms of all incumbents with the exception of C. C. Sigurd, clerk of the district court and county auditor and recorder, expire at this time.

New officials include all of the members of the board of county commissioners, county judge and county auditor.

W. F. Erickson of Kimberly, who previously has served two terms as county commissioner; A. E. Kins of Hildreth, and Ivan G. Jansen of Twin Falls, are the commissioners-elect who are to succeed J. D. Barabart of Kimberly; T. C. Conner of Filer, and O. E. Carlson of Twin Falls.

J. Lawrence Hingst of Twin Falls is to become probate judge succeeding O. J. Powell, who served in that capacity for eight years and last November was elected state auditor from this county. Harold W. Merritt of Twin Falls, is the county auditor-elect.

Other county officials whose terms expire Monday, but who were re-elected to succeed themselves, are J. W. Taylor, attorney; Mrs. E. H. Kins, clerk of probate; S. Claud Stewart, assessor; M. E. Finch, sheriff; Miss Charlotte Pondy, superintendent of public instruction; P. J. Grossman, coroner.

Office of office probably will be administered by the chairman of the board of commissioners or be selected Monday. Only one change in the personnel of agencies employed has been announced. Miss Margaret Black, stenographer in the office of the county commissioners and county agricultural agent, is to be stenographer of the probate court, succeeding Miss Helen McKinley, who has accepted employment in the office of a local attorney.

the legislature for service and are willing to work wherever they can do so.

## Considers Qualification.

In discussing his appointments Speaker Gillette said:

"In consideration was the qualifications of an applicant for membership on a committee and remembering this I placed him where I thought he could best serve the interests of the state."

Leadership of the appropriations committee, considered by legislators to be the most important in the house, went to Frank H. Stearns of Twin Falls, a colleague of Mr. Gillette. His other colleague, E. B. Brooks, received the chairmanship of the committee on irrigation, reclamation and conservation.

State affairs, another important committee, is headed by R. W. Katernadahl of Clark county.

Mr. Katernadahl, a member of the 1923 session and a member from Kootenai county, this year, heads the judiciary and revenue and taxation committee.

# WOMAN MAY BE FEDERAL JUDGE

Mrs. Mabel Walker Willebrandt, Assistant Attorney General, considered for Court.

WASHINGTON, Jan. 10 (AP)—Selection of Mrs. Mabel Walker Willebrandt, assistant attorney general in charge of the bureau of women, for the position of federal judge in the controversy over the federal district judgeship in northern California is under consideration by President Coolidge.

This became known today after Mrs. Willebrandt had been summoned to the White House for a conference with the chief justice. Soon after her departure, Senator Shortridge, republican, California, called to renew his recommendation for the appointment of Mrs. Willebrandt to San Francisco, now a member of the United States senate. Mrs. Willebrandt's only comment was that the appointment would be very gratifying to her.

## Underwood Measure to Fight for Its Life When Amendment Comes Up.

WASHINGTON, Jan. 10 (AP)—The Underwood Muscle Shoals bill will engage in a battle for its life next week when it meets the Jones amendment to refer the problem to a commission. This amendment, presented by the republican, is regarded by senate leaders as the strongest obstacle to the measure's final passage and they all admit that the vote will be close. A final vote is not later than Tuesday is now the aim of the leaders.

Efforts to get a final vote today failed and Senator Norris, republican, Nebraska, who has led the fight against the Albatross amendment, blocked attempts by Senator Curtis, republican leader, to fix a time for a vote and to limit debate. The Nebraska senator was ready for a vote but he refused to enter into an agreement because something might arise which would end discussion.

# OPERA Theatres

**ORPHEUM**  
"The White Moth," a First National picture at the Orpheum theatre offers exceptional screen entertainment and marks a signal achievement for Maurice Tourneur, the director, and the cast which has acted in it. It is a beautiful, fantastic, absorbing piece of cinema entertainment replacing around the eye night life of Paris and the wilds of mystery in New York.

**IDAHO**  
Elsewhere in these columns you will find an even better deal. You will find it very interesting reading as it lists the coming attractions to the finest theatre in the middle of the state during the first half of next Monday's show. This is a brand-new picture from Paramount featuring Bebe Daniels as Little Miss Bluebeard, and comes from the pen of Avery Hopwood. An Our Gang comedy, "The Big Town," and the new weekly are on the same program.

# BANK MEASURE DEBATE ENDS

## House Completes General Consideration of Bill; Hope for Action Tuesday.

WASHINGTON, Jan. 10 (AP)—The house completed general debate today on the McFadden banking bill and considered several amendments under the five-minute rule which opened them to immediate consideration. However, to reach a final vote on a leaders had planned and the measure will be taken up again on Tuesday.

Sharp differences of opinion developed during the debate, particularly among the democrats, as to the advisability of amending the bill. Representative Stevenson of South Carolina, democratic member of the banking committee, joined with Chairman McFadden, author of the proposal, and other republicans, in advocating its passage while Representative Steagall of Alabama, Goldwater, Maryland and Black of New York, democrats led in the attack.

**Branch Banks.**  
Most of the discussion centered on the sections which would permit national banks to maintain branches in cities where the parent bank is located wherever state laws accorded branch banking privileges to state institutions.

Notice was given by Representative M. D. Hull, republican, Illinois, and others that they would seek when consideration of the bill is resumed, to amend the branch bank provisions. Mr. Mark also announced he would offer a number of amendments sponsored by George McLaughlin, New York state superintendent of banks. Declaring his opposition to the principle of the bill, Representative Wingo of Arkansas, republican, democrat on the banking committee, said he saw little possibility of preventing its enactment. He criticized its branch banking features and declared Congress should pass legislation prohibiting branch banking at a date within a decade.

# AN OPEN LETTER

TO THE PEOPLE OF TWIN FALLS AND SURROUNDING COUNTRY:

Joe-K. Says: Dear Friends—

Imagination either lands one in trouble or takes one to the heights. It is optional with the possessor. Eh, what?

It is now ten months since I landed in your midst and I have endeavored to gain your confidence. Right after I landed I made many promises relative to what I was going to do with the Idaho Theater. A great many of you placed your faith in me and I hope that I have not betrayed that trust.

The three essentials of faith are belief, understanding and acceptance. Your belief and understanding made you accept me at face value and I assure you one and all that it has been one of the greatest pleasures of my life to have had the opportunity of entertaining you, and I trust that I shall be able to continue to merit your patronage.

There is a reason for everything! When seeking a recipe for a "short cut" remember: Books on success are usually written by "life's failures" and hair-tonics are sold by bald-headed barbers.

Any mistakes that I have made have been of the head and not of the heart and as I expect to be with you for a long time I will perhaps make more mistakes, for I know that you don't expect me to be infallible, for if you did, you would have as much right to ask, "Why should a doctor be sick?" I don't see any sense to it. He's right with himself all the time.

I have made many improvements around the Idaho Theater, the principal object of this was, "Always the Best for the Idaho Guest, Always." Some more improvements will be made this summer.

My one and only stock in trade is clean, wholesome entertainment—the best the market affords. In buying pictures, my slogan is: "It must be good enough for my mother, wife, sisters or children to see to be good enough for the other fellow's mother, wife, sisters or children to see." With this uppermost in my mind I offer the following programs for your consideration:

RELIEF REPORT NOT YET READY

President's Agricultural Commission Expects to Complete Cattle Inquiry Monday.

WASHINGTON, Jan. 10 (AP)—The president's agricultural commission today completed its first week of study of the livestock industry, but tonight was not ready to present to Mr. Coolidge recommendations for relief legislation. Chairman Carey expected the report would be drafted Monday.

Cattlemen and commission house representatives, who included Robert C. Brown, of Chicago, president of the National Livestock Exchange, J. C. Swift of Kansas City, and others, told the commission the most serious means of relieving the situation.

Editor Twin Falls News, Dear Sir: We have a book I would like to see published. It is a book on the subject of irrigation.

It is now admitted that this four-year fad is on the wane. At its de-pure will it leave us a nation of Chesterfields.

It is the biggest single tax-paying institution in Twin Falls County, as well as the County's biggest paymaster, during the annual campaign.

to get the factories in here most essential to our farming community. We have a packing plant, a sawmill, a flour mill, a cannery, a tannery, and a number of others.

We have a large amount of power available in the Twin Falls-Cannal company and some to private parties, which is available at a very small cost.

We have approximately 200,000 acres under the Twin Falls canal and 75 cents on top of our regular maintenance for two years.

Some of my friends have asked me about the Idaho Power company. I may say this, if we get those institutions we need, the Idaho Power company will be greatly benefited.

Brother farmers, I wish you to study this matter over and give your opinion either in the daily paper or at our annual meeting on January 13.

Respectfully yours, PETER LANK.

# BOARD ACCORDS ITS SANCTION TO DOCTORS' RULES

## County Commissioners Approve Bylaws for Hospital Staff Under New Standardization Program.

Twin Falls county commissioners, by two to one vote, Saturday afternoon approved by-laws recently adopted by Twin Falls county physicians for regulation of the attending staff. These by-laws provided for the standardization of the institution in accordance with recent action of the commissioners. The board of the hospital prior to their adoption, but were first adopted by a majority of the board, and then placed on file by the clerk, so that if, in the minority's opinion, they were not an opportunity to read or examine these regulations before they were voted upon.

### No Protesters Present.

J. D. Harshbarger, chairman of the board, stated that the proposed by-laws were presented at 10 a. m. by Dr. George Healey of Kimberly, the board's approving being voted at 2 p. m., after the by-laws had been read by C. G. Higgins, county recorder.

Members of the incoming board of county commissioners were present during the afternoon session when action was taken on the by-laws.

No protesters against the approval of the by-laws appeared before the board at this time, and no additional protests were filed.

The by-laws provide for division of attending staff members into two classifications, 1. Hospital attending staff, consisting of "those physicians legally qualified to practice medicine and surgery, residing in and practicing in the county of Twin Falls, Idaho, who are members of this organization have signified their desire to become members of the staff and have signed an agreement to abide by them." 2. Visiting staff, consisting of "those physicians practicing in nearby counties who shall be admitted to membership in the same way as those members of the regular staff, except voting privileges."

### Monthly Meetings.

Monthly meetings of the staff are to be held on the second Tuesday of each month. The purpose of these meetings is to discuss the business and analyzing the clinical work of the hospital. Members of the visiting staff are expected to attend all meetings in which their patients are to be discussed and as many other meetings as possible.

The by-laws incorporate "in order to define and standardize the work of the staff," the following rules:

- "1. The hospital shall admit and treat all diseases except such cases as the executive staff may specify as being incommunicable.
- "2. No pay patient is to be sent to the hospital except in case of emergency, without a proper admission by the attending physician and the consent of the superintendent. In case of emergency the provisional diagnosis shall be given and the admission as complete as possible. Physicians shall be held responsible for giving the hospital such information as will enable the administration to protect the public from those who are dangerous or suffering from contagious disease.
- "3. Laboratory tests shall be provided by the hospital in such cases as may be designated by the board of county commissioners and the regular staff of the hospital.
- To Facilitate Work.
- "4. Routine orders shall be worked out by the staff wherever possible so as to facilitate the work of the hospital. These routine orders shall be signed effective when so ordered by the superintendent.
- "5. Special orders shall be in writing and no verbal orders shall be carried out by any nurse or attending physician. Telephone orders may be given to persons designated by the superintendent. The person to whom they are given shall give their orders and sign them and the physician shall check them and add his initials at his next visit at the hospital.
- "6. As far as possible the use of the hospital shall be restricted to those who they are considered necessary by
