PRICE FIVE CENTS

WOULD INCREASE PAY OF IDAHO'S STATE OFFICIALS

Bill Introduced in Senate by Callahan Seeks to Raise Salaries of Commissioners to \$3600 a Year.

BOISE, Jan. 13 (AP)—A bill to make the salaries of commissioners of all state departments \$3600 per year was introduced in the senate of the eighteenth state legislature by Callahan of Shoshone this morning. The measure repeals a section passed two years ago which made the pay of the commissioners of public welfare, law enforcement, agriculture and investments \$3000 per annum.

The senate session this morning lasted but a few minutes. Announcement of committee meetings and the signing of H. B. No. 4, providing for an extension of time until March 15 for the signing of 1926 automobile licenses were the only things to come before the upper house.

Invited to Caldwell. Legislators were invited to attend a meeting of the Agricultural Club at Caldwell Friday night. Special excursion cars have been arranged for to handle the lawmakers that make the trip.

The senate adjourned until 10 o'clock tomorrow morning.

Governor C. G. Horne advised his signature today to house bill No. 4, providing for 1926 automobile licenses. The measure was introduced in the lower house of the legislature last Friday by Rigler of Kootenai and passed the same day.

It is in accordance with recommendations made by E. A. Jeter, commissioner of law enforcement, for the better of automobile owners and will be followed by other bills concerning further recommendations of the commission. Among these are a flat fee of \$22.50 for license and "dead wagon" used by haulers and a reduction of the fee on Ford light delivery trucks from \$22.50 to \$15. This latter recommendation is because owners prefer when they had to pay a fee of \$22.50 for a light car which, because it had a small box on the rear for carrying merchandise, was classed as a truck. The law, however, defined a truck and the commissioner had to order the fee collected. It is proposed in the new law to have this class of car remain a truck but change the weight requirements so that it will come in the \$15 fee classification.

Pass Resolution. After some debate the house this morning introduced and passed house concurrent resolution No. 3, authorizing the employment of an attorney and stenographer to draft bills. The attorney is to receive \$1000 and the stenographer \$5 a day. The resolution

UTAH GOVERNOR URGES ECONOMY

Chief Executive of Neighboring State Asks Legislature for Reduction in Expenses.

BOISE, Jan. 13 (AP)—High economy was the keynote of the address by Governor George H. Dern to the sixteenth Utah legislature here today. The governor, a democrat, praised the preceding republican governor for his economy moves, and said he hoped it would continue. Governor Dern said he was in favor of the child labor amendment to the constitution of the United States and urged that the legislature act on it. He also declared against what he termed "excessive enactment of law." "It is as important to prevent surplus legislation as it is to pass meritorious bills," he said in this connection. "The Utah people are overburdened by surplus laws," he said. Governor Dern said that the legislature should be made up of men who are not only able to get above those of party, "but to labor to common ends and give the state the best service that we are capable of giving," he said in conclusion.

SENATE APPROVES BILL SETTING ASIDE MONEY FOR INAUGURAL PLANS

WASHINGTON, Jan. 13 (AP)—The senate today approved the appropriation of \$100,000 carried in the first deficiency bill to meet the expenses incident to the inauguration of President Coolidge on March 4. Although President Coolidge has again declared himself against an elaborate inauguration, plans which have been drawn up by the District of Columbia committee in charge of arrangements, will make the affair as colorful as it has been in former years. Mr. Coolidge today informed W. T. Gallier, chairman of the committee, that the simpler the ceremonies, the better he would like to see them. All plans for a special reception in the evening. He did not disapprove, however, a privately conducted charity ball.

SIGN PROTOCOL ON WAR CLAIMS AT PARIS TODAY

Delegates to Finance Ministers Conference to O. K. Document Setting Out Amount of U. S. Damages.

PARIS, Jan. 13 (AP)—The protocol embodying the accord reached by the United States and Great Britain to settle the claims of the American army of occupation and war damage claims to the United States will be signed at a plenary session of the allied finance ministers' conference tomorrow morning. The document consists of 25 typewritten pages, but only two pages are taken up with what is referred to in the settlement with the United States which occupied five out of seven days of the conference. Experts still are engaged in making eleventh hour changes for the final draft which will be submitted for signature tomorrow.

The definite and final provisions include payments to the United States of 55,000,000 gold marks yearly, beginning September 1, 1926, this amount to apply on the occupation costs; the United States to share in the Dawes annuities at the rate of 2 1/2 per cent, beginning September 1, 1926, and the 1924-25 payments to amortize the war damage claims which will not exceed \$350,000,000; immediate release to the United States of \$14,725,154 now in the federal reserve bank, where it was deposited by allies under the Wadsworth agreement.

The United States agrees to waive any claim under the Wadsworth agreement of May, 1923, and also agrees that the 2 1/2 per cent shall not apply on payments made on account of reparations by any former enemy power other than Germany. The payments against the American occupation costs have priority in the case of the Dawes annuities after the expenses of the inter-allied Rhineland commission, the inter-allied military control commission and the reparations commissions have been paid. The United States will have an express reservation as follows: The allied government cannot insist any other item in the priority clauses hereafter without the consent of the United States.

SECRETARY WORK ASKS STATES TO AID

WASHINGTON, Jan. 13 (AP)—Governors of 13 western states to which the federal reorganization program was invited today by Secretary Work to appoint a representative each to assist the two committees which before March 1 will begin a survey and reappraisal of the project in order to readjust construction costs. The committees will be headed by former Governor Campbell of Arizona, and Dr. John A. Wildcat of Utah. The secretary asked the governors to designate men "whose affiliations would not prejudice them from making an impartial investigation of conditions with appropriate reports and recommendations." "The thought which has been uppermost in my mind," Secretary Work said, "is to introduce the element of cooperation with the state in the operation of this project. It is the working out of plans for affairs in the future which is the important factor in promoting the success of reorganization and honest efforts are being made to end the interest and assistance of the people of the United States on a sound and satisfactory basis."

U. S. UNDERSEA CRAFT ASHORE FORTY ABOARD

Coast Guard After Many Efforts Manages to Come to Rescue of Stranded Submarine; Crew Reported Safe.

CHATHAM, Mass., Jan. 13 (AP)—The stranded U. S. submarine S-10 was hoisted shortly before 6 o'clock by Capt. Abbott H. Walker and his crew from the Naugatuck coast station. They reported that the 40 men on the submarine were comfortable and could pass the night there in safety. The men of the Naugatuck station early in the day launched a boat and caught their way out through the surf to within a hundred feet of the distressed craft, reported that the waves captured them. They regained the shore and tried again. This time their boat was smashed. All of the coast guardmen made their way to ashore.

Failing to rescue the submarine's crew in this manner, repeated unsuccessful attempts were made to shoot blue across her. The tide was full early this evening. When it has dropped to dead low, the combined crews of the Cuttbow Hollow and Naugatuck stations will make another attempt to reach the S-10. Those leading the rescue work are no possibility of drawing off the submarine before tomorrow. The surf was still running high although the wind was favorable. There have been no signs of the vessel breaking up and the danger of its crew was apparently no greater tonight than when it piled up on the shore.

SECOND VICTIM

ESTES PARK, Colo., Jan. 13 (AP)—The icy heights of Long's peak tonight had claimed a second victim, it was believed when they returned after a day spent ploughing through snow banks in precipitous mountain passes in search of Herbert Sorland, employee of Long's peak inn, lost last night. Sorland became lost when he turned back from a searching party going in an attempt to rescue Miss Agnes Valle, secretary of the Denver chamber of commerce, who later was found frozen to death.

Canal Company Directors All Re-elected; Exchange Fight Feature of Session

T. M. Baird Receives Highest Vote in Balloting for Officials at Annual Meeting; Five to Resume Office.

WASHINGTON, Jan. 13 (AP)—The senate today passed the first deficiency appropriation bill for this year, carrying \$150,000,000 for which \$150,000,000 is to be used for tax refunds. A sum of \$2,600,000 was added by the senate to the measure as passed by the house. Of this amount \$200,000 was approved for use on the Yuma, Arizona, irrigation project or the motion of Senator Cameron, republican, of that state.

RESULTS OF VOTING ON CANAL COMPANY BOARD. T. M. Baird, Twin Falls, 109,445.68; N. V. Sharp, Elmer, 108,716.04; Wm. Cunningham, Buhl, 104,547.04; C. J. Miller, Castleford, 100,555.05; Frank Dwyer, Hockley, 99,598.06; W. W. Ginter, Hazzard, 84,143.53; H. J. Koenig, Hazzard, 12,249.02; W. S. Barlow, Twin Falls, 70.22.

Collapse of an attack upon certain members of the board of directors who were alleged to have failed to concur in taking the necessary steps to protect the company's rights with regard to exchange last year by upper Snake river users of natural flow for storage water in Jackson Lake reservoir, was the outstanding feature of the annual meeting of Twin Falls Canal company stockholders held here Tuesday. The collapse was complete with regard both to the attack made upon the floor of the meeting and in balloting.

All five members of the present board were re-elected. T. M. Baird, member of the board and also of the committee of nine which adopted the exchange plan, and who told the stockholders at this meeting that he would accept responsibility for any mistake on the part of the board in this regard, received the highest vote of five candidates, leading N. V. Sharp of Elmer, who ran second, by nearly 1000 votes.

804,686 Votes' Cast. A total of 804,686 votes was cast which was nearly 100,000 more than last year, and is believed to have set a new record. The votes cast this year represented 121,333 acres out of approximately 220,000 acres under the Twin Falls irrigation system, each of which is entitled to one vote for each of five candidates for director. The meeting is believed also to have set a new attendance record, however.

(Continued on Page 4, Col. 2)

BRIGHT FUTURE FACES INDUSTRY SHEEPMEN HEAR

Thirty-Second Annual Meeting of Idaho Wool Growers Association Ends at Boise; Conditions Promising.

BOISE, Jan. 13 (AP)—Predictions of a rosy future for wool and sheep industry were made at the closing session of the thirty-second annual meeting of the Idaho Wool Growers' Association at the Oryzae hotel today. Plans for financial aid all along the line, ever before the fleece is cut, were offered the growers and a splendid scheme for co-operative marketing already is in effect, they for the asking.

The association went on record as approving the Phipps bill to regulate charges for grazing on national forests, for the immediate repeal of the state bounty law and for co-operation with the federal government in extending predatory animal, favoring a plan of co-operative marketing and approving the Gooding long and short haul bill.

Officers to be elected

But few of the resolutions provoked discussion, the members pruned off appearing to be of one mind relative to those things which affected their industry. The old officers were re-elected for the new year. Practically every outside speaker took occasion to compliment the president, Clyde Bacon, and Frank Hagenbarth of Salt Lake, president of the national association, on their work accomplished for the organization and resolutions thanking Mr. Bacon, Donald McHenry, secretary to Mr. Bacon, Mr. Hagenbarth and E. H. Marshall, secretary to Mr. Hagenbarth, for their contributions to the success of the state and national organizations, were passed.

Urged to Subscribe

Resolutions urging all growers to subscribe for the National Wool Growers, the official organ of the association, and pressing the organ, were passed.

The organization went on record as approving co-operative wool marketing and urging the Idaho association to devise some scheme under which Idaho wool growers may establish a co-operative marketing system to be applied to wool produced in this state, favoring emergency legislation whereby the bounty law which provides for a payment of bounty on predatory wild animals may be immediately repealed; opposing the child labor amendment; opposing the Phipps bill which regulates grazing fees on national forests; recommending that uniform quarantine regulations be agreed to by the federal government and the various states.

DAVIS PARDONS TO BE PROBED

Attorney General of Kansas to Examine Laws in Effort to Recall Governor's Reprieves.

TOPEKA, Kansas, Jan. 13 (AP)—Pardons and paroles issued by former Governor Jonathan M. Davis in the closing days of his administration may be demanded, it is believed, if they were obtained by fraud. It was announced tonight by Attorney General C. B. Griffith. The attorney general said his assistants tomorrow will begin an examination of the laws of the state to determine if pardons and paroles illegally obtained may be cancelled.

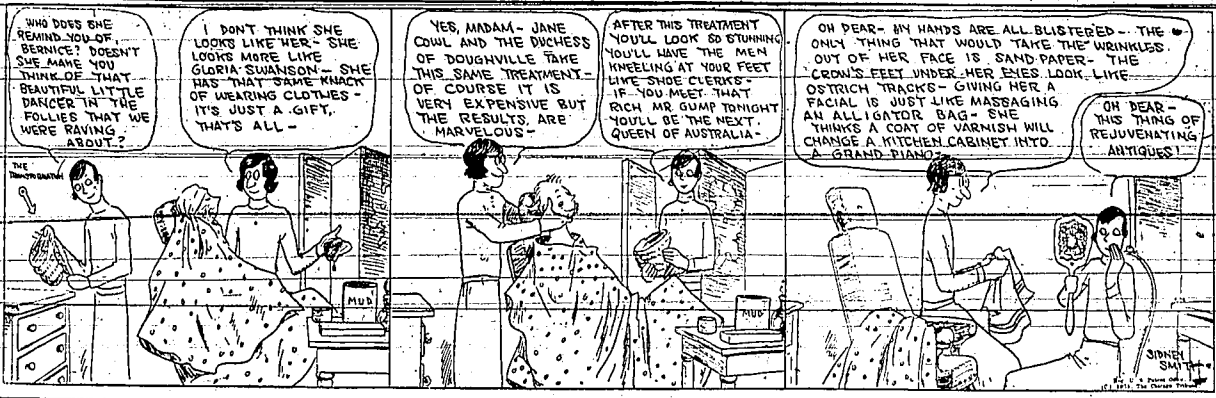

Begin Work. J. E. Wilson of Lawrence, appointed special assistant attorney general, today began the review of the laws of the state now in force. Former Governor Davis's son, Russell G. Davis, and Davis's son-in-law, J. E. Wilson, arrived here today and were assigned to take charge of the new state of the attorney general's office. The attorney general's office is now in session. The attorney general's office is now in session. The attorney general's office is now in session.

THE GUMPS - THE MUDSLINGERS

HOG SHORTAGE
FACES NATION

Government Survey Shows
Condition Will Be Acute in
1926; Reduction Predicted.

WASHINGTON, Jan. 13. (AP)—A hog crop this year as small as any year in the last ten years and an "acute shortage" of hog products in 1926 were indicated in a December 1 survey as announced today by the department of agriculture.

The survey showed that sows farrowed last fall were 25.2 per cent fewer than those farrowed in the fall of 1923, but the decrease in pigs was only 2.2 per cent due to a higher average saved per litter. In the corn belt, the decrease in sows farrowed was 36.9 per cent, but in pig production it was only 2.4 per cent. Decreases were smaller in other sections of the country.

The department estimated the number of sows to farrow next spring in the corn belt will be reduced 15 to 25 per cent with similar decline for the country as a whole.

The reduction of the fall crop of pigs in the corn belt followed a decline of more than 17 per cent in the spring crop reported in a survey last June and the year's crop in the section was estimated at 19 per cent less than the 1923 crop.

Despite the smaller crop the movement of hogs to market was almost as large as during the previous year, the department said, and the December slaughter was the largest ever recorded.

"Dixie Land." A monograph in the London Financial Times on the history of the old Citizens' bank of Louisiana, at New Orleans, reveals the origin of the name "Dixie land" as the term applied now to all the southern states and preserved in the famous southern war song, "Dixie." Prior to the Civil war the Citizens' bank, having the power to issue paper notes, issued several millions of bills in denominations of \$10 and \$20, but mostly \$10. The \$10 bills were engraved in French with the French word "dix" featured on their backs. The bills became known as "dixies," and, this money becoming popular, Louisiana was referred to as the "land of the dixies," or "Dixie land." Eventually, the term was so broadened as to apply to all southern states. This seems a very acceptable explanation of the origin of the term, which has been the subject of so much discussion.

"Animal and Blood." The popular belief that blood poisons cause irritation or excitement in cattle has been put to the test. The blood of both horses and cows was brought before the animals, but they remained indifferent or only faintly interested, showing nothing of the reported alarm or anger. It is concluded that the excitement witnessed by the cattle was not aroused by the blood but by something accompanying it, such as the sight of wounded companions, or their cries of pain.

"Simultaneous Ideas." Darwin, originated the natural selection theory of evolution, so far as it might be concerned, but it is a curious fact that by an extraordinary coincidence Alfred Russel Wallace formulated the same theory at the very same time of its utterance by Darwin. Both men published articles presenting their theory in the same number of the Journal of the Linnean Society in 1844.

BENNY LEONARD, world's light weight champion, seriously ill with grippe in New York city, has suffered a relapse.

PROPOSED BANK LAW
MEETS DISFAVOR IN
STATE LEGISLATURE

HOISE, Jan. 13.—The bill for guaranty of bank deposits has not met the popular reception its sponsors expected. Because of the unhappy experience of some of the few states that have undertaken such experimentation, the expense on all for the doubtful benefit of the comparative few, the encouragement to wild banking and the possible striking of all our state banks out of the federal system, the plan has not appealed strongly to the public and this seems to be reflected in the legislative reception its sponsors expected.

STOCK GROWERS
TO MEET TODAY

Twenty-Eighth Annual Convention of Association Opens at Albuquerque, N. M.

ALBUQUERQUE, N. M., Jan. 13. (AP)—Representative livestock growers from western and middle western states were gathering today for the twenty-eighth annual convention of the American National Livestock Association, which will open here tomorrow.

The livestock industry is facing its gravest crisis, according to delegates already here. With prices for cattle around the 1914 level growers point out that they are compelled to pay approximately 75 per cent more than war prices for products used in their business and heavy losses have resulted. As a result many stockmen have given out of business in the last year and more will quit unless some plan for relieving the industry is found, it was predicted.

Committee meetings of executive character were held today.

Expectations Vary
Some expect pearls with their bivalves. Others are gun enough to find the shells well supplied with oysters.—Louisville Courier-Journal.

BARBERRY-ERADICATION
NEEDED TO ELIMINATE
BLACK RUST EPIDEMICS

ST. PAUL, Jan. 13. (AP)—Resolutions warning the public that grain will not be safe from black rust epidemics until common barbary eradication is more nearly complete were adopted Monday by the fourth annual meeting of the conference for the prevention of grain rust.

Congress and state legislators were urged in the resolution to support the anti-barbary work with continued appropriations.

Governor Theodore Christianson of Minnesota, was elected president of the conference. Deas H. L. Bowley of the North Dakota college of agriculture, was named vice president, and Carlton

GOLD SHIPMENTS NOW
BEING MADE EUROPE

NEW YORK, Jan. 13. (AP)—Last week's exports of gold from the United States, approximating \$25,000,000, brought unmistakable evidence that a huge overflow of the precious metal from this country was just beginning. International bankers expressed the opinion that the movement would continue unabated until approximately one-third of the stocks now in American vaults have been distributed to other countries. Authorities agree that the shipments would be beneficial to American trade as well as to the commerce of the world.

Hantao, Minneapolis, was re-elected secretary and treasurer.

No Modern Machinery
Old-fashioned agricultural implements are being used in Sicily because of the conservatism and limited funds of farmers there.

COLD AND SNOW CLAIM VICTIM IN PEAK CLIMB

Man Tells of Woman's Death in Trip to Summit of Mount Tain; Searchers Find Frozen Body.

ESTES PARK, Colo., Jan. 13 (AP)—Walter Kitcher, companion of Miss Agnes Valle, secretary of the Denver Chamber of Commerce, who perished during a perilous climb to the summit of Long's peak Monday, told today the story of hardship and suffering encountered by the daring climbers in arctic temperatures at an elevation of nearly 14,000 feet.

Lying in a bed at Long's peak inn, near here, suffering from frozen feet and hands and suffering from exposure, he told the story of the fatal climb in short terse sentences.

Temperature Drops.
As the couple ascended the east side of the peak late in Sunday, there was a sudden drop in temperature, he said. The thermometer he carried showed it was 50 degrees below zero. The drop in temperature was accompanied by a swirling blizzard that enveloped the pair.

"It was awful," he said. "We decided not to go on as we were going up. We would have to make the descent in the dark. Arrived at the top, we didn't tarry—we started downward immediately.

"We were coming down a slope when Miss Valle slipped. She slid and rolled the feet down before she stopped. She wasn't hurt physically, but after the hardships, it unnerved her. We continued. Finally early Monday morning, Miss Valle cried that her feet and hands were frozen. I can't remember the details, but I tried to carry her and stimulate her for a while, but it was useless. Leaving her propped against the lee side of a boulder, I struck out for the timberline cabin for aid. Just as I managed to get within calling distance, I went down."

Rescue Party.
A rescue party near the cabin heard his cries and came to his aid. He told of Miss Valle's plight and they started upward at once, fighting every inch of the way through a blinding snow storm.

A member of the rescue party, Herbert Sorland, strayed from the party and was lost. "No trace of him had been found early today. Several hours later the rescue came upon the frozen body of Miss Valle.

REINSTATE HEAD OF UNIVERSITY

TOPEKA, Kansas, Jan. 13 (AP)—Chancellor Lindley of the University of Kansas, ousted by the state board of administration under the regime of Governor Jonathan M. Davis, two weeks ago, today was reinstated by the board under Governor Ben S. Paulsen. The order of the board adopted in Governor Paulsen's office late today, makes Mr. Lindley's appointment effective today and rescinds the appointment of L. L. Burdick, who was raised by Governor Davis from vice chancellor to acting chancellor. Mr. Burdick is restored to his position.

Sign Order.
One of those who signed the order was Mrs. Leon R. Cable, who was appointed by the former governor after he had demanded the resignation of William F. Amberson after the latter had refused to vote for the removal of the chancellor.

The New is Made From the Old

New Aztec Breakfast Food also Aztec Pancake Meal is made of the ancient Aztec Indian wheat, which has a tart flavor, does not mill to a flour but mills to a meal. This in the form of a Breakfast Cereal retains its mealiness when cooked, is not gummy, and makes a very palatable food.

Pancake Meal made of this wheat cooks through thoroughly in griddle, cake, or waffle because it is not heavy. It makes a very short and brittle cake.

Ask your grocer for these foods. They are manufactured right here in Idaho.

Aztec Breakfast Food Company
BUHI, IDAHO

WOULD INCREASE PAY OF STATE OFFICIALS

(Continued from Page 1)
bore the name of Robert of Fremont. Democrats and progressives opposed the measure hotly. Charles B. Moody, progressive, of Jefferson county said he ought not to go back to bankrupt sections of the upper Snake river valley if he voted to levy this additional burden.

Thinks it Will Pass.
Counter-voiced the resolution was considered the resolution would pass because he was told by a number of the republican majority yesterday that "the program was arranged, the bill was voted and would be passed down our throats in the morning." He said he was not in the legislature as a partisan and "many of us here were elected by a great number of the people."

The roll call, which was taken soon after the program was arranged, showed that the resolution passed.

At the close of the short session today, Preston O. Oywick, called attention of the members to a recommendation of the budget officer, contained in the printed budget that the \$95,000 appropriated in 1921 for the relief of the Gem irrigation district be returned to the general fund because it has not been used.

This money will be used, he said, to take it while the situation of the district was such that the money might be lost. Now, he said, a contract has been signed with the government for furnishing electric power from the Idaho dam and it will be possible to use the money. It was appointed to drain state lands in the district.

Speakers—Gillis added two members to the committee on roads, bridges and ferries. They are: Smith of Clearwater, and Wolfe of Latah; to the reference committee, and Thoburn of Bingham, and Center of Valley, to the roads, bridges and ferries committee.

T. J. Ryana, elevator man, was sworn in as a house attaché.

During governing the session were adopted by the house this morning in accordance with a report brought in by the rules committee, of which Sumners of Lemhi, is chairman. The rules are the same as those used in the seventh session, except that the time for the introduction of personal bills has been reduced to the first 20 days instead of the usual 45 days. After that time unanimous consent of the house must be obtained before a measure can be introduced.

DAVIS' PARDONS MAY ALL BE RESCINDED

(Continued from Page 1)
The outer petition, it was said, probably has been completed tomorrow Thursday.
Fred W. Polman, former banker at Jayvigne, Kansas, and convicted forger, came to Topeka today and attempted to place his pardon in the hands of Governor Ben S. Paulsen, for action on the certificate refused to accept it.
The Polman pardon and the alleged acceptance of \$1250 by former Governor Davis' son for its delivery forms the basis of bribery charges which the two Davises will face in court January 23, the date set for their preliminary hearing.

MORLEY IS NEW COLORADO CHIEF

Inauguration Ceremonies Held in City Auditorium; Governor Sweet Leaves Office.

DENVER, Colo., Jan. 13 (AP)—Charles J. Morley, republican, became governor of Colorado at 12:10 o'clock this afternoon, and William E. Sweet, democrat, stepped down from the office of chief executive in a most interesting and unfamiliar in most settings. The ceremonies were held in the Denver city auditorium which 7500 persons watched, listened and applauded.

Prior to a joint resolution, members of the twenty-fifth general assembly met on the platform of the great building in a legislative session outside the state house for the first time in the history of Colorado. The session was called to order at 12 o'clock by Lieutenant Governor Robert F. Rockwell and was marked by the singing of "American."

SUES FOR DIVORCE ON GROUND OF NON-SUPPORT

On grounds of non-support, Mrs. Edna Mofford, through Homer C. Mills, attorney, instituted suit in district court here Tuesday for divorce from Sam Mofford to whom she was married June 7, 1910, at Farmington, Utah. She asks also for the custody of their two minor sons, aged two and four years.

SOCIETY AND CLUBS

Edited by
MRS. R. E. WILLIAMS
Phone 596

Mrs. W. H. Merritt and Mrs. Kyle A. Wallis entertained the Women's Club Monday evening at the home of the former. The regular business was transacted after which a program was given on society now. Fifteen different societies are represented in the organization and a representative of each one spoke briefly of the outstanding activities of the chapter to which she belongs. Ladies' night will return soon to be the most popular. A delightful radio concert was enjoyed through the courtesy of Mr. Walter, and at a late hour the hostesses served "delectable" refreshments.

Mrs. S. Struss was hostess to the current events department of the Twentieth Century club Tuesday afternoon. In the absence of the chairman, Mrs. Kennedy Shurt, owing to illness, the short business session will proceed.

Mrs. O. J. Williams, The Department voted to send Mrs. Packard a plant. Each member gave an unusually interesting current event and Mrs. Packard read a story entitled "The Last Speech" which was most entertaining. Mrs. Louis Friedman played several records on the Victrola. During the pleasant social hour Mrs. Struss served dainty refreshments, assisted by Mrs. Friedman. There was a large attendance.

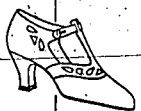

The home of the Rev. Mr. and Mrs. O. D. Harris of the Christian church, was the scene of a pretty wedding Monday evening when Miss Mac Whitt, daughter of Mr. and Mrs. G. W. Whitt, became the bride of George Waddell. They were attended by Miss Althea (White), sister of the bride, and Roland Whitehead. Only the immediate family were present. The young couple are well known in Twin Falls, the bride being a graduate of Twin Falls high school of the class of '22. Mr. Waddell is also well known at Logan, Utah, where he was formerly a student at the state agricultural college. Mr. and Mrs. Waddell left on the evening train for a three weeks' trip, after which they will be at home to their many friends.

Miss Douga Wynne entertained the Tri-C club at her home on Phoenix street Saturday evening. The evening was spent in playing bridge and dancing. Miss Mattie McMaster was high score and Miss Mary Virginia Hart received the consolation. Refreshments were served to all members of the club and four guests, which included the following: Misses Marjorie Woods, Mary Virginia Hart, Marjorie Knafel and Marguerite Thomas.

SPORTSMEN ON RECORD AS TO RULES CHANGES

Fish and Game Association Favors Buck Law and Open Season on Quail; Elects New Officers.

An annual meeting of the Southern Idaho Fish and Game association, held Tuesday evening in the Elks' club and attended by about 50 sportsmen of this region, recorded its views with regard to proposed alteration of fish and game laws and regulations, and recommended:

1. That Rock creek be permanently closed above the forks and below that point; that Snake river be open below American Falls; that all canals and reservoirs be open for fishing.

2. That killing of only duck be permitted.

3. That protection now given to deer be extended to bear.

4. That open season for hunting pheasants be confined to the months of November and December and that the bag limit be made three cocks and one hen, instead of the present limit of "four pheasants."

5. That an open season of the first 15 days of November be provided for hunting quail, in Twin Falls county, as a means of scattering increasing flocks with view to improvement of the birds and with the understanding that the open season might be closed before expiration of the 15-day period if it were found that the objective sought had been attained sooner.

Minister Chosen President.

The Rev. Arthur G. Pearson, pastor of the First Presbyterian church, was elected president of the association for the coming year, to succeed W. H. Probe, retiring president, and other officers were elected as follows: Vice president, Alvin Harbort, secretary, Charles P. Larsen, treasurer, H. B. Grant, directors, one year, Dr. Oliver Harstad, two years, W. D. Smith, three years, W. H. Priole.

Constitution and by-laws reported by committees previously designated for this purpose, were adopted by the meeting.

CHRISTMAS SEAL SALES BUILD MILK FUND DRIVE

Committee Checking Up Results Finds Indications of Successful Appeal to Health Campaign.

The committee in charge of the annual Christmas seal sale is checking up on the results of this year's sales. Returns are not all in, but indications point to a very successful campaign, which gives assurance that there will be ample funds to take care of the milk campaign in the schools.

It is hoped to stimulate the milk program so that as high a percentage as possible of the total enrollment in the schools will be drinking. It is especially desired that the under weight children be given the milk. Being taken as it is, at the recent period, when stimulation is needed, it does not interfere with the regular meal, and gives needed and added nutrition.

The dairy furnishing the milk used is one of the model dairies of the county. A specially trained worker, a high percentage of whom are graduates of animal pathology, hygiene and mensuration, the food for each animal, and attends the milkings, which is done mechanically. The herd is a pure Jersey breed, which assures a very high grade milk. All conditions surrounding the handling of the milk meet its quality for the public and absolutely ideal.

It is hoped that parents will cooperate heartily with the Parent-Teachers' association committee, who are in charge, to the end that all the children may participate in the program.

ARMY MEN ARE GUESTS

American Legion Members at Lunch with Entertainers for Captains L. E. Worthley and Sergeant O. D. Coffey

Captain L. E. Worthley of Boise, instructor of Idaho national guard, and Staff Sergeant O. D. Coffey of this city, who is detailed to duty with the Idaho national guard, were guests of American Legion members at a luncheon meeting Tuesday at the Hotel Fortine. Captain Worthley is in his first furlough exception to some tactical proposals.

WATER USERS HIT EXCHANGE PLAN

Twin Falls Canal Company Stockholders Go on Record Against Trading.

Twin Falls Canal company stockholders at an annual meeting here Tuesday went on record in opposition to the plan adopted by the committee of nine permitting exchange by upper river water users of natural flow water for pumped water of decreed rights for storage waters in Jackson Lake reservoir. The language adopted by the stockholders in recording this position was furnished in a resolution drafted and offered by Senator M. J. Sweeley, a member of the resolutions committee, as a substitute for the resolution which had received the approval of a majority of the committee. Its text was as follows:

Whereas, a dispute has arisen between the holders of the decreed water rights of the upper and lower Snake river, and

Whereas, the holders of the open Snake river water rights, as of January 1, 1920, and continuing during the year 1924, exchange a portion of the natural flow of the Snake river for storage water in Jackson Lake, which exchange was put into effect by the commissioner of reclamation, Herbert Hoover, and River Watermaster G. O. Edwards, and

Whereas, we believe that the exchange of the natural flow of water for storage water resulted in depriving the water users of the Twin Falls tract of their full natural flow of Snake river, to which they were rightfully entitled, and that continuation of that practice may result disastrously to our stockholders,

Now, therefore, be it resolved by the stockholders of the Twin Falls Canal company, that they, by this meeting, go on record as opposing any exchange of water which prevents or may prevent the delivery to this company at all times of the water to which it is legally entitled, or which in any manner may destroy, prejudice, impair or endanger the rights this company now holds by decree, contract or otherwise.

Be it further resolved, that the directors of the Twin Falls Canal company be, and they are hereby urged to take all necessary steps to enforce the delivery of the waters of Snake river in accordance with the decree and rights of priority affecting said water.

INQUIRY ASKED OF PAPER CLAIM

Missouri Congressman Wants Probe of Charge Against Federal Judge.

WASHINGTON, Jan. 13 (AP)—Representative Hawes, democrat, Missouri, directed a resolution today to investigate charges brought by the St. Louis Post-Dispatch against Federal Judge George W. English of the eastern Illinois district.

The resolution also would request an inquiry into the affairs of Charles E. Thomas, until recently a referee in bankruptcy under Judge English's court.

Mr. Hawes said he requested the investigation in view of repeated charges by the newspaper "of improper official conduct on the part of Judge English and Mr. Thomas."

Justice Defeated.

"Unless their truth or falsity is determined," he asserted, "justice will be defeated. The dignity of all courts jeopardized and a condition permitted to grow which possibly and eventually will be enlarged to the detriment of public interest and the administration of law."

The resolution said the investigation of Judge English also was requested in view of the charges by the newspaper of "repeated and unvarnished dishonesty of attorneys at law; unlawful permission to his appointees, Mr. Thomas, referee in bankruptcy, to practice as an attorney in bankruptcy cases; the deposit of funds and assets controlled by the court in designated banks in which the judge and referee were stockholders; the continued designation of the Government Sales corporation, in which relatives of Judge English and Referee Thomas are financially interested, as the agency for the disposal of assets of bankrupts; and other improprieties and irregularities which thwart justice and pervert its administration."

The committee would be instructed to take testimony under oath and report to the house, "with recommendations of censure, condemnation or impeachment."

The church are cordially invited.

The district of the Methodist Ladies' Aid will meet Thursday afternoon at the following places: Mrs. Hoskin's district at J. A. Warren, Mrs. Rawlings, at Mrs. Wain's; Mrs. Whittington's at the church parlors; Mrs. Erbland's—Mrs. Ling's and Mrs. O. A. Fuller's will meet at the home of Miss Minnie Parrar. The north west district will meet at the home of the Rev. and Mrs. E. L. White.

The board of directors of the Rural Federated club will meet Saturday, January 17, at 2:30 in the Business Women's club rooms. The directors from each club are requested to be present.

The Episcopal Guild will meet at the home of Mrs. James Smith, 230 Fourth avenue north, Thursday evening, January 15, at 8 o'clock.

The Peaf Noble Grand's club will meet with Mrs. E. O. Raines, 559 Main west, this evening.

Announcing the New Clasp-Front Madame X Reducing Girdle

On and Off in a Jiffy!

It is hooked down the front and can be put on and taken off in an instant!

Made of the same live, resilient fabric as the famous Madame X Reducing Girdle. It is a dainty garment as you could wish! It has all the unique features, including back laces, exclusive with the step-in model and is like it in every way, except that you do not feel. Will take inches from waist, hips and thighs in an amazingly short time.

The cut and front insure perfect comfort and freedom, and the back lacing makes it easy to adjust as you become more slender. Gives maximum support and is strong enough to hold you in a dainty brocade rubber, soft and flexible as a fine kid glove, makes a wonderfully comfortable garment. It is a feature more so strong and durable it will not crack or split. Hand turned hem prevents fraying.

Stay in today and have a fitting. You'll wear the girdle out of the shop!
