### Eleven Nations Sanction War Claims of America at Paris Session; First Conference of Twenty-Nine.

PARIS, Jan. 14 (AP)—Eleven powers participating in the Paris conference of allied finance ministers today signed the protocol for distribution of the United States share of the final plan of the conference. The final plan of the conference occupied two hours. It was a week in a day since the meetings of the finance ministers began and it was the first conference of 29 since the armistice of the war. The date scheduled and the only one in which delegations returned apparently satisfied.

### Palmy Achievements.

The most notable achievements of the conference: First—The determination of the distribution of the Dawes annuities between the allies and their associates; second, the obtaining of the United States as a partner with the allies in collection of payments from Germany under the Dawes scheme, and third, the liquidating of the army occupational account.

### PALMER TO BE CALLED IN SUGAR SUIT NOW UNDER WAY IN COURT

SAN FRANCISCO, Jan. 14 (AP)—A. A. Palmer, former collector of customs, probably will be called by the defense as a witness in the Blackfield sugar suit on trial here, in which the former sugar collector in Hawaii is charged with an accounting on the ground that property worth \$17,500,000 was seized during the war and sold by the government. The accounting was made during this afternoon's session in superior court by Attorney Oscar Sutor, chief defense counsel. Mr. Palmer has agreed to appear in court to have his "final permit" issued. Otherwise depositions are to be taken.

THE GUMPS—THE GLASS OF FASHION

EFFICIENCY IS STOCK INDUSTRY BUSINESS NEED

Assistant Forester Tells Cattle Growers Meeting of Necessity for Better Management to Realize Profit.

ALBUQUERQUE, N. M., Jan. 14 (AP)—Livestock growers of the nation were urged to practice greater efficiency in their business by Will C. Barnes, assistant forester of the United States forest service, at an address at the annual convention of the American National Livestock Association here today.

"Of all the great industries of the country the cattle raisers are practically the only ones that are not out of the picture," he told the meeting.

After a review of the industry and its problems, Mr. Barnes continued:

"There are two or three outstanding points where the cattlemen of the present day can meet the constantly rising costs of production by improved management methods which will go a long way toward closing the existing gap between income and output."

Mr. Barnes declared that on the government's "Jordan" range reservation in southern New Mexico, "we are handling a herd of cattle under open range conditions for the 10-year period up to and including 1923, the average annual calf crop was a little over 40 per cent while the figures for the year being adjacent to the Jordan ran from 42 to 60 per cent, the average being 58 per cent."

MILLION DOLLARS IN SEAPLANES ORDERED BY AVIATION BUREAU

WASHINGTON, Jan. 14 (AP)—A million dollars worth of seaplanes has been ordered by the bureau of aeronautics of the navy department, it was learned today, with the granting of a contract to the Glen L. Martin company of Cleveland for 40 machines capable of performing the duties heretofore undertaken by torpedo-bombing and scout planes. Work on the new ships will begin immediately.

Convenient to either land or sea duty, the planes will be used aboard the Langley and other aircraft carriers or aboard battleships as seaplanes, catapulted into the air in possession of the navy being capable of shooting them into the air.

investment, because only 41 out of every 100 of his breeding cows produce a calf for this each year.

"In the Mid-West, while no close figures were kept, our calf crop in the southwest averaged fully 75 per cent of the large herds. In smaller outfits, however, it was higher. There are no real statistical reasons why the low calf crop should not be overcome, for it is due wholly to the unbusinesslike methods in handling their herds."

Mr. Barnes declared that on the government's "Jordan" range reservation in southern New Mexico, "we are handling a herd of cattle under open range conditions for the 10-year period up to and including 1923, the average annual calf crop was a little over 40 per cent while the figures for the year being adjacent to the Jordan ran from 42 to 60 per cent, the average being 58 per cent."

# MINE OUTPUT FOR IDAHO IN 1924 HIGHER

Metals Produced From Ores in State Valued at \$27,910,450 as Compared With \$26,510,524 for 1923.

WASHINGTON, Jan. 14.—Metals produced from ore mined in Idaho in 1924 were valued at \$27,910,450, as compared with \$26,510,524 in 1923. Figures compiled by the bureau of mines showed that the production of lead and silver increased materially, but that of gold, copper and zinc were less than in 1923. Favorable prices for lead, which averaged more than eight cents a pound, induced many of the large mines to produce at an increased rate in 1924.

Idaho's lead output was increased from 442,355 tons in 1923 to 560,000,000 pounds in 1924. The value increased from \$10,064,001 to \$20,645,250 as the price rose in 1924 from seven cents to 37 cents per pound. The Bunker Hill and Sullivan mine was the state's largest producer, and the Morning mine, near Mullan, was second. These were followed by the Hecla, Idaho Continental, Latex and Success and Mace mines, each producing more than 3,000,000 pounds.

**Silver Production.**  
Silver production rose from 7,703,062 ounces in 1923 to about 9,048,000 ounces in 1924, but the value decreased from \$6,292,403 to \$5,389,100. The Coeur d'Alene district produced about 85 per cent of the state's total. Operators of the large silver-bearing mines were again active, encouraged by the improvement in the market for silver-lead ores, and especially by the price of lead.

The copper output decreased from 3,979,681 pounds in 1923 to 3,430,000 pounds in 1924. The value decreased from \$585,006 to \$315,400. The Idaho Metals company at Murray was the largest producer.

The zinc output of gold was valued at \$549,100, compared with \$767,427 in 1923. Less dredging was done, but the output from deep mines was greater than in the preceding year.

**Zinc Decrease.**  
The recoverable zinc in the ore mined decreased from 27,652,749 pounds in 1923 to 16,000,000 pounds in 1924, and the value from \$1,000,787 to \$1,009,600. The Morning mine was the largest producer, supplying Callahan Zinc-Lead company, which had the first position for years, but which made no shipments in 1924, although it continued development work.

Dividends amounting to \$4,028,500 were paid by the Bunker Hill, Hecla, Federal, Hercules and Tamarack and Custer mining companies.

**Patching Concrete.**  
When repairing damaged or cracked concrete work, keep the place to be patched thoroughly wet for several hours before working on it, and roughen it with a hammer or chisel if it is smooth. Also be sure that you use the same proportions of sand, gravel and cement as in the original mixture, so that the new work will expand and contract the same as the old concrete. Otherwise the patch will crack.—Popular Science Monthly.

The New is Made From the Old

New Aztec Breakfast Food, also Aztec Pancoke Meal, is made of the ancient Aztec Indian Wheat, which has a fine flavor, does not mill to a flour but mills to a meal. This in the form of a Breakfast Corral, retains its mealiness when cooked, is not starchy and makes a very palatable food.

Panocake Meal made of this wheat cooks thoroughly in griddle cake or waffle because it is not starchy. It makes a very short and brittle cake for these foods. They are manufactured right here in Idaho.

# CREDITS URGED FOR CATTLEMEN

### President's Commission Reports on Needs of Industry to Place It on Firm Foundation.

WASHINGTON, Jan. 14 (AP)—President Coolidge was advised today by his agricultural commission that existing finance agencies are able to handle the credit emergency in the livestock industry, but that a new fund policy, revision of transportation charges, and a protective tariff are needed to put the cattle business on a sound footing.

In a preliminary report, in which it received the recommendations concerning heavy tariff and freight rates, the commission declared it had sought a solution of the livestock problem as far as possible through better utilization of existing governmental institutions in sympathy with the president's desire for decreased tax burdens and further revision of transportation charges.

The cattle industry is faced with a serious shortage of credit facilities, the report said, and the "Federal Intermediate Credit Bank" should assume the full responsibility and aggressively and sympathetically undertaking to cover the field and thus support and supplement the existing governmental agencies.

Recommendation was made that the federal farm loan board which administers the credit banks should administer the credit banks and should be willing to provide adequate redit count facilities for "all sound loans" to livestock raisers.

## Theatros

DAHO

The battle of David and Goliath has a spectacular revival in the Herbert Hoover Paramount production of "Peter Pan," which will be shown at the Idaho Theatre beginning tomorrow, Friday and Saturday, January 23, 24, 25 and 26.

Ernest Torrence, of "Covered Wagon" fame, plays the role of Goliath and comes to an even more surprising defeat than his ancient predecessor.

The role of David is played by little little Betty Brown who plays the role of "Peter Pan."

Torrence, six foot five inches in height and built proportionally, fights with a cut-throat four-foot-long which weighs so much that "Peter Pan" can hardly lift it with two hands.

Little Betty battles with a little rapier.

The fight takes place on the decks of a sixteenth century pirate ship commanded by Ernest Torrence as the ferocious pirate, Captain Hook. Both fighters were trained for the battle by Europe's champion swordsman, Henri Urysohnov.

## ORPHEUM

What are claimed to be the most realistic and thrilling auto race scenes ever filmed for motion pictures will be a feature of the Larry Semon special comedy, "Kid Speed," which will be at the Orpheum Theatre today.

Larry Semon, the popular comedian, is starring in this comedy which revolves around an exciting road race. Several racing drivers with their speed cars were engaged for this picture and the racing scenes were taken on the old Santa Monica course, famous for some of the biggest auto events of the world. The same breath-taking speed and the dangerous slides around the curves were encountered in making this picture and the spectator is promised the thrill of an observer of an actual race.

# COMMEND ACTION TAKEN TO REINSTATE CREDIT

Hollister National Farm Loan Association Stockholders Vote Approval of Policy of Directors.

Nelson Hayward, who was re-elected president of the Hollister National Farm Loan association, was commended by resolution adopted by the association's stockholders at their annual meeting Tuesday last, in a manner in which he handled the situation of the re-instatement of the association's credit, and the board of directors was also commended for his action in sending Mr. Hayward to Spokane for the purpose.

All of the present officers and directors were re-elected. In addition to Mr. Hayward re-elected president, the following officers were elected: Vice president, Robert C. Bondera; secretary, Treasurer, George H. Hagg; directors, James M. Pierce and Clinton I. Davis.

The resolution regarding reinstatement of the organization's credit, which was adopted by unanimous vote, was as follows:

Resolved, that it is the sense of the stockholders' meeting of the Hollister National Farm Loan association, that we commend the action of the board in sending Mr. Nelson Hayward to Spokane to reinstate our association's credit and we hereby approve the thoroughness of the manner in which he handled the situation.

# WEALTH OF U. S. IS \$320 BILLION

### Census Bureau Figures Nation's Worth at End of December 1922.

WASHINGTON, Jan. 14 (AP)—The wealth of the United States at the end of December, 1922, on the best estimates available of all property classified by the census bureau, was placed today at \$320,305,000,000. This was an increase of 72.2 per cent for the decade since 1912, when the census found the nation's wealth to be \$188,709,000,000.

Many difficulties and necessarily wide margins for estimate, and error in putting together its calculations, the bureau said, made the findings impossible of close application "to the population estimates."

Real Estate.

The item of greatest value in the category of personal property was real estate and its improvements subject to taxation which were found to be worth \$125,908,255,000. The second item in point of value was the general valuation of the clothing, furniture, vehicles and like property of individuals which totaled \$55,816,691,000.

# REXBURG BANK CLOSES ITS DOORS AS RESULT OF HEAVY DEMAND MADE

POCAHELLO, Jan. 14 (AP)—The Farmers and Merchants Bank of Rexburg, Idaho, closed its doors today, according to a special dispatch to the Tribune. Bank officials said that the situation was due to heavy withdrawals during the past few days and stated that it was their best judgment that all depositors would be paid dollar for dollar.

Affected citizens, president of the bank, stated in the course of a conversation over long distance at noon today that the institution is in exact financial straits and has no cause to worry.

"We estimate our assets at the rate of two for one," said Mr. Hicks. "Our deposits total approximately \$600,000 all of which is distributed in small amounts. We do not owe one dollar outside of our depositors and the federal reserve and we feel we are entirely safe in promising our depositors every dollar they entrusted to us. Our embarrassment is due to a heavy run on the bank during the past week which made it impossible for us to keep up with the demand. The comptroller of the national bank commission has been notified but for the present we are not in a position to state what course will be taken. We would like to know how the government affairs stand as being in good shape."

# THREE UNHAPPILY WEDDED WOMEN SEEK DIVORCES

### Non-Support, Desertion and Cruelty Are Alleged in Actions Filed in One Day for Legal Separation.

Three unhappily wedded women instituted suits for divorce in district court here Wednesday.

Alleging that her husband is now a fugitive from justice because of alleged issuance of bad checks and that he has failed to provide necessities of life for her family, Mrs. Sweeley-Johnson, through Sweeley & Sweeley, attorneys, started suit for divorce from Ralph H. Johnson, to whom she was married December 29, 1913, at Fairfield, Iowa.

On grounds of desertion Mrs. Beale Jewell, through Pater and Witham, attorneys, instituted suit for divorce from Forest O. Jewell, to whom she was married November 5, 1907, at Carmen, Oklahoma. Jewell, according to the petition, deserted his family in November, 1922, going to California, and no word has been had from him since October, 1923. Mrs. Jewell asks for custody of two minor daughters.

Suit for divorce from Clifford Zacharias to whom she was married July 1, 1922, was instituted by Mrs. Harriet Zacharias through Sweeley and Sweeley, attorneys. Cruelty is alleged as the basis for the petition, and reference is made to specific acts of alleged cruelty. She asks to be restored to her former name of Harriet O'Neal.

HOME PATTERNS.

Wright's A GOOD PLACE TO TRADE

ROYAL SOCIETY ART

On Wednesday the members of the M. B. and B. club met at the home of Mrs. A. J. Requa. The meeting was in the nature of a celebration for Grandmother Requa, who will be 88 years old on Friday, January 16, and who is the oldest member of the club. She was given a shower of birthday cards and other remembrances. The company assembled at 11 o'clock and each lady took a covered dish, a sumptuous dinner being served at 1 o'clock in cafeteria style. There was a generous donation of clothing for the needy and the ladies pieced enough blocks to make a quilt which will be sold when completed for the benefit of the club treasury. The usual transaction of business was followed by a splendid program, the authors being "Immigration and Americanization," Mrs. C. R. Shipman read a paper which she had prepared on "Immigration," Mrs. C. E. Duke read an article from the Sunset magazine entitled "Digesting the Immigrant," Mrs. C. L. Bowlsby had a paper on "Americanization," and a report on what our community is doing for our foreigners in an educational way. Mrs. Guy Sturgeon gave a vocal solo. There was a very delightful social hour and 37 members and two visitors were present to enjoy the day.

Mrs. Ed Winnas was hostess to the Mentor club Wednesday afternoon. Fourteen members in attendance and call card was responded to with an interesting vernal. During the business session it was voted to have the annual dinner for the husbands on Thursday, January 21, in the Business Women's club rooms. Mrs. W. R. Chas. gave two piano solos and Mrs. L. G. Miller a reading from "North of 36," by Emerson Hough. During the social hour the hostess served dainty refreshments. The next meeting will be with Mrs. Fred Bertsch on January 28.

Mrs. Frank Krueger was hostess to the Women's Progressive club Wednesday afternoon. Eighteen members and one visitor were present. Roll call was answered with helpful household hints. After a lengthy business session the hostess served a delicious lunch. The club will meet with Mrs. Henderson on January 28.

Mrs. and Mrs. A. Dorman Johnson were hosts at a charming supper Tuesday evening for Mrs. and Mrs. Merlin Batley, Mr. and Mrs. Lawrence Hoggan and Mr. and Mrs. R. P. Parry. The remainder of the evening was spent with bridge.

Mrs. L. T. Wright entertained the Wednesday Bridge club this week. Mrs. W. H. Greenhaw won the honors for highest score.

The Lend-a-Hand club met January 9, at the home of Mrs. P. R. Berling. January 9, with 16 members present. At the close of the business session a social hour was spent, and the hostess served a delicious luncheon, assisted by Miss Berling and Mrs. Berling. The next meeting will be held January 23, with Mrs. E. R. Waltz.

The Pythian Sisters held their regular meeting with installation of officers in the Business Women's club rooms Tuesday evening, January 13. Miss Berling, Executive Committee, Pearl Woodhead; M. R. C. Beatrice Haggan; E. S. Victoria Anderson; E. J. Olive Westfall; manager, Minnie Griffin; M. of P. Berling; Sandhu; M. of B. and C. Mabel Halpin; protector, Ella Young; guard, Mabel Lauer. The following appointments were made: Staff secretary, Minnie Griffin; press correspondent, Minnie Griffin; pianist, Helen Minnick; trustee, Anna Smithen.

A very interesting session of the drama and literature department of the Twentieth Century club was held Wednesday afternoon at the home of Mrs. Don Henry. After a short business session Mrs. C. P. Wright took charge of the program which consisted of a description of the Nobel and Pulitzer foundations. She then reviewed satisfactorily the prize play "Hobnob for Heaven," by Hatcher Hughes of Columbia. The meeting was well attended and the program especially pleasing. At the close of the program complimentary refreshments were served by the hostess, Mrs. Henry, assisted by Mrs. H. C. Reynolds.

Mrs. C. W. Verne Morgan entertained at dinner at their country home on the Salmon-Tuesday evening for Mr. and Mrs. T. J. Douglas, Mrs. and Mrs. E. O. Evans and Mr. and Mrs. O. M. Simpson. A low bowl of fruit formed the centerpiece for the table and pink tea candles were in crystal stands. Refreshments were served by Mrs. Morgan. The evening was spent at 7 o'clock.

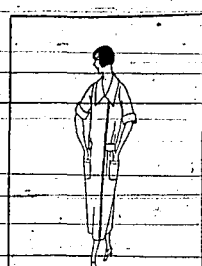

The Neighbors of Woodland will hold a short business session in the Business Women's club rooms Friday, January 16, at 8 p. m. There will be entertainment and refreshments.

The district of the Methodist Ladies Aid meeting with Mrs. Minnie Barnes this afternoon will give a silver tea.

Royal Neighbors of America are to hold their regular meeting. Mrs. M. B. has expressed to invite a guest and to bring sandwiches and a cake or savory dish.

Overcoming Troubles Troubles overcome you, though, but in meeting one trouble experience it is better for making care of another. In the last of compensations were better understood disappointments were the less known. The Lord knows the who to the answer think in mark ways than one girl.

# ENGINEERS IN NUMBERS WILL CONVEYE HERE

## One Hundred Persons Coming to Twin Falls to Attend Two Days' Sessions of State Organization, Secretary Says.

One hundred persons are coming here to attend two days sessions of the sixth annual convention of the Idaho chapter, American Association of Engineers, Friday and Saturday next, according to news from P. J. Hamilton, Pocatello, secretary of the chapter, received Wednesday by E. V. Borg, who is in charge and co-operating with the Twin Falls Chapter of Engineers in arrangements for the convention.

Attendance at sessions is to be augmented by numbers of local persons, who had interest in the convention being indicated by demand here for places at the turkey dinner that is to be a feature of the convention entertainment program, and that is to be served under auspices of the chamber of commerce forum committee at 9:30 o'clock Friday evening at the Hotel Pocatello. Several of the convention speakers are to address the banquet assemblage. Convention headquarters are to be opened at the Rogerson hotel.

### Strong Program.

The first day of the convention is to be devoted to business sessions, to be presided by the national president, J. P. Congdon, Boise, president of the Idaho chapter, and followed by addresses by J. A. Harard, Pocatello, secretary of the Idaho chapter, and W. H. Gilson, Boise, member of the Idaho public utilities commission.

Of particular interest in the program for the second day include those of Leo R. Cook, Nampa, on "City Manager Plan and Its Application to Idaho"; Cyril Johnson, "District States Geological survey district engineer, on "Snake River Water Distribution"; and Dana Temple of the United States Bureau of Reclamation, "Construction of the American Falls Dam and the Effect of Additional Flood Water in the Snake River Valley";

Thos. Ivan C. Crawford of the University of Idaho engineering college, is to speak on "Engineering Department of the University of Idaho"; J. D. Wood, Idaho Bureau of Highway district engineer, is to discuss "Traffic Control."

### HIGH SCHOOL STUDENTS TO BE CHURCH'S GUESTS

#### Rev. O. D. Harris Announces Sermon of Particular Interest to Young People, Women to Serve Banquet.

High school students are to be the guests of the Christian church this evening at a service especially for their benefit, when the pastor, the Rev. O. D. Harris, is to preach on the subject, "The Love of the Unloved." Preceding the preaching service a banquet for high school students is to be served by women of the church. Gille Carr, soloist and choir director, who is assisting Mr. Harris in the evangelistic services now in progress, is to sing. Speaking Wednesday evening on the "Fabled Mount of Baptism," Mr. Harris projected the view that Jesus in the Sermon on the Mount, was not talking at random, but was presenting principles that had been thoroughly thought out and that were directly applicable to human needs. It is not respectful to Jesus, the speaker declared, to suggest that his preaching during or in the university of his commission to his disciples to evangelize the world. This fact, he said, should be borne in mind when the two simple ordinances established by Jesus—the Lord's Supper and baptism—are considered, and also the fact that both are intended to represent the death, burial and resurrection of Jesus.

Services of especial interest to children have been arranged for Friday evening. On Sunday the church is to hold an all day meeting with a basket dinner at noon and a congregational meeting with annual reports in the afternoon.

## TELLS OF WAR'S WAKE IN CHINA

### American Describes Post-Bellum Conditions in Letter to Relative Here.

Conditions in the interior of China in the wake of recent internal strife are most favorable for bandits most of whom are "locally sold-out" and are "without a general," according to a word received by his mother from W. M. Liebertson, foreign agent of an American tobacco company, and brother-in-law of H. C. Getter of this city. The latter was dispatched December 1, last, from Tientsin soon after the writer's return from a trip to Shanghai.

Regarding post bellum conditions in China, the letter says:

"While the actual war is finished, everything is still very much unsettled. There are still some little outbreaks in some of the interior fronts. The railroads haven't been fixed up as yet between Shanghai and Tientsin as two of the provinces between here and Tientsin are still in the hands of the present Peking government."

### Bandits Active.

"Bandits in the interior are doing very much better now. They are really soldiers out of a job and without a general. That's the real trouble caused by wars in China. When two parties get to fighting the one that gets the better just—leave his troops to get out of it the best they can. The soldiers are without money, food or clothing and a good way from their homes. There is really only one thing left for them to do and that is to help themselves. They are nothing but a lot of hopeless, ignorant, and uneducated men around like sheep. Some of them are the rottenest kind of criminals and don't stop at anything. Honestly, I feel sorry for them all. It's pretty rotten on business. However, it will eventually work out, I suppose."

"This thing has been going on for ten years and I guess it's about as bad as it ever will be. They all seem to feel pretty well satisfied with the new head of the government, and he may be able to force better conditions."

"Considering everything, business can't be much worse. Our business for November was about 90,000,000 cigarettes."

### HELD ON LIQUOR CHARGES

Manuel Yalio, Mexican, was by Judge J. L. Hodgin in probate court here Wednesday, held under \$500 bond to answer in district court to charge of illegal possession of liquor. The charge was lodged against Yalio after he was arrested by sheriff's office operatives Tuesday evening when he is alleged to have had in his possession a small bottle of liquor and a small glass.

Queen P. Pugh, before W. S. Mallory, justice of the peace, Wednesday pleaded guilty to charge of illegal possession of liquor and was held under \$500 bond to the action of the district court officer, who stated that he had thrown a jug of liquor out of his car when pursued by the officers.

## Exceptional 3-Day Offer

# Free Gold Fish

(Including Fish Bowl)

We are giving away a crystal bowl containing two gold fish, with the purchase of a fifty-cent box of **LAC-LAX**, the delicious candy laxative. Children delight in these lively little gold fish, the golden we could find anywhere. They are fascinating to grow-ups, too, and the clear crystal of the aquarium reflecting the golden flashes of alert, busy little inhabitants adds an ornamental touch to the home.

We couldn't think of a more acceptable gift with which to introduce this very mild and pleasant laxative. And a laxative of this kind is very important at this particular time. Lac-Lax are mild and harmless, nothing holding anything about them. Grown folks like them and children really delight in getting them, for they are just like little mint lozenges.
