LIVESTOCK MEN HEAR INDUSTRY NEED OUTLINED

Over-Production of Cattle One Cause of Low Prices, Declares Texas Grower; Gore Promises Department Aid.

ALBUQUERQUE, N. M., Jan. 15 (AP)—The American National Livestock association held only a short session today and recessed while the delegates went to Lelala, near here, to witness an Indian dance.

During the session the convention heard a vigorous criticism of the Ruckford report on grazing fees by F. A. Phillips of Baker, Ore., and a speech by W. W. Turney of El Paso, Texas, on problems confronting the industry. A telegram from Howard M. Gore, acting secretary of agriculture, promising to give "consideration and heed" to every suggestion of the cattlemen, was read.

Must Stop Over-Production.

Turney declared the stockmen must stop over-production of livestock. "The stock raising industry is too big and too widely scattered, in my opinion, to put into effect a scheme for the orderly marketing of cattle," he said. "Touching on the financing of the industry, he declared "If loans to cattlemen are good loans, made through intermediate credit banks, they are good loans if made direct to cattlemen." He said there was no money available to finance the organization of local banks necessary to operate independently of the intermediate credit banks and developed the condition which he said now prevails in the industry under which the local banks are forcing stockmen to rush their cattle to market in order to repay bank loans.

Loans Made in East.

"There is a cattle loan company in my town that loaned \$1,000,000 on 500,000 head of good cattle," he declared. "As long as New York, Boston and Chicago bought that paper, it was the best paper in the country. But when eastern cattle markets quit buying that paper and it came back for collection, stockmen were forced to sell their cattle to pay their loans. There are only 25,000 of those cattle left."

WILSON SARCOPHAGUS NEARS COMPLETION IN NATIONAL CATHEDRAL

WASHINGTON, Jan. 15 (AP)—Work on the sarcophagus of Woodrow Wilson in the national cathedral here is nearing completion. The top, bearing a cross and the name and dates of birth and death of the war president, has just been put in place. The sides of the sarcophagus, which fits into a window niche in Bethlehem chapel beneath which the body now lies, are of Missouri limestone. An iron grill and canopy will complete the work.

PROMISE ACTION AT WOOL CONFAB

Sixtieth Annual Convention of Sheepmen at San Francisco to Take Up Grazing Policy.

SALT LAKE CITY, Jan. 15 (AP)

The sixtieth annual convention of the National Wool Growers Association at San Francisco January 23-25 will be the most important gathering ever held by the organization, in the opinion of President Frank Hegarty and Secretary F. R. Marshall. "It is our belief that the San Francisco convention will be the most important in history inasmuch as the wool men have reached a point where they are virtually determined to demand immediate action with regard to the government policy for administering the natural resources affecting the sheep industry," chief among which is grazing, declared Mr. Marshall in a statement today. "The wool men have been protesting vigorously the recently instituted government policy of handling of grazing as an American and as detrimental to the economic structure of the livestock industry. This year's convention will demand a revision and stabilization." Messages urging attendance at the San Francisco convention have been dispatched to all state organization members, according to Mr. Marshall.

COOLIDGE NAMES INDIANA MAN TO SECRETARYSHIP

Everett Sanders, Congressman, to Fill Place Left Vacant by Resignation of C. Bascom Slemph of Virginia.

WASHINGTON, Jan. 15 (AP)—Changes in President Coolidge's official family following closely one upon the other brought today the announcement of the resignation of C. Bascom Slemph of Virginia, as secretary to the president, and the selection of Everett Sanders, a member of the house from Indiana, as Mr. Slemph's successor. The announcement of Mr. Slemph's intention to retire did not come with the startling suddenness that has attended some of the other recent changes for his resignation had been regarded in Washington as more than a possibility since the November election. He will give up the secretaryship about the first of February and will resume the practice of law.

Selection a Surprise.

The selection of Representative Sanders was a surprise. The Indiana congressman, one of the younger members and yet one of the leaders of the house, did not stand for reelection last fall and had announced his intention of returning to Indiana to practice law. He never during the campaign at the executive office acquiescing himself with the secretarial work. Mr. Slemph was actuated in deciding to retire by a feeling that much of the constructive work he had entered upon in the office of secretary had been accomplished and also a desire to return to the profession he left in 1907 to serve 18 years in congress, most of

KANSAS BANK OFFICIAL WILL FIGHT CHARGE

State Commissioner Hands in Resignation and Promises to Meet Enemies in Court in Bribery Scandal.

TOPEKA, Kans., Jan. 15 (AP)—Carl J. Peterson, state bank commissioner involved with former Governor Jonathan M. Davis in an alleged pardon trafficking ring, presented his resignation to Governor Paulen today and demanded that his demands "not" be met. Faced with the demand by Attorney General C. B. Griffith that he quit his office or answer to ouster proceedings in the supreme court, Mr. Peterson declined to resign, but declined the ouster threat influenced his decision. Governor Paulen had not acted on the resignation tonight. He said a successor probably would not be named for several days.

Defends Davis.

The bank commissioner, who has been former Governor Davis' chief political adviser, declared he "would take up the fight and defend Governor Davis against the malicious and vicious attacks of his political enemies." Menhoffer Volney D. Johnson, convicted Albin Luck gambler, was being sought by the state in an effort to bring up Davis and Peterson in the alleged sale of executive clemency. Johnson is charged in an affidavit by C. H. Bartholomew of Wichita with having been an intermediary for the former governor and Peterson in the sale of a parole to Bartholomew's son, Ernest Bartholomew. The older Bartholomew states he paid Johnson \$2500 and received the parole.

SEVEN NEW MEASURES PLACED BEFORE IDAHO SENATE FOR APPROVAL

Three Bills Which Deal With Educational Matters Find Way Into Upper House; Water Provision Passes.

BOISE, Jan. 15 (AP)—Seven new bills found their way into the upper house at the Thursday morning session of the senate of the eightieth legislature. Three of these relate to educational matters, and prohibit appropriation of Idaho waters for use outside the state, and other repeals the predatory animal bounty law, another gives the insurance commissioner additional powers in suspending rates of insurance companies, and the last provides mortgages can be given on crops a year before they are planted.

LUTHER HEAD OF GERMAN CABINET

Recent Minister of Finance Is Appointed Chancellor; First Conservative Administration.

BERLIN, Jan. 15 (AP)—Dr. Hans Luther, former lord mayor of Essen and recent minister of finance in the Marx-Struessmann cabinet, is the new German chancellor. He received his appointment this afternoon from President Ebert after he had assured the president that he had evolved a workable solution for the long drawn out cabinet crisis.

The new government, the first straight away conservative bourgeois cabinet since the republic was founded, will officially appear before the reichstag tomorrow afternoon. The cabinet named by Dr. Luther is as follows, in part:

- Foreign secretary, Dr. Gustav Stresemann.
 - Minister of the interior, Martin Schiele.
 - Minister of economics, Dr. Karl Neuhaus.
 - Minister of food, Count Von Knutshausen.
 - Minister of labor, Heinrich Basson.
 - Minister of justice, Dr. Schumacher.
 - Minister of posts and telegraphs, Herr Stingle.
 - Minister of defense, Otto Geesler.
- Three posts, including the finance minister leadership, remain to be filled.
- At least seven of the new ministers named so far are officially or privately affiliated with the monarchial parties which explain the suspicion with which the clericals and democrats view the new cabinet before it assumes office. As both these parties are only loosely identified with the new government, the chancellor will be obliged to make concessions to them if he expects to hold a safe working majority, which will be impossible without their votes.
- The reappearance of Dr. Stresemann is received as an indication that there will be no departure from Germany's present foreign policy.
- With the inauguration of the new government, the former chancellor, Dr. Wilhelm Marx, for the time being quite the political arena, "broken in body and spirit. His defeat in his last election campaign for the reestablishment of a liberal government and for the maintenance of his personal and his party's prestige has left pronounced embitterment behind.

IT'S A POOR FATHER THAT WON'T SET A GOOD EXAMPLE FOR THE REST OF THE FAMILY

ROAD PREPARES TO MEET BONDS

Initial Steps Taken by Chicago, Milwaukee & St. Paul to Pay Off Loan.

NEW YORK, Jan. 15 (AP)—The Chicago, Milwaukee and St. Paul Railway company today took initial steps to meet its 1923 bond maturity of \$45,000,000 by authorizing its directors to take the road's financial position and prospects following the announcement of President H. E. Byram that the company had failed to earn fixed charges in 1924.

Several months will be required to complete the examination of which St. Paul officials said bankers will extend a definite plan for refunding or curtailing the obligations. "The fiscal figures for the year 1924 of the Chicago, Milwaukee and St. Paul have not yet been obtained and it will probably be a week or more before they will be secured," Mr. Byram announced.

"The preliminary reports indicate that while the company has done much better during the latter part of the year, it will not be able to earn the fixed charges of \$10,000,000 in 1924. This is principally due to the falling off of gross income in the early months of the year, when the increased net earnings have not fully overcome."

Failure of the road to meet its maturity, Mr. Byram asserted, would of course result in a "restructuring" of the debt. He stated that the management was hopeful that the refunding operation could be carried out successfully.

BISHOP FOUND GUILTY HERESY

Expulsion From the Ministry Announced as Fitting Punishment for Episcopal Official.

CLEVELAND, Ohio, Jan. 15 (AP)—Expulsion from the ministry was announced here today as a fitting punishment for the Rt. Rev. William Montgomery Brown, retired bishop of the Protestant Episcopal diocese of Arkansas. The finding came from the church's board of review after three days of argument on the action of the trial court which last May found Bishop Brown guilty of uttering heresies contrary to those held by the church. The reviewing body discovered no error in the trial, affirming those proceedings without exception.

Bishop William A. Leonard of Cleveland, presiding officer of the review, said he explained that the power to put the sentence into effect rests with the house of bishops. "That body which meets at the general convention of the church in New Orleans next September, will have the right of appeal from this review court and approve or disapprove them. An appeal can be given only by a two-thirds vote of all the 180 bishops entitled to cast ballots."

BOISE VOTES TO BUILD MAIN LINE APPROACH: WILL COST \$115,000

BOISE, Jan. 15 (AP)—Boise today voted to build an approach to the main line station. The \$115,000 cost was approved for its construction, as authorized by a vote of 201 to 100 a consent of 51 2/3 of the city council. The cost of 51 2/3 of the city council. The cost of 51 2/3 of the city council.

GIRL SORRY SHE KILLED MOTHER IN FIT OF RAGE

Dorothy Ellingson, 16, Confesses to Shooting Parent Who Did Not Want Her Out Late at Nights.

SAN FRANCISCO, Jan. 15 (AP)—Dorothy Ellingson, 16-year-old girl, confessed to the police today that she shot and killed her mother last Tuesday morning in a fit of anger, is sorry now.

When the girl was first arrested this morning in a rooming house where she had registered under an assumed name, she appeared calm and unexcited. After she had been looked at by police headquarters and formally charged with murder and placed behind the bars, she became emotional.

Wants Mother Back.

Relatives and newspaper men visited the girl and to them she expressed sorrow and said she would give anything to have her mother back again. At no time, however, was the girl hysterical and she told a straightforward story after admitting she shot her mother.

Miss Ellingson told the police that she had no deep-seated grievance against her mother but that she shot her in a moment of anger and repentance because her mother demanded that she cease running around so much late at night. The girl frankly confessed being a frequenter of San Francisco's night life cafes and dance halls. In a diary found among her belongings, after the shooting, was a narration of adventures in the city's night life and the names of many well-known "jazz" musicians in the city, some of whom have been questioned by the police.

Man Under Arrest.

A man known as Harry Lesser and also as Harry Chinetz has been arrested on a charge of contributing to the girl's delinquency, and a warrant has been issued for his return, said a musician, said he is in Los Angeles, on a similar charge.

Police said tonight it was a case of lack of discipline in early youth. At 12 years of age the girl became for a time a charge of the juvenile authorities. Her parents were, according to statements to the police from relatives the separation resulted from a disagreement between them over the management of the girl.

Because Dorothy is under 18 she can not be hanged in California, as the law prohibits the execution of minors for any offense. No crime has stirred the city for months as this is doing. It is calling forth comments from ministers and prominent club women, and squads of reporters are attacking the case from every angle, including that of psychobianthology.

The case is expected to come up for hearing in a week.

AT THE IDAHO.

A total of 5,825,900 people paid \$1,155,146.00 to see "Peter Pan" in the opening week of the first showing of this picture December 28 and now this record-breaking production is being shown to the Idaho theater for a four days' showing starting next Wednesday. Here is what some of the critics say about the production:

Evening World: "Peter Pan" is a picture in a thousand. It has in it an indescribable alchemy, a very embodiment of youth, a touch so deft and delicate that before its story is unfolded one is made to feel that, after all, perhaps fairies are not altogether confined within the pages of books.

Betty Brown: "Peter Pan" is the best wall-paper in the palm of his hand yesterday, and when she looked out of the picture and pleaded with the audience to say that they believed in fairies the applause was deafening.

Graphic: "Peter Pan" is an unqualified triumph for every one in it, from the crawling crocodile to the twinkling Tinker Bell, with a goodly share of praise for the producers and the director, Herbert Brenon.

The picture is a masterpiece of itself in its production, and the photography is the best ever, and anybody who misses seeing "Peter Pan" on the screen misses the treat of his life. Every parent who hasn't forgotten his youth—and we trust there are none now—will take the trouble to see "Peter Pan," know his grandson and all the "in-between."

NEW YORK MAIL COACH ROBBED

Lone Bandit Holds Up Train and Gets Away With Registered Package.

NEW YORK, Jan. 15 (AP)—A robber with a handkerchief over his face held up the mail car on a Long Island train on its left the Hellmuth station on Long Island Wednesday and escaped with a registered package of undetermined value. Police said it was the first train holding near New York city in many years.

"As the train pulled out of the Hellmuth station with its next stop, Merrick, only four minutes away, the bandit pushed his way into the mail car from a passenger car.

Clay Augustus Stomach.

Hart Green, the mail clerk, was first aware of the holdup when he felt an automatic pistol pushed against his stomach. The robber, disguised Green, knuckled him to the rear of the car and scold over him while he was forced to open a registered mail pouch. The robber thrust the letter into the front platform of the car and locked the door.

He then raced to the other end of the car and dropped off the platform into the darkness as the train began to slow down for the next station.

FIGHT ON INSURANCE LAW IS PREDICTED

BOISE, Jan. 15.—Probably one of the warmest contests in the legislature will arise over the proposal to rewrite the state insurance law so as to eliminate the provision for rating bureaus. Opponents declare that the only change that has been brought about has been to increase insurance rates. Insurance interests will fight the proposed change energetically, they declare.

KEEP KIDNEYS CLEAN, DRINK MORE WATER

If Back Hurts or Bladder Bothers, Also Take a Little Salts

Eating too much rich food may produce kidney trouble in some form, says a well-known authority, because the acid created irritates the kidneys. Then they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region, rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritations.

"The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, begin drinking lots of good water and also get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to flush clogged kidneys and stimulate them to activity; also to neutralize the acids in the system so that they no longer irritate, thus after relieving bladder disorders.

"Kid Salts can not injure anyone; makes a delightful effervescent mineral water drink which millions of men and women take now and then to help keep the kidneys and urinary organs clean, thus often avoiding serious kidney disorders." By all means have your physician examine your kidneys at least twice a year—only.

DEATH RATE IS HIGH IN STATES

Fewer Accidents in England Than in America, Recent Survey Discloses.

NEW YORK, Jan. 15.—The average American is more ready to take a chance than his British brother, according to a comparison of the numbers of accidents which happen to Americans and to the average Briton.

The accident statistics committee of the national safety council has published a study of fatal accidents which gives the death rate for Americans as 698 for each million of population as against 321 for each million in England and Wales.

Automobiles Count.

The greater number of automobiles in this country may account for the difference in part, but the figures for accidents of other types show a similar unfavorable comparison. Out of groups of equal number in both countries 40 were drowned in this country where 40 were drowned in England.

The greatest difference has to do with deaths by firearms where the ratio is 27 for America against two for England.

Reflection on this disparaging comparison should not overly interest in the welfare of this country to support vigorously every movement for the prevention of accidents," according to Dr. Louis I. Dublin, statistician of the Metropolitan Life Insurance company, and chairman of the committee.

He attributes the high accident rate to "carelessness, apathy and deficient knowledge of the law."

84,000 Persons Killed in this Country

accidentally last year, auto accidents being the leading cause, with 15,714 deaths. This means a death toll of 1462 a week or 208 a day. Accidents by falls accounted for 15,392 deaths. Railroad accidents, accidental burns and drowning follow in order, each accounting for about half as many deaths as the first two causes. Transportation by machines with 2284 accidental deaths and 1771 deaths resulting from street car accidents, complete the list.

STAR WITHDRAWS MILLION DOLLAR VANDERLIP SUIT

Financier Through Wife Renounces Statement Made Casting Suspicion on Former President.

MARION, Ohio, Jan. 15 (AP)—A speech made by Frank A. Vanderlip, New York financier, at Blair Cliffe, N. Y., a year ago which resulted in a damage suit for \$1,000,000 being filed against him by Roy D. Moore and L. H. Brush, publishers of the Marion Ohio Star, has become a closed incident through the announcement in the Star today that the case had been settled out of court.

In his speech, Vanderlip is alleged to have charged that Moore and Brush paid President Harding too high a price for the paper. The publisher then filed suit for damages.

Vanderlip is ill. With the announcement was published a statement authorized by Mrs. Vanderlip. Mr. Vanderlip is reported seriously ill with typhoid fever.

The statement cleared the name of President Harding of any suspicion by charging that Mrs. Vanderlip was an applicant for the statement by Mr. Vanderlip that the price paid for the Star was exorbitant.

The statement authorized by Mrs. Vanderlip follows: "On account of the grave illness of Mr. Vanderlip he cannot be apprised of the settlement out of court of the suit of Brush and Moore, owners and publishers of the Star against Mr. Vanderlip.

Speech Year Ago. "The suit grew out of a speech which Mr. Vanderlip made at Blair Cliffe a year ago. "There was no justification for the statement that the price paid President Harding by the present owners was too high, or that there was anything sinister about the financial arrangement. "President Harding was most scrupulous as to the propriety of the negotiation.

"Mrs. Vanderlip would concur in this statement if he were able to speak." The case was settled out of court in a conference held at Marion several weeks ago by a representative of Mr. Vanderlip, who arrived at the agreement with the publishers.

"The Star announcement did not mention the terms of settlement."

FUNDS FOR EDUCATION

BOISE, Jan. 15.—It is expected there will be more or less heated discussion of appropriations for the Idaho educational system, but its indications are that the state institutions of learning will be adequately cared for. Public sentiment, it is pointed out, stands behind a program of proper maintenance without excesses, and the budget announced by Governor Moore shows this can be done.

LONDON'S CAB DRIVERS NEEDY

Motor-Age Forces Owners of Horse-Drawn Carriages to Seek Help From Society.

LONDON, Jan. 15 (AP)—A dozen frothy old fellows who belong to the dying race of hansom cab drivers have recently been given annuities of \$100 each a year for the rest of their lives as a "retirement fund." They were selected by the Bevolet association as the neediest and most infirm of 27 applicants for annuities, all men who still had top hats and dragging mustaches, one set on their cab boxes adding to the grotesque appearance of the streets of London. They were told when automobiles came in to learn the tricks of stalling gear transmission. Gradually taxicabs took away their trade.

Only a few of these oldtimers drive cabs in London today. Everyone favors the taxi and unless one takes a cab as a lark, their drivers must depend upon the few devoted souls who have never deigned to recognize the existence of automobiles. Nobody troubles to identify one taxicab driver from another, but it was different in the happy days of horse drawn Hansoms. Many of the drivers

You Can Quickly Limber Up Sore, Stiff, Swollen Joints

Even chronic rheumatic swellings in knee, foot, ankle, arch, hips, elbow, shoulder or finger joints yield to the mighty powerful influence of JOINT-EASE.

It's here, right in town and every drug store has it. It's a low price remedy, to be sure, but that doesn't stop it from taking the kinks, lameness or torture out of your troubled joints.

Just rub it on the tormented, lame joints and in just a few seconds it will penetrate through skin and flesh straight down to the ligaments and tendons of the joints—right where the agony starts. Then blessed comfort comes quickly.

It works instantly and in so clean a way that you can rub it on often and get thereby results much more quickly, when the joint is inflamed and the agony intense. Being such a powerful counter-irritant, it cannot help bringing speedy and helpful results in congestion, sore throat, chest colds, lumbago and neuralgia much quicker than almost any remedy you can buy.

NOT LAD OF TENDER YEARS

Layland Larson of Buhl who was Wednesday, sentenced by Judge J. J. O'Connell to serve 30 days in the county jail for furnishing cigarettes to a minor, is, according to court records, 19 years of age and not, as erroneously reported 13 years of age. The erroneous report caused several citizens to call upon the court with view to intervening in behalf of the supposedly young offender. Larson's record, according to the probation officer, includes turning in of a false fire alarm that cost the city \$100 in excess of \$20—amount appropriate of an automobile for a recent joy ride.

ENGINEERS OF STATE ON HAND FOR SESSIONS

Speakers, Officers and Many Members of Idaho Chapter Arrive for Opening of Two-Day Convention Here.

Speakers, officers and many of the members arrived Thursday to attend two days' sessions of the sixth annual convention of the Idaho chapter, American Association of Engineers to be opened at 10 o'clock this morning in the Elks' club rooms with the annual address of J. P. Condon, of Boise, president of the Idaho chapter, J. A. Harster, manager of the Pocatello Chamber of Commerce and secretary of the Idaho Chamber of Commerce, and Will H. Gibson, of the Idaho public utilities commission, also scheduled to address the convention today.

Engineers from all parts of Idaho are expected to attend the sessions, at which many topics of interest and importance to the state are to be discussed. The initial session of the convention following the president's address is to report a business session at which reports of committees are to be heard and officers for the coming year elected. The afternoon session is to be given over to the addresses by Mr. Harster on "Boise Economic Development of Idaho," and Mr. Gibson on "Work and Needs of the Idaho Public Utilities Commission."

Banquet and Entertainment

An entertainment program is to be given in connection with a turkey dinner and smoker at 6:30 o'clock at the Hotel Peltier. Speakers are to include: G. Clyde Baldwin, watermaster; J. P. Condon, J. A. Harster, Boise; E. C. Crawford, of the University of Idaho college of engineering; B. E. Shepherd of Jerome, president of the American Falls reservoir district, and J. W. Taylor, Twin Falls county attorney. Speakers are to be introduced by Asher B. Wilson of this city. The musical program, which has been arranged by Mrs. D. L. Alexander, is to include numbers by a quartet composed of Mrs. O. P. Duval, Mrs. W. Zenas Smith, Dr. A. Salomon and Nelson Spawthell, together with two Harry Lewis songs by Mr. Hayward and community singing led by C. E. Hoath.

Arrangements have been made for accommodation of 110 persons at the dinner, which is to be served under auspices of Twin Falls Chamber of Commerce forum committee.

Lat Day's Program

Saturday's sessions are to begin at 9:30 a. m. with an address by Lee E. Cooke of Nampa on the "City-Manager Plan and its Application to Idaho." Ivan C. Crawford, dean of the University of Idaho college of engineering, is to follow with an address on the "Engineering Department of the University of Idaho and its Connection with the State." The final session Saturday afternoon is to introduce geological, social and highway specialists of the state. "Snake River Water Distribution," is to be the subject of G. Clyde Baldwin, United States geological survey district engineer and Snake River watermaster. Hugh Tompkins of the United States bureau of reclamation is to speak on "Construction of the American Falls Dam and the Effect of Additional Flood Water in the Snake River Valley," and J. D. Wood, Idaho bureau of highways district engineer, is to discuss "Traffic Control."

Headquarters for the convention have been established at the Roger's hotel.

PLAN TO EXTEND HISTORIC ROAD

Oregon Trail Association President Tells of Negotiations With Chicago Group.

Walter Meacham, president of the Oregon Trail association, who is expected to pay a visit to Twin Falls in the immediate future in the interests of that organization, at Boise recently stated that a meeting is to be held soon at Denver to complete arrangements to designate as part of the Oregon Trail system a road between Denver and Laramie or Cheyenne, Wyoming, which will include the trail going west. The plan is promoted by an organization in Chicago in connection with a highway between Chicago and Denver, and negotiations for a western terminal have been going on for some time, according to Mr. Meacham.

"The Old Oregon Trail," said Mr. Meacham, "is of vital interest to southern Idaho, for it is the only highway passing through this section. We hope to route thousands of tourists over this road. When this meeting is held in Denver no date has yet been designated—we will close the deal for this new highway, and it will mean a good deal to the western country."

Mr. Meacham said that plans are being made for improving the road from the Warm River-Yellowstone section of the trail, the feeder to Yellowstone park. He said that the association is anxious to have improvement work done as soon as possible on the highway east of here.

JURY ACQUITS DRIVER OF ROAD LAW VIOLATION

Verdict Pronounced After Smith's Blame in Connection With Shoshone Street Collision. Peter Smith, charged with violation of state road laws following a collision Saturday evening in which the Cadillac car he was driving crashed into a Dodge car driven by Everett Woolley at the intersection of Shoshone street and Fifth avenue south, was by a jury in Justice of the Peace Maloney's court here Thursday afternoon found not guilty of the charges with which he was specifically accused; that of failure to keep his car on the right hand boundary of the street.

Evidence showed that a rear wheel and fender of the Woolley car had been broken off by the impact of the collision while the heavier car, which was owned by William Hines and driven on this occasion by Smith, was not damaged.

Witnesses for the state included Everett Woolley, the complaining witness, and three other persons who were with the car, Carl Woolley, Leona Ellsworth and Bernice Ellsworth. None of them were injured in the collision. Defendant Smith was represented by E. V. Larson, attorney.

PUBLIC SCHOOLS

SEMESTER ENDS

One-Day Holiday Follows Conclusion of Examinations at End of First Half of Year.

Examinations at the close of the first semester in Twin Falls public schools were concluded Thursday; the schools were dismissed for today and the second semester is to open next Monday, at which time it is anticipated about 75 pupils of the junior high school will become students of the senior high school, and as many more will be advanced from the sixth A grade to the junior high school.

In order to meet the situation caused by this increase in the number of high school students, the board of education has authorized employment of three additional teachers at the beginning of the second semester, for one or two times used by the domestic arts department, which has been discontinued, have been fitted up to provide three additional class rooms. The rearrangement of rooms also will provide an additional study hall for the senior school of which there will be two, one to be occupied by the sophomore class and the other by the senior and junior classes. New teachers who will enter upon their work in the high school next Monday are Miss Marjorie Smith of Hanson, Miss Margaret Phelps of Oregon, and Miss Esther Flynn of Montana.
