POWER PROJECT SUPPORT ASKED IN STATE BILL

Joint Memorial Proposed Urging Idaho's Members in Congress to Aid Umatilla Rapids Development.

BOISE, Jan. 19 (AP)—Idaho's members of congress are urged to bring recognition of the Umatilla rapids, Washington, project in a joint memorial introduced in the upper house this morning by Hitchcock, New York. Congressional delegations from Washington and Oregon also have been urged by their respective legislatures to take the same position.

The memorial sets forth that hydroelectric development at Umatilla rapids will not only mean cheaper power for citizens and industries of Idaho, Oregon and reclaim many acres of arid lands. The project, by reason of its mounting work "flood" the present rapids and remove one of the greatest obstructions to the navigation of the Columbia river, the memorial states.

Want Duty on Peas. Another memorial, fostered by Hagan of Utah, urges the congress of the United States to place a 3 per cent per pound duty on peas. Cheap labor in European countries makes this duty necessary if Idaho and other western producing states are to compete in the market with the foreign product. Receipts from county property sold under tax deeds must be distributed pro-rata to the several taxing units levying assessments, failure to pay which forced the seizure and sale, under the terms of an act introduced in the senate by Corey of Missouri county.

Callahan of Shoshone is author of two measures, introduced today, which affect corporations. The first of these requires the secretary of state and county auditors to file without charge annual statements of corporations. The second provides for the liquidation of corporations.

New England States Suffer from Severe Cold; Fifty Below Mercury Drops to New Low Records in Unexpected Wave Which Swoops Eastern Section; Comes From Canada.

BOSTON, Jan. 19 (AP)—A cold wave swept in almost without warning from the maritime provinces of Canada and the north Atlantic, gripped northern New England today driving the mercury to records of 50 and 58 degrees below zero. Temperatures in some places reached points said to be the lowest on record. The coldest spot reported in New England was Fort Fairfield, Maine, near the New Brunswick border, where, on an unofficial temperature of 56 degrees below was registered. The neighboring town of Caribou in Aroostook county, recorded a temperature of 53. Towns as far south as central Maine reported records of 40 below. Although Massachusetts shivered, extreme temperatures were not reported. In Boston early today it was seven or eight above zero.

ELEVATION OF GUNS ON BATTLESHIPS NOT FAVORED BY SENATE

WASHINGTON, Jan. 19 (AP)—Elevation for the present, at least, of the big guns on U. S. battleships, proposed by Senator Coolidge, rejected by the senate today. The measure, introduced by the senator from Massachusetts, was passed by the house of representatives last week. The vote was 20 to 23 and came on a motion by Senator McCallister, demagogue, to report the bill favorably for consideration of its amendment to the pending annual naval supply bill. The senate, by a vote of 40 to 50, rejected the bill.

Girl Who Killed Mother When She Was Reproached for Night Life

DOBOTHY ELLINGSON, 10-year-old San Francisco girl, shortly after she was arrested and confessed to shooting her mother. 'Sorry, I'm sorry. But what good does that do?' That was her comment on the murder. The prosecuting attorney will ask that she be given life imprisonment when she comes up for trial next week.

CHIEF JUSTICE SENATE PAUSES LAID TO REST TO HONOR DEAD

Simple Service Marks Last Tribute Paid to the Memory of Rites for Robert N. Dunn at Senators' Lodge, Brantidege Boise; State Officials Attend.

BOISE, Jan. 19 (AP)—Robert N. Dunn, chief justice of the Idaho supreme court, who died Saturday, was laid to rest today in a simple service at the senators' lodge in Morris Hill. The funeral services were of the simple nature out of respect to his chaste, Frank B. Brantidege of Coeur d'Alene and those of his family, officiated and LeBaron B. Colt of Rhoads Private prayer services at the home. The center aisle division between the two parties was forgotten, differences as to political theory were laid aside, and personal disagreement was obliterated as speakers after speaker arose on both sides of the chamber to express appreciation as a citizen and as a senator of the services of the three veteran monarchs. Each of the three had long careers in the public service, paralleling in many cases those of the speakers and evidence of keen emotion crept frequently into formal prepared addresses. The gallery audience reflected the atmosphere of the chamber, most of those who took their seats when the senate convened at noon remaining through the long session. Mrs. Coolidge occupied a seat in the presidential row with Mrs. Gillett, wife of the speaker of the house and Mrs. Brantidege, wife of the speaker of the senate. The members of the senate in the same row were from the house, followed by the senators from the senate. The senators from the senate, warmly nationalistic purpose was read as part of the memorial service. The senators from the senate, warmly nationalistic purpose was read as part of the memorial service. The senators from the senate, warmly nationalistic purpose was read as part of the memorial service.

TOLL OF FLOOD IN SOUTH NOW STANDS AT TEN

Steady Downpour of Rain Causes Rivers and Creeks to Continue to Rise; Towns Cut Off by Water.

ATLANTA, Ga., Jan. 19 (AP)—No further deaths had been reported tonight as the result of the flood situation in several southern states, but the steady downpour of rain caused rivers and creeks to continue their rise, seriously crippling railroad and motor traffic. At Macon, Ga., railroad officials announced that not a train was moving south of the city. Service on the Southern Railway between Columbus, Ga., and Macon and the latter city and Jacksonville had to be abandoned as a result of high water. Train service north and west of Atlanta still was in operation.

Dead or Missing. Ten persons have been reported as dead or missing as a result of the floods. In a Southern railway wreck near Selma, Ala., yesterday, ten trainmen lost their lives. An engineer was killed when a N. C. and St. L. passenger train hit a slide near Cartersville yesterday. Four negroes were reported drowned near Hammond, La. A negro was drowned at Columbus, Ga., to-day, while a white man was reported drowned Saturday and were believed drowned at Albany, Ga., still were missing tonight.

The Ocmulgee river at Macon, already had broken previous depth records tonight and was expected to reach 25.2 feet before morning. Several houses in East Macon floated downstream during the afternoon and it was necessary to dynamite one of them in order to save a bridge under which it passed.

County Seat Isolated. Newton, the county seat of Baker county, Georgia, still was isolated as the result of the flood. The town of Columbus, Ga., reported early in the night were to the effect that the Chattoechee river was receding after reaching a mark of 45 1/2 feet. In South Carolina, the little village of Hamburg still was inundated. South Carolina officials issued a warning to tourists to avoid unnecessary travel over flood roads. Traffic on the Central and Southern highways of the state was at a standstill. Florida tourists were reported held up by high waters in Alabama, Georgia and South Carolina.

Loss Comes Heavy. No official estimate of property and crop damage in Georgia and Alabama, the two states hearing the brunt of the flood, could be obtained. The loss, however, was said to be heavy. Predictions of colder weather by meteorologists and the fact, perhaps of the frequent "ice" brought northward by winds to Alabama, that the start of the flood season would be reached. The Alabama river reached a stage between 53 and 54 feet at Selma and thousands of acres of lowlands were flooded.

BEACHCOMBER IDENTIFIED BAY SHORE, N. Y., Jan. 19 (AP)—Photographs of the "gentleman beachcomber" who committed suicide in his hut on Fire Island last week, were identified by relatives as those of Andrew Sherman McMillan, 50, a contractor and former lawyer of Bridgeport, Pa., seven years ago and whose divorced wife is now a government employee at Washington.

STAMPEHR HIT IN FOG LONDON, Jan. 19 (AP)—Dispatches from London tonight stating that a steamship, the German liner, was wrecked in the English Channel, was severely damaged in a collision during the fog in the river Elbe yesterday. It was added that the vessel was proceeding to Hamburg.

REPUBLICAN RALLIES IN DENVER DENVER, Jan. 19 (AP)—A large gathering of Republicans in Denver tonight, held in support of the party's platform for the coming year.

RIM TO RIM BRIDGE OVER SNAKE RIVER WILL BE ATTEMPTED

Chamber of Commerce of Twin Falls Gives Out Plans for Structure to Connect North and South Sides; Annual Tolls Declared to be Sufficient to Pay Handsome Returns.

Definite plans for the construction of a rim-to-rim bridge across the Snake river at a point about a quarter of a mile east of the junction of Blue Lakes boulevard and the Snake river canyon were announced Monday through the Twin Falls Chamber of Commerce.

COMMUNISTS DISLIKE TROTSKY'S ATTITUDE; RELIEVED FROM DUTY

MOSCOW, Jan. 19 (AP)—Leon Trotsky today was relieved of his duties as chairman of the revolutionary war council by the central executive committee of the communist party, the most powerful political body in Russia. The relieving war minister also is threatened with expulsion from the communist party for his inactivity in all the important political bureau, unless he conforms to party discipline and renounces his attacks upon the principles enunciated by the late Nikolai Lenin. The once powerful war chief has been relieved of his duties and has been invited to the central committee to relieve him of his duties at the war department and pledges himself to work loyally "in any work, in any field and under the fullest control of the committee."

Make Trip to Boise

Shad L. Hoaglin, president of the chamber, and C. A. Robinson returned from Boise a few days ago, where they went to investigate the feasibility of obtaining state aid in the project, in the share of an issue of bonds sufficient to defray the cost of construction, the interest upon which together with the retirement of the bonds, would be met by means of tolls until after the discharge of all obligations following which the structure would be thrown open as a free bridge. It was found however that the bonding limit of the state had already been reached so that part of the plan had to be abandoned.

In discussing the matter last night Mr. Hoaglin said: "The feasibility of the state to issue bonds as we had hoped need not be regarded as an obstacle to construction. It was the way which first suggested itself and Mr. Robinson and I thought enough of a feasibility to make the trip to Boise to investigate it. But there is another way which seems to me entirely practicable. Under Idaho law the two adjoining counties are fully empowered to build a bridge, creating a company to make a guarantee to an individual the right to collect a certain fixed toll from all vehicles crossing."

CHILD LABOR AMENDMENT UP

Idaho Legislature in Joint Session to Meet Today to Discuss Proposal.

BOISE, Jan. 19 (AP)—Governor C. C. Moore transmitted to the legislature today the proposed child labor amendment to the federal constitution. The message by which the transmitted the proposed amendment, made no comment. His letter was sent to each house of the legislature and the text of the amendment was sent to Speaker Gillis of the house. Members of the house and senate will assemble at 4 o'clock tomorrow in the house of representatives to discuss the proposed child labor amendment to the constitution. The meeting was arranged by the joint-legislative committee composed of a representative of every state-wide woman's organization in Idaho.

Judge P. B. Dietrich of the United States district court will preside and speakers will be Dean Paul Roberts and Miss Luella McGrath. The meeting is an open one and representatives from all civic and welfare organizations of the city are planning to attend.

Snake River Water Power Possibilities Outlined in Survey

Million Horse-Power in 187 Miles of Meandering Engineers Report; 15 Sites for Building Big Dams.

WASHINGTON, Jan. 19 (AP)—Maps showing the results of a survey by department of interior engineers to determine the water power possibilities on the Snake river, Idaho, have just been published by the geological survey, together with estimates of a stretch of 187 miles from Lewiston, Idaho, to Huntington, Oregon, is capable of developing more than 1,000,000 horse power. In that distance the fall of the river is 1521 feet. There were found 15 undeveloped power sites at which, with the present flow, 1,430,000 horse power could be developed for 50 per cent of the time and 801,000 horse power for 90 per cent of the time. It was estimated that with regulated flow the complete largest development, 1,000,000 horse power could be developed for 50 per cent of the time and 600,000 horse power for 90 per cent of the time.

WYOMING SENATE REJECTS CHILD-LABOR AMENDMENT PROPOSED BY GOVERNOR

CHEYENNE, Jan. 19 (AP)—The first recommendation by the first time of a state legislature was rejected by the Wyoming senate this afternoon when it voted to postpone indefinitely a resolution ratifying the federal child labor amendment. Governor Nellis Taylor Ross, in his report would make possible the development of one plant of 210,000 horse power for 90 per cent of the time and 130,000 horse power for 50 per cent of the time. It was estimated that with regulated flow the complete largest development, 1,000,000 horse power could be developed for 50 per cent of the time and 600,000 horse power for 90 per cent of the time.

BATTLESHIP CHILD LABOR LAW

PHOENIX, Ariz., Jan. 19 (AP)—The house of representatives of the Arizona legislature today passed a resolution ratifying the child labor amendment to the federal constitution.

GRANGE OPENS CONVENTION AT JEROME TODAY

Delegates to Three-Day Meeting Gather for Discussion; Fire Insurance Increases Are Given.

JEROME, Jan. 19.—(Special to the News).—Delegates to the annual convention of the Idaho State grange which opens here tomorrow for three days, met at an informal session here tonight and heard reports of the insurance in grange farm fire insurance matters which are to be threshed out at the convention.

At the meeting this evening presided over by W. W. Deal of Nampa, state grange master, delegates were informed that during the last year almost \$100,000 in new policies had been taken out in grange fire insurance companies. During 1924, the report showed there was \$107,000 in new policies subscribed. The total amount of insurance now handled by the grange company is \$344,011. The insurance feature was added some 10 years ago.

No Set Program. No set program is to be followed at the convention according to officials and with the exception of Sam Hinton, assistant attorney general for Idaho and Donn E. J. Hiddings, head of the school of agriculture at the University of Idaho, there will be no outside speakers.

Gathered in Jerome this evening were approximately 150 delegates while it is anticipated that at least 50 more will be present for the opening session tomorrow. Delegates to the convention consist of members of the various granges within the state and their wives.

On the program Tuesday is an address of welcome by the mayor of Jerome, Attorney General Hiddings' address on "Farm Loans" will be given Wednesday afternoon. The meeting will close Thursday evening. Officers of the state grange will not be elected at this meeting as officers of that grange are elected for two years' term and took office last year.

Yesterday an unknown today she is the most talked of girl in filmdom. Her hair is "just brown" and her eyes are blue and she has a pleasant sort of face that lingers in the memory, and they have the never seen to be still—and her name is Betty Bronson.

That's a hasty impression of Paramount's "Peter Pan" selected from a great class of applicants by James M. Barrie, for the title role in the version of that author's immortal fantasy.

Miss Bronson was born November 17, 1906, in Trenton, N. J. Soon after Betty was 10, she began thinking of the stage and the screen. When she was but 14, she studied the Russian ballet with the idea that knowledge of dancing might give her an opportunity in motion pictures.

Her first appearance in pictures was at the Paramount Long Island studio in 1922, when she had a "bit" with Betty in "Anna Ascende." Then came "Vera Road," "The Girl in the Green," "The Great White Way," "Twenty-One," with Richard Barthelmess and "His Children's Children." It was just after she had completed a small role in "The Eternal City" that fame found her for the title role of Herbert Brenson's picture "Peter Pan." Adapted for the screen by Willis Goldbeck.

Ernest Torrence, Cyril Chadwick, Virginia Brown Faire and Anna May Wong are featured with Betty in the cast of the picture, which opens tomorrow at the Idaho theater.

Prince Henry's Engagement Reported

LADY MARY SCOTT OF PRINCE HENRY'S ENGAGEMENT

THE ENGAGEMENT of Prince Henry, the military member of the British royal family, to Lady Mary Scott, second daughter of the Duke and Duchess of Buccleuch, is daily expected by London society. Lady Mary, though only 20, is said to possess an aristocratic dignity worthy of a royal match.

FRUIT GROWERS PLAN MEETING

Twenty-Fifth Anniversary Convention of Association Opens January 28.

BOISE, Jan. 19.—For one-fourth of a century the fruit growers of the state of Idaho have maintained an organization which has had for its slogan: "If It Comes From Idaho, There's None Better." Why not put our shoulders to the wheels of progress and push Idaho products over the top with even a better "pull" than we now hold. The twenty-fifth anniversary of the Association will be held at Boise, January 28, 29 and 30, at the rooms of the chamber of commerce.

An elaborate program has been prepared with a banquet Thursday evening under the management of that master entertainer, Charles J. Blum.

The daily program will consist of addresses, papers and discussions by people skilled in their various subjects. On Wednesday evening will be held the cooperation organization session.

Every believer in "co-operative marketing" should attend this session and listen to an address by one of the northwest's strong advocates from Portland, Oregon, say of officials. Local talent will also take part in the program.

The other sessions two each of the three days will cover pest control, home decoration, orchard management and other questions which are vital to the welfare and prosperity of the industry.

Idaho products take second place to none, wherever they are found in the markets, say officials, and to hold this enviable position, producers must need to take up to date methods of economical production. High grade products are the only ones which "pay freight" and bring back a profit to the producer.

Red Peppers End Pain of Rheumatism. When you are suffering with rheumatism, you can hardly get around. Try Red Pepper Rub and you will have the quickest relief known.

Ernest Torrence, Cyril Chadwick, Virginia Brown Faire and Anna May Wong are featured with Betty in the cast of the picture, which opens tomorrow at the Idaho theater.

EDEN

EDEN—Mr. and Mrs. Floyd Brown returned Thursday from a two months vacation spent at Portland and Los Angeles.

Low Webb and family were visitors here Thursday evening from Hazelton. Jesse Olsen and family were released from quarantine for smallpox Friday.

H. H. Thornton has resigned his position here with the Eden Traction company and his family will make their home.

E. M. Patterson is putting up a large house on the Eden. The ice is being harvested at the Wilson lake dam.

Miss Gladys Bong shopped in Twin Falls Saturday. Tom O'Brien spent the week-end at Twin Falls.

The Eden junior high school basketball team lost to the Jerome Juniors high at Jerome Friday evening by a score of 29 to 25.

The Eden Christian Endeavor plans to stage the play "The Servant in the Secret" at the Eden church next Thursday evening, January 22.

The Eden Civic club was entertained at the Frank Fulton home on Wednesday evening, with Mrs. Virgil Davie and Mrs. Troy Preiser acting as hostesses.

Erie Jones and Clinton Averitt transacted business at Hazelton Friday. Mr. and Mrs. J. L. Pelton were Twin Falls business visitors Saturday.

Mr. and Mrs. W. P. Scroggs were guests of Mr. and Mrs. Claude Wood Friday evening. Mr. and Mrs. H. G. Hayes spent Saturday in Twin Falls on business.

Arthur Bates was a Twin Falls business visitor Saturday. Miss Eunice Clark of Elmer spent Friday here with friends.

Mrs. Della Gordon, Mrs. Dentler and Edwath Dentler were Twin Falls visitors Friday.

The Eden high school boys' and girls' and other guests will meet at the local here Monday evening on the town floor. The Jerome teams are rated as one of the best in this section and the locals are working hard to get into condition to take the visitors into camp.

The members of the M. W. A. Jordan with their wives and a number of invited guests, enjoyed a social dance last Wednesday evening after their regular business meeting. A special class adopted to be held next Wednesday evening, January 21, to initiate a number of candidates. Deputy T. L. Farnsworth of Inspector, will assist the local drill team with the work.

Dr. W. P. Scroggs expects to leave Sunday for Boise on a few days' business trip. S. Elson and Jack Staples transacted business at Twin Falls Saturday.

WHEAT PLANTING SHOWS INCREASE

Amount of Winter Grain Over World Shows Gain; American Acreage Higher.

WASHINGTON, Jan. 19 (AP)—Although the total winter wheat area of seven European countries is four per cent below the 1923-24 figure the world acreage will be greater than last winter on the basis of reports received today by the Department of Agriculture from the international institute of agriculture at Rome. Increased American and Canadian plantings showed a world area of 61,400,000 acres against 62,608,000 last year, the department said.

Russian acreage was reported from Rumania, Spain and the British Isles and slight increases from Bulgaria, Albania and Italy. "Condition of the British Isles seedings was reported not so good, but conditions were in Italy. The winter dry acreage in all producing countries is estimated at 200,000,000 acres or less than 100,000,000 above last year.

Australia's wheat harvest now nearing completion will be its largest since 1915, the department was advised. A crop of 162,000,000 bushels at an average of 15 bushels an acre was forecast. The 1915 crop was 170,000,000 bushels. The highest yield per acre in Australia was 10 bushels recorded in 1920.

HEAD STIFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up. Instant relief—no walking. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No sneezing, no sniffing, blowing, headach, dryness. No stinging or smart at night, no cold or catarrh disappears.

Get a small bottle of Ely's Cream Salve from your druggist—now—Apply a little of this fragrant, antiseptic, healing cream in every air passage of the head, soothes the inflamed or swollen mucous membranes and relieves them, instantly.

It's just fine. Don't stay stuffy-up with a cold or nasty catarrh—adv.

YOUTH, 17, ADMITS KILLING MOTHER

RICHARD SMITH, 17-year-old Philadelphia youth, has confessed that he killed his mother, Mrs. Mary Smith, 63, who was found dead in her bed with two bullet wounds in her body after a New Year's eve family party at her home. Although he steadfastly declined to say why he shot his sick parent while the other members of the family made merry on the floor below, relatives say it was because she refused his demand for \$50.

POCATELLO TECH GLEE CLUB SOON TO START ON TOUR OF THE STATE

POCATELLO, Jan. 19.—Arrangements for the annual tour of the men's glee club and male quartet of the Idaho Technical Institute are being rapidly completed by Professor W. E. Nelson, head of the institute department of music.

This annual tour has become a distinct event, not only for the students of music at the Tech, but, due to the high character of the program and the artistic quality with which they are rendered, they have come to be keenly anticipated in the communities where the engagements are filled.

Thirty-three concert engagements were filled on the 1924 tour, including as far as possible, all towns and cities in Idaho. From St. Anthony and Princeton, they have come to be completed at the present time contemplate an itinerary for the club this season of equal scope.

From a group of over 70 in the class in glee and concert singing, the director has selected 13 who, together with

LIFE STORY OF WILSON PLANNED

Amherst Man Given Authority to Write Biography of Late War President.

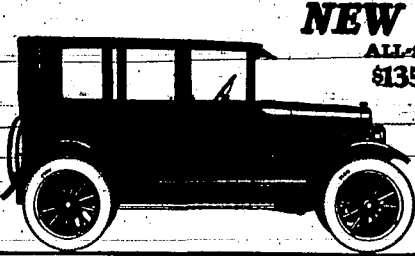

WASHINGTON, Jan. 19 (AP)—Woodrow Wilson's life and letters—the long awaited authorized biography and compilation of papers of the great war president, will be done by Roy Stansford Baker of Amherst, Mass. Although the work will begin immediately it may require several years before it is ready for publication.

Mrs. Wilson, in making her decision as the former president's executor, was fortified by the knowledge that Mr. Wilson himself probably would have selected Mr. Baker for the work had he lived long enough to arrange it.

For, among Mr. Wilson's papers was found the last letter he wrote before his final illness came upon him and it was addressed to Mr. Baker practically promising him access to the precious papers which comprise the "inside story" of the great war, the peace at Paris and Mr. Wilson's life itself. The letter, never sent, it was dictated January 25, 1924, when Mr. Wilson already was beginning to fall and on February 3 he died.

The director, accompanist, soprano soloist and reader and impersonator, will constitute the personnel of the tour. These include: William Golecki, Portland, Ore.; Lawson A. Elliott, Meridian; Kenneth Polkman, Jerome, first tenor; Frank E. Watson, Hazelton; Frooman Clifton, St. Anthony; and Kenneth Henderson, Twin Falls, second tenor; Theo. L. Bruckner, Jerome; Al G. Berry, Montpelier, and Harold L. Luckey, Fruitland, baritone; Emmet Remington, Nampa; Al W. Norman, Malad, and James G. Hooper, Pocatello, basses. The quartet consists of Messrs. Golecki, Berry, Henderson and Morgan. Ella Tyson Engstrom is soprano soloist, William Golecki and Al G. Morgan are respectively tenor and bass soloists. Norma Masterson Smith is reader and impersonator, Mayo Lagard Nelson, accompanist, and P. E. Nelson, faculty manager and director.

B'r Williams "Don't argue with a fool," says Brother Williams, "for that does give him a chance to make a fool of you."—Atlanta Constitution.

World's Lowest Priced FOUR-DOOR SEDAN

with Sliding Gear Transmission \$715

The Sensation of the New York Show 59,167 People thronged the New York City Salesroom in one Week

In the record-breaking crowds were nearly all the competitive dealers and salesmen in New York. They hurried to study this car—and went away wondering, questioning whether Willys-Overland could continue to produce such a remarkable Sedan at such a remarkably low price. But let Willys-Overland worry about that! A low priced Overland has been the leader of

the Willys-Overland line for fifteen years. This new all-steel model is the leader for 1925. The new Overland Sedan is the lowest priced Sedan in the world with a body entirely of steel. That means greater strength, greater protection, longer life—the greater safety of greater driving vision. A full 5-passenger Sedan with four doors at a price heretofore considered impossible!

IDAHO LABOR DEMAND WILL EXCEED SUPPLY

Federal Department Predicts Need for Extra Help in State During 1925; December Condition Given.

Demand on labor for 1925 will probably exceed the resident supply, says a survey of the state of Idaho by the United States department of labor released for publication Tuesday.

Men Who Attack Governor Davis

LEFT TO RIGHT are Dick Smith, managing editor of the Kansas City, Kan. Post; Representative W. C. Miller, member of the Kansas legislature, who is leading a fight for a change in the pardon and parole system, and W. H. West, shorthand reporter, the three men who heard an alleged conversation between Gov. O. F. Pollock and Governor Davis' son of the late Governor Jonathan M. Davis of Kansas, in which Pollock paid young Davis \$1250 for a pardon signed by Governor Davis. Governor Davis and his son were arrested.

AIRPLANE SHOW IS FEATURED BY SPEED EXHIBITS

Various Types of Aircraft on Display at Ninth French Aviation Salon for Nations' Benefit.

PARIS, Jan. 19 (AP)—Speed, speed and more speed, was the main object toward which airplane manufacturers strived during 1924, judging by the exhibits shown at the Ninth French Aviation Salon in the Grand Palais.

AMERICAN-BORN LORD IN PARLIAMENT

BARON FERMOYN, born Maurice Burke Roche in Newport, R. I., was prominent in New York society until he inherited an ancient British title, surrendered his American citizenship, and became a British subject. His title did not entitle him to a seat in the House of Lords, but he was a successful candidate for the house of commons from King's Lynn, England.

WHALE DAMAGES FISHING GEAR

Huge Fish Following Herring Ruins Into Nets; Does \$5000 Damage.

CORDEVA, Alaska, Jan. 19 (AP)—A whale, chasing a school of herring into a lagoon during high tide at Kachemak Bay, Soldovia, found himself trapped, and before he followed a gasoline boat three weeks later out of the lagoon toward the north Pacific ocean, damaged more than \$5,000 worth of fishing nets after being wounded by hundreds of bullets.

Old Custom Retained

In Arabia and other eastern countries at the present day the most ancient agreements are still ratified by salt.

GERMANS HATE CONTROL BOARD

Military Commission on Visits About Germany Meets With Sullen, Threatening Crowds.

BERLIN, Jan. 19 (AP)—Of the various international missions which have been functioning in Germany since the end of the war, there is one at least upon which positions are not eagerly sought. This is the military commission of control, whose duty it is to supervise German military activities and see that no armaments are manufactured beyond the limits provided by the treaty of Versailles.

GOOD COOKING AN ART AS MUCH AS MUSIC IN FRENCHMAN'S VIEWPOINT

PARIS, Jan. 19 (AP)—M. Louis Forest, founder of the famous Club de Cuisine—the Hundred Club—whose object is to keep alive the best traditions of the French cuisine, entertained the members of the American club of Paris recently with a talk on "The Intellectual Value of the French Cuisine."

TAKE SALTS IF STOMACH ISN'T ACTING RIGHT

Says Indigestion Results From An Excess of Hydrochloric Acid.

OFFER VAGRANT KING HOME

BAGDAD, Jan. 19 (AP)—The suggestion that former King Hussein of the Hejaz might find a home in Iraq where his son Faisal is king, may be a solution of the homeless ex-monarch's problem.

"Employment conditions undergoing the usual slackening in December, due to decrease in out-of-door activities, resulting in agricultural activities, building, general, and highway construction has caused a slight surplus of wholly common labor, some of which, however, has been absorbed by lumbering in the woods and at the saw mill, the most active industry in the state at this season. Industrial activity is progressing steadily. Sugar factories closed the latter part of December, marking the end of an unusually short sugar beet manufacturing campaign season on account of small crops occasioned by summer and fall drought. Metal mining has increased considerably during the past 30 days, several important strikes having been made recently in the Oregan-Aleone district, resulting in increased employment for metal mine labor, principally of the unskilled class. Indications point to much immediate new development work and continued improvement in metal mining generally. Progress on large building programs under way at various cities has been impeded by the advent of winter weather, and work can continue only during period of favorable weather conditions. Ten new roadhouses stalls and a machine shop, Salpistone, on a railway plant at Nampa are expected to be constructed soon at which place residence building and repair work breaks all previous records for this time of year. Highway construction under way when weather permits includes a section of the North and South highway on the Salmon river and a highway near Nampa, of eight miles along Clearwater river, involving an expenditure of about \$145,000. Work will soon commence on a section of highway construction on the Lewis and Clark highway. Practically all agricultural activities have ceased for the winter. Cattle usually are kept in feed lots, some are usually sent to slaughter. These conditions naturally re-

The course will be open to all who wish to take it regardless of previous scholastic preparation and the aim will be to master the principles of science that the people of this section meet in their daily life in Gooding county and nearby territory. Among the subjects that will be considered are the purification and softening of water, testing relative values and adulterations of foods, testing and caring for milk, removal of stains, bleaching processes, dyes, coloring matters and paints, yeasts, molds and bacteria, composition—porosity, fertilization and manuring of soils, chemistry of plants, soil germination, photosynthesis, weather records, sanitation and germs, principles of heating and ventilation, levers and mechanical advantages, heat and work principles, air appliances, electric appliances, music and musical instruments.

Undigested food, delayed in the stomach, decays, or rather ferments, the same as food left in the open air, says a local authority. He also says that indigestion is caused by hyperacidity, meaning there is an excess of hydrochloric acid in the stomach which prevents complete digestion and stunts food fermentation. That assimilable food eaten in the stomach—such as the garbage sour in a can, forming acid fluids and gases which inflame the stomach like a toy balloon. Then we feel a heavy, lumpy mass in the chest; we belch up air; we eructate sour food or have heartburn, flatulence, water brash, and other ailments. He tells us to try plain olive oil, and instead get plain olive oil, many four ounces of Jals salts and take a tablespoonful in a glass of water before each meal and drink it again if necessary, and furthermore, to continue this for a week. While relief often follows the first dose, it is important to continue this course, to remove the gas-making mass, start the liver, stimulate the kidneys and thus produce a new flow of pure filtrate juice.

METEORS WILL MEET WILDCATS

Twin Falls and Filer Basketball Game Tonight Will Be Hotly Contested, Belief.

The Filer high school "Wildcats" will meet the Twin Falls high school basketball team on the local floor tonight at 7 o'clock. The girls of both institutions will also play. Neither the Twin Falls team nor the Filer squad have been defeated so far this season. Twin Falls has conquered Paul and Kimberly, while the Wildcats hold victories over Kimberly and Gooding. This game will not only eliminate one of the two squads from the district honors. The girls' game should prove equally interesting as it is the first appearance of the local girls. The Filer girls' squad have played and defeated the Kimberly team by a large score.

Filer has one of the fastest teams in the state, having won the district championship in an impressive fashion. The style of play used by the Wildcats is sold to be interesting to watch as they employ a running attack coupled with long shots. The work of the Filer team centers around Adkins and Shinn. Four of these two men are said to be exceptional shots and spend the greater part of the game in long shots repeatedly. The strength of the Filer squad is not limited to Shinn and Adkins, however, as Coach Deiman has a large squad of capable men turning out.

Coach Platina will depend on five men instead of two, as the method used by Platina requires five men to be working continually. The long shots which were employed in the defeat of Paul Friday night will no doubt again be used against the Filer squad. The Twin Falls team is not without their stars as the combination of Timm, Martin, Navin, Kelly and Weaver is held one of the best in this district.

WANT TO MEET BOXERS

BALTIMORE, Md., Jan. 19 (AP)—George (K. O.) Chancy, through his manager, Sammie Bright, contacted \$200,000, LaSalle Cagwell, president of the National Association of Boxing Clubs, as an earnest desire to meet any contender for Benny Leonard's championship crown at the lightweight limit of 135 pounds, the boxers to weigh in at 2 p. m. on the day of the contest.

THE DAY IN WASHINGTON

Secretary Hughes denied obligation were assumed in the Paris pact while Senator Hiram Johnson declared leaders abroad thought otherwise. Attorney General Stone's nomination as an assistant justice of the United States supreme court was approved by the senate judiciary committee. The senate held memorial services for late Senator Eugene C. Seney, chairman, Brandegee of Connecticut and Colt of Rhode Island, who died during the summer recess. The combination bill making appropriations for the departments of justice, commerce, labor and state carrying \$71,598,123, was reported to the house. The senate by a vote of 45 to 20 refused to consider the question of elevation of guns on 13 American battleships to meet the range of British ships. Two cases attacking the validity of the soldiers' bonus law were thrown out by the supreme court which expressed no opinion on the law's constitutionality.

BOARD DISLIKES DUNDEE'S TRICK

Action of Boxer in Leaving Paris Without Filling Contract May Result Punishment

NEW YORK, Jan. 19 (AP)—Johnny Dundee may face disciplinary action in this country, at the hands of the New York state athletic commission as a result of his lusty departure from Paris without fulfilling a contract to fight Fred Fitzsimons, French "light" weight. This was indicated today by George E. Hoover, chairman of the New York athletic commission, who declined, in the absence of official information, to predict what action might be taken, but said his organization would act promptly on any recommendation made to it by the French boxing federation.

Formal Complaint. The federation, according to cable dispatches "today" from Paris, has received formal complaint against Dundee from promoters of the Bretonnet fight in addition to which dual action has been filed against the American boxer. First reports were that French boxing authorities would seek punishment for Dundee's failure to show up for the fight. According to a report here, Dundee decided to leave after Paris promoters failed to advance him part of his guarantee, but Paris dispatches today omitted any reference to this and pointed out that the boxer himself had failed to deposit an appearance forfeit of \$300.

GUARD AGAINST CROOK'S ESCAPE

Federal Prisoner to be Spirited Out of City Through Fear of Train Holdup.

INDIANAPOLIS, Ind., Jan. 19 (AP)

Gerald Chapman, alias "the professor," and "the Duke of Gramercy Park," escaped convict and nationally known criminal who was captured in Mexico yesterday and brought here last night, will be spirited out of Indianapolis and started on his return to the federal penitentiary at Atlanta, Ga., as soon as two assistant deputy wardens who are enroute here, arrive, it was announced today. The deputy wardens will be required to sign a receipt for Chapman's person, otherwise there will be no formalities connected with the return to the federal prison from which Chapman escaped in March, 1923, after serving only a few months of a 25 year sentence for a \$2,000,000 robbery in New York city, according to A. J. Cavins, United States district attorney for Indiana. It was understood that Chapman is to be spirited out of Indianapolis because of the belief of federal agents that an attempt might be made to hold up the train on which the prisoner's release. United States Marshal Linus Meredith received a request this afternoon that Chapman be held here pending the arrival of authorities from Connecticut who allege that the prisoner wanted there for the murder of Policeman Shelley of New Britain, during a robbery. District Attorney Cavins, however, said Chapman would be returned to the Atlanta prison.

Aspirin Revives Flowers

It has been proved by experiment that aspirin dropped into a vase in which wilted flowers have been placed will revive them and keep them fresh for several days.

HOOVER GIVES HIS VIEWS ON FARMER RELIEF

Best Guarantee of Prosperity Lies in Balancing Production and American Consuming Power, Secretary Thinks.

WASHINGTON, Jan. 19 (AP)—Secretary Hoover, called today before the president's agricultural commission to express the viewpoint of commercial and industrial interests on farm problems, declared the best guarantee of prosperity in the industry would be the balancing of production and American consuming power.

National policies could be adopted, he said, which would bring about the balance and leave the American farmer free from the necessity of exporting large quantities of principal products, with the consequent holding down of his prices to "world levels."

Import Products. "We import agricultural products that would include butter, produce at home, we export foodstuffs and other agricultural products," he asserted. "Our farmers caught both ways, suffer in both directions, from competition of cheaper labor and lower standards of living abroad."

Nevertheless, he continued, there is "within the region of practical possibility" a national policy which would work effectively to reduce the output and stimulate home consumption of agricultural products which farmers have shown a surplus for export. Along with this, he said, tariff schedules would be needed to assist in bringing about the desired result and programs now under way to reduce waste and costs in industry could be advanced through the betterment of transportation and distributing commodities between producers and consumers.

Self Contentment.

The United States can seek a status of economic self contentment as to agriculture, he declared, citing statistics of ample land and trade and will even find incidental military benefits from it. "If we allow our national economy to drift so that we have this dependence on imports for certain essential products and at the same time a dependence upon exports for products of the farm, the essential products involved in a constant drain for an enormous military expenditure to protect both our import food supplies and export markets of our farmers."

DEATHS

WIGHT—Mrs. Ina Wight, wife of William W. Wight, manager of the Hotel Perrine, died at 6:30 o'clock Monday evening at the family residence, 310 Sixth avenue east, following an illness of about three weeks. Arrangements have been made for funeral services pending decision as to whether the body shall be removed to the former home in Illinois. Her husband, Mrs. Wight is survived by her son, Roderick Wight; a brother, C. P. Wertzauberger, and sister, Mrs. William Werner, residing here.

TINKLEY—Mrs. Anna Tinkley, age 79 years, died Monday morning at her home at Kimberly. The body was removed to the Grossman mortuary here. Arrangements for funeral services have not been completed.

MOVIE ACTOR LOSES BATTLE AGAINST WIFE IN CALIFORNIA COURT

JOH ANOBER, Jan. 19 (AP)—William K. (Bill) Hart, two-gun film hero, who has shot his way to numerous "happy endings" on the silver screen today failed to register success in the superior court here when his wife, Winifred Westover Hart, from whom he is separated, took the decision in their legal battle to use her right to return to work before the camera. The court broke the separation allowance agreement which barred Mrs. Hart from appearing in pictures and, at the same time, permitted her to take the trust fund settled on her by Hart and to use her married name. The trust fund of \$10,000 established for his wife by Hart yields her an income, according to testimony in the case, of \$387.50 monthly, while a slightly smaller trust fund for their three children was set up for Mrs. Hart and provided that her income from the fund was not sufficient to keep her.

ROAD EMPLOYEES GET PAY RAISE

Railroad Labor Board Increases Salaries in Clerical Service to 2 Cents an Hour.

CHICAGO, Jan. 19 (AP)—The United States railroad labor board today granted increases of one to two cents an hour in the wages of 87,000 out of 162,000 clerical service railroad employees. The decision, calling for an annual increase of more than \$3,740,000, affects nearly all clerical service employees on 19 out of 43 railroads who were before the board and variously affects particular

classes on numerous other of the roads.

The board's decision, which was provided by the board in October, 1923. As all but 19 of the roads on which increases were sought by the clerical brotherhood had some employees covered by the previous decision, the board ruled that each of the 43 carriers before the board should apply the scheduled increase "insofar as a dispute exists—except that no increases are authorized for the classes of employees of the carriers here involved which were increased by the previous decision."

The schedule extends increases to all employees represented by the Brotherhood of Railway and Steamship Clerks, Freight Handlers, Express and Station Employees, except messengers and other employees under eighteen and with beard operators.

MA' FERGUSON TO TAKE OFFICE IN TEXAS TODAY

Lone Star State's First Woman Governor to Start Duties; Elaborate Preparations for Inauguration.

AUSTIN, Texas, Jan. 19 (AP)—Texas tonight stood at the door of a great adventure. Tomorrow at noon the state will be opened to disclose the state's first woman governor.

Opens With Prayer.

When all have assembled and the speaker, Leo Satterwhite, has called to order the joint session of the house and senate, there will be a prayer, after which Chief Justice C. M. Gordon will administer the oath in which the new governor will swear that she has never sought a duel nor given or accepted a bribe, and in which she will promise to uphold the constitution of the laws of the state and nation.

Mrs. Ferguson will then deliver her first address as governor. It is expected her talk will be brief.

POWER PROJECT HELP ASKED OF SENATORS

(Continued from Page One)

provides that when the charter of a corporation has been revoked for failure to pay the annual license fee for the corporation may after it pays the license and a \$10 penalty for each year delinquent again hold its rights.

School Measure.

Schools which have more than 75 students and operate seven months will receive their just proportion of school funds under the Insancion bill. At present this class of schools must run nine months to obtain the benefit.

Heartful Sorrow.

Whereas, Death has taken from us Chief Justice Robert N. Dunn, of this supreme court of Idaho.

Resolved, that a copy of these resolutions be spread upon the journal of the senate and that a copy thereof be transmitted to his family.

RIM-TO-RIM BRIDGE OVER SNAKE RIVER

(Continued from Page 1)

The making of such a contract would constitute a franchise which could not be revoked by subsequent boards of commissioners or interested with by the public utility commission of the state.

"It is our idea that a very modest fee might be charged, say 20 cents for each car, including the number of passengers. Based upon our figures as to the traffic such a bridge might reasonably be expected to carry, there is plenty of margin to pay a handsome return upon the investment.

Makes Count of Vehicles.

Under the bridge count was made under direction of E. C. Shurt, superintendent of the Twin Falls highway district, for two months, late in the fall of 1924, during which time there was an average of 23 cars per hour for 12 hours each day, and it is fair to assume that there were 20 cars per hour for the other 12 hours, which would make 424 cars per day, or 210 cars each way. Of this amount of traffic it was determined that 60 per cent of this traffic, or 252 cars, come from the vicinity of Jerome and the Wood river, all of which would take advantage of the rim-to-rim bridge.

"Our estimate of cars crossing Blue Bluffs is of course much smaller than that of the rim-to-rim bridge. The fact that our estimate is so conservatively conservative. An average of 200 cars a day crossing the Clear lakes bridge and grade, we know is conservative. In the height of the summer season as many as 500 have passed over in a single day and this is not an isolated case. The same number of cars are bound for Gooding, Wendell or Jerome and may be fairly regarded as a part of the traffic of such a rim-to-rim bridge as to be placed in mind.

An average of more than 80 cars per day is paid for by Shoshone Falls cars. Prior to 1921 and the number is far greater today.

Additional Tolls Possible

"We have figures from Engineer R. M. Murray of Spokane made up in 1920, showing a possible additional toll of approximately \$15,000 for livestock vehicles other than cars and occasional special cases in which the bridge might be used.

"Mr. Dwight states that in many quarters a keen interest in the plan has already manifested itself and that offers of subscriptions for stock in the enterprises have already been made. Just what particular form of financing will be adopted has not yet been decided upon but both Mayor Hodgkin and Secretary Dwight hold the fixed conviction that from the standpoint of investment but little difficulty should be encountered in framing a thoroughly satisfactory plan.

To Bend Out Maps

Necessary maps will go out today to the federal road bureau as well as to the department of public health. Just what particular form of financing will be adopted has not yet been decided upon but both Mayor Hodgkin and Secretary Dwight hold the fixed conviction that from the standpoint of investment but little difficulty should be encountered in framing a thoroughly satisfactory plan.

Figures as to automobile licenses

issued in Twin Falls county since 1920 have been obtained and are as follows:—In 1921, 4600 cars; in 1922, 4616 cars; 1923, 4780 cars; in 1924, 5347. This increase year by year is believed to be smaller than will be the case during the next few years, and a steady increase in bridge traffic of 100 per cent annually after the first year is declared to be fully justified upon the basis of experience in the case of other similar structures.

Too Anxious.

Mary Ellen Elliot arrived at grandmother's house and announced herself as being thirsty. "Don't drink water, honey," said grandmother. "Here's a nice glass of milk you can have." Little Mary Ellen demurred but grandmother insisted that she drink the glass of milk. Finally Mary Ellen looked at grandmother suspiciously. "Why, has it had a fly in it?" she asked.

AMERICA UNDER NO OBLIGATIONS SENATE IS TOLD

Statement of Secretary Hughes Denying Foreign Entanglements as Result of Paris Meeting Fails to Satisfy.

WASHINGTON, Jan. 19 (AP)—The administration took steps today to deny apprehensions as to the effect of the Paris reparations agreement, but Senate irrefragable on the Versailles treaty made it clear that an inquiry into the whole subject would be pressed.

Born Takes Stand.

While there appeared to be every desire at the state department to regard the Paris negotiations as a closed incident, Chairman Borah of the senate foreign relations committee and Senator Johnson, republican, California, asserted that Mr. Hughes' statement was in direct conflict with the view expressed by foreign statesmen. They added that efforts for senate ratification would be continued.

Senator Johnson, who is author of the resolution calling for a copy of the treaty of the state department from Paris, said he hoped Mr. Hughes was right and the foreign statement wrong as to whether the agreement did in fact draw the United States into "European entanglements," adding: "Want all the Paris agreement will clarify the atmosphere and satisfy our people."

Golden Rule

NEW YORK, Jan. 19 (AP)—Arthur Nash, clothing manufacturer—"Golden Rule" Nash of Cincinnati—disputed the Christian church's alms for the fund of \$1,000,000 was opened. This fund to be subscribed over a five year period, is to be spent in rehabilitating the church's property in Japan, augmenting the superannuated pastors' fund and in the construction of a national church at Washington, D. C.

Proposes Fund to Help Church

Subscribe \$100,000 of Million to Aid Movement.

Putting his check for \$1000 on the table, Mr. Nash said he would add \$20,000 to the amount at the rate of \$20,000 a year for five years if other churchmen of any denomination would raise \$800,000. He proposed that this fund be spent in the advancement of the brotherhood movement throughout the United States, irrespective of creed or denomination.

Chief Justice Dunn IS LAID TO REST

the state house flew at half mast. The district court recessed, while judges Clinton H. Hartson and Dana E. Brink attended the services. Judge F. S. District of the United States district court and other federal officers, also attended.

Safety First.

It is not enough to put poison on one shelf and nonpoison on another; for they can get mixed up. And then assurance becomes doubly unsure. The new life tags, illuminated with an under-radium mixture that only and always glows in the dark in the safest means for pointing out medicinal dangers.

CHRISTIAN CHURCH WILL WELCOME NEW MEMBERS

Baptism of Persons Who Have Crossed Faith During Series of Evangelistic Services to Take Place.

This evening, as a part of the evangelistic services at the Christian church, several persons who have recently made confession of faith in Christ, are to be baptized. The sermon topic for the evening is "The Web of Life."

Seven persons united with the church Sunday, making a total of 21 since the evangelistic "meetings" opened. Following the weekly communion service Sunday morning, a basket dinner was served in the basement in order that it might be convenient for those living at a distance to attend the annual business meeting of the congregation in the afternoon in the afternoon.

The Star Social club met with Mrs. C. V. Parks Monday afternoon. The usual business was transacted with Mrs. F. W. Dunke, the president, in the chair. Election of officers was then held and Mrs. Dunke was unanimously re-elected president. Mrs. E. T. Hogg, vice president; Mrs. Maurice Clau, secretary; and Mrs. Perry Thompson, treasurer. The remainder of the afternoon was spent socially, and Mrs. Parks and the assistant hostesses, A. W. Hunted and Mrs. Maurice Clau, served refreshments to the 45 members in attendance.

SOCIETY AND CLUBS

Edited by MRS. E. B. WILLIAMS Phone 398

Mrs. A. Pahlig was hostess at a delightful luncheon Monday at 1 o'clock at her home on Elm street. A beautiful cyclamen formed the centerpiece for the table. Guests found their places by means of a dainty card inscribed with the date of their birth, which was very popular. At the birthday of the hostess, following luncheon the afternoon was spent socially. The guest list included Mesdames V. A. Finlayson, Henry Olson, C. W. Grimes, A. Broseau, D. A. Sturgeon, A. F. Oalund, Charles Larzen, Halgren McCoy, S. W. Ogeand and H. H. Herdstrom.

The Star Social club met with Mrs. C. V. Parks Monday afternoon. The usual business was transacted with Mrs. F. W. Dunke, the president, in the chair. Election of officers was then held and Mrs. Dunke was unanimously re-elected president. Mrs. E. T. Hogg, vice president; Mrs. Maurice Clau, secretary; and Mrs. Perry Thompson, treasurer. The remainder of the afternoon was spent socially, and Mrs. Parks and the assistant hostesses, A. W. Hunted and Mrs. Maurice Clau, served refreshments to the 45 members in attendance.

Group of girls calling themselves the I. S. club held their second meeting with Helen Lynch Saturday afternoon. Sewing and games were the diversion and the hostess served a delicious lunch. Those present were Jennie Morgan, Helen Hendahl, Ruth Shipman, Helen Lanman, Edith Leth and the hostess.

Board of directors of the Rural Pedagogical club met in the Business Women's club rooms on Saturday afternoon with the president, Mrs. E. T. Hogg, in the chair. Twenty-four members were present and during the business session plans were completed for a dinner to be given for the Business and Professional Women in their club rooms on Monday evening, February 16, at 6 o'clock. All members of the Business Women's club are cordially invited to attend. The next regular meeting of the board will be held February 21.

Mrs. H. J. Yonker, assisted by Mrs. Arlene Mann, will entertain the Mountain View club at luncheon Wednesday, January 21, at 1:30 o'clock, at her home on Fifth avenue north.

The Mountain View club met January 7 with Mrs. Robert E. Booth, with eight members and two visitors present. Mrs. Vign Smith and Mrs. Floyd Bland were guests of the day. The usual business meeting was held and officers were nominated to be voted upon at the next meeting, which will be held with Mrs. Floyd Bland, January 21. The hostess served dainty refreshments at the close of the afternoon.

EARRINGS ARE IN FASHION

DRESDEN, Jan. 19 (AP)—Now is the time for women who desire to be the fashion leaders to get their earrings from the time of Napoleon I. Paris is the woman who has among her heirlooms earrings dating back 100 years and more.

Daddy's Evening Fairy Tale

By Mary Graham Bonner. Sir-Freezing-Is-Fun was really for a good time. He was really for the best of health.

SIR-FREEZING-IS-FUN

He had had a very thrilling time doing this and they had had their races during the night.

Chapter XI

Her mind was a phenomenal top. Jenks admitted she showed that Jenks had revealed himself to the high duties of his office.

Chapter XII

Seeing the eyes of Verity wider in the morning, Jenks looked at the reflections that Morris seemed to be addressing to himself rather than to his table-companions.

Chapter XIII

Following the arrival of Doctor Stanley, who he treated into the sick room at noon the next day, the strained atmosphere of Tawno Ker lingered still more.

Chapter XIV

Verity looked at the head of the physician, "I'm going to have some fun with my matches, today," he said.

Chapter XV

Verity looked at the head of the physician, "I'm going to have some fun with my matches, today," he said.

Chapter XVI

Verity looked at the head of the physician, "I'm going to have some fun with my matches, today," he said.

Chapter XVII

Verity looked at the head of the physician, "I'm going to have some fun with my matches, today," he said.

MORAL LESSONS

Psychology is always a curious thing. One of the interesting psychological studies lately has been the state of mind of two men, father and son, who have just moved out of the gubernatorial mansion in Topeka, Kansas.

EVERY-DAY HONESTY

Thomas A. Edison, in a serene criticism of public schools, maintains that their worst defect is the failure to teach "plain, every-day honesty."

AN AERO DYNAMO

METHOD SOUGHT TO CLEAR WAY FOR GAS PLANT

Proposition Presented by Idaho Falls Man to Establish New Industry Here Finds Favor With Commissioners.

Whether to seek amendment of the Black law under which the establishment of government was voted for Twin Falls three years ago, or to propose a bond issue in order to pave the way for establishment of a gas plant here was discussed at length Monday evening at a regular meeting of Twin Falls municipal commission. Members unanimously expressed themselves in favor generally of both propositions, but no definite action was taken at this time. The discussion followed presentation by Mayor Shad L. Hodgins of a proposal to establish a gas plant here. Under the commission form of government prescribed by the Black law, it was explained, the city can sell, but cannot grant a franchise—of the nature required. As an alternative Mr. Wilcox who at first proposed the establishment of the plant at his own expense, proposed that the city should purchase the plant and distribute the gas. He stated that he believed that bonds for this purpose would carry at an election.

Capital Looks This Way. "At least," Mayor Hodgins stated, "this proposal indicates that industrial and commercial enterprises are looking our way." Mr. Wilcox's proposal, the mayor stated, was the second proposal looking toward establishment of a gas plant here that had been presented and the mayor's attention was given the proposal.

Mr. Wilcox, the mayor stated, was formerly gas inspector for the city of Chicago and has a life-long experience in the industry. He and associates are the principal owners of the gas plant at Idaho Falls.

Mr. Wilcox could afford to undertake operation of the proposed plant under the suggested term; Mr. Hodgins stated that Mr. Wilcox explained that the experience of himself and associates both in the manufacture and sale of gas would result in economies and extension of the use of the product far beyond the possibilities open to municipal administration at the beginning. Furthermore, Mr. Wilcox was quoted as saying, he and his associates are familiar with the marketing of ranges, heaters and other appliances that could be replaced by installation of gas equipment and would derive profit from this business as a side line.

Outs-Production Cost. By means of appliances or processes under his control, Mr. Wilcox stated that he would be able to produce gas at a rate 40 cents cheaper than the rate in Pocatello and 25 cents less than the rate in Boise.

Need for restrictions placed by the Black law upon issuance of franchises for this and similar enterprises, Mayor Hodgins asserted during the discussion, have been done away with since the establishment of the state public utilities commission which would exercise regulatory supervision over the entire industry. Additional safeguards against undesirable sales was issued in the fact that the product of the gas plant would be marketed in competition with coal and electricity.

To Extend Lincoln Field. Mr. McClain, chairman of Twin Falls school district board of education, who appeared before the commission to request closing of Seventh street north between Third avenue and Adams street, advised the commission that the widening of Lincoln athletic field, was advised that a petition signed by property owners affected would be required. The only property thus affected is a triangle fronting on Seventh street, owned of which was stated to be in favor of the proposition.

VETERANS PLAN ROUNDUP

American Legion Post Urges Former Service Persons to Attend Meeting and Apply for Compensation. A slab amended with printer's ink for making fingerprints is to be provided in connection with other arrangements for a meeting this evening of Twin Falls post, American Legion in the Y. M. C. A. rooms at which effort has been directed toward rounding up all veterans of the world war with view to completing their applications for adjusted compensation. A supply of application blanks has been obtained and members of the post are to give such assistance as may be needed in filling out applications. Newly elected officers of the post also are to be installed on this occasion, and the committee in charge has arranged for "feats."

PAYS HONOR TO STRICKEN JURIST

Judge W. A. Babcock Adjoins District Court Session During Funeral for R. N. Dunn.

Out of respect to the memory of the late Robert N. Dunn, chief justice of Idaho's supreme court, for whom funeral services were held Monday afternoon at Boise, Judge William A. Babcock at noon Monday adjourned for the afternoon the session of district court then opened here Monday morning. During the forenoon, with many of the members of the bar in attendance, the court heard and decided several cases and made assignments for hearing this week motions and demurrers in a number of pending civil actions.

Information in seven criminal actions were filed by the prosecuting attorney. In one of the defendants, John H. Brown, indicted on charge of illegal possession of liquor, and judgment is to be pronounced next Friday. Defendants named in other informations were Alvin Brown, charged with a statutory crime; Joseph F. Huestler, charged with attempt to commit statutory crime; Lorenz Selaya, Robert Cook, charged with possession of liquor, and judgment is to be pronounced next Friday. Defendants named in other informations were Alvin Brown, charged with a statutory crime; Joseph F. Huestler, charged with attempt to commit statutory crime; Lorenz Selaya, Robert Cook, charged with possession of liquor, and judgment is to be pronounced next Friday.

OBSERVES ANNIVERSARY

Twin Falls Club Celebrates Ten Years of Kiwanis Movement; Business Engineer Tells of His Work. Twin Falls Kiwanis club at its regular meeting Monday celebrated the tenth anniversary of the establishment of the Kiwanis movement, a review of its history, methods and objectives being given by Merlin Batley, district trustee.

M. P. Hollister of the Beckman-Buller company of San Francisco, business engineer, who is to give a series of lectures before a class recently formed here, was a guest of the club, and spoke on human engineering and salesmanship, and presented a remarkable demonstration of memory training.

EX-DRY LAW AGENT IS HELD ON BRIBE CHARGE

Deputy United States Marshal and Sheriff Take E. C. Collins in Custody Here. E. C. Collins, said to have been a federal prohibition enforcement officer in Nevada, was arrested here Sunday by Sheriff M. E. Finch and a deputy United States marshal on a charge of having accepted a bribe. Collins was arrested in South Park addition where he is said to have made his residence for some weeks. He was lodged in the county jail here pending removal to Nevada.

AUTOMOBILE NOW IN CURRICULUM

High School Students Have Opportunity to Study Mechanics of Motor Vehicles.

A course in auto mechanics is to be offered in Twin Falls high school during the second semester that opened Monday, under supervision of the Smith-Hughes act. The course is to occupy about six weeks' period. It marks an innovation in the high school curriculum, and is the only vocational training course offered since abandonment of mechanical arts and domestic science courses three years ago as an economy measure. A new course in vocal instruction also is to be offered during the second semester.

Approximately 75 students entered the senior high school upon graduation from the junior high school Monday, and as many more graduated from the sixth grade to the junior high school. Three new teachers have been added to the high school faculty, and three new class rooms have been provided to meet requirements incident to increased enrollment in the high school.

TWIN FALLS MAN CHOSEN NEW HEAD OF 40 AND 8

Veterans Organization at Burley Promote Election of R. P. Perry to Succeed Marshall Chapman as Chief of Order.

BURLEY, Jan. 19.—(Special to The News)—R. P. Perry of Twin Falls, was elected chief of guerre of the Forty and Eight at a district promenade held here this evening and attended by legionnaire members from many towns throughout the district, including Burley, Twin Falls, Kimberly, Newport, Oakley and Hanley. He is to succeed Marshall Chapman of Hanley, retiring chief of chapter. Paul R. Tabor of Twin Falls was elected corresponding secretary, and A. Norman Johnson of Twin Falls, other officers were elected as follows: chief of staff, Earl Fargo, Burley; commissaire attendants, Ross Yonman, Burley; conductor, O. S. Peck, Burley.

Eleven candidates for membership, including two from Twin Falls, were received into the organization. Twin Falls members of whom about 20 were present, assisted in putting on the "show."

A banquet served in the banquet room of the Club cafe, was the first event of the promenade.

MANY GROUNDS FOR SUIT

Bull Woman Alleges Cruelty, Desertion and Non-Support in Petition for Divorce.

Alleging cruelty, desertion and non-support, Mrs. Lucille Harvey of Burley, through J. H. Sherley, Burley attorney, instituted suit in district court here Monday for divorce from William Harvey, to whom she was married August 2, 1916, at Lincoln, Nebraska. She alleges that her husband sold all of their personal property consisting of livestock and machinery for between \$400 and \$500, all of which is retained when he abandoned their home in January of last year. He is said to be living at Ulen, Nebraska. Mrs. Harvey asks for custody of two minor children, seven and three years of age.

VESTRY MEMBERS CHOSEN

Members of the Vestry of Assumption Episcopal church were elected at the annual parish meeting Sunday afternoon at which reports of the vestry, ladies guild and Sunday school were received. Kirk Root was elected as a new member of the board and other members chosen were J. P. Detrand, Fred W. Meek, E. Hollingerworth, C. V. Vincent, A. Dorman Johnson, D. D. Alford, George F. Sprague.

PROVISION OF IDAHO LAW SAVES CHILDREN FROM ORPHANS' HOME

POCATELLO, ap. 19 (AP)—With their father in the county jail for the past month on the charge of manufacturing and selling intoxicating liquors, the children of the national prohibition act, and their mother, arrested Saturday on the same charge, the five children of Mr. and Mrs. Frank Dumont of Burdett, were about to be turned over to the children's home at Boise. A statute of the law which provides that any woman about to become a mother cannot be held in jail on any charge, gave the children back to the care of their mother.

With tear-filled eyes the mother appeared before Probate Judge William A. Hyde yesterday afternoon and pleaded for the custody of her little flock, and finally the judge, with a kindly smile, restored her to the heart of the mother by informing her that she could keep her children on condition that she remain in Pocatello, which she has promised to do.

VIEW SITE FOR SCOUTS' CABINS

Members of Council Take Action Following Approval of Project; New Officers Chosen.

With view to locating sites for cabins to serve as shelter for Boy Scouts on overnight hikes from here, the Pocatello council of the Boy Scouts of America, following action taken by the Twin Falls Boy Scout council at an annual meeting Sunday in approval of the plan, Monday inspected possible sites in the vicinity of Blue Lake.

The council, at its meeting Sunday received reports of various Scout activities and considered plans for the coming year, and elected officers for the coming year. Roy W. Gardner, member of the court of honor, was elected president of the council, to succeed Thomas M. Roberts. The following were elected as officers: Roy W. Gardner, president; W. T. Selley, secretary; treasurer, W. T. Selley; camp commissioner, Dr. W. F. Passer; camp commissioner, E. V. Borg.

PRESS DISPATCH BRINGS INQUIRY AS TO DEAD MAN

California Man Seeks Information to Determine Whether R. W. Ross Identified, Is His Father.

A press dispatch referring to the death here January 6, last, of Robert W. Ross, for whose relatives unavailing search has been made up to this time, came to the attention of John G. Ross, superintendent of the Pacific Gas and Electric company of San Francisco, California, with the result that he Monday wired Chief of Police P. O. Herriman for further information regarding the dead man; explaining that his own father, Robert W. Ross, had disappeared under mysterious circumstances from Berkeley, California, in December, 1921.

The police chief in reply wired a detailed description of the dead man and mailed a photograph and sample of his handwriting, which were requested. Arrangements for burial of the dead man Monday were delayed pending receipt of further advice.

LITTLE BOY VICTIM OF FATAL ACCIDENT BURIED

Funeral services for Everett Hoyle, seven year old son of Mr. and Mrs. O. P. Hoyle, who was killed Saturday when he was struck by an automobile on Main avenue south, were held Monday afternoon at the Holy Ghost chapel on Second street east, and were conducted by a minister of that denomination.

BREVITIES

Ice and Snow Yield When Weather Warms

Forecast for today—Increasing cloudiness. Ice and snow with which Twin Falls streets have been encumbered for many days began to give way Sunday under influence of milder and higher temperature, and the process continued Monday, although a half inch of snow fell during the night. Temperature reached a maximum Sunday at 44 above and was low at 18 above. High mark Monday was 41 above and low was 22 above. Snowfall accounted for only three one-hundredths of an inch of precipitation on the weather observer's records.
