BORAH ANSWERS FRENCH DEPUTY ON DEBT STAND

Clearly Evident That France's Problem Is Not Payment but Repudiation of Loan, Says Idaho's Senator.

WASHINGTON, Jan. 22 (AP)—The real problem with respect to the French debt is that of repudiation. Chairman Borah of the foreign relations committee, declared today in the senate.

Replying to the speech in the French chamber of deputies yesterday by Deputy Marin, Senator Borah said no one could read the debate or the French press without concluding that "acquittal" of the debt is now the issue.

"Of course, that great people can take that position and repudiate their obligation in that way," he added, "but if they choose to do so, the truth of history ought to carry the actual facts in regard to the debt and the conditions and circumstances surrounding the settlement."

Senator Borah said it would be inequitable for the United States to collect its \$4,000,000,000 debt from France.

"It has displaced use of the qualities of an exacting debtor," he declared. "On the other hand, I understand to say that the settlement of the Great Britain is the most generous proposal."

OPUM CONFAB MAY BREAK UP

Situation Tense at Geneva as Result of Difference of Opinion Between Powers.

GENEVA, Jan. 2 (AP)—If possible, the situation of the international opium conference became more precarious today, due to the failure of the American delegation to take part in the deliberation of the sub-committee assigned to draft the functions of the central board of control which will supervise the traffic in narcotic drugs.

Edwin Neville of the American group is a member of the committee which sat this afternoon. Some of the other members were insistent on the absence of a form of control on the problem of opium smoking in the far east which has split the conference.

Want to Go Home. "This is impossible. We actually refuse to be whipped into line this way. I have recommended to my chairman that he should resign."

Attorney for Dorothy Ellingson Wants Case Heard in Juvenile Court; Claims Insanity.

Attorney for Dorothy Ellingson, 16-year-old girl, was continued today for another week when it was called in juvenile court.

Edison Memorial Proposed in Form Of Huge Building

Chairman of the Electric Board of Trade Would Spend Five Million on Structure.

NEW YORK, Jan. 22 (AP)—The erection of a Fifth avenue of a \$5,000,000 building as a memorial to Thomas A. Edison, while the inventor still lives, was proposed by Charles L. Elditz, chairman of the board of governors of the Electric Board of Trade and members of the Edison Planners, composed of 65 men who worked with the electrical wizard prior to 1888.

SPEECH ON WAR PUT IN RECORD

National Conference Address Comes Before Congress; Orator Printed in Journal.

WASHINGTON, Jan. 22 (AP)—The national conference on the cause and cure of war caused a ripple on the surface of the senate today during one of its early sessions.

Senator Swanson, democrat, Virginia, raised the point of order against the bill proposing rate increase measure passed at the last session and voted by President Coolidge.

POSTAL RATE INCREASE HIT BY DEMOCRATS

Attacks Made on Administration Measure Which Boost Salaries Through Advance in Cost of Postage.

WASHINGTON, Jan. 22 (AP)—The administration postal pay and rate increase bill was subjected at the outset of debate today in the senate to an attacking democratic attack, which aimed at elimination of all of the proposed rate advances.

WASHINGTON, Jan. 22 (AP)—The senate today was to decide the point and a close vote is expected by both sides.

Senator Swanson, democrat, Virginia, raised the point of order against the bill proposing rate increase measure passed at the last session and voted by President Coolidge.

Cooperative Market for Wool is Urged At Growers Meeting

Extension Service Head Tells Shoppers of Best Way to Sell Product; Uniform Quarantine Laws Recommended.

SAN FRANCISCO, Jan. 22 (AP)—Cooperative wool marketing associations, such as are maintained in some sections of Oregon were strongly recommended by speakers at the sixteenth annual convention of the National Wool Growers association here today.

Uniform quarantine laws in the various states was recommended by Dr. G. H. Hecke, director of the California state department of agriculture. Dr. Hecke also submitted a resolution calling for an annual conference of federal and state livestock officials.

TREATY DEBATE JUST STARTED

Senator Borah Objects to Setting Time for Vote on Issue of Pines Pact.

WASHINGTON, Jan. 22 (AP)—The debate on the Pines treaty was just started today in the senate.

Senator Borah, republican, Illinois, who had proposed the agreement, demanded to know whether it was to be construed to mean that the treaty affirming Cuba's sovereignty over the island would go over until the next session.

American Falls Contract Let to Utah Company; Bid Of \$1,281,600 is Lowest

FORMER NEW YORK OFFICIAL RECEIVED MONEY FROM "PONZI"

NEW YORK, Jan. 22 (AP)—William L. Ransom, former public service commissioner and city court justice and now law partner of Ex-Governor Charles S. Whitman, was summoned to the district attorney's office to explain how he came to receive checks aggregating \$218,500 from Moses Turman, who yesterday confessed to \$1,300,000 of forgeries in connection with a get-rich-quick scheme.

LUTHER CABINET GIVEN APPROVAL

Reichstag Votes Probational Period to New German Administration by Safe Margin.

BERLIN, Jan. 22 (AP)—The Reichstag today voted to give approval to the cabinet of Dr. Luther.

Standing Doubtful. Although the present majority of 84 votes over the cabinet in parliamentary basis of comfortable proportions, the outcome of today's balloting reveals the doubtful nature of its standing in the Reichstag, in that it is entirely at the mercy of the clerical party.

High Dam Foundation. The tenders which called for bids on the bridge work, which is under construction, will be handled under separate contracts for a foundation on which the higher dam can be constructed but provided that work will progress on the basis of the lowest dam until expansion of the plans is seen to be advisable.

PRIMARY BILL HOUSE KILLED UP IN SENATE

Measure by Progressives Introduced for Legislative Action; Other Proposed Laws Are Read.

BOISE, Jan. 22 (AP)—The progressive direct primary bill which died in the house last week, was resurrected today and introduced in the senate of the eighteenth legislature by Kirkpatrick and Egan, third party leaders.

The measure provides for nomination of all candidates for state and county offices at an open primary and removes the judiciary from political control.

Independent school district warrants drawn against depleted funds shall have seven per cent interest paid unless the school board has previously, by resolution, fixed a lower rate of interest under the terms of a bill presented by Barrett and Helms.

Life and endowment insurance policies will be incontestable after two years if the insured is still alive, under a bill introduced in the senate this morning by the insurance committee.

School districts will be given the power to issue funding bonds during the years 1925 and 1926 to pay off their outstanding indebtedness under the provisions of the Hanson act.

Need of Kootenai county offered an amendment to the 1921 session laws providing for the conditional sale of household goods, and farm implements and machinery exempt from execution or attachment by making the law apply only where the consideration is less than \$100.

Heineke's measure placing a tax equal to four per cent of the gross value of gold, silver, lead and other ore-produced in mines reported out of the mines and mining committee with recommendations that it be printed. A few moments later the author

FORESTRY MEN IN CONVENTION

Coordination and Cooperation Best Measures for Preventing Fires, Association Hears.

CHICAGO, Jan. 22 (AP)—Coordination and cooperation of all forces working toward fire prevention and reforestation is the way to solve the forest problem in the United States, according to the speakers addressing the American Forestry association at its fifteenth anniversary convention here today.

William B. Greeley, chief forester of the United States government, explained the many benefits of the Clark-McNary bill that gives government assistance to those states who will maintain an efficient permanent forest preservation and forest fire fighting system.

E. T. Allen, Portland, Oregon, presented figures showing that half a billion dollars was the yearly estimated loss from forest fires, and that if all the forest fires in a single year could be put out simultaneously they would reduce the timber supply in length 500,000,000 cubic feet.

The convention adopted resolutions urging states that have no forestry departments to start by creating them, thereby taking advantage of the government's financial assistance.

Secretary Hughes announced that formal relations would be resumed with Hungary February 1.

Song writers and playwrights appeared before a house committee in favor of a new law to protect copyright.

GRANGE WANTS STATE INCOME TAX MEASURE

Closing Day's Session of Jerome Farm Convention Sees Passage of Numerous Resolutions; Favors Bank Bill.

JEROME, Jan. 22.—Resolutions regarding that the state legislature now in session at Boise pass a state income tax law similar to that of the federal law and like that of Wisconsin, was among a number adopted this afternoon at the closing day's session of the three-day Idaho State Grange convention. A resolution also met with the approval of the state grange looking to a state bank charter law "like that of Nebraska and Kansas." Grange delegates were practically unanimous in their resolution condemning the federal reserve system. A message was also framed with the approval of the grange asking congressmen from Idaho to get behind a bill now before congress which would use the federal reserve system for guaranteeing national bank deposits.

Owing to the ever increasing number of Chinese presents—in the southern part of the state, the grange urged that open range be extended to the legislature to pass a law making it an offense for hunters to trespass on the lands of the farmer without first making his consent. A resolution asking that public accountants be required to furnish bond before practicing was passed as was a resolution urging certain minor changes in the national constitution of the grange.

Night Meeting.

Grangers were still in session at a late hour tonight on other resolutions for which they hope to obtain approval. Charles E. Taylor of Canyon county, Pomona grange, was elected the third member of the executive committee of the state grange for a three-year term of office and succeeds D. R. Hubbard, who withdrew his name for re-election. Monday services were held here this afternoon for Past State Master A. Harland, and for other members and officials of the grange who have died since the last meeting. Payette was chosen as the place for the next state convention; Glenn Perry was the only other city to bid for the convention which was considered.

Standing Committees.

Chairmen of the various standing committees were appointed as follows: Finance, Homer Johnson, Idaho transportation, Charles Taylor, Canyon county; resolutions, Jay Melting, Boise; agriculture, C. A. Rohrer, Canyon county; milnago, L. W. Konward, Payette; constitution, and by-laws, P. M. Drow; good of the order, T. A. Allen, Merrill; women's work, Mrs. B. Maxwell, Wauville; insurance, J. A. Hand; reports; stock, Charles Blodgett, Grandview. The report of the state treasurer was adopted as were reports of other officers. Grangemen today were informed that the number of new granges in the state was the second largest in the United States.

HANSEN.

HANSEN—W. J. Young of Twin Falls was a business caller in town Monday. Mr. and Mrs. Myert Crookes came from Twin Falls to Boise to spend the day at the home of P. D. Crookes, east of town. Mrs. Hannah Sampson of Kimberly is again in very ill condition. Mrs. Stuart Sorenson was hostess to a delightful 1 o'clock luncheon Wednesday for the Bridge club and other guests at the home of the Sorensons. Those present were Mesdames Clyde Walker, J. E. Wiseman, O. D. Wilson, J. M. Smith, Emma Peterson, J. L. Galt, E. Bronson, M. A. Schaeffer. Ronben Blanchard left for Golconda, Nevada, on Monday, where he expects to remain for some time.

Important Changes in Coolidge Cabinet.

Elihu Root, Charles B. Warren, Charles E. Hughes, Charles McLaughlin.

LIVING AS HIS REASON. A desire to retire to the private practice of law, Secretary of State Charles Evans Hughes of New York has resigned, effective March 4, and President Coolidge has appointed in his place Frank B. Kellogg of Minnesota, at present ambassador to Great Britain. Mr. Coolidge also appointed Charles Beecher, warren of Michigan, former ambassador to Japan, and to Mexico, attorney-general, succeeding Harlan F. Stone of New York, appointed to the supreme court bench. There are persistent rumors in Washington that Mrs. Isabel Walker Williams, of California, assistant attorney general, may be named by President Coolidge as the first woman judge on a federal bench in the United States.

to spend the rest of the winter. The couple made up a sleeping party that went to the J. R. Lewis home Friday evening, where bridge was enjoyed. At a late hour a carnival of the high score, was made the high score. Mrs. Kennedy and Mr. Lawrence were awarded consolation prizes for offenses in continuing created much merriment during the evening. The ladies of the Sherman circle, G. A. R., met at the home of Mrs. R. Hall on Tuesday afternoon. During their business session they voted to assist in the lunch serving at the grade school, and hereafter they will serve free lunch to all those who bring their lunch to the grade school every Wednesday of each week for four consecutive weeks.

On Monday evening at the church home of Charles Colver conducted a class in seed corn selection for the boys under 16.

Mrs. Ralph Kean spent a part of the week-end at the home of Mrs. Pledger at Kimberly. At Sunday school on Sunday the teachers were elected for the classes and read the lessons. A number of children from Worthville girls. Mrs. Sorenson, senior Worthville girls. Mrs. Nelson, boy Scout, class. Mr. Bates, with Charles Colver, conducted the song contest. The primary class and kindergarten teacher remain the same. One hundred and sixteen were present at Sunday school. A larger crowd is expected next Monday and the session will be followed by a special sermon by the pastor on "Respectable Sin."

Mrs. H. M. Smith was chosen as president of the Women's auxiliary to the American Legion at their recent meeting at Kimberly.

Mrs. O. D. Hills is advertising a sale of all her farming implements and equipment at her farm home east of town. Mr. and Mrs. Dyer who have been in the J. M. Hansen home for the past three months, are planning to leave soon for a new field of work. The pupils of the seventh and eighth grades held their literary program on Friday afternoon. A number of visitors were present to hear the program, which was centered around the topic, "Greatness of Today." The following numbers were given by the members of the blue siles: Song, American; "Greatness of Senator Borah," by Albert Huff; "Edgar Guest as a Poet," by Ralph Robson; "The Poem of His Poems," by Rachel Nelson; "William Shakespeare," by Fred Olson; "Robert LaFollette," by Stephen Olson; "Honey Bunch," by Fred Olson. A debate on the question, "Resolved: That Thomas A. Edison has given more to humanity than Luther Berkman," was decided in favor of the negative. A school paper read and edited by Clarence Anderson and the following people from Eden were visitors at the home of Mrs. V. B. Johnson, Wednesday evening: Mrs. D. G. Hanson, Mrs. Barber and daughter, Ter, Advona. The semester examinations came to a close on Friday and the teachers report the following students as having honorary grades: Primary "E," Ruth Honker, Alleen Sheeley. In music, Margaret Aluse, Carl McFarland, Lucia Hill, Iris Hutchins, Geneva Hollfield, Inez Lucile Walker, William Wiseman. Third A. grade "E," Irene Schaeffer, Clydella Jones, Sherman Bellfield, Ralph Robson, John Bennett. "E," Charlotte Bailey, Clyde Smith, Lucile Hall, Norval Reynolds, Grant Reynolds, Fern Marlin. Fifth grade "E," Grace Denio, "E," Jack Howard, Thomas Walker, Herbert Hughes, Ronald Jensen. Sixth grade "E," Leroy Curtis, "E," Halene Hill, Margaret Cowan, Dorotea Wafel, Georgia Scherrup. Seventh

RECORDS BROKEN BY IDAHO COW

Holstein-Friesian in Herd of R. T. Davis at Weiser Sets Two Marks for Butterfat.

CHICAGO, Jan. 22 (AP)—The breaking of two state records within a period of one year is the accomplishment of Idaho's new senior two-year-old champion butter producing cow, Pelly McKinley Valley Vale. In the herd of R. T. Davis at Weiser, she produced in ten months 12,754 pounds of milk containing 491.92 pounds of butter fat (61.45 pounds of butter) according to the advanced registry department of the Holstein-Friesian association of America. Her first state record was for 5351 pounds of butter made in a junior two-year-old and was also for a ten month test period. This record, however, has since been exceeded by another heifer in the Davis herd, Ononia—The Apple McKinley, a junior sister, whose production in a half year was 5583.33 pounds of butter. The dam of Pelly McKinley Valley Vale, Pelly of Dunsmuir, the highest record cow in the state for ten months' production as a senior three-year-old, has a record of 16,963.9 pounds of milk and 710.8 pounds of butter.

CHAMPION IN UTAH, TOO.

CHICAGO, Jan. 22 (AP)—By completing a yearly test period of 20,107.9 pounds milk containing 211.62 pounds butter fat (88.94 pounds butter) Gypsy Queen Pontiac, a purebred Holstein-Friesian, became Utah's champion senior three-year-old producer for the year, according to the advanced registry department of the Holstein-Friesian association of America. She made her record in the C. C. Potter herd at Ogden. "This young cow came into prominence last year when she broke the state's record for butter production in ten months as a senior two-year-old with 614.7 pounds. The semester examinations came to a close on Friday and the teachers report the following students as having honorary grades: Primary "E," Ruth Honker, Alleen Sheeley. In music, Margaret Aluse, Carl McFarland, Lucia Hill, Iris Hutchins, Geneva Hollfield, Inez Lucile Walker, William Wiseman. Third A. grade "E," Irene Schaeffer, Clydella Jones, Sherman Bellfield, Ralph Robson, John Bennett. "E," Charlotte Bailey, Clyde Smith, Lucile Hall, Norval Reynolds, Grant Reynolds, Fern Marlin. Fifth grade "E," Grace Denio, "E," Jack Howard, Thomas Walker, Herbert Hughes, Ronald Jensen. Sixth grade "E," Leroy Curtis, "E," Halene Hill, Margaret Cowan, Dorotea Wafel, Georgia Scherrup. Seventh

ONLY FORTY DISHONEST MILLIONAIRES IN U. S. UNIVERSITY MAN SAYS

ATLANTIC CITY, N. J., Jan. 22 (AP)—There are only 40 dishonest millionaires out of 4000 in the United States, Dr. Russell H. Conwell, president of Temple university, Philadelphia, told the convention of executives of the J. C. Penney company here today. "It is of these 40," he said, "that you are always hearing about. They are always in the newspaper. By far the majority of rich men whose lives I have investigated are honest and have gotten their wealth honestly. Three thousand seven hundred and eighty of them were poor boys to begin and did not have a dollar."

KIDNEYS NEED LOT OF WATER

Drink Freely and Often; Also Take Salts if Your Back Hurts

When you wake up with lumbago and dull misery in the kidney region, it may mean you have been eating foods which create acids, says a well known authority. An excess of such acids overworks the kidneys in their effort to filter it from the blood and they become sore, paralyzed and inflamed. When your kidneys get sluggish, you must relieve them, like you relieve your bowels, removing all the body's urionic waste. Use you have lumbago, sick headache, dizziness, your stomach sour, tongue is coated and when the weather is hot and you have rheumatic twinges, the urine is cloudy, full of sediment, channels often get sore, water salts and you are obliged to seek relief two or three times during the night. Urinary trouble is a common complaint of one of our greatest physicians, and he has written you a pamphlet about four ounces of Jaw Salt, a table-spoonful in a glass of water before breakfast for a few days. This famous salt is made from the urine of grapes and human urine combined with lithium and has been used for years to help clean and stimulate sluggish kidneys, also to neutralize acids in the system so they no longer irritate, thus often relieving bladder weakness. Jaw Salt is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink. Drink lots of soft water. By all means have your physician examine your kidneys at least twice a year.

FARM BLOC WILL ENACT MEASURE

Congressional Group Plan to Get Behind Some Bill for Relief of Agriculture.

WASHINGTON, Jan. 22 (AP)—Members of the congressional farm group are considering a plan to throw their solid strength behind some farm relief measure with the hope of getting legislation enacted at this session. Just what form the bill will take has not been determined, but an effort will be made to produce a measure which will receive the endorsement of the president's agricultural commission and the support of the farm groups in congress.

McNary-Hangen Measure.

At a meeting last night at the capital called by Chairman Norris of the senate agricultural committee, senators and representatives interested in farm problems, heard arguments in support of a modified McNary-Hangen bill, which was drafted in its original form at the first session of congress, from spokesmen for the American Council of Agriculture. No indication was given, however, that this plan more than any other, was being considered by the congressional farm group as the measure on which they would concentrate. The council's argument in its support also has been presented to the president's agricultural commission.

FORMER TWIN FALLS CITIZEN IS FINED FOR LIBEL IN UTAH

Phil M. Goldwater, publisher, and Otto Kappelle, contributor of an article concerning Arthur L. Cole, which appeared in the Press-Bulletin, Birmingham, each pleaded guilty to criminal libel in the third district court and were given their choice of \$300 fine or 100 days in jail, sentence to be suspended for one year on good behavior, on condition that a retraction of the article concerning Cole be printed. Sentence was passed by Judge W. B. Marks. The alleged libelous article, which appeared in the Press-Bulletin, Birmingham, on Sunday, January 12, 1925, was signed by Kappelle—Salt Lake Tribune.

- This young cow came into prominence last year when she broke the state's record for butter production in ten months as a senior two-year-old with 614.7 pounds.
- grade, Rachel Nelson; "E," John Galley, Eighth grade, "E," Fern Hill.
 - Mrs. Hofffield of Hull has soon visiting at the home of her parents, Mr. and Mrs. Pryor the past week.
 - Mr. and Mrs. J. B. Taylor are moving this week to a farm just south of town.
 - The county examinations are being given this week by Mrs. J. B. Lewis. Hansen has been designated as a center for four other schools, namely, Odowd, Excelsior, Pleasant Valley and Rock Creek.
 - W. L. R. Carter had the misfortune to sprain her ankle quite bad Monday and she will have to go about with the aid of crutches for a while.

Western hospitality knows no half-measures

The hospitality of the West is as wide as its plains. Out here, you're invited for breakfast. And you are served with a wonderful cup of coffee, the symbol of western welcome—Hills Bros. Coffee!

Just puncture the vacuum seal of a tin of Hills Bros. and breathe that marvelous aroma—the fragrance of rare coffee oils. Drink a cup of Hills Bros. and know that the flavor matches the aroma. The Recognized Standard (That's what they call Hills Bros. Coffee!) And it is economical to use.

HILLS BROS COFFEE

Ask for Joint-Ease and Get Rid of Stiff, Swollen, Painful Joints

Whether Rheumatic or Otherwise, Speed Up with Joint-Ease. The Quickest Action.

It was a high-class pharmacist who first synthesized this prescription, called Joint-Ease, for the relief of rheumatism, swollen joints and stiff, painful joints.

Now it was this same man who analyzed it, found it a remedy good and would give it to his own rheumatic wife and other afflicted "kinds" with "his own hands." It is so good and so quick that even the most obstinate cases of rheumatism and stiff joints are relieved by Joint-Ease.

Joint-Ease is a combination of the finest medicinal ingredients, and it is so quick and so reliable that it is a true remedy for the relief of rheumatism, swollen joints and stiff, painful joints.

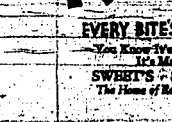

Always remember, when Joint-Ease goes in, Joint-Ease gets out—quick and painless.

Remember this about food—mere nourishment isn't enough—It must be balanced. Why do food authorities keep insisting that variety is a most important essential in a health-building diet? Simply because without variety in your food your body may be over-nourished in some respects and under-nourished in others.

Children and grown-ups alike thrive on SHREDDED WHEAT and milk, because this combination supplies every element needed to sustain the human body, and it supplies them in the right proportions. It's a well-balanced ration. So why experiment with food fads? Eat the food that keeps you fit. Satisfying Wheat—a full meal in two biscuits. And serve it often to your family for breakfast, lunch and even for dinner-in-made-up-dishes.

RODEO BAR. EVERY BITE A DELIGHT. It's a square meal for a dime.

RADIO MEASURE STRIKES SNAG

Proposed Extension of Naval Service for News Dispatching Meets Objection.

WASHINGTON, Jan. 22 (AP)—Proposed extension of congressional authority under which the naval radio service transmits commercial business strikes a snag and unless some way is found to extricate it, American news-papers in the Pacific possessions will have their news dispatching much curtailed after next June 30.

Since 1920, congress had authorized the naval radio to handle commercial business including news dispatches that cross the Pacific with the provision that the service should be operated in times when private companies were unable to take over the work. Extended from time to time, the authority expires June 30.

Representative Free of California has introduced a resolution to extend the authority further, but some members of the merchant marine committee object to the resolution unless it limits naval radio authority strictly to news dispatches and other commercial business.

To assure adoption of the extension resolution in the six weeks remaining of the congressional session, a special bill is necessary and the committee has been unable to obtain without a unanimous report from the merchant marine committee.

By Way of London

Before naval radio was used, American newspapers in the Philippines were obliged to get their news from London via China because of the lack of transmission facilities in the Pacific and high rates for facilities. It is estimated that private facilities will not be available for three years to handle news dispatches from the United States to the Pacific possessions. Extension of the radio service is being sought on those grounds.

American newspapers in the Pacific possessions contend it is in the national interest that they receive an American news report from home and that a great distance away they be unable to get the news which commercial companies would require.

BORAH ANSWERS FRENCH DEPUTY ON DEBT STAND

(Continued from Page 1)

position for the settlement of international debts that can be found anywhere in history.

DEPUTY HIGHLY PRAISED

PARIS, Jan. 22 (AP)—The chorus of praise indulged in by the morning papers over Mr. Marin's speech in the chamber of deputies on the subject of the international debts is continued by the evening papers. The former under secretary of state declared that it would be a moral injury if France were compelled to pay the enormous debt contracted by her in the United States and his remarks were received with unanimous applause indicating that the French parliament's viewpoint on this momentous subject.

Temps expresses the view that it would not be a moral injury if France were compelled to pay the enormous debt contracted by her in the United States and his remarks were received with unanimous applause indicating that the French parliament's viewpoint on this momentous subject.

who in letting themselves be hurried into the debt are preparing for the victory.

To the Paris-Sol, a strong supporter of the government, liquidation of the war debt is a "business for kings of the dollar."

"The idea of justice," adds the Sol, "inspires their decisions; they find no place in their accounts for the brotherhood of nations."

"Mr. Marin speaks to them in language they do not understand."

Book Must Come From Heart

"If a book come from the heart, it will continue to reach other hearts; all art and authorship are of small amount to that."—Currier.

PRIMARY BILL KILLED IN HOUSE AGAIN UP

(Continued from Page 1)

Unanimous consent to withdraw it for redrafting.

Progressive house members today introduced a bill guaranteeing redrafting for the state commissioner of finance to form a fund to be used in paying depositors of defunct banks in the event enough money cannot be liquidated out of the bank.

Chapman of Canyon and Coslett of Adams, are authors of the bill which was referred by Speaker Gillis to the reference committee. It is numbered house bill No. 52.

Bank Measure

Under its provisions the commissioner of finance is authorized to levy an assessment against member banks which their claims are filed, except that across the Pacific with the provision that the service should be operated in times when private companies were unable to take over the work.

When a bank fails he must immediately propose the funds available through the creditors in the order in which their claims are filed, except that across the Pacific with the provision that the service should be operated in times when private companies were unable to take over the work.

It is freely predicted by republicans that the bill will not pass because of the caucus rule made by republicans that they will not print any minority direct primary or bank guaranty measures.

Accrues a License

Under house bill No. 49, by the state affairs committee, authorizes and directs the refunding of the states bonded debt which stands now at \$5,700,000. This measure is similar to one passed two years ago, which the supreme court held unconstitutional. The new bill eliminates the unconstitutional provisions.

House Bill No. 53

House bill No. 53, by the committee on irrigation, reservoirs and reclamation, provides for the organization and creation of irrigation lateral districts within a territory already organized.

Committee of the Whole

For the first time since the opening of the session the house of representatives of the Idaho legislature will go into the committee of the whole to take up the morning. Two measures will be considered.

The first of these, house bill No. 11, by state affairs committee, defines espionage. There is considerable opposition to this act as it is drawn and narrowly escaped when a motion to reconsider it on the calendar carried by one vote.

The other matter which the house has to consider resulted from a word battle this morning over reference committee reports on bills. The whole thing started when the reference committee reports on the house bill No. 48, Hall's divorce bill, he not printed. James followed and finally a roll call showed that 25 members wanted the bill printed, which, under house rules, is sufficient to print it.

SPORTS TWIN FALLS AND RUPERT TO MEET

Fast Basketball Game Looked for Tonight on Local Floor; Meteors Get New Strength.

Twin Falls high school "Meteors" meet the fast Rupert basketball team tonight at 7:30 on high school floor. This is the fourth game of the Twin Falls schedule. The Rupert high school will send to Twin Falls one of the most highly touted teams in the state by virtue of their last season's record. Last year the state school basketball tournament at Moscow. Being defeated in a close game by the Boise high school team, which made an impressive record.

The Rupert squad will have the benefit of a year's experience with the game since that ended their participation in so many games last season. The Minidoka county hoppers lost only one man, Long, a substitute on the 1924 team, through graduation. The Rupert team will no doubt present a heavier team than the local.

Coach Harry West is credited with bringing one of the best basketball teams in this section. His teams enjoy the five man defense as do the locals.

Although the Twin Falls squad enters the game against one of the strongest teams in the state, the game will by no means be uninteresting, say local fans. The record of the local is two victories and one defeat and that to the fast Rupert squad by one point. The result of this week's practice is almost sure to give the Meteors a polish, which was lacking in the games against the Whitefels, fans point out. The Twin Falls squad has been strengthened by the addition of Ross Cole, center on the last year's team, who entered school a year ago. Coach Plasline will no doubt start Martin and Weaver at forwards, with Kelly, Timm or Cole center, and Navin, Kelly and Timm at guard.

ILLINOIS GIRL DIES FROM GUNSHOT WOUNDS

PERIN, Ill., Jan. 22 (AP)—In another confession made today at a court session, the father of a 24-year-old woman and state's attorney Dick Leuberg, after the death today of Miss Mary Ellen Miller, 20, Fred Lichtenberger said he shot the girl and himself Tuesday morning after the girl pleaded with him for weeks to kill her on an amount of her condition. He has not been told of her death.

"I told her I would marry her and begged her to go and tell her folks of her condition, but she said she could not because her father had said he would kill himself if we got married," Lichtenberger said.

FUNERALS

WIGHT—Funeral services for Mrs. W. W. Wight, whose death occurred Monday evening, are to be held at 2 o'clock this afternoon at the chapel and are to be conducted by the Rev. H. G. Humphrey of the Methodist church.

TILLEY—Funeral services for Mrs. Edward Tilley of Kimberly, whose death occurred Monday are to be held at 2 o'clock this afternoon at the Methodist church at Kimberly.

NEW LAMP BURNS

94% AIR

Beats Electric or Gas

A new oil lamp that gives an amazing light—burns less than half as much better than gas or electricity, and has been tested by the U. S. Government and 25 leading inventors and found to be superior to all other oil lamps. Burns without odor, smoke or soot—no pumping up! Is simple, clean, safe. Burns 94 per cent air and 6 per cent kerosene (coal oil).
North Union, Ave., Portland, Ore. is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency. Agents without experience; money make \$250 to \$500 per month—adv.

AMERICAN FAIR BIDS OPENED BY OFFICIALS

(Continued from Page One)

They were ready to commence work immediately on the awarding of the contract last fall. It is presumed that their preparations still stand and that they can inaugurate construction promptly on the approval of the contract at Washington.

The bid that won approval here today amounted to less than the one submitted last fall. The American Shrike company are bidders for the Utah Construction company, whose bid was accompanied by a certified check for \$90,000.

The approval of the contract today is of great interest in the Rupert project which is one of the major projects to be put through under water table agreements with American Falls. Another project that affects Pocatello intimately is the Fort Hall extension.

Bids Were Rejected

Under direction of Secretary of Interior Hubert Work and Reclamation Commissioner Elwood Mond, competitive bids were opened for the construction of the Snake river of an immense dam and reservoir designed to irrigate about 1,600,000 acres in the Snake river valley. Preliminary bids received and rejected because of altered specifications, placed the construction cost at approximately \$2,600,000.

New specifications on which bids were received called for a low dam with a foundation and base in the river section wide enough to permit construction thereupon of a high dam. It is provided that the foundation and wide base be erected first and that the United States reserves the right any time prior to completion of this wide base to require the contractor to change over to construction of a high dam, in which event suitable adjustments would be made in the final contract payments.

The project is one of the greatest of its kind ever undertaken under federal co-operation and aid. Secretary Work has in his possession a check for \$1,950,510 representing the American Falls reservoir district's share of the expense. When the dam and reservoir are completed the Snake river valley will be the largest irrigated valley on the American continent. Its population exceeds 250,000 persons. The Minidoka national project is located in the valley and also obtains its irrigation water from the Snake river watershed. Proposals for construction of the dam first were opened last October 20, but a combination of circumstances notably the indication of local interest as to whether a low dam or a high dam would be more costly dam would prove the more economical, caused the bids to be rejected. The way is clear now for the beginning of construction, since it has been decided to build a low dam which may be converted into a high dam.

NOTED SPEAKER FOR CONFERENCE

Elder M. J. Ballard of Council of Twelve of L. D. S. Church to Visit Twin Falls.

Elder Melvin J. Ballard of the council of twelve, one of the best known speakers of the western region, who is now on a speaking tour of northern Idaho, is to address a preaching service Sunday afternoon at the Orpheum theater to be held in connection with the quarterly stake conference of the Twin Falls Stake, T. D. S. church, in Twin Falls Saturday and Sunday next. A special musical program has been arranged for this service to which, as well as other conference services, the general public is invited.

The opening session will be held in the First Ward chapel at 2 p. m. Saturday evening at 6:30 there will be a general priesthood meeting, to which the male members of the church are especially invited.

Sunday at 10 a. m. in the Orpheum theater a meeting will be held to which the public is invited. This meeting will feature priesthood work. Several male choruses have been arranged.

At 2 p. m. in the Orpheum a preaching service will be held, and the public is promised a real treat, as a special musical program has been arranged. Elder Melvin J. Ballard of the council of twelve, will be the principal speaker.

A meeting at 7 p. m. at the Orpheum theater will be devoted to the Young Peoples Mutual Improvement work. It may be possible to get Mr. Ballard to remain for this meeting, if arrangements can be made to get him to the train at Shoshone as he has an important appointment for Monday at Salt Lake.

RUM RING JURY FAIL TO AGREE

New Jersey Judge Dismisses Twelve Men Sitting in Weehawken Liquor Trial.

JERSEY CITY, N. J., Jan. 22 (AP)—The jury in the trial of ten Weehawken police and two civilians charged with conspiracy to violate the state prohibition act was discharged today by County Judge Eben following its failure to agree after 14 hours of deliberation. The case will be retried within the next few weeks. Previous to the next trial the general subject of rum running in Hudson county will be reviewed when Prosecutor John Milton presents to the grand jury next week the evidence brought out in the trial implicating United States Senator Edward L. Edwards in the alleged rum ring.

This evidence was introduced into trial of the Weehawken police by three federal prohibition agents one of whom, Elwood Wilson, later admitted he had been convicted of participation in 1913.

SOCIETY AND CLUBS

Edited by
MR. D. B. WILLIAMS
Phone 398

Mrs. James G. Robertson entertained a few intimate friends at her home 1246 Eighth-avenue east, Wednesday evening, January 21, celebrating her own and her husband's natal day. The evening was delightfully spent with piano, favor for high score being won by E. F. Fitzwater and consolation by Mrs. Charles Kingsbury. At a late hour delicious refreshments were served. The guests numbered 12.

One of the most delightful dancing parties of the season was given Wednesday evening in the Business Women's club rooms with Mr. and Mrs. Edgar Patrick and Mr. and Mrs. Paul Meull as hosts. A delicious two course supper was served at midnight, and the music was furnished by the Walter orchestra. The guest list included Messrs. and Madames C. D. Anderson, R. W. Steels, Fred Wahl, Will Durr, James Noll, A. Knefel, M. Manser, P. V. Jones, A. D. Bellamy, Iloss, Boyd, Albert Parker, J. W. Porter, John Summers, Frank McCormick and Mr. Hoek.

The Episcopal Guild met Thursday afternoon with Mrs. P. McAtee. The usual business was transacted with the president, Mrs. Thomas Robertson, in the chair. Roll call was responded to with gratitude from the treasury account. Psalm, Mrs. W. H. Greenhow read a splendid paper on the "Reformation of Europe. A pleasant social hour was spent and dainty refreshments were served by the hostess, who was assisted by Mrs. C. B. Roberts and Mrs. George Sprague.

Mrs. Magdalene Schaefer who is leaving soon to make her home in California, was the honored guest at a pleasant party given by the Tri-C club on Tuesday evening at the home of Miss Marguerite Finch. Dancing and Mah Jong were the diversions and Miss Schaefer was presented with a dainty gift from the club. Those present in addition to the club members, were Misses Catherine Newman, Ruth Van Ausden, Edith Taylor, Robin Finch, Marguerite Thometz, Helen Fisher, Peggy Wall, Marjorie Woods and Mary Virginia Hart.

Mrs. George H. Easley entertained the Episcopal Study Club Thursday afternoon. After the business meeting Mrs. A. Durman Johnson read an interesting paper on "Early Birth Days." Mrs. Leona Holman played several piano numbers and Little Patricia Holgin sang. Dainty refreshments were served to the eight members present.

DEATHS

CECIL—Miss Myrtle Cline, daughter of Mr. and Mrs. J. N. Cline, died Thursday afternoon at the family residence, 104 Seventh avenue east, following a long illness. She was 24 years old and was the oldest of five children. She graduated from the Twin Falls high school as a member of the class of 1920. She had spent several months recently at Massena, California, in the hope of benefiting her health.

The body was taken to the DeWitt mortuary. Arrangements for funeral services have been deferred pending receipt of word from relatives elsewhere.

The Blue Circle

By ELIZABETH JORDAN

(Continued.)

"So all this little masquerade was for my benefit," he mused aloud. "What was the idea?" Jenks did not answer. Renshaw prodded him with his foot. "Speak up," he urged. "What was it for?" "To get rid of you, d-n you! What else did you think it was for?" growled the captive. Renshaw shook his head at him. "You're not acting at all like a sport, Jenks," he astutely pointed out. "You played for big stakes, and lost them. Why don't you take your medicine like a man?" The eyes changed. "So the idea was to get rid of me?" he said briskly. "Why? Speak up, Jenks. Masquerade a little longer. Do a sport." The man was silent. "So—so—had—the thumps—and—the crawling sound—and—the sliding sound—and the locked doors and the black hand and the closed episode. Did you do all that yourself?" "Annie shut that closet door, d-n her! She might of killed Miss Campbell."

the case without undue delay and nervous strain, which was very decent of her. "The incident was the only live reversed suddenly to the personality of Jenks, the perfect buller. "We never waste energy doing unnecessary things, sir," he said primly. "And we never injure anybody physically." "What's that without, Tom?" Jenks asked. "I was just saying that we wanted to get rid of you, just like, with no harm done. And so, sir, since you've got the whole story, and since you got nothing on us but a little joke, sir, I'm sure you'll have no objection to being a sport yourself and letting us make a nice quiet get-away. I won't do you any good to put us in Sling Dog, sir." "Perhaps not; but it would benefit the community immensely," Renshaw pointed out. "However, that's a mere detail at present. Let us continue our conversation. When were you planning to make your get-away with the money and jewels?" "The night you came—d-n you," said Jenks, with added bitterness and forgetfulness of his own position. "I'll pass over your profanity this time. I can see how my inopportune arrival must have annoyed you. So you postponed the coup till you could get away with the money. Campbell was taken sick, and with good cause, going and Morris here at night, you decided to wait a few days longer."

Army Trains Pigeons for Hazardous Flights

Possible extensive use of pigeons in directing artillery fire is catching the attention of the signal corps of the army, says an Associated Press dispatch from Washington. Observers in advanced positions receive the birds carrying messages telling where the shells are falling, and they are trained to fly back to the lines. This method would be used when other channels of communication, such as radio or telephones, are not available. The Germans utilized pigeons for directing their own artillery front during the World War. There are now 1,500 pigeons at various posts in the keeping of the signal corps, which has a breeding center for them at Camp Vall, N. J. The birds are trained at the various army corps area headquarters, in the insular possessions and in Panama. It takes from ten days to two weeks, officers say, to train a pigeon to return to its loft and get its bearings. Pigeons do not fly well at night and as a rule are not outstanding in intelligence. Difficulty has been experienced with pigeon fliers in the army, who wish to make pigeons a major method of communication. Only one bird in 100 is considered capable of flying 100 miles in one day. In the Canal zone hawks constantly menace pigeons while in flight. To overcome this a whistle is fastened to the tail of the bird, and all the rush of air causes the whistle to sound and frighten away birds of prey.

Three Odd Specimens of Neptune's Realm

The least fish, inhabitant of the gulfs and inlets of the Amazon, may be considered the most curious of fishes, says Nature Magazine. These fish, which in three days in the warm water. Naturally the young hatched fish are suspended by threads from the under side of the leaves. Then there is the bittern-like fish which swims about in the water throughout the day. It may always be found at the same spot near the surface of the water, but when twilight falls it becomes more animated. Fishermen live on the sandy sea bottom. They dig for mollusks, and they change their color to match the color of the sea.

Hydrotherapy in Medicine

Hydrotherapy, or the use of water as a remedy in the cure of sickness, is a method of treatment which has been used since the earliest times. Hippocrates in the treatment of many kinds of disease. It is mentioned by Horace, who speaks of this method of Emperor Augustus, using the physician for treatment of ailments throughout the Middle Ages. Likewise there were many famous names who used hydrotherapy; in 1820 Vincent Prussnitz began a career for the water cure. The undoubted merits of hydrotherapy called to its defense many men of standing in the profession who became interested in the study of hydrotherapy and their advocacy has sprung up the school of hydropathic physicians. In 1837, laid down the scientific principles of modern hydrotherapy.

Luxurious Egyptian Homes

The homes of the Egyptians were beautifully designed, furnished and kept. They were a social as well as an extremely artistic people, and lived most comfortably. They never allowed the weather to interfere with their life. They had a very high ceiling, and warm weather, their rooms were thrown open to the ingress of fresh air. When it became cold, charcoal fires were used to warm the rooms. The houses always had a large number of windows, which opened out to long, large halls of courtyards. The large air spaces thus obtained were relied upon to dilute the fumes from the charcoal and to prevent poisoning.

Many Kinds of Seal

The following are some of the various seals sold in the fur trade today: Australian seal, the improper name for Australian rabbit sheared and dyed seal color; Baltic seal, the improper name for seal-dyed rabbit or nutria; French seal, a name for a variety known as Baltic seal; French seal, a name for a variety known as Baltic seal; French seal, a name for a variety known as Baltic seal; French seal, a name for a variety known as Baltic seal.

Record Hen's Egg

What is believed to be the largest egg ever laid by a hen recently came into the possession of the poultry department of Oregon Agricultural Experiment Station. The egg, which measured 5 1/2 inches in circumference, is 1/4 inch long and twice as long as the average hen's egg.

Birds Lightning Victims

It is believed that about 10,000 birds are killed by lightning annually in the United States. The lightning strikes the birds in various ways, sometimes striking them on the ground and sometimes striking them in the air. The lightning strikes the birds in various ways, sometimes striking them on the ground and sometimes striking them in the air.

Daddy's Evening Fairy Tale

By MARY GRAM-BONNER

BEHIND-TIME LAUGHTER

All the Laughing children were back in Laughter land. It was one of the most interesting places you could possibly imagine. They were always racking back and forth, dashing off here, and hurrying off there. They were always being called upon. They felt bad though when they were not busy. They did not like to be around waiting to be called. You see whenever any one felt like laughing in a flash the Laughing children were sent the message and they were ready to help the laughter of the people. They didn't like a second to get there. For Laughter land is very close to where there are people. Laughter land spreads over all parts. No, of course, when we say that all the Laughing children were back in Laughter land we mean all of those who were at that time laughing with the people. They were repeating some of the jokes they had heard in their dear old parents Lady Galey and Lord Fun, when several Little Laughing children came back to Laughter land. They came slowly, and their little mouths which were usually smiling looked downcast. "Aisy Mery-Deary," said Lady Galey, "what is the trouble?" "Behind-time again," they said. "What do you mean, my children?" asked Lord Fun. "You couldn't have been late, My Mery-Deary," said Lady Galey. "The family ever get so late?" "Oh, no, Mother Galey," they said. "That was not the trouble. We weren't late. We were there, but that didn't make any difference. We thought we were wanted and we hurried off but those who wanted looked downcast. They wanted to laugh or get on. And they took so long about it that they didn't help enter into the spirit of the thing. They were at a party and they didn't seem to want to show they were having a good time. And they didn't suggest any games and they didn't seem to like the games that were suggested. And when all the others laughed and we thought they were to laugh

They Just Stood About

too—they just stood about and smiled little, snappy smiles, with their heads at one side. "This happened ever so many times this afternoon and it has just about discouraged us. We were not to be called. And the children almost burst out crying—something practically unbecoming in Laughter land. "There, there," said Lady Galey, "you mustn't feel bad. I know you're not in the habit of being so late in a sulky fashion, you're not to blame. You were ready. They didn't really deserve the willingness and the joyly feelings you were so ready to give them. "Ah, don't be sad," said Lord Fun. "I know it is hard not to be, for behind-time laughter, and those who just act as though it would hurt them to laugh and enter into the fun of a party, are, very, very depressing. "You're not to be sad, you're not to be around, as the saying is, and throw cold water on everything. "Oh, there! My dear children, do not go to these again until you're pretty sure they really want you. Just leave them alone. "For those who are behind-time in their laughter should be left behind by the Laughing children. "And now, just to have a good practice in Laughter land, we will let in the new Laughing children. All those in Laughter land, send the little laughing clouds which send out in all kinds of jolly, merry, snappy laughs.

Riddles

What is it that everyone keeps everyone parts with? A comb. Why are many people like carriage wheels? Because they are round. Why is a joke a chicken? Because it contains a merry thought (withbones). What is the riddle of riddles? That because we must all give it up. Why are many people like carriage wheels? Because they are round. Why is a joke a chicken? Because it contains a merry thought (withbones). What is the riddle of riddles? That because we must all give it up. Why are many people like carriage wheels? Because they are round. Why is a joke a chicken? Because it contains a merry thought (withbones). What is the riddle of riddles? That because we must all give it up.

SALMON BOOSTS PRODUCTION OF OVER 1 MILLION

Crops and Livestock Output for Year, With Alfalfa Seed in Lead, Make Season Satisfactory One for Project.

A conservative estimate of crops and livestock produced on the Salmon River project during the past year would total considerably more than a million dollars value, according to statement of Fred P. Hates, superintendent for the Salmon River Canal company, in his report to the company stockholders.

Yields of all crops, the superintendent stated, were, as a whole, satisfactory, and especially so with the alfalfa seed crop, the returns from which so increased the general average as to show one of the most successful years in the history of the project from a financial viewpoint.

Alfalfa Seed Leads

Approximately 5000 acres of alfalfa seed, according to a summary of crop returns included in the report, produced total revenue of \$288,000, or an average return of \$57.60 per acre. Of the total production, 500,000 pounds of alfalfa and Cassack seed at 30 cents per pound, was credited with return of \$150,000 and 400,000 pounds of common alfalfa seed at 35 cents, machine run, returned \$104,000.

The crop from 483 acres of clover and alfalfa seed, which yielded an average of 3 1/2 bushels per acre, or a total of 2175 bushels, and was valued at \$9.60 per bushel, machine run, produced an average return of \$20,850.

The hay crop from 6500 acres of alfalfa and clover which yielded an average of 2 1/2 tons per acre or total of 17,875 tons, valued at \$10 per ton, added \$178,750 to the income of the farmers of the project.

As nearly all figures are available, the report stated, there was harvested 4700 acres of beans with an average yield of 17 bushels per acre or a total production of 79,900 bushels, that valued at \$2.35 per bushel, machine run, was worth \$187,065.

Forty-five hundred acres of wheat produced an average of 29 1/2 bushels per acre, or total of 101,250 bushels, valued at \$1.25 per bushel, and in the aggregate at \$126,560.

Total value of 10,017 bushels of oats grown on 312 1/2 acres that yielded an average of 35 bushels per acre, valued at \$1.75 per hundred pounds, was estimated at \$59,970, and 23,954 bushels of barley grown on 727 acres, yielded an average of 32 1/2 bushels per acre, valued at \$1.00 per hundred pounds, was worth \$23,954.

No accurate data, according to the superintendent's report, was available as to yields on 210 acres of corn, 50 acres of potatoes and 104 acres of orchard.

Comparative Figures

Comparative figures showing decline in the acre in crop from 31,552 in 1923, to 24,700 acres in 1924, showed a gain of 1700 acres in alfalfa seed area, and a gain of 1800 acres in the area devoted to production of beans. The total average price of 9 1/2 cents per pound area devoted to wheat fell from 10,764 in the past year to 8,551,100. Out area in 1923, to 1750 in 1924, while the of 278 carloads of sheep and cattle were shipped from the project during the year, approximately one-fourth were produced by resident stockmen and the rest 55-540,000 pounds, which, at farmers.

APPEALS FROM JUDGMENT

Mrs. A. Avery Seeks Reversal of Conviction for Running Rooms Without License.

Appeal to the district court was taken Thursday by Mrs. A. Avery from judgment on conviction in the police magistrate's court on a charge of conducting a lodging house without a license. The judgment required payment of \$10.00 costs in the action. In lieu of bond an undertaking on appeal, Mrs. Avery furnished a certified check for \$40.00. License lawyer to Mrs. Avery to conduct the lodging house in question was revoked by the municipal commissioner after she had been convicted of illegal possession of liquor.

MUSICIANS TO GIVE CONCERTS

Twin Falls Talent Enlisted in Project for Presenting Series of Offerings.

Twin Falls singers and musicians are to provide a series of Sunday afternoon concerts, the first of which is to be given at 3 o'clock next Sunday afternoon in the high school auditorium, according to arrangements made Thursday evening. Arrangements are being made for a series of eight such concerts which are to be given in co-operation with the Twin Falls Recreation association, and for which there is to be no admission charge.

This announcement was made Thursday evening to an audience of some 500 or 600 music lovers assembled at the high school auditorium on the occasion of the Fenwick Novell concert offering marking the close of the busy season in Twin Falls. The audience plainly evidenced its delight in the offerings of the company in solo and ensemble numbers, and was in accord on the conclusion that the event was an outstanding one in musical annals of the city. Members of the talented company are Fenwick Novell, tenor; Miss Flavin Dryburgh, soprano; Joseph Marks, violinist, and Miss Rosmond Crawford, pianist.

YOUNG PEOPLE OF EDEN SCORE WITH PLAY HERE

A pretentious dramatic offering, "The Servant in the House," was presented by members of the Young People's Christian Endeavor society of Eden as a feature attraction of a get-together dinner and program for members and friends of the Presbyterian church held Thursday evening in the church parlors. Presentation of the play required about two hours. Members of the cast, all of whom are highly competent on their performance, were Clark Kleinkeph, Gladys Davis, Ruby McGee, Chester Chalhorne, Edgar Clathorne, Glen A. Morton, Erle Jones.

About 250 persons were seated at the dinner toward which each family brought contribution.

An interesting feature in connection with the affair was the burning of the mortgage on the Presbyterian manse, the communal representing discharge of a financial obligation of \$500. The cancelled document was fired by Mrs. H. J. Young.

BREVITIES

Ends Visit Here—R. N. Young, father of Mrs. Ralph Pijik, left Thursday morning returning to Portland after a visit here.

Leaves After Visit—Bryant Black left Thursday morning for Pasco, Washington, where he is employed, after a visit with relatives in Twin Falls.

Visits at Pocatello—Miss Lonelle Breckenridge, daughter of Mr. and Mrs. L. Breckenridge, left Thursday evening to visit for a few days at Pocatello.

Returns After Visit—J. W. DeWitt returned Thursday from a visit to his former home at Knoxville, Iowa, and at other towns in that state and Nebraska.

Here for Visit—Mr. and Mrs. Frank Kieffer, Jr., who for the past six months have been at American Falls, are spending a few days with relatives and friends.

On Official Mission—Probate Judge Hodgins accompanied a pupil to the industrial school at Stibbich Thursday morning, where he was met by an officer of the school.

Gets Contract for Building—Ernest Witt, contractor, returned Thursday from Rawlins, Wyoming, where he was the successful bidder on a \$250,000 school building.

Returns After Visit—Mrs. C. W. Hamline and son, Harry, returned to their home in Bingham City, Utah, Thursday morning after a visit with friends and relatives in Twin Falls.

Leave Hospital—Patients who returned to their homes Thursday from the county general hospital were Mrs. W. Orr Chapman of this city, who recently underwent an operation for gonorrhea, and Mrs. R. F. Roberts and baby of Second avenue west.

Millions Till Soil in China—After a survey by the United States Department of Agriculture of conditions in China the conclusions given out were that 60,000,000 farmers with their families till the soil in that country of the Orient.

DISMISSES SUIT AGAINST SPOUSE

Mrs. Garra M. Johnston Abandons Action to Compel Peter B. Johnston to Divide Income

Suit recently instituted in district court here by Mrs. Garra M. Johnston against her husband, Peter B. Johnston, wealthy livestock man of this city, to obtain an accounting and division of community property, was Thursday dismissed at the request of Mrs. Johnston who assumed court costs incurred. Consent of Swetley and Swetley, attorneys for Mrs. Johnston, was given for the dismissal which was effected by issuance by Judge W. A. Babeck of an order discharging attorneys and dismissing the action.

Mercury Continues On Upward Movement

Forecast for today—Unsettled; probably rain or snow.

Mercury's advance toward higher temperature levels continued on Thursday, high mark for the day being recorded at 43 above, representing an advance of three degrees as compared with Wednesday's maximum, and gradual clearing of ice-bound streets continued. Low mark for the 24-hour period ending Thursday evening, was 16 above, which was a decline of one degree under the preceding day's minimum.

ASKS DIVORCE FROM WIFE

Alleging cruelty and desertion, Earl W. Vance, through W. P. Guthrie, attorney, instituted suit in district court here Thursday for divorce from Lillian Florence Vance, whom he married June 25, 1919, in Twin Falls. He asked also for the custody of the five years' old daughter. No community property is involved.
