THREE DIE IN FUTILE EFFORT TO RESCUE ONE

Bodies of Four Men Brought From Gas Filled Shaft by Fellow Worker on an Ohio Building.

COLUMBUS, Ohio, Jan. 26 (AP)—A small gas filled shaft, 47 feet deep, with the caisson of the new American Insurance Union building here, claimed the lives of four men today, three of the victims going to their doom as heroes. A fifth man who went to the rescue, came through unscathed, and a few hours later a movement was started to fittingly reward him.

The Dead. C. R. BOWEN, 20, Greenwood, Ind. JAMES SMITH, 20, Columbus, Ohio. JOHN C. McCAHIFTY, 48, New York city. JOHN PETERSON, 20, Columbus. All the men were electricians, employed by the John Gill Construction company of Cleveland.

Fitting Piques. Circumstances surrounding the tragedy are not clear. It is believed Down was in the shaft fitting pipes when he was overcome and fell to the bottom. Follow workers noticed that activity had ceased in the shaft and one of the victims climbed down to see what had happened. When neither appeared within a short time another went down the tube to investigate. Then McHarty, the last of the victims, volunteered and disappeared through the mouth of the shaft.

Suddenly a huge draft swung high in the air from another part of the excavation. Daringly in his steel cables was a man. He deposited William Y. (Big Bill) Martin, a structural steel worker, on top of the shaft. Followed workmen remonstrated. They had gone down and had not come back and he must not go, they declared.

Snaps His Fingers. "Big Bill" snapped his fingers, put his foot on the rope and with a significant "come, gentlemen," summoned his men to a gas mask. The crane wench screamed and he was dropped into the shaft. Then the cable jerked. The crane moved upward and out of the mouth of the shaft came the limp form of a man. A rope around his waist lowered and each time it brought to the surface a limp form. Then out of the

Two Major Versions in Herrin Shooting Face Coroner's Jury

Attempts to Fix Blame for Murders to be Taken Up at Latest. Young's Body Lies in State at Onond.

HERRIN, Ill., Jan. 26 (AP)—Confronted with two major versions of the shooting of B. Glenn Young, Ku Klux Klan liquor retailer, Bryant Young, 29, and two others here Saturday night, the coroner's jury will take up the task of hearing evidence and if possible fixing responsibility when it meets here to-morrow-morning.

Generals for Edward Forbes and James Warren, the two men named in the Forbes and Warren case, were held today. Forbes body was taken to Vergennes, Ill., his old home, this morning, and Warren was buried here this afternoon.

Northwest in Path of Zero Weather; Grips Large Area

Blizzard Sweeps Down From North and Causes Region to Cuffer; Wind Is High.

CHICAGO, Jan. 26 (AP)—Sultry or warm temperatures tonight overspread the northwestern part of the county as a cold wave borne by a gale and accompanied by snow, swept down from the north. The wind, which drove the snow here in masses, was very strong and clocked at 35 miles an hour early today and had not abated much tonight. The Dakotas and Minnesota were hardest hit by the latest cold wave, an off-shoot of 60 below weather in Alaska, according to the bureau here.

STONE TO REPLY TO CRITICISMS

Senate by Unanimous Consent Sends Nomination of Attorney General to Committee.

WASHINGTON, Jan. 26 (AP)—By unanimous consent the senate today referred back to the senate committee the nomination of Attorney General Stone to be a supreme court justice.

This action was taken in executive session and was at the request of Senator Curtis of Kansas, one of the administration leaders, who have conferred with President Coolidge and Mr. Stone.

The attorney general expected to appear before the committee probably next Wednesday, to make a statement concerning efforts of the department of justice to obtain in the District of Columbia a second indictment against Stone.

Will Reply to Charges. Mr. Stone's friends say he will reply to charges in the senate that there is an attempt to "persecute" Senator Wheeler and that the justice department is violating fundamental principle of law by endeavoring to try the Montana senator here instead of in his own state where an indictment already has been returned against him.

Justice officials are represented as replying to the two cases as entirely independent of each other, although both relate to land questions. Stone looking to an early trial of the Montana case are now being taken, and counsel for Senator Wheeler has announced that the senator also wishes an early hearing.

AGREE ON EARLY TRIAL. WASHINGTON, Jan. 26 (AP)—While Attorney General Stone and Senator Wheeler, Democrat, Montana, are in accord on the question of an early trial of the senator in his home state on a charge of accepting a fee improperly in a land case, the exact time of the proceedings in the federal district court remains somewhat uncertain.

Senator Walsh, Democrat, Montana, counsel for his colleague, has announced that local counsel at Great Falls, where the indictment was returned has been instructed to advise the demurrer to the indictment and the motion for a change of venue to Butte upon the convening of the court at Great Falls.

Subsequently, Letter. General Stone advised a letter to Mr. Walsh stating that the request for a transfer of the hearing to Butte would be agreed upon if the demurrer were withdrawn and a pleading made by Senator Wheeler and that the trial would start at Butte at a court term beginning in the latter part of March. Asserting late today that he had not received this letter Senator Walsh said there was no "if" about the withdrawal of the demurrer and the motion. He added that he had been informed by the attorney general that although court would convene at Great Falls on February 5, the district attorney in Montana had advised that there would be no jury to try the case until the latter part of March and that there would be no jury in Butte until some time in May.

PAY AND RATE MEASURE GETS SENATE ACTION

Upper House Approves a Number of Items in Its Consideration of Postal Bill; Gets to Second Class Mail.

WASHINGTON, Jan. 26 (AP)—Advancing its consideration of the postal pay and rate increase bill today the senate approved a number of items, including one fixing a rate of one-fourth cents a pound on reading matter of all publications but stopped work on the measure for the day upon reaching the controversial proposal for revision of zone rates on second class mail.

In fixing the reading matter rate at one and one-fourth cents, the senate approved a reduction of one-half cent a pound from the rate now paid by general publications and placed them on a parity with religious, scientific and educational periodicals which already enjoy the lower rate. At the same time, it rejected a recommendation of the postoffice department that the rate for general publications be increased to two cents a pound.

Postcard Rate. A provision increasing the rate on private and souvenir postcards from one to two cents was approved but proposals to advance the rate to one and one-half cents on postal cards and on letters mailed where free delivery is not established, as recommended by the department, were rejected.

A determined fight against the proposed advances of the advertising portion of publications subject to second class zone rates is in prospect. Several amendments designed to eliminate the recommended increases were introduced today with others proposing decreases in the present rates.

Debate today showed three divisions of thought on the bill. Democrats, headed by Senator Simmons of North Carolina, and Swanson of Virginia, (Continued on Page 5, Col. 2.)

CHILDREN BURN TO DEATH

Four Children in Fire That Destroys Missouri House; Alone at the Time Blame Shifted.

JOPLIN, Mo., Jan. 26 (AP)—Four small children, the oldest six and the youngest two years old, were hurled to death today in a fire that destroyed the four-room home of Mr. and Mrs. Jack Cooper near here.

The children were alone in the house when the fire broke out. A neighbor living a short distance away saw the smoke and rushed to the house. The roof and walls had already fallen and the children had perished.

Democratic Measure Calling for a Nonpartisan Judiciary Killed in State Legislature; Drainage Bill Passes.

BOISE, Jan. 26 (AP)—On the eve of its final consideration in the house of representatives, legislation for a nonpartisan judiciary and drainage bill passed.

Not School Town. Another argument advanced is that Pocatello is not a school town; that, on the other hand, it is essentially a business town and would not be the proper place for an institution of higher learning. The proposed bill would grant the institution the privilege of conferring standard degrees in practically all subjects.

Interests in the bill has been accumulating rapidly ever since Friday when President called for a report from the committee that had the bill. Saturday it was reported with the recommendation that it pass. There was no minority report but it was generally understood that some members opposed it.

Judiciary Bill Hit. With many republicans voting for it, house bill No. 29, a judiciary bill, providing for a nonpartisan judiciary, group voting for presidential electors, and changing the form of ballot by eliminating the "straight" ticket.

LEAK IN SENATE CAUSES TROUBLE AMONG MEMBERS

Perennial Row Over Newspaper Publication of Executive Session Happenings Again Begins; Starts Over Stone.

WASHINGTON, Jan. 26 (AP)—The perennial row over newspaper publication of executive sessions of the senate was renewed today at an executive session held for the first time since the nomination of Attorney General Stone to be a supreme court justice.

Details of what transpired in Saturday executive session, some of the leaders put forward several tentative suggestions as to ways and means of stopping the leaks but there was no definite action after an hour's discussion.

One proposal was that a rule be adopted to bar from the press gallery any correspondent who wrote about what had transpired after the doors were closed. This is said to have evoked considerable discussion.

During the debate, attention was called to a certain senate rule under which a senator is liable to a fine or expulsion for disclosing executive proceedings. This and other provisions, apparently carried a deep impression, for when the doors were opened to the press there was an air of once of great secrecy. Leaders flatly refused to discuss when that action had been taken with reference to the Stone nomination, but that remained a secret less than five minutes. Accents of the running debate on the matter of the observance of the rule on writing senate news under which a senator is liable to a fine or expulsion for disclosing executive proceedings. This and other provisions, apparently carried a deep impression, for when the doors were opened to the press there was an air of once of great secrecy.

KIWANIANS HEAR WOMAN TALK ON CO-OPERATION

Mrs. Evelyn Aldrich, Negotiator of \$500,000 Deal for Contact Mine, Prescribes for Industrial Title.

Mrs. Evelyn Aldrich, who recently consummated an international transaction that is to bring \$500,000 to this region for purchase and development of the Copper Shield mining property at Contact, Nevada, was the guest of honor at a regular meeting of the Kiwanis club Monday and made a stirring address on mutual co-operation in industry.

Mutual co-operation in industry, she declared, implies merely obedience to natural laws and an unwilling remedy for industrial unrest. She recommended a regular sharing of profits, losses and responsibility. Responsibility, she asserted, makes an employe use his brains and gives him initiative. It is, she declared, the greatest character builder in nature.

She quoted statistics to show that industrial unrest as manifested in strikes, lockouts and general discontent in employment, in 1923 cost the American people more than \$7,000,000 and took more than 20,000 working days from production.

Twin Falls, Mrs. Aldrich declared, is a place of opportunity. She stated that the Kiwanis club is one of the great city with numerous industries forming an outlet for the minerals, wool and farm products of the surrounding territory.

IRISHMEN FACE ENGLISH CHARGE

Men Arrested in Connection With Plot to Blow Up Warships Held Navy Secrets.

LONDON, Jan. 26 (AP)—W. P. O'Leary and J. D. McLaughlin, arrested recently in connection with an alleged plot to blow up British battleships and submarines, appeared in Bow street today on the technical charge of dissemination of information.

Rear Admiral Arthur, director of naval intelligence, testified that the information which had been found in the possession of the men was of a particularly secret nature, which might be useful to an enemy. The prosecution declared this information was so important that a private sitting of the court was requested in order that it might not be divulged.

Counsel declared the evidence indicated one of the defendants was an Irish republican army intelligence officer assigned to Great Britain and the other was an officer from the same organization assigned to what was called "number seven area."

Edgerly, 21, the son of John E. Paige, of South Bridge, Mass., and the grandson of Conrad Paige, member of congress from Massachusetts, letters he had written revealed today.

The letters discovered after the shooting which occurred in a hotel here Saturday evening on the eve of the announcement of his engagement to Mary Miss Helen O'Connell of that city, were addressed to his fiancée, his parents and the proprietor of a tourist resort near here where he had made his home the last three months.

They indicated that the suicide was deliberately planned and declared that no blame attached to anyone but himself. The fatal shot was not heard and young Paige's body was not discovered until his absence from a social gathering had led to an inquiry.

Thomas to Home

In 1900, a Denver policeman, George T. Mahlum, reporting 28 heirs of Francis Burn Cook, Hollander, who he alleged leased property to Trinity, planned to recover most of the church's land. His contention was that a 90 year lease was granted in 1770 and had expired. It is understood that his action never went to trial.

Both men will be buried in the Herrin city cemetery. Thomas tomorrow afternoon and Young Wednesday afternoon. Thomas will be buried in his family plot.

Mrs. E. W. Davis in command of the troops in Herrin, has announced that no demonstration will be permitted in connection with the funeral. This was taken to mean he would refuse to allow members of either side to emphasize their county's troubles in connection with the services.

WARDEN'S TRIAL WILL BE HELD IN COLORADO EARLY IN NEXT MONTH

Thomas J. Ryan to Face Charge of Governor on February 2; Accused of Prison Brutality.

DENVER, Jan. 26 (AP)—Trial of Thomas J. Ryan, warden of the Colorado penitentiary, before the state civil service commission on charges of incompetency, inefficiency and permitting brutality to prisoners will start on February 2, the commission announced today.

When the commission convenes for the trial it will hear an amplification of 20 or more charges brought by William E. Sweet, former governor, among these being allegations that Mr. Ryan allowed the flogging of prisoners, that the convicts are ruled by a "terror system" and that products of the penitentiary farm have been sold to other than for the penitentiary itself.

FRENCH ANSWER ALL POINTS IN PROPOSED TREATY WITH GERMANY

Commercial Delegation Reply to Nation's Request for Further Information on Plans for Trade.

PARIS, Jan. 26 (AP)—The French commercial delegation replied tonight to the German request for an explanation of some of the details of the latest French proposal for the negotiation of a temporary commercial accord between France and Germany.

The reply which was handed to Dr. Trendelenburg, chief German spokesman, answers point for point the questions relating to a transitory and definite commercial regime, specifies the tariff rates embodied in the French plan, gives precise details concerning the classification of products, and concludes with an urgent appeal for the Germans to make known as soon as possible their own proposals.

The French proposal, it is stated, is not a mere list of tariff rates in return for French concessions.

FAMOUS CATHEDRAL AGAIN IN LITIGATION

(Continued from Page One)

A Dutch settler, sued the Trinity corporation three times in efforts to recover what they claimed was their property. In 1888, and again in the further their heirs lost suits. In 1914, according, the corporation's counsel, representatives of the heirs instituted suit, but Federal Court Judge Hugh dismissed it on the corporation's motion after lengthy hearings.

After the case was dismissed, the Trinity property was leased from Anselmo Jones in 1908, for 99 years, and have been illegally held since that lease expired in 1907.

PREMIER GAINS NATIGAN POINT

Herriot Scores Heavily in Fight to Keep Church Out of Political Affairs.

PARIS, Jan. 26 (AP)—Premier Herriot scored heavily in the chamber of deputies today against the advocates of continuing the diplomatic relations with the Holy See by recognizing a ruling of the council of state that the status of Alsace-Lorraine was still under the regime of the Napoleonic concordat between Paris and Rome, and accepting the possibility of appointing a representative of the recovered provinces to the national council.

The premier's good grasp in accepting the ruling of the state council, took the opposition by surprise, by moving as it did one of their strongest arguments against the recognition of the French embassy to the Vatican, namely, the status of Alsace-Lorraine.

MUST CEASE ATTEMPTS TO KATHOLICIZE A POLITICAL PARTY

Herriot Premier Herriot declared in the chamber of deputies today that the attempt to make Catholicism a political party is a thing which must cease.

The premier charged the French bishops with attacking the laws of the republic upon instructions from the Vatican.

"Rome," he said, "is trying to convert Catholic parties everywhere. They have succeeded easily in Germany, they are now attempting the same thing in Italy and France. Should they succeed it would be a great advantage for our country."

"The pope has congratulated the Catholics for having organized in France. This is a violation of French internal affairs. The pope should have remained peacefully occupied."

FINAL TRIBUTE IS PAID

Widespread Sympathy With Bereaved Family Is Shown at Funeral Services for Miss Myrtle Clark.

An assemblage that filled to its capacity the Methodist church gathered Monday afternoon to attend funeral services for Miss Myrtle Clark, eldest daughter of Mr. and Mrs. J. N. Clark, whose death occurred last Thursday after a long illness. The services were conducted by Rev. D. B. Harris of the Christian church. A quartet composed of Mrs. W. A. Patrick, Mrs. J. B. White, C. E. Allen and L. D. Patrick, sang two numbers with accompaniment at the piano by Miss Grace Bell.

Testimony of grief and sympathy from the friends of the bereaved family is their sorrow.

Honorary pallbearers chosen from among girl friends were Miss Dorothy Merrill, Miss Margaret Bennett, Miss Ruth Beauchamp, Miss Ethel Knutz, Miss Frances Eide, Miss Irma Bowberry. Active pallbearers were Lewis Horstman, Kenneth Vohsen, Lenn Beauchamp, Carl Edwards, Glenn Wilkinson, Robert Pautzer.

PUBLIC LAND GRAZING 'DISTRICTS' PROPOSED BY COLORADO SENATOR

Preference Would Be Given to Permit to Homesteaders and Farmers, Measure in Senate Sets Out.

WASHINGTON, Jan. 26 (AP)—The formation of a grazing district on public land will come under a new plan introduced today by Senator Shipp, republican, Colorado.

Preference would be given in the issuance of permits to homesteaders and farmers living near the district. The fees would be restricted to the cost of administration, plus 25 per cent.

A board of grazing agents would be set up in the interior department to settle complaints and promulgate regulations. It would comprise two members appointed by the secretary, two members to be selected from a list supplied by livestock associations, and a fifth to be named by the first four to represent the public.

The roll call partly brought out the split which existed on the measure, but two years ago over the direct primary and many of the majority members evidently considered the "hatchet buried" and voted with administration followers.

PROGRESSIVE BILL

Another important measure was "killed" today when the house voted 18 for and 43 against the progressive party's bill giving force and effect to the initiative, referendum and recall provisions of the constitution. Two republicans, Pons and Mellonand of Denver, voted against the measure.

The house passed today the bill giving drainage districts the privilege of refunding their bonded indebtedness by the issuance of refunding bonds.

LOVERS OF DANCING AND MUSIC PROMISED TREAT

Portia Mansfield Dancers to Present Equivocal Interpretations of Famous Compositions.

Those who love both dancing and music have a treat in store in the coming of the Portia Mansfield Dancers, who, under the auspices of the Twentieth Century club, are to give one of their colorful and unique dance concerts here on February 10, at the Lavington theater. The Portia Mansfield Dancers comprise 12 solo and ensemble dancers. Their program includes a number of rhythmic "visualizations" of famous compositions. Among these are "Les Preludes" (Debussy), "Unfinished" (Schubert), and "The Swan" (Tchaikovsky). In connection with these dance "visualizations," the Milwaukee Journal comments: "One of the most exquisite dance combinations seen on the stage for many a day. They are artists and their lovely interpretations of Schubert's Symphony in B minor and the Brahms waltzes are something that will make a profound impression."

Tickets are for sale by ladies of the Twentieth Century club or at the Marjette pharmacy.

COUNCIL HEARS POSSIBILITIES AT CLEAR LAKE

Attorney for Owner Outlines Offer to Transfer Property as Source of Cheap Power for Factories Here.

Provision of a proposition under which Clear Lakes power site, potential development of 5000 horsepower, might be acquired here for fostering of the industries and upbuilding of the community. The proposition was presented Monday evening by George Herriott, attorney for the owner, W. C. Hazzard, who appeared before the council in response to its invitation and restated the proposition that had been presented by himself and Mr. Hazzard before the council last week. Members of the council made some inquiries of Mr. Herriott and discussed the proposition informally, but no move was made toward acceptance of the proposal.

Under this proposition a price of \$50,000 was placed upon the power site including area sufficient for necessary buildings together with works that were built in 1914 at an expense given as \$25,000, and which, it was stated, would represent an expenditure of at least \$100,000 at this time.

Litigation over a period of about seven years that elapsed before the owner obtained clear title to the property involved an expense of more than \$25,000, it was stated. Power would be fed falling over 30 feet from the level of the lake to the high water mark of Snake river.

Would Defer Payment. The prospective purchaser, under this proposal, would be required to furnish a surety bond to guarantee that the power development would be completed within the period set for completion of the work at the expense of which then the owner would deliver a deed and accept a mortgage due in three years and bearing 6 per cent interest. Cost of completing the power development was estimated at between \$35,000 and \$40,000.

Acceptance of this proposition, Mr. Herriott told the council would assure Twin Falls a source of cheap power that, he suggested, might be disposed of at cost to industries as an inducement to establish factories here.

Responsibilities of power development at Clear Lakes, Mr. Herriott stated, have attracted the attention of Boise municipal administration which on its own initiative recently sent investigators to inspect the site and thereafter invited the owner and his attorney to a conference at Boise. Duke Hamilton, Mr. Herriott stated, expressed themselves as being favorably impressed with the possibilities of the property, although they admitted they were not in position at present to enter into an agreement for its purchase.

DEATH IN MOTOR ACCIDENT

M. J. Ballard of L. D. S. Church and Four Others Escape as Car Leaves Road and Burns

Five persons, including Elder Melvin J. Ballard of Salt Lake, member of the council of twelve of the L. D. S. church, narrowly escaped serious injury and possible death when the closed car in which they were traveling Sunday evening from here to Shoshone slipped off the half covered road near Barger, about 20 miles north of here, and slid half way down a 25-foot embankment and caught fire. Other occupants of the car were L. G. Kirkman, president of Twin Falls stake, L. D. S. church, and Mrs. Kirkman; John A. Barrett of the Barrett Automobile company and Mrs. Barrett. All of the occupants of the car escaped through the window at the rear from which Mr. Kirkman broke out the glass. The car was entirely destroyed.

Mr. Barrett, who was driving the car and occupied the front seat with Elder Ballard, was the last to escape and his coat was burned. He had been pinned under the wheel, and escaped by his own efforts after other members of the party departed of his escape. A passing car brought the members of the party back to this city. Elder Ballard attended and took part in two days' sessions of a quarterly conference of Twin Falls stake, L. D. S. church, concluding with a meeting Sunday evening which he addressed, and it was in order that he might return this morning to Salt Lake and fulfill an important engagement that the motor trip to Shoshone was attempted in order that he might catch a train.
