#### Governors Protest Plans to Tax Butter Substitutes Proposed by Idaho Legislature; Gooding Also Opposed.

ATLANTA, Ga., Feb. 19 (AP)—Two southern governors added their protests to those already expressed against legislative proposals to tax butter substitutes in Idaho. Governor Nathan P. Banks of Georgia, who is a member of the National Governors' Association, also added his voice to the protests. Senator Gooding of Idaho, in a protest to the governor of his home state.

Four that passage of legislation putting these taxes on dairy products would prove detrimental to the sale of condensed milk, one of the most important by-products of southern farms, was first expressed in telegrams sent by Governor Angus W. McLean of North Carolina to governors of other southern states. Senator Gooding of North Carolina added his voice to the protest from the floor of the senate in Washington.

#### Wants Bills Defeated.

Governor Fannin of Louisiana today requested members of the Louisiana congressional delegation to vote their influence to defeat the proposed legislation. Governor Fannin announced that he would urge the Arkansas delegation in congress likewise.

Telegram protesting the passage of such measures into today were sent Governors Blaine of Wisconsin, Moore of Idaho, Bern of Utah, Richardson of California, Jackson of Indiana, Baker of Missouri, McMillan of Nebraska, Hundley of Ohio and three of Oregon, by Governor Walker.

The information carried in the press here that several bills are pending before state legislatures discriminating against one of the south's chief products is distracting to our people.

### Woman Ends Hunger Strike but Refuses to Quit Apartment

LOOKED SOLE IN BEDROOM WEEK Ago in defiance of husband; Takes nourishment ordered by doctor.

NEW YORK, Feb. 19 (AP)—Margaret Bullock ended her hunger strike today but she didn't emerge from the bedroom prison into which she had confined herself since the fiancé of her husband, Milton J. Bullock, ordered her to quit.

She refused to eat with milk prescribed by a physician, but she refused to follow the doctor's suggestion that she eat her accustomed confinement and attend her hospital.

Attorneys for Mrs. Bullock said her husband meanwhile held secret conference with the doctor of her husband. He prescribed milk. She specified the brand—One of the best—many people have tried. It was refused and the hunger striker didn't break her fast until she got the milk she had ordered.

After that the door to the bedroom remained unlocked. Contrary to her husband's orders, she went out to get a haircut and a manicure. Her right eye was still a voluntary prisoner.

Several more silk and dress shirts fluttered down from Mrs. Bullock's apartment to the crowd that thronged the street below. They went like the way of a dozen or so that have been used as ballast for messages the woman put in the air.

The most recent shirts are being employed by Mr. Bullock to get out of the apartment. He said he opened his door this morning and was weak. When I asked for oranges and a glass of milk, the doctor said my husband had ordered all food kept in the kitchen.

### Auto Theft Ring Is Uncovered Through Confession of Man

#### Operations of Gang Extended Between Missouri and Oregon, Officials Believe.

CHICAGO, Feb. 19 (AP)—A confession made by Morris B. Overmyer, arrested a week ago for a stolen automobile from Pueblo, Colorado, to Chicago, in violation of the Dyer law, has opened a trail of automobile thieves responsible for a half a million cars in various states, according to District Attorney James U. Coffey.

Eight additional charges have been placed against Overmyer and his brother, Clifford L. Overmyer, who was arrested with him and four other men, have been made in other states as a result of the confession, the attorney said. The operations of the alleged ring have extended today to a force that left two Oregon and Missouri, he said. Two arrests have been made in Springfield, Mo., and one in Springfield, Mo. The Denver brothers may be recovered to Denver for trial.

### JUDGES' SALARY INCREASE KILLED

#### Measure Raising Pay of Supreme Court Justices Defeated in State Senate.

BOISE, Feb. 19 (AP)—The House bill to increase the salaries of justices of the supreme court and district judges \$1000 per annum went down to defeat in the senate of the Eighteenth state legislature Thursday morning by a vote of 20 to 12.

Newcomb's measure to place the state high court under the control of a non-political commission of five members received the legislative vote Thursday morning when the senate inflexibly opposed it.

#### Bennett Successful.

Bennett of Jefferson was successful in having his bill prohibiting the passing of a non-political commission of five members, which was killed Wednesday, reconsidered.

The University of Idaho will be withheld by the house of representatives until the state board of education, acting as a board of regents of the university, rescinds its action of October, 1923, when it authorized the passing of the bill.

### SHOALS REPORT S UNDER FIRE

#### Opponents to Underwood Leasing Bill Launch Attack on Conference Plan.

WASHINGTON, Feb. 19 (AP)—Opponents of the Underwood-McCormack leasing bill for the oil lands in the senate on the conference report, which they contended would be rejected before the conference was adjourned, exceeded their authority.

A point of order was made against the report by Senator Norris, republican, Nebraska, leader of the opposing forces, who contended that new legislation had been injected into the measure in conference. Senator Underwood, democrat, Alabama, author of the bill, defending the measure, declared it was germane to the bill and that the conference had kept within their rights.

President Cummins of the senate today announced that he would not accept the conference report, which he said would be referred to the committee on the subject of the oil lands, which he said would be referred to the committee on the subject of the oil lands.

### REPRIMAND FOR MITCHELL FAILS TO MATERIALIZE

#### Report That Presidential Rebuke Was in Store for Air Chief Proves Ungrounded; Story From Examiner.

WASHINGTON, Feb. 19 (AP)—Yesterday's widely advertised story that a presidential reprimand was imminent for Brigadier General Mitchell received today was a force that left those who had stood up for it a feeling of cover.

General Mitchell, himself, placed on the stand before the senate committee, testified he never had received the summons to the White House, reports of which were disseminated from the committee room.

Latter Representatives Perkins of New Jersey, the committee chairman, put on the grill by those newspaper correspondents who had assumed responsibility for the story without attempting to verify it in other quarters, issued a statement saying that he had circulated the report yesterday, he had believed it to be true.

#### New York Representative Did Not Know What Source His Information Came From.

Particular emphasis an assertion made earlier in the day of the committee action that General Mitchell had not been summoned to the White House today, he added, gave him no reason to change "my opinion as to the credibility of the report."

White House officials did not after their refusal yesterday after a conference with the president, either to deny or confirm the report, but made the informal statement that it did not originate from the executive office.

Secretary Weeks likewise had nothing to add to his flat denial of yesterday when he declared any knowledge whatever of the Mitchell report.

Secretary Weeks likewise had nothing to add to his flat denial of yesterday when he declared any knowledge whatever of the Mitchell report.

General Mitchell, instead of going to the White House for the hearing, appeared there some time before the aircraft committee, reaffirmed his opposition to the air policy of the war and navy departments.

### American Steamship Captain Is Held by Chinese Authorities

#### Ship Strikes Yangtze River Sampoan and Officer Jailed; Sailors to Get Release.

PEKING, Feb. 20 (AP)—Captain Hawley, an American of the steamship (Chienchen, which flies the American flag, is being detained by military authorities at Kwichowfu, Szechwan province, because his ship struck a Yangtze river sampoan, it became known in reports received here today.

The captain was taken from the ship although his passengers were permitted to remain aboard. American sailors from gunboats at Wanchow, 25 miles west of Ichang, 120 miles west of Kweichowfu, have been captured for the latter port to secure Captain Hawley's release.

### MEAT SHORTAGE PREDICTED IN AMERICA SOON

#### American Family's T-Bone Steak Will Be Scarce and Dear by September, Cattle Raisers Declare.

NEW YORK, Feb. 19 (AP)—The American family's "T-bone steak" will be both scarce and dear by September, a delegation of cattle raisers and feed farmers from mid-western states told Wall Street financiers at a luncheon today.

The westerners brought word the butcher would be forced to put on the shelves because of herds disappearing during the recent post-war slump.

The national meat shortage, the speakers agreed, threatens to become as acute by fall as it once cost North America its position in world markets as a meat producer.

H. P. Groves, a banker-steched cow owner in Stamford, Texas, sketched low cattle men during the war were induced to invest in the industry, he said.

### INDIAN AFFAIRS EXECUTIVE NOT GUILTY, REPORT

#### Special House Committee Operates Commissioner Burke on Charges of Graft Made by Former Judge.

WASHINGTON, Feb. 19 (AP)—The majority report of the special house committee which investigated administration of the office of Indian Affairs today exonerated Commissioner Burke on charges of maladministration preferred by Hugh Murphy, former judge of Oklahoma county, Oklahoma, and charged the Oklahoma court of judicial charges brought against by the Indian Health Association of Philadelphia.

Representative Hastings, Oklahoma, and Hill, Washington, democrat, filed minority reports, concerning disposition of \$1,000,000 of the estate of John Harriet, wealthy aged rector of Creek Indian, in two equal parts—\$500,000 to the wife and the other as an endowment for an Indian school and orphanage.

#### Outcasts Held Detained.

Representative Howard, democrat, Oklahoma, who brought the Murphy charges to the attention of the congressional record, declared the outcome of the investigation was the "most deplorable thing that has happened to the Indians in 25 years," and would double the number of other parties and "leading attorneys to seek the money of the rich Indian with the hope of having the cooperation of the bureau of Indian Affairs in the disposition of Indian estates."

The majority report, signed by Chairman Snyder, New York, and Representative Levitt, Montana; Garley, Oklahoma, and Brown, Pennsylvania; Republican, and Hayden, Arizona, democrat, found that "there is nothing to sustain any charge of corruption against the commissioner of Indian Affairs, Charles H. Burke, or any other official or employee of the Indian bureau or the Interior department."

#### Charges Unfounded.

The evidence shows, the report stated, "that the charges are unfounded and untruthful and were concocted and given publicity to injure the commissioner of Indian Affairs and other department officials, because of the Commissioner's refusal to be intimidated by the Murphy charges."

LESTURD, Alta., Feb. 19 (AP)—A story of an abandoned mine working, a trapped homesteader and several weeks of trapper's toil to bring his body to the surface, but without success—a parallel of the now famous Floyd Collins cave case, recalled here today from the north country.

George A. Holden, 67, a homesteader, was the victim, and today his body is in the old mine, covered by tons of debris and fire raging around it. He entered the mine on January 22, last, to obtain fuel and without warning the roof of the workings gave in. He was instantly killed. The spel man's head was visible beneath the surface. The mine caught fire from the lantern carried by Holden.

For many days neighbors attempted to gain entrance to the old mine, but the work was hazardous and attempts to rescue the body have been abandoned.

### SENATE PASSES NUMBER BILLS DURING SESSION

#### Armistice Day Will Become Legal Holiday if Governor Signs One Measure; District Fair Provision Approved.

BOISE, Feb. 19 (AP)—Armistice day, November 11, will have a legal holiday status by the senate. It permits three or more counties to band together for the purpose of conducting a district fair after 51 per cent of the voters of the county petition the board of county commissioners.

The district fair bill, by Yeaman, Newcomb and Line, was one of the acts passed by the senate. It permits three or more counties to band together for the purpose of conducting a district fair after 51 per cent of the voters of the county petition the board of county commissioners.

### WARDEN REFUSES TO TESTIFY AT HEARING ON CRUELTY CHARGE

#### Colorado Prison Head Acts on Advice of Attorneys and Causes Confusion at Commission Trial.

GANSON CITY, Colorado, Feb. 19 (AP)—Refusing to take the stand as a prosecution witness in the trial of the warden of the Colorado state penitentiary, Thomas J. Tyrann, Colorado's state penitentiary warden, charged with prisoner manslaughter, drew the hearing before the state civil service commission into confusion shortly before adjournment.

With the refusal by defense counsel to allow their client to appear, the case rested on the state's evidence. The defense contended that, should Tyrann, as the accused, take the stand as a prosecution witness, then former Governor—Burrhead—who brought the charges, should be bound by his testimony.

#### Heater at Obligation.

Prosecution counsel, on the other hand, insisted to accept this obligation.

However, after a short conference, Fred W. Galin and S. Harrison White of Tyrann's counsel, announced that the nationally known scientist would take the stand tomorrow morning as required.

The refusal, which threw the courtroom packed with the interested parties, into bewilderment came as a dramatic climax to a hectic day of trial.

Previous to the incident, Denver of Tyrann, Frank E. Peel, Denver accountant, testified that Tyrann had admitted receiving a bribe of \$100,000 from the defense. The defense declined to submit him to cross-examination.

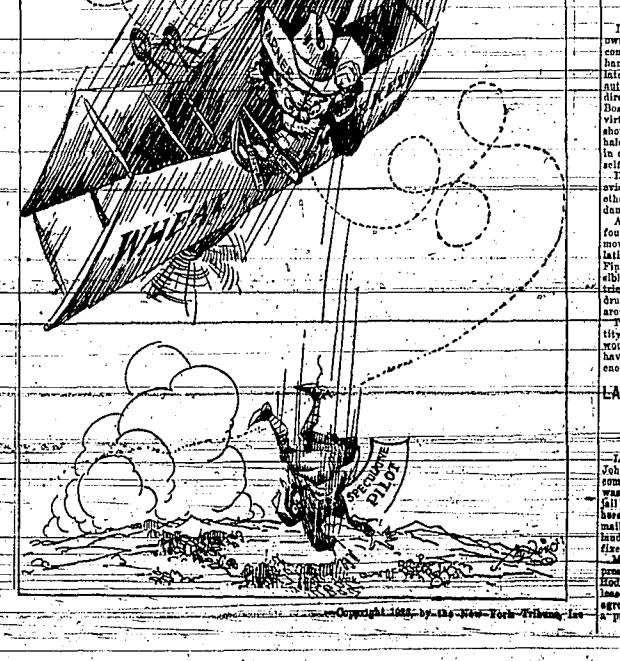

Peel testified that Tyrann told Sweet investigators entering the penitentiary under sentence from the state board of corrections that he "had no rules" and that "if I had I wouldn't give them to you. I'd let 'em take care of themselves." A number of other witnesses were permitted to go ahead with the examination and then only after certain restrictions had been placed on their testimony.

## METEORS PLAY RUPERT TONIGHT

### Local Basketball Team Leaves This Afternoon for Contest in Evening.

Coch Plettman and his basketball squad will leave this afternoon for Rupert to play the greatest of that city. Rupert lost out the fastest team in the state and has already given the Twin Falls team a defeat. However, according to the opinion of the "Twin Falls fans" the team of this city has improved at least 100 per cent over that of the team that was defeated by Rupert earlier in the season. The Rupert outfit is one of the biggest teams in the state and will be met by the Meteors in a big game. The Meteors have won through the season so far this year with one of the most impressive records gathered by any of the teams. The Twin Falls aggregation seems to be on the road to a championship and one of her biggest rivals for the district and state honors will be the outlet from Minidoka county. Coach Plettman has in his coaching staff, Kelly, Martha, Timm and Blisch a sextet of players equal to those of any team being by the Twin Falls fans this season. The work of the Meteors in Tuesday's test was the best displayed by the team this season, the scoring of 22 points in the last quarter in the game with Bluff without a doubt was the fastest piece of work displayed in the state since the start of the season. The Meteors are now on a losing streak and are in a tight spot in the state championship.

Dempsy Test of Boxer Trying to Arrange Fight With Tilm; Believed Little Off.

LOS ANGELES, Feb. 19.—Jack Dempsy, heavyweight and world's heavyweight champion, testified today as a witness for the defense of Kili McCoy, ex-fighter, on trial for robbery at a hearing. Dempsy's testimony was in line with other evidence presented by the defense to prove that McCoy's name was not sound. The champion told McCoy having tried to arrange a fight with Dempsy for \$10,000, Dempsy said that he "killed him along" as he felt that McCoy was "a little off." He said that all fighters from McCoy were affected that way as a result of punch.

## PILER DEFEATS HOLLISTER

In one of the hardest fought games ever played in junior high circles here the Piler jacks defeated the Hollister high by a 2-1 point margin. During the first half Hollister was leading Piler, but in the second half the home boys got a back stroke and made the score tied 17 at the close of the last half. During the next five minutes of play Piler annexed 3 points. Star of Hollister was the outstanding player of the game. He made 12 of the 17 points for his team. Smith and Bean played a good game for Piler.

GOOD WORK

There can be no objection but what Twin Falls will have a tourist park which will be a credit to the city when the new site is finally fixed up and ready for business.

If the tourist business is worth anything at all to community it should be encouraged to build Twin Falls by every legitimate means.

And it is generally conceded that the tourist trade is a very good thing indeed. Every tourist is a potential citizen and a growing percentage of all tourists is men up of the kind of people which it is worth while to have.

The new park is well located and economically arranged. It is for the benefit of the local quarters and there is no objection. If during the present year, arrangements can be made which will cause the building of the proposed tourist bridge over the Snake, this city will have accomplished two things which will yield rich returns and prove of added value as the years pass.

THE BUILDING QUESTION

In a contest now recently held in the office of adding to public knowledge with respect to fire causes and fire prevention.

Prizes were given for slogans best expressing the evils of fire insurance and the advantages of fire protection.

All the winning readings here are as follows:

"The fire follows on faulty lines. Do your part and fire won't start. Fire feeds on careless deeds. Let's 'share the way' to keep the fire away."

"The fire you leave may leave you little. Liberty does not stand for carelessness, although she holds a torch. Let's keep America from 'going to blazes'—guard against fire."

"Fire is an opiate; keep it in its place. What fire destroys never returns. Abolish hazards—and you abolish flames."

"Remember the ember! Fire is a sneaky—kill it with care! Fire is rare when care is there! Fire prevention is care in protection. Thank your eye as carefully as you do your dollars."

"A match may be hot but not so hot as the thoughtless wisdom in these twenty lines to make any one think before contributing further to fire hazards."

OLD MUSEUMS

Here is something new in archeology, which is the science of old things. Digging in the ruins of the ancient Babylonian old home in Babylon, representatives of an American museum discovered an ancient museum that they thought to be the oldest in the world.

"That," I said, "is extra reason for telling me what it is." "It was a new kind of Uncle Ned."

THE INTERNATIONAL SYMBOL

Norhey was perfectly right in inquiring about my health before he made any more of his remarks. He was a man who had had plenty of health before he had had his stroke.

"Anything to do with oil?" he asked.

"That," I said, "is extra reason for telling me what it is." "It was a new kind of Uncle Ned."
