Predominating Tone of Gown  
Worn by President's Wife  
Offsets Harding Blue.

WASHINGTON, March 5 (AP)—"Harding blue," the new shade brought out four years ago by Mrs. Harding, had its counterpart Wednesday in "Coolidge gray," the predominant tone of Mrs. Coolidge's costume for the inauguration ceremony. The color is known as "moonstone," a shade deeper and warmer than pearl.

The costume of Mrs. Coolidge was an excellent effort, American in design and American make. The coat and lower portion of the gown was of a light woaden material, known as "josephine cloth," somewhat of a cross between duck and linen.

The coat was embroidered in gray silk which its tracings with a thread of oxidized silver dropped from the shoulders to the hem of the garment and at the sides the broad collar of the coat was at the bottom with points running upward under the arms. With it was a collar of gray fox. The upper portion of the gown was of gray satin crepe.

Mrs. Coolidge's hat was of soft mill straw, rather light colored and small brimmed, trimmed across the top from side to side with a band of burnt hair ribbon. The slippers were gray as well as her hose.

## BUHL

Buhl—The picnic given by the Ladies' club Saturday evening at the home of Mrs. A. B. Davis was a delectable affair. Following games and a general social time the picnic was sold and other delicious refreshments served to 45 guests.

Mrs. Lloyd Hays and son of Kimberly were week end guests at the Kling home.

Mrs. Bula Smith, who has been the guest of her daughter for several weeks, left Friday morning for Caldwell to attend to business.

Mrs. G. H. Childs entertained the members of the Springs club at her home Friday afternoon. This was the twenty-third anniversary of her wedding, and several guests were invited.

Following a business meeting called to order by the president, Mrs. Steve Seely, the afternoon was spent with guessing contests and delicious refreshments were served.

The following guests from Piner: Madeline O. J. Childs, Mrs. Brown, Harry Kirtland and Mrs. M. H. The next meeting will be with Mrs. Reilly on March 9.

Mrs. M. A. Stone and her daughter, Mrs. Robert Hughes, returned Saturday from a two months' visit in New York and Chicago. Mrs. Hughes is greatly improved in health since her visit to Mayo hospital's clinic.

Two hundred and fifty people attended the festival and social banquet held at the Methodist church Friday evening, sponsored by the Ladies Aid of the church. The Rev. E. D. Hiltner, pastor, introduced the speakers and musicians, and a particularly splendid musical program under the supervision of Mrs. A. W. Giverson was given.

Speakers during the evening were the Rev. E. C. Butler, pastor of the Baptist church of Twin Falls; the Rev. E. J. Lauer, Mayor A. F. McCluskey, and Miss Mary McKee of Coalinga, who gave a delightful reading.

Members of the Rotary club will entertain Thursday night at their annual dinner at the Chamber of Commerce building.

A special program of music and speeches is being prepared under the management of Tom Stricker, chairman of the entertainment committee. Each member is requested to bring a farmer guest.

# CROSS-WORD PUZZLE STORY DOBBIN AND CAESAR

What does Dobbin like best? 1-3-7-11, of course. And a big 2-3-4 of them like the one in the picture, at that.

Come on down to the 3-6-10-15 and you can 5-6-7. Dobbin is a nice, gentle 8-9-10-11-12. He is very fond of his little friend, Caesar, the Shetland 5-9-14-18.

Our colored man takes care of them both. His name is 8-13-17, just like one of Noah's sons. Can you guess which? Caesar belongs to my sister 13-14-15. He will 12-16-20 out of her hand, and out of 17-18 hand, too. You can try feeding Caesar if you want but don't be scared if he bites a little 19-20 first.

Answer to Last Puzzle  
13 (H), 35-10-17 (boat), 2-4-7-12-18-24 (suits), 5-6-7-8 (ears), 8-10-11-12 (tail), 6-11 (left), 16-21 (right), 16-15-16-17 (nose), 15-19-20-21 (foot), 15-21 (H), 20-25 (no), 23-24 (Dad).

## JEROME

Following a short business meeting a delightful program of music and readings was enjoyed. Delicous refreshments were served to 35 members and the next meeting will be at the Cedar Grove school home.

Mrs. R. P. Duncan entertained the Sunday Night bridge club delightfully at their regular meeting. Three tables of bridge were played, Mrs. Brannon winning high score and Mrs. B. J. Langley low. The decoration of pussy-willows gave a hint of spring and delightful refreshments were served after the games to the 12 members and Mrs. Beville Boggs and Miss Overbaugh, guests of the club.

Mrs. R. B. Duncanson entertained the bridge Saturday for eight guests, following a 1 o'clock luncheon. Mrs. A. J. Hinkson high score, and Mrs. George Leary will entertain March 14.

B. F. Beffington and family expect to leave soon for Murphy, Idaho, where they will reside. The farm has been sold to Ross Davis who will take possession at once.

Miss Mildred Parrish, daughter of Mr. and Mrs. P. T. Parrish, spent the week-end with her parents and returned to her studies at Allison Monday.

The Fairview Keatington meets with Mrs. Oscar Nahn on Wednesday, March 4.

Mrs. E. C. Sheldahl entertained a delightful bridge party on Friday for 12 guests. St. Patrick day motif made charming decorations and refreshments further carried out the color scheme of the patron saint.

Mrs. Sheldon was awarded the recreation prize. The following guests were present: Madeline Jack Ross, Carl Ross, A. Simpson, Elizabeth Gribble, Harold Ross, Lloyd Black, Griffith, Harold Ross, Sheldon, Vester, Merrill Ross and Miss Pauline Homer.

Miss George Stubbaker is confined to her home due to an injury to her hip, received when she slipped and fell Saturday evening.

Hon. to Mr. and Mrs. S. W. Cummings, a son, on February 25.

Born to Mr. and Mrs. Van Striden, on February 25, a son.

Mrs. W. E. Stubbaker and Miss Lola Stubbaker were hostesses to the members of the Business Women's club on Monday evening at the home of Mrs. C. H. McGowan, on Ninth avenue.

The evening was taken up with a lengthy business session and light refreshments were served at the close.

Water damage has been sustained at the George Stubbaker home, in regard to Thursday for Portland.

Mrs. J. Will Jackson has moved to the Shields home on Eighth avenue.

# CAR FORCES MAN THROUGH GLASS

### C. J. Domrose, Constable, Narrowly Escapes Serious Injury in Freak Accident.

Caught between the front wheels of a Ford car that plunged across the sidewalk, Carl J. Domrose, constable and county brand inspector, was thrust through a large plate-glass window at the Independent meat market, 147 Main avenue, at about 5:30 o'clock Thursday evening. Talking bits of glass lacerated Mr. Domrose about the face and neck, and the moment he was extricated from his perilous position almost all of the shattered window came down.

The car, which was owned by W. A. McDonald of Piler, was driven by his daughter, who stated that her foot had caught in the path when she started to turn toward the curb in front of the market to park. Mr. McDonald, who was in the car with his daughter, rushed in rescuing Mr. Domrose and hastened to call for a replacement of the broken window.

for amendment of the senate rules and it was referred to the "rules" committee.

When the senate assembled there was a brand of electricity sparking around the chamber. Galleries were packed, and spectators looked on from the floor and every senator in town was at his desk. The atmosphere was like it must have been on a Roman fête day when somebody was going to be fed to the lions.

# Comes in at Last Minute

The filled chamber waited as the senate clerk called at noon and not before than the "President" Duquesne came into the chamber. He stepped quickly through the door and up on the presiding officer's desk, gave the desk a rap with the gavel and without saying a word stepped back to the chair of the senate chaplain. More eyes were on the vice president than were reverently cast down. The vice president, looking quite unaffected and unconcerned, although he knew what was in the air, gave his attention to the prayer.

He called the senate to order with another short, snappy word and the firecrackers began to snap.

Senator Haly, Maine, was recognized and began to explain why Mr. Duquesne had not returned to the chamber after the inauguration ceremonies outside. Senator Reed cut him off, making the point that there was no business before the senate for this discussion. Mr. Haly replied that he was speaking to a point of personal privilege, whereupon, Senator Reed said that in those circumstances he would withdraw his objection.

These entertainers include musicians, dancers and every variety of "specialty performances" in the field of entertainment. Salaries of \$1000 to \$2000 weekly are common.

Mr. Burkner said that the police and prohibition agents brought more than 1800 men under arrest for prohibition violations to the federal building each week.

Should he insist on sending to jail all prohibition violators found guilty, Mr. Burkner said, all prisoners would demand jury trials and it would take ten years with the present available judges to dispose of the calendar pending at this moment.

Through the pullock procedure alone, he said, can the men "higher up" be got. "The owners of real estate will then become volunteer prohibition agents and will be more cautious concerning the use of their premises," he added.

# Line Worth Remembering

This helpful line, by Sir Phillip Sidney, is hard to beat: "Fear is more pain than is the pain of fear." If we can get out of the habit of being fearful, there is little we cannot conquer. Courage makes life worth while.

# Damage Done by Wild Beasts

Wolves are the chief offenders in doing injury to herds and flocks, though the coyote is a good second. The damage inflicted by single specimens of the wolf tribe is surprising.

The famous Custer wolf that operated in the vicinity of Custer, South Dakota, for six or seven years, killed \$25,000 worth of cattle and escaped for many years, though there was a bounty of \$500 on his head. A pack of eight wolves destroyed \$20,000 worth of calves, pigs and sheep in and around the Arkansas national forest.

# EIGHTEENTH STATE LEGISLATURE ADJOURNS

(Continued from Page 1)

motion was acceded by Atkins of Ada, 99-0, carried unanimously.

The tax to be raised for each of the years 1925 and 1926 is \$1,675,000. This amount is \$100,000 more than was raised by the general levy. In addition to this amount, however, the 1925 legislature authorized the levying of three-eighths mill for raising money for educational institutions.

This levy the 1925 legislature did not make and therefore the total state levy for 1925 and 1926 is lower than two years ago.

Levy for general interest and sinking fund purposes remains about the same for each year and the levy for the public building fund is made each year to raise money to retire public building bonds. The same is true of the levy for state highway purposes. They are made each year to raise funds to retire state highway bonds when they become due and to pay interest on them.

# Usual Closing Rush

Thursday night saw the usual number of appropriation measures rushed through. Eleven of the bills that received favorable consideration asked for money.

The requests \$400 for purchase of a portion of the citizens' right of way near the soldiers' home at Boise.

Three of the bills that received favorable consideration provide for improvements at state institutions. One asks for \$5000 for the repair of boilers and the plastering of the administration building at Blaine; another asks \$2000 for the improvement and renovation of the state school for the deaf and blind at Gooding, while a third asks \$1000 for repairs to the heating plant and roof of the soldiers' home.

Another appropriation bill asked at

the right session of the upper house tonight amount \$2000 for certain deficiency claims of the state, while another asks \$11,700 for salaries, wages and other expenses incurred by the state board of education in connection with the certification of teachers. Another of these financial measures wants \$2800 for use in the liberalization and control of social diseases by the department of public welfare, while house bill No. 2859 appropriates \$3330 from the industrial accident fund for salaries and wages.

# Nature's "Cold Storage"

An avalanche that swept across a road near Rochefort, France, not long ago dropped a huge block of ice that contained the carcass of a wild bear. Just how the bear became limbered in the ice is not clear, but probably it was caught in the slide, and the mass of snow, closing round it, solidified and thus converted it into cold-storage park—Youtie's Companion.

THE INAUGURATION.

There is a note of reassurance in the very simplicity of the ceremony in connection with the inauguration of President Coolidge. It is as though America had entered a new epoch, signifying the reaching of a stage where flag waving was no longer necessary, and the presidential train of office required no background of friends and well-wishers, now or in the future.

MAN, THE KILLER.

An indelibly strange incident, one of those usually regarded as invented by the human imagination, is related by the foreman of a section crew on the Glacier Park Division of the Great Northern Railway. This man saw a deer from the National Park, bounding down the Elkhartn river on a rocky ledge. Not far from a falls, where the deer would have met certain death, the frightened animal took advantage of the current which carried the ice flow within two feet of the shore. The deer jumped, landing at a place where the railroad track skirts the shore of the river, and falling directly in front of an oncoming train. It was killed and buried long into the river bed.

Gland Patient Withstands Severe Endurance Test

After suffering from a nervous breakdown, and being subject to dizzy spells, a man of 35 regained his health through a simple method of gland treatment. As no natural test of his perfect health, this gland patient recently ran the annual field mile with one of California's state institutions. Even more remarkable than this feat was the physical condition of the athlete after becoming the fittest. He exhibited nothing of the distress of laboring breathing of the ordinary runner. His endurance, his speed, his gland tonic, which is prepared in convenient tablet form, for men and for women, subjected him to a severe and prolonged glandular treatment. Accept no substitutes. Insist on genuine Glandonin, the original gland tonic.

He was standing very erect with his hands at his sides in a military attitude of attention. With a side glance he indicated the head waiter. Tommy felt that he was being through some confused and fantastic dream, changing with a transformation into a scene of a grand ballroom. He was introduced to Casimir. Tommy saw no one whom he recognized except the little head waiter. He was seated at himself at a table in the corner of the room with a bottle of champagne in front of him. Thus, it may be supposed, head waiter leads champagne and recaptures after their table was over.

Two Wars are Over

A couple of good wars are apparently coming, afterwards and all. One of these is the Civil War which has long been in bitterness and misunderstanding for nearly sixty years. But North and South have now become really good friends. The South is becoming truly prosperous, and old wounds are being healed. The other war was now happily ended in the American Revolution of 1776. Our public schools today teach the history of that conflict with more emphasis on the development of political liberty and the advance of constitutional government than on condemnation of British "tyranny."

# GERMANY SEEKS NEW PRESIDENT

### Feverish Activity in Political Camps of Nation to Place Successor to Ebert.

BERLIN, March 5 (AP)—With the tenor of the body of President Ebert scarcely faded there is feverish activity in all the political camps over the question of who is to be the next president of the republic.

The hope of the clericals and democrats that the socialist will join them to support Dr. Brüning, a former chancellor and later president of the republic, thereby presented a united front of republican elements, is the theory for the moment by the declaration of the socialist organ. Von Weizsäcker, the socialist who founded the republican state and who are the most dependable defenders of the republic.

In the event that Brüning is not a candidate of the middle parties from their ranks. This seems to indicate an intention by the socialists to present their own ticket for the first time in case the clericals and democrats are not willing to join them.

### Art Treasures Restored.

The difficult task of finding a method for restoring ancient treasures in the British museum which are gradually showing signs of decay was entrusted sometime ago to Dr. Alexander Scott and he has announced that he had been successful in making such a discovery. A vapor of hydrogen peroxide which he used has worked wonders in bringing out the original colors and designs both in ancient manuscripts and on metal. A print, made for Emperor Maximilian in 1518 so treated was restored in all its wealth of detail.

Another specimen, believed to be a petrified block of wood, found under a 14-foot guano deposit in Peru, when treated proved to be a delicate carving.

### Bliss

One becomes used to the frank displays of marital felicity, pro and con, that occur on the top of Fifth Avenue buses. Here is a slight variation. The young man had just visited the barber and was describing the details to his wife. Finally words failed him—off came his hat and his ailing head was placed under his wife's ministrations that she might relieve the agony of the hair tonic to which he had succumbed.

## DEMPSEY MAY FIGHT GIBBONS IN JUNE AT HOLLYWOOD-IS REPORT

Jack Kearns Negotiating With Dempsey for Bout to Be in Hollywood, Calif. 10-Bound Title Contest.

LOS ANGELES, March 5 (AP)—Jack Kearns, manager for Jack Dempsey, heavy-weight boxing champion, announced today that consideration was being given a proposal by A. E. Santow, a Hollywood promoter, to stage a title match June 5, between the champion and Tommy Gibbons, St. Paul heavy weight, for a consideration of \$500,000.

Santow said he offered Kearns the arena for a 10-round title match with Dempsey to be fought in a Hollywood arena, which he said he would contract to seat 10,000 people, with possible gate receipts of \$1,500,000.

In the event that Dempsey is not prepared for a bout June 5, Santow said, he and Gibbons would consider an engagement in September, preferably on Labor day.

## FIRPO BACK IN PARIS—STOUTER BUT HOPEFUL OF GETTING IN RING

Experts Claim Argentine Fighter at Least 40 Pounds Overweight; May Come to America Looking for Bout.

PARIS, March 5 (AP)—Luis Angel Firpo, the Argentine battler and erstwhile contender for the world's heavy-weight belt, came back to Paris today somewhat stouter, but still laughing. Ring experts asserted that he was 40 pounds overweight.

Luis was somewhat pessimistic regarding the boxing sport in general. He said his exhibition bout with Townsend at Monte Carlo drew an attendance of 30% by actual count and that 20% per cent of those were complimentary. "Our elegant gentlemen,"

"Maybe I'll go back to America," he said. "It's pretty hard to train in France."

## Twin Falls Meteors Take Second Tournament Game

Local High School Basketball Team Defeats Burley at Evening Contest, 24 to 22; Has Two Victories Thus Far.

## BUHL IS WINNER IN CAREY GAME

Northside Team Downed in Basketball Tournament by West-End City, 47 to 27.

BUHL, March 5.—(Special to The News)—Continuing their winning streak and going into the lead with two games won and none lost, the Twin Falls Meteors here this evening defeated Burley, 24 to 22, in a game that was a fight all the way, but in which the Magic City team led all the way. Navin was again high scorer at the night game, making 9 of his team's points.

BUHL, March 5.—(Special to The News)—In the second basketball tournament game here this evening Buhl defeated Carey by a score of 47 to 27, thus eliminating Carey from further play. The game was never in doubt from the first few moments of play and at the end of the first half the score was, the local team was ahead, 21 to 11. High score man for the locals was Mullins, who made 4 of the 43 points. Patterson of the Carey team made 11 of his team's points.

## Race Trophy At McCall

McCALL, Idaho, March 5.—Up in the heart of Idaho's big timber country where Payette lakes gleam like frozen jewels among the pine clad mountains, McCall is all set for its second annual winter sport carnival. It invites the rest of the world to forget its troubles, put on its play togs and come up to the Mammoth of anticipated visitors here today to see the winners in the morning game Friday at which time Gooding will play Filer and Halley will play Rupert. Halley and Rupert each have had a game today and as a result the contest Friday will eliminate one more team in the tournament, which will end Saturday evening.

## CHAMPIONS OF LAST SEASON ARE DEFEATED

Gooding Takes Game From Rupert at District Basketball Tournament at Buhl; Filer Wins From Halley.

BUHL, March 5.—(Special to The News)—Last year's district championship winners were defeated this afternoon in a basketball game with Gooding in the district championship games which opened here this morning. Rupert went down to defeat by a score of 27 to 21. In one of the hardest fought games played on the local high school gymnasium floor, Rupert's defeat is probably the biggest date upset that could have been handed out to the fans.

The Rupert team has the same bunch that won the district championship last year and that were runners-up in the state tournament. It was hoped that they would go into the finals with all guns, iron and would, probably defeat Gooding. At the end of the first half the score was in Gooding's favor, 17 to 11.

## STANDING OF TEAMS IN THE BUHL TOURNAMENT

Games won and lost and the teams in the district championship basketball tournament are as follows: Buhl—Two games won; Carey—Two games lost; eliminated. Gooding—One game won. Filer—One game won. Halley—One game won. Rupert—One game won. Buhl—One game lost. Burley—One game won and one lost. Jerome—One game lost. Halley—One game lost. Rupert—One game lost. Buhl—One game lost. Halley—One game lost. Rupert—One game lost. Buhl—One game lost. Halley—One game lost. Rupert—One game lost.

At the end of the first half Twin Falls led 15 to 9, and the players of the home team were in the second half fresh and ready to win their game.

A FISH STORY. I have thought for several years that the people of Twin Falls liked fish and would eat lots of them if they could get them at a reasonable price, so I tried it out for the past week and a better result than I expected. So I have decided to build a good fish counter so as to keep a good stock on hand all the time; so from now on Twin Falls will have a fish market in connection with the public market. As far as the fish, I will get a great brain food, eat fish and get wise. Phone 150.—adv.

# ASHTON ENTERS AS CANDIDATE FOR MAYORALTY

### Well-Known Attorney to Head Ticket With R. B. Smith and S. S. All as Running Mates for Municipal Office.

Edgar E. Ashton, attorney, is to be candidate for mayor, and Ralph B. Smith, attorney and an officer of the Twin Falls Title and Abstract company, and S. S. All, present municipal commissioner of streets and water works, are to be candidates for Twin Falls city council, at Twin Falls municipal election to be held next month, it was learned Thursday. Nomination papers for these candidates are expected to be filed today in the city clerk's office. No other nominations of candidates for municipal office have yet been filed.

Mr. Ashton came to Twin Falls to enter the race for mayor, presiding a complete ticket of candidates for mayor and councilmen were made up. Subsequently Mr. Smith consented to become a candidate for the city council, the candidates, together with that of Commissioner All, whose term expires this Thursday, and who previously had announced his readiness to run for reelection if requested, was regarded as completing the ticket.

**One Prospect Faded.**  
Judge John E. Davies, former city attorney, to whom one set of nomination papers had been turned, presided Thursday evening that these papers would not be used for filing a nomination in opposition to candidates on this ticket.

Six other sets of nomination papers have been issued from the city clerk's office, three of them going to R. P. Nelson, former deputy sheriff and police officer, and three going to Ed. W. Bernhart, who made application for them Thursday and whose name City Clerk J. L. McEwen did not record.

Only two days remain for filing of nominations for municipal offices.

**PLEDGED TO FRATERNITY.**  
MORDOCH TO FRATERNITY.  
MORDOCH, Idaho, March 5.—Claude Bernard, son of J. O. Bernard, Twin Falls, has been pledged to Sigma Xi, the local Greek letter social fraternity, it has been announced here. Mr. Bernard is a freshman at the University of Idaho.

**Various Names for Same Place.**  
Spain, whose people have done so large a share of naming of new world places, is Sigma to the Italians, Esigma to the French and Espana to the Spaniards. Omselves. The French call this country Etats-Unis, but Vereligne Stanten is the German translation of the same idea. The "New" in the name of our chief metropolis is generally retained in the American form by the French and Germans, distinguished by the Spanish and Italians. The former speak of Nueva York. The Mediterranean sea, the Mare Internum of the Latins, is variously named the same idea in Italian, Spanish and French.

**Rattlesnake's Strike**  
The distance a rattlesnake can strike is never greater than the length of the snake. The reptile has no power of jumping in the air and away from the ground. When it strikes it darts the fore part of its body, which was retracted in several "coils," forward in a straight line.

The Business and Professional Women's club will hold a rummage and white elephant sale Saturday in the store room next to Unbaugh's jewelry store.

**Forms**  
One branch of poetry and legend writing contests wholly of imitation, that is, as you say, tragedy and comedy; another branch employs the simple recital of the poet in his own person, and is chiefly to be found, I imagine, in dithyrambic poetry; while a third employs both recital and imitation, as is seen in the construction of epic poems, and in many other instances—Socrates.

### AT THE IDAHO

Filing with death in the path of several large automobile trucks weighted down with heavy cargoes and traveling 35 miles an hour—a speed at which it is difficult to control the road—the vehicle was the present pastime indulged in by Raymond McKee during the filming of "Contraband." Alan Crossland's latest Paramount production which Jack Cunningham adapted from the absorbing novel by Clarence Budington Kelland.

This is shown, which was made at night, McKee is shown gathering up the bank in front of the car and the blow from his hand into the road. While gathering them up in an absent minded way he was nearly run down by the truck, the skill of hand-picked driver being responsible for the averting of such a catastrophe.

One driver, particularly careful, regarding his own well being, was selected by Jack Cunningham to drive the steering wheel first to one side and then the other, avoided McKee by an excellent whicker and finally crashed into a hole of water. McKee cheerfully announced afterward that he was not even shaken up.

This is only one of the many spectacular trails in the picture which bristles with melodramatic action involving upon the efforts of a young newspaper editor to break up a political and run-rummy ring.

Headed McKee, the featured players include John W. Nash Berry and Raymond Hatton. "Contraband" will be the feature at the Idaho theater on Monday and Tuesday next.
