COOLIDGE PLANS  
TO FOIL SENATE  
ON APPOINTMENTUnless Confirmation Is Given  
Nomination of Warren, Pres-  
ident Will Try Recess Move  
to Gain Way.

WASHINGTON, March 14 (AP)—President Coolidge will offer Charles E. Warren a recess appointment as attorney general in the event that his nomination is rejected a second time by the Senate, it was officially announced today at the White House.

Upon receiving this information, the Senate deferred its vote on the nomination until 2:30 p.m. Monday after democratic leaders had declared the senate must now "vote or die" and decisively the challenge to its constitutional authority which they said, the executive had thrown down.

*"Game as Surprise."*

The White House announcement, made on the president's behalf by Secretary of State Sumner, came as a complete surprise to leaders on both sides in the Senate who had tooth-and-nail warfare in the day that the executive was considering the "adoption" of another for the post.

Reports to this effect were circulated generally in the chamber after Senator Curtis of Kansas, the republican floor leader, had returned from the White House conference with Mr. Coolidge with a number of bills, and an effort to obtain an agreement to defer action on the nomination until Monday. Senator Walsh, Democrat, Montana, a leader in the opposition to the appointment, refused to consent to that arrangement and delayed was opened.

*White House Statement.*

The White House statement issued after publication of reports received by senators said:

"Notwithstanding various reports and rumors the president is making every possible effort to secure the confirmation of Mr. Warren. As the time is now short and to accommodate the senator he has consulted certain men and certain senators as to what course should be pursued in case Mr. Warren were confirmed."

After this statement had been read in the Senate, Senator Robinson of Arkansas, the democratic leader, de-

and Wait for the Arrival of  
Harvard Man.

CAIRO, March 14 (AP)—Preliminary work on the tomb near the great pyramid at Giza recently unearthed by the Harvard University team and believed to date back to the reign of Pharaoh Sesostris, about 2200 B.C., is being completed, according to an official communication issued by the ministry of public works. It has been decided to close the tomb until the arrival of Dr. George A. Reisner, assistant professor of Egyptology at Harvard, who, although head of the expedition, was absent when the tomb was discovered, so that he may be able to see the burial place as it was when originally found and take charge of the long, difficult work of removing the objects it contains.

*Reisner Ships.*

Meanwhile, Allen Howe, who is in charge of the operations, and his associates are taking steps to make the pyramid's shaft leading to the tomb safe for visitors.

Advocates of Women's Suffrage in Chamber of Deputies Compliment Texas Governor.

PARIS, March 14 (AP)—"Ma" Ferguson's role as governor of the state of Texas was today invoked as an argument in favor of women's suffrage in France by the sponsors of the measures coming up for discussion in the chamber of deputies Tuesday.

The preamble of the document, distributed today among the deputies reads:

"In the state of Texas, which we ruled over by 'Ma' Ferguson, nothing is more fitting than to demand that the conditions are better." Ma" Ferguson is actually accomplishing what no man ever attempted before her regime. She has inaugurated open warfare against the Ku Klux Klan.

CAMP IS FOUND  
DEAD AT HOTEL

Founder of Modern Intercollegiate Football Dies Suddenly in New York.

NEW YORK, March 14 (AP)—Walter Camp, founder of modern intercollegiate football, died today while sleeping in his room in the Hotel Metropole. He was in his sixty-sixth year.

Coming to New York Friday afternoon to attend the conference of the intercollegiate football committee, of which he was a member, the former Yale player, coach and captain succumbed to engine proctitis, which overtook him in his bed after he had returned last night from the committee's first session at the Hotel Pennsylvania.

## Found by Coach

The body was found by William W. Lopez, Princeton's head gridiron coach, and W. S. Langford of Trinity, who were sent in the Belmont by the committee after Mr. Camp had failed to appear for this morning's meeting.

When Lopez, the coach, went to repeat knocking at the room door, there was no answer. Mr. Camp, in his pajamas, was in bed, apparently asleep. An examination, however, showed that he

had not submerged his head, and

actually made the bank account entries, but rather bank officials. He knew these officials had no personal knowledge of the entries made, and because the government had introduced no physical evidence to show a financial basis for the charge, the trial judge, after a full hearing, dismissed the case.

TEAPOT DOME  
LEASE HEARING  
NEARS CLIMAXFall to Appear in Cheyenne  
Court Monday to ExplainWhy He Gave Oil Rights to  
Sinclair Company.

CHEYENNE, Wyo., March 14 (AP)—The battle of Teapot Dome will reveal its climax in United States district court here Monday.

John B. Fall, former secretary of the interior, is accused by the government of conspiring with oil companies with the intent to give Harry F. Sinclair's Mammoth Oil company, is scheduled to be in court Monday to await the call of government counsel for an "Explanation" of his now famous act of April 7, 1922, when the lease was delivered to Sinclair.

*Rules on Evidence.*

YOGA, March 14 (AP)—Wyoming has set rules Monday on the admission of evidence in the Teapot Dome suit, which was marked by the unusual and desperate attempt of a wife to save her husband from execution.

By these the government experts reported today on a ranch at Glen Rose, 20 miles east of here, will be allowed to move a mountain of evidence to prove their case.

The defense has sought this rule.

# HEIR HELD IN DEATH OF RICH CHICAGO YOUTH

Foster Father of William Mc-Clintock Who Died of Typhoid Is Detained by Prosecuting Attorney.

CHICAGO, March 14 (AP)—William B. Shepherd today chose to remain in custody of the state attorney rather than face an immediate charge of murder in connection with the death from typhoid fever of his young ward, William N. Mc-Clintock, who will be buried Saturday morning at his home town of Beloit, Wis.

Shepherd, 62, agreed with fielder D. Cruse, state's attorney, to the postponement of a swift of habeas corpus hearing until next Wednesday. Shepherd meanwhile, to be detained in a downtown hotel and permitted to see his wife and counsel at reasonable intervals.

**Held Incommunicado.**

From his seclusion on a fourth-floor suite at the Knobwood suburban home before 1 o'clock this morning he has been unable to see Justice Jacob H. Holmes this afternoon. Shepherd has been held incommunicado ever since persistently questioned by Mr. Cruse and his assistants.

Shepherd said that he made no admissions—and that being detained a little longer could not make any difference in what he had nothing to do with the death of young Mc-Clintock.

He denied the statement of Dr. C. P. Palmer, proprietor of a school of hair culture, that he had taken a photograph of the deceased boy and had paid him \$250 for it. He also denied that he had taken back for \$20 a letter he had written regarding a course, that he had taken three test tubes filled with typhoid bacilli.

**With Due Process of Law.**

In opposing Shepherd's release on a writ of habeas corpus, Mr. Cruse admitted that the court that Shepherd was being held "without process of law, as a result of the investigation into the death of young Billy Mc-Clintock."

"However," continued Mr. Cruse, "the facts which I have adduced in this case make it necessary to hold Mr. Shepherd."

"I am prepared to file a formal complaint against him if it becomes necessary to keep him in custody."

Attorney William Neal Stewart said that his client "technically is entitled to discharge at this time" but rather than "preemptarily" charge a charge of murder we want to wait until the time to look carefully at the evidence."

**Retained for Questioning.**

Shepherd pointed out that Shepherd voluntarily returned from New Mexico for the man's last time. Mc-Clintock's death, however, had appeared voluntarily for questioning at any time, and had never claimed his constitutional rights to remain examined.

He denied accusations against Mr. Shepherd of a conspiracy to deprive him of his rights in a will.

Mc-Clintock had looked won and when called after the hearing, had said his overcoat, detective, had just burst through my nostrils."

**To Continue Inquiry.**

After the appearance before Judge Hopkins, Shepherd was taken to the state's attorney's office, where, it was understood, Mr. Cruse and his assistants would continue to question him.

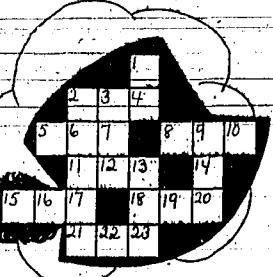

Young Mc-Clintock died last Decem-

ber 4, 1924, forever with his fiancee, Miss Edith Powers, wed with a burning flame of love married to him had he recovered consciousness.

**SALT FAT REDUCTION**  
Declaring that this was a serious charge, Senator Ernst said he was amazed that those who heard it did not realize that he himself could not hear it. He explained that he himself could not hear it because one of his ears does not function properly.

"I never heard of a paper claiming he could not hear it. I do not know what a file is. I have never heard naked people to speak in selling paper, and I know of no paper which would be of the highest quality in the same department to have that. That was a serious charge and when I believe a serious charge can they blame me for saying what I think of a charge of that sort?"

lured the president thus had challenged the power and right of the Senate to do its duty under the constitution—that of advising and consenting to nominations for high office.

The executive must be "further to receive," he added, "that to his assumption must be allowed in that this body in performing its constitutional duty is transcending its authority and violating the rights of the executive."

Expressing the opinion that not in all the history of the nation had there been a more flagrant violation of the Constitution, Senator Walsh said that he was confronted with the question of whether it shall be disregarded by the president in the future in the matter of the selection of men for high office.

**Override Constitution**

Senator Reed, Democrat, Missouri, asserted that the president was in error, saying that he would override the Senate by putting into effect "any" of the president's bills that violate the constitution, just as it was unfitted for the position.

There was no reply to these statements from the republican side of the chamber, but some friends of the president said that in proposing a recess appointment to Mr. Warren he would be wholly within his rights regardless of what the congress, in its judgment of the act prohibiting payment of salary to officials appointed after the rejection of their nomination by the Senate.

**Has Full Authority**  
These friends also said that the president was advised as to the repeated opinions handed down by attorney general in the past that the executive has full authority to make recess appointments under the present circumstances.

There was no word as to whether Mr. Ward would receive a bonus appointment—if tendered—the man who became the storm center in an open fight between the president and the senate remained in seclusion the White House.

### RUPERT WINS MOSCOW GAME SEMI-FINALS

Result of Basketball Contest  
Saturday Evening Sends the  
Championship Over to Mon-  
day Night.

MOSCOW, Idaho, March 14 (Special to The News)—Rupert went into the final in the state basketball high school tournament here tonight by defeating Moscow, 23 to 16, in a game in which Rupert played on the defensive most of the time with only one basket made by the team with Moscow meeting its first defeat tonight. As a result the state championship will be played Monday evening on the undercard of the meet here, with Moscow and Rupert again meeting.

Rupert went into the semi-finals here this afternoon by defeating Barfoot, 21 to 20, and it being the second defeat for Barfoot who were eliminated after Kellogg also was eliminated this afternoon by Moscow who took their game by a score of 21 to 16.

#### Basket Unscripted.

The result of tonight's game was unexpected and an upset of sorts which made Moscow a strong favorite to take the state championship.

The jump shot of slinger was highly responsible for the outcome. He was unable to make baskets from midcourt and the floor was as a result off balance. The ball changed six times before the outcome was decided.

Pullated, Reding, Challis and Caldwell were eliminated in the play-offs.

Watson runner up.

Rupert at last year's tournament was runner up for the state championship and with the same players on the team this year are expected to give Moscow an unusually hard time today even.

For the second consecutive year, the undercard semi-finalists, was the only undefeated team in the tournament. Moscow defeated Rupert Friday by a score of 22 to 21 in a game in which the ball changed six times before the outcome was decided.

Pullated, Reding, Challis and Caldwell were eliminated in the play-offs.

NURMI REPORTED SICK

HARTFORD, Conn., March 14 (AP)—Paavo Nurmi, scheduled to feature a benefit track meet here tonight, failed to appear. His manager, Hugo Pauli, announced his arrival that Nurmi had been sick with a cold since Saturday. Nurmi, who has run a 1,500-meter race against State college runners, winning easily in 7 minutes, 2.2 seconds.

### ALL-COAST TEAM IS NAMED BY DIRECTOR

Two O. A. C. and One Player Each  
From Oregon, California and Wash-  
ington on Basketball Squad.

TULLMAN, Wash., March 14 (OAP)—The Oregon Agricultural college basket ball players and one each from Oregon, California and Washington, are placed on the all-coast intercollegiate basket ball team selected by J. Fred Bohler, director of basketball at Stanford University, and announced tonight. Heath, Washington and Billings, O. A. C. and Westergren, Oregon, guards. Hommelmeier is given to the following:

Forwards—Never, Stanford; Holden, Oregon; Prange, Washington; Neale, Idaho; Baker, O. A. C. and Rehn, W. S. C.

Centers—Odeberg, O. A. C.; Blum, Montana; Brown, O. A. C. and Anderson, Washington.

Guard—Hale, Washington; Nelson, Idaho; Stoddard, O. A. C.; Behrens, Hennepin and Reher, W. S. C.

In making the selection of the team Director Bohler stated he was guided by the general effectiveness and value of the team's particular style of play, of a player's typical of an all-mechanistic basic. Bohler is a member of the national intercollegiate basket ball commission.

# LEAGUE WANTS GERMANY GIVEN COUNCIL PLACE

Geneva Conference Closes Most Important Meeting in Its History; Sees Harmony in Europe.

GENEVA, March 11 (AP)—During the most important meeting in its history, which is generally admitted to be a constructive move of great significance for future harmony in Europe, the League of Nations council adjourned tonight after expressing a sincere wish to see Germany associated in its labors by joining the League and thus play in the organization of peace a part corresponding to Germany's position in the world.

If the council was unable to approve Germany's request for an exceptional place in connection with the obligations imposed by the covenant, it did by voting the above sentiment, pay her a great and unprecedented honor, for no country has ever been bid to take a seat in the League and a place around the council-table. Everybody agreed that Germany can have a permanent seat in the council.

#### Demand Simplified.

Today's action is deemed significant because it represents the first word addressed to Germany by the allies on a basis following the council proceedings, and following the council proceedings, are mainly pleased at the phrasing of the letter which the council has sent to the Berlin government.

Though the document fails to share Berlin's views that because of her semi-feudal military conditions she is exempt from the sanctions duly fixed by the covenant, the hope was expressed tonight that the conciliatory tone of the note will enable Germany to find a road leading to the League which does not lead through the door of isolation. The proposal of what she conceives to be her national interests.

#### Security Problem.

The next act in the internal play, the desired climax which is the discovery of a solution to the great problem of security, will be presented at Paris for further mass statements are bound tomorrow to confer with Premier Briand on the problem of a pact of guarantees.

#### Famous Lion.

The Lion of Lucerne, symbol of Switzerland, was erected in 1921 in memory of 20 officers and 700 soldiers of the Swiss guards, who fell defending the Tuilleries on August 10, 1792.

DARKEN HAIR**

"Gray hair—however—handsome—does not advancing age. We all know the advantages of a youthful appearance."

"Dark hair—however—handsome—makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Fage Tea and you'll enhance its appearance a hundred-fold."

"Don't stay gray. Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Skin and Hair Remedy," which contains many of the old-time receipts improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it makes hair dark, soft and shiny. It can only be possible tell as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing the strength into the hair, taking one small sponge, dip it in water, then apply to gray hair disappears after another application. No, it becomes thick, glossy and lustrous, and you appear years younger—nay."

MRS. DOROTHY M. DENISTON

THIS IS THE first photo of Mrs. Dorothy Muriel Deniston, whose revelations in the London courts, in her suit against her former husband, Colonel Ian O. Deniston, now the husband of the Earl of Carnarvon's widow, have shocked all England. The case has opened a legal scandal involving princes, generals and other famous persons who, according to Mrs. Deniston's testimony, fell in love with her. Mrs. Deniston is suing for \$6000 which she claims she lent her husband.

# SWIFT TO BUILD PRODUCE PLANT IN TWIN FALLS

Definite Decision of Chicago Packers to Enter Local Field Is Announced Following Extensive Survey.

Swift & Company, Chicago packers, have definitely decided to build a complete produce plant in Twin Falls. After careful investigation, distribution and sales through various branches, situated in marketing centers, of poultry, eggs, and manufacture or creamery butter. Later it is intended to include facilities for manufacture of cheese. The plant is to have sufficient capacity for present requirements and is to be so arranged for expansion with anticipated growth. Work on the project was reported Sunday by A. L. Moore, manager of the Swift and Company branch here, and Swift and Company have engaged a contractor for cold storage rooms, to be used for a time in conjunction with the produce plant to be built here by the packers.

#### Holiday Option on Sites.

Advices received Saturday by Mr. Sande contained in a telegram from H. B. Collins, representative of Swift and Company, state that several recent canvass and analysis of the Twin Falls district, and who left here last Wednesday after completing his final survey of conditions in this field, will be engaged to do so before completion,

Mr. Collins while here is understood to have obtained alternative options for purchase of building sites here but his telegram to Mr. Sande did not close the site that had been selected. The telegram also fall in as follows:

"Will you please come through your papers in a conservative way that Swift and Company have definitely decided to build a complete produce plant in Twin Falls for purchase, preparation and sale through our various branches situated in marketing centers, of eggs, poultry, and manufacture of creamery butter, with the probable addition later of manufacture of cheese. The plant is to have sufficient capacity for present requirements and is to be arranged that it may be expanded for probable growth."

#### Supplied With Possibilities.

This conclusion has been reached after several canvass and analyses of the Twin Falls district which assure us that such plant will be of material advantage to producers of your territory, consumers at our sales destination, and ourselves as representatives of produce dealers throughout.

We have no doubt that the new plant with the general production of cattle and other food products, which on account of freight rates, represent moderate values to your products, but which can be converted into more concentrated feed, such as poultry, butter, eggs and cheese, thereby improving return to your producers and increasing fertility of the soil.

"Our representatives are favorably impressed with the present and future prospects and the products of your part of the state."

#### DENMAN RE-ELECTED AS SUPERINTENDENT AT FILER

FILER, March 14.—George E. Denman was re-elected superintendent of the Filer rural high school at a meeting of the board of trustees Saturday. Mr. Denman was employed as teacher of English two years at an income of \$1,000 per year.

He is now completing his fourth year as head of the system.

A number of other elections were made including the re-election of George N. Tucker, agricultural instructor; James Tomlin, mathematics; Edith Estes, physics; John C. Johnson, home economics; and English teacher, R. Byrne, commercial subjects and music, and Ruth S. Meyer, history, biology and general sciences. A vacancy or two on the teaching staff for next term will be filled at another board meeting.

#### CITY'S EXPENDITURES WELL UNDER REVENUE

Gerry J. L. May Estimates Actual Cash Balance of \$114,500 Will Be Available to Retire Warrants.

Actual cash balance of \$114,500 represents estimated amount of city's expenditures and actually collected by receiver, will remain in escrow. Fulfils demands at the close of the fiscal year.

May is proceeding to estimate proposed Saturday by City Clerk J. L. May, for submission to the municipal commissioners at its regular meeting Monday evening, the surplus is to be devoted to reduction of outstanding warrants.

Surplus of \$114,500, which would be the result of above figures for the remaining two months of the year, are estimated at \$15,700.

Total revenues for the 10 months ending March 1, were \$95,924.90, while expenditures were \$84,224.90, leaving a balance of \$114,500.

Estimated appropriations for the year amounted to \$100,000, which will be paid in full, according to the check book.

Surplus, according to the check book, will amount to \$9,000.

#### EXTRA DAY GIVEN TO FILE INCOME RETURNS

One more day remains in which to file income tax returns. The time previously set for March 15, has been extended to the 16th of the month because that date falls on Sunday this year, will be extended to midnight Monday, March 16, according to Evan Keamy, collector of internal revenue.

A dealer collected with an assistant have been on duty for several days past in office in the postoffice building here, and will continue Monday their work of assisting taxpayers and others to get up to date income tax returns, which are urged to do so before they become delinquent.

Mr. Keamy while here is understood to have obtained alternative options for purchase of building sites here but his telegram to Mr. Sande did not close the site that had been selected.

#### Supplied With Possibilities.

This conclusion has been reached after several canvass and analyses of the Twin Falls district which assure us that such plant will be of material advantage to producers of your territory, consumers at our sales destination, and ourselves as representatives of produce dealers throughout.

We have no doubt that the new plant with the general production of cattle and other food products, which on account of freight rates, represent moderate values to your products, but which can be converted into more concentrated feed, such as poultry, butter, eggs and cheese, thereby improving return to your producers and increasing fertility of the soil.

"Our representatives are favorably impressed with the present and future prospects and the products of your part of the state."

#### DENMAN RE-ELECTED AS SUPERINTENDENT AT FILER

Harold Bell Wright, the most popular living author, as proven by the statement of his publishers, that his books have sold over 10,000,000 copies, and over 50,000,000 people throughout the world, began life as a poor lad.

One of the most noted of his works is "The Re-Creation of Brian Kent,"

it deals with a man-made by force.

This book was recently translated to the screen. The film version, personally supervised by Wright, is of the same title and retains all of the wonderful human interest and thrilling suspense of the original story.

Brian Kent, as a Physical Pictures super attraction will be the powerful super feature at the Orpheum theater this week.

#### RAILS EXTEND NEAR CONTACT

Rogerson-Wells Line Front Is Within Mile of Depot Site at Half-Way Point.

Builds on Oregon Summit, Rogerson-Wells railway have been extended from Rogerson south to a point within a quarter mile of the depot site, according to H. B. Beards, president of the Rogerson-Wells company, who returned Saturday evening from a brief visit to Contact.

The entire line beyond Rogerson and Contact and beyond, Mr. Beards stated, is the scene of activity. He said three work-trains and one

steam shovel were lifting rail out of the pits to be used in the building of the line. Groups of workers, Mr. Beards stated, were engaged Saturday at frequent intervals on the line.

#### HEADS MUSIC DEPARTMENT

Mrs. Nellie Tessdale Gatzem to succeed Madame Little Sing Collins as Member of Gooding College Faculty.

Mrs. Nellie Tessdale Ostrom, daughter of Mrs. Ernest White of this city, and wife of Judge O. W. Ostrom of Judah, has been signal ly honored by being appointed by the faculty of Gooding college to head the department of music, both vocal and instrumental.

She will take the place of Madame Little Sing Collins, who has been with the college almost since it was founded and with whom she has studied for the past two years. Mrs. Ostrom began studying music with some of the best teachers in Boise later being a pupil of Dr. John Gower of Denver, and Claude Gottschell, Danish pianist, now with Geraldine Farrar, in concert. She was also accompanist for two years for William Conrad Mills, head vocal teacher of the Arizona School of Music at Phoenix. Mrs. Ostrom was born in Idaho Falls and has resided in the Gem State ever since.

Others throughout the state will be glad to know that a native daughter has by her talents received such honor. While in the city she will still her efforts in presenting Charles Waterfield Cadman and an Indian princess who sang his compositions and the real treat being enjoyed on this occasion.

This is a masterpiece. A thrilling ride with a cast of lions headed by Jack Holt, Noah Beery and Raymond Hatton. There are also 2000 mad buffaloes in a real stampede. "The Thundering Herd" is "The Covered Wagon," "North of 30," and "The Wanderer of the Westland." Added into one big massive production.
