INDIANS KILL COMPANION AND MURDER HIS BODY

Gruesome Details of Murder Near Pocatello Related by Three Youths; Result of Orgy of Drinking, They Say.

POCATELLO, April 11 (AP)—The arrest of Elmer Whitbourn, 22; James Tiadimili, 17, and Ben Arroway, 18, Lenni, today, and their confessions of the murder of a young man last Saturday night at an outdoor dance near Pocatello, Idaho, north of the city, has brought to light the gruesome details of the most cold-blooded crime ever committed in the section of the state.

At the start of the investigation Friday morning the officers learned that Whitbourn, Tiadimili and Arroway were in the city on Saturday evening and that they were seen with Deveney about 11 p. m.—The four did considerable drinking and Deveney became very much intoxicated.

Whitbourn was located Friday morning at his ranch near Pocatello and a lengthy questioning by Chief Metz admitted that he had helped to murder Deveney. Tiadimili stated that following the murder in the hills on Pocatello creek Deveney's horse was taken to a cabin about a mile east of Fort Hall and was turned loose after the deed had been removed. In his confession of the crime the Indian implicated Elmer Whitbourn, and Ben Arroway.

Deveney to Pocatello with Tiadimili the officers were told in the hills on Pocatello creek. He was terribly mutilated body of Deveney was found in the woods. His throat was cut on both sides and his hands were cut off. His right eye had been pierced by the blade and there were approximately a dozen deep gashes in his chest and body. A blood-stained shirt from India was cut almost to shreds.

In the search of the hills was found a tent near the site of Fort Hall, playing cards with a number of other Indians. The officers were thoroughly familiar with Whitbourn's past reputation and expected to encounter some difficulty in placing him under arrest, but the Indian gave them no trouble and admitted his part in the crime.

Headlight Law Will Be Enforced, Jeter Informs Car Owners

Commissioner Warns Public That Laxity in New Billing Is Not to Be Permitted.

BOISE, April 11 (AP)—Drivers of automobiles whose headlights do not conform to the new headlight law will be arrested beginning Tuesday, it was announced today by F. A. Jeter, commissioner of law enforcement. He says drivers in Boise especially have had plenty of opportunity to see that their lights conform to the law as there have been two testing stations maintained by the department for the purpose of adjusting the light and their lights need.

There is also a tall light law which the commissioner says will be enforced. After dark, all motor vehicles are required to display to the rear a red light that can be seen for at least 500 feet.

A white light is also required and it must be so adjusted that its rays are thrown on the rear of the car and not visible to the rear.

ROOSEVELTS SET OUT FOR HUNT

Sons of Big Game Hunter to Visit Turkestan in Interests of Museum.

NEW YORK, April 11 (AP)—Theodore Roosevelt and Kermit Roosevelt are on the Levantine today prepared to make trouble for the ovis montanus and his fellows of the far-flung Tianshan mountains which Kipling has called the "world's white roof tree," while "the miles stand on a hill."

The two sons of a famous father were bound Southampton tonight, to the threshold of a deer landing into a six months adventure of hardship, fatigue and possible glory. "A fine hunt," Kermit said of it rather emphatically. While his father brooded the second Theodore Roosevelt and his gene fame, and a broad grin characterized it as an excellent holiday for a business-man.

THE DAY IN WASHINGTON

Easter visitors swarmed about the White House.

A heavy earthquake was registered at Georgetown university.

Secretary Weeks held an informal reception in his sick room on his sixtieth birthday.

ELIMINATION OF LAND OFFICE IS HELD BY SENATOR

Walsh of Montana Declares Reclamation States Hurt Beyond Measure by Abolishment of Federal Agencies.

HELENA, April 11 (AP)—Other sections of the country are suffering from a renaissance of the fear of tenant competition in agricultural projects, Senator F. J. Walsh of Montana, said here today.

"The progress of the public-land states will be impeded beyond measure by the indefensible sweeping order abolishing the land office," the senator asserted, but he expressed the opinion that a more serious danger to the west is what to him seems an indication that an effort is to be made to hand over the reclamation policy to the Reconstruction policy in the hands of the west.

FORESTER NAMED BY STATE BOARD

E. W. Renshaw to Assist in State Timber Work; Student at University at Present.

BOISE, April 11 (AP)—Idaho's state land board meeting in the office of Governor C. C. Moore this morning named E. W. Renshaw deputy forester at a salary of \$1800 a year. The appointment is made under the authority of law passed by the 1923 legislature.

Renshaw is at the present time a student at the University of Idaho but will be graduated this year. He is a Nash state land commissioner, says that he is an experienced forester having been employed several years in the work in the forests along the Snake river.

PLANS FOR HOSPITAL DAY

In connection with the observance here of national hospital day, May 12, next, the Twin Falls hospital will be conducted in Eastern county. The play's appropriate to the occasion, suggestion being made that where convenient windows be arranged to represent hospital wards, it was stated Saturday by Rev. A. G. Pearson, chairman of the Twin Falls hospital association, under auspices of which the day is to be observed.

DISTRICT CONFERENCE OF UTAH AND IDAHO ROTARY CLUBS PLANNED

POCATELLO, April 11 (AP)—Rotary clubs of the Fifth district, Utah and Idaho, will hold their annual conference in Pocatello on Thursday and Friday next. Charles E. Dinwoody of Idaho Falls, district governor, spent Friday in Pocatello at this time arrangements were completed for the conference which promises to be one of the most interesting ever held in the district. Entertainment features for both men and women have been arranged.

The conference will open Thursday morning at 10 o'clock at the new E. D. D. restaurant hall, where all district Rotarians will be held. President F. H. King of Detroit, director of the national Rotary, will deliver the principal address at the opening session. District Governor Dinwoody is also scheduled for an address. The visitors will be welcomed to Pocatello by Mayor Ben Rose, mayor of Pocatello and response will be made by Ray J. White of Lewiston.

PACKERS' CASE TO BE DECIDED BY SECRETARY

Jardine Takes Armour-Morris Proposed Merger Under Advisement; Promises Principals Early Decision.

WASHINGTON, April 11 (AP)—After hearing arguments of both the packers and government counsel over the validity of the Armour-Morris merger, Secretary Jardine today took the case under advisement with the promise that he would make a "rather early" decision.

Two courses are open to the secretary of agriculture if he can decide that the consolidation of the two packing houses does not violate the packers and stock laws and drop the case or he can issue a law against the merger which would send the case to the supreme court for settlement.

In closing the argument, W. L. Fisher, secretary of agriculture, said that the secretary to send the case to the courts for decision. If the merger is sanctioned, he indicated, "realism" would be encouraged as the public would benefit by the law and its agencies were not capable of preventing creation of industries.

The packers contended that the act has not been violated as the statute was aimed at monopolies and it was impossible to create a monopoly in the packing industry. Competition, they held, had not been destroyed by the merger which was formed for purely "economic reasons." Government counsel argued that the merger puts too much buying power in one hand and gives Armour and Company leverage over the market which they can use to depress prices.

Severe Winter Hard on Alfalfa Fed Crop Man Declares

Six Per Cent of Stand in State Killed by Weather, Says J. H. Jacobson.

BOISE, April 11 (AP)—The dry 1924 season, followed by low winter temperatures, made a severe condition for alfalfa crops, according to J. H. Jacobson, government crop reporter. The heaviest loss was in Ada, Canyon, Payette, Gem and Jerome counties. Individual reports run as high as 25 per cent damaged, with averages ranging from 10 to 15 per cent. The loss was in the "common variety." Considerable clover variety also was killed.

There will be very little of last year's hay crop carried over, but present crops will just about carry through to the first crop. Price per ton varies from \$10 in the south to \$12.50 in northern counties.

COOLIDGES TO OBSERVE EASTER

President and Wife to Attend Church Today as Example for Rest of Washington.

WASHINGTON, April 11 (AP)—Observance of Easter will be marked in the capital by attendance at church, when the president and Mrs. Coolidge will attend the service.

Mrs. and Mrs. Coolidge, accompanied by their children, will attend the First Congregational church when they will observe the religious observance. They will be joined by hundreds of others who through the streets and squares will observe the observance of the White House at Easter.

No unusual dress requirements have been made either by the president or Mrs. Coolidge. Both will wear their usual attire. The weather department is predicting the weather during the vacation.

The Easter vacation period has brought the first vacation for the city, more than 9000 visiting the White House today. Because of this the Rev. James Noble Piers, pastor of the First Congregational church, has arranged for two services, one at 9 a. m. and another at 11 a. m. Mrs. Coolidge probably will attend the latter.

ANOTHER TEST OF AUTHORITY BEFORE COURT

Senate and President Again in Contest Over Right of Executive to Remove Postmaster From Office.

WASHINGTON, April 11 (AP)—Another contest of authority between the president and the senate is at hand, and will be fought before the supreme court Monday.

Having recently re-assented in its rejection of the president's removal of an attorney general, the claim to the right to remove a postmaster was made by the president, the senate will appear before counsel before the high court to confirm the removal. The constitutional right to prescribe the conditions under which a president may remove those he has appointed to offices it has created.

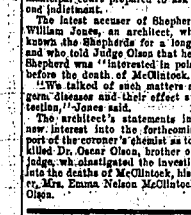

WOMAN QUESTIONED DURING THE WEEK BEFORE

CHICAGO, April 11 (AP)—Mrs. Ann Cunningham, 40, of Gary, Ind., failed tonight when questioned concerning the murder of her husband, one of the multiple cases prepared to ask a second indictment.

The latest accuser of Shephard was William Jones, an architect, who has been charged with the murder for a long time and who told Judge Olson that Shephard was "interested in poison" before the death of McCallister.

Several land sale certificates were cancelled in order to give their holders an opportunity to see the land on which they held the land. They were unable to keep up purchase payments.

Montana Senator Plans to Call on Witness Government Rejected For Political Reasons, He Says

GREAT FALLS, Mont., April 11 (AP)—Reports that the government would not subpoena Blair Coan, formerly an attorney at law, to testify in the investigation of the public lands sale in Montana, has caused Senator Coan to announce tonight that he would recommend that Coan be summoned.

Although District Attorney John J. Blatter and Special Assistant Attorney General H. B. Stewart, who are the prosecutors, would not confirm the report that they could not call Coan, they admitted that he had not been summoned as a government witness.

Make Accusation. The branding of the apparent failure of the government to subpoena Blair Coan, former attorney at law, to testify in the investigation of the public lands sale in Montana, has caused Senator Coan to announce tonight that he would recommend that Coan be summoned.

Senator Coan said he would call on the witness government rejected for political reasons, he says. He said that he would call on the witness government rejected for political reasons, he says. He said that he would call on the witness government rejected for political reasons, he says.

Premier Herriot's Successor Not Yet Named by French President; Political Leaders Are Consulted

PARIS, April 11 (AP)—The success of the French government in Herriot remains in the greatest doubt at the end of the first day of parliament. The French government has been unable to have exhausted political sources of advice, but he would not give a final opinion on the subject, giving a lack of his conclusions to the president of the republic.

The cabinet members of the government have been consulted, but no one has been named as a successor. The president has consulted M. Briand, Luchaire and Painleve, and has asked President Doumergue for his opinion on the subject.

Edited by MRS. D. E. WILLIAMS Phone 306

Miss Patricia Wilson entertained the Trifid club Saturday evening at her home on Shoshone street. The usual games of bridge were played after which dainty refreshments were served.

The Pathian Sisters held their regular business session Friday evening April 10, in I. O. O. F. hall. This was followed by an entertaining entertainment with Mrs. W. C. Thompson and Mrs. J. W. McCall in charge. In the evening refreshments were served at a late hour. At a recent meeting of the lodge Mrs. D. Harvey Cook was elected delegate to the grand lodge which meets in Boise in June, with Mrs. W. A. Minnick, alternate.

Mrs. Paul Beer was pleasantly surprised by the members of the Knickerbocker club Friday afternoon with a handkerchief shower. The occasion being the birthday anniversary of Mrs. and Mrs. Beer. The refreshments were served with games. Mrs. Cora Cruse winning the prize. A mock wedding afforded much amusement. Mrs. Frank Ham was the minister. Mrs. Beer gaily attired was the bride. Mrs. Peltus took the part of the minister, Mrs. Leo Skinner played the wedding march and little Gail Skinner acted as flower girl. At the conclusion of this most delightful afternoon refreshments brought in by the members were served. The entertainers for the evening was a beautiful wedding cake lead in pink and ornamented with a pretty bride. Eight members of the club were present and Mrs. C. P. Graft, Mrs. King and Mrs. Beany were guests.

"The Forbidden Way"

When a man has settled down to a homelike, comfortable existence with a well-bred, uninteresting wife—and when, in a great storm at sea he is separated from his wife and set adrift for five days in an open boat with the one woman whom he instantly knows is the only one he can ever love—he is justified in declaring his love! And can the girl, knowing the truth that his wife lives and is safe—can she accept his love and keep her honor clean? This is the problem this man and girl faced in "Henry Arne," which appears in True Story Magazine for May. A heart-grIPPING confession. Don't miss it.

AT THE ORPHIUM

Martin Johnson is famed the world over as traveler, adventurer and explorer. His experiences and discoveries in the South Seas and particularly his adventures with the wild savage tribes, have made him an authority. Asia magazine has run signed stories of his experiences. The Martin Johnson adventures ending in the Orphium are among the best ever taken by the explorer. Martin Johnson's first voyage sought his way from his home in Independence, Kans., to New York City and then getting a job on a cattle boat going to Europe. That was the beginning of his travels through Great Britain, France and Germany; of abiding as cook with Jack London on his cruise of the South Seas in the "Mink"; of travels in Australia, British East Africa, Hong and Paris.

Then he returned to Independence, only to venture into the sea of modern money, with a trip among savages for a luncheon. They've been busy-sounding ever since—and showing their adventures with the rest of the world.

AT THE IDAHO

King Vidor's Metro-Goldwyn production, "Wine of Youth," which opens a weekly engagement at the Idaho theater tomorrow, heads what is possibly the most unusual cast of any motion picture. The players include eight popular young screen leading men, any one of whom would suffice an ordinary picture. As the story opens, Mary, the first, is being wooed by Johnnie Walker, and James Morrison. This year is 1910. A brief flash of this courtship is shown, and the scene shifts to 1927, when Mary is present in being courted by Creighton Hale and Niles Welch.

The third and main episode of the story opens in 1924, with Mary the third, daughter of the second, and granddaughter of the first, toying with the attentions of Ben Lyon and William Haines.

All three Marys in their youth are played by Eleanor Boardman. In the modern episode, Sathie Jones, plays the mother and Gertrude Claire, the grandmother.

from her home in Illinois. The regular meeting of Elmer lodge O. E. S. was held at the Masonic hall Friday. A lunch was served at the regular meeting and several games of pool were played following the lunch. All report a good time.

Several of the Junior Boy Scouts attended a meeting in Twin Falls Wednesday.

C. W. Case returned Tuesday from several weeks' sojourn in Oregon attending to business.

DODGE BROTHERS SPECIAL TOURING CAR

The first cars bearing Dodge Brothers name were Touring Cars. They were good and sturdy cars, so good and so sturdy that no radical change in basic design has been found necessary during these ten intervening years. This fact has had far-reaching results. It has enabled Dodge Brothers to dedicate those ten years to the constant betterment of the original product. More recently this endless process of improvement has manifested itself in various and impressive ways—in a new degree of riding comfort, a new smoothness of operation, a new and appealing beauty of line, and in those special details of appointment which distinguish the Special Touring Car. 1925 f. o. b. SPRING REJOICING. The name "Easter," applied now to the Christian festival commemorating the resurrection of Christ, was derived from Teutonic mythology. "Eostre" or "Ostara" was the Anglo-Saxon Goddess of Spring. A month, corresponding to our April, was dedicated to her and was called "Eostur-month." Many of our Easter observances, both religious and non-religious, such as the giving of flowers and of gaily decorated Easter eggs, have their origins in Spring rejoicings which go far back beyond the dawn of Christianity. The beauty of the religious symbolism is not lessened by a realization of the antiquity of human rejoicing over the "winter-springtime" renewal of life, the glad exultation of putting on fresh and cheerful attire and the blossoming of many flowers.

GOOD WILL. A well-known automobile company is sold by its owners—widows of the two founders of the concern, who want to be rid of the business career. The property itself is valuable, as a result of conscientious "plowing" in of earnings instead of taking and spending—think-profits.—But the most noteworthy thing about the transaction is the sum allowed for "good will." That item is said to be fixed at not less than fifty million dollars.

"The evil that men do lives after them; the good is oft wither'd that grows in their bones," said one of Shakespeare's pessimistic characters. In this case, the good done by two poor but gifted mechanics lives after them, and has got their capitalized net a sum they would have thought fabulous. It is paid to be the record, so far, for advertising of good-will, in the automobile industry. But it may soon be equalled or surpassed. The time has come when reputation, judiciously cultivated by merit and legitimate advertising, is one of the biggest assets of every big business concern.

"A good name is rather to be chosen than great riches, and loving favor than silver and gold," wrote Solomon. But in the modern business world, a good name brings riches.

THE "NEWS" AUTOMOBILE. The Norfolk & Western Railroad has banished "news buickies" from its passenger trains. It explains that these vehicles of news, candy, magazines, candy, chewing gum, fruit, etc., had come to be a nuisance, causing passengers' more inconvenience than the services they rendered. This example may be followed on other railroads. Whether it is or not will depend largely on the vendors themselves. There is good reason why most of the things they handle should be sold on railroad trains. Properly conducted, their activities may minister to the genuine needs of passengers and make long trips more comfortable. But too often they make passengers more trouble than they are worth by going continually back and forth in the aisles, crying their wares, pressing their hands on passengers and insisting on their buying. What is really needed is not banishment but reform.

THE POLITE BELLBOY. Bellhops—pay—Gonsider—Hyman Lederman, a poor immigrant boy from Russia, who came with his parents to Malibu, Mass., and got a job as bell boy at the Regis hotel. He is intelligent and ambitious, and attended night school where he could not attend in his spare moments at the hotel. But especially by his own efforts, he is making a name for himself. He has a good record for his work, and is being considered for a promotion to a position of more responsibility. He is a good example of a boy who has made the most of his opportunities.

Announcement. We are pleased to announce that we have secured the franchise for the wonderful Willys-Overland line of automobiles. The Willys-Overland line is the most complete line of automobiles today in price range, and they are all of proven quality. The New OVERLAND SIX is the outstanding sensation of the year in motor cars. See this car on display in our show room Tuesday; also the all-steel Sedan. WILLYS-OVERLAND SIX. # WEST END FOR MOVE ON BOISE

Buhl and Filer to Co-operate Actively in Delegation Representing County at Celebration

Citizens of Buhl and Filer endorse enthusiastically plans for sending the largest possible delegation to represent Twin Falls county at the celebration in Boise next Thursday of the arrival of the first train over the new main line railroad, and will cooperate with Twin Falls citizens in plans to that end, according to Secretary Charles F. Dwight of Twin Falls, Chamber of Commerce, who Saturday visited these towns in the interests of the proposed celebration delegation.

Arrangement in both Buhl and Filer, Secretary Dwight stated, coincides with that in Twin Falls that the delegation about the county wide as well as no attempt at designation of towns in the "make up." It is agreed, Mr. Dwight stated, that several banners are to be provided for the delegation and that each member of it should be provided with a badge bearing the words "Twin Falls county."

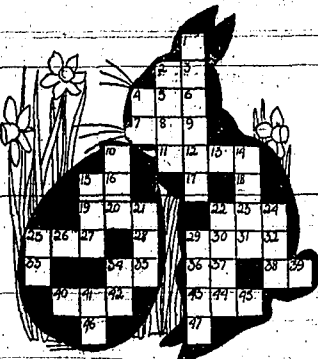

To March as Units

The county's delegation will march as a unit in the parade that is planned as a feature of the celebration, and its members probably proceed on foot over the line of march approximately three-quarters of a mile long.

The parade is to move out at 10 o'clock, and according to information received by Secretary Dwight today, Twin Falls unit will assemble on Fairview avenue and proceed east to Greave street, following that thoroughfare to Fourth street.

Several persons who expect to make the trip, have room in their cars for additional passengers, and Secretary Dwight stated, and will carry persons without cars or who do not desire to make the drive.

## CROSS-WORD PUZZLE STORY. EASTER BUNNY

I suppose this 1-3-6-9-12-17 rabbit is coming to you with this great 23-27 Easter 15-19-27. He probably heard you ask, "10-16-20 has 34-35 eggs?" And he says he has 41-42 this one. Have you 19-20-21 one to match his egg? My 2-3 says she has 21-28-35 eggs for us. We colored them yester-22-23. Mother says we will have to 7-8-9 them afterwards so 34-42 not 35-39 water them.

How many of you can guess our bunnies in their 43-44-45? They dug a deep 29-30-31-32 right 24-23 the fence. Do you think they can 11-12-13-14 over the fence?

Look 41-46 that old rabbit how slowly he 29-36-43-47 about 36-37 the ground. Surely I ask him his age?

"Hi there old fellow. How old are you?"

"15-16 what's that?" replies the old rabbit. "What are 4-7 trying to say?"

I think he must be deaf. 4-5-6, I am sure he is. Here is some 2-5-8-11 for the rabbits. When we have 23-30-37-44 this job, Mother says we can come in and help her 14-18-23-31 some potatoes for supper. I do want to play 24-32-33 If Mother wants me to help her I will do that!

### CASTLEFORD

CASTLEFORD.—The seventh and eighth grade county examinations were given this week at this school supervised by Mrs. W. W. Gager returned Wednesday from a few days' trip in Boise.

On Wednesday evening the home-owners held its regular meeting in the hall. After the business session a short social program was given, followed by refreshments served by the gentlemen.

Mrs. Howard Darrow and Mrs. Earl Saxton were hostesses to the Darrow-Thomas' club Thursday afternoon at the home of the former. Twenty-two members and ten guests were present.

E. E. Thomas, county agent, of Twin Falls, gave an interesting talk on the work of the farm bureau. The music furnished by Mrs. Frank Johnson, vocal; Mrs. Marshall, violin, and Miss Melba Thomas, piano, was greatly enjoyed. A movie drama presented by members of the club was enthusiastically received.

Miss Edithora Thomas, a student at the Pocatello institute, came home Thursday to spend the spring vacation with her parents.

### IF SKIN BREAKS OUT AND ITCHES APPLY SULPHUR

Just the moment you apply Menthol Sulphur to an itching, burning or breaking out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to very severe, that nothing has ever been found to take its place.

Because of its germ-destroying properties, it quickly subdues the itching, cools the irritation and heals the open area right up leaving a clear, smooth skin in place of ugly eruptions, rashes, pimples or roughness.

You do not have to wait for improvement, it quickly shows. You can get a little jar of Howles Menthol-Sulphur at any drug store.—adv.

## ACIDS MAKE KIDNEYS HURT

Drink Water Freely and Often and if Bladder Bothers Take Bala

The American man and woman must guard constantly against kidney trouble because we often eat too much rich food. Our blood is filled with acids which the kidneys strive to filter out; they weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead, your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night, it is a sure sign that, with sick headaches, or dizzy, nervous spells, or if you have rheumatism when the weather is bad, begin drinking lots of good soft water and get from your pharmacist about four ounces of "Jal Bala." Take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then relax.

This famous salt is made from the seed of grapes and lemon juice, combined with lithin, and has been used for years to rid the body and stimulate clogged kidneys, to neutralize the acids in the system so they no longer act as a source of irritation, thus often relieving bladder disorders.

Jal Bala is inexpensive, cannot injure, makes a delightful effervescent lithin-water drink and belongs in every home, because nobody can make a mistake by having a good kidney flushing any day. By all means have your physician examine your kidneys at least twice a year.—adv.

## BUHL TAKES HOOP CROWN; SCORE 31-24

Girl Basketball Champions of State Now Claim Northwest Honors by Defeating Fast Millwood Team.

TWIN FALLS, April 11.—(Special to The News.)—The Buhl high school girls' basketball team won the state championship of the northwest by defeating the West Valley high school of Millwood, Wash., by a score of 31 to 24 here today. The game was the second of a two-game series—Buhl won the first contest, by a score of 24 to 22, Friday night, 31 to 22.

The Millwood champions of Washington started the game with a demonstration of perfect basketball. Captain Harrington took first blood in the opening minutes of the game. The visitors' strategy throughout was to keep the ball in their possession most of the time. Harrington shot three more field goals and three more free throws than the Buhls. The visitors' strategy throughout was to keep the ball in their possession most of the time.

**Tem-Point Advantage.**  
During the opening moments of the second period, the girls from the north maintained their superiority, having a ten-point lead at the end of the first half.

**Third Quarter.**  
The third quarter was a battle royal. Metz scored a goal from field as the play started, but Buhl answered. Metz scored another two-point tally on an underbasket play, giving Buhl a two-point advantage. Harrington came from in vain, fouling and tied the score, 17 to 17. The action of the rest of the quarter was a struggle for words, but when the quarter ended the Idaho defenders held the long end of the score.

**Scoring Honors.**  
Harrington of Millwood, and Metz of Buhl, held the scoring honors of the evening jointly, both making 20 points. Metz scored 10 points for Buhl, while Metz made the other points for the visitors. Metz scored the rest of the points for Millwood.

**Let it be remembered that only the forwards can score in girls' basket ball. The work of the centers and guards of both teams was remarkable. Vanderwall is the only jumping center who has been close to making a Buhl's star and captain, Neva Hayes. At running center Bahl, of Buhl, was everywhere.**

**Who coached these two championship teams? Mrs. Leo Morgan trained the Washington contingent. The Buhls' basketball history by traveling 700 miles to compete for interstate honors. Harrington has developed the Buhl team from mediocrity to be the champions of the northwest.**

NEW YORK, April 11.—While the Yankees were showing the world what they were against the Brooklyn Dodgers in an exhibition game at Ebbets field this afternoon, Babe Ruth's chief exhibit, was lying in a hospital bed, grumbling at the lack that was keeping him from playing when he should have been in uniform.

## CHANGES MADE IN RULES OF PLAY

Three Radical Moves Decided Upon by Joint Committee of Y. M. C. A. and A. A. U.

NEW YORK, April 11.—Three radical changes in the basketball rules were adopted by the joint committee of the Y. M. C. A. and the National Collegiate Athletic association at its annual meeting here today.

**Hard Problem.**  
The rule makers were confronted with the task of satisfying all sections of the country in regard to the rule changes. The previous rules had been formulated by the western conference and the game change committee in this section. The eastern intercollegiate league also had taken some liberty with the playing code with the result that when east met west the conflicting teams interpreted the rules differently which confused the officials.

**Any use of the hand, not used in passing the ball, shall be construed as a personal foul.**

## LEAGUE TEAMS READY FOR THE BASEBALL YEAR

Sixteen Clubs Back on Home Grounds Waiting for Starting Gun Tuesday in Race for World Championship.

NEW YORK, April 11.—The sixteen teams of the two major baseball leagues, were camped tonight here for their training camp in the south. Some were still some few miles from their own fields, waiting for exhibitions in neighboring cities, but they were nevertheless, near enough to feel the pulse of the welcoming fans who will greet them here on the dates for the national and American league championships next Tuesday.

**With the double purpose of holding the keen edge of their condition and giving fans a preview of their strength, many of the clubs found inter-league games awaiting them in the north during the next two days. The Braves and Red Sox in Boston; the Phillies and Athletics in Philadelphia and Cardinals and Browns in St. Louis; the Senators and Giants and the Indians and Yankees in New York offered spectators early opportunity to view their critics before the real league conflict.**

STORAGE BATTERIES

Located at 143 Second Avenue North in Twin Falls, is an Automobile Electrical Establishment of Recognized Ability, featuring the Famous Willard Storage Battery, and Being a Completely Equipped Establishment.

With the steady improvement in automobiles the auto electric engineer has become a necessity rather than a convenience. With practically every car equipped with a self starter and up to date lighting system it requires the work of men who are well versed in this feature of repair work to keep your batteries in proper running order.

The proprietor of this well known business realized the first when he started in business, and as a result equipped his plant with all the latest machinery so that he could turn out work that would pass the closest inspection. He searched the market thoroughly for a battery that would give the people complete satisfaction and at last decided on the Willard. This battery is so well known to automobile men that it is hardly necessary to make over to them.
