NEW FEDERAL LAND POLICY IS PROPOSED

Senate Committee Opens Hearing on Methods of Dealing With Remaining Portion of Public Domain.

WASHINGTON, April 17 (AP)—Establishment of a new government policy dealing with the remaining public domain is the goal of a hearing opened today by the senate public lands committee.

With all acreage suitable for farming now out of federal control, the committee started an investigation of other uses by which the estimated 185,000,000 acres might be put to "best or greatest equity to the government and the citizen."

More than 25,000 stockmen in 11 western states from Arizona to Washington are directly interested in the project through possession of grazing permits. Statutes presented to the committee show that more than 4,250,000 cattle and 16,000,000 sheep are grazed under these permits, which are controlled by the department of agriculture.

Stockmen's Rights. "Under present conditions," Chairman Stanford, republican, Oregon, said, "there is no law defining the rights of stockmen to run their herds in the national forests, and this situation has added materially to the hazards of the livestock industry."

After a week or ten days of hearings in Washington, the committee will spend much of the summer traveling through the west to gather first-hand knowledge of the situation. A bill to be based on these studies will be submitted to the next congress, designed to put into law regulations now governing public domain.

Representatives of the Interior and agriculture departments and of the forestry service, were present today at the initial meeting when the committee outlined its program.

HARVARD MONTHLY IS BARRED BY POLICE IN EASTERN NEWS STANDS

CAMBRIDGE, Mass., April 17 (AP)—The police at Cambridge and Boston today ordered the removal of the Harvard Lampoon, monthly humorous college publication from news stands throughout the cities because of alleged improper pictures appearing in the current issue.

The issue is a burlesque of a weekly news magazine. Objection was raised to two different features—the cover design, a burlesque picture of Washington covering the Delaware and the picture of a woman on an inside page.

The use of the American flag on the cover was regarded as illegal. The picture within, said to be a burlesque of a well known painting, was said by police to be in violation of the law relating to indecent pictures.

The police said tonight that the editors of the magazine had readily agreed to withdraw the issue from circulation when their attention was called to the alleged illegal situation.

WILBUR SILENT ON AIR CRUISE

Secretary of Navy Has Nothing to Say About Use of Airship for Rum Row Survey.

WASHINGTON, April 17 (AP)—Secretary Wilbur today threw a screen of secrecy about the operations of the airship Los Angeles yesterday in visiting and photographing rum rows.

He refused flatly to discuss the subject after other officials had processed insurance of the airship.

The secretary said, however, that he might say something after receipt of an official report on the cruise. During the day he conferred with Rear Admiral Moffett, chief of naval aviation.

All questions as to whether the navy was assisting in this way in enforcing the prohibition act were parried by Mr. Wilbur.

However, questions as to the authority for the photographing, the source of any requests for it, and inquiries concerning navy department policy in the matter were met with the statement that the secretary would not go into any phase of the incident at this time.

It was added that the photographs had not been received.

None of the officials pointed out several instances where the navy aviators had aided in the enforcement of smuggling laws, notably in Hawaiian waters.

Bethlehem Ship Building Corporation Claims Government Owes More Than Nine Million for Construction Work.

NEW YORK, April 17 (AP)—Sued for approximately \$11,200,000 against the Bethlehem Ship Building corporation and subsidiaries in Philadelphia, in an emergency first corporation, claiming the amount as balance due on account of construction of 80 vessels during and just after the war.

The filing of the complaint in the state courts last May, but action is transferred now to the United States court here was simultaneous with the government's filing a suit for approximately \$1,200,000 against the Bethlehem Ship Building corporation and subsidiaries in Philadelphia, in an emergency first corporation, claiming the amount as balance due on account of construction of 80 vessels during and just after the war.

Missus of Power Claimed. Both Charles M. Schwab, chairman of the board of directors of the Bethlehem Steel corporation, and the Bethlehem Ship Building corporation, and Eugene G. Grace, president of the former concern, issued statements today in denial of the charge made in the government's suit at Philadelphia.

Mr. Schwab was director general of the emergency fleet corporation from April 11, to December 15, 1918. He refused flatly to discuss the subject after other officials had processed insurance of the airship.

Mr. Schwab issued the following statement: "I have nothing to add to Mr. Grace's statement, beyond giving out my vote to the government's emergency fleet corporation stating the understanding with President Wilson under which I took office. Those connected with the shipping board and

Rain Maker Given Check for \$8000 for California Service

Operations of Man for 30-Day Period in Breaking Drought Are Rewarded.

PRESNO, Cal., April 17 (AP)—W. H. Elliot, Tulare Lake rain grower, today presented Charles M. Hatfield, Glendale, Cal., "rain maker," a check for \$8000 in payment for rain-making operations from March 15 to April 15.

Hatfield was to collect \$5000 for producing 2.50 inches in the Tulare Lake bottom and \$1500 for producing 1.50 inches at Coalinga. He accomplished his task in the lake region, but fell 10 inches shy at Coalinga. Just outside the city of Coalinga, however, Elliot said, from 1.50 to 2 inches of rain fell and he had been reached to pay him the full amount under the contract.

Hatfield collected a similar sum a year ago from "breaking" the drought in the same region.

LAWYER ATTEMPTS ESCAPE. WASHINGTON, April 17 (AP)—Will Lawrence of Muskogee, Okla., sentenced to hang here on June 12 for the murder of Policeman James Hurch of Muskogee, today attempted to escape from the state prison when he was discovered by guards today.

BRITISH AIRSHIP BACK AT HANGAR. Big Dirigible Torn Loose From Mooring in Gale Brought In by Crew.

PULHAK, England, April 17 (AP)—The broken-down British dirigible B-33 was brought home to her hangar here this afternoon after battling for 40 hours over the North sea against a gale that tore her away from her mooring last night Thursday morning.

Twenty Britons who brought the great airship safely to earth were the nation's sweetest heroes tonight in the midst of every one except them.

They were met with the statement: "I have nothing to add to Mr. Grace's statement, beyond giving out my vote to the government's emergency fleet corporation stating the understanding with President Wilson under which I took office. Those connected with the shipping board and

BOARD DEFENDS SALE OF SHIPS TO DOLLAR LINE

Voluntinous Document Filed With District of Columbia Supreme Court-Telling Why Federal Vessels Were Sold.

WASHINGTON, April 17 (AP)—The sale of the California-Orient line steamships to the Dollar line, authorized by majority vote of the shipping board, was defended in the District of Columbia supreme court today through the filing of a voluminous statement contending it was made with due consideration of the law, of good business practices and of the interests of the shippers.

Hearing Next Monday. The hearing was preliminary to the being set for next Monday on the question of making permanent the temporary injunction staying the sale which has been obtained by the Pacific Mail Steamship company, which has been operating the five vessels involved for the route, but has manufactured the bidding for their purchase.

Filed as an answer to the proceedings and to the complaint of the Pacific Mail, the statement is expected to be followed tomorrow by the submission to the court of affidavits by Commissioner Plummer and Thompson, two of the members who dissented from the sale, stating their position.

FOR CORPORATION. Government counsel in filing the answer today, also filed one for the fleet corporation, which was named defendant. This declared the corporation had no interest in the sale or in the subject matter before the court. Officials for the corporation, before the first hearing stated that their position was neutral in the controversy, which has divided the shipping board, four to three.

CHICAGO SWINDLER BELIEVED INVOLVED IN BOND JUGGLING. WOLF OF LA SALLE STREET ACCUSED OF PARTICIPATING IN \$50,000 EMBROIDERY SCHEME IN LOS ANGELES.

LOS ANGELES, April 17 (AP)—The alleged criminal illness which repeatedly arrested John W. Worthington, "wolf" of La Salle street, is now believed to be his preliminary term for fraudulent operations in Chicago, also gave him the opportunity to participate in a juggling campaign in Los Angeles according to the district attorney's office, which today issued a complaint charging Worthington and Samuel Ballentine, broker, with six counts of embezzlement and two of grand larceny growing out of frauds said to have cost investors approximately \$50,000.

Backed Operations. The complaint alleges Worthington backed Ballentine's Los Angeles brokerage operations with \$22,000 worth of stolen bonds believed to have been part of the loot of the Randall mail robbery in Chicago. Ballentine's company is said to have speculated in stock of the Los Angeles stockholders company, promoting stockholders, to develop a market for the bonds.

Interest in the case was reported by the Los Angeles Times. The case is expected to be heard in the Los Angeles district court today.

Marx Cheered in Keynote Speech. German Presidential Candidate Gets Rousing Welcome From Crowd of 10,000.

BERLIN, April 17 (AP)—Dr. William Marx, presidential candidate of the center, democratic and socialist parties, was cheered by more than 10,000 persons tonight when he delivered the keynote speech at the republican congress in Berlin.

The "task of German diplomacy," he said, "will be an improvement on the London agreement, which is of most importance for Europe's future peace and for future economic progress. Today we realize that for the maintenance of peace and security on the western frontier we will be obliged to enter into a new agreement with the western world."

Marx said that the German people were united with our western world, from whom we were separated by the treaty of Versailles. He said that the German people were united with our western world, from whom we were separated by the treaty of Versailles.

Business Outlook for 1926 Better Than for Last Year

Roger W. Babson, Noted Statistician, Tells Why He Thinks Conditions Hold More Promise Now Than Before.

BABSON PAIRK—Mr. Babson (Special to The News)—In view of the recent pessimism of the stock market, Roger W. Babson was today asked his opinion on the situation. Mr. Babson's official statement is as follows:

"Recent stock market movements have of course been a source of worry, if not loss, to those who are carrying stocks or borrowed money, especially those who are carrying stocks on margin. Such men would expect to worry, but there need be no worry for the man who has good securities paid for in his safety deposit box. The real cause for the stock market's recent worry is that the man who is trying to get something for nothing—gambling in the stock market had become so profitable for a time that the market was in it and too many had become over-extended and were in deep trouble. This is not dangerous when the market recedes outright, but it is always dangerous to bet with borrowed money. Gamblers have been in the market since the cables of gambling in the stock market, but will not discuss them here."

Loans Abnormally High

"Of course brokers' loans were abnormally high during the recent market, but a few weeks ago, when the market broke a few weeks ago, today, however, they are down to \$1,000,000. European conditions are not quite as favorable as they were a few months ago. The death of President Gompers and the political situation in France are both temporarily disappointing. My knowledge of German conditions has not improved since the German affairs are in the hands of strong and sound men. As to France's finances, there is nothing new in the situation. France's present financial condition has been known for years. Even the Big Paul renegeability should not excite France. The present worry is better even now than it has been for years and some say there will be a change in the near future. A number of money-investors in connection with the reorganization. Against these men, it is better to be on the safe side. It is the stock market situation, they do not explain the lack of interest in the stock market. Mr. Babson replied as follows:

Temperate Zone

"It should be remembered that the American temperate zone is the largest one and consequently is subject to two modes of living—winter and summer. Moreover, the temperate zone's persistence makes a great difference in the purchase of these people, ranging from fur coats to light colored dresses. Hence the climate is a tremendous factor in retail trade. Climate moves in the great factor in determining the general trade. To this point Mr. Babson replied as follows:

High School Notes

Students of the high school enjoyed a rare treat in the musical program Wednesday afternoon which was under the leadership of Miss Wilson, assisted by Mrs. Peck, Hubert Wilson Peck and Orlie Weaver.

Little Hubert Peck offered a folk song from England, Germany, Ireland and America as follows:

"Nymphs and Shepherds" (Parelli); "My Mother Tansy" (Dvorak); "Killarney" (Balfe); "Ole Folk at Home" (Foster).

Little Hubert Peck followed with two piano solos, "Hobgoblins" (William Tell) and "Trot de Cavalier" (Rogers).

Hubert Peck sang "Ave Maria" with violin obbligato and accompaniment by Orlie Weaver. "Perdido Song" by the (Diets), songs that delighted the audience.

Two piano solos by Mrs. Peck were enthusiastically received, "Conquering Granada" (Grieg) and "Arioso" (Chopin).

To the delight of the assembly, Mr. Peck returned to the stage with "The Moon" (Grieg), a song "Smiling Will Return With You" (O'Hara). Mrs. Peck favored the audience with a group of Spanish songs, "La Goiderita" (Grove), and "El Poloma" (Vandier), after which Mr. Peck presented a closing group of songs, "Smile Through Your Tears" (Lorenz), "Roamin' in the Gloamin'" (Lander), and "The American Come" (Lorenz).

The stage was made attractive, through the courtesy of the Logan Music company, a group of Spanish songs, which provided fun and furnishings, and the Peck Furniture company, which contributed charming floral arrangements. Nothing that has been offered this term has been more highly appreciated by the student body and the faculty.

Why not get your new rug now? Just received, velvet, Axminster and Wilton rugs. Break in your old one for a new one. A. H. Vincent Co., 207-209 Shoshone south.

MANEUVER PLANS ARE CONSIDERED

Naval Officials Discuss Ways of Retaking Hawaiian Islands in War Game.

SAN FRANCISCO, April 17 (AP)—The method of attack to be used by Admiral K. S. Robison, commander in chief of the battle fleet in the attempt to retake the Hawaiian Islands from the Japanese, was the subject of a war game, the foremost topic of speculation among the personnel of the United States grand fleet as it entered its second night of steaming toward the western outlet of the panion's defenses.

Although it has been made known that the navy and war department and the navy officers of both services are studying the "blue" war game, the navy is not to be taken in by the "black" force, which holds the islands, and the "blue" force, which is the fleet, are anxious to be the victor because of the natural desire not to be beaten in anything.

Black Force

The "black" force, consisting of the Hawaiian garrison of the army, the largest single portion of the military establishment stationed at any point in the country's defenses, both Hawaiian national guard, the vessels and establishment of the fourth fleet in the Hawaiian Islands, and the "blue" force, which ordinarily would operate with the fleet, has been performing a "black" force, which is the fleet, are anxious to be the victor because of the natural desire not to be beaten in anything.

Boys' Aviators Open

Seven aviators of the boys' aviators of Admiral Robison, and on all of them might be utilized in the attack which would be as much like actual warfare as it is possible to make the game.

It may be decided to attempt to land a party of men on the island of Hawaii, the regular master detachments of the various vessels and a landing party of sailors. Another possible point of attack is by the use of the airplanes on the U. S. Longley and the scout planes carried aboard the battleships and launched from the carriers.

Death Toll In Sofia Bomb Outrage Stands at 150; Many More May Die

SOPIA, Bulgaria, April 17 (AP)—The death toll of the explosion of the Sofia Kral cathedral while funeral services were in progress yesterday for General Gheorghiev, who was slain in the streets of Sofia Tuesday night, stood at 150 tonight, but the figure is likely to be added to, as many of the injured are in a critical condition. Hospitals and clinics are crowded with injured, some of them so badly hurt as to be almost unrecognizable. It has been found impossible to identify some of the dead and there have been placed in a mortuary chapel.

Cabinet Present

With the exception of Minister of Interior, Roussaf, all the members of the cabinet were present at the funeral services, excepted with only slight delays. They owe their lives to the fact that the "infernal machine" was

RUTH RECOVERING FROM OPERATION FOR ABSCESS

NEW YORK, April 17 (AP)—Babe Ruth's pessimism and hopes for the greatest home-run record he has ever compiled appear to have been blasted tonight, after four days of the ball season had gone by history, the New York Yankee's outfielder lay upon a hospital bed recovering from an operation.

Ruth's illness, described as a pancreatic influenza, took on a much more serious aspect with the announcement that the appearance of abscess on his back made urgent attention necessary. For 48 hours, the star was stretched upon the operating table this morning under an anesthetic, but was reported to be resting comfortably tonight.

Ed Barrow, business manager of the Yankees, said Ruth's return to the game would be delayed at least two weeks.

For two years Ruth is known to have suffered from a strain in his back aggravated each season by the

FEDERAL TRIAL SEEMS NOT TO WORRY WHEELER

WHEELER, Wash. D. C., April 17 (AP)—Senator Wheeler was unable to recall anything of the kind. Under cross-examination, Wheeler stated he never heard Wheeler say he would represent Campbell before the interior department.

Documents Introduced

The greater part of the afternoon session was taken up with the introduction of documents which the government expects to use in connection with the prosecution of Wheeler. The documents introduced were the letters which were written by Wheeler to the interior department before the interior department that Campbell was able to accumulate many permits and contracts for the North of Field of Montana, which he discovered.

There will be a short session of court tomorrow morning, Federal Judge Frank B. Johnson announced upon adjournment tonight.

Walt in Reality

Senator Walsh said tonight that Peter Nyce, Washington attorney, would not testify that he had been approached by Wheeler and asked to appear in Wheeler's place before the interior department to prosecute oil prospecting claim being sought by Gordon Campbell, Montana oil operator.

Nyce has been subpoenaed as a government witness in the case. The announcement was made after Senator Walsh received a telegram from Nyce's law partner, George E. Chamberlain, denying that Nyce would make such statement on the witness stand.

FIRM SUES U. S. FOR HUGE BUILDING SUM

ST. LOUIS, April 17 (AP)—The emergency fleet corporation knew that it would have hands off in relation between the fleet corporation and Bethlehem. The charge now made that despite this understanding it should have affirmatively interfered by the relations with Bethlehem speaks for itself.

Publication Letter

Mr. Gehrig also published his letter written to the president and trustees of the emergency fleet corporation April 28, 1918, in which he listed 18 corporations in which he was interested and requested that all business between the fleet corporation and these companies be handled "entirely by such other officers or agents of the emergency fleet corporation," as the trustees might designate. A later resolution of the trustees accepted this arrangement.

Mr. Gehrig's statement said that the Bethlehem company in its construction of the ship for the government, effected savings of about \$30,000,000 below estimated costs.

The ship building corporation alleged that it has not been paid in full amount due on its contract.

The Game of Quills

The game of quills was probably played in the streets of Jamestown, St. Marys City, Fort Tobacco, Dunbar and Piscataway, ancient towns in Tidewater, Virginia and Maryland, by the early citizens of those places. It was a game played in the stable yard of the barbers of southern and eastern houses more than a century before the American Revolution.

Twin Falls Track Men Take Invitation Event By a Wide Margin; Many First Places

Local School Athletics Make More Points Than All Other Entries Put Together; Filer Is Second.

Table with 2 columns: Team, Points. Twin Falls 80, Filer 18 1/2, Gooding 17, Jerome 14 1/2.

Twin Falls track team won the Twin Falls invitation track and field meet held on Lincoln field yesterday afternoon by a wide margin.

Filer high school four-man relay 15 1/2 points for second honor in the meet. Atkins ran a beautiful half-mile making very good time for the weather conditions.

Gooding was close behind Filer in third place, scoring 17. C. Toomey ran the point for Gooding in the 100 and 220 yard dashes. The Filer brothers brought in some points when they tied for second in the high jump.

Tim High Man. Finished Timm of Twin Falls was the high point winner of the meet with 27 points. Timm took first place in the 100 yard dash, 220 yard dash, shotput and the discus.

Captain David Alvord of Twin Falls took first honor in joint guttering and high hurdles. Alvord's leader took first in the high hurdles, the high jump, and the broad jump.

Twin Falls made a clean sweep in the broad jump, placing all three places. D. Alvord and Timm took but one jump each. N. Alvord placed third.

Exceptional. For early season and cold weather. Atkins of Filer ran the half mile in 2:10 and 1/4 seconds. Hill of Twin Falls set fast pace in the mile and out the time under 5 minutes. Hill of Twin Falls finished a strong race.

Johnson of Twin Falls started second in the 410 but had his long stride off completely on the back stretch, and won with a strong finish. Fifty-five seconds is good quarter time in chilly weather.

A tribute must be paid to Coach Plamino, Manager Clinton Jones and their helpers for the first meeting of the track and field. The Big "C" club had their hands full keeping the youngsters off the field.

Sumner. 50-yard dash—Timm and D. Alvord, Twin Falls, tied for first place; Patton, Filer, third. Time 5.5 seconds.

80-yard dash—Won by Atkins, Filer; Levey, Gooding, second; Knight, Twin Falls, third. Time 2 minutes 12 1/2 seconds.

100-yard dash—Won by Timm, Twin Falls; Toomey, Gooding, second; D. Alvord, Twin Falls, third. Time 1:04 seconds.

What's What in The Sport World

Copyright, 1925, King Features by FRANK G. MENKE

The "impossible" has happened. The pugilist fight fans are returning to sanity. They've finally revolted at the idea of paying the paragon for furniture and work and the rest of the household goods.

Frank O. Mank, a professional boxer, has been fined for a fight with Armas. The district court judge New York is cluttered up just now with the fight game.

Two out home runs. Chicago, April 17 (AP)—Home run by Rix and Harrod, the fourth of the kind by the latter in three games.

Shells Hobbes and kills self. Alhambra, Cal., April 17 (AP)—When Charles Stuffed, 50, found it necessary last Wednesday to acclim to his faithful horse, which, like himself, had become impregnated by age.

Made desperate by the fact that most of the public had been only partially filled, the promoters slapped the net without happy result. For that it was feared for a moment that the "smoke up" tactics of the promoters, followed by "fighting" which were such in name only, had sealed the boxing commission's attempt to help along the promoters.

Slash prices. The winter that's just gone, the slush season was quite a "slush." The New York State Athletic commission tried to stimulate things by putting on three laughable lightweight elimination and featherweight elimination tournaments.

Shotput—Won by Timm of Twin Falls; Smith, Jerome, second; Clarke, Gooding, third. Distance 38 feet 11 inches.

ST. LOUIS WINS A GAME AT LAST

Cardinals Stop Winning Streak of Cincinnati in Fourth Contest; Score Is 8 to 6.

CINCINNATI, April 17 (AP)—Louis broke Cincinnati's winning streak of three straight games by taking the final game of the series to-day in 11 innings, 8 to 6. The Reds, coming from behind, made the score 6 to 0 in the seventh. Two hits and a muffed throw gave the Cardinals two runs and the game in the eleventh.

GIANTS WIN 2 TO 0. HOUSTON, April 17 (AP)—Dean held Boston to four hits today and the Giants won 2 to 0, giving them a fourth shutout in their series of the championship series.

PHILADELPHIA, April 17 (AP)—The Boston Red Sox broke the Philadelphia Athletics' winning streak and won their first game of the season today by the score of 4 to 3. Bain led the Red Sox in the fifth inning.

DETROIT VICTORIOUS. DETROIT, April 17 (AP)—Chicago's pitchers were numerous and ineffective and Detroit won the final game of the series, 9 to 3. Dugas taking full advantage of the dark day, was the first pitcher to start and finish a game this far.

INDIANS WIN THIRD GAME. ST. LOUIS, April 17 (AP)—The Cleveland Indians won the third and final game of the series by defeating the St. Louis Browns today in a pitching duel, 3 to 0. Milton Gaston, making his American league debut as a Browns pitcher, worked in fine form, but was outlasted by Shute of Cleveland.

SENATORS BEAT YANKEES. NEW YORK, April 17 (AP)—Judge, Washington first baseman, featured in a 6-to-1 victory for the Senators over the New York Yankees to-day, giving the crowd's champions a three-to-one edge in the first series of the season.

FALLS PROJECT PLAN INVOLVED IN CONFERENCE

Upper River Users Confronted With Finance Problem, to Meet Interior Secretary and Reclamation Commissioner.

Decision as to whether construction of the American Falls reservoir project, now under construction, is to continue without interruption to provide for development of the bank of its storage capacity seems likely to hinge upon the results of a conference to be held Monday in Salt Lake at which Secretary of the Interior Work and Commissioner of Reclamation intend to meet with representatives of upper Snake river water users.

Upper river users, it was stated Friday at the office of the American Falls reservoir district here, desire to obtain storage water rights in the American Falls reservoir but are confronted with the problem of financing their share in the project construction cost. This problem is to be discussed at the conference in Salt Lake today.

District Plan in Discard.

Proposal for formation of a district similar to the American Falls reservoir district is reported to be deemed imprudent by upper river users, and some of the canal companies and other organizations of water users of that region already have arranged to finance their own intended participation in the American Falls project. It was stated to be to finance a sufficient number of prospective participants in the undertaking to justify proceeding at once with the completion of the big reservoir project.

In the event of the completion of the project to its ultimate limits, assurance has been given that the cost of participation to water users of the American Falls reservoir district would be materially reduced.

VICTIM OF FALL OVER CANYON WALL BURIED

WAR MEMORIAL PROGRAM GIVEN

Impressive Exercises to Mark Dedication of Monument of D. A. R. to County's Dead.

A huge block of native lava rock standing on the courthouse lawn here and bearing on its face a bronze tablet inscribed with the names of 40 of Twin Falls county's sons who made the supreme sacrifice in the world war is to be dedicated with simple but impressive ceremonial next Sunday afternoon by the Daughters of the American Revolution.

Special invitation has been extended to the War Mothers, Gold Star Mothers, and American Legion auxiliary members of the county to be present at the exercises which are to be held at the memorial monument at 2:30 o'clock Sunday afternoon. American Legion members and Boy Scouts are invited to attend on duty. The company C, 290th Infantry, Twin Falls unit of the Idaho national guard is to attend and furnish a firing squad to fire three volleys preceding the sounding of taps at the close of the exercises.

Opening with the bugle call an assembly to be sounded by Jack Thompson, leader of Twin Falls band, and formerly director of the 146th field artillery band in service overseas, at the order of exercises includes "America," played by Twin Falls band; invocation by Rev. H. G. Humphrey; address by Rev. A. G. Pearson; unrolling of the names of the fallen; dedication of the monument by Mrs. Kennedy Parkard, state regent of the Daughters of the American Revolution; solo "There is No Rest for the Weary," by the band; "Star Spangled Banner" by the No. 1 firing squad and the sounding of taps.

SHORT LINE CALLS FOR 30 MORE TRACK LAYERS

Call for 30 additional workmen to join the track-laying forces at the railroad south of Contact of the Oregon Short Line Bogerson-Wells railroad was received Friday at Twin Falls Chamber of Commerce offices. In response to the call, 10 men were sent Friday to the scene of operations and others are to follow today.

LOUINGING KILLS BOY
MURKOOZE, Okla., April 17 (AP)—A boy of lightning speed open a storm cellar where the family of B. B. Satterfield, a farmer living near Porter, Okla., had taken refuge early today, killed Wilmer Satterfield, 12, and severely burned the other four members of the family. They had gone into the cellar for protection from a windstorm that did local damage to trees and vines.

COUNTY FACTOR IN CELEBRATION

Boy Scout Band Creates Sensation and Is Feature of Twin Falls Delegation.

Twin Falls Boy Scout band created a sensation at Duke's music line exhibition, according to Twin Falls citizens returning Friday from participation in the event that, according to common consent, set a new mark for affairs of its kind in Idaho.

The scout band of 23 members in uniform, under the leadership of T. Lalavolter, headed the Twin Falls county unit in the parade that was an outstanding feature of the celebration. More than 100 Twin Falls citizens marched in this parade with the band.

"All along the line of march," Charles F. Dwight, secretary of Twin Falls Chamber of Commerce, stated Friday evening, and those seemed to be general recognition of the fact that Twin Falls county's citizens had come a long way to join with Idaho in celebrating the completion of the main line for which Boise had waited so long.

Band Gives Concert.
The Twin Falls municipal band, under direction of John Thorpe, former director of the 146th field artillery band in service overseas, led the department of the procession and, after the program at the new station, gave a concert in Julia Davis park. Regarding this concert the Statesman said: "The band furnished music suitable for a block many, many families enjoyed the piece dinner in the park."
"The band opened the program with 'Stars and Stripes,' by Sousa, and followed with a selection from the comic opera, 'Red Wings,' by Gilbert."
"Dream of the West," a waltz written by Mrs. Maria Gilbert of Twin Falls, was introduced by the band at the concert."
"The band played a grand selection from the Brussels, Belgium, conservatory and has gained recognition as a composer. She motored to Boise with her family, to take in the main line celebration."
"The Old Circus Band," by Fred Jewell, was the next number on the program, and was followed by a selection from 'The Barber of Seville,' by Rossini. Closing the concert, the band played 'Colossus of Columbus,' by Alexander."

President Gray's Estimate

In his response to the welcome accorded on his arrival at the new station, Carl E. Gray, president of the Union Pacific system, referred to construction of the Bogerson-Wells line as one of three things that "spell glad tidings for the happiness and for the prosperity of this whole state."
"There is taking place in Idaho today a trinity of events which generation after generation look forward to with hope, with anticipation, but with hope and aspiration."
"One is the completion of the main line through Boise, and today we see its dedication to public service."
"Another is the construction of the cut-off line from Bogerson, in Idaho, to Wells, Nevada, shortening the distance to the Pacific coast over 500 miles, bringing the products of this broad basket nearer to the market by that much."
"The third is the completion of the great American Falls dam."
"All of us are going to see these things accomplished in the very near future, and they spell great things for the happiness and for the prosperity of this whole state."

SENTENCES IMPOSED ON LIQUOR LAW VIOLATORS

Charles H. Neville, in district court here Friday, pleaded guilty to charge of illegal possession of liquor and was sentenced by Judge A. B. Beck to 60 days in jail and pay \$150 fine. At the same time charges against Mike Bennett and Jack Horton, co-defendants with Neville, were dismissed on motion to the prosecuting attorney. On preliminary hearing Neville testified that he had received three gallons of whiskey from an unknown person in connection with his assistance given by Neville in starting the Bennett saloon at the corner of Third and Horton, he stated, were his guests at the time deputy sheriff desecrated on the party in rear, south of Twin Falls, causing precipitate destruction of the liquor.

The three accused men had been held in a district of jail for 20 days. Guy Craft, tapper, who was taken in custody by John Salisbury, deputy state game warden, pleaded guilty to the possession of liquor and was sentenced to serve 60 days in jail and pay \$200 fine, with the provision that jail sentence would be suspended if the fine was paid. Craft was arrested at an end of a straggler course in a room in Main avenue, subsequent search by the police disclosing a quantity of liquor in the manhole.

Theatro

"YOLANDA"
Merion Davies in latest photoplay, "Yolanda," will be the attraction at the Orpheum theater soon here.
"Yolanda" is a dramatization of Charles Major's historical romance of the same name. It is woven around the romance of Princess Mary of Burgundy, who, in the manœuvre of the burglar thief, Yolanda, wins the love of Europe's most dashing prince. The story is set in the fifteenth century, in the period of Charles the Bold, Duke of Burgundy.
Hilbrook Blinn appears as the evil King Louis XI. Lynn Harding has the role of Robert of Flanders. The story is directed by Charles Henry. The cast includes: Ralph Graves is the romantic lover, Prince Maximilian; Johnny Daugherty appears as the half-witted Dauphin; Leo Lewis, Leon Siro, the star of "Gally," plays the part of a comely innkeeper and Maevyn Arbuckle is seen as the Bishop.
"Yolanda" is said to be the most stupendous motion picture which Merion Davies has yet staged. In magnificent scene, romance of story, with dramatic action and historical accuracy, it is said to be the next Davies' production "The Phantom."

Boost New Cut-Off

Although no reference was made by President Gray to possibility of early construction of a cut-off line from Huhl to Glenns Ferry, this possibility was brought forcibly to the attention of Bog city citizens and celebration visitors at the Glenns Ferry delegates' which carried a banner bearing the words "Boost for the Huhl-Glenns Ferry Cut-off."

CITY PLANNERS TAKE UP ZONING

Commission Enters on Study of Difficult Problem for Guidance of City's Development.

Twin Falls city planning commission at a regular meeting Friday evening in the chamber of commerce offices, devoted considerable time to an initial survey looking toward adoption of a zoning system for Twin Falls.

The task, members of the commission asserted, is a huge one and one that probably will require individual line and attention of a specialist in the line of work for several weeks before reaching definite conclusions.

It involves limitation of certain types of buildings; others for use by houses and others for business establishments, with a view to development of the city to the best advantage in every respect.

COURT RULES CLAIM TO WATER NOT ESTABLISHED

Suit of A. E. Caldwell against the Salmon River Canal company for approximately \$10,000—damages growing out of alleged failure of the canal company to furnish irrigation water to his land for three seasons prior to 1924, was dismissed by Judge T. Bailey Lee of Butley in district court here Friday morning. Members of which have had the question under consideration at intervals for many months.

The motion, which was offered Thursday after plaintiff's case was closed at the end of the first day of trial, was based on assertion that plaintiff had failed to establish his claim to water right for the land in question.

Plaintiff was permitted by Judge Lee to offer additional testimony on this point when court convened Friday morning. Thereafter attorneys for the canal company renewed their motion for dismissal, which was granted by the court.

Jurors who served on this panel were excused for the term.
