

JAP FREIGHTER WITH CREW OF 38 GOES DOWN

Two Passenger Liners Stand by and See Storm Wrecked Steamer Sink; Heavy Seas Prevent Rescue.

NEW YORK, April 21 (AP)—Thirty-eight Japanese seamen, the entire crew of the Japanese steel freighter *Balkufu Maru*, were drowned in the raging North Atlantic seas today when their ship sank as the *Conan* and *Tuscanian* and the *Honolulu* of the White Star line stood by unable to help because of the heavy seas.

"Regret unable to save life," read a Japanese message wirecast to the White Star office in London, by Captain John Roberts of the *Honolulu*, a few minutes after the *Balkufu Maru* sank. Biting the air close upon Captain Roberts' message came this from the *Tuscanian*:

"*Tuscanian* arrived at 808 in time to see her sink with all lives aboard. Rescue impossible."

Details Mesage.

A detailed report of the disaster, which occurred 180 miles south and west of British Island, will not be known until the *Honolulu*, New York bound from Southampton, arrives tomorrow.

All that is known has been pieced together from the message reports sent through the air from the stricken ship and the ships that sought to aid her. The "high lights" of the tale are supplied in two of these messages.

"Ship 29 degrees low, now very dangerous. Please quick assist."

It was this message with its quaint language of the *Balkufu Maru's* captain that rang "full speed ahead," signal aboard the *Honolulu*, and sent it plunging through the wind and waves on its futile race against death. The message for help was sent out shortly after 4 o'clock this morning.

Captain Sends Message.

"Hours later, Captain Roberts sent this message to his line's office:

"The *Honolulu* is now in the vicinity of the *Balkufu Maru* at 4:44. The steamer is 11 1/2 miles away and is on a course of 113 degrees. Regret was unable to save life. Proceeded on voyage at 12:03 this afternoon."

The *Honolulu* and the *Tuscanian* freighter's seven hours struggle against a hard gale that had swept the waves into monstrous battering rams. The *Honolulu* was helplessly trapped for her lifeboats had been smashed by the thundering sea. The ship, of 6577 gross tons, lated built, her bulk cargo of wheat having shifted in her hold.

Giant Dirigible on Way to Island With Big Number Aboard

Carrying Personnel of Seven More Trips Before Los Angeles Sails for Bermuda.

LAKEHURST, N. J., April 21 (AP)—Carrying the largest personnel in her history, the dirigible *Los Angeles* left this afternoon for Bermuda with prospects of a fair flight throughout the journey. She is expected to reach the islands before dawn tomorrow.

Besides the regular crew of 28 men there were about a number of extra army and naval officers as observers. Eight sacks of mail also were carried.

More than 60 men, seven more of them ever carried before by the dirigible, were aboard.

DEPUTIES GIVE CABINET VOTE OF CONFIDENCE

Premier Painleve and His Newly Appointed French Officials Win After Hours of Bitter Debate on Caillaux.

PARIS, April 21 (AP)—The chamber of deputies tonight gave Premier Paul Painleve and his government a vote of confidence, 304 to 218. The vote came after six hours of bitter personal debate, in which Joseph Caillaux, the new finance minister, was the central point of attack. Caillaux, restored to power from prison and exile, was considered by his opponents as the most vulnerable spot in the armor of what has been designated the Painleve-Briand-Caillaux cabinet, but during the most impressive moment of his speech in the French political world, he weathered the fiercest storm in the chamber.

Declaration Secretary.

The declaration of the confidence vote was initially known previous to M. Painleve's presentation of it before the house, was a matter of official record in the chamber and was read within the chamber and the shouts surrounding the Palais Bourbon, which had become an arena.

The government in its declaration, appeal for national concord and emphasized the need of real security for France. The ultimate imposition of official financial control was shadowed in the statement that "which we have succeeded finally and definitely in balancing the budget we will be obliged to ask sacrifices of the nation."

NO RUSH TO REGISTER FOR SECOND ELECTION

Comparatively few Twin Falls citizens who had failed to qualify for voting in the first municipal election held April 7 last, are availing themselves of the opportunity to enter their names on the registration books for the second election to be held on Tuesday, according to City Clerk J. L. Egan. Registration books are to be kept open at the city hall until 9 o'clock Saturday evening next for registration of citizens who lack this qualification for voting.

In the second election Twin Falls electors are to select one of two candidates for the position of city council that was not filled in the first election because of failure of candidates to receive a clear majority of all votes polled. The candidates are E. S. All, candidate for re-election, and runnagate Mayor-elect Edgar L. Ashton, and T. J. Douglas, running mate of E. S. All, candidate for mayor in the first election.

THE DAY IN WASHINGTON

Secretary Hoover decided to call another national aid conference, probably in September.

The tariff commission opened hearings on the proposed imposition of special tariffs on better fats.

Western railroads filed a brief with the interstate commerce commission declaring their inability to maintain service under the present rates.

President Coolidge decided he would be unable to attend the Banker 33rd annual convention at Boston, June 17, but probably will speak at Cambridge July 1.

The internal revenue bureau ruled that users of gasoline in business as activities may deduct special state taxes from their federal income tax returns.

APPROVE IMPROVEMENT PLANS

CHICAGO, April 21 (AP)—Permittees to proceed with an improvement program for the city of Chicago were approved today by the city council. The plan provides for the construction of a new water supply system, the improvement of the city's drainage system, and the construction of a new city hall.

WALSH PREPARES TO STRIKE BACK AT PROSECUTION

Legal Counter Maneuvers in Government Trial of Senator—Wheeler Begin Before Judge Dietrich.

GREAT FALLS, Mont., April 21 (AP)—Legal counter maneuvers began today at the trial of Senator Thurston K. Wheeler as his attorneys took up the defense of their client, who is charged with wrongfully appearing before the department of the interior to procure oil prospecting permits after his election to the senate.

Without asking for a directed verdict, Senator Thomas J. Walsh, chief counsel for defense, began the examination of witnesses as court convened this morning.

Four Witnesses Summoned

He later announced that he had summoned four witnesses from the east in an effort to controvert the testimony of the government's star witness, Gen. P. Hayes, New York attorney.

The government also had its lining when one witness testified that Edwin R. Doph, former solicitor for the interior department, was in communication with Hayes in March 1923, regarding the affairs of Gordon Campbell, Montana oil operator, for whom Walsh government charges, whether present or absent before the department.

Adjournment Soon

A two-day adjournment of the trial was seen when Senator Walsh requested Federal Judge Frank R. Dietrich to allow time for defense witnesses to arrive from the east. The government offered no objection and Judge Dietrich took the request under advisement. His ruling on the question will be made tomorrow.

Senator Walsh said he would produce a witness from Washington, who would testify to long distance telephone records in an effort to check Hayes' testimony. Other witnesses it was said include Hayes' former partner, J. C. Campbell, and a witness from New York.

Hayes' Testimony

Hayes testified yesterday that Booth called him from New York when he was in the Campbell permit case, and that Senator Wheeler had approached him in New York and asked that he appear before the department to prosecute Campbell's permit.

Russian Tells How He Kept From Being Sentenced to Death

Former Soviet Army Officer Followed Bolsheviks Through Disguise for 18 Months.

NEW YORK, April 21 (AP)—How he for 18 months escaped sentence of death imposed by the bolsheviks by having his face altered, his mustache shaved and his hair dyed and then disguised, he continued to live in Russia, was told on the witness stand today by George de Masiroff, one-time terrorist army officer, in the capture court.

De Masiroff is the last witness of Prince Felix Yusupovoff, who is using to enforce his alleged right to repurchase two Romanoff portraits which Joseph K. Widener of Philadelphia bought from him in 1912 on payment of \$100,000 pounds.

Former Governor William L. Miller, counsel for Mr. Widener, today subjected De Masiroff to a searching cross examination. De Masiroff told how he fled from Russia into Poland and thence to Paris.

U. S. ATTORNEY ACCEPTS POST

E. G. Davis Federal Prosecutor for Idaho, Appointed to Justice Place.

BOISE, April 21 (AP)—E. G. Davis, United States district attorney for Idaho, has accepted a position as special prosecutor in the department of justice and will take up his new duties June 1. Mr. Davis will resign his present post which he had held since January 1, 1923, following his appointment by President Harding. His term, however, does not expire until January 1, 1926.

News of Mr. Davis' acceptance of the offer made to him April 11, was contained in a telegram received by Mrs. Davis Tuesday morning. Mr. Davis is now in Washington, D. C., where he went April 12 to confer with John C. Egan, United States attorney general, and is expected to return to Boise Saturday. Mrs. Davis and their young son plan to spend the summer in Salt Lake and will join Mr. Davis in Washington later in the season. While the special work Mr. Davis will do has not been definitely outlined, it was said today that it will concern the enforcement of war contracts.

VICE PRESIDENT AGAIN HITS AT SENATE RULES

Charles G. Dawes in Address Before Associated Press Continues Campaign for Cloture in Upper House.

NEW YORK, April 21 (AP)—Vice President Charles G. Dawes, addressing the twenty-fifth members of the Associated Press in the Waldorf-Astoria today, continued his campaign for cloture in the United States senate and called on people, senators and members of whom heard him by radio, to improve upon their individual senators the need for this reform.

Introducing Henry B. Hayes, president of the Associated Press, as a "patriotic personality" and a public official "who has cut out for himself a manly job," Mr. Dawes said that he believed it his duty to further non-partisan non-sectional and patriotic movements for reform in senate procedure.

Applied enthusiastically, the audience of 1100 persons, publishers and their guests, applauded enthusiastically when he asserted that he had been elected by the people "not by the senate," and that he believed it his duty to further non-partisan non-sectional and patriotic movements for reform in senate procedure.

"The United States senate is responsible to the public sentiment and not to me," said the vice president, "but if I can be a conduit in the transmission of public sentiment upon these senators in their individual constituencies, I will be satisfied to quit office."

TIME EXTENSION GIVEN JURKO

BOISE, April 21 (AP)—Extension of time to May 20 in which to file his brief was today granted by the supreme court to John Jurko, held at the penitentiary under a death sentence for the *Bankers* murder.

Jurko was convicted in Twin Falls county last summer, following a pool hall brawl in which a man was shot. He was sentenced to be hanged last November, but his appeal to the high court acted as a stay of execution.

GENERAL DASH GOES HOME

WASHINGTON, April 21 (AP)—Attorney General Charles Clegg today the government would carry the chemical foundation case to the supreme court on appeal from the circuit court of appeals at Philadelphia, which affirmed a lower court ruling against the government's contention.

Guests Serve Selves When Waiters Strike at California Hotel

Dismissal of Employees Causes Dining Room Staff to Walk Out Without Notice.

SAN FRANCISCO, April 21 (AP)—While seven hundred guests at the Hotel St. Francis were in the midst of their luncheon today the entire staff of waiters and waitresses struck, disrupt took the other guests unawares and a large and fashionable hotel suddenly became a self-service establishment. Waiters looking after their own wants without disorder.

The strike resulted from the dismissal of a waiter by the management and waitresses demanded that the employer be restored to duty but the management refused. Meanwhile a new staff was recruited and dinner tonight was served "virtually as usual."

CREAM CHECKS TOTAL BIG SUM

Payments for Month Through Co-operative Association to Producers About \$21,000.

Approximately \$21,000 was paid to Twin Falls county dairymen for cream delivered during the last month through the Twin Falls County Dairy men's association to the Jerome Co-operative creamery, according to reports submitted to directors of the association at a meeting here Tuesday evening.

Of the total amount of cream marketed in this manner during the month, 34,478.53 pounds grade premium sweet cream for which payment was made at the rate of 45 cents per pound, and 12,225.63 pounds grade first grade for which 42 cents per pound was paid.

Trucks operated by the association collect cream daily at the producers' door, an average of seven cans of cream being collected each day. Increasing patronage, the directors announced Tuesday evening, has made it necessary to place in service a second main line truck plying between Eden and Jerome by way of Elee. The new truck will make its first trip next week.

In order that cream may be cooled before being subjected to the long haul to Jerome, the directors announced Tuesday that the association will install cooling stations at Dahl and Twin Falls.

Seven trucks are to be employed in carrying cream from the farms to the cooling stations, two operating in the vicinity of Dahl and one each in the vicinities of Clover, Elee, Twin Falls, Kimberly and Murrain.

High School Notes

Economics classes under direction of B. J. Blight are devoting class time to a study of the marketing of agricultural products. This includes the making of budgets for the use of families. Penmanship during the last period of the term is being stressed particularly by students of the high grade classes through the courtesy of Miss Josephine Steink they are being assisted in this by special classes held at 8 a. m. and during study hall periods. The following have received progress pins: Kathleen Wilson, Jack Gardner, Lois Robinson, and Elva Hansen. High school letter certificates were given to Mrs. Wirth and a Palmer certificate to Mrs. Collier.

Palmer method lessons have been awarded to Eugene Youmans, Keith Huthoford, Beale Brown, Howard Patrick, Harold Reed and Elva Hansen.

There will be no assemblies this week according to statement from the office of the principal, owing to the early departure of the teachers and principal Tuesday to enable students to attend athletics events scheduled for this day. The prevalence of influenza among the junior school students has necessitated the postponement of the assembly planned for this grade. The gymnasium assembly for Thursday will be given on Thursday next week.

Dean E. D. Bridges of the University of Idaho will be in Twin Falls from April 25 to 28 and will speak before the high school assembly on Monday. Students of the Twin Falls high school took the examination in English which universally students are required to take for entrance and the following announcements of results is now made: In the senior class the highest grade was made by Elmer Kreefer with but two errors noted; in the junior class Mattie Rice, Margaret Hill, Evelyn Holter and Rita Smith with error each; sophomore, Marcello Wynn and Mattie Kraso with four each.

TWIN FALLS WINS FILER BASEBALL CONTEST 13 TO 2

Winning Streak of Local Team Continues; Game Full of Dashes of Fast Work on Both Nines.

FILER, April 21.—(Special to The News)—The Twin Falls high school baseball team continued their winning streak by defeating the Filer high school nine 13 to 2, on the school diamond here this afternoon. Although the score was rather one-sided, the contest was full of dashes of fast baseball on the part of both teams.

Plattino's slingers took the lead in the first inning scoring four runs. Gleason flew out to center field. Ed Villers passed Sears. Tium got a high and advanced Sears to second. On a double steal Sears took third and Tium went to second. Parish hit one on the nose, scoring Tium. Tium was held on first. Parish stole second. Pettoloff flew out to shortstop. Nye got a three-bagger scoring Parish. Weaver's hot infield drive was humbled, and Nye made the fourth out. Clark was out on a third to first.

Score in Fourth: There was no more scoring until the first half of the fourth when Filer took their first run. Ed Villers Adkins hit safely and stole second. Moore hit an infield drive and was thrown out at first, but Adkins advanced to third. Hamilton's drive was muffed and Adkins scored. Day caught a fly and retired R. Villers.

The game was on an even footing for the next several innings. Twin Falls scored one in the sixth frame and repeated in the seventh. Filer's other tally came in the sixth inning when Tium tried to pick up his feet instead of the ball twice in succession.

The last chapter was a wild one. Gleason got a bangle. Sears hit a hard one, scoring Gleason, and he stopped on second. Tium then started Sears. Day's three-run drive, scoring Tium, Gleason and Sears. Parish slugged scoring Tium. Parish went to second on Farrar's safety. Farrar stole second on the next play. Nye got his eighth three-run drive, scoring Tium, Gleason and Sears. Weaver hit to the infield, and was safe at first when Filer attempted to cut Nye off at home. Clark sacrificed to advance Weaver to second. Day's sacrifice fly scored Weaver. Gleason flew out to right field.

Threaten in Ninth: Filer threatened in their half of the ninth. Hamilton's drive was humbled. Sears threw it Villers out at first. Day's felled. Day robbed Bechell of a hit and Filer of a third out, by the second un-handled catch, in the last corner.

Filer played steady ball making only one error in the game. But Coach Demma seemed to be unable to find a batter who could keep the Twin Falls men from hitting the ball safely. It is thought that he is saving his best moundmen to work against Twin Falls on Lincoln field Thursday afternoon.

Both Clark and Fraselle worked on the mound for Twin Falls. Clark struck out eight men in the six frames. Fraselle fanned three men while he was on the mound.

Double Play: The Tium-to-Weaver-to-Nye combination made a snap double play in the eighth inning. The lineup in the batting order was: Filer—Wilson, F., Danzell, St. Aik, King, 1b; Moore, 2b; Hamilton, cf; R. Villers, 3b; Hall, M. Villers, Home, pr; Thompson, Jf; Bechell, c. Twin Falls—Gleason, c; Sears, 1b; Tium, 2b; Parish, cf; Pettoloff, Farrar, rf; Nye, 1b; Weaver, 2b; Clark, Fraselle, D. Day, ss.

DETROIT BREAKS WINNING STREAK OF THE INDIANS

Cleveland Meets Defeat for First Time This Season in 4 to 3 Game; Shaute Pitching.

DETROIT, April 21.—(Special to The News)—Cleveland was defeated for the first time this season today when Detroit won the last game of the series here, 4 to 3. Detroit made three runs in the second after Fowler, third second baseman, made a wild throw trying for a double play on the first two men out. Cleveland tied the score again in the sixth when Stephens knocked a home run and Burns and Fowler each doubled.

YANKERS TAKE GAME: NEW YORK, April 21.—(Special to The News)—Sam Jones scattered six hits today, one of them a home run to Val Phipps, and the New York Yankees defeated the Boston Red Sox, 5 to 1. Willy Phipp hit a home run in the first out.

SENATORS GOING STRONG: PHILADELPHIA, April 21.—(Special to The News)—Lefty Groves' victory advantage of Lefty Groves' victory the champion Senators swept the Athletics today, 6 to 2. The Athletics took an early lead by taking McGriff for three hits and two runs in the first frame. Cleveland tied the score again in the sixth when Stephens knocked a home run and Burns and Fowler each doubled.

BROWNS TAKE A FOURTH: ST. LOUIS, April 21.—(Special to The News)—Louis Browns gained an even break in the series with the Chicago White Sox in their two game series here by final game, 6 to 5. It was the Browns' second victory of the season. Tobin and Robertson hit home runs with runners on base. Gleason hit safely for the seventh time in seven games.

SANDE RIDES TO VICTORY: JIAVER, DE. GRACE, Mo., April 21.—(Special to The News)—America's famous jockey today rode his first race since the loss of his horse, Sande, in the 1925 season. Sande's first race of the year also.

What's What in The Sport World

Copyright, 1925, King Features. BY FRANK G. MENKE. Part mutual wagering, as it is conducted on the race tracks of America, leaves tremendous loopholes for the unscrupulous.

It is an astonishing fact—but a true one—that if race track officials were not so inclined, they could cheat the public out of at least \$30,000,000 of that \$125,000,000 the public never would know the difference.

The methods used by the various racing associations where part mutual tickets are sold do not guarantee absolute honesty to the public, and they do admit the possibility of cheating.

The racing associations have printed a certain number of tickets of different denominations, for each horse running in each race. Let's assume that 60 tickets of the \$25 variety are printed on each horse in the fourth race. When the stalls are opened for wagering, the 60 tickets of the \$25 variety are printed on each horse in the fourth race.

NEW YORK, April 21.—(Special to The News)—Sam Jones scattered six hits today, one of them a home run to Val Phipps, and the New York Yankees defeated the Boston Red Sox, 5 to 1. Willy Phipp hit a home run in the first out.

DETROIT, April 21.—(Special to The News)—Cleveland was defeated for the first time this season today when Detroit won the last game of the series here, 4 to 3. Detroit made three runs in the second after Fowler, third second baseman, made a wild throw trying for a double play on the first two men out.

PHILADELPHIA, April 21.—(Special to The News)—Lefty Groves' victory advantage of Lefty Groves' victory the champion Senators swept the Athletics today, 6 to 2. The Athletics took an early lead by taking McGriff for three hits and two runs in the first frame.

ST. LOUIS, April 21.—(Special to The News)—Louis Browns gained an even break in the series with the Chicago White Sox in their two game series here by final game, 6 to 5. It was the Browns' second victory of the season.

Don't know how to do them? Borer Wiseman shows you how to concern you.

What is there to prevent an official from slipping into or out of the public eye? The answer is simple. The public eye is everywhere. The public eye is everywhere. The public eye is everywhere.

With that done, the officials would post out the board that records total bets. If ten tickets were sold to the winner, and the holder of each winning ticket gets one-tenth of the pool, or \$2,000 per ticket holder.

That would mean that the man who legitimately won the entire pool of \$20,000 gets only one-tenth of it (\$2,000), and that the other \$18,000 was distributed to the losers.

It is an investigation of calculations of the race track officials that an expert accountant learned how many tickets were being juggled. In one race he found that the race officials sold 100 tickets, but the book showed 50. This expert learned that the meeting was being represented by those extra 50 tickets.

BERKELEY, Cal., April 21.—(Special to The News)—The California freshman football team for 1925 will be led by Clinton W. Evans, former Twin Falls high school athlete, coaching at Manual Arts high school in Los Angeles. The report that Coach Evans will replace "Peaky" Sprut at head of the freshman athletes in football is the result of the last two years of defeat which the Californians have suffered at the hands of the Stanford yellings.

Evans has long been recognized as one of high order by the Californian authorities and his choice is highly endorsed by the Californian student body. Evans will likely reach the state capital and head off teams of Californians for the freshmen as well as football.

The past year was a very successful one for the Californian freshmen who have not only beaten the best water polo, soccer, swimming, debate and ball game to the Stanford first year team, but also winning only one-loss record. This year's team is expected to be even better.

Public in the Dark: "The public does not know until after the race is long over," declares an expert, "how many tickets have been sold. It then takes only through tolls placed on a blackboard by a clerk in the employ of the racing associations. It got his figure from the officials. Now how is it possible to know, as an individual bettor, that when the blackboard shows 250 place tickets sold on a horse, that exactly 250 place tickets were sold before the race?"

What assurance has the public that the total tickets actually sold was only 175 and that the race officials did not add an extra 100 to the posted total and pocket the "windings" as represented by those extra 100 tickets?

Four more games have been added to the schedule of the California high school baseball season. They will meet on the Hill diamond on May 12. The following Friday (May 14) will come to Lincoln field.

Arrangements have been completed for two games with the Alton normal. One contest will be in the hills and the other will be played here. The two games will be held during the week of May 23-25.

TEACHES TOTS TO USE LIMBS

Work of Mrs. M. E. Snook of Twin Falls in Minneapolis Institution is Told.

Teaching the use of their limbs to little children who through various causes are unable to use their limbs as a part of their bodily faculties, is the work which Mrs. Mary E. Snook, of Twin Falls, is now engaged in Minneapolis, Minn.

Mrs. Snook is in charge of the orthopedic department of the "Hastings Nurses' Association," an institution established for the care of cases of all ages where the patient is unable to make full use of all his or her limbs. Children with useless feet and toes or curvature of the spine, old men unable to use their hands, through illness or accident, minor deformities of whatever kind or cause, all these come within the scope of the activities of the association.

Methods Described.

The following account of the work sought to be performed, with an interesting description of the methods employed is taken from a recent issue of the Minneapolis Tribune:

"Last year, let's see if we can't get them to play!"

Elsaine, a victim of infantile paralysis, looked down at her helpless foot with no interest.

"Wonder if the lazy toes would like to get this bright penny!" said Mrs. Mary E. Snook, supervisor of physiotherapy of the visiting nurse staff.

She launched herself from the top of the little girl. She looked down at the bright coin, eager and alert.

"The lazy toes can have the penny if they will pick it up," said Mrs. Snook.

Concentrating all her will power on her task Elaine tried with desperate earnestness to move the foot nearer the penny. To her own great surprise she succeeded. It moved. But the "lazy toes" would not yet respond to Elaine's bidding.

"The toes will be able to pick up the penny next time," said Mrs. Snook, much encouraged as she turned to Elaine's mother.

Old Widespread News.

"There is hope," she said. "Elaine moved the foot ever so slightly and that means that there is a chance."

Earlier the mother had asked the nurse to band her eyes full of confidence.

"We can hardly wait until you come back," she said, as the nurse left the room to call on the others on the long list of her crippled patients.

"Co-operation is the most important thing," said Mrs. Snook. "Elaine regarded me as a necessary evil at first but after I had taken out her foot little muscles that had been affected by the disease and had shown her how to use them, they took hold and she was able to do as much work as the other children and she began looking forward to my coming and it didn't take long for her crippled and bent leg to straighten and now there is no doubt whatever but that Elaine will in a few months be back in school well and strong."

"Another type of case is that of an old man who during the cold weather of December froze his hands and when the doctor referred him to the visiting nurse this man was unable to bend any of his fingers but carried his hands as if they were bands attached to his arms. But after having had this man's hands massaged every day this old man proudly exclaimed yesterday that he could really sweep with a broom, an accomplishment few men would be proud to state."

Many Permanently Cured.

Mrs. W. H. Lee, president, and Miss Eleanor Zuppan, superintendent of the visiting nurses, said yesterday that there are now 53 cripples being cared for by the orthopedic department and that splendid progress has been made since this work was officially taken up January 1.

Mrs. Snook, who is a graduate of the department of physical therapeutics of the Harvard medical school, has been permanently added to the staff. The cases cared for are generally in families of scanty means. The work is done under the general supervision of the attending physician. But for this

DITCH RIDERS JOIN WEED WAR

Men Entrusted With Distribution of Water Convene at Annual Dinner Meeting Here

Twin Falls Canal company ditch riders, numbering 43 men, at an annual banquet held in Tom's cafe here yesterday, preparatory to the opening of the irrigation season, were called by Ed E. Larned, director of the county area of reclamation work, in the presence of a large number of guests.

Mr. Larned indicated by means of maps the extent of reclamation work in the county, as determined by replies to questionnaires and reports of his force of five field inspectors, and exhibited growing specimens of the prescribed weeds which have been collected with a view to facilitating the work of their identification.

The ditch riders heard also explanations given by Burton Smith, general manager; John Iron, watermaster, and W. N. McConnel, of Miller, of the objectives and policies of the canal company with respect to water distribution, and were addressed by Dr. A. A. Newberry of Filer, canal company physician. Mr. Iron served as master of ceremonies. Covers were laid for 50 persons.
