WHEELER NOT GUILTY SAYS MONTANA JURY

Senator Acquitted at Great Falls After Short Deliberation; But One Ballot Was Taken.

GREAT FALLS, Mont., April 24 (AP)—Senator Burton K. Wheeler was acquitted of a charge of unlawfully using his influence as a senator before the department of the interior by a jury in federal court here tonight.

The accused senator received two pieces of good news simultaneously—his acquittal and the birth to Mrs. Wheeler of a daughter in Washington.

The jury was out but three hours. Senator Wheeler only smiled when the verdict was announced. Judge Frank B. Dietrich, before the verdict was read, warned spectators against any demonstration.

To Issue Statement Senator Wheeler said he would issue a statement to the press later. His chief counsel, Senator Thomas J. Walsh, declared, however, that he had regarded the case merely as an offset of the Trepoit Devo investigation, which he started nearly two years ago and said he felt it his duty to appear as counsel for his accused colleague.

John L. Sherry, United States district attorney, who prosecuted Senator Wheeler said:

Exactly two hours and thirteen minutes after the jury had begun its deliberation, the time the jury, retired to deliberate and the time the jury was returned. Out of this time the jury was absent for 15 minutes for deliberation.

But one ballot was taken. In spite of Judge Dietrich's order against demonstrations there was a rush to the court when the verdict was read.

Friends of Senator Wheeler crowded about him and offered him congratulations on the birth of a daughter and his acquittal.

To all that I subscribe, and for its continuance and extension I am willing to work. It is a woman's duty to be active in the work of the nation, which is not imposed upon her and which can not be discarded or neglected without injury, without any, to every body, the condition of which is a part of the nation's duty.

Dr. Marx and Field Marshal Hindenburg Complete Campaigns for Election Sunday; Race About Even.

BERLIN, April 24 (AP)—Dr. Wilhelm Marx and Field Marshal von Hindenburg formally concluded their campaigns for the presidency tonight with radio appeals to the voters broadcast respectively from Nuremberg and Hanover.

In greater Berlin, the nationalists, the people's list and the communist party made 78 meetings tonight, and in addition dispatched flying squads of gaily decorated motor cars throughout the city to distribute huge bundles of handbills.

Highly Contingent. With the balloting only 36 hours away the situation tonight continued highly contingent. The betting which was in favor of Dr. Marx, these days, was "wobbed at great odds" and falls your pick on the bureau today. Advance estimates on the side of Sunday vote vary between 28,000,000 and 32,000,000. The latter figure assumes a heavy turnout of new voters.

COOLIDGE BELIEVES FINANCIAL-AID DUE MERCHANT MARINE

WASHINGTON, April 24 (AP)—Although he has no intention of actually entering such a proposal, President Coolidge believes that some financial assistance by the government is necessary for the maintenance of an adequate merchant marine.

Recalling the action of congress two years ago, in turning down President Harding's proposal for a ship subsidy, Mr. Coolidge is doubtful if the passing of such a proposal now would be successful. It is understood, however, to agree with those who believe that for an adequate merchant marine to be maintained for service at war as for defense purposes, it would be necessary for the treasury to give some assistance but the extent to which this should go is not prepared to say.

It is now clear that the automobile is not only a means of transport, but also a means of business, and the street railway company, which does not adopt motor coach transportation, is an outlier on steam railroads.

It will be found, cooperation in the development of freight-car handling which it can best handle and getting paid for the service in the care of the investing.

NORTH IDAHO MINERS NARROWLY ESCAPE DEATH

(Continued from Page 1)

ious struggle against the flames at least three-ants of water-wood, fresh tonight.

One was that of Sparks, the rescue service engineer, who made two trips into the mine early today after the alarm of fire had reached the workings and, succeeded in reaching the 2000-foot level before the heat and gas drove him out.

Another was H. Van Voorhis, one of three men rescued from the mine before the fumes forced the crews to retreat. Van Voorhis, a young miner, was credited with having refused to permit H. C. Richardson, a flyover oil companion, to remain there, and he was put in. When the older miner had been rescued in the face of the fire, Van Voorhis was the only man left in the mine at that point in the drift in which they were working to a point about a mile and a quarter from the shaft.

Embodied by Snook, "Half smothered by the clouds of smoke," lay on their faces at the end of the tunnel for a while and then when Richardson had withdrawn completely, his companion pulled him on the motor of an ore train and turned it off at full speed. When Van Voorhis recovered consciousness he was being over him on the surface. His motor had been wrecked somewhere

FREE CROP INSURANCE

With the bountiful rains and the splendid condition of the soil the next three weeks is the ideal time to plant sugar beets. Why take chances with all your land in one crop? "This is a sugar beet year." There is sufficient moisture to insure a stand without irrigation. The best tonnage we have ever raised on this tract planting was not started until April 25th. Hand labor will be plentiful; beet tops, pulp and molasses will help balance the ration for dairymen and feeders. Beets can be hauled on and still make a good crop. A hard frost July first will not hurt them. Why not protect yourself by growing some beets? We have not time to call on all but have plenty of seed and drills. If you have some land fit for beets Phone No. 4 and we will be glad to call on you.

HUGE SUM SOON WILL BE PAID TO BEAN GROWERS

Amount Estimated at More Than \$200,000 to be Distributed Among Members of South Idaho Association.

A sum estimated at a little over \$200,000 will be paid to bean growers, members of the Southern Idaho Bean Growers' association, as the final payment for the 1924 crop, the money to be available at or about May 1.

According to Secretary Charles T. Dwight of the chamber of commerce, approximately 60,000 pounds of beans were raised here last year, of which 15,000,000 pounds were grown by members of the bean growers' association. The price at which these beans were sold was about 70 cents per pound, Mr. Dwight says.

The money due the growers may represent the final payment of \$15,000,000 annual, but will amount in all to over \$200,000. However certain commissions and expenses are to come out of the payment but these it is believed will amount to less than \$25,000, leaving a net of better than \$200,000 for the growers.

LODGE PLAYERS SCORE IN FARGE

Burlesque Trial Pleases Capacity Audience and Augments Grand Lodge Fund.

Nearly 20 Old Fellows and Highballs under direction of Mrs. C. Ivan Price, in Odd Fellows hall Friday evening, presented in mastery fashion a farce comedy, "The Great Umbrella Case," a burlesque trial that might well rank with the famous case of Harlow versus Pickwick.

The play, which was produced on this evening before an appreciable audience, that filled the hall to the limit of its capacity, preceded the arrival of musicians who furnished music for dancing during the act hours. The combined attraction resulted in the addition of a satisfactory sum to the fund being raised by Odd Fellows and Highballs here for entertainment of the officers and delegates at Idaho grand lodge sessions to be held here next fall.

Players were in each case well adapted for representation of the parts they were selected to play, and the performance bore manifest evidence of careful preparation, and much work under skilled direction.

The cast included: Judge Patrick O'Hermann, Mark Witherspoon prosecuting attorney, Henry E. L. McJannet, George E. B. Dugganman, prisoners, G. W. Gerlach, complaining witness, H. A. Smith, clerk of the court, Fred Cramble, sheriff, Fred Mackay, witness, Ed. Waitt, W. H. McDonald, J. M. Jain, Phil Compton, H. C. Bruggeman, G. O. Taylor, G. E. Smith, Mrs. Polk and Mrs. Lambert. Officers, J. J. Rainey, John Olson, A. Roberts, R. C. Cammack, J. W. Glasgow, Mr. Lanfer, E. M. Jones, G. I. Price, H. C. Bruggeman, Ed. Waitt, Phil Compton.
