## FREE CROP INSURANCE

With the bountiful rains and the splendid condition of the soil the next three weeks is the ideal time to plant sugar beets. Why take chances with all your land in one crop? "This is a sugar beet year." There is sufficient moisture to insure a stand without irrigation. The best tonnage we have ever raised on this tract planting was not started until April 25th. Hand labor will be plentiful; beet tops, pulp and molasses will help balance the ration for dairymen and feeders. Beets can be hauled on and still make a good crop. A hard frost July first will not hurt them. Why not protect yourself by growing some beets? We have not time to call on all but have plenty of seed and drills. If you have some land fit for beets Phone No. 4 and we will be glad to call on you.

# “Food worth traveling a thousand miles for”

—wrote O. HENRY, the author beloved by all Americans, spreading the fame of the old Maxwell House and its coffee.

**I**N the old South, the news of good things to eat and drink spread far and fast.

Long before the days of automobiles and movies, the Maxwell House of Nashville, Tennessee, had become the most celebrated hotel in that land of good living.

“The management was without reproach, the attention full of exquisite southern courtesy. The food was worth traveling a thousand miles for.”

This is what O. Henry, the noted author beloved by all Americans, wrote of his visit to the Maxwell House in later years.

*How this old southern hotel became famous:* In the spacious dining room, O. Henry reveled in the fare of this celebrated hotel—and especially in its wonderful coffee. For it was the coffee above all else that its distinguished guests praised most frequently.

Throughout the years of its ever growing glory, only one kind of coffee was ever served

at the Maxwell House—a special blend with a rich and mellow flavor that lived long in the memory of its patrons. Wherever they went, they carried with them to their

homes the fame of Maxwell House Coffee.

In city after city, the most critical families have heard of this blend of fine coffees and have secured it for their own tables. And the same man who perfected it years ago, Joel Cheek himself, still supervises with his associates the blending and roasting of it today.

The same coffee with all the rare flavor that the guests of this old hotel liked so well, is now on sale in sealed tins at all better grocery stores. It has become the largest selling high grade coffee in the United States.

How you will enjoy your first taste—a smooth richness and a fragrance that will make you look forward to breakfast and dinner as never before! Don't wait longer before trying it. Ask your grocer today for one of the blue tins of Maxwell House Coffee.

## DISTRICT TRACK MEET WINNER IS MUCH IN DOUBT

### Twin Falls and Rupert Both Loop Up as Strong Contenders for Honors in Athletic Events Friday at Filer.

Who will win the district track and field meet which will be staged at Filer, Friday, is much in doubt.

All the favorites of intercollegiate sport in this section of the country think it has figured out. But the district meet is not a foregone conclusion.

Rupert and Twin Falls each scored 81 points in their respective athletic contests against similar opposition. So the race makes it a dual race for first place.

Twin Falls is strong in the dashes but with Tomoe of Gooding and Thomas of Rupert in a race, Almond and Timm will be forced to extend themselves.

The high hurdles will be a beautiful contest between Heile of Rupert and Captain Almond of Twin Falls. Captain Almond and Stone will fight it out in the farthest low hurdles.

**Make-a-Pair Time.** Heckley ran the half mile in almost ten minutes at Burley last week but he will have to run a faster time than that to win from Alford. Alford's range will be distance runner along with Twin Falls is expected to place in this event.

Smith of Jerome, Burdette of Rupert and Twin Falls have had a muscle over a hundred feet in the dash and will take several hours to heal. Heile will be the best. Timm has had to be out of the stadium for long but will find real competition in Burdette of Rupert. Martin of Twin Falls and Smith of Jerome will have a real time in the near throwing event.

The jump will be hard fought. Altkinson of Filer won the high jump last week but Heile of Rupert will put plenty of fight into this event.

**Best Time For Mile.** Griffith of Burley has the best time in the mile so far this season. With Hill of Twin Falls and Thompson in the race Griffith will have to better his time or lose the race.

The quarter mile will be real race from start to finish. Johnson of Twin Falls has been improving with every race he has run and has been forced to extend himself this season. Rupert's entry changes the situation, however, and the big boy will have to put all he has into this race.

**LOCAL BOY CAPTAINS.** WASHINGTON CREW IN COAST RECORD RACE.

The freshman crew of the University of Washington, captained by Lowell Mickelwait, will start a two-mile race last Saturday, establishing a new Pacific coast freshman record.

Mickelwait is the son of Mrs. May J. Mickelwait of this city. He attended Twin Falls high school participating in athletics at that time. Mickelwait handles the No. 5 oar on the Husky freshman crew.

The University of Washington boat crew has been nationally supreme for the past two years, and with a freshman crew of this caliber, the chances look very bright for the future.

## TWIN FALLS TO PLAY ALBION

### Plastino and His Diamond Warriors to Meet Normal School This Afternoon.

Coach Plastino will take his baseball team on the hills to meet Albion normal this afternoon. The team went up to the Kimberly game crippled by the absence of Timm because of illness and Perotik because of ineffectiveness. Timm is still backing in his grades and Albion is expected to meet the remainder of the work, so practically the same line-up will start against Albion as last night with Kimberly.

Either Lyle (fish or Alphonse Nye will take the mound for Twin Falls. Nye will be a shortstop in place of Timm. Either Martin or Sears will play the third base. DeWitt, Fritzell and Farner will be in the grade.

The Normalists will play a return game on Lincoln Field on next Thursday afternoon, May 7.

## FISH AT ALL TIMES

Every day some one comes in and asks what day or when we have fish. We have been handling fish now for two months and in that time we have received 34 shipments, totaling over four tons. We have a fish counter covered with double glass. The fish are kept packed in ice so they will keep in warm weather. As the weather gets warmer I expect to handle more fish as they are a better hot weather food than meat and at the price we are selling you can afford to eat them. Ed. Laner, Public Market—adv.

# LINCOLN FIELD SCOUT CONTEST WON BY TROOP 7

### Many Boys Take Part in Field Day Meet Held Wednesday Afternoon; Feed Closes Athletic Activities.

Troop No. 7	24 1-3
Troop No. 1	21
Troop No. 18	18
Troop No. 9	9
Troop No. 10	4 1-3
Troop No. 6	4 1-3

The Boy Scout Field Day contest was won by Troop 7 with 24 1-3 points. The winner scored in every event except the scout pace. Troop 2 was second, scoring as many first places as the winner but failed to tick up points in several and third.

The events of this contest were unique and were intelligently applied to the things which the boys have learned in "scouting." The wall scaling contest which was won by Troop 5, was the feature of the program. Eight boys from Troop 2 went over a 10-foot wall in 30 seconds.

The scout pace was won by Richard Varney of Troop 1. In this event the contestants took the scout pace for 12 minutes and the one who came the closest to covering a mile in that time was the victor. Varney paced the mile mark by about 20 feet. C. McDowell of Troop 5 was second and Donald Peters of Troop 1 finished third.

Troop 1 took the Premier honors in the first contest. It included the correct care of an injured scout. Troop 1 was second in the care of the injured.

All the events took a back seat to the grub contest, at 6 o'clock. In this contest a mile of walking, 20 eggs on rolls, 20 dozen doughnuts and 20 gallons of lemonade lasted three minutes and 46 seconds. The most event was staged in a hotly.
