

JARDINE TAKES PART IN UTAH ROAD PROGRAM

Secretary of Agriculture Principal Speaker at Celebration Over Construction of Wendover Cut-Off.

WENDOVER, Utah, June 13.—The forty-mile gap that has barred traffic through Utah over the direct route to the Pacific has been closed today, when the Wendover cut-off, a highway built off of the Victory highway was officially opened.

Secretary of Agriculture Wm. M. Jardine, assisted by Governor J. B. Scruggs of Nevada and George H. Iren of Utah, presided at a celebration at the path head, a point just officially opening the highway.

The Wendover cut-off crosses the filled in bottom of what was ancient Lake Bonneville. There remains on a higher level a lake about 500 feet deep, 30 miles wide from east to west and 80 miles long. Six miles of this stretch is almost pure salt.

The highway was constructed with clay excavated from trenches, parallel to the road bed and moved into place with an endless chain drive attached to a tractor. The clay was piled in place and then rapped with gravel.

Secretary Jardine made the principal dedicatory address, among others who made short addresses were Governor Scruggs of Nevada, and Iren of Utah, Harvey M. Tye, chairman of the California highway commission, Thomas H. McDonald, chief of the United States bureau of roads, W. H. Thompson, president of the National Road Association and William Tamm, manager of the California Automobile Association. About 300 people attended the opening ceremony.

Secretary Jardine was a guest of the Salt Lake Chamber of Commerce tonight. Tomorrow morning he will leave for California.

Benefits of Route
Secretary Jardine summed up what, in his opinion, would be the benefits of this new highway. He said that it "is doubtful if the public at large appreciate the magnitude of the problem solved here."

That also has been brought to a successful conclusion, it does not appear to have been especially difficult to build. It is the common characteristic of many great highways that they are built in a dry, hot, salt-saturated area, which drains through this area, seemed hazardous in the extreme at the beginning. But the engineers discovered that the salt bed was insoluble in the resistant solution in which it lies after the spring evaporation.

"Consequently a part of the road is built upon a solid layer of salt and the layer is permanently protected from disintegration by a clay cutoff wall. In the construction work horses could be employed only with the greatest difficulty; all fresh water

Radio Apparatus Is Perfecting Showing Objects Miles Away

Invention of Washington Scientist Successfully Demonstrated Before Officials.

WASHINGTON, June 13 (AP)—An apparatus by which persons may see moving objects miles away by radio was successfully demonstrated at a private test here today of an invention by C. Francis Jenkins, Washington scientist.

The apparatus was set up in the laboratory of the inventor in downtown Washington. On a small screen the officials were able to see a small cross revolving in a beam of light flashed across a light sensitive cell installed at a naval radio station several miles away. The object, while perfectly clear, was dimly visible, and the distance was determined by the distance between the stations.

The invention was tried out successfully two years ago, but the action pictures were recorded only in an adjoining room to that in which the "radio eye" was installed and it was the secret of the invention, was placed.

"I suppose we'll be lifting up at our desks during the next war and watching the battle in progress," said Secretary William as he watched.

Spectacular Pistol Battle in Chicago Ends With 3 Dead

Two Policemen and One Thug Lose Lives in Gun Fight; 8000 Patrolmen Engaged in Drive on Gangland.

CHICAGO, June 13 (AP)—Lives of three, two officers and one gangster, were expended by bullets fired here today when about 8000 policemen and members of gangland engaged in what was one of the most spectacular pistol fights in the city's history.

Police officers are fighting to save to life of a third officer, probably mortally wounded in the fight. At the same time 8000 policemen are engaged in a drive on gangland to arrest the companions of the dead gangster and his two companions, the last of whom were killed.

MINERS SWORN AS POLICE

NEW WATERFORD, N. S., June 13 (AP)—Fifty members of the United Mine Workers of America were sworn today as special constables as an auxiliary to the local police force in maintaining order during the strike of the workmen of the British Empire Steel corporation.

Five thousand miners attended the funeral this afternoon of William D. Dwyer, who was shot down by a store corporation policeman during the rioting Thursday. The detachment of permanent militia and provincial police was still within the enclosure of the steel plant at Sydney road.

DETROIT BANK ROBBERY FOILED

Attempt to Hold Up Depository Frustrated by Police; One Killed Another Wounded.

DETROIT, Mich., June 13 (AP)—An attempt by four men to rob the central savings bank branch today failed, resulting in the capture, but only after they had shot and killed a patrolman and perhaps fatally wounded a 12-year old boy. Their \$27,000 haul was recovered.

Patrolman Casimir Kallorowski, 21, was fatally shot in a gun fight with the escaping robbers. Anthony Antonowicz, 12, shot by a stray bullet may die.

The four men, rounded up by other officers within two hours are: Arthur Machas, 22, of Chicago; Stanley Wykowski, 24, of Chicago; Stanley Podolski, and John Umbleli, the latter two of Detroit, but not related.

Following their arrest police announced that they had confessed saying Stanley Podolski had written him Wykowski to come to Detroit to "hold up a bank."

NEGRESS GETS DAMAGES
CHICAGO, June 13 (AP)—Marie Walker, 24, a negress, was awarded \$10,000 damages in a civil action against Armour and Company here today on the successful contention of her counsel that she had been deaf, blind and insane after being struck two years ago by a truck owned by the company.

GRAND DRAGON JAILED
DENVER, Colo., June 13 (AP)—John Galen Lucke, grand dragon of the Colorado Ku Klux Klan, tonight went behind prison bars in the county jail here for failure to carry out a court order to produce his financial records for examination by internal revenue agents.

Scenes of suspects have been taken into custody.

A police fight followed a 60-minute automobile chase which ended when the gangsters' car was wrecked and they tumbled from the machine with blazing guns. After three hours had been filled, they were, who seemed unweakened, single-handedly killed one of the gangsters and caught the two others after wounding them.

True to the gangland code, the captured gunmen remained silent but tonight the police were satisfied the fight was the aftermath of a trip by

committing the dispatches state, many "excesses." The defeat of the Yunnanese is attributed to the defection of Kwangtung troops, with whom they were allied in their fight against Kwangtung.

Little Change Apparent
In other parts of China, where anti-foreign feeling is being fostered by students, there has been little change in the situation although new strikes of employees of foreign firms are reported from Swatow, in northern Kwangtung, Foochow, in Fukien and Tientsin, in the northern province of Shantung.

Strikes also are spreading as Shanghai, where following the killing of a Chinese doctor at Hankow, redoubled efforts were made to induce the employees in the foreign cotton mills and other foreign controlled industrial plants, to stop work. In the foreign settlements, however, the situation has so improved that the foreign defense forces have been reduced.

Shanghai Taken Over
The Chinese city of Shanghai, adjoining the foreign settlements, has been taken over by troops from Nanking by Marshal Chang Tso-lin, the Manchurian leader, who thus has extended his sphere of influence to his great Yangtze port.

Students are also attempting to promote a strike of servants and other workers employed by British and Japanese residents of Peking. It is said the Peking government is contemplating issuing a proclamation instructing the provincial governors to afford protection to all foreigners.

LEGAL BATTLES FEATURE TRIAL OF CHICAGO MAN

Testimony of Two Witnesses Given Saturday at Murder Hearing of Shepherd; Prosecution Scores Point.

CHICAGO, June 13 (AP)—Legal fights and the testimony of two witnesses filled the two-hour session of the murder trial of Wm. D. Shepherd here today.

The defense was never split in its various contentions until finally Wm. Stewart, chief of counsel for Shepherd, demanded a judgment of acquittal on the ground that the state's case was "not a case."

"But, your honor, I cannot always be wrong."

In that instance he was pleading for admission as an expert of what he said was the original memorandum of Wm. Nelson, a student of the university student from which Shepherd, his foster father, dated the quality's will making Shepherd the chief beneficiary.

Previously the defense lost a hard fight to have a confession of the testimony by Miss Evelyn Telling, a woman, and a quotation from a letter which she sent the young man in breaking off their relations.

The day's third hard fight remained undecided at adjournment and will be continued Monday morning when Stewart will cite his authority for his next of kin examining Dr. Amato Rongitelli.

The doctor, a state witness, testified in the fall of 1923, Shepherd came to the Ashland, boulevard, hospital and inquired about a course in bacteriology, displayed interest in tuberculosis and asked about how typhoid fever became established in a body.

AGONY WITH FALLEN
Stewart sought to show Dr. Rongitelli was angry with Charles Falson, indicted with Shepherd and granted a separate trial, after he testified supplying typhoid germs and teaching Shepherd how to use Billy McMillan.

The final question asked by Stewart was whether Dr. Rongitelli had been indicted. This precipitated the argument that was cut short by adjournment.

One success greeted the defense to-day, however, when it was shown a recent laboratory attributed to Shepherd and regarded by the state as an important link in its chain of circumstantial evidence, was actually in his possession.

ANOTHER AIR PERIL

CHICAGO, June 13 (AP)—Premier Mackinac's "unofficial" airplane that he would assume leadership in Italy's "war of independence" in the country's self-assertion in the Balkans, had been generally approved by the press.

"If the country answers the premier's appeal, we will be able to make a new war of reconstruction," declares L'Espresso.

The resolution was adopted after a paper by A. C. Flury, supervisor of quarantine officers for California, in which it was stated that the pest is the most dangerous of its kind.

Another resolution proposed an embargo on "importation" of cultivated black currants. Followers of the parasite, late state in which white pine timber grows. The currants have

(Continued on Page 2; Col. 1)

CHICAGO, June 13 (AP)—Mrs. McMillan McCormick, republican committee woman from Illinois, whose husband, Senator McCormick, was one of the senate "irreconcilables" against the league of nations, today advocated further reservations to American adherence to the world court.

She explained she made the statement because in the last few days the league of nations has been alleged to be engaged in starting a warfare against the republican national administration in the matter of the world court.

She understands President Coolidge believes in separating the world court from the league of nations and to join the world court. "I think the proposed reservations to the world court ratification resolution do not effectively accomplish President Coolidge's purpose."

"They declare we are separated from the league, but they do not separate the court from the league. They leave the court in the hands of the league. They leave the league the master of the court. Are we, then, to join the servant and claim that we are not involved because we have not joined the master?"

"I think that President Coolidge's mind is undoubtedly entirely open to suggestions for avoiding such an absurd situation."

Reservations Needed
"I think certainly at least, further reservations or amendments to the

NEW PROGRESSIVE NAME

NEW YORK, June 13 (AP)—Which proposition is the name for a proposed "progressive society," cause of supreme court Justice Russell Brandeis, a withdrawal of application by the members for a certificate of incorporation today, on the ground that the name was not American.

"I will not stamp with my approval," he said, "any society to be organized which has the name of a foreign place, especially where there is nothing to indicate in the papers that the incorporators are natives of the place from which the name was taken."

PLANS MADE FOR STONE FUNERAL

Noted Labor Leader and Financier to Lie in State in Edifice He Built in Cleveland.

CLEVELAND, O., June 13 (AP)—Warren S. Stone, dead president of the International Brotherhood of Engineers and head of its cooperative banks, trust companies, buildings and other business interests, will lie in state Monday in the auditorium of an edifice he built in order that the thousands who have respected him during his life may have a last opportunity to look upon him before he is buried.

Mr. Stone died unexpectedly in a hospital here late yesterday. The doors of the auditorium in Engineers' building will be thrown open at 9 a. m. and kept open until 1 p. m. Funeral services will be held in Euclid avenue Congregational church at 2 p. m.

Members of the advisory board of the statehood, upon whom devolved the duty of selecting a successor to Mr. Stone, will be the honorary pallbearers. Personal friends and business associates will be the active pallbearers. William B. Prentiss, first vice-president and treasurer of the brotherhood and acting president since Mr. Stone's death, said today.

The advisory board will meet here Friday morning to select a successor to Mr. Stone.

MEASURES TO PREVENT
DISEASE
CHICAGO, June 13 (AP)—Sixty measures to prevent introduction or spread of plant pests are advocated in resolutions passed by the Western Plant Quarantine Board at the closing session Saturday afternoon of the body's seventh annual convention held here the last three days.

The recommendations of the quarantine board are to be adopted by the state of California, because the board is composed of the leading experts in this field.

The resolution related to the official peach moth, which since 1911 has spread to practically every state east of the Mississippi river, and several states south of it.

The resolution recommends that western states adopt quarantine against all carriers from infested districts, or states allowing importations from infested areas.

Resolution Adopted
The resolution was adopted after a paper by A. C. Flury, supervisor of quarantine officers for California, in which it was stated that the pest is the most dangerous of its kind.

Aerial Sham Battle Over New York City Witnessed by Many

Theater District Saved From Attacking Squadron of Five Planes by Defense Ships.

NEW YORK, June 13 (AP)—New York's theater district was "saved" early tonight from an "attacking" airplane squadron of five planes when a "defense" squadron of five "defense" ships, the first aerial sham battle ever held over the city.

Times Square was crowded with "civilians," patrons of hotels and various restaurants were furnished with food and drink for the aviation exhibition by fourteen planes as they sat at their dinner tables.

Some airplanes carried "war correspondents," others carried "photographers," while the results were followed from one of the "planes," the exhibition was held by the 27th division service of the New York national guard to advertise its air meet which opens next Saturday.

For a while the airplanes circled in formation and at a signal separated into battle units, coming between at 120 miles an hour and jerking for the upper position.

Some of the "planes" gained it and attacked.

Stringent Measure Proposed to Prevent Plant Pests in West

Western Quarantine Board in Session at Boise Takes Up Problem of Stopping Spread of Weed Nuisances.

BOISE, June 13 (AP)—Sixty measures to prevent introduction or spread of plant pests are advocated in resolutions passed by the Western Plant Quarantine Board at the closing session Saturday afternoon of the body's seventh annual convention held here the last three days.

The recommendations of the quarantine board are to be adopted by the state of California, because the board is composed of the leading experts in this field.

MOVE MADE TO HAVE EVOLUTION TRIAL QUASHED

Judge Godsey of Defense Counsel—for—Professor—Scopes—Urges Tennessee Indictment Be Thrown Out of Court.

DAYTON, Tenn., June 13 (AP)—Judge J. L. Godsey, defense counsel, today entered a motion in circuit court here to quash the indictment against Professor John T. Scopes, charged with violation of the Tennessee anti-evolution law attacking the constitutionality of the law.

The text of the motion follows: "State of Tennessee versus John T. Scopes. The defendant moves the court to quash the indictment in this case for the following reasons: First (A) Because the act, which is the basis of the indictment, and which the defendant is charged with violating is unconstitutional and void in that it violates section 17, article 11 of the constitution of Tennessee. (B) In that it violates section 12, article 11 of the constitution of Tennessee. (C) In that it violates section 11, article 1 of the constitution of Tennessee. (D) In that it violates section 9, article 1 of the constitution of Tennessee. (E) In that it violates section 8, article 1 of the constitution of Tennessee. (F) In that it violates section 2, article 11 of the constitution of Tennessee.

Indictment Vague
"Second, (A) That the indictment is so vague as not to inform the defendant of the nature and cause of the accusation against him. (B) That the statute which the indictment is based upon is subject to the same infirmity, because it is so indefinite as not to enable the defendant to know what is forbidden and, therefore, amounts to a delegation by the legislature of power to courts and judges to determine what acts should be held criminal and punishable. (C) And there is no legislative warrant for the delegation of such power by the legislature to the courts and judges of the state.

"Third, (A) In that it violates the fifth and sixth amendments of the constitution of the United States. (B) In that it violates article 10 of the constitution of the United States or section 1 of the 14th amendment of the constitution of the United States. (C) In that it violates the United States constitution of the constitution of the United States.

"Fourth, in that it violates the whole spirit of the state constitution of the United States and is against the policy of the law."

The jury to hear the Scopes case will be selected at the meeting of the county court on July 6, from a venire of about thirty men summoned by Judge John T. Ransdell.

CHICAGO, June 13 (AP)—Mrs. McMillan McCormick, republican committee woman from Illinois, whose husband, Senator McCormick, was one of the senate "irreconcilables" against the league of nations, today advocated further reservations to American adherence to the world court.

Shanghai Dispatch Tells of British and Japanese Consulates Wrecked Serious Rioting Develops in Orient

LONDON, June 13 (AP)—A Shanghai dispatch to the Daily Express says that the British and Japanese consulates at Kiu-Kiang were wrecked and set on fire during serious rioting. The British consulate was saved from looting by plundered other buildings belonging to foreign companies.

The premises of the Japanese shipping company, Nippon Yusen Kaisha and the buildings of Butterfield and Swire, shipping agents, were burned. Students and workmen created havoc before Chinese troops arrived and finally drove them off.

The Japanese limited a naval party, which aided in restoring order.

Kiu-Kiang is situated on the river Yangtze, about 142 miles from Hankow. It has a population of 50,000.

SAN FRANCISCO, June 13 (AP)—The long-drawn out wrangle between Yunnan troops, brought into Kwangtung province by the party of the late Dr. Sun Yat-sen when there was a threat of Peking government supporters cutting it from control of the southern provinces, and the Kwangtung army leaders, has been settled at least temporarily so far as the city of Canton is concerned, the Yunnanese having suffered a heavy defeat.

On Thursday night the Kwangtung army, who had been holding Honam Island across the river from the city, succeeded in crossing the stream and on Friday the foreign residents from their settlement on Shamwan Island saw the victorious army driving the defeated Yunnanese from the town.

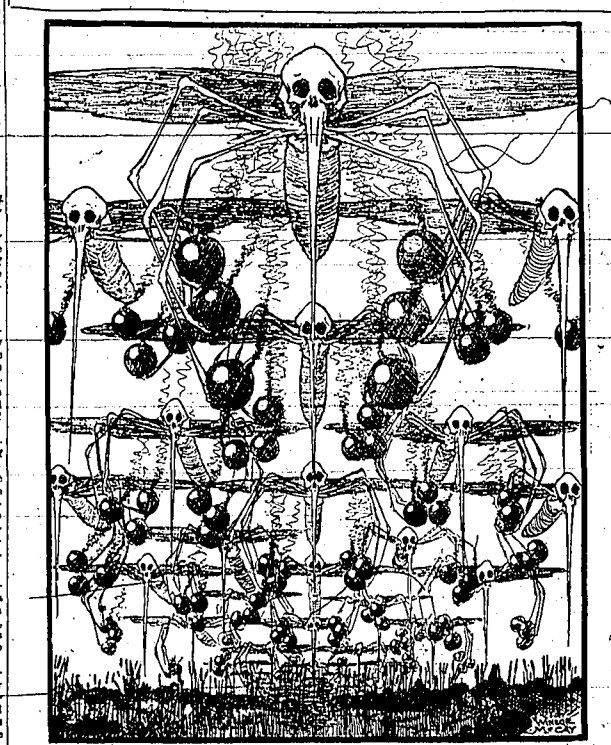

committing the dispatches state, many "excesses." The defeat of the Yunnanese is attributed to the defection of Kwangtung troops, with whom they were allied in their fight against Kwangtung.

Little Change Apparent

TRIBUTE TO BE PAID TO FLAG

Patriotic Organizations Join

With Elks in Annual Services; Scouts to Hoist Flag.

In annual observance of Flag Day today Twin Falls lodge of Elks will be joined by patriotic organizations in impressive exercises, including address by former Mayor Shad L. Holman, Mrs. T. H. Irwin of the War Mothers and R. P. Parry of the American Legion and a musical program of both vocal and instrumental numbers in addition to the strong exhibition of the Elks' flag day ritual. These exercises are to be held at 3 o'clock this afternoon in the Elks' lodge room, and a cordial invitation is extended to the public.

Scouts to Hoist Flag.
Observance of the day is to be marked here also by Twin Falls scouts who, at 7 o'clock this morning on the high school campus will hoist the flag in accordance with custom. The flag will be hoisted by the scouts here some years ago. The ceremonial is to be carried out according to military regulations, bugle calls being sounded by Scout George Taylor. Rev. O. H. Harris of the Christian church, will deliver a brief address. C. H. Perkins, scoutmaster, is to be officer of the day. Invitation is extended to the public to attend and special effort has been made to secure the largest possible group which sponsor scout organizations.

Elks' Services

The program for the Elks flag day services is as follows:
Patriotic Melodrama—String Quartette under direction of Gustav H. Tschudi.
Introduction—Exalted Ruler and officers.
Prayer—Chaplain H. M. Haller.
Scout Drill—by Ruckers.
Miss Alice Taylor and Meddies Wood, Dwight Smith, Doug and Brackman, Mrs. D. L. Alexander, accompanist.
History of the Flag—(longer history)—by O. H. Harris.
Song—"The Flag Without a Star"—by White—Mrs. O. P. Duvall, Mrs. L. A. Alexander, accompanist.

After Services—Luncheon and Officers.

Address—Mr. T. H. Irwin.
Male Quartette, "Banner of Beauty"—Fillmore—Messrs. Turner, Hall, Patrick, and Bice, Mrs. James S. Hall, accompanist.
Address—Mrs. O. P. Parry.
Orchestra, "Star Spangled Banner".
Audience standing at attention.
Address—Mrs. Shad L. Holman.
Taps—E. S. Bugh, Captain of the Elks.
Weeks, "Pean. Military College." Accompanist, Margaret Wilson Peck, Jack Thump.
America—Male Quartette.
Address—Exalted Ruler L. A. Chaplin.

ANNOUNCEMENTS

The P. E. O. sisterhood will hold the last meeting of the year Tuesday evening—June 15, at the Elks' lodge. Mrs. L. E. Thompson, 413 Third avenue north. A convention report will be given by the delegates.
The War Mothers club will meet Monday afternoon, June 15, with Mrs. Matern Ware, 350 Jefferson street.
The Community Ladies' Aid society will meet next Wednesday, June 17, at the church basement. Mrs. Hildebrand will serve. The meeting of June 2 was not very well attended on account of the rain.
Daughters of the American Revolution are requested to assemble at 2:45 o'clock this afternoon in front of the Elks' building to attend flag day services in the Elks' lodge room.
Henry V. Walling Circle, Ladies of the G. A. R., will meet in front of Elks' building at 2:30 o'clock Sunday afternoon to attend the flag day services in the Elks' lodge room.

BREVITIES

On Vacation Trip—Miss Alice Irwin left Saturday evening for a vacation trip to Oatley, Colo.

Will Tour Alaska—Miss Nettie Toole and Mrs. Jessie Maltby left Saturday evening for the "work" tour of Alaska.

Writing Home—Mr. and Mrs. John T. Patrick of Wood, Oregon, are spending their vacation with home folks here.

Leave for Dam Site—Mr. and Mrs. R. K. White, who expect to leave soon for American Falls, where Mr. White is to be employed.

Leave for Visit—Mrs. T. G. H. Holman and son, Wilson, left Friday on the morning train for Lincoln, Nebraska to visit relatives and friends.

Guests From Haley—Mrs. Lillie Fleming and Mrs. A. J. Vuckey of Haley are guests for a few days at the country home of Mr. and Mrs. George W. Wilson.

Return for Holidays—Jack Phipps, member of next year's graduating class, and George Henry of Hollister, graduate this year of the University of Idaho, returned the first of the week from the south here some years ago. The ceremonial is to be carried out according to military regulations, bugle calls being sounded by Scout George Taylor.

Recovering After Operation—Jack Place of Twin Falls is reported to be recovering satisfactorily following an operation which he underwent last Thursday at the county general hospital.

Will Go to Chicago—J. H. Holman expects to drive to those this afternoon. He will be accompanied by Mrs. J. Lawrence Holman, who will spend the next week visiting in the capital.

To Attend Convention—William S. Hill is to leave this morning for St. Paul to attend an annual convention of Kansas clubs. He is accompanied by delegates from the Twin Falls Kiwanis club.

Firemen Get Workout—Twin Falls fire department was summoned to assist in a fire at a residence on the corner of Main and Third streets. The fire was caused by a gas leak and was extinguished by the firemen.

Back From Hills—Alan G. Fisher and Everett M. Seavey have returned from a two day outing at the Williams ranch in Stanley Basin. They report good fishing during the last day or two of their stay.

On Trip East—Mr. and Mrs. P. E. Spink expect to leave Monday on an overnight trip to Minneapolis where Mrs. Spink will resume her work as supervisor of orthopedics for the Minneapolis visiting nurse. Dr. Spink will go to Chicago for a time.

On Extended Trip—Mr. and Mrs. Oscar Johnson of the Glen Grocery and Market, Main avenue east, and their daughters, Dorothy and Norma, will leave Sunday morning by car for a two month trip to Iowa, Wisconsin and North Dakota visiting friends and relatives.

Appointed Traffic Officer—Herbert Dabbly, war veteran, has been appointed traffic officer of Twin Falls police force, the appointment being made effective Saturday, according to the city council.

APPOINTED TRAFFIC OFFICER

Herbert Dabbly, war veteran, has been appointed traffic officer of Twin Falls police force, the appointment being made effective Saturday, according to the city council.

APPOINTED TRAFFIC OFFICER

Herbert Dabbly, war veteran, has been appointed traffic officer of Twin Falls police force, the appointment being made effective Saturday, according to the city council.

TEXTBOOK WRITER WANTS VIEWS FROM TWIN FALLS

Photographs of corn grown in the Twin Falls region and of Twin Falls "civic center" including the court house, high school building and city park, have been furnished by Secretary Charles L. Wright of Twin Falls, chairman of the committee on the use of illustrations in a geography textbook for use in public schools.

Request for the photographs came from Ernest R. Holmes of Louisville, who stated in his telegram to the chairman of the committee:

"In writing of Idaho industries for a geography adapted for use in public schools, I desire sharp photographs of irrigated tract and production of other typical activities in that region; also might use a good view of a public school."

LONG SYPHON CARRIES WATER TO HIGH LANDS

Through a siphon of wood stave pipe 16 inches in diameter and a mile and a half long, water will be drawn this season from a lateral of the Twin Falls canal system to irrigate approximately 400 acres of grain alfalfa and white clover on lands owned by Arthur L. Sevin of Twin Falls and operated on high land within the original Twin Falls irrigation near Castleford.

Much of the land in crop is under cultivation this year for the first time. The siphon was used last year for the first time to carry water to irrigate about 120 acres in crops.

CHILD FALLS UNDER CAR

Several persons near the intersection of Main avenue and Third street—Saturday afternoon saw a small boy, suddenly leaving his mother and another child at the curb, dart back across the street and fall between the front wheels of a car which passed over him, inflicting what were apparently very superficial injuries. The car is said to have been traveling slowly. The driver halted at once and took the injured child and the mother and other children aboard. Names of neither the driver nor child were ascertained by those who saw the accident, and no report was made to the police.

FUNERALS

OBITUARY.—Funeral services for Mrs. Clara O'Leary, whose death occurred Friday, will be held under auspices of the L. D. S. church at 10 o'clock Monday morning in the L. D. S. chapel here.

PARKER.—Funeral services for Mrs. Alice Parker, whose death occurred Friday evening, will be held at 2 o'clock Monday afternoon at the residence of her son, W. W. Parker, 1229 Seventh avenue east, and will be conducted by Rev. E. L. White, district superintendent for the Methodist Episcopal church.

ROSENSTAM.—Funeral services for Mary Lou Rosenstam, infant daughter of Mr. and Mrs. Edward Rosenstam, who died the previous Saturday, will be held Monday afternoon at the family residence—100 Third—where the funeral will be conducted by Rev. J. Gilling of the Lutheran church.

WEIGHS FIRST CUTTING OFF EXPERIMENT PLOTS

First cutting alfalfa by crops on 14 experiment plots at nine Twin Falls county farms to which various kinds and amounts of fertilizer have been applied with view to determining the fertilizer best adapted to increasing alfalfa yields in this region, have been weighed during the past week by R. E. Branson, Twin Falls county agricultural agent.

The tests are to be continued over a period of three years, and are said to be one of the weight of each cutting from each plot.

Fertilizers used in the experiment, in varying amounts or combinations on each of the experimental plots, are gypsum, superphosphate, slag and manure.

SUGAR COMPANY WORKS WITH HIGHWAY DISTRICT

Twin Falls highway district and the Augmented Sugar company, in cooperation, will improve a half mile of road extending north to the high level canal from the east of the graded road three miles southeast of Twin Falls. It was stated Saturday afternoon by the highway district.

In this work the sugar company will furnish a complete tractor and services of the operator. The highway district will furnish a road grader and operator.

ENJOYS CONVENTION HERE

Mrs. Mrs. M. Frank, mother of Ray Frank, for several years connected with the Boise-Twin Falls club, attended the G. A. R. convention here this week. She says she has attended many, many conventions in the past but never enjoyed one anywhere as she has this one and especially did she enjoy the trip to Shoshone falls and Banquet.

SOCIETY AND CLUBS

MADE BY
MRS. E. R. WILLIAMS
Phone 356

Miss Anna Baker entertained the members of the Elks' club on Friday evening at her home on Sixth avenue east in honor of Mrs. John Baker, bridge and a social time were enjoyed, favor for highest score being awarded Mrs. Harry Bond and Miss Duke received a dainty gift.

At another dinner given at the home of Mrs. W. E. Pike, Mrs. Harry Bond, Miss Bernice Holman, Miss Helen Roberts, Miss Mary Stevenson and Miss Constance Hill.

Mrs. Zeuss Smith was hostess at an informal reception Friday evening for Miss Katherine Mow of Tinseltown, who has been her house guest during the G. A. R. encampment. The guests were members of the P. E. O. sisterhood and gave a most interesting talk on the duties of the office. The remainder of the evening was spent socially and dainty refreshments served.

Mrs. and Mrs. L. J. Churchill were hosts of a charming dinner Thursday evening at their home on Third avenue north for Mr. and Mrs. William Scott, Mr. and Mrs. David Brown and Mr. and Mrs. E. L. Dunlap. A pink and white table scheme was featured in the table decorations, the center being a bowl of pink roses. The living room was attractive with lovely pictures. Following dinner rock was played.

On Wednesday evening the members of the Woodmen club, with their husbands, motored to the home of Mr. and Mrs. A. E. Mann near Hamden where they enjoyed a beautiful picnic supper and a delightful social time.

Mrs. and Mrs. G. M. Simpson entertained at dinner, Friday evening, for Mr. and Mrs. E. L. Dunlap and daughters, Margaret and Carrie, and Mr. and Mrs. Charles Dwight.

Complimenting Miss Bessie Duke, who leaves soon to make her home in Eugene, Oregon, Miss Mattie McMaster and Miss Margaret Sealey gave a party at the home of Mrs. E. L. Dunlap Friday evening. Red and white themes and roses decorated the room. Bridal was the diversion for the evening, favor for highest score being won by Miss Edna White. Social hour by Miss Margaret Thometz and Miss Duke received a dainty gift.

Mrs. Sealey was assisted by Mrs. M. L. Ware in serving a delicious two-course luncheon after the games. The guests included Misses Jane Maxwell, Betty Wilson, Marjorie Sealey, Patricia Wilson, Audrey Brann, Jean Dunlap, Pauline White, Margaret Finch, Donna Wynn, Margaret Thometz, Harriet Clapp, Leah Timm, Katherine Newman, Clara Kall, Edna

STATE CONSUMES DAY AT HEARING

Examination of Rebuttal Witness Occupies Time at Criminal Libel Suit.

YUMA, Ariz., June 13 (AP)—Examination of rebuttal witnesses introduced by the state consumed the entire day today at the trial of George W. Lynn, Yuma publisher, who is charged with criminal libel in connection with an editorial attack upon R. F. Sengul, wealthy merchant and landowner.

The prosecution, seeking to disprove a defense allegation that the rows of a daily soap by Sengul were malicious, started with the rebuttal witnesses to trace the libel from its start in 1913.

The first witness along this line told about purchase of the first case in New York.

Formaldehyde in Milk.
The article upon which the libel action is based charged the use of formaldehyde in milk from the Sengul dairy.

The defense sought to show that the cause of the alleged tubercular condition of the cows, use of the preservative was necessary to make the milk "hold up."

A number of milkmen who worked at the Sengul dairy during 1923, the period during which the publisher said formaldehyde-treated milk was sold, were called, and all testified that preservatives had not been used.

Harry Day, a former manager of the drug department of the complaining witness' store, testified that formaldehyde had never been carried in stock or received at the store while he was there.

More rebuttal witnesses will be heard when court reopens Monday.

JARDINE TAKES PART IN UTAH'S PROGRAM

(Continued from Page 1)

had to be hauled for many miles and, for several miles the road bed was completely submerged in brine for months at a time.

Praising Road Builders

The secretary praised the work of the road builders, complimented them for their work and also thanked the cost figures. The cut-off cost \$280,000, of which \$254,000 was furnished by the government, he declared.

"It is here in the west that need for federal assistance for roads is most strongly felt and expressed," Mr. Jardine continued. "Within a few years the entire west will have been made available to the eastern states and the same roads will be accommodating us never before the intra-state and inter-state business traffic of the immediate region. Nowhere is more to be gained by highway improvement than in these western states, and there is evidence of their appreciation of this fact in the heavy per capita expenditures which they annually supply to the highway, for such expenditures are not equaled in any other section of the country."

It was his belief, the secretary continued, "that if there is excessive taxation for highway improvement anywhere in the country it is due to the unwisdom attempt to finance high type roads with county revenues more than to any other cause. I believe that highway taxation would be less burdensome if more of the money needed for road construction and maintenance were raised by state rather than county taxation and expended under the supervision of the state rather than the county."

Mr. Jardine then said the nation is confronted more frequently as to expenditures for highways than we are with statements as to the cost of vehicular operation over the roads. By way of illustration he asserted that highway construction and maintenance cost the country about one billion dollars annually whereas vehicular maintenance costs about eight billion yearly.

The annual sales of new motor cars and trucks amount to more than double the billion dollar expenditure, he continued, and asserted that if all the trucks and passenger automobiles sold each year were parked in a single line on new roads built in the same year the intervals between them would be just that fifty feet.

Fineer methods of travel and the hardships they endured were stressed by the secretary. "It is possible for the present day motorist to travel in an hour the distance that, 60 or 70 years ago, took days and often weeks and months."

BODIES OF WOMAN AND DOG CREMATED TOGETHER FOLLOWING HER REQUEST

ALHAMBRA, Cal., June 13 (AP)—The bodies of Myrtle Ross, a retired circus performer and of "Snowball," a French poodle, transmittes in a high wire act of two decades ago, were cremated together near here yesterday, and their ashes in the same urn in which they will be returned to Myrtle, N. Y., the birthplace of Mrs. Ross.

"Snowball" was cremated and his ashes mingled with those of his mistress in compliance with a request made by Mrs. Ross just before her death yesterday.

DENTIST CONFESSES TO MURDERING WIFE ASSERTS PROSECUTOR

LOS ANGELES, June 13 (AP)—The district attorney's office announced today that Dr. Thomas W. Young, a dentist, had confessed that he killed his wife, Mrs. Grace Young, a wealthy society matron who has been missing since February.

It also was announced that he has told authorities where the body was secreted. A squad of officers immediately was dispatched to the doctor's Kingsley drive home, in the west part of the city.

The missing woman was the widow of the late Patrick Grogan, once known as the "tough kid" and a highly respected of a \$1,000,000 estate to which his son, Charles Patrick Grogan, is principal heir.

The case came to the attention of the district attorney's office shortly after a heated legal fight had been launched over the guardianship of young Grogan. The widow later married Dr. Young.

Dr. Young told investigators that his wife excused herself for a moment and failed to return while they were together at a downtown hotel on February 21.

The doctor was detained for a while today and later released after questioning by officers failed to elicit from him any information that would throw light on his wife's whereabouts.

Dr. Young said today he believed his wife had gone to Venice, possibly to get a divorce.

Detectives scoured today in the vicinity of Beverly Hills, a residential young west of Los Angeles where Dr. Young had a cabin, but they failed to find any trace of the woman.

CALIFORNIA MAN STILL HELD CAPTIVE BY CAVE IN ON BALTIC TUNNEL

GRANVILLE, Ohio, June 13 (AP)—With communication established through a pipe line and with assurances that the imprisoned man was no great distress, rescue workers on the Baltic tunnel of the Alba Condamine mine, near here, were hopeful tonight of penetrating the rock and dirt barrier which late last Thursday forced mine that of Robert Hill, miner, just as he was about to leave his job.

Conversation through the pipe line, first conducted by members of the rescue crew, indicated that Hill was in good physical condition except that he was cold and hungry. At 5 o'clock this afternoon, Hill talked through the pipe line with his wife, Mrs. Fannie Hill, who ever since the cave-in of the tunnel, has remained near the scene of the rescue work, with a few hours off for sleep.

In conversation with his wife, Hill asked for bologna and lots of it.

THE DAY IN WASHINGTON

R. M. Parmenter of Oklahoma was appointed as assistant attorney general.

A shakeup of Philadelphia prohibition enforcement staff was disclosed.

Increases in Hawaiian defense were recommended by umpires of the recent maneuvers.

Remembering Wrong

May 1 tell you why it seems to me a good thing to remember wrong that has been done us? That may forgive it.—Dickeon.

STUDENT KILLED IN RIVER FIGHT

Young Wife Was Participant in Battle Which Cost Life of One; Husband Held.

SHREVEPORT, La., June 13 (AP)—Though she has not been arrested, the young wife of George W. Gill, 23, held here charged with the murder of Robert Read, also 23, was a participant in the fatal struggle at Shreveport, Wednesday night, authorities asserted here tonight.

Searchers early today recovered the body of Read, Centenary college student, from the Old river.

Police announced following an investigation that as Read and Gill battled in the water, shoulder deep, Mrs. Gill attempted to separate them. She bore a mark indicating head hit her.

Examination of the body by Dr. W. H. Paul, acting coroner of Calcasieu parish, revealed three wounds on the head. Dr. Paul believes Read may have been killed with some heavy weapon. Dr. Paul said the wounds were not necessarily fatal. Gill's confession that the wounds were received when Read's head struck the boat.

FOREST SERVICE PLAN OUTLINED

Jardine to be Asked to Approve Ways of Increasing Recreational Uses of Reserves.

WASHINGTON, June 13 (AP)—The forest service will ask Secretary Jardine on his return from the west to approve its tentative program for enlarging the recreational use of the national forests. Under it, over 150 national forests, embracing 157,000,000 acres, would be equipped with facilities to attract the hordes of vacationists and provisions made for guarding public property.

Recreational use of the national forests would be systematically coordinated with timber production, stream flow protection and forest production as well as other forms of land use, under the plan and recreation management would be recognized as a function of the forest service.

Present plans for establishment of county, municipal, state, public and private outdoor camps, auditoriums, schools, resorts and hotels would be continued, and simple, inexpensive forms of mass recreation, including extension and improvement of public camp grounds, would be encouraged.

WARRANT CHARGES MAN WITH SLAYING SISTER

MONTROSE, Colo., June 13—A warrant charging Otto Eyo, 49, with slaying his sister, Miss Lillian Eyo, 31, whose body was found in the burning ruins of the Eyo cabin near here last Thursday, was issued tonight.

The warrant was sworn out by A. J. Hutchings of Delta, district attorney, and followed a report of the coroner's inquest today at Ourey that Miss Eyo met death from a blow on the head before cremation. The coroner's verdict said the blow was struck by an "unknown person."

The young woman was in the last stages of tuberculosis and physicians said she could not have lived many weeks.

Eyo still was at large tonight, brothers and others who live in the log hill mesa region where the cabin was located, plan to spend tomorrow in a hunt hunt in the hope of finding Eyo, who is believed to have lost his mind and hiding in the heavily timbered district near here.

BUSSIDE FOR THE NEWS

LEGAL BATTLE FEATURES DAY IN GERM TRIAL CASE

(Continued from Page 1)

room adjoining Mrs. Emma Nelson McClintock's, who had access to it at all times. Judge Lynch ruled the defense might introduce later evidence concerning the will memorandum.

Additional Testimony

Additional testimony as to Shepherd's imperious status and his reputation of some day coming into wealth was given by Jerome Mattilo of Indianapolis, Ind., and Louis Shalhans.

Mattilo testified he once heard Shepherd say to his brother: "Never mind about Willie; he will come out of this with his pockets full."

Shalhans, Chicago civil service employee, testified Shepherd informed him eight or ten years ago that one day he would have plenty. Shalhans declared Shepherd said he then was getting \$7,500 as guardian of a rich boy. John Rush, detective sergeant, was prevented by objections from testifying that he found Shepherd paid only \$100 a month last year and \$1 of that was returned.

More Evidence

Another bit of evidence kept from the record was the statement by Mrs. Stella Carson of Lima, Pa., formerly a housekeeper in the McClintock home, that Mrs. Shepherd had removed some jewelry from the body of Mrs. McClintock.

Through E. M. Hubert, a probate court clerk, the will of Billy McClintock was introduced and was read by Prosecutor Robert K. Crane.

Eva Nelson, a maid for the McClintock household, testified "Mr. Billy" asked her to witness his signing of the document and had her attest it.

Attendants who would have been present at the marriage of Billy McClintock and Miss Isabelle Pope, who was with a license while the youth died, assisted at the wedding today of Isabelle Pope and Miss Virginia Dunn.

Miss Isabelle Pope who is awaiting trial as a witness against Shepherd, was not present. Pope is her cousin. His last name was Edward Lovewell, who was Billy's own name at Dartmouth university, and Miss Pope's sister Elizabeth was a bridesmaid.

STUDEBAKER

It is the most powerful car of its size and weight, with every proved advantage that a high-grade open car can offer—rugged dependability, brilliant performance, outstanding comfort.

In addition, it has one great advantage no other open car provides—Duplex roller side enclosures that give enclosed-car protection in stormy weather. You make the change in 30 seconds—without leaving the seat.

Build complete by Studebaker—both body and chassis—in great manufacturing plants where the overhead is shared by three different models. Thus only "one manufacturing profit" is included in the low purchase price.

Come in and inspect this new-type car—see this exclusive Duplex convenience—learn the value Studebaker offers before you buy.

Oakland has proved—Owners have proved—and you can prove these facts about Oakland performance.

Flexibility—We do not hesitate to match Oakland's flexibility against that of any car. And by this we mean its lightning getaway, brilliant acceleration, instant responsiveness.

Power—Ability to travel at sustained high speed mile after mile—to take steep hills on high—to pull you through the toughest going—these are just a few of the thrills which the great power of Oakland's highly developed, six-cylinder engine gives you.

Control—Quick, sure braking and skidless stops with Oakland's time-proved four-wheel brakes—easy operation, thanks to automatic spark, centralized controls and easy gear shifting.

And adding full measure to your satisfaction are Fisher Body, Duo Finish and Balloon Tires.

We invite you to drive an Oakland Six and match its performance against that of any other car.

THE SPORTS OF A DAY

MILTON DRIVES TO VICTORY IN 250 MILE RACE

Veteran Car Driver Overcomes Stiff Opposition in Altoona Speedway Events; Margin But a Few Yards.

ALTOONA, Pa., June 13 (AP)—Milton drove to victory in the face of stiff opposition, Tommy Milton, the veteran, won today's 250 mile spring automobile race today on the Altoona speedway. Milton's margin of victory was but a few yards, for a second or two after Starter Fred Wagner waved Milton the checkered flag, he pushed across the line.

For more than 20 miles they jockeyed for position, but Milton had the advantage and his men were kept him in front of his flying brother racer, Milton's official time was 2 hours, 10 minutes and 23.49 seconds. Harv came in third and Frank Elliott was fourth.

One Slight Accident

The race was marred by only one slight accident. As Milton flashed across as the winner, Wade Morton crashed through the rail on the back stretch. He came from his car, but he was not hurt seriously. He was removed to the field hospital where physicians treated him for a sprained back.

Several other incidents served to thrill the crowd. Alvin Hopburn blew a tire, shortly after the 100-mile mark was reached. His machine skidded down the boards near the grand stand, screeching up a cloud of dust. The crowd gave him a hearty cheer when he went back on the track unharmed.

Leon Duray's left rear axle gave away while he was speeding to the next curve. His wheel sagged and the axle held their breath until the skillful pilot brought his car down to safety.

Cooper and Hill

Karl Cooper and Bennett Hill, who led the pack for some distance, were forced to leave the race the fastest when the goal was in sight. Cooper was well out in front when he blew a tire on the back stretch. At this point, the 170-mile mark. It was believed that Cooper would maintain the lead. He made one lap with a

Hill took the lead at the start and held it for 80 miles. His motor went bad as he crossed the 100th mile and he retired.

De Paolo did not show his speed until after the 150th mile. Cooper overtook the flying motor one by one and near the finish, he went ahead of Milton. But Tommy was not to be denied. He pushed De Paolo to the line, making better than 120 miles an hour. Finally, on the back track, Milton beat De Paolo and a few seconds later he flashed into the lead, leading to the end.

Marvells at Cooper's

The ability marveled at Cooper's. He carried his tires for at 170 miles he kept up the grueling pace, never halting. But at that stage he came in and Milton went in front. At 215 miles Tommy went to the pit for a tire and Karl again led the pack. But it was only for a moment. His left rear tire gave way and Harv flashed to the front. It was then that De Paolo slipped into the lead, beating Harv. In a hot fight along the grand stand straight away, Harv's mastery was only momentary, for Milton came from behind, went in front and took the victory.

GIANTS LOSE TO PIRATES; THIRD STRAIGHT GAME

New York Unable to Stop the Pittsburgh Team and Score Ends 6 to 4; Chicago Blanks Boston, 2 to 0.

PITTSBURGH, June 13 (AP)—Pittsburgh turned back the Giants in a three game, 6 to 4, which was the third straight defeat for the National league leaders. Leo Meadows went the entire game for the Pirates while McQuinn retired after seven innings in favor of Greenfield.

The score: R. H. E.
New York 4 9 0
Pittsburgh 6 13 0
Batteries: Meadows and Smith.

RAIN HALTS GAME

CINCINNATI, June 13 (AP)—A rain storm postponed the Cincinnati-Brooklyn game here today after three innings and been played. The score was 1 to 0 in favor of Brooklyn. It was the first game of Zach Wheat's reign as active manager of the Brooklyn team.

CHICAGO 2; BOSTON 0

CHICAGO, June 13 (AP)—Successful home run drives by Charles Grimm in the third and fifth innings today, helped Chicago to shut out Boston, 2 to 0, in a pitchers' battle between Steve Barrow and Elmer Chubb.

The score: R. H. E.
Boston 0 0 0
Chicago 2 0 0
Batteries: Barrow and Gibson; Jacobs and Hartnett.

ST. LOUIS 10; PHILADELPHIA 8

ST. LOUIS, June 13 (AP)—The Cardinals climbed into fifth place in the National league here today, defeating the Phillies again in the second game of their series. The score was 10 to 8 following an extra inning to break the tie.

ST. LOUIS 10; PHILADELPHIA 8

ST. LOUIS, June 13 (AP)—The Cardinals climbed into fifth place in the National league here today, defeating the Phillies again in the second game of their series. The score was 10 to 8 following an extra inning to break the tie.

KNOLL TEAM TO PLAY BAPTIST CHURCH NINE ON LINCOLN FIELD

Tuesday evening the Knoll community team will play the Baptist church team at Lincoln field. This promises to be a real game since the Knoll team has been playing the best of the last time the score being 4 to 4. The Knoll team has been playing the best of the last time the score being 4 to 4.

ATHLETICS WIN FROM CHICAGO; SCORE IS 8 TO 3

Philadelphia Events Series In Game Saturday; Washington Takes Contest From Detroit With 11-to-3 Score.

PHILADELPHIA, June 13 (AP)—Philadelphia evened the series with Chicago by driving Ted Lyons from the mound today and winning, 8 to 3. Slim Harvis was touched for 11 hits but was a puzzle in the pitcher and rarely in trouble. By getting three hits in four times at bat in today's game, Eddie Collins hung up a total of 12 hits in 17 times at bat for the series of four games.

The score: R. H. E.
Chicago 3 11 2
Philadelphia 8 11 1
Batteries: Lyons, Blankenship and Grabowski; Schalk; Harris and Coker.

WASHINGTON 11; DETROIT 3

WASHINGTON, June 13 (AP)—Rochester held Detroit to seven hits today while Washington batted Hollywood and Wells hard and won, 11 to 3. The locals scored seven runs in the second inning. The victory made it the second of four games played with the Tigers.

The score: R. H. E.
Detroit 3 7 2
Washington 11 11 1
Batteries: Hollywood, Wells and Woodall; Strasser, Reuther and Berk.

ST. LOUIS 7; BOSTON 4

BOSTON, June 13 (AP)—The St. Louis Browns won from the Boston Red Sox 7 to 4 today in the last game of the season. The Browns batted the Red Sox hard and won, 7 to 4.

The score: R. H. E.
Boston 4 7 1
St. Louis 7 11 1
Batteries: Gaston and Dixon; Zimmet, Fehr and Meyers.

NEW YORK 7; CLEVELAND 4

NEW YORK, June 13 (AP)—The Yankees obtained an even break in their four game series with Cleveland by winning today, 7 to 4. Bob Newhall pitched the game for the Yankees with two on base in the seventh off this, supplying the Yankees with their margin of victory.

The score: R. H. E.
Cleveland 4 9 0
New York 7 11 0
Batteries: Cline and Myatt; Hoyt and Schang.

The Yankees' lineup is getting stronger as the season advances and at the last game several of the old city Twilight flyers were noticed in their lineup. Among those who played with the Yankees the last game are Don Livelli, "Bob" Walling of the Sugar Puff team, Walter Quinn, Jack Nielsen, Howard (Vin) of the High School team and Vincent Savin of the same aggregation. Eddie Martin pitched the last part of the last Knoll game and struck out quite a number of visitors.

What's What in The Sport World

Copyright, 1925, King Features By FRANK G. MEYER

Electricity is feared upon "days" on the horse tracks. But it was used in the long gone days and its sting was not so much feared. A great furlong horse race was held at the old track, and the winner was a great furlong horse. The winner was a great furlong horse. The winner was a great furlong horse.

The Captain thought a battery, placed it under the saddle and sent Bob Rice, Jr. for a morning workout. Rice told the boy to turn on the juice as soon as the out was starting to quit. The boy followed orders. When he turned on the current Bob Rice, Jr. leaped forward as though shot from a cannon and broke a few world's records in his dash to the final post.

Crete, but when the news was flashed a few minutes before post time that the battery would be barred, the lookie promptly changed and little Crete's odds to 25 to 1.

Then he was wheeled calmly around the ring, with a huge roll of big bills in his hands. He took all the 25 to 1 that he could get and let out on the horse, 15 miles. His big wages knocked down the price and little Crete came in at 5 to 1.

Little Crete triumphed—easily. Just how much Rice won on this race never will be known. But it is known that he broke a half dozen of the 25 to 1 bets and took more than \$12,000 out of the ring with him.

When he died a few years ago there was found among Rice's personal effects—unopened tickets on the Crete, calling for more than \$100,000 and which the bookmakers never paid.

Florida Glen's third personal appearance in the Idaho theater tomorrow and Tuesday. This is "Man and Maid" which she presented by Metro-Goldwyn-Mayer. "Man and Maid" tells the love story of two manual English people. Sir Nicholas Thorne and Abigail Hildred. All of the action of the story takes place in Paris, but the rest of the most part play English roles.

Victor Schostberg directed this production under the supervision of Madame Glen, and Low and Col. H. H. Hildred. The local legion will be host to more than 100 visitors from the following points: Dahl, Elmer, Twin Falls, Kimberly, Paul, Hazelton, Elmer and Rupert.

The sessions of the conference will begin at 2:30 p. m. at the Methodist church. At 7 o'clock there will be a banquet in the basement of the church served by the M. E. Ladies' Aid. John S. Coddling will be toastmaster and the program will be made by Dr. Glen R. Hildred of Idaho Falls, state commander, L. F. Albert of Boise, state adjutant, and the following commanders: J. C. Ring, Earl Munyon, Twin Falls, J. M. Schuler, Rupert, Elmer, Emerson, Eden, Field Secretary. Bill of the legion endorsement fund will also attend the conference.

NEGRO-ATHLETE PUTS UP NEW RECORD FOR COLLEGE BROAD JUMP

CHICAGO, June 13 (AP)—Competing under the colors of the University of Michigan for the last time, Dr. Hart Huthorn, the Wolverine's sensational negro athlete, today achieved the ambition of his athletic career when he smashed the world's record for the long jump, setting a mark of 25 feet 10.74 inches, a record known that he broke a half dozen of the 25 to 1 bets and took more than \$12,000 out of the ring with him.

The marvelous jump was the outstanding performance of the national collegiate track and field championships meet, which drew the flower of America's intercollegiate stars into competition on Stagg field to decide the 1925 season. The meet, with an entry of more than 100 athletes from 62 universities and colleges from coast to coast, resulted in an avalanche of record breaking performances including a world's record, a national intercollegiate mark six records for the meet.

BURLEY TO BE HOST TO LEGION DISTRICT MEET

BURLEY, June 13.—The quarterly conference of the 15th district of the Idaho department of the American Legion will be held in Burley next Monday. The local legion will be host to more than 100 visitors from the following points: Dahl, Elmer, Twin Falls, Kimberly, Paul, Hazelton, Elmer and Rupert.

BANK PRESIDENT DIES

DENVER, Colo. June 13 (AP)—Clark Mitchell, president of the Denver National bank, died tonight at his home here following a brief illness.

PREMIER VISITS SCENE OF FIGHT

Painleve Having Busy Time in Morocco, According to Reports Reaching Paris.

PARIS, June 13 (AP)—Premier Painleve, according to the latest dispatches from Morocco, is having the busiest time of his life. In spite of the sweltering heat he has inspected the whole Dargha front and is taking time to consult with Moroccan notables at Fez with whom he found himself in perfect accord.

The premier will interview several reliable informants indicating growing wariness on the part of the tribes along the divided line between the French and Spanish zones.

WHITMAN PRESIDENT TENDERS RESIGNATION FOR GOOD OF COLLEGE

WALLA WALLA, Wash., June 13 (AP)—Dr. Stephen H. L. Penrose, for 21 years president of Whitman college, tendered his resignation today as president of the college in order that the board might be able to freely choose between three alternate solutions of the situation which has developed because of the impairment of his vision.

"While I am able to carry on my work and the internal administration and college affairs, I am not able to carry on the work of cultivating relations with the wider world, an equally indispensable part of a president's duties," said Dr. Penrose.

He suggested that the board might elect a new president to replace him, appoint a new president to maintain the external administration of the college and have Dr. Penrose as instructor in philosophy or name an assistant to the president to look after outside affairs, with Dr. Penrose continuing as president in charge of internal administration and his work as an instructor.

SINCLAIR'S

Sale Every Business Day Until Further Notice.

OPERATION OF SUGAR FACTORY HERE ASSURED

Favorable Prospect for Record Yield of Beets Offsets Effect of Greatly Reduced Acreage in Crop.

Indicated yield of sugar beets in the Twin Falls district is so favorable that operation of the sugar factory here next fall is regarded as a certainty, according to James Seiley, district manager for the Associated Sugar Company.

The acreage in the district that is devoted to the crop this season is only about one half as great as that of last year, Mr. Seiley stated Saturday evening, but the yield of beets even greater than last year's production is expected. Yields throughout the district, Mr. Seiley stated, are in flourishing condition, and it is expected that new records will be established this season for per acre production. Prospects of the operation of the sugar factory this season is a matter of gratification both to Twin Falls business interests on account of its payment of several thousand dollars a month during the campaign, and to growers on account of convenience in securing skins of pulp and molasses which are largely used in feeding livestock.

LODGEMEN AND FRIENDS TO PAY FINAL TRIBUTE

Members of the Elks lodge and friends will assemble at 10:30 o'clock this morning in the Elks lodge room here to pay final tribute to the memory of Jake Fritz, pioneer of Twin Falls and of southern Idaho, whose death occurred here last Thursday. Rites will be held in the Twin Falls cemetery.

Many of the friends of the departed frontiersman viewed the body Saturday at the Masonic chapel, where it is to remain until 2:30 o'clock this morning when it is to be taken to the lodge room. The casket will not be opened at the lodge room.

Funeralists chosen from among intimate friends of Mr. Fritz, to be notified Saturday, will be T. A. Reed, M. H. Hargis, C. C. Boyd, George E. Leiby, C. H. Burton, J. Paul Johnson.

MRS. WENGER PAYS FINE

Mrs. Ivy Wenger, in private court Friday, paid \$20 fine imposed by Judge J. L. Hodgins in pronouncing judgment on the verdict of the jury that found her guilty of illegal possession of liquor. The court suspended 30 days jail term on payment of the fine. Testimony on the part of the prosecution was to the effect that Mrs. Wenger had carried liquor into a bathtub when officers visited her apartments in the Keith rooms, Main avenue east.

A. O. Smith of Kimberly pleaded guilty to charge of illegal possession of liquor and was sentenced by Judge Hodgins to pay \$50 fine and serve 30 days in jail, the full sentence to be suspended in the event the fine should be paid.

SUES TO QUIET TITLE

Suit to quiet title to lots 18, 19, inclusive, in block 119, Twin Falls, was instituted in district court here Saturday by J. H. McNichols, through C. A. Bailey, attorney, against Logan P. Mulkey, if living, and the unknown heirs and devisees of Logan P. Mulkey, if deceased.

NOTICE

To Widows and Soldiers of the Civil War:

In order that you may obtain your property exemption, it will be necessary for you to make your claim at the Assessor's Office, County Court house, on or before the fourth Monday of June, 1925. Failure to make your claim will result in the loss of your exemption from this exemption.

A. CLAUD NEWBARY, Assessor Twin Falls County.

WILLIE WILLIS BY ROBERT QUILLEN

Little Willie's room is his castle, and at the head of his bed he has tucked a sign in straggling capitals: **DEAR LIES WILLIE WILLIS.** (Copyright, 1925, Associated Editors, Inc.)

COUNTY SUES TO RECOVER ON COLLATERAL SECURITY

Suit was instituted in district court here Saturday by Twin Falls county against the Idaho highway district to recover \$2000 as an amount of warrants issued by the district during 1924 and deposited with the county by the First National bank of Idaho which failed recently, as collateral security for deposits of county funds. The warrants were drawn against appropriations secured by taxes levied but not paid.

C. C. Sigges, county auditor, who signed the complaint in the case which was filed by J. W. Taylor, county attorney, stated Saturday that the warrants constituted valid security and unquestionably would be paid. The complaint includes 170 causes of action, each cause of action setting forth the county's claim on account of one of the warrants. It makes a document of 211 typewritten pages.

WOULD MAKE DRIVE HERE FOR IDAHO'S INDUSTRIES

T. H. Smith, president, and Norman H. Adkins, secretary of the Idaho Home Industries association, according to advisers received Saturday by Secretary Charles E. Dwyer of Twin Falls Chamber of Commerce, expect to arrive in Twin Falls next Thursday and expect at that time to address a meeting of men and women who are interested in home buying and a home products campaign.

Dr. A. J. Foster, Foot Specialist, 222 Broadway Street, adv.

Reverses Suffered By Rising Mercury

Forecast for today: Generally cloudy; moderate temperature. Mercury's advance toward high.

Temperature levels suffered reverses Saturday when high mark for the day, according to reading at the government weather observatory's station here, was 61 above, which was a decline of nine degrees under Friday's minimum.

Low at 42 above was a decline of six degrees under the preceding day's minimum.
