AGREEMENT IS REACHED FOR FUNDING DEBT

America and Belgium Arrive at Terms for Payment of War Loan; Program Approved by President at Plymouth.

(By The Associated Press) WASHINGTON, Aug. 18.—An agreement for funding the Belgian war debt to the United States, with remission of all interest on the principal during the armistice and part of the interest on the balance, was reached today between the American and Belgian debt commissioners.

The program, approved by President Coolidge at Plymouth, Vt., yesterday, was described as recognizing a "weighty moral obligation," growing out of assurances given by President Wilson during the Versailles peace conference, and also the right of Belgium to particular and special treatment by the United States.

Subject of the agreement was discussed by the Belgian government and the Belgian government agreed to loan to Belgium during the actual fighting with Germany, but will pay for it after the war.

Post-Armistice Debt. "Post-armistice debt" was fixed at \$240,000,000 including accrued interest on the debt for the first 10 years fixed at the rate of 3 1/2 per cent.

The settlement is considered to be effective from June 15 last and for the first year, Belgium will pay the United States \$17,000,000 in interest on the post-armistice debt, \$1,100,000 on the principal, or a total of \$18,100,000.

PRISON LOOMS

ROOZE CASE

Lorenzo Selaya of the Eureka House Held for Trial on Second Offense Under Dry Law.

Lorenzo Selaya will answer in district court to a felony charge of illegal possession of intoxicating liquor after a prior conviction, according to decision reached by Judge J. E. Higgins, at the conclusion of a preliminary hearing in probate court here Tuesday. Selaya was admitted to bond in the sum of \$750 which was furnished.

According to evidence offered at the hearing Selaya was convicted last March of illegal possession of liquor, and is accused of having had a proprietary interest in liquor that was poured out when the police raided the Eureka house here on August 7, last.

The Eureka house was placed on a liquor seizure by order of the district court entered last week.

TWENTY-FOUR DEAD

IN BOILER EXPLOSION

before midnight. The others passed away during the next hour. The district court from judgment explained that it took several hours for the live steam which violently failed to cause death.

Early today state doctor of Julia Robert E. Clarke and George Kelley, general manager of the Blackstone manufacturing plant here, reported that the Mackinac, arrived in Newport to participate in the investigation of the disaster.

NEWPORT, N. I., Aug. 19 (AP)—The Mackinac steamer suddenly mounted to 18 this morning with the report from the Newport naval station that the number had been identified. The explosion of the boilers of the Mackinac steamer last evening caused injuries to more than 100 passengers and members of the crew. In a preliminary report, the total dead as yet with only 14 in a dangerous condition.

NEWPORT, N. I., Aug. 19 (AP)—Two persons took their lives, and a friend and the other an unidentified boy, while 74 were injured, 14 of them seriously, as a result of the explosion of the boiler of the steamer Mackinac, just before 6 o'clock this evening while at a point opposite the naval training station here.

NEWPORT, N. I., Aug. 19 (AP)—There must be mistakes. A dozen more are in dangerous condition and another hundred are injured as the result of an explosion on the steamer Mackinac, bound from Newport to Pawtucket. The boiler of the vessel, which carried the investigation of the disaster when it was opposite the naval training station at Narragansett sound, it was not that it was not on the boiler last night, but that it was on the steamer was bound for the shore.

AGREEMENT REACHED ON BELGIUM DEBT

(Continued from Page 1)

The debt commission will be approved by the Belgian representatives, and the following statement: "The basis of settlement of the Belgian debt to the United States has been reached between the United States and Belgium debt commissions with the approval of the president of the United States and the Belgian political authorities."

Payment of the post-arrived debt, amounting at date to about \$216,000,000 has been arranged on general lines according to other countries. Installments on principal are spread over a period of 25 years and the rate of interest is to be 4 1/2 per cent beginning at the end of ten years as in the other cases. In this case, however, interest payments during the first ten years have been graduated in fixed amounts. Payment on the principal and interest for the first year will be about \$7,000,000, increasing each year until the eighth year, when the total amount repayable on principal and interest is about \$9,800,000.

The Belgian commission has been insisted that the United States should accept the basis of settlement of the pre-war debt of Belgium which was accepted by the Belgian government as a fundamental part of other arrangements made by her under the post-war debt. This settlement was accepted by the other creditors whose nations amounted to over \$300,000,000.

The Belgian debt has hitherto been regarded as totaling about \$480,000,000 including accrued interest at a rate of 4 1/2 per cent. The settlement, however, is based on a principal of \$480,000,000.

C. reports lay before advertisers vital circulation facts that have been checked and verified by trained circulation auditors.

Among A. B. C. publications it is possible for advertisers to compare detailed circulation data as to city and suburban circulation, trading territory, contests, premiums, and other points of interest to advertisers. Only under this plan can they buy space with a full knowledge of the Pertinent Facts. They can have confidence in the effectiveness of their Campaigns.

Before the advent of the A. B. C., advertisers were forced to depend upon hearsay information and "Sworn Statements" of circulation. Detailed figures were not available. Today buyers of space look to the A. B. C. for solid unbiased circulation information and select their advertising mediums accordingly.

THE SPORTS OF A DAY

DOUBLE VICTORY GOES TO BOSTON OVER ST. LOUIS

New York Giants Defeat Chicago; Cincinnati Takes Twin Bill From Philadelphia, and Pittsburgh Wins.

(By The Associated Press) Boston, Aug. 18.—The Boston Braves celebrated the fourth anniversary of the opening of the Braves' field by a double victory over the St. Louis Cardinals today by scores of 6 to 2 and 5 to 0. The visitors were unable to gather more than 11 hits in both games, Robert Hourigan going hitless. Several catches by outfielder Mack and sensational support by Bancroft helped the Braves' pitchers at crucial stages. Truett, former Syracuse player of the International league, played at catcher for the Cardinals.

First game—R. H. E. St. Louis 2 5 2 Boston 6 2 0 Batteries—Bancroft and O'Farrell; Greenleaf and O'Neil.

Second game—R. H. E. St. Louis 2 6 4 Boston 5 6 0 Batteries—Hourigan, Peyer, Schmitt, Graham and O'Neil.

NEW YORK & CHICAGO 1. NEW YORK, Aug. 18 (AP)—Excellent pitching for eight innings by Nantz and 2 runs in the eighth gave the Giants a victory over Chicago, 2 to 1. Nantz pitched best in the second and Muranville tripped innocently. The only other hit of the New York left hander was by Hancock by headbunt in the ninth. Irish Bell hit a home run with one base.

BROOKLYN 4, PITTSBURGH 11. BROOKLYN, Aug. 18 (AP)—Pittsburgh's best pitcher today by defeating Brooklyn, 11 to 4, while the Glats knocked out of the box in the fifth and the Braves scored eight runs off St. Louis. A Dodger "only" real smelted Yule to the showers in the third, but Vic Aldridge held Brooklyn scoreless thereafter.

CINCINNATI WINS TWO. PHILADELPHIA, Aug. 18 (AP)—Cincinnati won both ends of today's doubleheader. The Reds won the first game 5 to 7 and winning the second in 11 innings, 11 to 10. Home runs provided the Red margin of victory in both games. Cincinnati drove by force and south in the sixth inning of the opening game and Cincinnati won one on, followed by Wagner's in the eleventh, won the second game.

First game—R. H. E. Cincinnati 5 7 11 Philadelphia 10 15 1 Batteries—Logan, May and Hargrave; Mitchell, Couch, Betts and Henline.

MISS EDERE IS UNSUCCESSFUL IN CHANNEL TRY

American Girl Forced to Give Up When Six and a Half Miles From Goal After Eight Hours' Effort.

BOULDER, France, Aug. 18 (AP)—Gertrude Ederer, the 17-year-old American girl, failed to swim the English channel today. She entered the strength and endurance and the muscle of her young womanhood against the treacherous waters in a search for glory, but was defeated. The endeavor suddenly six and a half miles from her goal.

Miss Ederer entered the water at 7:15 a.m. at Dover in the morning, and ended her strenuous trial at 3:58 in the afternoon. She soaked her hair and dragged along the water after having been kept afloat by a cork life preserver. She suffered from the temperature of the water being 62 or 63 degrees Fahrenheit, which is warm for the channel.

She tried to swim the channel but was shaken the faith of Wolfe, Barber, Helms, and other channel swimmers. The girl was short of her best physical condition. Old Bill Burgess said: "She will do it if she trains properly."

FROM THE PAST

When one can not say good things about an individual, an institution, a country or a state, common sense would suggest that, in a majority of cases, one would do well to say nothing at all.

Nothing is either wholly good or wholly bad. There are bad spots in the picture of Idaho, but there are highlights of dazzling promise.

For a very definite purpose, and because other methods have very definitely failed, Senator Frank H. Gooding has recently been holding in a public hall in Boise...

It is to be regretted that the Senator could not have his upon a happier method of accomplishing his purpose. For a week or so there has been death in fact and lifeless no statement not acceptable of protest.

As to the temper stirred up about the matter, it all depends upon the point of view. Facts rarely fall in such a manner as to drag into the open as when carefully and systematically suppressed.

What Idaho needs most today is fact. A too great tendency to deal in fiction has in the past been responsible for a good many of the things which hurt today.

Anybody who is willing to examine the entire record will find exactly a part of it used to be afraid of the word "fact" and to be afraid of the past.

THE WHOLESOME TALKER ADVICE: One may do his best and usefully and peacefully the best of ways, as revealed in an interview with Mrs. Thomas A. Ellison in a recent issue of Collier's, dealing with her former husband.

He is keenly interested in the boy, and just as keenly looking ahead to other jobs he wants to take up in the future.

TROING CAUSE OF GRAIN SLUMP

Professional Activities Rather Than Dictum of Economical Factors Govern Market.

CHICAGO, Aug. 18 (AP)—Professional activities rather than the dictum of any economical factor, dictated the price movement of wheat, during the most part of today's session, due to the continued lack of outside interest.

The extraordinary decrease in the visible supply yesterday exerted a steadily influence at the opening and during the earlier trading. The buying by eastern parties in the selling market, however, was not sufficient to prevent the market from slipping.

Prices then advanced substantially for a short interval but the easterners appeared to accept their gains and values receded.

SHEEPMEN OF 4 STATES HERE FOR RAIN SALE

More Than 1000 of Idaho's Best Wool to be Offered at Wool Growers' Association Offering on Fair Grounds.

More than 1000 of Idaho's best wools that are to be offered today at the Idaho Wool Growers' association fourth annual rain sale, were in their place filling three great sheds on the south side of grounds at Ellettsville, this evening, and buyers were assembling from Nevada, Wyoming and Montana, as well as from throughout Idaho. Commitments came from all parts of the state and each of the top priced breeds was well represented. Officials of the association Tuesday evening expressed gratification over the indicated success of the sale, which they said, far exceeds their anticipations.

The sale is to begin at 10 a. m. and will continue until about 4 p. m. when it is believed all of the wools assigned to the sale will have found new owners who will have paid substantial prices for them. E. O. Walker of Ellettsville is in charge of the sale with Drew Sullivan of Rupert as assistant auctioneer. H. B. W. McClure of Hagerman, former secretary of the National Wool Growers' association, will be in the ring. Many of the shippers here to attend the sale, it is expected, will attend a meeting of the Idaho Wool Growers' association to be held at 7 o'clock this evening at the Hagerman hotel here. At this meeting the report of the association's public lands committee is to be submitted by R. T. McNamara, its chairman. The report will contain recommendations advanced at a series of hearings held throughout the state during the summer with a view to formulating an agreement on the part of the livestock industries of the state on a proposed public lands policy to be submitted to the state legislature next week in Salt Lake. Other topics of interest to wool growers to be discussed by specialists at this meeting.

SEASON OF ACTIVITY FOR BOY SCOUTS IS OUTLINED

A series of troop rallies and a general rally with games and concerts in which all scouts of Twin Falls will participate will mark the opening of a season of activity for the boys of Twin Falls next week. The program of the school year, according to plans outlined by F. Douglas Hawley, district scout executive, at a meeting of Twin Falls boy scout council held Sunday afternoon in the public hall here.

Tentative plans for a series of training courses for scout leaders and respective areas in the Twin Falls area were outlined by Mr. Hawley. He proposed that scout leaders be assembled on two or three occasions during the fall for sessions to discuss over two or three evenings at which experienced leaders would demonstrate the work of scoutcraft and at which inspirational addresses would be delivered by qualified persons.

The council voted to make public its annual financial statement in accordance with precedent last year and to arrange for co-operation of other local organizations in a campaign to raise funds for the coming year's activities.

CONGRESSMAN SMITH TO MAKE TWO ADDRESSES

Congressman Addison T. Smith has accepted invitations to make this week before the chamber of commerce at Pocatello and at a farmers' meeting in Blaine county.

Before the chamber of commerce in Pocatello today, Mr. Smith will review the situation in governmental Washington with reference especially to recent legislation and creation of new governmental bureaus.

His Blaine county address Friday he will discuss legislation enacted during the past 25 years for the benefit especially of the agricultural industry.

ANIMAL EXHIBIT STRONG AT FAIR

Horse Department to be Especially Interesting With Wide Range of Entries.

Scores of fine animals will be on exhibit in the big livestock show to be staged at the coming Twin Falls county fair at Ellettsville, September 8 to 11. Of special interest in the show will be the horse department. Purported and grades, ranging from cute little foals to grand old ones, will be exhibited.

The competition for honors in the heavy draft classes promises to be unusually keen, says Superintendent Walter Miller. There is an admitted fact that the light delivery horse is virtually passed in the circles, it also is acknowledged that there is a bigger demand for heavy draft horses for farm work now than at any time since before the war.

The fair management is seeking to encourage the raising of light and better horses on farms in this vicinity, and with this in view is offering premiums for such well known breeds as Friesians, Belgian Whites and Clydesdales. Three classes of horses.

FIRE ALARM SIGNAL FOR CLEARING OF STREETS

When the siren whistles at the fire station sounds hereafter an alarm of fire, drivers of all moving vehicles on the streets must take to the curbs or they will be liable to punishment by clear the way for emergency firemen provisions of an ordinance which has been invoked recently but which will be strictly enforced hereafter, according to statement Tuesday evening of W. T. Leslie, commissioner of public safety.

Failure to clear streets of traffic when the fire alarm has sounded, in the past, Commissioner Leslie stated, not only has endangered lives and property of persons on the streets, but has impeded the efficiency of the fire department.

MURTAUGH DISTRICT TO COLLECT ASSESSMENT

MURTAUGH, Aug. 18.—(Special to The News).—The board of directors of the Murtaugh-irrigation district, in session here Tuesday morning, decided upon an assessment of 30 cents an acre to be levied for the purpose of providing for current operating expenses. C. C. Noble, who was recently appointed a director, was sworn into office.

TRUCK CRASHES INTO STANDING CAR ON HIGHWAY

Twin Falls Family Escapes With Minor Injuries From Hazardous Predicament; Two Machines Wrecked.

A Ford truck driven by Dr. Witt Haight of Twin Falls on the highway about three miles west of Twin Falls Tuesday afternoon, swung around a curve, driven by Mrs. Patrick Wynne of Twin Falls, and crashed into a Ford touring car owned by J. W. Poulton, 1235 Seventh avenue east, that was standing at the side of the road, pushing it through a ditch at the roadside and into a barbed wire fence.

Mr. Poulton, who was outside his car, was caught in the path of the truck and was knocked down—the shock proving most likely the cause of injuries that will doubtless last for several days, although no fracture was caused.

Mrs. Poulton, holding her 10 months old son in her arms, was thrown by the impact against the windshield which she failed to break the glass. The upper section of the windshield had been down leaving a space through which the baby passed unhurt except for minor scratches. Two other children, a daughter, 4, and son 2 1/2, escaped without injuries.

Both the truck and touring car were badly damaged and were brought here for repairs.
