

GOODING ALUMNI HAVE GOOD JOBS

Wesleyan College Traces Careers of Students Graduates; Many in School Work.

GOODING, Aug. 20.—Last year President Charles Wesley Tenny took up the slogan, "All Gooding college graduates have good positions, are doing post-graduate work or are happily married," and present prospects indicate that the same sentiment will prove true with this year's graduates.

Gooding college is only seven years old. In 1919 it had one graduate; 1921, three; 1922, six; 1923, seven; 1924, six; 1925, nine.

Among them are Erle Officers of Blackfoot, who is pastor at Prairie City, Oregon; Edith M. Roberts, Boise, has done post-graduate work in the University of Idaho; is president of the Idaho State Parent-Teacher association and will teach in Gooding college this year; Nellie Knox of Homet is secretary in the Y. W. C. A. at Bellevue, Washington; Hugh Walburn, Jerome, is in the Y. M. C. A. at San Diego, California; Richard J. Houston, Gooding, is teaching the dominant high school; Elizabeth Marie Douglas, has taught in Bull and Kimberly high schools and will take post-graduate work at the University of Southern California this year; George Crandall, American Falls, has done post-graduate work in the University of Wisconsin and teaches science in Aberdeen high school; George Timms, Gooding, will teach in Hagerman high school; Verla C. Fouts, Wendell, is secretary for Russell & Bird, Gooding; James Mullin, Payette, teaches mathematics in the Filer high school; Roy Nelson, Wendell, has a degree from Idaho State college and teaches in the Colorado state school for the deaf and blind; Stahl Butler, American Falls, also won his master's degree at the University of Idaho; is principal of the institution this year; Warren A. Bohlen, Boise, taught in Kimberly high school last year, completed the work at the University of Idaho this summer; will return to Kimberly this year; Harriet Throckmorton, Rupert, taught in Paul high school last year and has been elected principal of the school; will teach in Kimberly high school, as will his associate, John Beckwith; Ruth Eaton, Wendell, will teach English in Hagerman high school; Alfred Biebers, Filer, will have charge of the commercial work in Arco high school; Blanche Otto, Filer, is employed in the Salt Lake City library and takes post-graduate work at the University of Utah; Alvin Lee of Jerome and Cora Baggs of Kimberly expect to teach; Laelle Hellock, Joseph, Oregon, has taught in Hagerman high school for the past 12 years and expects to teach in Oregon this year; Mrs. B. A. Horn will teach in the Elia public schools; Mrs. Jennie O. Lawwill will teach in Middleton.

This year's students include Howard Quiley, Jerome; Erna Young, Rupert; Edith Nelson, Wendell; Wilma Robinson, Ashton; Lawrence Jessamy Manspeller, Danville; Doreen Boyd, Pallas; McNeil, Baker; Hilma Key, Jerome; Marguerite Hinson, Hazelton; Eliza Martin, Hugo, Colorado; William Jones, American Falls; Hope Thornell, Jerome; Edwin Fryer, Castelford; Elsie Williams, Elia.

Last year's class returned to school one hundred per cent strong, had only one member fail to graduate and have most of its members already placed in good positions, but the class of 1925 is already working hard to equal or even excel that as well as all previous records.

Says The U.S. BUREAU of STANDARDS

Consider the Experience of the BLUE LINE STAGE

As for actual performance under difficult conditions, read the following extract from a letter written by the Blue Line Stage Line, which operates a 105-horsepower Pajoco Coach between Boise and Twin Falls, Idaho, on a daily schedule:

"In a careful check during 8500 miles, our Pajoco Coach has used only two gallons of Vico motor oil. This, we think speaks for itself. To us, the performance of Vico motor oil conclusively proves the ability to stand up under heat and high pressure. The above speaks definitely about that Vico has the 'body' to withstand the scorching work demands of it."

VICO
MOTOR OIL
has the highest Flash Point of 13 oils tested
The U.S. BUREAU of STANDARDS
which is the Scientific way of saying:
Vico stands up best under heat!

THE U. S. BUREAU OF STANDARDS is the "Supreme Court" in matters of lubrication. It is the highest authority there is. From its decision there is no appeal. In a recent test of 13 brands of motor oil, selected by the largest refiners on the very cream of their motor oils, the Bureau of Standards reported that VICO possessed the highest flash point of all—525 degrees Fahrenheit.

The flash point is the temperature at which oil gives off enough vapor to momentarily ignite when a small flame is applied to it. Oil has to reach its flash point before it will burn.

What This Means to You—
VICO's high flash point insures a safe lubrication at all temperatures. The oil retains a sufficient viscosity, or "body," to protect bearing surfaces and cylinder walls under all conditions. Yet Vico costs no more than other oil! Why be satisfied with anything less than the best oil for your motor?

Vico's Victory is Utah's Victory

RAINS IN IDAHO ARE BENEFICIAL

Weekly Summary of Weather and Crop Conditions in Idaho Reports Situation Favorable.

Rains last week delayed harvest and threshing in southwest Idaho to some extent but were generally beneficial to new seedling potatoes and sugar beets, according to a weekly summary of weather and crop conditions covering the week ending last Tuesday which has just been issued by the United States weather bureau office at Boise. The summary includes field reports as follows from Twin Falls, Bluff and Burleigh in Twin Falls county: A Twin Falls-A couple of rainy days checked what, threshing is now in nearing completion; making 20 to 25 bushels per acre; early potatoes yielding very light; some beans not setting very good; corn and late potatoes doing fine.

Bluff-In latter part of week delayed threshing; hail storm on Thursday and strong wind from south caused heavy damage to late-rigged crops and orchards; fortunately the hail hit a narrow strip of country only.

Burleigh-The heavy precipitation of the Bluff district did not seem to do much good to the seedlings; some but high, causing damage to beans, corn and beets; hails above some damage by white fly, ground, crop stalks; threshing commenced; potatoes in the vines slightly damaged by hail.

Mercury Lowers With Generally Regarding conditions generally in southern Idaho, the summary says: The week opened with rain, but following the copious thunder showers that occurred in many localities on Thursday and Friday, much cooler weather followed. The thunder showers were attended by squalls, heavy rain, and hail that damaged crops severely in portions of Gem, Canyon and Twin Falls counties. The rains delayed harvest and threshing in some extent but in the main they were beneficial, especially to new seedling, pasture and ranges. Light frosts occurred in several localities, but damage was slight and was confined to tender garden and truck crops. Corn, beans, late potatoes and beets continue to grow well.

The work in southeast Idaho was cool and light to heavy local rains were frequent occurrences. In fact, heavy frosts occurred in the northern counties on the fifteenth and sixteenth causing some damage to spring grain and to potatoes and truck crops. Harvesting of wheat and oats is progressing in the south and beginning in the north. Precipitation has begun in Malheur county. Some early potatoes are being dug and shipped; late potatoes are doing well. Beets are making good growth. The range is in excellent condition.

In north Idaho the weather was fair with moderate temperatures during the first half of the week, but the latter half was much cooler and copious rains occurred on Thursday and Friday. The rains interrupted harvest and threshing, but did great benefit to pasture, truck crops, fruit, corn and beans. Head lettuce in the Lewiston valley is coming up to a good stand. All stock are in good condition.

SCHOOL DIRECTORS TALK FINANCES WITH AUDITOR

Trustees of Twin Falls independent school district at an adjourned meeting Thursday evening discussed with Edwin A. Wilson of the Idaho A. S. W. the financial condition of the district. Wilson stated would be completed early next week at which time it would be prepared to make a final report in the report.

TRUCK DRIVER PAYS FINE

David Haight, driver of the Ford truck that crashed into a car owned by A. W. Foulton, 1335 Seventh avenue, that was standing at the side of the highway three miles west of here last Tuesday afternoon, in private court Wednesday pleaded guilty to charge of violation of the law, and was sentenced by Judge F. H. Hetherington to pay a fine of \$25 and costs.

WHEAT CROP YIELDS WELL

Yield of 65 bushels of wheat or an average of 54.33 bushels per acre was obtained from a field of 112 acres grown by E. W. Collins on his farm two miles north of Twin Falls, according to the bureau's report.

Warrants of American Falls Receiver District Numbers A-250 to A-254 have been returned to the receiver's office. Interest on these warrants ceases Aug. 22, 1925. W. J. SPENCER, Trustee.

Heiress Wins Her Freedom.

SCOUTS ACHIEVE HIGHER HONORS

Court of Honor at Busy Session Confers Life Rank on Two; Three New Star Scouts

Twin Falls boy scout court of honor met last evening, conferring the rank of life scout upon George Sprague and George Taylor and the rank of star scout upon Frank Peavey, Owen Keefer and Phil Davis. The products courtrooms here conferred the advancement of five ranks to first class rating and of three to second class rating and awarded a total of 30 merit badges following examination proving the proficiency of the applicants in the several phases of scouting.

Newly advanced first class scouts were Owen Keefer, Wayne Kenworthy, Wayne South, Jack Gray and Edward Varney. Scouts who were advanced to second class rating were Weston Jones, Maurice Carlson and Jerry Eaton of Kinleyville. Merit badges were awarded as follows: Firstmanship—William Young, Robert McNeil, William L. Young, Hubert Osgood, Frank Peavey. Cooking—William Young, Jason Haynes, Clarence Nye, George Sprague, Frank Peavey, Owen Keefer. Citizenship—Frank Peavey, Clarence Nye, Stewart Brown. Swimming—Phil Davis, George Taylor, Jason Haynes, Clarence Nye, Robert McNeil, Frank Peavey, Tom Peavey, John W. Wyatt. Life Saving—Tom Peavey, George Taylor, George Sprague, Robert McNeil, Frank Peavey. High Stays—George Taylor, Melvin George, Phil Davis, athletics, George E. Taylor and Owen Keefer; cycling, Phil Davis; civics, Jason Haynes and Owen Keefer; electricity, Clarence Nye; mechanics, Tom Peavey.

Three Story Hotel In Texas Destroyed By Flames; Big Loss

(By The Associated Press) SAN ANGELO, Texas, Aug. 20.—The three-story Landon hotel was burned to the ground here this afternoon, causing damage of \$150,000 to it and surrounding property, but no lives are believed to have been lost. The fire, which burst from top to bottom of the building almost in an instant, is believed to have started in a kitchen or in the front of the kitchen.

LION TAMER SENTENCED

(By The Associated Press) LOS ANGELES, Aug. 20.—Robert Sova, who quit lion taming to take up window washing, and quit window washing to try his hand at bank banditry, was sentenced to a year in prison yesterday to a term of months ago and was captured within a block of the cashier's window by a hastily organized citizen's posse.

Government Line Is For Sale, According To Board's Report

(By The Associated Press) WASHINGTON, Aug. 20.—The government's Original mail line running from Seattle to the Orient is for sale but President Palmer of the fleet corporation said tonight that the only communication on the subject from the board of directors was received about a month ago in a letter indicating that they might submit a proposition before long.

A somewhat similar advance, indicating in fact, it understood to have been received from about the same time last night has not been revealed. The dollar interests last spring bought the California-Orient line, running out of San Francisco, which was operated at that time for the board by the Pacific Mail Steamship company and was believed that they might make an offer later for the line out of Seattle.

SIGGINS WANTS SOLONS TO CEASE MAKING LAWS

COEUR D'ALENE, Aug. 20.—(Special to The News)—How much good would be accomplished if a majority of the members of Idaho's next legislature could be elected on a platform of retrenchment and economy, but pledged not to pass a new law and to repeal laws now on the statute books, C. C. Siggins, Twin Falls county auditor and chairman of the legislative committee of the State Association of County Auditors, declared in the course of an address before the auditors' association here yesterday.

Mr. Siggins stated that he had watched every legislative session convened in Boise since Idaho became a state and had been acquainted with many of the members of the state constitutional convention. Our tax laws, Mr. Siggins asserted, have been changed to a greater or lesser degree every two years for the last 25 years. "All of which," he declared, "adds to the confusion and chaotic condition in which most of the counties find their delinquent tax bills. The members of the legislature since 1905, has, in my judgment, been detrimental to the state and made it harder for officers charged with the execution of the law and carrying on the business of the state and county."

HIGH KLAN OFFICIALS PLAN A CONFERENCE

(By The Associated Press) WASHINGTON, Aug. 20.—High officials of the Ku Klux Klan will meet Monday at Hot Springs, Ark., says the Washington Post tonight. The district a legislative program expected to be the prohibition of the teaching of evolution from public schools and to close America to all aliens.

"Quoting a recognized spokesman" for the Klan, the Post said, the meeting is described as the annual national conference of the "hate" articles. Approximately 500 are expected to attend the sessions. Hearing evolution, the Post said, it was informed that both state and national legislation might be sought by the members under charge would be made to bar the teaching in state-maintained institutions of higher learning. The spokesman added the newspaper said, that no movement was contemplated against parochial or private schools.

BRAIN EMITS SOUND, IDEA

PARIS, Aug. 20.—The human brain emits distinctly heard sounds when it works under certain conditions. Prof. Ferdinando Cassanelli asserts in a scientific report to be published in the forthcoming *Revue de Metaphysique*. Professor Cassanelli is head of the department of anatomy and physiology in the University of Milan. His experiments are described as convincing.

COOLIDGE BACK IN HOME TOWN

President Spends Night at Scene of Earlier Political Triumphs at Northampton.

NORTHAMPTON, Mass., Aug. 20.—President Coolidge tonight was back in his home town, seat of his earlier political triumphs, for an overnight visit. He arrived here late today after traveling 125 miles by automobile from his father's home in Plymouth, Vt. Tomorrow he will continue on his way to Swampscott, arriving there probably before midnight. Leaving his father's home in the "erman" hills immediately after lunch in company with Mr. Coolidge, the president traveled by a roundabout route over bumpy, dusty roads through Northampton, Massachusetts, Springfield, through Greenfield, and into Northampton before the wheels of his automobile came to a stop. At the Northampton city limits, the president was greeted by a reception committee headed by Mayor Joseph P. He passed for a moment to shake hands, then continued on to the home of Mrs. Eliza Goodwin, widow of Mr. Coolidge, where he was to spend the day.

Commander's Order Has Tailor Puzzled For Way to Answer

(By The Associated Press) CHICAGO, Aug. 20.—Somewhere in Washington a tailor is pondering over two words—please acknowledge. He has an order for a suit of clothes, which must, must, in price and type of garment, it is not an order to be ignored. It is practically here the last "must," but this worries the tailor and his concern is only with two words. Yesterday Tailor Commander A. P. McDonald, about the S. R. Peary at Elm, Greenland with the MacMillan Arctic expedition, realized that he had given to the tailor. The suit, he said, must be of navy blue and a commander's uniform, with delivery to be made at Boston not later than September 20, but the message here of instance "please acknowledge," but did not say how. McDonald's friends here say the tailor has the order, will make and deliver the suit and mean time hunt for a means to answer.

Brass Star Taken From Historic Ship Is to Be Replaced

(By The Associated Press) BOSTON, Aug. 20.—A brass star from the pedestal of "Old Ironsides" steering wheel came back today to be placed in its original position, from where it was taken 40 years ago by a young midshipman, who simply became of the deck, who in my early years did after taking up his residence with me, did interview and pry from her wheel about the quarter deck a brass star. The name of the cadet who re-accumulating letter was withheld by Admiral L. B. Beardslee of the Charlestown navy yard, who is interested in restoring the star to its original state.

Artists Held Over

J. H. Sherer, who remains over to give another Organ and Voice Concert on Sunday night will be accompanied by his wife today. Friday night Saturday morning from 10 to 12 to give free consultation and to arrange special coaching in those interested in Organ and Voice production. It is a great opportunity to get the advice and help from a master artist. Mr. Sherer has trained many famous New York singers.

MOTOR ETHICS
The American Automobile Association is starting out to formulate and put over a "national code of motor ethics."

First get good road rules, then make them known, then persuade everybody to do his best to live up to them, that is the spirit as well as the letter of the law.

And it isn't mere disregard of these "civilized" rules. Any slight inattention of what other drivers may, rightly or wrongly, be by their own rights, is often not nowadays with an explosion of profanity and obscene language.

DISTRIBUTING FORTUNES
"Any man who talks," says R. C. Furber, writer on business and finance, "is more frequently come across very rich men who do not contemplate without misgiving the bequeathing of millions to their children."

AMSTERDAM
Mrs. Hester, Hopkins and little daughter Viola spent last week's vacation on Twin Falls on Thurs day's train.

Mr. and Mrs. Alvin Holmquist moved to Twin Falls on Saturday afternoon.

DADDY'S EVENING FAIRY TALE
Mary Graham Bonner

THE PROMPT TIDE

Francis loved the water. Many was the time she and Alice used to go down and play among the rocks at Green Hill.

She could hide between the rocks, and there were so many nice places to sit and have a little picnic.

And it isn't mere disregard of these "civilized" rules. Any slight inattention of what other drivers may, rightly or wrongly, be by their own rights, is often not nowadays with an explosion of profanity and obscene language.

So they planned and talked of the Saturday picnic.

They had sandwiches and ginger ale and oranges and candy and cookies," Francis suggested.

"All right," Alice agreed. "I think we will have six children—no, maybe twelve would be nice—six of each. And we'll have four dogs and three canary birds and some pollsters in the spring when they only look like specks in the gray jelly, they live in called green hills."

"The animals won't need one. What do you think you'll do?" Alice changed her plans quite often.

"I must be funny to be the tide," Alice said, "and just go on and on, and never plan at all!"

They could climb about. About a point, but she went off to see a circus she thought nothing in the world more than a deer make her so happy as to be a trap cage performer.

she will. She's pretty good that way." "Now let's talk, Francis said. "What meant their plans for the future."

"I said Francis," "want to be married to a man who makes speeches, does a double duty."

"I must be funny to be the tide," Alice said, "and just go on and on, and never plan at all!"

BY 1930
85 per cent of homes will be using "Halftime" pressure cookers and canners.
WHY?
1. Cooks and runs in one-fourth regular time.
2. Prepares two or more foods in one container—saving dishwashing as well as fuel.
3. Saves from 25 to 50 per cent more food values—cuts down food bills.
4. Only quick and safe method of cooking and canning meats and vegetables.
5. Saves the person more efficient—more mental and physical vigor.
6. The "Halftime" saves from 100 per cent to 300 per cent interest on money invested each year for 10 to 30 years.

The Twin Falls News is one of the many progressive publications, members of the Audit Bureau of Circulation, that have adopted an open and "Above Board Circulation" policy. A. B. C. reports lay before advertisers vital circulation facts that have been checked and verified by trained circulation auditors.
Among A. B. C. publications it is possible for advertisers to compare detailed circulation data as to city and suburban circulation, trading territory, contests, premiums, and other points of interest to advertisers. Only under this plan can they buy space with a full knowledge of the Pertinent Facts. They can have confidence in the effectiveness of their Campaigns.
Before the advent of the A. B. C., advertisers were forced to depend upon hearsay information and "Sworn Statements" of circulation. Detailed figures were not available. Today buyers of space look to the A. B. C. for solid unbiased circulation information and select their advertising mediums accordingly.
You can secure such facts on the Twin Falls News by referring to the latest A. B. C. Report. A copy will gladly be furnished on request.

CHINA INVITES U. S. TO PARLEY

THE SPORTS OF A DAY

WASHINGTON IS NOW LEADING JUNIOR LEAGUE

Senators Forge Into Top Place When They Win Thursday's Game While Philadelphia Is Losing to St. Louis.

(By The Associated Press.)
ST. LOUIS, Aug. 20.—Eight Fielder Harry Rice's home run and Manager George Nister's triple with a man on base in the ninth inning of today's game gave the St. Louis Browns a clean sweep of the three-game series and relegated the Philadelphia Athletics to second place in the league standings. The score was 7 to 0, Washington, by virtue of its 12th inning victory over Cleveland, now leads the American league by a scant six-point margin.
The Brown pounced Walling and Groves for an even dozen hits, including two home runs, a triple and a double. Five pitchers were used by Manager Nister in stonewalling the Athletics.
Rice's home run with two men on base in the fifth inning featured, Marty MacManus, second baseman of the Browns, also hit for the result.
The score: St. L. 7, Philadelphia 0, C. 0, St. Louis 7, 12 to 0.
Cleveland 0, Washington 7.
Cincinnati 0, Pittsburgh 10.
Detroit 0, Boston 10.
New York 0, Chicago 0.

CLEVELAND 0-WASHINGTON 7

CLEVELAND, Aug. 20.—Cleveland and Washington battled for 12 innings today before Washington took 1 to 0 in the final game of the series. Marberry took second base on Hodapp's wild throw at the start of the seventh. Rice singled, R. Harris hit to Hodapp and Marberry was thrown out at the plate. Harris fumbled out at the plate. Harris fumbled out at the plate. Harris fumbled out at the plate.

MIDDLE-WEIGHT-CHAMP IS HURT IN CRASH NEAR PITTSBURGH

PITTSBURGH, Aug. 20.—Harry Greb, middleweight boxing champion, was seriously injured early this evening when his automobile overturned a few miles from this city. He was brought to the West Penn hospital, where physicians said he sustained two fractured ribs and cuts and bruises on his back and chest. The extent of his injuries, which he may have suffered will not be known until X-ray photographs have been made. It was said the champion's condition was declared to be serious but not necessarily dangerous.
Greb and two other men had started in the boxer's car for Erie, Pa., where the former was to fight Jimmy Duragh tomorrow night. As they were on the highway, which was slippery from a light rain, the party observed two parked automobiles at the foot of the hill—shocking the highway—Greb drove on a narrow ledge and his car, which wheels locked, skidded off the road and turned over. His companions were not seriously hurt.

CHAMPION SENATORS IN AMERICAN LEAGUE LEAD; PIRATES GAIN

CHICAGO, Aug. 20.—After fighting from behind courageously for several weeks, the world's champion Washington Senators today regained first. Continuing the dangerous slide that started with their departure from home, the Philadelphia Athletics dropped to a point one game behind. Following offensively by having another close contest whisked out of their reach by St. Louis, 7 to 0. The champions, however, had the punch to break an 11-inning tie with Cleveland and won 1 to 0 in the twelfth.
Pittsburgh's Pirates, having lost in a single day, are evidently still in the hunt for New York. They are now one game behind the Giants. The Giants draw dangerously close, regained their three-game lead of Tuesday by winning from Brooklyn, 2 to 1, while the Giants accumulated to the Cubs, 5 to 2.

JAPAN TEAM SHIPPING

BROOKLINE, Mass., Aug. 20.—Japan's Davis cup tennis team from Okla. on the verge of elimination from competition for the Davis cup today played a final day in the American zone and against Australia. In the three open singles matches Australia defeated the Japanese. In the doubles match the Japanese won. The Japanese now must capture the Davis cup in the final round.

MISS RYAN DEFEATED

FOREST HILLS, N. Y., Aug. 20.—Miss Elizabeth Ryan's contest for the tennis laurels of her native land after a long and brilliant campaign abroad, came to an unexpected and timely when the Californian bowed to her brilliant rival, Miss Kathleen Godwin, in a sensational three set set, 2-6, 7-5, 6-2.

DUMB BELLS

WILLS TO SAIL FOR HOME SOON

Negro Heavy Weight Contender Now in Paris and Plans to Leave for New York Aug. 29

PARIS, Aug. 20.—Harry Wills, an American heavyweight pugilist, contender for Jack Dempsey's crown, arrived in Paris today looking trim and fit after three weeks at Carlsbad and asserting that he was ready to take on any opponent, with four weeks training after he reached America.
Wills said he would sail for New York August 29, having received a cable from his manager, Paddy Maloney, in his absence.
He left here September 2nd, bringing an American passport, but getting no further particulars.
"I know about my being antech to fight Gene Tunney on September 25, if that is true, I am ready. The only thing I am afraid of is that the boxing authorities won't stand for my meeting Tunney. You see, he only weighs 180 pounds, while the lowest I can make is 212. However, if they are satisfied, I am ready."
Concerning a bout with Jack Dempsey, Wills said that the date in 1926, proposed by the champion still held perfectly.
Wills will leave Paris Monday for a tour of the battlefields and will return in time to board the Aquitania at Cherbourg.

PIRATES DEFEAT ROBINS; GIANTS DROP ONE MORE

Pittsburgh Wins From Dodgers, 2 to 1, by Freak Home Run; New York Unable to Get But 3 Hits in 8 Innings.

(By The Associated Press.)
BROOKLYN, Aug. 20.—Brooklyn's freak home run in the sixth inning today, gave Pittsburgh the margin by which it defeated Brooklyn, 2 to 1 and made the advantage in the current race a full three games as the New York lost to Chicago. Cuyler's hit appeared to be an ordinary single, but bounded high over Brown's head in center field and rolled to the exit gate.
In the fifth with Brooklyn players crowding the bases, Cuyler cut down a triple from Brown's bat with a scabbing overhand catch. Brooklyn's only run was a lower by Zack Wheat in the first. Cox, Brooklyn outfielder, who had hit safely 21 straight games was unable to solve Kromer's delivery.
The score: R. H. E. Pittsburgh 2 8 0 Brooklyn 1 10 0 Batteries: Kromer and Smith; Grimes and Taylor.

NEW YORK 3-CHICAGO 6

NEW YORK, Aug. 20.—Tony Knuttfmann held the Giants to three hits in eight innings today and staved off a desperate rally in the ninth to give Chicago a 6 to 3 victory. Healy went the full distance for New York and drove in all three runs. The defeat put the Giants three games behind Pittsburgh in the league race.

BOSTON 0-ST. LOUIS 3

BOSTON, Aug. 20.—The Boston Braves swept a four-game series from St. Louis, by taking the final game today. Lou Gehrig, Brooklyn's longest hitting slugger, again went hitless in four trips to the plate. He made only one hit in the series. The Braves' lineup checked up. Barnes in consolation style in the pinch. His line of the game were home runs by Hisey and High, each when a man was on base.

PHILADELPHIA 4-CINCINNATI 8

PHILADELPHIA, Aug. 20.—Cincinnati made it three out of four by taking today's game with Philadelphia 8 to 4. Hisey was fouled for eight hits in the pinch. His line of the game were home runs by Hisey and High, each when a man was on base.

AMERICAN GIRL TO TRY THE CHANNEL-SWIM AGAIN, 'IS DECISION

BOULOGNE, Aug. 20.—Undeterred by her recent failure to swim the English channel, Gertrude Ederle will make another attempt August 31 or September 1.
Julia Wolff, the American girl's trainer, has given way to "Old Bill" Burgess, one of the men who has successfully negotiated the channel and who trained Miss Lillian Harrison, the girl from the Argentine.
Miss Harrison may take the water along with Miss Ederle.
Ishak Helmy, the brave Egyptian, attempted a crossing Saturday or Sunday.

Joe-K Says: "Business is Good! There's a Reason: PARAMOUNT! The Better Pictures!" Nuf Cedi!

ARE YOU RUNNING A BUSINESS OR A CIRCUS?

While no business man would think of transporting his goods on the back of an elephant, there is a strong family resemblance between the elephant and the "heavy" truck which, like the pachyderm, is becoming rarer and more and more a symbol of showmanship.

The fact that more than half of all the trucks in operation in the United States are "light" trucks, that 78 per cent of these are Ford trucks is evidence of the passing of the "heavy" truck.

The operating economy of a unit weighing 1500 pounds compared with others weighing from 4000 to 8000 pounds is obvious. There is no comparison in first cost. Yet the Ford truck equipped with the Warford Auxiliary Transmission, will haul the same loads—just as rapidly—just as surely.

With this transmission, the Ford truck hauls two tons at Ford operating cost, and from three to four tons on trailer equipment.

The Heavy Duty Warford

- Three Point Suspension.
- Double Pulling Ability.
- 30 per cent increase in Road Speed.

PRIMITIVE COOKING IN PIGMY LAND

In the Sierra de Perilla uplands of Colombia there is a race of pygmies the tallest man of which is only four feet high but according to Dr. George D. Buxton who writes in the World's Work, their size is only one of many curious things about them.
