

STRIKE CALLED BY PRESIDENT

Suspension of Work in Anthracite Fields Ordered September 1 by Officials of United Mine Workers.

(By The Associated Press) PHILADELPHIA, Aug. 27.—A suspension of work in anthracite fields was called today by John J. Lewis, president of the United Mine Workers of America.

The suspension was called because the miners were unable to obtain from the operators a 10 per cent wage increase, adoption of the new tariff regulations for day workers and various other demands which made essential terms of the strike contract expiring August 31, 1925.

The order involves a withdrawal of 150,000 men, of whom about 100,000 will probably be left in the mines for maintenance work and the prevention of flooding and cave-ins.

The operators and the miners were declared at a meeting held at the Pennsylvania state capitol building in Harrisburg, Pa., last night.

The suspension order follows:

"Dear Sirs and Brothers: Unable to agree with the operators on the terms of the new contract, the miners are unable to arrive at any understanding affecting the conditions of employment to be effective after August 31, 1925. Therefore, on August 27, 1925, at 12 o'clock, P. M., I have called a strike, and it is advised that you are being in effect, a suspension of mining operations in the anthracite fields." CAPTAIN SEEKS TO DEFEND ACT

Too Much Importance Given Charges Against Marines Accused of Sleeping on Duty.

SWAMPSCOTT, Mass., Aug. 27 (AP)—Captain Adolphus Andrews, who is commanding the 10th Marine Regiment, has jurisdiction over the marine detachment here, sought today to defend the charges against a corporal and a private nurse.

He said too much was being made of the affair and that there was no cause for it. In the ordinary run of infractions of discipline, he said, he would not have publicized the matter, if any, if it were not for the fact that the London officials had been involved in the case.

Two Not Yet Tried

Despite the efforts to keep developments a secret, it was established that two marines, General Anthony (Phantom) Cleveland and Private Charles Key of the 10th Marine Regiment, will face a court of three naval officers attached to the Marine Corps here in the next few days.

FORD ANNOUNCES NEW LINE OF BODY TYPES PRICE REMAINS SAME

Body changes and chassis refinement more pronounced than any made since the adoption of the model T chassis were announced here today by the Edsel Motor company, Ford dealers.

Outstanding features of the improvements in both open and enclosed types are lower, closed bodies on a lowered chassis, new design in front-end, newly designed seats and larger, more powerful brakes.

Longer lines, effected through higher radiator and redesigned hood and fenders are prominent in all the improvements. Each car, but are especially pronounced in the open type.

While rambunctious and touring car remains in black, the closed bodies are finished in chrome-plated steel or chrome-plated steel with black fenders, newly designed seats and larger, more powerful brakes.

Greater comfort is provided for driver and passenger in both open and closed cars by larger compartments, more deeply cushioned seats and greater leg room.

Many new conveniences are also incorporated in the improved cars in the runabout, touring car, coupe and the gasoline tank is under the hood and filled through an independently-located filler cap.

SPANISH WAR VETERANS PLAN TO HOLD REUNION

BOISE, Aug. 27.—General McCall's camp, No. 5, United Spanish War Veterans, will be host to all the veterans who served with the United States military and naval forces during the period from 1898 to 1902 in the Spanish-American war...

The ranks of the Spanish war veterans are being depleted rapidly and the purpose of the reunion is being called a "chance" of the survivors of that memorable time and for the purpose of becoming better acquainted with each other.

Members of the national or local organizations are urgently requested to attend as matters of importance to every comrade, whether a member or not, will come up for discussion and action.

If for any reason a veteran is unable to attend, he will help himself and comrades by sending his name, address and the regiment he served in to Bywater Kinney, adjutant of General McCall's camp, No. 5, 123 South Eighth street, Boise, Idaho, who will inform him of the proceedings and plans for his benefit.

The reunion will be held in High School park, adjacent to Four Square. There will be a business session commencing at 2 o'clock sharp. Bring your families and your lunch. Coffee will be served free on the grounds.

Proprietor's Guard. The "proprietor's guard" is a name given to the vicious criminals, or mad dog plant, referred to in John 4:10, which affected the prophet before he was to be crucified, and which was supposed to have come upon a night and perished in a night. This plant was formerly a native of Asia, but is now naturalized in America, Africa and the south of Europe. It is allied to the cucumber, but in some species the fruit attains enormous sizes, specimens having been found to weigh as much as two and three hundred pounds. In India the plant is a tree, but in America it seldom attains a greater height than three or four feet. The seeds contain the oil so well known as castor oil.

Old Proverbs. "Taking cows to Newcastle" is English for "to be deceived." The saying, "Taking cows to Athens," for the city was at that time infested with these birds. Other such expressions throughout the East convey the same idea.

Scratching Polish. Abrasive particles in brass polish scratch and the polish should never be used on plated trimmings. When cleaning a car with sponge or ammonia the strokes should be in straight lines, not circles.

CREDITORS OF FRANCE TO BE TREATED ALIKE

Debt Settlements With Great Britain and United States Must be Similar, Paris View of London Negotiations.

(By The Associated Press)

PARIS, Aug. 27.—M. Caillass's conversation with Winston Churchill, British ambassador at Paris, at London, concerning France's debt to Great Britain are regarded in cabinet circles here as profoundly relevant to the forthcoming negotiations in Washington respecting the French debt to the United States.

Cabinet members here have gradually developed into two convictions: First, that the settlement with the United States and Great Britain, which must be predicated upon French resources, now that northern France is nearly restored and second, that France can have no other policy than to place the United States and Great Britain upon precisely the same basis.

Both friendly creditors are entitled to its share in all that France can pay and the United States, though made before the war by the United States, cannot be considered as a first lien. As the two loans total nearly the same the same must be done to each country must correspond alike.

The French finance minister is determined to deal with the United States and Great Britain so that both shall know what has been done, he is making an effort to play off one against the other. This method, from the French standpoint, that the British government should not advance directly or indirectly loans that the United States ought not to give letter terms to France than to Britain.

Contention Made. As an interested creditor, it is contended, it is to Great Britain's advantage that France make an arrangement with the United States within France's capacity to pay and not to complicate the Washington negotiations by diluting claims upon that country which might tend to prevent any agreement.

BOY BREAKS ARM IN TUMBLE FROM HORSE

AMSTERDAM, Aug. 27.—Harold Caldwell, eight-year-old son of Mr. and Mrs. J. E. Caldwell, had the misfortune to break his right arm at the wrist on Saturday morning. The accident was caused from a horse stumbling and falling with him. He was at once taken to Twin Falls and is reported as getting along nicely.

Wants Change Made. John M. McFarlane, president of the Utah Cattle and Horse Growers' association, made a strong argument for alteration of present policies and immediate control of the unappropriated areas under control. Mr. McFarlane asserted from more than 10 years active acquaintance with Utah's range that the twenty-million acres of public domain has lost one-half its livestock carrying capacity in the past 15 years of unregulated public domain.

Controversy Vivid. Considerable controversial matter entered the record from the different viewpoints presented, especially as to points of grazing cattle and sheep on the same range. As to the first of these the cattlemen asserted that the policy of delaying cattle entry on the same range had been nullified in the far West by sheepmen, who later the sheepmen retorted by declaring that the rival interests had been favored by the service to the detriment of sheep ranges.

SECURITY PACT PROPOSAL MADE TO THE GERMANS

Invitation Extended in French Note to Government for Detente Treaty to Stop Futur Wars in Europe.

(By The Associated Press)

LONDON, Aug. 27.—France and her allies have invited Germany to join a security pact under a treaty intended to guarantee an entire era of peace in western Europe. The invitation was extended in a note handed to the German government by the French ambassador at Berlin on Monday and made public in the various capitals tonight. It is a reply to Germany's note of July 20, on the subject of security.

In their reply the French, in common with their allies, confine their views to observations on three points, that the treaty of Versailles must not be modified; that Germany should enter the league, not with reservations as Germany has suggested, but as an equal footing with the other members; and that provisions should be made for compensating a situation of future disputes between nations.

Conference in Prospect. An early conference between the German foreign minister and the allied foreign ministers is already in prospect. Word came from Berlin tonight that the British, Belgian and Greek ambassadors had joined in a statement that the allies considered it desirable that their judicial experts should meet German experts in order to clear up judicial and technical questions and pave the way for meeting of the foreign ministers. It is expected the experts will get down to "round table business" in London next Monday.

The French note, to which the German dispatched their reply this evening, observed that the German government had twice drawn attention to "the eventual possibility of consulting agreements under which existing treaties might be adapted to changing circumstances," and that the Germans also "suggested the hypothesis of modification of the condition of the Rhineland occupation."

Nothing Can Be Done. To both of these suggestions, the French in effect, have replied that nothing can be done. The French note points out that the covenant primarily grounded on reciprocal respect for treaties which formed the basis of the public law of Europe, and declares that France and her allies consider that the Versailles treaty rights, which Germany as well as the allies pursue into it "must be impaired" or modified.

As for Germany's entry into the league, the note asserts that "it is the only solid basis for a mutual agreement." The allies take the position that if Germany has any reservations to make about league membership this time and place to make them at the entrance of the league after Germany gets in, and not from outside "where they would have assumed the character of conditions."

PIRATES DEFEAT BOSTON; GIANTS TO CINCINNATI

Pittsburgh Shuts Out Opponent; New York Unable to Cope With Reds; Brooklyn Trims St. Louis, 9 to 10.

(By the Associated Press.) NEW YORK, Aug. 27.—The Cincinnati Reds defeated their four game series with the New York Giants today, winning the last game of the series 7 to 2. As the Pirates fought at Boston today, Pittsburgh increased its lead in the pennant race to six and one-half games. May, the left handed pitcher, continued his great work when he pitched and allowed only one run, two hits and one walk. Kelly doubled, bringing in the Giant tally. Triples by Walsh and Pineda were responsible for their three run scored off Greenfield.

The score: C. I. H. E. Cincinnati..... 3 8 7 New York..... 2 4 0 Batteries—May and Mitchell; Greenfield, Winner and Snyder; Hartley.

BOSTON & PITTSBURGH 1. BOSTON, Aug. 27.—(AP)—A brilliant pitching duel between Adair of the league leading Pittsburgh team and Beaton of the Boston Braves, culminated in a 1 to 0 victory for Pittsburgh. Braves field this afternoon. Each team made four hits, all singles. In the third inning Pittsburgh filled the bases, when Beaton passed. Rogers Hoenery made a sensational catch and Barnhart walked. With two out Beaton passed Traynor, forcing in the winning run. The shutout was the second such victory for Beaton. Pett and Cuyler made sensational catches. The score: B. I. H. E. Pittsburgh..... 1 4 0 Boston..... 0 4 0 Batteries—Adair and Smith; Beaton and Gilson, O'Neil.

BROOKLYN TRIMS ST. LOUIS 9. BROOKLYN, Aug. 27.—Brooklyn took a flamer pip on fourth place in the National league today by defeating St. Louis, 10 to 9. Hank Dreyer's triple in the sixth scoring Brown with the winning run. The pitcher went to bat in the last frame, they were one run behind. With one out Cox tied the score when he poked a home run over the right field wall. Rogers Hoenery hit his thirty-fourth homer of the year in the seventh with one on base. The score: B. I. H. E. St. Louis..... 12 11 1 Brooklyn..... 10 15 2 Batteries—Dyer, Dickerman, Madix, Haines and O'Parrell; L. Brown, Hubbell, Petty, Deagler and Deary.

PHILADELPHIA & CHICAGO 0. PHILADELPHIA, Aug. 27.—(AP)—Philadelphia made in two out of three by winning the final game from Chicago here today, 4 to 0. Blake's wildness in the first inning and three hits closed the game for the Phillies. The shutout was Chicago's second in succession. The score: P. I. H. E. Chicago..... 0 0 0 Philadelphia..... 4 0 1 Batteries—Blake and Hartnett; Carlson and Wilson.

IMMIGRATION PROBLEM GIVEN TO COMMITTEE FOR ITS CONSIDERATION
WASHINGTON, Aug. 27.—(AP)—The task of drawing up a plan to prevent illegal and excessive immigration from Mexico into the United States, was turned over to a committee tonight by representatives of the American and Mexican federations of labor after a day of discussion of the subject behind closed doors. No announcement was made disclosing the trend of today's discussion. The committee was authorized to submit a program to the department tomorrow, which it will use as a basis for working out a declaration of principles on the problem to be presented to the American and Mexican governments.

DOG SHOOTING SEASON DELAYED

Idaho Regulations, conforming to Federal Act Amendment, Set Opening Date October 1.

Duck shooting in Idaho will not begin this year until October 1, under an amendment to fish and game regulations adopted in consequence of an amendment to the migratory bird treaty set approved by President Coolidge on June 22 last, according to advice sent out by the state fish and game department to all assistant chief and deputy game wardens. Shooting may begin a half hour before sunrise and continue to sunset. Twelve birds constitute the bag limit for one day.

Word From Department.
The state fish and game department's message regarding the change of regulations, which was received here Thursday by John Scholly, assistant chief game warden, is as follows: You are advised that regulation of the migratory bird treaty act relating to the open seasons and the possession of certain migratory game birds has been amended to provide for an open season on waterfowl (except wood duck, elder duck and savard, gallinules, Wilson snipe or jackknives, blackbellied and golden plovers and greater and lesser yellowlegs in Idaho from October 1 to January 15.

This amendment was approved by the president on June 22, 1925, and is now in force and effect. At the time the 1925 fish and game licenses were printed, we were not aware that an immediate change in the federal statutes was contemplated. Consequently the synopsis of the reverse side of the fish and game license, including the old or former open season on these birds, that was in effect from September 16 to December 31, season, is still in effect. It should be noted, however, that section 2761 of the Idaho compiled statutes (the fish and game laws) provides that "the regulations for the taking, pursuing, hunting or killing, possession and sale of federal migratory birds shall be made to conform with such regulations and provisions as are enacted and enforced by the federal migratory bird treaty act. Provided that a bag limit on ducks shall be 12 in the aggregate of all kinds in one day and six more than 12 in seasons."

It should be understood, therefore, that the federal statutes govern and the open season on migratory game birds as listed above is from October 1 to January 15. The open seasons on Sora and other fells (except out and gallinules) and mourning doves have not been changed and are as shown on the fish and game license.

NARROW MARGIN BETWEEN TEAMS
But One Point Now Separates Washington and Philadelphia in Pennant Race.

CHICAGO, Aug. 27.—(AP)—Washington tonight is but one percentage point in front of the Philadelphia Athletics. The review Walter Johnson was announced today to steady his faltering team mates in their struggle for a second championship, but lost, 5 to 0, to the Browns. The Washington pitching staff has been badly battered by the St. Louis boppers and Johnson was recalled from a brief rest at his home in Kansas to take the mound.

As they rest before tackling the Detroit Tigers, the Philadelphia Athletics' percentage position unchanged. "Bullet" Joe Bush, the strong pitcher of the American league, told the Senators to one hit. Johnson made that hit.

The standing: W. L. Pct. Philadelphia..... 24 45 .528 Washington..... 24 44 .527
The already formidable lead of the Pirates in their quest for first National league pennant since 1903, became almost insurmountable today. They took a 1 to 0 decision over Boston, behind Vic Aldridge's four hit pitching exhibition, while the New York Giants were falling a single run

GRAIN YIELDS SATISFACTORY

Weather Bureau Summary for Week - Tells of Favorable Conditions for Farming.

Yield and quality of grain throughout southwestern Idaho are generally very satisfactory and late fall crops, such as sugar beets and late potatoes are maturing nicely, according to a weekly summary of weather and crop conditions in Idaho issued by the United States weather bureau office in Boise. The summary covers the week ending last Sunday. It contains a report from Mountain in Twin Falls county, as follows:

Threshing progressing rapidly with yields of wheat from 40 to 70 bushels, average about 55 bushels, and corn legs to show effects of late potatoes doing fine and soon to be getting on better; third cutting hay growing fine.

Regarding conditions generally throughout southwestern Idaho the summary says:

Seasonable weather prevailed during most of the week—no rains and cool nights—but following light showers that fell on Sunday, the weather turned quite cool and light to heavy frosts occurred in exposed places. The weather was for the most part favorable for maturing crops and for seasonable farm work. Corn is well along and will soon be safe from actions from damage. Harvesting and threshing are well well on in the early districts, but they are still being pooled in later districts. Yield and quality of grain are generally very satisfactory. Late fall crops, such as sugar beets and late potatoes, are maturing nicely. Prunes are ripening fast. Apples are continuing ample although dry in some sections, and stock are thriving.

In southeastern Idaho a few local rains occurred early in the week, but the weather was generally favorable for harvesting of grains, which is nearly finished in the south and is progressing rapidly in the north. Threshing is under way in all sections. Early potatoes are being dug and shipped and late potatoes are doing well. Beets are fair, although some damage by weevils and flies is reported. Peas are being harvested. Alfalfa is growing nicely. The range is excellent but is getting dry.

In north Idaho fair weather continued throughout the week until the middle of the week. Temperatures were moderate and in the week but fell rapidly to the highest of the summer on Thursday. Following the rains the weather was cooler. Harvesting and threshing are progressing rapidly but are interrupted by rains. Corn and bean harvest is under way and both crops are yielding well. Pastures and ranges continue fair and stock are in prime condition. Apples are turning on and are beginning to color. Head lettuce is starting off well in the Lewiston valley. Heavy delivery of grain in shipping points is facilitated by the fine condition of the roads.

NEW SHOP TO BE OPENED

A new shop for women in Twin Falls is to be known as The Closet and is to be opened next Saturday by Mrs. Mabel Kester in the building at 123 Main avenue east, which has been remodelled and decorated for the new establishment. Opening of the shop is to be held next Saturday with showing of a new and complete line of women's dresses, millinery and hosiery.

CATTLE SHOW FAIR FEATURE

Beef and Dairy Herds at Filer as Fine as ANY to be Exhibited in Country.

Visitors who attend the Twin Falls county fair at Filer September 8 to 11, will have an opportunity of seeing the best herds of beef and dairy cattle as well as shown at any other fair in the country this year.

While fair patrons will be surprised and amazed at the many fine attractions of this year's show, no sight will prove more impressive than the many fine head of cattle that will greet the eye in the livestock section.

With the fair season close at hand the management is making preparations for the biggest cattle show in years. Enough entries already have been received to nearly tax the capacity of the fair and "sold" lists do not close until September 7.

Regardless of the number of entries, every animal entered will be provided with first class accommodations, declare officials.

Prizes totaling \$1275 are offered for the cattle department, with liberal prizes for the various classifications. In both the beef and dairy divisions. In the dairy division the prize money totals \$250 with the following breeds recognized: Holsteins, Guernseys, Jerseys, the beef breeds are Shorthorns, Herefords, Aberdeen Angus, with the prohibition money aggregating \$180.

Superintendent T. H. Harshbarger and C. B. Beane of the cattle department say many new exhibitors will show at this year's fair. Several exhibitors who are making a circuit of fairs are bringing their animals here, planning to arrive a day or two in advance of the opening.

ACCUSED OF THEFT OF CAR THAT HE BORROWED

O. L. Kelley, who told officers he only wanted to borrow the car for a ride, was arrested Wednesday evening at Hagerman and delivered into the custody of the sheriff pending hearing on a grand jury charge of theft of an automobile owned by A. C. Washburn of Hagerman. Kelley was taken in custody when he backed the car against a gasoline pump forcing it to a halt soon after he had started it.

ATTORNEYS WILL SEND DELEGATE

Bar-Association Members Take Steps to Secure Representation at State Meeting.

Twin Falls County Bar association members, at a meeting Thursday afternoon in the district courtroom here, authorized the secretary to collect from the membership voluntary subscriptions to defray the expenses of a delegate to the meeting of the Idaho State Bar association to be held in Lewiston. It was estimated that the expense would approximate \$200 and about \$100 that amount was subscribed at this meeting. Appointment of the delegate is to be made by J. H. Dalwell, president of the association, as soon as it is known that the fund has been authorized.
