## Paper and Pulp Securities Should be Watched, Babson

**During Last Depression in the Stock Market Companies Suffered Severely but Conditions Now Are Good.**

HAIRSON PARK, Mass., Sept. 2.—(Special to The News)—During the last depression in the stock market the pulp and paper companies suffered severely, especially the securities of some of the best Canadian companies, such as the Spanish River Pulp and Paper company, the Laurentide company and the Abitibi Power and Paper company. The stocks of the International Paper company in the United States were sold severely while the Canadian company, one of the largest owners of pulp lands in Canada, went into receivership and has since been taken over by the International Paper company. During the past year, however, the price of nearly all of their stocks have shown marked increases and Mr. Babson has been asked as to what these increases have been due. His reply is as follows:

"Of course the general rise in the price of pulp and paper stocks during the past year has been due primarily to the general improvement in the stock market as a whole. Stocks all seem to go up and down together, the good and the bad. When the general tendency of the market is upward, practically all securities are taken up with it and move in the same general direction. But in addition to this fact certain events have happened which have—materially—improved the outlook for the pulp and paper companies. Among these may be mentioned the following:

**Advertising Has Become a Necessity.**

"In its early days, advertising was looked upon either as a luxury or a liability. The largest advertising accounts were those of the circus companies and patent medicine manufacturers. To advertise heavily was not considered good form and even some of the largest department stores never did any advertising. Then there was another group which advertised, as they would call it, 'good will,' and their copy shows that it was largely to satisfy their vanity. Today, however, the situation is entirely changed and advertising has been the means of reducing selling costs in many lines. Newspaper advertising is not only a necessity but it is one of the very best investments a business man can make. Furthermore, the general decline in national advertising is developing monopolies which are far more profitable than any of the old-fashioned trusts. Moreover, this far no pollution has found a way to attack these monopolies which are thus being unconsciously formed by national advertisers.

"During previous business depressions newspaper advertising fell off very considerably, but not so during the recent depression. Now, most newspapers are running more advertising than ever before and this has increased the business in quiet in many lines. Even advertising expenditures are suggesting that in years to come more advertising space will be required in all lines of business. Hence, this is because it is believed that manufacturers and merchants should even go into debt to purchase advertising space. Of course, this is very good for the publishers and tends to increase the use of paper for it means that advertising, which was hitherto or less erratic, is becoming a stable industry. Economists even talk of the time when newspaper publishers will be a great factor in stabilizing business conditions by taking out the paper and cutting by cutting the circulation, raising rates in boom times, to serve as a check on the situation, and lowering them in times of depression to encourage buying. This situation has undoubtedly helped paper securities.

"Another factor in the situation has been a declining supply of pulp wood. Of course, this has always been held up as a danger when conditions get to the point to increase in price as the result. However, the increase in the cost of wood pulp has this far been partly due to the increase in the cost and living of the men who are sent into the woods. A chart of the price of lincot and beans collected at just exactly with a chart of the price of paper. The cost of lumber from the forest. On the other hand, little has been done in reforestation and, of course, the wood suitable for pulp is continually decreasing. Moreover, if reforestation is to be done on a commercial basis it must be done in the south where there is plenty of rain and sunshine. Up to the present time the best example of reforestation can be found at Delapine, Ga., where the work has been done under the direction of General Manager Holliman of the Great Southern Lumber company.

"In view of the fact that the natural supply of paper is on the decrease, and that reforestation in Canada may be hampered on account of the depression, the Delapines are talking very seriously about restricting the exportation of pulp wood, or of putting on a very heavy export duty. If this is done, the cost of wood pulp will be raised, by as in the shape of a coal embargo, and as they are rather scarce in the east, field of Alberta and New Brunswick, this is of serious importance to the pulp and paper industry in the United States and Canada.

## In the News of the Day

Gov. Fuller, of Massachusetts, with the approval of President Coolidge, has called a conference of New England governors in an effort to solve the troubles of the hard coal miners and operators. Robert E. Coontz, of the U. S. fleet from New Zealand ports, will be relieved of his command and assigned to Hampton Roads, reporting to his rank of rear admiral. W. E. "Pussyfoot" Johnson predicts the Baltic States will be dry, but admits prohibition is far off in England. Mrs. C. F. Kohler, of San Francisco, who will be wedded to the Vicomte de Lambeley, a member of one of the oldest families in France.

### BIG ATTENDANCE IS LOOKED FOR

Horsemen From Many Sections Gather in Salt Lake for Race Meet Opening.

### THE DAY IN WASHINGTON

The department of agriculture announced that 55,000 fawns had been compared with 365,000 last year.

Secretary Wilson said he would postpone the 1916 flight to the Utah tomorrow unless the P-N-9 No. 1 was found.

Secretary Work invited the public's suggestions and criticisms of the interior department's activities.

Disapproval of a proposed oil reservation in the Altitude Canyon field was recommended by the interstate commerce commission.

### CHAMBER SUPPORTS HANEY

PORTLAND, Sept. 2 (AP)—Resolutions were submitted today by the board of directors of the Portland Chamber of Commerce in support of Herbert H. Haney, of Portland, member of the United States Shipping board of the northwest, who has been requested by President Coolidge to resign.

Members of directors expressed full faith and confidence in Haney's integrity, ability and patriotism in his efforts to follow the spirit and word of the merchant marine act as it is interpreted by the chamber.

### HAIT LARK CUPBY

Sept 2 (AP)—Hait lark followers from all sections of the west are here for the opening tomorrow of the 30-day fall meet of the Utah racing association at which more than \$125,000 in purses will be offered.

Several hundred horses shipped from many western and western American tracks and from Canada are quartered at the state fair grounds at which the race track is located and the race plant entirely new. The association's 22 day spring meet of the association has been greatly improved.

The feature race tomorrow will carry a purse of \$1,500. "It is for two-year-olds' and in an opening 'year' event. Another large purse will be put up for the 'credit' event on Labor day at which many visitors from other international stakes are expected. Advertisers from here are to the effect that five special railroad fares will be started from there.

William P. Ryan of San Francisco, Illinois, and Missouri, will be general manager of the Utah racing association.

Horse racing in Utah with the participation of betting was legal last day the last Utah legislature.

## OBLIGATIONS OF ARMS SESSION MUST BE KEPT

Secretary of State Kellogg in Address Before American Bar Association Outlines Chinese Policy.

(By The Associated Press)

WASHINGTON, Sept. 2.—Willingness to carry out scrupulously the obligations and promises made to China by the United States at the Washington arrangements conference was expressed tonight by Frank B. Rowan, secretary of state, in an address before the American Bar Association.

With the signing of the announcement, however, was the statement that China at the same time would be required to perform the obligations of a sovereign state in the protection of foreign citizens and their property.

Mr. Kellogg's address for the first time that since W. H. Brewster of Chicago had been appointed American special commissioner to the proposed commission on extra-territoriality treaty revision and other special privilege questions for which no date as yet has been fixed. Mr. Rowan's selection to act as a special commissioner, with Minister John Van A. Mearns, already had been announced, but until the secretary spoke tonight there had been no indication who would represent the United States on the extra-territorial commission.

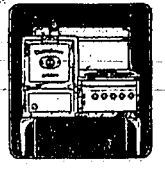

"I believe the people of the country sympathize with these aspirations of the Chinese people and that this government would be willing to give up these extra-territorial rights—so soon as China shall demonstrate that her laws and judicial system are adequate for the protection of foreign lives and property with China," Mr. Kellogg said.

"China has invited commerce and development and of course, it is her duty as a sovereign nation to fulfill her obligations under the laws of nations and to protect foreigners in their lives and property. I am sure that the United States has always been most desirous to respect and uphold Chinese sovereign rights and the development of a stable government.

"I believe that the government's genuine secretary of state, worked earnestly to carry out the provisions of the treaties and resolutions adopted at the Washington conference with respect to the holding of the tariff conference and the appointment of the commission on extra-territoriality. Unfortunately the conditions in China have not been such as to further her aspirations in these respects."

## You'll Enjoy Cooking When You Have An

# Electric Range

Electric cooking is not only the most economical and cleanest method of cooking. It is most pleasurable of all methods as well.

You will take more interest in cooking when you get an Electric Range. There will remain nothing else to distract your attention away from cooking. No coal or wood to carry, no ashes, soot, smoke or dirt to bother about and no blackened pans to require continual cleaning.

A turn of the switch and the heat is on. And it's off again with another turn. It is simplicity in itself. You do not have to watch cooking fires. The automatic control takes care of them, keeping the oven heat at the proper temperature and turning it off at the correct time.

Soon after your new range is installed you'll realize "There is no substitute for electric cooking."

Buy Your Range Now

These unusual terms—5 down and the balance in easy monthly payments—enable you to have the range you've wanted NOW. You'll soon have it paid for—hardly missing the small sums—and enjoy it while you are paying for it.

A Model for Every Home

On one display floor you will find a splendid selection of Electric Ranges in the most up-to-date type. You may select a range that is designed to meet the individual requirements of your home. Come and let us demonstrate them for you.

## Electric Shop

IDAHO-POWER COMPANY

# THE FAIR

Beginning Tuesday, Ends Friday

## Two Programs Daily

Two prices, 50 cents for day and 25 cents for evening programs. Persons paying day admission are entitled to stay for night show. No car passes given.

Car stickers are good for car only, every occupant must have a ticket.

Show your ticket every time to the ticket taker. Have the money.

Ticket takers are not authorized to take checks.

## Children's Day on Friday

Children under 14 are admitted free on that day.

**MOST TAX PAID BY HECLA MINE**

Survey Shows 22 Individuals and 64 Corporations in Idaho Pay More Than \$1000 Each.

BOISE, Sept. 1. (AP)—Twenty-two individuals and 64 corporations in Idaho paid income taxes totaling more than \$1,000 each during 1924, according to figures obtained at the Boise office of the internal revenue bureau. These figures, bureau officials explained, give little information as to the actual incomes of individuals, where their income is derived from stock dividends, the tax is paid by the corporation, while income from tax-exempt bonds is not given out. In the case of individuals, the tax of husband and wife has been combined.

The heaviest tax was paid by the Hecla Mining company, which contributed \$42,000. This is the only payment of more than \$10,000.

The Hecla, the Hercules Mining company, which paid \$8,214, and the Panhandle and Custer Consolidated Mining company, whose tax was \$2,507, are the largest of the mining companies filing reports. The Skaggs Lumber Stores, with \$5,117, the Winton Lumber company, which paid \$5,151, and the C. Anderson company, which paid \$2,705, are other heavy taxpayers among the corporations.

Individual taxpayers were made by Mr. and Mrs. Harry Day of Wallace, who gave the government \$2,264, or \$4,728 each.

Of the 10 corporations in this state which pay an income tax of more than \$1000, four are located in Wallace, three in Boise, and one each in Post Falls, Coeur d'Alene and Salt Lake. The latter operating through a Boise branch.

The list of the larger taxpayers of the state, both individual and corporate, follows:

Hecla Mining company, Wallace	\$42,000
Hercules Mining company, Wallace	\$8,214
Skaggs Lumber Stores, Boise	\$5,117
Winton Lumber company, Coeur d'Alene	\$5,151
C. Anderson company, Boise	\$2,705
Tannerack & Custer Consolidated Mining Co., Wallace	\$2,507
Chas. D'Alene Hardware & Foundry company, Wallace	\$2,111
Randall-Doyle Auto company, Salt Lake	\$1,528
Davison-Grocery company, Boise	\$1,238
Idaho State Lumber, Boise	\$1,020
Post Falls Lumber company, Post Falls	\$1,000
Kootenai Power company, Coeur d'Alene	\$1,000

**Bans 'Phones**

**A. B. Houghton**  
U. S. Ambassador Houghton, taking a house in an English resort for the fall, has signed the lease only after the owner agreed to cut the telephone wires, for the American envoy insisted there must be no telephone connections as long as he used the house.

**Theatres**

**"BLACK LIGHTNING"**  
A thrilling and dramatic story is involved in a way that is bounded by realism and color in the big production "Black Lightning," which comes to the Idaho Theatre today for the balance of the week.

This film is away from the stereotype features both in its height of romantic construction and which is headed by "Thunder"—The Harvest Dog and includes such players as Gladys Bow, Harold Austin, Eddie Phillips, James Mason, Joe Dutton, Mark Preston and John Hare. It was directed by that well-known director, James L. Hogan.

Many thrilling scenes and big climaxes are staged in "Black Lightning," with all of the action taking place in the hills of the Kentucky Mountains, centering around a bloody feud which has been raging for years. It is a picture that has a modern love story and will appeal to all lovers of good films.

The added feature consists of the new "Hot Tongue" comedy, "Boys Will Be Boys," and the latest News Weekly. Don't forget that next week is Paramount week and "The Ten Commandments."

**"THE LADY"**  
Lara Barr and Charlie O'Malley, little sister and big brother, respectively, of the famous Theda Bara and Port O'Malley—the last and best of Hollywood honorees, both Lola and Charlie have roles in Norma Talbudge's latest picture, "The Lady," showing at the Orpheum Theatre today, Friday and Saturday. Theatrical talent seems to run deep along the line—in Hollywood families, and the O'Malley and Bara clans evidently are no exception to the rule.

Norma herself has been enjoying a short rest, and looks more beautiful than ever. She believes she has one of the best roles of her career in "The Lady."

Ratine, 36 inches wide; a durable, sturdy material for school dresses; lavender, pink and blue; yard— 19c

# THE SPORTS OF A DAY

## CLOSING RALLY FAILS TO HELP

Athletics Go Down to Eighth Consecutive Defeat; Senators Start Early.

WASHINGTON, Sept. 7 (AP)—The base coach Philadelphia's visit of the 1925 American league pennant was thickened perceptibly today in a second straight defeat by the leading Senators. Washington, by sending out its first place five and one-half games and also landed the first round-off Athletics their eighth consecutive defeat.

Washington's pitching was not so good in this lasting, but in vain. In the first inning Washington took two runs across the plate on three hits and a double, and in the next three innings three runs, a hit, a double, a triple and two singles.

The Senators also tallied once in the seventh and in the eighth Philadelphia made three runs after two were out, hitting four singles for two singles and two doubles.

Washington has an off day tomorrow. It meets Boston here Friday in a postponed game and again on Saturday and Sunday.

## ATHLETIC HOPES GO GLIMMERING

### Philadelphia Loses to Champion Senators With Eighth Straight Defeat.

CHICAGO, Sept. 7 (AP)—Fame, gold and the plaudits of fandom slipped irretrievably, at least for 1925, through the fingers of the demoralized Philadelphia Athletics today. The Philadelphia Athletics today, the champions, handed them their eighth straight defeat, 4 to 5. The Athletics are leading today by five and one-third games.

### OBJECTS TO USE OF HIS NAME ON NEWS STORIES

CHICAGO, Sept. 7 (AP)—Suit for an injunction to restrain the Audie company from using the name of Knute Rocker, Notre Dame university coach, in a series of stories on football today, was filed in court here.

The petition set forth that Rocker was approached while his squad was in California last year, that a member of the newspaper staff asked permission to take pictures of the team in action for educational purposes. Rocker then charged that a series of articles based on these pictures, now being published.

## PITTSBURGH IS STILL WINNING

### String of Consecutive Victories Now Stands at Eight With Defeat of Cincinnati.

PITTSBURGH, Sept. 7 (AP)—Pittsburgh ran his string of consecutive victories up to eight today in winning the opening game of the series from Cincinnati, 8 to 2. As the Athletics split a double header with Philadelphia, the Pirates increased their lead to 8-2 games. Pete Donohue, usually a Pirate pitcher, was driven from the mound in the fifth in which the Reds scored seven runs. Morrison was hit freely but was given sparkling support.

### DRAWS EVEN BREAK

PHILADELPHIA, Sept. 7 (AP)—New York drew an even break in a double-header with Philadelphia today, winning the second game 2-1 to 9 after the Phillies had captured the opening 3-2. The second contest developed into a slugfest match with the Giants swallowing thirty safe hits including three home runs off five Philadelphia pitchers, their biggest gouting being the sixth in which they tallied were scored. The Phillies also made three clean hits, permitting no error.

### BEAVERS DEFEAT BROOKLYN

BOSTON, Sept. 7 (AP)—The Braves started off with a three run lead in the first inning today and defeated Brooklyn 4 to 2. Johnny Gump, pitched for the visitors while left-hander Horner clubbed the grip of sixth place Johnson of the Hobos hit a home run in the fourth. Paul and Wilson collected a series of stories on football today, was filed in court here.

## Here they are... those first long trousers

These first long trousers bring the thrill that comes once in a lifetime. A thrill to the fellow who wears them, and a thrill to his family and his friends. We have a large variety of First-Long-Trousers. Suits in single-breasted English models.

They have vests and two pairs of long trousers. The sizes run from 12 to 18, and they are cut to fit the youthful figure. The fabrics are sturdy and good looking. You'll see these suits this season on all really well-dressed boys.

CAMP PROGRAM OF BOY SCOUTS IS SET FORTH

Over Eight Hundred Within Jurisdiction of Snake-River Council Take Advantage of Outdoor Opportunities.

The final report of camping department for the past season was largely occupied the attention of the Snake River Council members at the regular quarterly meeting held in Jerome Wednesday evening.

A most gratifying feature of the report was the fact that the Snake River Council was not making over a year's record in camping program.

A careful check of the National Council, B. K. A., camp grading system was made by the camping department of the local council and Camp Shoshone was scored as a Class A camp—putting it in the class with the finest camps in America.

The popularity of the summer camp program was brought out in the report. More than 500 visitors were on the grounds this season, while more than 100 camp fire boys were on duty.

Special notes of appreciation were made by the council of the work of Chairman T. M. Robertson of the camping committee, Executive P. D. Hopper in active charge, Scoutmaster William Nixon as camp treasurer, Eagle Scout Fred Varney as camp chef, and the 20 scoutmasters and assistants who made the success of the camp possible.

The field department report showed 857 scouts registered in 50 troops, with six new troops of approximately 100 scouts to be added soon.

A representative of McKibbin furs will be at our store today and tomorrow with a beautiful line of furs, fur coats and jackets.

Applications for membership have been completed the degree of the commandery before being admitted into the Shrine.

DEATHS

DEAN—William Dean died at 3 o'clock Wednesday afternoon at the home of his son, H. O. Dean, at HERRING, after several months' illness. He was 66 years of age.

Appeal to Men, Too All lines of business will be represented, Mr. Brough stated, and displays of merchandise that will attract as interest the men as well as women, as well as exhibits of seasonal offerings of special interest to women folk.

Derbing to hold winter shoppers' night in Twin Falls this year is an outgrowth of a recent meeting of Twin Falls retailers under auspices

of the number of commerce merchants' committees, at which legislative endorsement was given to the suggestion and a committee composed of C. E. Holly, George Dalek, T. F. Williams and K. W. Deak was named to ascertain sentiment of the business men generally and to work out plans for the event if the proposed should meet with general approval.

Temperature Ascends—With Fair Weather Forecast for today: Fair and normal temperatures.

Fair weather prevailed Wednesday and mercury soared, high temperature for the day being recorded at 90 above, which was an advance of five degrees as compared with Tuesday's maximum, according to the government weather observer's station here. Low temperature was 54 above, an advance of six points.

Attacks Old Judgment Suit to set aside a judgment for \$4000 issued in district court here in March, 1922, in favor of C. E. Lind against the Payson Investment company, and an attachment under this judgment, that was levied upon E. Lind's car, was introduced in district court here Wednesday by J. F. Lambert through J. H. Holtwell and C. W. Chapman, attorneys. The complaint alleges that at the time the judgment was issued the defendant corporation had forfeited its charter and had no right to the property in question, Robert B. Payson and E. Curtis Warren, trustees for the investment company, and Carl E. Lind are named as defendants.

FUNERALS FORD—Funeral services for Mrs. Nellie Ford, wife of Michael H. Ford, 232 Fourth avenue west, whose death occurred Tuesday, will be held at 9 o'clock this morning in St. Edward's church and will be conducted by the Rev. R. S. Keyser.

DATE FIXED FOR WINDOW SHOPPER DISPLAYS HERE

Twin Falls Merchants to Join in General Invitation to Visit Stores and View Wares: No Buying to be Done.

Definite decision has been reached to hold a "winter shoppers' night" in Twin Falls on Tuesday evening, September 15, according to announcement Wednesday evening by E. W. Donahugh, chairman of the chamber of commerce, attracted committee to the plan worked out two years ago in that market will be made now will any goods be reserved, but all of the business houses participating will arrange attractive displays of their wares and join in a general invitation to the people of this region to visit the stores and inspect merchandise offerings.

Appeal to Men, Too All lines of business will be represented, Mr. Brough stated, and displays of merchandise that will attract as interest the men as well as women, as well as exhibits of seasonal offerings of special interest to women folk.
