WORK'S POLICY  
BRINGS PROTEST  
FROM PROJECTS

Senator Borah Urges Necessity of Change in Reclamation Stand Upon President Coolidge.

(By the Associated Press) WASHINGTON, Sept. 16 (AP)—Necessary for a change of the interior department's reclamation policies, was urged yesterday by Senator George H. Borah, republican of Idaho.

Sharp protest against the present policy of the department against the shutting off of water in the federal irrigation districts because of failure of settlers to make desired payment to the government, was voiced by senators and representatives from several of the western states.

Senator Borah presented the situation in his state, as he had found it there, and said: "I am very hopeful that there will be an immediate change in the program of Secretary Work."

Tricentennial, the secretary, defense, and the secretary differed as to the authority granted under existing law, to extend relief to the settlers. Senator Borah takes the view that Mr. Work had ample power to act under the authority given him by the last congress.

## Opposed Measure.

Senator Borah opposed that measure before the Senate, contending that it would give much power to the interior secretary in handling the reclamation and irrigation problems, and he insisted that under its provisions, the interior secretary has the authority necessary to act in the present circumstances.

The measure, however, did not pass.

Members of congress, both Republicans and Democrats, returning from the west, asserted that great dissatisfaction has been aroused in the states because of the course pursued by the interior department, which have reported that this measure has grown so strong that the president probably would be asked to remove Mr. Work. Thus far, however, no one in congress has received no protests in that form.

Secretary Work announced approval of the proposals submitted to him by the members of the delegation from the West, Salt Lake City, Utah, Vale and Owyhee projects in Oregon and Idaho.

The Salt Lake basin project he endorsed a flat rate of 5 per cent on all of water used, excepting a flat rate of \$3,000,000 and this will be passed by the last congress.

Harding Memorial  
Unveiled by Club  
In Canadian Park

International Kiwanis Club Takes Part in Ceremony at Vancouver Honoring Late President of United States.

VANCOUVER, C., Sept. 16 (AP)—Under clear weather conditions good will memorial was unveiled in Stanley park here today by the international Kiwanis club.

John H. Moore, of Milwaukee, president of the Kiwanis International, who officiated, said "Kiwanis international has dedicated this monument to its former president, the late Warren G. Harding."

English and American songs were sung, and the exercises—mensonge, fife.

President Coolidge, former Secretary of State Hughes and thirteen American governors were present.

The memorial, equal-in-size with an elevated center containing a bronze tablet with President Harding's profile in relief and an excerpt of his last address, was erected on a base in the Pacific coast and Alaska in 1923. In the center are two bronze male figures, symbolizing the two extremes which hold in their hands an olive branch and a sword. The monument is in a shallow pool of running water, which in reflection and motion is designed to convey life and activity. At each end of the structure is an eagle standing on a rock. This is 10 feet long, 10 feet 9 inches deep, 10 feet 9 inches high, and the figures are seven feet six inches high.

President Coolidge's message read in part:

"In memory of the late President Harding, I was most deeply reminded of the strong and lasting feelings which he made in Vancouver. To that testimony of international good will and long-standing friendship I find myself unable to add anything, for I could assure him nothing, unwilling to take anything from him." That address, together with the splendid reception and welcome given him by the people of Canada, will remain in my memory as a pledge to continue the long and broken friendship between those countries; a friendship, let us all be confessing, of a hundred years' standing.

The States has no higher ambition than that which inspries it to desire a continuance of these mutually beneficial relationships, which have so long existed between it and its nearest neighbor among the world's great nations."

President Coolidge's message read in part:

MONAMARA IS AGAIN  
IN TROUBLE; CHARGE  
OF BLACKMAIL FILED

INDIANAPOLIS, Sept. 16 (AP)—Six workmen testified today in the trial of John J. McNamara, charged with blackmail, that they had been threatened and warned by the labor leader to leave a construction job.

McNamara, involved in the Los Angeles strike, now a business agent for a city structural iron workers' union, is being tried on the specific charge of having directed Fred Stingenberg, a construction engineer, to employ on the club building.

Stingenberg testified that McNamara said to him "Get out to him" him and that he ought to knock the whole building down.

## FRENCH CAPTURE BRIDGE

PARIS, Sept. 16 (AP)—Capture of the bridge over the Rhine, the first operations by French troops today, is regarded as the greatest victory since the present offensive started. From Els: Reichenau ridge the French com-

SON OF SENATOR  
GIVEN BIG VOTELa Follette Carried State by  
More Than 90,000; Many  
Candidates After Toga.BORAH APPROVES FIGHT  
PUT UP BY LA FOLLETTE

WASHINGTON, Sept. 16 (AP)—I think young La Follette won his fight fairly and squarely and he deserves the nomination," Senator Borah, republican of Idaho, said today, in discussing the success of Robert M. La Follette, in yesterday's Wisconsin senatorial primary.

Milwaukee, Wisc., Sept. 16 (AP)—Robert M. La Follette, Jr., who was nominated the primary yesterday, knew that he carried the state easily and he expected his supporters to be scattered, but he had a majority of more than 30,000 over all opposition, but he does not know how many Republicans are to oppose him in the general election in the September 29 election.

If all who are eligible to enter the lists for the senatorial fight, including La Follette, where he stands, are eligible to contest, it will be an eight man affair.

These will be the Republicans, Senator Borah, and the socialists. The others are Robert M. La Follette, Jr., Republicans, George P. Wilcox, Edward F. Dillman, Daniel Woodward, Arthur Harry, and John W. Nichols, Socialists, and Independents; William George Bruce, nominally Democratic but running as independent; John M. Work, Socialists, and George Haugen, Socialist Labor member.

This remarkable situation next year the convention made many noting that the party, yesterday meeting in the world court of international belief, or in any way risk causing the United States to become involved in that body, the assembly of the League of Nations.

It is the function of the League to right to refer to a subsequent assembly, the Danish proposal that a board of conciliation be created and attached to the world court.

## OPERATIONS SUSPENDED

MADRID, Sept. 16 (AP)—Spanish military and naval operations in the Spanish zone in Morocco have been suspended for the moment because of storms, according to official announcement.

The number of soldiers engaged in the conflict is not known, but it is believed to be considerably less than half of the average.

There may not be eight battalions on the battle, however. Late today, conference of leaders of the two warring parties in Madrid, and anti-Balagan tendencies were in conference.

For hours and various reports emanated from their conference room. Each represented men and women of the two parties, and the combination of the republican conservative forces upon a single individual to make the race again La Follette.

The first news was that efforts were being made to have Balagan and Harry withdraw and throw their strength to Wilcox. Then came reports to the effect that the camp was commanded by the two men, and the hope of swinging Woodrow into line.

A later rumor had it that the conference had suggested that a committee of the two parties be formed, and the two factions were in conference.

TRIADPHILIA, W. Va., Sept. 17 (AP)—Officials of the No. 2 mine of the Elm Grove Mining company, are called to confer with him at 11 a.m. on the subject and the news media to the contrary to be followed.

Just how the bomb will go into the criticisms of Col. William Mitchell, former chief of the state police chief, and the miners who have been instrumental in the fight, is the question.

It is known he feels that the board must, to a large extent, determine itself the scope of the inquiry, and may risk causing the United States to become involved in that body, the assembly of the League of Nations.

Yield of the bean crop in the Twin Falls country this season is shown as far exceeding the average of previous years, generally more satisfactory than had been anticipated in some quarters earlier in the season.

Advices received by local marketing agencies indicate that crops threshed thus far have returned yields of between 1200 and 1800 pounds, or from 20-to-30 bushels per acre.

One grower living southwest of Twin Falls, stated Wednesday that yields in his neighborhood were from 30 bushels per acre upward, and that it was believed some fields would return 50-bushel yields.

On the basis of reporting covering 101 cities, the index number of wholesale prices, with 1913 as 100, showed a member of the Bureau of labor statistics, with 100 representing the pre-war level, was fixed at 107 for August, compared with 105 for July and 105 for August, a year ago.

Rising prices of rice, wheat, eat-

ing, butter, lard and tobacco, the report said, accounted for the advance in the level of wholesale prices from 101.8 in July, to 107.3 in August, while increases for meats, butter, coffee and flour were largely responsible for the rise in the food price index from 101.8 in July, to 107.3 in August.

## DRINK WATER TO HELP WASH OUT KIDNEY POISON

### IF YOUR BACK Hurts or Bladder Bothers You, Begin Taking Salts

When your kidneys hurt and your back feels sore don't get scared and panic to bad your stomach with a

strong laxative.

Keep your kidneys clean and irritate the entire urinary tract.

Keep your kidneys clean like you keep your home clean, by flushing them with a strong, harmless salt solution.

Take a bath in Jad Salts.

They draw out the toxins and eliminate them to their normal activity.

The function of the kidneys is to filter the blood. In 24 hours they strain from 500 gallons of blood and waste, so we can readily understand the vital importance of keeping the kidneys active.

Keep your kidneys active, drink Jad Salts, take a bath in Jad Salts.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent bitter water drink, which everyone likes.

Take a bath in Jad Salts.

Keep their kidneys clean and active. Try this; also keep up the water drinking, and no doubt you will wonder when you next have a kidney trouble, just because you have Jad Salts.

If all else fails, have your physician examine your kidneys at least twice a year.

# WHEAT SORRY GAIN IN PRICE

Buying by Speculators Sends  
Grain Market Upward in Chi-  
cago; MHI Reports Help.

**CHICAGO,** Sept. 15 (AP)—Wheat  
market gains, higher largely on buying  
by speculators who had been sell-  
ing and who were in a position to  
collect profits. The upturn was also  
more or less due to reports that mills  
were heavy buyers of wheat at Min-  
neapolis. Chicago grain dealers  
said wheat was firm at \$6.25@6.25;  
Dec., December \$6.03@6.11; and Mar-  
ch, \$6.34@6.31, with corn unchanged to  
the lower; oats unchanged to 48¢@48¢ lower;  
and provisions 10@10.2¢ lower.

The fact was emphasized that pre-  
miums on cash wheat at Minneapolis  
were 10¢ each a bushel higher and  
that the market was firm. Chicago  
therefore a decrease of 4 cents of  
wheat at domestic military contract  
was apparent, compared with last  
week-end, the wheat market here today  
displayed an exceptional resistance to  
selling pressure, despite unbroken  
weakness in the Liverpool market and  
the fact that the French wheat crop  
is 40,000,000 bushels larger than  
last year's total.

Top prices for the day in the wheat  
market were registered just before the  
short and older wheat came rolling in  
from Alberta province, Canada,  
likely to delay threshing. On the  
first upward run of quotations, of  
course, the market moved up with  
most of the day's highest levels.

Corn and oats were eased by reports  
that the bulk of the corn crop is af-  
fected from frost. On the other hand, wet  
weather retarded the curing of corn  
in the fields.

Packers selling of lard made the  
prevailing market weak.

# SPAN BUILDER'S VISIT REVIVES BRIDGE PROJECT

Dr. D. B. Steinman, Noted Engineer, Here Representing Eastern Money to Investigate Plan for Blue Lakes Crossing.

WILLIE WILLIS  
BY ROBERT QUILLIN

"Somebody thinks Steinman is rough, but he ain't. He prayed two words off, once."

(Copyright, 1925, Associated Editors, Inc.)

## SOCIETY AND CLUBS

Mrs. Ralph Pink entertained a small group of close friends at an informal tea Wednesday afternoon in honor of her sister, Mrs. A. M. Piper of Milwaukee. The tea, which was given in the rear of the home, was entered with a low bow holding an old-fashioned bouquet of garden flowers, yellow candles in crystal holders, were set either end of the table. Mrs. J. B. Stewart and Mrs. A. W. Bowman of San Joaquin, Nev., preceded at the tea-table and Mrs. W. S. Passer, Mrs. Donald McLean, Mrs. John Smith, Mrs. T. O. Ford, Jr., and Mrs. Max Peck assisted in setting.

Mrs. E. M. Lehrbach was hostess in the Tuesday luncheon club at her home in the Reed apartments. A nice scheme of pink and blue was used in the decorations, and the girls in the party numbered 35. In the bridge room, which formed the division for the afternoon, favor for high score was won by Mrs. G. F. Gummel and low by Mrs. Phil Cimino. Mrs. Robert Hoffreit and Mrs. Ira B. Taylor were guests.

Mrs. Ed Snider entertained the Highland View club Wednesday afternoon, September 16. The usual business was transacted with the president, Mrs. Carter, presiding. Two guessing games were enjoyed and won by Mrs. George Brown and Mrs. Vane. These were followed by a reading by Mrs. Kenneth Brown and an entertainment by Mrs. Elizabeth Johnson. The supper will be disbursed through collection of tolls. Dr. Steinman pointed out that eastern investors expect lower interest rates than obtain in the West, and that, for this reason, the toll charges might be lowered as a result of interesting eastern capital.

A member of Congress officials made no attempt to conceal their satisfaction over the fact that Dr. Steinman had come to Idaho to make a personal investigation of the project in regard to which they had been in correspondence with his firm for several months.

Dr. Steinman's attention was drawn to the project here, it was stated, as a result of information laid before him some months ago by Maurice Crom, son of J. A. Crom of this city, who is an engineer and contractor living in Chicago.

Dr. Steinman, in the course of the conference Wednesday evening, was told of the plan to build a bridge across the Sawtooth park highway, extending north from connection with transcontinental routes in Nevada through Twin Falls and over the proposed Blue lakes bridge to the Sawtooth mountains and Yellowstone and Glacier parks. He was also told of the completion of the Oregon Short Line Rogerens-Wells road that will reduce the distance from this region to San Francisco by about 200 miles, and new figures show the volume of traffic over present Snake river crossings.

**ATTORNEY SUES MUTUAL POWER CONCERN FOR FEE**

The Farmers' Mutual Power company, which several years ago completed power development at Clear Lake, has sued the company for \$10,000, instituted a district court here Wednesday by Turner K. Hackman, Texas Falls attorney, for a total of \$12,500 claimed as attorney's fees earned during the period beginning October, 1919, and ending August, 1924. During this time, according to the complaint, Mr. Hackman, as attorney for the company to the state, brought suit of Mary E. Syster, against William C. Hazard and others, wherein title to the Clear lakes property was involved.

## PERJURY CASES SET FOR TRIAL

Court Overrules Demurrs to New Informations in Case of Pate and Accused Women.

Trials in the cases of Stephen Pate, Edna Burton and Minnie M. Conner on charges of perjury were tentatively set for Aug. 26, but were adjourned to Wednesday by the prosecuting attorney's office and after each of the defendants entered pleas of not guilty.

The first demurrer to the original informations were sustained by the court and the prosecuting attorney was directed to prepare and file new informations. The court also upheld motion offered by T. K. Hackman, attorney, in the case of Stephen Pate, to have the state's trial of Pate's accusation that he had conspired with the short relativity-to-prayer-complaint-on-the part of deputy sheriffs.

The perjury charges are based on the state's contention that defendants made false statements in affidavits that were offered in support of their original informations. The trial of Paul Bates and Stephen Pate, who are accused last spring of being largely. Defendants in these affidavits that they had seen Deputy Sheriff Charles E. Jones in conversation with members of the jury after the jury had entered on its deliberations in the case.

**FIRST TRIAL SCHEDULED**

Motion for continuance in the case of James E. Gilispie, who was indicted with burglary in connection with the robbing of the Oregon Short Line depot at Rigerson, was denied by the court Wednesday when the prosecuting attorney admitted that certain defense witnesses would testify in a certain manner if present in court at the trial, and trial in this case was adjourned to the 23d.

**Trial in the case of Henry Harris,** charged with manslaughter in connection with the death of Clifford Zacharias in an automobile mishap, was scheduled to begin next Monday and seems likely to be the first case to claim the attention of the jury that has been summoned to report for trial.

**Trial in the case of Lawrence Shaya,** charged with second offense illegal possession of liquor, also was set for next Monday and trial in the case of Arthur L. Neal, charged with illegal possession of liquor, was set for Thursday, September 24.
