

NEED SETTERS ON RECLAMATION PROJECTS, CLAIM

Secretary Work in 1925 Reveals Big Problem is Settlement of Lands.

(By the Associated Press.)
WASHINGTON, D. C., Oct. 23.—The problem of settling settlers on government reclamation projects was discussed by Secretary Mark Reilly in his department for 1925 to the most difficult of all reclamation problems. He pointed out that construction of new work should be deferred until the problem is solved.

"The essential part of the federal reclamation policy of the future," said Reilly, "is to have a settlement and farm development program which will attract to the projects and are able to remain on them. There is no reason for building them, and the government will not be reimbursed for their cost. The government constructs irrigation projects but it cannot start settlers.

SIXTH BODY BROUGHT UP FROM SUBMARINE WRECK IN ATLANTIC

NEW LONDON, Oct. 23 (AP)—The sixth body recovered from the wreck of the submarine U-57, which was sunk off the coast of Iceland a month ago, was brought ashore today, it was announced since the body had been found. Thirty-three officers and members of the crew were trapped when the submarine crashed into the submarine, and the naval craft to the bottom. Two men were rescued at the time of the wreck.

Countess Karoli Is Refused Permission to Visit in America

State Department's Action in Barring Wife of Former Hungarian President May Ouse Reposal of Law.
WASHINGTON, Oct. 22 (AP)—Barring of Countess Karoli, wife of the former president of Hungary, from the United States by the state department today, may result in a move in the next congress to repeal the section of the immigration law under which her passport was denied.

READY FOR RATE HEARING

CHICAGO, Oct. 23 (AP)—Representatives of the National Automobile Chamber of Commerce today announced that they are ready for a hearing on the proposed rate increase for a five per cent increase in the rate for the automobile industry. The rate increase is being proposed by the National Automobile Chamber of Commerce, which is the largest of the automobile industry.

GREEKS ADVANCING IN BULGARIA SAY LATEST DISPATCHES

VIENNA, Oct. 23 (AP)—(12:30 a. m.)—The latest dispatches received here from the Balkans indicate that the Bulgarians are advancing rapidly and that the main body of them already has penetrated ten miles into Bulgarian territory. The advance was reported to have been made in the direction of Sofia.

Promise Reduction on Passenger Cars If Tax Is Repealed

Spokesman for Automobile Industry Predict \$25 Cut in Taxable Levy Is Abolished by Government.
NEW YORK, Oct. 23 (AP)—An average reduction of \$25 on all passenger automobiles and lower vehicle taxes on all commercial vehicles are promised by spokesmen for the automobile industry if the federal tax on automobiles is repealed, according to an announcement today by the national automobile chamber of commerce.

Reduced cost to the consumer will be the result of the repeal of the tax, according to spokesmen for the automobile industry. The tax is now levied on the value of the automobile at the time of purchase. The tax is now levied on the value of the automobile at the time of purchase.

ACTIVE WINTER FOR STEELMEN

Railroads Buying Both Rails and Equipment; Will Keep Industry Busy for While.
NEW YORK, Oct. 23 (AP)—An active winter in the steel industry was forecast today by Eugene C. Grace, president of the Bethlehem Steel corporation in announcing the results of its third quarter's business, which showed a net profit of \$5,247,748—compared with \$4,708,323 in the preceding quarter.

BANK ROBBERS ARE FOILED

CHICAGO, Oct. 23 (AP)—Robbers who held up three messengers of the Federal Reserve bank early today and escaped with three packages of money, but not one dollar for their trouble, bank officials announced tonight.

THAT UNNATURAL SHADOW

CHICAGO, Oct. 23 (AP)—Four men bound for Duluth, New Guinea stepped into the airplane in which they were making their way to the Pacific coast, departing for Cheyenne, Wyo., shortly after 3 o'clock.

MELLON FAVORS NORMAL INCOME TAX REDUCTION

Secretary of Treasury Offers Revised Schedule for Cutting Federal Levies—Helps Small Salaries.
WASHINGTON, Oct. 23 (AP)—Slightly greater reductions on the normal income tax rates than he suggested Monday were proposed today by Secretary Mellon in revised schedule submitted to the house ways and means committee.

The new proposal of the treasury for lowering these rates while the rates on applying to small incomes was figured on a basis of reduction of the provision in the act of 1917 allowing a 25 per cent reduction on rates of the schedule provided for rates of one per cent on taxable incomes up to \$2,000, two per cent on the next \$1,000, and three per cent on taxable income in excess of \$3,000.

Present normal rates are two per cent on the first \$1,000 of taxable income, 4 per cent on the next \$1,000 and six per cent on the remainder. Mr. Mellon's letter forwarded these rates to Chairman Clegg as a suggestion, but not as a definite plan of action. It was stated that the rates would be reduced to one per cent on the first \$1,000, two per cent on the next \$1,000, and three per cent on the remainder.

ROBBERS MURDER MAN IN BOXCAR

Two Men Attempt to Rob Brothers on Freight; One Resists and Is Shot.
PITTSBURGH, Oct. 23 (AP)—The body of Harold Hanks, 23, a merchant who is believed to have been shot to death by two bandits late last night in a box car of a coal mine Missouri Pacific freight train was found today in a Boise hospital.

OMAHA, Oct. 23 (AP)—Four men bound for Duluth, New Guinea stepped into the airplane in which they were making their way to the Pacific coast, departing for Cheyenne, Wyo., shortly after 3 o'clock.

Former Official of Idaho Dies in Iowa; Held Office in 1900

Frederick C. Bryant, Once Lieutenant Governor of This State, Succumbs.
(By the Associated Press.)
DES MOINES, Ia., Oct. 22.—Frederick C. Bryant, former lieutenant governor of Idaho, died of a heart ailment today in a hotel here. He was 68 years old and had resided in Des Moines for the past 15 years.

Mr. Bryant was elected to office in Idaho in 1899 and at the same time became president of the United States Mining congress. He was transferred to the first church here in the middle of the year. He was in the city for some time before he was killed by a bullet from a Chicago revolver while on his way to his home in the city.

EXTENSION OF ROAD TO SOUTH IS PREDICTED

Elko, Nevada, Independent Gives Arguments for Building Union Pacific Line to California From Wells.

The Oregon Short Line branch road from Rogerson to Wells was not designed to stop at Wells, according to the Elko, Nevada, Independent. The Elko, Nevada, Independent, in its issue of October 17, says that the road probably will be extended to California from Wells.

The editorial continues: "The economic outlay of the territory which would be traversed eliminates the possibility of the construction of such a line through the great silvered deposits of Elko, Nevada, sufficient to keep a line in operation for 50 years. It would open the tremendous shale deposits of southern Idaho, which are probably as prolific and as valuable as those of Elko county. It would probably open a main line, and finally the operation of one of the greatest copper deposits in the world which has value over \$200,000,000.

"The cost of such a line through the territory which would be traversed eliminates the possibility of the construction of such a line through the great silvered deposits of Elko, Nevada, sufficient to keep a line in operation for 50 years. It would open the tremendous shale deposits of southern Idaho, which are probably as prolific and as valuable as those of Elko county. It would probably open a main line, and finally the operation of one of the greatest copper deposits in the world which has value over \$200,000,000.

Robbed of \$750,000 in Jewels

MRS. J. J. DONAHUE, wife of the victim in the jewelry robbery.

Mrs. J. J. Donahue, of New York, daughter of the late P. W. Woolworth, five and ten cent store merchant prince, while taking a bath in her suite in a hotel, was robbed of her jewels, which included two strings of pearls, said to be among the finest in the world.

PROMINENT STOCKMAN DIES AT HOME IN BUHL

W. H. Hill, Oct. 22—C. H. Brannon, prominent pioneer stockman of southern Idaho, died Saturday, October 17, of septemia, at the age of 69 years, and was buried here Sunday. Mr. Brannon was born in Kentucky, and spent his early years in that state. He was a member of the Presbyterian church. He is survived by his wife, Mrs. J. Brannon, two sons, O. C. Brannon and W. H. Brannon, of Buhl, and two daughters, Doris L. Gibson and Len H. Thaler, also of this city. Burial was held in the Presbyterian cemetery. J. Elliott Stimp, pastor of the Christian church.

The funeral services were held at the home of the bereaved wife, Mrs. J. Brannon, on Monday evening, honoring Mrs. Minnie Williams of Portland, Ore. Rev. David M. Campbell, Miss Ruth Meade of Postville and Rev. Campbell of San Francisco, who spent several days here in the interest of the church. Twenty-five were guests besides the family.

Mrs. C. H. Brannon has received word from her daughter, Miss Margaret Rudy who left here early in September for a course in bookkeeping and stenography work that she had arrived safely on October 3 after a lengthy voyage. A shipment of this child's suitcase in Panama where she received her first glimpse of tropical country. Miss Rudy expects to spend two years in Venezuela.

Delegates from the Buhl lodge here to the grand lodge of Twin Falls were the Messrs. M. A. Carson, J. W. Joyce, Earl R. Davis, J. A. Litter and W. D. Moore. The 100 or so were represented by D. H. Johnston, W. H. Hill and J. W. Joyce.

Monday evening the Python Sisters entertained elaborately at the Masonic hall for the husbands of the members. The evening was spent with song and dancing. The guests were served by the Messrs. A. R. Laird, O. R. Hunter, Earl McElrath and Hubcock.

Friday evening the Knights of Pythias entertained at a banquet at the Masonic hall at which time grand officers of the lodge are expected to be present.

Mr. and Mrs. J. P. Conard expect to leave this week for Los Angeles and Long Beach to spend the winter.

The Poplar Hill club will hold its next meeting November 12 at the home of Mrs. J. J. Conner. An Amateur day program will be given.

Albert and Roy Lancaster left Monday for a few days in the San Francisco territory.

The Orange meeting held here Saturday night in the Methodist church was attended by a large audience. W. W. Deal, state grand master, and Orlando L. Martin, national organizer for the grand, discussed the history and policies of the organization. A program of community singing followed the speaking.

Mrs. J. H. Sherry will be hostess Wednesday afternoon to the Python sisters lodge. A club is being organized for members of the degree team.

Mrs. Jay Stimpson will entertain Friday evening for members of the Friday night bridge club.

Mrs. G. F. Duncan will entertain Saturday evening for members of the Saturday night bridge club at the first party of the season.

Mrs. J. C. Tiek returned Thursday from Pocatello, Idaho, where she was called several weeks ago by the serious illness of her father. She left him greatly improved.

Mr. and Mrs. Joe Kollish are the parents of twin daughters, born Sunday afternoon.

BOOTH MERCANTILE COMPANY

Again this finely knit silk finished hose of very fine rib is offered at a special price. Those who have used it know; it's our "Marjorie" brand.

High School Notes

Slogan: What kind of a school would our school be, if everyone in it were just like me?

The Blue Triangle club of the high school met Wednesday evening after school to discuss plans for the conference. Report of the service committee was received and chairman from four classes elected to make definite plans for the "showers" which it is hoped will result in bringing in the necessary equipment still lacking for the "showers". Edith Skiffman was chosen from the senior class, Margie Neale from the junior, and Barbara Jane Prosser from the sophomore. The freshmen class club will be represented by its president, Katherine Larson. The remainder of the meeting was song led by Marjorie Woods, and a quartet singing "Blue Triangle" with the local committee served doughnuts and coffee.

Eighteen girls of the Blue Triangle club volunteered to make lanterns for the annual Halloween festival which is being arranged by the Twentieth Century club for the children of the town.

Members of the advanced typing class, Miss Shennell, who have received awards for a speed of over 30 words a minute are Nellie Moore, Stella Junker, Dorothy Van Lierden, Margaret Schiller and Vera Wright. Winners of the bronze medals for a speed of over 20 words are Margaret Schiller, Blanche Joy and Melba Nelson.

Senior high school met Thursday forenoon in a pep meeting in the auditorium in which the special number was a burlesque and skit about Bob Nixon and Fred Sanger and featured the "Albion normal team." Opening led by Edwin True, Richard Eilers, Frank McVee and Virgil Wilson, together with the singing of pep songs, aroused enthusiastic support for the game in the afternoon.

A boys' debate club for preliminary practice preparatory to inter-school debate was organized Wednesday evening and will have Albert Gullick for coach. A committee composed of Miles Walden, Lloyd Boyd and Kenneth Douglas was appointed to choose a practice question and divide the club into affirmative and negative sides. The question will be given out sometime next week and the first debate will take place at the next meeting. About 15 boys attended the preliminary meeting. Meetings will be held fortnightly on Monday evenings.

Architecture Defined

Among many definitions of architecture there is one which, translated into terms of the layman, is especially apt. It is as follows: "Architecture is putting into a building certain qualities—namely, logic, strength and beauty."

You can pay more for lots of things than you pay for SHREDDED WHEAT, but you won't get more real food value for your money.

Shredded Wheat

A FULL MEAL IN 2 BISCUITS

How Can You Make Such Prices?

We have been asked the question dozens of times since we started this.

QUITTING BUSINESS SALE

how we could sell goods at such LOW PRICES and why did we allow the people to exchange goods or give them a refund of their money if things were not satisfactory.

Our answer has always been, that after 14 years of conducting a business on this principle we were too old to change our ways simply because we were going out of business and leaving Twin Falls, and the LOW PRICES would move the greatest quantity of goods in the shortest time and cut down our overhead expenses.

Both Principles Have Proven Correct

ARE YOU GETTING YOUR SHARE OF THE BIG SAVINGS?

Alco Clothes Shop

"Our Goods Must Make Good or We Will"

GLOVES OF CHAMOISUEDE, \$1.75

Out of the ordinary with four-inch flared cuff with wedge set-in of contrasting color; superior quality.

PHOENIX VESTS OF RAYON SILK, \$1.00

Oil Shortage Outlook Discussed by Statistician

Roger W. Babson in Special Article-Comments on Situation Today-Points to Condition of Fields.

BABSON PARK, Mass., Oct. 22.—While we are discussing the doubtful crisis of the country at this time of the year, Mr. Babson, in an interview yesterday, "we must not forget the great oil crop which is actually being produced. This crop has not only brought huge wealth to individuals and families, but it has been a great factor in making cities like Los Angeles, and founding the basis of great prosperity in states like Oklahoma. Oil was definitely a real factor in causing the boom of 1920 and it was of major importance in connection with the warping of that boom. It was not, however, the sole factor in connection with the next war. If we are so unfortunate as to ever have another. The following table gives an idea of the increase in oil production the past few years.

Crude Oil Production in U. S.	No. of Bbls.
1920	442,028,000
1921	525,183,000
1922	597,531,000
1923	735,407,000
1924	715,019,000
1925	700,000,000

(1925 estimated.)

Question of an Oil Shortage.

Now and then statements that there soon will be an oil shortage. Perhaps some advertising agency has been speculating on a coming from the possibility that people are interested in owning the price of oil. There, however, need not be any fear of such a shortage as long as the present situation of the oil fields is not a serious one. The actual storage to last about a year. Now we consider the available amount of oil in the world. It is estimated that in forty years we are consuming the great quantities of oil in the world. This is on the basis of known deposits and not exceeding eight or nine thousand feet below the surface. Everything leads statisticians to believe, however, that operators will continue to drill deeper and deeper and that wells will go ten thousand, twelve thousand, and even fifteen thousand feet deep. It is estimated that by going this additional five thousand feet no one can tell, but all statistics indicate a tremendous supply will be available.

If drilling becomes deeper, not only is oil available, but it is already being drilled, but oil will be produced from territory that is producing nothing at the present time. For instance, on the coast of the present surface of the United States is producing oil, and yet geologists state that 60 per cent of the United States is capable of producing oil if the wells are drilled and drilled deep. States like New Mexico, Arizona, Louisiana, Alabama, Mississippi, and Georgia probably contain oil, while the Pacific coast states, especially if we will drill deep enough, this deep drilling should increase the supply of oil to last 100 years, although it will add to the expense of production.

The above statements are based on production figures in the United States. When one adds to this the possibility of getting oil in Canada, Asia and Africa, it will become two or three centuries before we can see a serious shortage. Moreover, in this respect it is not only the possibility of extracting the oil from shale and coal and other deposits which is so truly abundant.

Uses for Oil Increasing.

When I was a boy oil was used only for kerosene lamps and for lubricating machines. John D. Rockefeller had no more idea that we would be using automobiles today than we have that our grandchildren will be using machines to read people's thoughts. The automobile came as an absolute surprise to him. The use of far and oil in connection with street building is an industry that has recently grown up. It was only a few years ago that the great oil interests began to realize the possibilities of fuel oil in connection with operating our industries and heating our homes. In most of our cities today less than one cent of the houses are heated with oil, and experts state that we shall live to see the time when 90 per cent of our houses will be heated by oil, gas, or electricity. The coal cart, like the coal cart, will disappear from our city streets during the next 20 years. The use of oil for fuel in industrial purposes has barely started.

During the recent World War that was conference the secretary of the National Automobile association stated that the United States automobile plant for the automobiles would be, in his judgment, about 30,000,000 cars.

Dorothy Gould Puzzles Society

GLORIA GOULD BISHOP, HUSBAND'S DAUGHTER

DOROTHY GOULD BISHOP, daughter of the late George G. Gould, of New York, has the smart set mystified. She has sailed secretly for France, and gossip says she will seek a divorce. Her husband has gone to the Maine woods.

HERDER MISTAKES FOREST EXAMINER FOR COYOTE

IDAHO, Oct. 22.—(Special to The News)—John Finney, grazing examiner of the Ogdan office of the United States forest service, has completed his survey in the Huff river and the Black Pine divide of the United States forest service, and has returned to Ogden to make his report. While out on this range he was mistaken for a coyote by a sheep herder down the valley when he was looking up and down at his work; and the sheep herder took a shot at Mr. Finney, the latter just missing being hit, lodged behind a cliff and when the sheep herder came to investigate, he was more surprised than the examiner.

BURLEY SCHOOLS REOPEN AT CLOSE OF HARVEST

BURLEY, Oct. 22.—(Special to The News)—The junior and senior high schools will reopen next Monday after being closed for two weeks to permit students to assist in harvesting the crops. Beginning next Monday the attendance laws governing pupils in grades one to eight, inclusive, and high school pupils under 15 years of age, will be strictly enforced. Superintendent W. E. Wilson says that all high school students who are not affected by the attendance laws are urged to also report for school work next Monday as discontinued attendance will be seriously contemplated at their school progress.

WAR ON COYOTES.

IDAHO, Oct. 22.—(Special to The News)—The advisory board of the Minidoka National Forest Ward Growers' Association, met the past week for the purpose of inaugurating a campaign for poisoning coyotes. There are 50,000 sheep represented by members of this association. Supervisor S. H. Stewart reports that as many as five or six coyotes have been seen at one time on this range.

CREDIT MEN DECIDE ON MEETING WITH GUESTS

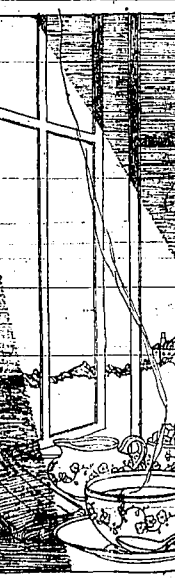

Each member of Twin Falls Credit association will invite ten or fifteen business men to be his guests at a dinner meeting to be held here on the evening of November 3, according to a decision reached at a meeting of the association held Thursday noon in Tom's hall. Mr. Hill was elected chairman of the committee to have charge of arrangements for this meeting.

FOR SALE, apply to the City Realty Company.

The present situation of competitive companies with filling stations on corners of the same street is a very foolish, as is the competitive advertising which is being done by these oil companies, especially billboard advertising. These economic conditions must shortly bring about consolidation both among the producers and the sales companies. These consolidations will be a good thing, not only for the stockholders but for the public as well. Then the cost of selling can be greatly cut down, and the public the most of necessity get a portion of the savings.

If, however, do not wish to be misunderstood as to the ultimate future of these selling companies, I believe they have a great opportunity. The street corners which these oil companies occupy will greatly increase in value as they represent the most valuable sites available in the cities. The use of oil will increase and the business of these distributors will grow likewise. Moreover, the future price of oil is of importance to them as they are merely as merchants, buying and selling and making their profits. The oil industry is fundamentally sound, and the retelling of oil, although temporarily overdone, has a stable future. The important thing to remember in connection with oil is to work with good people. Keep away from the speculative, the speculative will eat stocks and will eat speculation. Deal with real oil men who are interested in producing the commodity and are not interested in the stock market. Moreover, when investing in oil stocks buy only stocks of companies which are operated by honest and upright men. Remember that men cheat values and souls make none.

Business columns around 13 per cent above normal, by the Babson chart. This compares with 6 per cent below the normal "gray area." (Copyright 1925, Publishers-Plumstead Bureau.)

Wherever taste counts...

Breakfast table bathed in morning sun... china and silver that sparkle... paper eager to unfold its news... toast done to a crispy brown... and [cheer of theirs] your bracing cup of morning coffee!

Wherever taste counts, wherever people have learned the art of living, you'll find M·J·B doing its sunshine-share in making each day yield its fullest.

Years of experience have taught us how to put into M·J·B a fine, upstanding flavor that makes you feel the world is good and the coffee is better. And this can't be copied flavor is in the cup—whether you drink it strong, mild or in-between.

Vacuum packed by our own process—that's why it's flavor-fresh.

SPORTS

ALBION NORMAL HELD TO SMALL SCORE IN GAME

Plan for Revenge by Bruins Goes Awry; Total Yardage for Both Teams Tells Story of Breaks of Game.

The plan for revenge of the Twin Falls Bruins suffered a 11 to 0 defeat at the hands of Albion Normal. Failure of Owen and Kelly to handle the punts of Lapp's punts were responsible for the two scores made by the teachers. In the first half of the game the Bruins forward wall had stopped the Albion backs. Lapp kicked to Owen to fail to handle the punt and White, first end of the teachers, scooped up the ball and kicked to him. Lapp's yard line before he was downed. It took the Normalists four downs to make that five yards but Lapp carried it to the last down.

Again came the third quarter. Lapp kicked from his own 12 yard line and the ball went to Kelly and the kick again White scooped up the ball and kicked to Kelly and the second and last Albion score. The first Bruin counter came early in the fourth quarter when an exchange of punts the Bruins worked the ball to the 10 yard line and Berg attempted a drop kick which was not handled over the Albion goal and a Bruin fell on it but the referee brought the line back to the 10 yard line and Berg took it over on the next play. Franzello dropped a kick from the line from the 35 yard marker or a few minutes later for the Bruins last score.

One First Down.
The game was all the Bruins from the start, the teachers were unable to penetrate the Bruin line and they were able to make but one first down during the entire game while the Bruins counted 25 first downs in the teachers' territory throughout the game and only in the punting end were the visitors superior. The Bruins gained 255 yards from scrimmage while Albion could muster only 50. During the last quarter the Bruin opened up operations trying to get away with a long pass and several were thrown in the hands of the Bruin players but they were snuffed by the teachers. The Bruin had the teachers in their clutches several times but lacked the punch to drive across for a score. And on the punts the teachers were able to keep out of danger long enough to win the game.

For Albion, White, first left end, stands out like the evening star, he is fast and a power on defense, in fact the Bruin backs were unable to get him off his feet and keep him down. His speed, in getting down on punts was the game for the Bruin for so the fumbled punts he was the only man within 20 yards of both Owen and Kelly when they snuffed the punts. Lapp outkicked the Twin Falls punter and to his top the Teachers one a large share of their victories. Haverly played a flouting tackle on defense and was a power in backing up the Albion line. He was not able to smother as many plays as in the former game but was a power in the deflection scheme of defense. Haverly and Butler, guards, also did stellar work in the line. Aman was unable to get away at any time in the game and his gains were small.

All Play Nice Ball.
For the Bruins the whole team played nice ball, there was not an outstanding man in the game. The backs worked nicely but did not have the drive they are capable of displaying. Outside of the two had fumbled the Bruin backfield was able to gain consistently through the Albion line. The Twin Falls line was impotent as is shown by the fact that Albion was able to make but one first down. The ends were not boxed and the tackles and guards were working nicely.

The Bruins lost Thursday's game because the breaks went against them and for no other reason. The Bruins outplayed the visitors in every department except punting and had the teachers with their backs against the goal most of the time. It was one of

those games which the Bruins credit on "Holy Luck," you sitting on the sidelines.

Quarter.
Albion kicked and the Bruins brought the ball back to the 20 yard line. The Teachers were held to make seven yards and the Bruin end and Albion recovered on her own second down. The Teachers were held to make seven yards and the Bruin end and Albion recovered on her own second down. The Teachers were held to make seven yards and the Bruin end and Albion recovered on her own second down.

Second Quarter.
On the first play they received a 15 yard penalty for crowding and after Kelly had failed to gain Franzello on a try at a drop kick which went over the goal line and Albion had the ball on the 20 yard line. The Teachers were held to make seven yards and the Bruin end and Albion recovered on her own second down.

Third Quarter.
Buttow went in for a Dixit at half. Twin kicked off trying the short kick but it went out and they kicked over. Albion was stopped on the 30 yard line and Butler tore off 10 yards for the only first down the Teachers made during the game. Lapp was forced to kick a punter out on the kick. Kelly fumbled and White scooped up the ball and kicked 35 yards for a touchdown. Lapp kicked 20 yards to the 10 yard line and the Bruins were unable to gain but the ball in mid-field. The Bruins received a five-yard penalty for offside on the second play and recovered the ball on the 10 yard line and Berg took his punt on the 55 yard marker, and after several exchanges of punts and a 15 yard penalty the Bruins worked the ball to the 10 yard line and the Teachers were held to make seven yards.

Fourth Quarter.
Berg tried a dropkick which was not handled but the Bruins got on it over the goal line. The referee brought the ball back to the two-yard line. Lapp kicked 20 yards to the 10 yard line and the Bruins were unable to gain but the ball in mid-field. The Bruins received a five-yard penalty for offside on the second play and recovered the ball on the 10 yard line and Berg took his punt on the 55 yard marker, and after several exchanges of punts and a 15 yard penalty the Bruins worked the ball to the 10 yard line and the Teachers were held to make seven yards.

HERE ONE THINKS BEYOND HIS OWN GREAT CHANCES

San Francisco Unable to Win in First of Nine-Game Series With Southern Champions.

SAN FRANCISCO, Cal., Oct. 22 (AP)—The Louisville Colonels, champions of the American association, started away with all the honors in the first of a nine game baseball series with the San Francisco Seals here today by shutting out the champions of the Pacific Coast League.

The Louisville club started from the first inning, the champions did not play the game through. Big Chief Tim Tappan scouted the battle cry of Kentucky, gathered the tribes of hitting warriors before him, rolled into the field and started the first two innings of the game with the ball in Albion territory.

Line-up—
Left End, White
Franzello, Left Tackle, Butler
Schurapp, Left Guard, Butler
Prabin, Left Guard, Reynolds
Center,
Lewer, Right Guard, Haverly
Vander, Right Tackle, Haverly
Sullivan, Right End, Fisher
Berg, Quarterback, Lapp
Dewens, Right Half, Aman
Haverly, Left Half, McNeill
Potter, Right Half, Critchfield

Summary: Yardage, Twin Falls 255, Albion 50; first downs, Twin 29, Albion 13; punts, Twin 29, Albion 6; attempts; penalties, Twin 30 yards, Albion 58 yards; time of play, Twin 29:15, Albion 23:15.

Official scorers, Ralph, Paul; Booth, manager, Twin Falls; head linesman, Ostrander, Twin Falls.

WEATHER HOLDS UP PRACTICE OF RACING PLANES

Rain and Low Hanging Mists Forces Day of Inactivity for Ships to Contest for Prizes Saturday.

(By The Associated Press)
BALTIMORE, Md., Oct. 22.—Rain and low hanging mists forced a day of inactivity at Bay Shore park today, where the blue ribbon regattas of three nations are being ground for Saturday's regatta opening trophy race. On the eve of the official qualifying tests, the inclement weather robbed the racing entries of their last chance for flight trials over the Chesapeake bay course before entering the grueling navigability trials.

Tomorrow the planes will be put through their paces with the usual trials to test their seaworthiness and general stability. Any plane falling by the opinion of the judges to prove its seaworthiness will be disqualified.

The British supermarine Sapor set and Gloster Sapor III, and the big Murchell boats of Italy, remained all day carefully stowed in their hangars, blanketed like thoroughbreds of the turf. The American Curtiss racer were drawn out on the runways long enough for brief motor tests, but were returned to the sanctuary of their canvas hangings.

Failure of chance to take their powerful ships aloft, Lieutenant Ralph A. O'Neil and George T. Cuddy, the day's racing pilots, took a fare around the course in flight 4 P. M. until all planes are present for the start at 10 P. M.

WEST HIGH TO ROISE
SAVY LARK, Oct. 22 (AP)—The West high school team left here tonight at 11 o'clock hours after a hard day of practice. They will play their second intercollegiate game of the season, sixteen players are making the trip.

grant scheduled to precede the cup race Saturday.

The British aviators realized today the BVE wishes of their sovereign in a telegram from the royal navy club. The message said:

"The King will await with interest the results of the race for the Schneider cup and his majesty offers his congratulations to the victor and his crew."

In the navigability tests tomorrow the seven race entries must prove themselves capable of arising from and alighting upon the water in rapid succession over a given period of time and of taxiing over the surface at a speed of at least 12 knots per hour. These tests, standing provisions of the

Schneider trophy contests, must be completed by the entry of "French" planes which might be constructed to develop great speed in the air, but also capable of the sturdiness necessary for the repeated take-offs and landings in practical use. After the navigability tests, the conditions require each plane to be in the water for at least 10 minutes and to remain occupied for six hours.

"The Parent-Teachers" will hold a cooked food sale at the book store Saturday beginning at 10 o'clock. It is held for the purpose of bringing the proceeds to the association here for an address—adv.

FILER AND GOODING TO PLAY FOOTBALL GAME; TEAMS STRONG

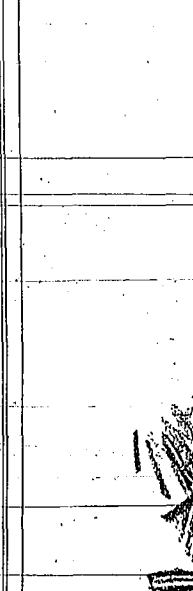

FRIDAY, Oct. 22 (Special to The News)—Much interest is being manifested here over the Filer-Gooding football game here this afternoon. Both teams are undefeated and are strong contenders for the district title. The defeat of Twin Falls will be eliminated for the district title race. A large contingent from Gooding and Twin Falls are expected to attend the game.

Twin Falls Remains in Weather Man's Favor

Forecast for today—Fair and cooler.

Superc autumn weather continued Thursday in the Twin Falls country, with a slight diminution in temperature. The weather bureau's top reach for the day, according to the government weather bureau's station here, was 63 above, while the seven day forecast under Wednesday's high mark, low was 32 above, an increase of two points over the preceding day's minimum.

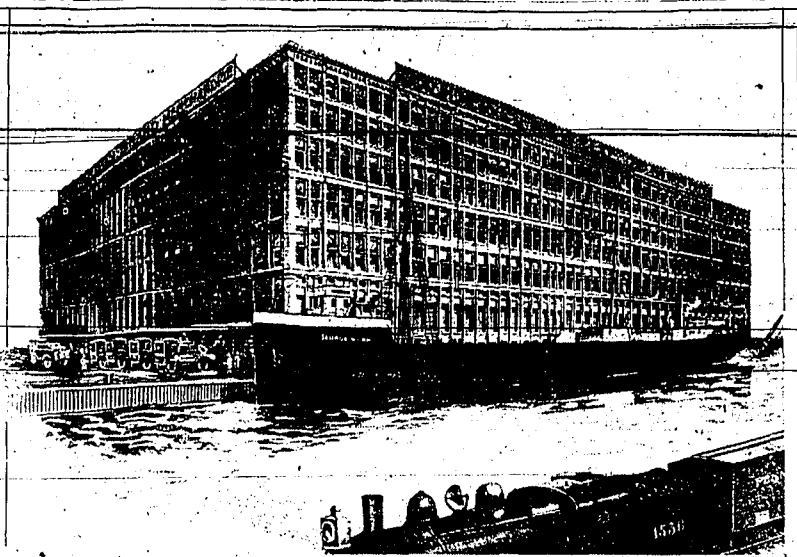

BUHL MAN CONFESSES TO POSSESSING OF LIQUOR

George Burgess of Buhl, an arraigned man here Thursday before W. C. Muller, justice of the peace, pleaded guilty to the possession of liquor and was sentenced to pay \$100 fine and serve 30 days in the county jail.

Burgess was alleged to have had in his possession a gallon of liquor when he was taken into custody late Wednesday at Buhl by Deputy Sheriff Roy Davis.

AN UNEXPECTED SALE

at the
Idaho Department Store
Starting Friday Morning
AN EXPLANATION

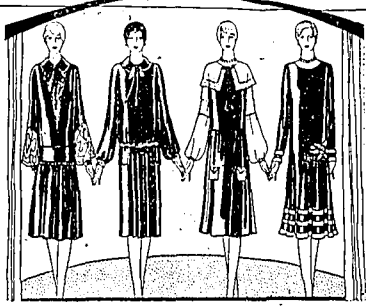

As the public well knows, it is the policy of this store to give but two sales a year, and these are Clearing Sales at the end of the Summer and Winter seasons. We only deviate from this policy when we are able to purchase stocks at very low figures and can give the people radical reductions on merchandise. Two weeks ago we were called to Chicago by the big J. V. Farwell Dry Goods Concern (a picture of their immense wholesale house appears on this page), to participate with other merchants from all over the United States in their great "Quitting Business" Sale, as they were under agreement to give possession of their building and turn over all stock which might be left to Carson, Price, Scott & Co. on October 10th. In order to make our offering to the Twin Falls public general all over the store, we will add to our two big shoe departments 655 pairs more of the Roberts Johnson & Rand shoes for Men, Women and Children, the same as we sold about two months ago. Just as good and just as attractively priced. PLEASE REMEMBER that NO change is made in the prices of our immense stock of Fall goods, as our prices are as low as it is possible to make them, but all the specials will be shown on our tables and marked plainly on large cards, "FARWELL STOCK" and "R. J. and R. STOCK." This sale will start at 9 o'clock Friday morning, October 23rd.

PLEASE NOTICE THAT THIS IS NOT A STORE-WIDE SALE. NO REDUCTION IN PRICE IS MADE ON OUR REGULAR STOCK

Organization Formed. The meeting Thursday evening was called by Mrs. J. N. Wolfe, chairman last year of the regatta committee in charge of the entertainment for Twin Falls children, and organization for this year's festival was referred to the regatta committee. Betty as chairman and Miss Jessie Fraser, secretary.

Participating organizations represented at this meeting included the Royal and Kiwanis clubs, Boy Scout Council, Twentieth Century club and Catholic Women's League.

Tasks Assigned. Appointment of several committees in charge of various features of the affair were announced, including the following:

- Stunts—V. Jones, O. P. Davis, Mrs. J. H. Ritchie, Mrs. Alton Hunt, Mrs. C. A. North, Mrs. E. M. Wolfe.
- Community sing—Merlin Estley, James S. Hall, Mrs. E. Booth.
- Band—J. T. Hainbridge.
- Lights—Mrs. A. H. Atkinson.
- Birches—E. L. Ashton.
- Publicity—Mrs. J. A. Whelan, Charles F. Dwight, John C. Harvey, Paul Gougill.

Twin Falls post American Legion and company C, Twin Falls unit of the Idaho national guard, are to have the charge of arrangements for the parade; noise makers are to be provided by the Rotary and Kiwanis clubs, and the Twentieth Century boys; the Hawley of the Boy Scout organization. Carl Munyon is to be official announcer.

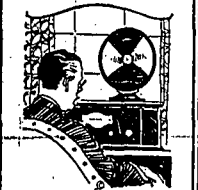

SOCIETY AND CLUBS

Edited by Mrs. E. M. Williams Phone 326

Mrs. H. O. Miller entertained the breakfast club Wednesday afternoon at her home on Main avenue west. The room was beautifully decorated with roses and the afternoon was spent with bridge with favor for high score going to Mrs. M. P. Newman. Mrs. C. C. Thomas is a new member of the club.

Mrs. Frank Howman was hostess at a second charming bridge supper Wednesday evening at her home on Poplar avenue. The guests were seated at six tables, having for center, floral colored napkins, with place cards and salt cups to correspond. Fall flowers in profusion, also in vases, were used to decorate the room. Mrs. F. C. Hebe was the successful contestant for high score. Mrs. H. P. Barger won second and Mrs. H. J. Dinkacker last.

The Episcopal Guild met Thursday afternoon with Mrs. George F. Burge. During the ladies session presided over by Mrs. Thomas Robertson, the president, \$5 was voted to the Boy Scouts. Miss Elizabeth Smith read from the "Spirit of Missions" an article from Bishop Howe of Alaska, thanking the people of the church for their generous response to his
