

# LEAGUE ORDERS 2 NATIONS TO CEASE FIGHTING

## Greece and Bulgaria—Ordered to Withdraw Into their Own Countries and Await Action of Council.

(By the Associated Press.)  
THE LEAGUE OF NATIONS today announced that it has ordered Greece and Bulgaria to cease hostilities and to withdraw into their own countries and await the action of the council.  
The council, in a resolution adopted today, expressed its indignation at the outbreak of hostilities between Greece and Bulgaria on Oct. 25. It demanded that both countries should immediately suspend hostilities and that the boundaries should be maintained as they stood on Oct. 24. It also ordered that the countries should refrain from any further military or propaganda operations.

# Reclamation Must Be Free From Politics to Succeed Its Claim

Dr. Elwood Mead, Commissioner, Tells of Needs for Land Settlement in Address.

CHICAGO, Oct. 26.—Federal reclamation cannot succeed unless it is freed from politics, declared Dr. Elwood Mead, commissioner of reclamation, in an address here today before the Western Society of Engineers.  
The fundamental question of all future projects, he said, is not the production of water, but the question of water. It is not a question of water, but a question of water. Another evil of reclamation, he added, was land speculation.  
Dr. Mead pointed out, however, that the best cultivated farms on this continent are in irrigation districts. He cited the case of Greeley, Colo., he said, rival that of the Louisiana in Scotland.

# WEDDING OF DINES IS POSTPONED HE INFORMS PRESS-REPRESENTATIVES

DENVER, Colo., Oct. 26.—(By) An indefinite postponement of the marriage of Cornelia S. Dines, wealthy divorcee, to Miss Helen Gibson, Denver society girl, was announced today by Mr. Dines.  
Mr. Dines gave as the reason for the postponement that he desired to get "his affairs in shape."

# FLIERS REACH ROCK SPRINGS HO TO KIRKINOV, Oct. 26, (By)

The British expedition flying from Rock to Dutch New Guinea, reached at 2:30 p. m., where they will remain overnight. The fliers were forced to land at this place after leaving Rawlins which caused them considerable time. They have evening hours, intended to leave early Tuesday morning.

# COLORADO RIVER HEARING OPENS

## High Dam at Boulder Canyon and All American Canal Necessary, Senate Committee Told.

LOS ANGELES, Oct. 26.—A high dam at Boulder Canyon or a similar project at another site, and an all American canal, necessary for the conveyance of water from the Colorado to the Imperial valley were advocated by numerous proponents at the opening here today of a two day hearing on the Colorado river case by the senate committee on irrigation and reclamation.  
Witness after witness told the senators that both projects are necessary for the protection of Imperial valley—the first waters, constantly increasing flood danger and the canal to unburden the district of a present danger, principally on Mexico for its water supply.  
The high dam was sacrificed as absolutely necessary if Imperial valley is to be protected. Mayor John F. Bacon of San Diego, called on the first witness, estimated that such a dam inundation would occur within 17 years. He testified that the canal would cost \$20,000,000 and increasing repairs each year—cannot hold out much longer against the river's water.

# PINGREE FARMER FIRST TO ENTER CROP SAMPLES

The honor of being the first Idaho farmer to enter samples in the International Grain and Hay Show which will be held in Chicago December 5, falls to Hay Cops, Pingree, Blingham county. He will exhibit his alfalfa seed and barley.  
No entry fees are charged in this exhibition and entries may be made up to November 30. This is the last time that a farmer who wins in the contest brings much favorable publicity to his own section.  
Premium lists and entry blanks may be secured by addressing the International Grain and Hay Show, Union block, Boise, Idaho.

# TAXPAYERS ASK REPEAL OF MANY SPECIAL LEVIES

## House Ways and Means Committee Bombarded with Arguments for Elimination of Millions Involved.

(By the Associated Press.)  
WASHINGTON, Oct. 26.—Taxpayers bombarded the house ways and means committee today with arguments for repeal of a majority of the special taxes now in effect.  
The committee, which will start work next week on a bill to amend the revenue law, was asked to wipe out levies on automobiles, automobile license fees and accessories, jewelry, firearms and accessories, camera and lenses and stock, together with some of the stamp taxes and those applying to brokers and real estate.  
Some in the tax plan.  
Recommendations for repeal of only a few of these taxes, which aggregate more than \$250,000,000 annually, was made in the \$200,000,000 reduction program suggested to the committee by Secretary Mellon and the widespread requests for additional relief fully provoked Representative Fremont, republican, Massachusetts, to read a clipping today stating that if all revenue for repeal were granted "the government soon would have to pay a penny to citizens to exist instead of collecting a tax from them."  
In addition to hearing the numerous appeals—today—Chairman Representative Ford, in clarifying his position announced Saturday for repeal of the inheritance tax at the end of six years if states enacted and fore inheritance levies in the meantime.  
Favors Estate Tax.  
Representative Trevelyan also joined today in the opinion that it might be well for the government to retain the estate tax, allowing greater credit for amounts paid on state levies, since two southern states, Florida and Alabama, now have no such tax.

# SCHOOL BOY FRANK COSTS LIFE OF ONE AND INJURY OF FOUR

MONT ROSE, Colo., Oct. 26.—(By) The prank of school boys who threw a quantity of blasting powder into the furnace of the school at Melrose, Colo., near here today, cost the life of one youth and injured four others, including the one who threw the powder in his pockets caught fire after the blast from the furnace filling the entire room with flames.  
The clothing of the other lads was ignited as they ran screaming from the building.

# Congress Is Without Right to Unload Debt on People, Says Borah

Foreign War Obligations Should Not Be Shouldered by Taxpayers Asserts Senator.

WASHINGTON, Oct. 26.—(By) Without specific authorization from the American people, congress has no right to "unload" the foreign war obligations upon the taxpayers of the United States, Chairman Borah of the senate foreign relations committee declared in a letter sent today to Charles C. Smith, president of the Illinois manufacturers' association.  
"Calling attention that since the war France has maintained an army of from seven hundred thousand to a million men, and she has loaned large sums to other countries to maintain military establishments, Senator Borah declared he did not feel that it was any part of his duty to put the load of the present 'imperialist war' and France's military establishments upon the taxpayers of the United States."

# SURETY COMPANY GIVEN PRIORITY

## United States Supreme Court Upholds Findings of Lower Body in Utah Bank Case.

WASHINGTON, Oct. 26.—(By) Lower court decisions giving the American Surety company priority in the distribution of assets of the failed National City Bank of Salt Lake City, Utah, were upheld today by the supreme court, which refused to review an appeal brought by the National Bank company and others.  
The court's decision, which had more than \$200,000 on deposit in the bank when it failed, was upheld with both companies, which retained the company's claim to priority over the assets of the bank.

# JUDGMENT TO STAND

RAILY LAKE, Utah, Oct. 26.—(By) Refusal of the United States supreme court to review the National City bank case on appeal of the National Surety company and other means that the judgment of the lower courts will stand and that recovery by dividend claimants in the Utah bank case is no longer in doubt.  
The American Surety company's claim to priority over the assets of the National City bank of Salt Lake City, Utah, was upheld by the lower courts and by the National Surety company and its associates in the Utah bank case.

# TIME WE POWERS IN CONFERENCE IN CHINA CITY

## Delegates Assemble for Customs Confab; Hear Chinese Spokesmen Propose Restoration of Full Tariff.

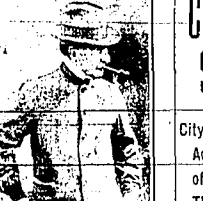

(By the Associated Press.)  
PEKING, Oct. 26.—(By) Delegates of twelve powers, besides China, assembled today for the first time since the outbreak of the Chinese revolution for the opening of the Chinese customs tariff, which for many years has been in the hands of foreign powers.  
The powers restore to her complete control of her customs tariff, withdrawn for 50 years by her foreign traders.  
While actual progress was made within the conference hall, where foreign delegates made sympathetic replies to China's requests, there was no agreement that thousands of Chinese workmen are protesting against the provisions of the winter paper on China's tariff, which would restore the tariff to the Chinese government. When this was refused they halted the process with strikes and demonstrations, killing one professor and several students were injured and others arrested.

# ATLANTIC STORM DAMAGE IS TOLD

## Thirty-Two Rescued from Disabled Steamer; Other Ships Damaged and Delayed.

NEW YORK, Oct. 26.—(By) The crew of 32 members of a disabled steamer, damaged to other vessels and delays in the arrival of seven transatlantic liners were among the consequences of the storm Saturday and Sunday in the north Atlantic.  
The heavy seas which wrecked disabled the Norwegian steamer Elven, bound from Rotterdam to Sydney via Antarctica and the American Steamship American trader went to the rescue today. Captain Fish of the latter vessel found the Elven's stricken crew, steering gear broken and its boats carried away.  
The heavy seas for a time prevented a rescue, but later the crews of the Elven was taken off and the American trader continued toward the port.  
Faddle Wheel Disabled.  
The paddle wheel of the Fall river line passenger ship Commonwealth was disabled today between Joliet and Joliet and Hatch Ill. It is after striking out the night at anchor. Another disabled today between Joliet and Joliet were 600 passengers were sent to New York by special train.  
The captain of the Red Star liner Lepidus, which arrived today 48 hours late, said the voyage had been a waste of time. He said that it was necessary virtually to heave to. The ship, however, was unharmed and the passengers or crew were not injured.  
Other liners scheduled to dock today are the Dutch liner, the Canadian liner Douglas, the United American liner Douglas and the Liverpool liner Douglas. The Douglas liner was at New York today.

# Young Awarded Contracts for Street Gravel

Subject to approval of bond that is to be furnished Wednesday, contract was awarded by Twin Falls city council at a meeting Monday evening to James A. Young for furnishing, handling, spreading gravel for improvement of street from Boulevard, Fifth Avenue north and Third Avenue north. Young's bid was the only proposal submitted.

Young, under the engineer's estimate with margin to cover incidental expenses in connection with the formation of bonds to surround lands used for advertising for bids.  
Mr. Young's bid on the Blue Lake highway gravel contract, estimated at \$42,200 on the Fifth Avenue gravel, \$100,000 on the Boulevard gravel, \$220,000 on the Third Avenue gravel, \$200,000 as compared with estimate of \$220,000.  
Gravel creek gravel is to be used. Graveling is to be done by the city.  
"Begin on Monday," the work is to be started on Blue Lake boulevard, according to agreement between the council and contractor. The contractor will be awarded the contract to do the work. The council adjourned to Wednesday evening when it is to take action on bonds to be furnished to the contractor.  
The council heard informal reports of Engineer Young relative to the contract for gravel. The contractor of gravel to carry away storm water from the north quarter of town and the south quarter of town and the graveling relative to construction of walls, sidewalks and concrete walks and drainage work.

# Church Advertising Advocated by Men at Chicago Conference

CHICAGO, Oct. 26.—(By) Advocates of church advertising are making their voices heard at the national conference of the National Publicity Association, held here today.  
The speaker of the conference was H. H. Jenson, secretary of the association. He said that the clergy would do well to take their own part in advertising and the business of the world.  
The prophets of Israel understood the value of publicity. Dr. Jenson said that the prophets of Israel understood the value of publicity. He said that the prophets of Israel understood the value of publicity. He said that the prophets of Israel understood the value of publicity.

# Caillaux Wins Right to be Considered as Factor in Politics

French Minister of Finance Forces Cabinet to Take Into Consideration His Plans for Retrenchment.  
PARIS, Oct. 26.—(By) Caillaux, who as secretary was originally considered politically a man of no account today that he was really a factor of the present. He is now considered a factor in politics. He is now considered a factor in politics. He is now considered a factor in politics.

## WILLS SCORES TECHNICAL K.O. OVER JOHNSON

Seconds of Iowan Toss in  
Sponge in First Round and  
Negro Challenger is Declared  
Winner; Crowd Cries Fale.

(By the Associated Press.)  
NEWARK, N. J., Oct. 26. (AP)—Harry Wills, negro, heavyweight, scored a technical knockout over Harry Johnson of Iowa, in the first round of a 12-round match here tonight, the sudden ending leaving many spectators stunned.

Johnson received Wills' mighty left to the body and head just as the loud start and he appeared to be working. Then a right to the head drove him to the ropes, and he was hit by the attack and ventured to the center of the ring as a white towel floated in from his corner.

Referee Harry Lewis, Wills and Johnson all agreed at the time of seeing acknowledgment and the three took two to five in honor. Lewis took Johnson by the arm, led him to the center, and then informed the representatives that he could do nothing other than award the fight to Wills after the towel had dropped into the arena.

As the fighters departed, loud protests came from the crowd which had seen two minutes of a contest which had a championship heavyweight contender as one of its principals.

"Fake, fake," came the cry. "That's the end of boxing in New Jersey."

But as a matter of fact, Johnson was not far from obtaining the surprising feat appeared. The negro had gone at him stiffly as they tapped with each other when in the center of the ring. A half minute of sporting preceded the first blow of the contest, a left drive to the body by Wills. Then Wills wrestled his foe to the ropes and drove a right punch to the chin after which Johnson became cautious and broke away.

Another left found Johnson's jaw with the Iowan backing to the ropes to receive a mild shower of rights and lefts to the head and body.

But Johnson, known in the past as...

## DUMB BELLS

...the building of the west... continued to throw his arms out before him and gradually worked out to the center of the ring as his second went into action.

## Theatres

**"DIXIE HANDICAP"** ORPHEUM  
The Dixie Handicap, the new Metrodubuya picture that came to the Orpheum theatre today, is an adaptation of Gerald Bennett's story, "Dixie," which appeared in the Red Hook magazine. It's a story of Kentucky with Harry Johnson as the feature with the romance of a beautiful southern girl who falls in love with the Danish King, the man who has trained her father's race horse, Dixie, for the big sweepstakes. Frank Keenan appears as the father and Lloyd Hughes as the "kickin'."

**IDAHO HAS 'NEW BROOMS'**  
No "candle at the window" action in the new William de Mille Paramount production, "New Brooms," the feature at the Idaho theatre tomorrow night.

This is not the usual "mother and son" story. Instead it is a beautiful love story, a story simply told, in which the story, silent love of a father held for his son is paramount. There is splendid comedy relief, and a novel idea is introduced in the form of a new triangle.

Bessie Love, Neil Hamilton and Play Boy have new features in the leading roles of the production which was written for the screen by Clara Fitzgerald from Frank Favens' Broadway stage success of the same name.

## PARIS ARENA IS USED FOR FIGHT

After 2000 Years Roman Playground Scene of Bull Fight; Benefit for Soldiers.

PARIS, Oct. 26. (AP)—After nearly 2,000 years an arena built by the Romans in Paris for their arena and gladiatorial combats, returned to something like its original use yesterday when a bull fight show opened. It had been advertised as a spectacle equal in splendor to the shows in the Royal arena of Seville and Madrid, with the most prominent matadors of Spain taking part. It was also advertised that the bulls would not be killed.

The event has been organized by the press of Paris as a benefit to soldiers wounded in France. The French Red Cross participated in staging the affair. Prices for seats ranged from 400 francs for a box holding four persons to twenty francs for a seat on the stone tier.

The hair hangers of Paris are prolific these days in the extent they offer for the use of women who want to put their husbands who do not take kindly to short hair. The latest such device is the danger of wearing combs and pins made of inflammable materials. This device is fortified by a movement in England against the sale of all sorts of toys and playthings for children made of combustible substances.

If the husbands persist that not all combs and hairpins are so made, the answer is that metal is too heavy for your purpose and induces headaches, and that tortoise shell is so expensive that only millionaires can afford it.

Frank Rhett, assistant commissioner of police in London, who recently spent a week in Paris studying the new traffic regulations of the French capital, has cheered Paris by his comment: "Paris is a well managed young girl with a fresh complexion that denotes good circulation, whereas London is a faded old lady who must put herself on a diet. Paris, I might add, seems to have been designed by a great artist—white London appears to be the work of a tailor."

"The only solution for London's traffic problem would be another great fire, that of 1666, and I am not too hopeful even about that, because London fire department is too efficient these days ever to let a blaze get any headway."

The consumption of cordials in Germany today is only one-third of that of a few years ago, according to a confidential report compiled by one of the leading distilleries. During the last few years before the world war the average annual consumption of cordials for each head of population was more than three times. It is now less than one quart.

The principal reasons for this decline in cordials, as the prices of liquor are now too high for persons of moderate means. This retrogression in the consumption of heavy drinks is somewhat offset by the fact that there are now being imported from countries in which the cordials have been depressed, such as France.

## DEATH RATE AMONG INFANTS ALARMS THE JAPANESE GOVERNMENT

TOKIO, Oct. 26. (AP)—The death rate of infants in Japan is one of the worst, principally because of the dearth of relief and sanitary measures.

Official statistics show that more than 1,000,000 babies die in the empire every year. In the light of these facts the home ministry has decided on the establishment of sanitary stations in every city throughout the country in which the population is more than 10,000. These stations will be extended in this work. Physicians and nurses will set on duty at each of the stations.

National Bond warrants of Independent School Dist. No. 1, Nos. 4067 to 4085 inclusive, and transportation warrant No. 1 will be paid on presentation to treasurer of district. Interest will cease Nov. 2, 1925.

H. H. JOHNSON, Treasurer.

Ind. School Dist. No. 1.

## Thousands Have Banished Gray Hair with this Clean, Colorless Liquid

Make a Test of Kolor-Bak Today

People everywhere praise Kolor-Bak for its remarkable power to banish grayness. The results are really astonishing, for no matter what the original shade was, it quickly reappears when this colorless liquid is used.

According to scientists, grayness comes when age, illness, shock or disease causes a lack in the normal supply of coloring matter furnished to the hair—but whatever the cause, Kolor-Bak soon brings back the former shade, and the shade is uniform throughout.

out—no "dyed" or streaked appearance. Results appear quickly—often in a week. Kolor-Bak is the most satisfactory substitute for the natural pigmentation. It also removes dandruff, stops itching of the scalp and keeps the hair from falling out.

If your hair has turned or is turning, do what thousands of others do—let Kolor-Bak make your grayness a thing of the past. No need to supply samples of your hair as this clean, colorless liquid is effective on any gray hair. Just ask for a bottle of Kolor-Bak. Money returned instantly if desired results do not appear.

NOTICE CITIZENS OF TWIN FALLS

The following is a protest made by 58 non-Catholic physicians of the city of Portland, protesting the vilification of Elizabeth Schoffen, who is to lecture this week in Twin Falls.

Portland, Oregon, October 23, 1925. We, the undersigned members of the medical profession of Portland, hereby voice our emphatic protest against the campaign of vilification conducted by a certain woman-lecturer and her associates.

We denounce as the crudest, most malicious form of falsehood, statements like those that the Sisters are cruelly treated by their superiors; that they are enslaved; that they are deprived of physical liberty; that there are moral irregularities of any kind connected with their Sisterhood.

The untiring labors and countless benefactions of the Sisters of Providence and their hospital (St. Vincent's) during their long term of devoted service in Portland, merit for them the deepest gratitude from our citizens. These should deprecate and denounce the libelous falsehoods and slanderous insinuations, which the above referred to "ex-man lecturer" (Elizabeth Schoffen) has been disseminating.

- List of signatories: Dr. J. H. Zimmerman, Robert Downing, Dr. Howard McDaniel, Elvira Building, Dr. Edward Allen Pierce, Stevens Building, etc.

AFFIDAVIT: I, John P. O'Hara, do solemnly swear that the above protest is a verbatim copy of the original and that the 58 names listed above have been correctly transcribed from the protest as signed.

JOHN P. O'HARA, Notary Public for Oregon. My commission expires May 7, 1926.

Elizabeth Schoffen was born March 6, 1821. Freely, of her own will, she entered the Sisters of Providence in 1848.

From 1843 until 1912 she was stationed at various institutions connected with the Sisters of Providence. During all this time she never created an unfavorable opinion in the minds of the people.

From her letter to Mother Provincial, upon leaving the convent April 15, 1912, the following extracts are cited: "Dear Mother, I have a great deal to thank you for for the good that you have done for me."

DARROW BROS. SEED & SUPPLY COMPANY. Twin Falls, Idaho. Phone 8.

NEVER BE WITHOUT IT: Chamberlain's Colic and Diarrhoea Remedy. Takes it with you when you travel. Keeps it by you when you home.

WHEAT ADVANCE DUE TO DRAINAGE

Shipments to Europe have Stimulating Effect on Price of Breadstuffs on Market.

CHICAGO, Oct. 26. (AP)—Large buying of Canadian wheat for shipment to Europe had a stimulating effect on wheat values here and as likewise did reports that a great deal of Canadian wheat probably would be sold over mail directed to the United States.

According to late estimates, 1,250,000 bushels of wheat, chiefly from Canada, were purchased today for Europe, the largest total in one time. The importance of the European demand attracted special attention as coming simultaneously with unexpected high prices on Liverpool and other foreign ports in world shipments together with reports of severe droughts falling in Australia. Hence, buyers were likely to delay the crop movement both in Canada and in spring wheat territory south of the Canadian border.

Announcement was also made of 2,350,000 bushels decrease in the domestic available supply of wheat.

Notwithstanding interlocking, due to profit-making sales in the wheat market and the fact that the Canadian crop values, the general upward swing of wheat prices continued throughout the day. The rise of the domestic demand was an assertion that there is little domestic supply of untraded wheat which is being held in the United States. It was current talk that a large part of this wheat would be later sold in the United States and that if held in this condition all winter, Good news also prevalent that owing to the wet weather in the United States, wheat average in the United States will be smaller than the case last year.

Increasing receipts of corn here led to an all around new low price level in the market despite what strength was shown in further rain in the belt. Offerings of oats faked well.

Provisions were affected by corn weakness.

Wheat—Open, High, Low, Close. Dec. 144 147 144 146 1/2. May 129 132 129 132 1/2. July 125 128 125 128 1/2.
