MYSTERY ENTERS WITNESSES TELL NEGROES' TRIAL OF ACQUAINTANCE

Eleven Defendants Accused of Homicide in Connection with Detroit Affair.

DETROIT, Mich., Nov. 6.—A sliver of mystery shrouded the second day's trial of Ocie H. Sweet, negro doctor, his wife, and nine other negroes today when four witnesses were displayed by the defense during the re-examination of state witnesses by Charles S. Darrow, chief assistant prosecutor.

The eleven defendants are accused of homicide in connection with the shooting of Dr. Ocie H. Sweet at the street corner of 10th and Michigan streets here September 9, last.

The names appeared during the re-examination of state witnesses by Darrow. Dr. Sweet, who testified yesterday that the shooting from the street corner had been unprovoked.

In response to questions by Darrow, Sweet testified he had never seen either of the parties named in the exhibit. When asked by Darrow if he had ever seen either of the parties named in the exhibit, he said he had never seen either of them.

Letter From Mayor Arthur Garfield Hays of New York, who of course said, with one letter from the mayor to the police department directing that negroes be treated in the same manner as white persons and not subjected to violence.

Under examination by Darrow, Sweet admitted he and his wife were standing at the side of Darrow's porch, the witness said.

Woman Tells of Husband Rooming at Oberholzer Home; Alibi for One of Trio.

MOHAWKVILLE, Ind., Nov. 6.—Stories of Madge Oberholzer's acquaintance with D. K. Stephenson before he alleged abduction and attack were told by Miss Oberholzer in the murder trial of the fugitive Ku Klux Klan leader and his associates, Earl Ketchum and Richard H. Gentry.

The testimony of two witnesses, given in brief, rejecting any alibi for which Stephenson had been prescribed by the court, capped a session filled with re-examination of state witnesses and re-examination of state witnesses.

When Mrs. Oberholzer, defense counsel, testified that she had roomed at the Oberholzer home, she was asked by the state whether she had ever seen either of the parties named in the exhibit.

Stephenson was held in Columbus on a charge of kidnapping. He was held in Columbus on a charge of kidnapping. He was held in Columbus on a charge of kidnapping.

Under examination by Darrow, Sweet admitted he and his wife were standing at the side of Darrow's porch, the witness said.

SPORTS

BRUINS LOSE TO RUPERT ELEVEN; SCORE 16 TO 13

East End City Sends Last Hope of Twin Falls Football Team Glimmering for Championship.

It is definitely not Twin Falls out of the district title race Friday by administering a 16-to-11 defeat. Two mistakes in judgment by the Bruins players and an insufficient defense against the aerial attack were the cause of the Bruins' downfall. Rupert scored early in the first quarter when McNeil, Rupert half, shot through and knuckled the皮球 from Kelly's hands as he was attempting to pass and scored up the ball and carried 25 yards for a touchdown.

The Bruins retained early in the second quarter after Kelly and Owens kicked the ball but the Bruins held on the 40-yard line on downs but offensive Bruin Owens ran the ball back to the 25-yard line and Owens kicked it over. The Bruins again counted in a few minutes after Praline had intercepted a pass in mid-field and the Bruins backed the ball down the field and Owens got away for another 100 yards gain and knuckled the ball over again a few minutes later.

It looked as though the Bruins had the game on the line at the end of the half. But the fighting Rupert again counted in the third quarter with their backs against the wall during the whole half. Perrine, who went in for Hamilton at the beginning of the half elected to catch a pass behind his own goal instead of letting the ball go over and in the next play he was tackled behind his own goal for a safety which netted Rupert five more minutes.

The Bruins started down the field from the 30-yard line but the Rupert forwards tightened and held for downs through the Bruins line and Twin Falls punts in mid-field. Perrine was unable to penetrate the Bruin line and tried for a dropkick that was wide. Kelly got away for another beautiful end that netted 25 yards but the Bruins lost the ball in an intercepted pass and the Rupert team began to make yardage through the Bruin line and things that few teams have been able to do this season.

Rupert kicked the ball to the 30-yard line but lost it on a fumble. The Bruin punt was short and Rupert again had the line and Owens lay on to perfection and got away for a 30-yard gain putting the ball on the Bruin 15-yard marker. After trying the line without success Rupert tossed a pass over the goal that was grounded. The Bruins took the ball on the 40-yard line after kicking 15 yards were unable to buck the line and on the fourth down instead of putting out of danger Robertson called for a pass that was incomplete. Rupert took the ball and on the first play completed a 15-yard pass and five minutes later completed a 25-yard pass over the goal for the winning touchdown.

It is the same old story. Twin Falls made 236 yards from scrimmage to 94 for Rupert. The Bruins first downs to Rupert's eight. Twin Falls completed five out of seven tries at passes for 53 yards and Rupert completed three out of six tries for 85 yards. The Bruins received 30 yards in penalties to five for Rupert. According to the above tabulation, the Bruins played good enough football to win but they were home on the short end of the score a defeated team and completely out of championship running.

The Bruins have the faculty of play

DID THAT FELLOW FROM CONSTANTINOPLE HE WAS WEAR A FEZ? NO! HE WAS CLEAN SHAVEN.

DUMB BELLS

BY THE EDITOR

BY THE EDITOR

BY THE EDITOR

championship ball in mid-field

when they got in a short they look like a bunch of dumb Owens and Kelly were the redeeming features of the Bruins. They stood about equal in erasing the ends and these two players took the ball half the length of the field in two plays on beautiful end runs. The interference was of course a large contributing factor in this middle were approximately another "hair-braided" but other plays did emerge from the play to assist the Bruins through a broken field and almost for the biggest share of the Bruin yardage and practically all of it was made around the Bruin line. The Bruin line was invaluable at times and at other times Perrine was able to plug away and yardage on line backs. The Rupert end runs were repeatedly snuffed out and one did a Rupert run get away around end. Praline, playing a nice game could be seen taken out late in the third quarter with an injured leg that may keep him on the bench the rest of the season. His loss was felt in the defense.

Strong Team

Rupert is the strongest aggregation that the Bruins have faced this season with the exception of the Albion Normal team. Rupert has a defensive line that is good and stumped the Bruins and developed considerable yardage on either weak or the Bruin in offense was perfect for the Bruins against almost all will around the line. McNeil, Rupert half, and Phillips, tackle, also did nice work in the line. Robertson made six yards in the first quarter, ran his team in nice shape and although he did not see the ball he developed considerable yardage at interference. Rupert was defeated early in the season by the Bruin line and tried for a dropkick that was wide. Kelly got away for another beautiful end that netted 25 yards but the Bruins lost the ball in an intercepted pass and the Rupert team began to make yardage through the Bruin line and things that few teams have been able to do this season.

First Quarter

Rupert kicked the ball to Owens, who ran the ball back 20 yards. Kelly made five yards and repeated for 10 more. Stimpson made eight yards in the first quarter. Robertson made six yards and Owens gained five. Kelly lost three yards but made 15 on the next play. Robertson made 15 on the next play. The Bruin line began to tighten and the Bruins completed a dropkick for a three-yard gain. Perrine held for downs on the 40-yard line and promptly kicked. Owens was unable to penetrate the Bruin line and Owens was unable to make yardage on the 40-yard line. Perrine was unable to penetrate the Bruin line and Owens was unable to make yardage on the 40-yard line.

Second Quarter

Rupert kicked to Owens, who received the ball on the 40-yard line but the Bruins prevented Owens from running the ball back the little field shot out of the middle and ran 35 yards.

Third Quarter

Rupert fumbled on the first play but Twin Falls recovered. Rupert ran the ball on the Bruin 30-yard marker. Rupert pulled the ball back to the 20-yard line and caught a pass catching the Bruins steep and gained 20 yards on it. Rupert ended the first quarter with a 20-yard gain. Rupert ran the ball on the Bruin 30-yard line. Rupert completed one pass for 20 yards and on the next play passed over the goal for the winning score. Northrup kicked the ball to Twin Falls 12. Twin Falls received the kickoff and Owens kicked the ball back to the 20-yard line. A pass to Miller netted 25 yards and another to Owens to move as the game ended with the ball in the Bruin 40-yard line.

The lineup:

Johnson	Left End	McNeil
Vanora	Left Tackle	Hinton
Hinton	Left Tackle	Bord
Frahm	Center	Gravel
Schurapp	Center	Mollen
Putzier	Right Guard	Nielson
Sullivan	Right Guard	Mackenzie
Robertson	Right End	Higgins
Kelly	Quarterback	McCloy
Owens	Right Half	Nelson
Stimpson	Left Half	Forbes
Officials—Carter, U. A. C. referee; Hamilton, Idaho, umpire; Taylor, head linesman.		

Summary: Yards from scrimmage—Twin Falls, 236; Rupert, 94. First downs—Twin Falls, 16; Rupert, 8. Penalties—Twin Falls, 30 yards; Rupert, 5 yards. Passes—Twin Falls, five complete out of 11 for 53 yards; Rupert, three complete out of six for 85 yards.

ILLINOIS WILL MEET CHICAGO

Red Grange to Play for Last Time on Gridiron Which Put Him on Road to Fame.

CHICAGO, Nov. 6.—Illinois, the team which wrecked Pennsylvania's dreams of a national football championship and Chicago, undefeated in the western conference, met in Chicago tonight in the outstanding contest of the middle west.

A record-breaking crowd of 60,000 spectators will park the \$2,000,000 bill notes 20-cent stamps to pay tribute to "Red" Grange, who tomorrow plays his last conference game on the gridiron which three years ago gave him his start to fame. The famous ballplayer will wind his intercollegiate career against Ohio State at Columbus two weeks hence.

The Chicago-Illinois game a contest between bitter rivals in the quarter, but on form and past performance, Captain Grange and his players figure to have the edge. Chicago may have lost to Pennsylvania and Illinois may have beaten the Quakers, but past defeats and victories will not mean anything when the Maroons clash with the Orange and Blue.

The western conference has three other games up for decision, the results of which will figure in determining the 1925 championship. Michigan, undefeated and with its goal increased, comes to Chicago to play Northwestern in Soldier Field in Grand rap. Northwestern will be satisfied if it can secure Iowa's championship aspirations will receive a severe test when meeting Wisconsin at Iowa City tomorrow.

The Buckeyes are strong favorites and hold a decided edge over the Bulldogs, but the Wisconsin crew is given an outside chance.

With Cowboy Hick Cutcut out of the game because of injuries, Iowa will depend mostly upon Fullback Wesley Tryg for its offense.

Indiana travels to Columbus to meet Ohio State in a game which has no bearing on the championship race, but one which should provide victory for the Hoosiers without any opposition.

Purdue will play Franklin at Lafayette, while Minnesota will clash with the Maroons at Minneapolis. The Hoosiers and Hooplers will enter the game tomorrow.

ALBION NORMAL WILL PLAY UTAH FROSH ON GRIDIRON AT BURLEY

ALBION, Nov. 6.—(Special to The News)—Announcement was made today by Coach Hyman of the completion of the annual National football schedule. Utah Aggie Frosh team will journey to Burley to meet the Teachers on November 14. Albion will travel the next week to Salt Lake to engage Brigham Young university and a Thanksgiving Ricks Academy of Rexburg will meet the Normal starters at Albion. The teachers have to date not been defeated and have made a notable record for the season. The balance of their schedule calls for some of the best teams in the intermountain country of this time and if the teachers can win their remaining games they can justify claim the intermountain championship.

BIG FOOTBALL GAMES COMING

Notre Dame Meets Penn State; Cornell and Dartmouth Will Face Each Other.

NEW YORK, Nov. 6.—Times of red, signs of football configuration, first in two great fights in the northern part tonight as invaders approached—the Crimson of Cambridge and the Cardinal of Cornell.

In this sectional style, first pits against that in tradition—stood at the advance of the western attacks, has almost been forgotten.

The Notre Dame comes east in force. The West—most Ohio—Kenderson—was on Syracuse. It is of interest but of little import to the eastern situation, for both Penn State and Notre Dame have been beaten and Syracuse is expected to have little trouble with the Ohioans. These are the only inter-sectional meetings of the day.

Teams Undefeated

Cornell and Dartmouth, undefeated and high scoring machines, facing each other at Hanover, N. H., will command the attention of football students for one of the greatest contests of the season is expected there. Dartmouth over Harvard and Princeton, both undefeated in earlier games, is largely counted on by the followers of both eleven.

Dartmouth's favorite, however, of victories over Harvard and Brown, while Cornell's greatest, counted on the year was scored against Columbia a week ago by a small margin.

Harvard has high hopes in its engagement with Princeton, the first game of the "big three" series. It has been a very lean year for the Crimson, but a victory in either stadium will wipe out all previous defeats.

Tigers Are Prepared

Princeton's Tigers are prepared, expecting an exciting contest. Their season, too, has been poor.

July Cross and Fordham, both undefeated, come to grips at the Polo Grounds, with the New England eleven a slight favorite.

Pittsburgh and Washington and Jefferson meet in the new Pitt stadium.

Other games of interest in the east are: Yale vs. Stanford; Wesleyan vs. Williams; Lafayette vs. Rutgers; Columbia vs. New York University; Colgate vs. Bowdoin; and Navy vs. Western Maryland.

General Fund warrants of Independent Relief Unit, No. 1, Nos 407 to 4108 included, and transportation warrant No. 1 will be paid on presentation to treasurer of district. Interest will cease Nov. 6, 1925.

E. H. JOHNSON, Treasurer.

Ind.—School Dist.—No. 1.

THE INQUIRY

The so-called inquiry now being carried on by local authorities with a view to lifting a haze of rumors and suspicions with respect to the possession of liquor in Twin Falls, discloses an interesting picture.

It is a good thing, although there is some doubt about it, that it is possible it will serve to clear up the atmosphere and dispel a considerable degree of suspicious suspicion.

It is impossible to find fault with the manner in which it is being conducted. Those who are in the habit of never giving a thought to the principles involved in the matter of the expenditure of the Idaho dollar would do well to spend an occasional ten minutes on the subject.

It is impossible to get along on Idaho dollars without the aid of goods and Idaho products.

Supplies and evidence of two very different things. There are restrictions thrown about the bringing of charges of law violation for the express purpose of protecting citizens against the consequences of rumors and ill-founded accusations.

It is going to be easier for the man of limited means to pay the income tax next year. In fact it is going to be an exceedingly easy thing that a good many financial persons who have spent in the past will be relieved of any permanent burden.

The law is designed to protect as well as punish and to fulfill this function it must operate upon a basis of fact, not rumor; personal knowledge, not hearsay; evidence and not suspicion.

The Constitution of the United States guarantees three rights to honest men and criminals alike.

As towns go, Twin Falls is probably one of the cleanest in the entire country with respect to general law violation.

It is a good thing that the law is being enforced in Idaho towns with a better spirit than in other parts of the state.

Probably the mistakes which are being made in Twin Falls and everywhere else for that matter, is in supposing that the most vigorous sort of law enforcement will be entirely with law breaking.

The Federal Government has never been able to entirely stamp out counterfeiting, was never able to more than partially control illicit liquor manufacture in the South through all the years prior to the passage of the Prohibition amendment.

It is a good thing that the law is being enforced in Idaho towns with a better spirit than in other parts of the state.

It is a good thing that the law is being enforced in Idaho towns with a better spirit than in other parts of the state.

It is a good thing that the law is being enforced in Idaho towns with a better spirit than in other parts of the state.

It is a good thing that the law is being enforced in Idaho towns with a better spirit than in other parts of the state.

It is a good thing that the law is being enforced in Idaho towns with a better spirit than in other parts of the state.

What is being done, at least insofar as an honest Mayor and a capable, efficient and in every way trustworthy Chief of Police can bring it about.

BUILDING THE HOUSH MARKET

Everyday business men are interested, and, somewhat, deep in the hearts of us all is implanted the vague notion that the thing which comes from a distance is somehow more desirable than the same article to be had right here.

It is an effort to send out this treacherous little man in the human marketplace that Idaho Home Products Week is being held.

There are a surprising number of things made in Idaho which are just as good and in some cases better than are to be obtained anywhere else.

Idaho fruit and vegetable products and to some, Idaho creamery products will compare with similar products anywhere.

Idaho-made manufactured goods, while there are not a great many of them, are not in the same way, not only in Idaho, but wherever they are sold.

The movement symbolized by Idaho Home Products Week would popularize the proposition that Idaho people would be better off if they would help to build a home market for Idaho goods.

Spokesmen of the movement point out that the dollar spent in Idaho helps build up the highways of Illinois but renders no part of service to Idaho.

When this same dollar is spent in Idaho it stays here. Expenses of government in Idaho get a part of it, the same with when it is spent in other parts of it and the balance of it is distributed about in such a way that everybody gets a chance at about as much as it. Results: More dollars per capita for Idaho people.

It is impossible to find fault with the manner in which it is being conducted. Those who are in the habit of never giving a thought to the principles involved in the matter of the expenditure of the Idaho dollar would do well to spend an occasional ten minutes on the subject.

It is impossible to get along on Idaho dollars without the aid of goods and Idaho products.

Supplies and evidence of two very different things. There are restrictions thrown about the bringing of charges of law violation for the express purpose of protecting citizens against the consequences of rumors and ill-founded accusations.

It is going to be easier for the man of limited means to pay the income tax next year. In fact it is going to be an exceedingly easy thing that a good many financial persons who have spent in the past will be relieved of any permanent burden.

The law is designed to protect as well as punish and to fulfill this function it must operate upon a basis of fact, not rumor; personal knowledge, not hearsay; evidence and not suspicion.

The Constitution of the United States guarantees three rights to honest men and criminals alike.

As towns go, Twin Falls is probably one of the cleanest in the entire country with respect to general law violation.

It is a good thing that the law is being enforced in Idaho towns with a better spirit than in other parts of the state.

Probably the mistakes which are being made in Twin Falls and everywhere else for that matter, is in supposing that the most vigorous sort of law enforcement will be entirely with law breaking.

The Federal Government has never been able to entirely stamp out counterfeiting, was never able to more than partially control illicit liquor manufacture in the South through all the years prior to the passage of the Prohibition amendment.

It is a good thing that the law is being enforced in Idaho towns with a better spirit than in other parts of the state.

It is a good thing that the law is being enforced in Idaho towns with a better spirit than in other parts of the state.

It is a good thing that the law is being enforced in Idaho towns with a better spirit than in other parts of the state.
