League of Nations and World Tribunal Not Independent Declares Idaho Senator in Senate Debate.

(By the Associated Press.) WASHINGTON, Dec. 18. (AP)—The world tribunal proposed in the senate today, with opponents laying down their first barrage of objections.

Taking up the game of battle thrown down by Senators Swanwick, demagogic, Virginia, and Leonard, republican, Wisconsin, chairman of the foreign relations committee, vigorously disputed their opponents' claims that the court is independent of the league of nations and is a judicial organization which is not subject to the control of any other authority.

That nothing in the statute could be construed as rendering the United States dependent on the league of nations, as asserted by the opponents, creating it and not under the covenant of the league.

Declaring that two sections of the court statute tie it to the league, Senator Borah said that those who organized the court had sought to create a "court, a legal part of the league, and if the court is not a part of the league it is because its framers failed in their efforts."

That the court is just as much bound by the covenant of the league, he added.

Valentino Still Has No Knowledge of His Wife's Divorce Plan

Movie Star After 24-Hour Siege by Newspaper Men Declares He Has Nothing to Say

PARIS, Dec. 18. (AP)—Rudolph Valentino, motion picture star, returned from London yesterday and was leaving his train at about the hour news of his first default official notice in the suit of his wife, the former Winifred Houston, for a divorce became known.

His entire stay in Paris has been on the matter of a divorce. He is reported to have been completely in the dark in regard to the action which might be taken against him, and he is reported to have been completely in the dark in regard to the action which might be taken against him.

Explanation of Charge That Argentine Officials Gave Out Fake Reports Waits Probe.

CHICAGO, Dec. 18. (AP)—John Kellogg, president of the Armour Grain Co., which has been accused of having been in the grain business where and once only a strictly commission business.

Concerning the announcement of the Argentine ambassador to Washington that he had telephoned Mr. Saunders for an explanation, head of trade office in Mexico City, the department by the government but no word of definite action has been received.

TWO MORE SMALL STATE BANKS FAIL TO OPEN DOORS IN DENVER CITY

DENVER, Colo., Dec. 18. (AP)—Two small state banks, failing to open their doors today, left Denver with five closed state banks.

The banks, with total deposits of approximately \$4,250,000, were the Broadway National bank, the Denver National bank and the North Denver State bank, which closed yesterday, and the Denver State bank, which did not open today.

Their withdrawals by depositors caused the Capitol Hill and Metropolitan banks to place the institution in the hands of a receiver.

COOLIDGE WILL PASS ON ARMY COURT VERDICT

Speculation Rife in Washington as to Mitchell's Next Step in Decision of Board to Suspend Him.

(By the Associated Press.) WASHINGTON, Dec. 18. (AP)—Speculation as to what the five year suspension from army rank and allowances meted out to Colonel William Mitchell, actually meant, and what the air officer would do in the face of it, was rife today throughout congressional and army ranks.

Three colors of Colonel Mitchell's verdict were heard at the capitol during the day. Two took the form of resolutions, one by Representative Hinton, democrat, of Texas, to restore the colonel to his "proper rank in the army," and the other by Representative "Dixie" Lusk, republican, of New York, to fix a maximum of thirty days as the penalty for violations of the thirty-three articles of war.

At the war department, the trial record was put in shape for transmission, probably tomorrow, to the board of review in the judge-advocate general's office.

Early Next Year. The case finally will reach him for action early next year, after the review board has consulted its examination of the papers transmitted them to the secretary of war.

RUSSIAN DENY REPORTS

NEW YORK, Dec. 18. (AP)—The Amtorg Trading corporation, official commercial representatives of the Russian Soviet government, today issued a statement denying reports from Washington that a default in its obligations to American banks had led to cancellation of some orders for American machinery.

Not a single order had been cancelled recently, or at any previous time, the statement said. The contrary, orders for various machinery of coming in from the Soviet Union in increasing numbers, they said.

BILLS PROPOSE MODIFICATION OF QUORUM LAW

Four More Measures Introduced in House to Liberalize Volstead Act; Enforcement Story in Appropriation.

(By the Associated Press.) WASHINGTON, Dec. 18. (AP)—Another bill to liberalize the quorum law was introduced today in the house.

It was received in the report on the treasury postoffice supply bill which carries provisions for prohibition enforcement to give an amount of the prohibition enforcement fund to the treasury for the purpose of carrying out the prohibition enforcement fund.

Conditions were described as materially improved in the last few months, although it was said that agents had not even the army could "stop bootlegging" the liquor coming across the borders.

QUEEN MOTHER IMPROVES

BIRMINGHAM, Mark, Dec. 18. (AP)—Queen Mother, Italy, who is suffering from a severe cold, is reported to improve today after a fairly comfortable night.

BLOWN AWAY AT RUBBER CONTROL

WASHINGTON, Dec. 18. (AP)—Another blow was aimed at the British monopoly controlling crude rubber prices today when Representative Tamm, Connecticut, republican floor leader, after a conference with Secretary Hoover, introduced a resolution calling an investigation into the situation by the house committee on commerce.

DAWES DENIES FARM POLICIES

Vice President Declares He Has Not Committed Himself to Legislative Program.

WASHINGTON, Dec. 18. (AP)—Vice President Dawes said today that while he was interested in an economic solution of the agricultural problem, he had committed himself to no policy of legislation.

His statement was in reply to that of Sen. Thompson, republican, of Utah, head of the American Farm Bureau Federation, that Mr. Dawes had indicated a policy of agricultural legislation.

The vice president declared that while the farm problem is a serious one, it has been a discussion between Mr. John Stark of England, who is a member of the executive committee of the world, and farm bureau federation officials here regarding certain economic principles involved in the agricultural situation.

COOLIDGE APPROVES PLANS TO INCREASE NUMBER ON U. S. BOARD

WASHINGTON, Dec. 18. (AP)—A plan to increase the membership of the interstate commerce commission by one or two commissioners, now pending before the senate, has the approval of President Coolidge.

The commission now has a membership of eleven, and the southern senator from the United States is, in the president's opinion, entitled to one more commissioner.

The new appointee, if authorized, probably would be a democrat. The president's nominee, instead of the nomination of Thomas W. Woodlock to New York to take the place of the commission, is a serving member of the commission.

Value of Products in Idaho for 1925 Placed at Big Sum

State Department of Agriculture Estimates Crops to Be Worth 230 Millions.

BOISE, Dec. 18. (AP)—While the department of agriculture has not completed filing figures for Idaho's yield for this season, W. H. Brown, commissioner of the department, today estimated the value of the state's products will approximate two hundred and thirty million dollars.

Estimates based on the average price he has made in a few days, the complete tabulation showing the state's wealth based on its agricultural activities, while there may be a change in the final figures, Mr. Brown was confident his estimate would not be far off.

HOUSE VOTES FAVOR OF SLICE IN TAX BURDEN

\$325,000,000 Christmas Gift to Federal Taxpayers Made by Representatives; Bill Goes to Senate.

(By the Associated Press.) WASHINGTON, D. C., Dec. 18. (AP)—The House today voted in favor of federal tax payers, useful throughout the year, was voted today by the house in support of a bill to reduce the tax burden.

Bearing the endorsement of President Coolidge as well as leaders of the House, the bill was passed by a vote of 240 to 225.

All on the Floor. Almost every member of the house was on the floor as the bill was passed. At the last of more than fifty proposals introduced to the bill was approved today by the usual overwhelming majority.

CANYON SHERIFF HAS WILD CHASE

Several Twin Falls men and seize 60 Gallons of Moonshine; Seeks Second Man.

CALDWELL, Dec. 18.—Paul Weaver, sheriff of this town, had nothing to do with the chase of a man who had stolen a car from the Canyon Sheriff's Office. The chase was made by the Canyon Sheriff, who was aided by several men from Twin Falls. The chase was made on the highway near Caldwell, Idaho. The man was seen to get into a car and drive away. The sheriff and his men followed the car for some distance, but were unable to catch it. The man was seen to get into a car and drive away. JUNIOR HIGH STUDENTS IN TARKINGTON PLAY

The play, "Fences," as presented Friday evening before the Parent-Teacher association meeting at the high school and Friday afternoon in junior high school, scored a great success. Every member of the cast did excellent work. The play was directed by Mr. J. H. Jones, who was assisted by several other teachers. The play was well received by the audience and was a success in every respect.

OPERATORS FLAY PINCHOT'S WORK

Two Broadside Fired by Coal Owners During Day in Anthracite Strike of East.

WASHINGTON, Dec. 18.—Two broadsides were fired today by the anthracite operators in their dispute with the coal miners, with Major William W. Inglis, chairman of the operators' wage negotiating committee, behind the guns. One was aimed at Governor H. C. Lehman, and the other at John L. Lewis, major leader of the miners. Major Inglis declared that the only practical effect of Governor H. C. Lehman's course in entering to end the strike was to prolong it and increase public inconvenience and suffering among the coal workers. He said that the only practical effect of Governor H. C. Lehman's course in entering to end the strike was to prolong it and increase public inconvenience and suffering among the coal workers.

ARMS CONFAB HOLDS INTEREST

Possibility of U. S. Joining Conference Without Prejudice to Later Action Is Discussed.

WASHINGTON, Dec. 18.—Possibility of American participation in the preparatory commission discussion of disarmament at Geneva, without prejudice to joining in the actual disarmament conference, was the subject of a conference held here today. The conference was held at the state department and was attended by several officials. The conference was held at the state department and was attended by several officials.

CAUSE OF FILER MAN CAUSES FAMILY CONCERN

PHILM, Dec. 18.—Nothing has been heard of the whereabouts of W. M. Filer, who was reported to have left his home here Saturday, Nov. 25. It is said he has driven a car from here to Twin Falls and left that point on a train. Mr. Filer was associated with W. A. Walker in the stock raising business and had a large interest in the business. Mr. Filer was reported to have left his home here Saturday, Nov. 25. It is said he has driven a car from here to Twin Falls and left that point on a train.

FLAMES LAY FARM HOME NEAR BUHL IN ASHES

PHILM, Dec. 18.—Fire of unknown origin, discovered in the barnyard at 1 o'clock this morning, caused the complete destruction of the farm residence of A. E. Wain, a quarter mile south of here. The house and other contents of the house, with the exception of a piano and a few pieces of furniture, were destroyed and the property lost. It was stated, with respect to the insurance covering the building and contents, that the fire was reported to the alarm bell, because of shortage of water available was unable to render effective service in quelling the flames.

KID KAPLAN IS STILL CHAMPION

Connecticut's Idol of the Ring Successfully Defends Right to Wear Crown.

NEW YORK, Dec. 18. (AP)—The world's featherweight crown will rest firmly on the head of Louis (Kid) Kaplan, Connecticut's idol of the ring. He successfully defended his title tonight by battering his way to a convincing 15-round victory over one of his foremost and most persistent challengers, Babe Herman, California.

Before a crowd of 14,000 fans in the new Madison Square Garden, Kaplan applied Herman's almost completely as well as any youngster in the world on the 150 pound crown was slipping a bit. The kid relieved his muscular drawn appearance by smiling and looking poses from start to finish, driving Herman to cover with a swarming, aggressive onslaught and piling up a margin which left no doubt of his title in the minds of observers.

It was a sluggish, muddling battle from start to finish, except for a few flashes in which the color and spectacular evolutions that featured the six previous encounters between these consistent rivals. Kaplan's heroic attempts at offensive kept Herman in retreat and resulted in a victory by the challenger who failed to show any effectiveness in attack himself, except for the occasional jab directed at Kaplan's chest.

These two rounds were the only ones recalled to Herman and, while he staggered the champion in both, he failed to land a solid right to the chin, the one blow which is temporarily crippling the kid's swimming drives.

MOSLEM PRAYERS ARE OFFERED FOR SKI AT HIS NEW YORK FUNERAL

NEW YORK, Dec. 18. (AP)—Chanting Muslim prayers, six palm-bearers wearing turbans and carrying a banner for the grave today, the body of Louis (Kid) Kaplan, former light heavyweight pugilist, was taken to the city, better known as "Hitting" Ski. A brief service had been conducted by the Rev. Clayton Powell of the Abyssinian Baptist church, ski's widow accompanied the body to the cemetery.

Hundreds of Harlem negroes crowded the funeral parlors where the services were held.

The pugilist was found murdered early Tuesday in a room in the West Side district, known as Hell's Kitchen.

BUHL BASKETBALL GIRLS SMOOTHER HAGERMAN TEAM

BUHL, Dec. 18. (Special to the News)—Buhl high school girls' basketball team, last season's champions of the Pacific Northwest, with two veteran players in its lineup, smothered the Hagerman high school girls team, 105 to 2, scoring an average of a little more than three points a minute during the game. This was the first victory of the opening of the season for both teams.

The lineup:

Hagerman	Buhl
M. Clackson	Ed. Metz
O. Sherman	E. Wilson
C. Hopely	Winegar
B. Enfield	Parish
D. Miller	Kelly
B. Grogan	Stewart
Referee: Ray Hambury.	

DEMSEY GETS AGREEMENT

LON ANGLIS, Dec. 18. (AP)—Brief lines of articles of agreement under which a Chicago syndicate hopes to have Jack Dempsey meet Harry Williams, challenger in a fight for the heavyweight boxing title, was presented to the champion here today, and was tentatively accepted by him.

The outline, according to spokesmen for the champion, was submitted by Floyd Fitzsimmons, who is here in an effort to arrange a new contract to replace the one he obtained from Fitzsimmons' rival Tom Heenan today and immediately went into conference with the heavyweight champion. It was declared, but it involved out at further conferences at which a representative of the syndicate will be present.

W. B. C. WINS GAME

PULLMAN, Wash., Dec. 18. (AP)—Washington state college defeated the Montana state college 21 to 20, in the first basket ball game of the season for the Puget Sound University at Pullman, 18 to 17, at the end of the half and maintained a small margin throughout the game.

SIZE OF PURSE

HOLLYWOOD, Cal., Dec. 18. (AP)—The size of a purse which a promoter may guarantee to a boxer in California is now limited to \$200 by action of the state athletic commission in action here today.

No action was made against promoters working on a percentage basis and the ruling was interpreted in sport circles as meaning that promoters who would not consider an engagement for such a pittance now would be forced in the future to receive pay in proportion to their own drawing power.

RUNAWAYS INTERCEPTED

RICKARD TAKES NEW INTERESTS

Promoter Invades European Boxing Field with Acquisition of Membership in Firm.

PARIS, Dec. 18. (AP)—Tex Rickard has invaded the European boxing promotion field, it was learned on good authority today. The New York promoter has acquired an important interest in the French firm of "Minita," which conducts "boxing" bouts in Paris.

It was announced today that Jefferson Dickson of Jackson, Miss., has entered the firm as a partner. Louis Dubois, who has been head of the "Minita" since its organization in 1922.

Although an official announcement was made, it is understood that Rickard is looking for a European market.

It was announced that one American pugilist from each club will take his headquarters in Paris. They will appear in bouts in Paris and in other cities of the continent.

This enterprise is undertaken for the purpose of giving Europe a new edge of American fighting methods. It was explained that Europe fighters go to the United States always have complained that the style employed by American pugilists is so different from the European style that they have felt completely at sea in American gyms.

FLORA OF CALIFORNIA AND CHILE SHOWS LIKENESS

CLAREMONT, Cal., Dec. 18. (AP)—A year of botanical research in the field of clearing up the mystery of the similarity between the flora of California and those of Chile is the project of Professor Ivan Murray Johnston, former College botanist now in South America.

For many years botanists of southern California have sought to solve the recent relationship, but have failed to admit themselves mystified, principally because there were not enough Chilean specimens for comparison. Botanists believe that study of Chilean plants is important in the study of the flora of California because the original plants crossed the equatorial area.

An interesting feature in connection with Professor Johnston's work is that a few common species exist not only in South America, but also in Europe, United States, but also in the Rocky Mountains and in a few isolated spots of Newfoundland. That the remnants of a more widespread flora was indicated in a theory advanced by Dr. M. L. Fernand, of Harvard.

TABLET TO MARK LAFAYETTE GRANT

TALLMAHESSE, Minn., Dec. 19. (AP)—A tall mark of an historic incident was heard here today as a report was submitted to the legislature on preparations for the placing of a tablet at the southeast corner of a section of land granted by Congress to General Lafayette, in 1825.

The property in question is just outside Tallmahesse, and is on the identical spot where a monument has been placed, marking the Florida meridian. According to historical data, Congress, on December 28, 1825, "in consideration of services and sacrifices," ordered the payment of 400,000 acres of General Lafayette, and a grant of land, "in any of the unappropriated lands of the United States," to General Lafayette, and his heirs, the latter during in the grant, also a section in the northern part of Florida, just west of Tallmahesse.

The tablet to be placed on the Lafayette grant, a monument of the same kind, is to be placed on the meridian marking.

The Lafayette grant has long since passed into the hands of private owners. There is a natural monument to the distinguished French soldier and officer, however, in the tall Lafayette.

NEW DAY JEWETT HAS SEVERAL NEW FEATURES

The New Day Jewett, which enters the field of automobiles in the thousand dollar class, is a new automobile designed by the bodying many special features to help make the automobile a more comfortable and convenient mode of transportation.

In designing the car, both chassis and body, the Dajewett company were in the aim of the engineers to produce a car perfectly adapted to present day conditions in the United States, where traffic congestion demands easy handling, positive braking, quick starting, and high power, to give quick acceleration and to obviate frequent gear changes, in combination with a body that retains compactness without reducing the passenger space. The necessity for utilizing small parking spaces and the ability to thread one's way through crowded highways were prime considerations in the design.

It is because of the car's unique adaptability to present and future conditions that the name "New Day Jewett" was adopted.

Cash In Hand

does not constitute a very complete protection for any man. Cash in the bank, where it is not only immediately available but is altogether safe, is better.

But best of all is the habit which has made possible the steady accumulation of a reserve fund at interest with this strong institution. The ability to save will make any man's future secure.

DATE FIXED FOR OPERATION OF NEW SOUTH LINE

Oregon Short Line General Manager Gives First Definite Word as to Rogerson-Wells Train Service.

Operation of the Oregon Short Line road between Rogerson, Idaho, and Wells, Nevada, will begin on February 15, next, according to advice from H. V. Platt, Oregon Short Line general manager, received here by M. J. Crowley.

This is the first time Mr. Platt stated that anything definite could be given with reference to the operation of this line. Service will be limited to mixed train operation, Mr. Platt advised.

Track laying between the terminal points was completed early last month, and workmen have been employed since that time in completing ballasting of the road and building of four tracks, switches and water tanks. Several carloads of ore already have been moved from Oatton, Nevada, to Rogerson over the new line by the mixed construction train.

The general manager's statement is regarded as indicating that the new road will have been turned over to the operating department and a schedule freight and passenger rates put into effect before the date set for the beginning of operation of the line.

JURYMEN HEAR CLAIM FOR PERSONAL INJURIES

Introduction of evidence in the case of D. T. G. Bryant against Roy Hill, Garberman, involving claim for \$100 for personal injuries in a threshing accident, had been completed at the close of the first day of the trial in District court here today morning and the case is to be given to the jury this morning following argument by attorneys. This is the last case assigned for trial by jury of the present term of court.

Plaintiff Bryant alleges that he suffered severe injuries in a runaway accident caused by sudden starting of the threshing machine, while Bryant was unloading grain at the machine, defendant charges containing injury negligence on the part of the plaintiff. The accident occurred last fall on the Carlson farm near Twin Falls.

ENGINEER WINS SUIT FOR PAY

Jury Awards E. J. Ahern Judgment for \$19,863 from Idaho Central Railroad Co.

Verdict awarding the full amount of his claim, \$19,863 and interests from April 21, 1922, amounting to \$19,863.50, was awarded to Earl J. Ahern, civil engineer from the Idaho Central Railroad company by a jury which returned its verdict in District court here Friday morning. The verdict was agreed upon within three hours after the case was given to the jury. It was signed by C. H. Taylor as foreman.

Mr. Ahern sued for compensation for services rendered and for maps, statistics and data furnished for the Idaho Central company under the management of the late George L. Davis. The claim was resisted by counsel for a group of Twin Falls citizens who as trustees, acquired the assets of the Idaho Central company from Joseph Stewart of Sun Valley, Idaho, the principal shareholder in the stock. Acquisition of the Idaho Central assets and rights was made a condition precedent to the building of the Rogerson-Wells line recently completed by the Oregon Short Line railway.

Mr. Ahern, who has been employed for several months by the Nevada state highway department, is to leave Saturday for Los Angeles to enter the evidence of the case.

OFFICER SEIZES BOOZE; PROSECUTION FOLLOW

Illegal possession of about two and a half gallons of moonshine whiskey discovered in a woodpile which was in an orchard at the end of Fourth avenue east in close proximity to an automobile occupied by William Kelly and Frank Turner Friday afternoon, will be charged against Kelly and Turner, it was stated at the sheriff's office today.

The accused men were placed under arrest by Deputy Sheriff H. R. Barry following their attempt to destroy a pint bottle of liquor by dropping it into a nearby irrigation lateral. This bottle was recovered by the deputy who also took a coil of rubber tubing believed to have been used as a siphon, from the front seat of the car.

Warrants of Independent School District No. 1, numbers 4100 to 4102, both inclusive, will be paid on presentation to treasurer. Interest ceases December 27, 1925. J. JOHNSON.

Rubbers

Not only keep the feet from getting wet; they also save shoes in the wet seasons. When we choose our RUBBER STOCK for FALL and WINTER

we again selected the CONVERSE line. The merits of this rubber stock was fully appreciated last season by the repeated calls for this particular brand.

The Converse Rubber

The Converse Rubbers have a leather seated heel, which prevents the cutting through of your shoe heel through the rubber.

A pair of these on hand for the first rain and snow will save a lot of inconvenience. This means Rubbers for every member of the family. Priced as always for economy sake.
