VOL. 8. NO. 223. TWIN FALLS, IDAHO, THURSDAY MORNING, DECEMBER 31, 1926. PRICE 10 CENTS

OPERATORS AND MINERS AGAIN FAIL TO AGREE

Anthracite Workers and Owners Unable to Get Anywhere After Long Session at New York; Will Continue Parleys.

(By the Associated Press) NEW YORK, Dec. 30.—Anthracite miners and coal operators failed in their efforts to end the four-months' coal strike, held another long session today and not nowhere, it is expected.

This announcement confirmed an earlier report that both sides were prepared to all here in the near year's holiday and in fact every day until an agreement is reached.

Little information came from the conference room, but that arbitration as a form for ending the controversy will still be the only way to prevent deadlock.

The miners continued their strong opposition to the arbitration proposal. Operators and miners agreed that efforts be continued to complete an agreement at the present conference.

Both sides agreed that the efforts be continued to reach an agreement at the present conference.

FOOTBALL PLAYER DIES

ROCKFORD, Ill., Dec. 30.—A football player died here today after a long illness.

Sweeping Changes Made in Colorado By Chief Executive

Governor Morley Abolishes Law Enforcement Department and Sponsors Commissions of 200 Volunteer District Agents.

Denver, Colo., Dec. 30.—Governor Morley today issued a series of executive orders abolishing the state law enforcement department and replacing the commission of 200 volunteer district agents as well as abolishing two divisions of the state fire department.

Robbers Escape With \$20,264 From a Bank After Locking in 11

Bold Bandit Trio Loot Kansas City Depository on Busy Corner and Get Away.

KANSAS CITY, Mo., Dec. 30.—After locking eleven persons in a vault, three bandits today robbed the Argyle State bank here, a busy downtown corner of 20th and Main streets.

The robbers required only a few moments. The bandits entered the bank at 10:30 a. m., addressed nine officials and employees and two customers into the vault, locked up the currency in the cages and mingling with passers-by on the street, disappeared.

WHEAT ACREAGE HIGH

BOISE, Dec. 30.—There are 25,000 acres of winter wheat planted in Idaho, which is the same acreage as a year ago, according to an announcement today by the Idaho Agricultural Experiment Station.

LOFTY PEAKS AGAIN ACTIVE

Mount McKinley in Alaska Shows Volcanic Activity; May Change Climate of Section.

ANCHORAGE, Alaska, Dec. 30.—The return of volcanic activity to North America's loftiest peak, Mount McKinley, 29,000 feet high, indicated by the ridge No. 10, B. T. O. E. 10, a buffet luncheon will be served during the late evening and a special entertainment will be presented at 8:30 p. m.

Both sides agreed that the efforts be continued to reach an agreement at the present conference.

GOODING GETS SEED EXHIBIT

State Show to be Held at North Side Town Three Days Beginning February 16.

FRANCHISES NOT ACCEPTABLE TO EITHER COMPANY

Commissioners Outline Terms Upon Which Rim to Rim Bridge Should be Built; Adjourn Until This Afternoon.

JEROME, Dec. 30.—(Special to The News)—Terms and conditions which commissioners of Twin Falls and Jerome county are willing to grant franchise for construction here of the toll bridge over Snake River canyon at Bito Lake were set forth in a proposed resolution which was completed by the board members and their attorneys late this afternoon.

The commissioners in joint session then recessed their meeting until 10 a. m. Thursday, when it was expected the application which commissioners of Twin Falls and Jerome county are willing to grant franchise for construction here of the toll bridge over Snake River canyon at Bito Lake were set forth in a proposed resolution which was completed by the board members and their attorneys late this afternoon.

The terms and conditions proposed by the commissioners make no provision for the return of the bridge to the owners of the bridge in the event of a change in the investment out of revenues from tolls.

Each of the applicants has sought to obtain provision for 15 per cent annual return on the investment involved in construction of the bridge, and both have accepted the right of the commission to change tolls at any time after the first year. Murray's proposal contemplates that each year in excess of 15 per cent on the investment shall be paid to the state.

INVESTORS IN RUM RUNNING LOSE SAVINGS Seven Hundred Tack Flyer in Bootlegging Liquor to United States; Creditor Meeting is Held.

(By the Associated Press.) LOS ANGELES, Dec. 30.—The seven hundred tack flyers in liquor running, many of them women, got a little consolation from a state officer which Sir Brookfield Hartwell, England's titled rum runner, made today at a meeting of his creditors.

His final shipment to the United States, he asserted, had worth about \$200,000. In this case his partner and the dealers to whom the liquor was turned over never paid him a cent.

The baronet explained that he met an American in 1923, who asked him to ship him liquor to the United States. Eventually, several shipments were made, and in September, 1924, the seventh and most important containing 20,000 cases of proprietary brands of whiskey was despatched.

Feeling that the weather and the activities of prohibition officers reached him, then came the report from the captain that the ship's crew was in mutiny and that he had put into a life-boat. Later he was advised that the liquor had been transferred to smaller ships and that \$100,000 had been seized by prohibition officers.

The creditors finally passed a resolution that the baronet's name be removed from the appointment of a trustee.

CHICAGO, Dec. 30. (AP)—Radical modification of crime law to give the state an easier way with the accused was recommended to the Association of American Law Schools here today.

CHICAGO, Dec. 30. (AP)—Dr. Albert Chaucery Eysenharder, former dean of the University of Illinois post graduate school of medicine and a nationally prominent member of the medical profession, was found dead from a bullet wound through his neck at his home here today.

REBELE IS KILLED. DAMASCUS, Syria, Dec. 29. (AP)—Hassan El Khatib, a former night watchman in Damascus, who was recruited by the leader of the French bandit "Red" army, was shot and killed in a fight with the police here today.

FAT AND FEEDER CATTLE DEMAND BOOSTS THE LIVESTOCK INDUSTRY

The large demand for both feeder and fat cattle, made the livestock industry a much more profitable one in the West of the United States. The first recovery of the beef cattle market came early in 1925. The average price paid for steers during the first 10 months of the year ran 60 cents higher than the prices of last year and the highest since 1920. Chicago prices were also the highest for that period since last five years.

Liquidation of western cattle herds was much less noticeable in 1925 than in any year since 1919, showing that the cattle industry is getting back to a state of normalcy. The total number of cattle, including regular inspection in 1925, was 8 per cent greater than in 1924.

CANAL COMPANY FINANCES WILL BE ATTENTION

Resolutions Committee Recommends Refunding of Floating Indebtedness in Report to Stockholders.

Refunding of Twin Falls Canal company floating indebtedness that amounts to about \$270,000, with view to its obtaining lower rate of interest will be included among other recommendations in the report to be made to the annual meeting of the company's stockholders January 12, by a standing committee on resolutions appointed at the last annual meeting. Enforcement of this recommendation was given precedence by the committee at a meeting Wednesday evening in the office of M. J. Sawyer, a member of the committee. The committee adjourned to meet again on Wednesday evening of next week to draft its report to the stockholders' meeting.

In support of the refunding plan it was pointed out that the company's floating debt has been increasing for about eight years to several millions, and it was asserted, definite steps have been made toward retiring the obligations, which bear interest at 7 per cent a year.

It was indicated also that the committee would recommend investigation into the loss of the canal and the mission from Blackfoot to Milner canal, which, it was asserted, has been here before and under the supervision of Blackfoot Canal company, although other irrigation projects draw water supplies from the river below Blackfoot.

Local subscribers for drainage made by the canal company directors in the 1924 budget, seems likely to be completed, and importance of continuing the campaign against noxious weeds will be emphasized.

Suggestion also is likely to be made with view to securing publicity for proceedings of the board of directors.

In consideration of matters to enter into their report members of the committee have been guided largely by recommendations and suggestions furnished by stockholders during the past several weeks, and it was announced that suggestions will be received.

Members of the committee are C. E. McCarty, president; J. H. Sawyer, vice president; Willis T. Sampson, Hansen; W. E. Conant and Charles Belmont, Filer; E. D. Gustafson, and Frank L. Atkins, Boise.

IDAHO EDITORS TO TALK ISSUES

Plan for Advertising State to Figure in Discussions at Meeting Here.

BOISE, Dec. 30.—A number of important statewide subjects will be discussed by Idaho editors, meeting at Twin Falls in semi-annual convention January 8 and 9, according to reports from newspaper men over the state to Guy Plesner, secretary of the association.

Among the questions to be considered will be the Idaho congress, and it is likely that some plan of advertising Idaho will be forthcoming from the editors. Attention was also given to the Idaho congress, and it was announced that a vigorous demand will be made from that section for support of the Hottel movement for the establishment of a four-year curriculum in the Idaho Technical Institute.

Some of the editors, it is known, favor the establishment of a committee.

Mercury Descends To Low Mark for Season

Weather forecast for today—Generally fair; freezing temperatures.

Last temperature marked for the reason in the Twin Falls area was set during the 24 hours period ending Wednesday evening when mercury fell to a minimum at 13 above according to reading of the thermometer at the government weather observer's station here. The low reading showed a decline of eight degrees as compared with Tuesday's minimum, and was four points under the low mark recorded on November 11.

High temperature for the day was 37 above, which was an advance of four degrees over the preceding day's maximum.

Sunshine prevailed most of the day.

DEATHS

ATWOOD—Mrs. Jennie Atwood, mother of C. W. Atwood, 611 Blaine, died Wednesday, Dec. 30, 1925, at her home in Pocatello, Idaho. She had been a patient for some days. She was 71 years old. The body was taken to the Blue and company mortuary. Announcement of funeral will be made later.

ANNOUNCEMENTS

The dinner and joint installation of the Grand Army, and Honor and Education, has been postponed indefinitely, owing to the illness of Mrs. Whitely's mother.
