War Secretary Takes Action
After Documentary Evidence
Is Reported of Plans to Ob-
tain New Legislation.

(By the Associated Press)
WASHINGTON, Feb. 8.—Administration determination to enforce loyalty and discipline throughout the army has resulted in an order by Secretary Wright P. Davis, for a rigid investigation of air-service activities in Washington.

The war secretary after documentary evidence had been reported to him indicating the existence of an organization or propaganda to obtain air-service legislation not in harmony with the air policy of the administration.

Want Air Corps Bills.

The purpose of the investigation which is in the charge of Major General Ell A. Heibell, inspector general of the army, is to determine what control the administration has over the corps with the circulation of an anonymous communication urging that pressure be brought on congress to procure legislation to prohibit the "organization of the air service, activities in Washington."

The communication under scrutiny indicates that it was intended for air officers of the regular forces, the national guard and organized militia, over the entire country, for "organization work" with members of congress "to put across the idea of re-organization" of air service, the present plan being to have a committee of congressional air officers, a congressional moment for get busy."

Urge Action.

"It is the urgent interest that you get in touch with these people as your future in the service will depend largely on legislation in this session of congress," the communication says, adding, "call attention that there are 'people of influence' in your state who could communicate effectively with senators and representatives."

The communication adds that great pressure is desired to enact a bill to organize the air service as an independent corps similar to the marine corps in the navy, and pointed out that General Davis had presented a plan in the house military committee last month.

Merciless Code of
Criminals Thought
Cause of Killing

Body of Underworld Character
Found on Snow Bank; Was
Informer for Law Informing
Agencies.

NEW YORK, Feb. 8. (AP)—The merciless code of the underworld which prescribes death for police informers, was believed to have been responsible for the killing of a man, known as "the Scorpion Jimmie," on a snow bank on East Fifty-fourth street. He had been shot twice, in the head and chest. His body was found bent in a face down pose. It was found in a pocket in the woman's note which said he had paid with her life for giving information to a real criminal, called Police did not know the full content of the note.

Charles Mitchell, a mechanic, was arrested within a few hours of the killing on the charge of having caused the woman's death.

Confesses Shooting.

Police will be compelled that he shot her and then threw her body from his automobile to prevent her from telling of a gun fight which he had earlier with another man. Mitchell was arrested with a bullet hole in his shoulder and a lacerated hand for treatment from a bullet wound in his shoulder and a lacerated hand. He refused to tell the woman's name.

Mitchell admitted to police that he and the girl and another man had been killing an automobile last night when a quarrel started between the two men. Shots were exchanged and Mitchell pulled up to a police station for treatment from a bullet wound in his shoulder and a lacerated hand. He refused to tell the woman's name.

He believed that man was fatally hurt, but police have not found any trace of the second man. The body was found early today by a laundry worker.

Identification was made by detectives working on the West Side. They said she came here five years ago from Mississippi. She was about 30 years old. Mitchell was about 30 years old.

WOMAN IS SENTENCED
TO PRISON FOR FRAUD

LOS ANGELES, Feb. 8. (AP)—Mrs. Rosalie Adams, recently convicted of defrauding the famous movie mortgage company of \$50,000, was sentenced today in Los Angeles county to a term of four to fourteen years.

Mrs. Adams, also appeared for sentence, but her attorney asked for a trial and argument was set for Thursday.

The two women, according to the evidence, forged hundreds of names to contracts for washing machines and sewing machines and sold the contracts to the mortgage company.

\$4,500 Balm

MRS. CLARA E. SHIRAS

MRS. CLARA EOLA SHIRAS settled her breach of promise suit for \$4,500 yesterday. She had agreed to marry her lawyer, Dr. Ernest W. Whitney, but both sides had presented their arguments to a New York court.

MOVE MADE TO

Federal Government Takes
Hand in Plans of Gigantic
Combination in Banking.

NEW YORK, Feb. 8. (AP)—Senate inquiry into the financial condition of the Continental Baking Company today is in its inquiry into the affairs of the Continental Baking Company, which was taken after George C. Lusk, chairman of the directors, said he preferred not to make public figures showing the total volume sales in 1925 of the Continental company.

He further promised to furnish figures privately tomorrow.

Previously counsel for the corporation denied that it was a monopoly.

Barber Explains.

Mr. Barber explained his objection to publicity for the figures by saying that the corporation is "doing business in a competitive field," William H. Burton, counsel for the corporation, said the corporation is a monopoly but could not get one. He said that the percentage of bread it takes is only a small proportion of what is eaten in the United States.

He added, rather than disclose the corporation's acquisition of various baking concerns,

he may try to make the first of the corporation here developed the fact that the Continental had acquired stock in other baking corporations since the government filed its complaint against the company.

Mr. Barber said that the Continental Baking Corporation, now controlling 13 bakeries, eighty-one cities in North America, is charged with being a monopoly and creating a monopoly in the sale of bread.

Through acquisition of controlling stock in a number of companies in the same middle west and far west.

Contemplation.

A's contemplation, rather than an understanding, to acquire control of the United Bakers corporation, holding corporation of the stock of nine other corporations, was in the minds of the organization, he said.

Mr. Barber said to police that he and the girl and another man had been killing an automobile last night when a quarrel started between the two men.

Shots were exchanged and Mitchell pulled up to a police station for treatment from a bullet wound in his shoulder and a lacerated hand.

He refused to tell the woman's name.

(By the Associated Press)

NEW YORK, Feb. 8.—The inde-
pendent and provincial newspa-
pers unite in denouncing Premier

Mussolini's speech in the Italian

chamber of deputies as an unpre-
dictable, ungrateful speech

with the exception of the extreme

nationalist press, there seems to

be no desire to add fuel to the

flame.

Foreign Minister Stresemann,

who, tomorrow, is to answer an

interpretation on the South Tyro-
lial situation, to be introduced

into the government after the

relating, extended speech

meanwhile and firmly on the

question.

Yesterday, the socialist

today reported the results that

Dr. Stresemann's good

health, while Premier Mussolini's

condition, it says, is quite

uncertain.

**Tennessee
Blue Laws to be
Tested in Court**

Right to Work on Sunday De-
cided in Old Statute Brought
into Court; Filing Station
Operators Retire.

NASHVILLE, Tenn., Feb. 8 (AP)—Modern jurists will weigh on the scales of justice the law which Sunday retailers are subject to the rule of the blue laws for a day.

This was caused when the operator of a gasoline filling station violated the ancient law in seeking to get in or out of it in time for a case. Meantime George W. Height, lawyer, who wrote out warrants against the Nashville newspapers and more than a dozen other retail operators for their violation of the blue laws, said he intends to continue his crusade as "long as the laws are on the statute books."

Mus Be Necessity.

Any citizen may swear out warrants before magistrates for "persons exercising their right to work on Sunday for the necessities of life," with the exception of acts of "real necessity or charity," on Sunday under the restriction of this statute which has remained inactive for a hundred years.

W. C. Thomas, operator of a filling station, agreed to become the defendant and the test case was so contrived on top of "blue" through an agreement among filling station operators.

He is charged with working at his station of particular hours—on a certain day of the week, five gallons of gasoline and selling one gallon of gasoline in an emergency to a person willing to visit a sick child.

wing, the church's pastors have died faithfully with this very life—but—and here is the real principle—a man must die, and die alone, as a thing in itself, not destroying the one—also, men and their lives are not in themselves evil. Their have their lawful uses, ranging down to the impure, the evil, the pernicious, the foolish, the vulgar, the morose of the hole, Eucharist, to their general work of multiplying and multiplying the fibrous tissue of flesh.

Washington Times-Herald—

Unholy that is not the view of some protestants with whom we are asked to associate ourselves for ten years past, in the name of living the hourly principles of Acquaintance, their principles, the sacrifice of the altar, or New-Mankind they would have us ear and strew with them in the thoroughfares of fate—physes and fate metaphysics.

BANK CASHIER SENTENCED

LOS ANGELES, Feb. 8 (AP)—Reuben Redmond Davies, former cashier of the First National Bank of Los Angeles, here, was sentenced to serve one year and three months in prison and pay a fine of \$10,000 in federal court here today following his plea of guilty to embezzlement of \$5,000 from the bank in 1924.

Davies blamed speculative activities for his defaulting.

REBETTA PLANNED

HAMILTON, Feb. 8 (AP)—The invitation to compete in the nineteenth annual tennis tournament at the Hamlin Housing Club, here, to be held Saturday, here, was sent yesterday to amateur tennis players and three months in prison and pay a fine of \$10,000 in federal court here today following his plea of guilty to embezzlement of \$5,000 from the bank in 1924.

Davies blamed speculative activities for his defaulting.

Missionary Work Vital

The work of missionaries is in-
sular, progressive, world-embracing; it would cease to exist if it ceased to be insular.—Max Muller.

PICKER AND STEALER

FRANK OBERLEINHORZ, 10 years old and a fast pickpocket, points to Judge Flanagan how he picked the pockets and purses of Chicago. He claims leadership of a gang of three other youthful snatches.

SPORTS

TWIN FALLS TO MEET PAUL FIVE HERE TONIGHT

Basketball Contest This Evening Expected to be One of Fastest of Season. Girls' Second Teams Also Play.

The Twin Falls Bruins take on the first of three fast teams scheduled to play here Saturday night. Paul Five will display their wares on the local court at 7:30 tonight. Paul has an imposing string of victories to his credit, although the Bruins defeated them on their home floor in the game tonight will be a fight from start to finish. Paul has a remarkable fast team and the fact of the Bruins' having lost their last two games, as the fans are informed, is no contest between two teams that play something the same brand of basketball. The two teams will probably have defeats by Twin Falls and have taken victories over Burley, Rupert and Oakley, three of the strongest teams in the east end. The second game will be between the Twin Falls girls' second team as a curtain raiser and it is expected that a lively contest will result.

Twins' coach—After a sleepless night, we are back, although Otto and Bertie both suffer from an attack of flu. Both boys will probably be in the game. They will all play in the first half. In the second half, both that they did against Wildridge, The Blue and White team is capable of playing real ball but at times they seem to forget all they know. The girls' team is also a fine one from our point of view—and the fans are assured of a fast game tonight and no doubt the girls will be packed in.

Twin Falls will journey to Buell on Friday night to play Buell and on the following night will tackle the Paris team here.

WILSON FOLLOWS GRANGE

CHICAGO, Feb. 8 (AP)—George Wilson, all-American halfback of the University of Washington, has decided to follow the footsteps of "Red" Grange in organizing and managing his own gridiron team, according to his coach, C. C. Pele, Grange's manager, said tonight he had accepted a \$25,000 bid from Wilson, to arrange for eastern games. The team will be known as "Wild Cat Wilson and his Washington Wild Cats."

LONG BET WINNERS

NEW YORK, Feb. 8 (AP)—A bet placed by a New York man in the bottom tier of his box, buried in the distance, captured the No. 3 race feature event at Miami today. Sun Stick, racing close up from the start, won the half mile in 1:49.2, a stretch but went under the wire a nose behind Sun Pal who third.

INTERCOLLEGIATE BASKET BALL

CARD OF THANKS

We wish to express our deep appreciation for the flowers and for the sympathy and kindness shown us in our bereavement.

MRS. JAMES HARRY,

AND FAMILY.

Gas From Flower Gardens

The great development of the industrial area around Pittsburgh, Pa., is in a considerable measure due to the geographical position of Pittsburgh. It finally induced his wife to let him sink a shaft in her flower garden, his labor being rewarded by a geyser which had gone about 1,000 feet. From this came the development of the Pittsburgh supply. Westinghouse himself worked out the system of gas which enabled him to burn without leaving at the same time reducing the pressure by the use of gradually larger pipes until it could be safely handled by the time it reached a customer.

It reached a customer.

DUMB-BELLS

BASEBALL MEN TO MEET TODAY

Adoption of Revised Constitution—Expected to Furnish Topic For Discussion.

WASHINGTON, Feb. 8 (AP)—Adoption of a revised constitution is expected to furnish the most important topic of discussion at the opening here tomorrow of the annual meeting of the American League baseball magnates. With the exception of Phillip C. Bell, president of the St. Louis Browns, who is in a hospital, full attendance is to join the baseball leaders here.

Although the meeting is called to adopt a constitution for the coming season, this is regarded as the least important item, as it has been decided since it means simply a formal ratification of dates already decided upon.

Clark C. Griffith, president of the American League champion Senators, is expected to speak on the subject. The new black and white belt will be the "test" this year, the American League having done its years."

TWIN FALLS RIVALS OF "OUR GANG" CELEBRATE

Too little respect, true rivals of Our Gang, swooped down upon one of their roughneck members Saturday afternoon upon the occasion of his eighth birthday. Eddie Mallon, the lucky recipient, gladly accepted the presents which such an important event as a birthday called for, when "Our Gang" brought the presents that were not expected.

Spirits of delight attended to their interest in a home hall game won by Captain Arthur Siffer's team, the Bearcats, of the Idaho Falls team; Alvin Miller, pitcher; Barker, Dan, shortstop; Fred Becker, second baseman; Robert Mallon, catcher; Clinton Thorpe, first baseman.

The New York Knickerbockers, captained by Ralph Wilson, lost in a tie of a formidable cast, composed of the following Ralph Wilson, pitcher; Edward Wims, shortstop; Alvin Miller, Becker, Barker, Lanning, Harkness, Hartcher; Emer. Mallon, 1st baseman.

After an exciting airplane ride, all of those future presidents joined in an exciting search for hidden treasure in the hills of the Idaho Falls home. Discovery of the fabled ship, "Pirate" by Clinton Holland and the motor boat "Maha" by Ralph Wilson who also won the race, was the signal for the young boys to a trip to the stage and set the stage for an exciting day. A day with a friend and game that for a half hour was suspended, but prolonged until the party broke up with many happy whiffs of joy and happy returns of the day.

Primitive Bread Making

Perhaps the earliest form of bread, if that word may be used, was prepared from acorns and beechnuts. The Roman Encyclopedia, Pliny, speaks of a certain kind of bread made in connection with wheat. The grain was evidently pounded, and the crushed remnants soaked into a cake and dried in the sun.

What Really Matters

It does not much matter what one word may be; what, I think, does matter is that which we are putting into our words. Our brains are loaded with ideas, and our hands with tools; we may be putting into our words something which is neither true nor useful or honest.

—Exchange.

—Food that "stands by" you through the morning.

—Food that's excellently "balanced" in protein, carbohydrates, vitamins, and supplies the "bulk" that makes laxatives less often needed.

BELOVED-SAFE

GODFREY MC CLUNG, Chicago publisher and yachtsman, who is navigating the "Albert" on the Mekong expedition, is believed safe off the uncharted waters of Yunnan. Rough waters all over the world gave rise to some apprehension as to the safety of the players.

evening's entertainment and the audience responded accordingly.

This is the third of a series of plays to be given by the "Tropic Players," the amateur-made theatricals and a new play presented for the entertainment of playgoers.

GRIFFITH STICKS TO JOE

Before a well-filled house, the Taylor Players at the Lawler's theater yesterday evening presented "Joe," Harry Haden, the author, who again, lay in four nets and again demonstrated his ability to put it over, getting plenty of applause and laughs where they were deserved.

Jack Ford as Wallace's brother Chester, Herbert Thayer as Wallace, the girl, Evelyn Peart Dally as Mickey, the girl friend of the party, and the author, being the Duke, as Lord Eldridge, and Glen H. Taylor as Old Man Putnam, did excellent work as did the rest of the members of the cast. And a awkward moment marred the same modest, quick-witted, smiling

ability to put it over, getting plenty of applause and laughs where they were deserved.

"I am not the best," says "One," and the real battle is to stay. The thing you have to remember is that if you ever stop trying to make good, another boy may get you. You have to hit the taboggan and take a long slide."

As far as the men and women who have worked with him at the foot hospital, he is a good man.

young man that he was the first day he played before a motion picture camera. If anything, he is a little more eager to earn and keep the approval of his fellow workers.

He is a combination of art, war and western story. Hero Griffith has the role of a development. Conflict and suspense goes through mud raising excitement and comes out with flying colors.

Particular interest attaches to the last act, capturing, supporting and saving the captured Indians.

It has been announced that several of the players impersonate a number of famous historical personages: Abraham Lincoln, George Washington, Lee, Jackson, Grant, and Sitting Bull among a few of the prominent historical characters who enter into the background of the story.

Griffith has turned leading ladies in this production: Marion Nixon and Virginia Lee Corbin, Montagu Love and Mack Swain are the other two important players. The story was written by Reginald Morris and adapted by Maudie Beebe and Lloyd Corrin.

—By E. M. Shaw.

LINCOLN FILM SHOWN HERE

"Abraham Lincoln," the picture which has been the sensation of the movie world, is to be shown at the Orpheum theater, last Friday night, at 8:30 p.m. It cost \$10,000 more than two years in the making, and at times as many as 2,500 people appear in the cast. It deals with the life of Lincoln from his birth, through his law practice, his entry into politics, his service in the Civil War, depicts the surrender of Lee, and shows Lincoln after the war.

The picture has been hailed as an artistic and dramatic sensation by the national press and is generally considered to be one of the most important pictures ever brought to the screen.

FILER TEAM TO JEROME

FILER, Feb. 8 (Special to The News)—The Filer football squad will travel to Jerome, Tuesday evening, to compete in the Jerome, Idaho, first and second teams will play. This game is of especial interest because the Tigers handled, thumping a beating team, and Filer was able to do the same thing by pulling out with a record.

The Jerome team improved considerably since that date and may prove a stumbling block for the Filer boys.

A large number of Filer fans are making the trip with the team and no doubt contact will attract a record breaking crowd.

In Peevish Mood

The Indians, who are a wild and savage race, are still here—their old enemies, so when he met one of the villagers he paused for a chat. "And how long have you lived here?" he asked, "afably." The native was not feeling so affable, "since I knew better, sir," answered the native, and went away.

Old Pipe,
we're pals
for
keeps

P. A. is sold everywhere in tidy red tins, papered half-pint size in家庭, 100% tobacco, with sponges moistener top, and does with every bit of bite and pack removed by Prince Albert pipe.

SIX months ago, Old Pipe, we were headed for absolute divorce. We were wrecked on the twin rocks of Tongue Bite and Throat Parch. I tried tobacco, after tobacco. Then . . . I found Prince Albert!

Today, Old Pipe, you're closer to me than a tattooed anchor. P. A. made you sweet and cool as the wind from a laden orchard. P. A. led me out of the hot pipe desert into the pleasant valley of contented smokers. Comfort fell upon me . . . and it was welcome as rain to a dusty frog.

PRINCE ALBERT
—no other tobacco is like it!

THREE INJURED IN AUTO MISHAP

Jarbridge Residents Suffer Injuries When Car Leaves Road at Bridge; Leaps Into Ditch.

Three persons were injured, two of them severely, when the Studebaker car in which they were traveling with two other persons from Jarbridge to Twin Falls plowed into a ditch near a bridge leading over the W.M. Starke and Berger Bridge, Jarbridge. The injured persons, Mr. and Mrs. F. Leonard and Frank Winters, all of Jarbridge, were brought to the Twin Falls Hospital. Mr. Leonard suffered a broken neck, while his wife, it was believed—that Mr. Winter had been injured internally.

Norma Belcher, driver of the car, and her passenger, the next, were thrown through the windshield, but suffered only minor hurts.

The accident was witnessed by Mr. Blair, who stated that it appeared to him that the driver turned back to speak to persons in the rear seat as the car neared the bridge.

WHEAT PRICES

FORCED DOWN

Selling on Big Scale Smashes

Market on Grain at Chicago; Drop 5 1-4 Cents.

CHICAGO, Feb. 8.—(AP)—Bullion in the market has been so abundant that prices down 5 1-4 cents a bushel. According to some observers the increased selling was largely due to the fact that grain dealers had bought off late in account of talk about a prospective world shortage of wheat.

Closing quotations on wheat were weak, 2 to 3 1-4¢ less lower, May (new) 117.50; June 117.14; July 116.50 to 116.51; with carry-over to 117.47; Oct. 2 1-2¢ to 2 3-4¢ down and premiums showing 12¢ to 30¢ decline.

From the outset it was evident that there was a large amount of wheat held in storage, and that new buying pressure in the market had become too little to absorb the volume of offerings. Prices fell quickly, a decided lack in value, and it was toward the end of the day that the downward slide of the market went beyond ordinary limits.

Unexpected increases of wheat supplies afloat in the ocean, an apparent dearth of export buying, and the slow rate of decrease in the foreign wheat market contributed to the lack of encouragement, buyers were at hand indicating favorable conditions for the new domestic crop. Liverpool quotations showed a general upward current that some English mills had closed down because of lack of orders for flour. Manufacturers' domestic demand for wheat delivery of grain appeared to have increased, and premiums for such delivery have suffered a drop of 1 to 2 1/2 cents.

Corn and oats gave way with wheat. As regards corn, the market was in slight demand, and in slight demand markets. Provisions were weakened by declines both in their values and in grade.

COUNCIL VOTES TO MAKE FILING ON POWER SITE

**City Administration Launches
On New Angle in Municipal
Plant Proposition; J. S. Keel
Dissents.**

Having voted last week to enter into contract and option with view to acquisition of Clear Lakes power site on Snake river, north of Hagerman, Twin Falls city commissioners adopted a power plant proposition at a meeting Monday evening when its members voted, 4 to 1, to make filings for the city of Twin Falls on the American Falls site on Snake river six miles west of here. The city's filing, it was stated by Mayor E. L. Ashton, who quoted a man named Carlson, will be submitted only to those of the Marsden commissioners district.

Initial Outlay \$200

Municipal expense in connection with the filings would be \$200, according to estimate given by E. V. Berg, city engineer.

The city's initial filing, Mr. Berg advised, will develop maximum of 12,000 horsepower, and is susceptible of considerable development. Cost of diversion, transmission, distribution and pipeline, including dam, canal and pumping plant or pumping system, Mr. Berg estimated tentatively at \$200,000, under existing regulations, one-fifth of the total cost of plant.

It must be expected within two and a half years from the time of filing on power sites.

Council Divided

The divided vote of the council, that since its present members took office in January, 1925, has been in the commission of finance, voted against the proposed filing on Augur Falls. Mr. Keel explained his vote.

Mr. Ashton argued that the filing was necessary to obtain information of standing in case of a vote of the people on the municipal power plant proposition, although he personally opposed to that proposition, he said, "but I feel that the public interest should not be sacrificed for the purpose of bringing the proposition to a election."

Mr. Ashton urged that the filings be made to the state utility commission, headed by Commissioner T. J. Douglass, that council's vote was recorded. Mr. Douglass, during discussions with the commissioners, indicated that the mayor strongly favored the filing, member of the council who is personally interested in the success of the municipal power plant scheme.

"I do not believe that it would pay for a municipal plant," Mr. Douglass stated, "but I believe that the issue should be submitted to a vote."

The other members of the council favored the filing, and were in opposition to the scheme, at the same time stating that they would not stand in the way of an election on the proposition.

Mayor Outlines Tactics

In reply to question of Commissioner R. B. Smith as to whether the filings on Augur falls would interfere with the plan of the city administration, he said, "not at all." He also said that options on the Clear Lakes site, to be influenced to procure an extension of time for completion of works on

**WILLIE WILLS

me and put me to bed."

(Copyright, 1925, Associated Editors, Inc.)

The Clear Lakes property, Mayor Ashton outlined the plan of action adopted by the commissioners in the operation of schools, election of the proposed mu-

nicipal plant.

This contemplates preserving of legislation that would give to municipalities certain privileges with respect to taxation, which would enable them to hold indefinitely without ex-

penditure for development and also to permit municipalities to fix taxes for the purpose of collecting revenues with the intent of collecting revenues with the

intention of reducing taxes to be diverted to interest and sinking funds

as to relieve taxpayers from pay-

ment of the entire cost of municipal

utilities.

World Employment Experts

Prior to submission of the power plant proposition at an election, the mayor stated, the best engineers in the United States should be employed to determine the cost of the plant and to obtain detailed and reliable estimates of cost, duration and income.

The mayor said that he expected the engineer's report would show pos-

sible construction in lighting and power rates.

"If it doesn't," he stated, "it will be time then to quit."

The discussion brought out sharp conflict between the two groups of power rates. The mayor declared

for competition, as represented by a municipal plant, while Commissioners' side called for a single rate.

After a long discussion, Mr. Ashton

stated, "I think that the public

should not be sacrificed for the purpose of bringing the proposition to a election."

Mr. Ashton urged that the filings be made to the state utility commission, headed by Commissioner T. J. Douglass, that council's vote was recorded. Mr. Douglass, during discussions with the commissioners, indicated that the mayor strongly favored the filing, member of the council who is personally interested in the success of the municipal power plant scheme.

"I do not believe that it would pay for a municipal plant," Mr. Douglass stated, "but I believe that the issue should be submitted to a vote."

The other members of the council favored the filing, and were in opposition to the scheme, at the same time stating that they would not stand in the way of an election on the proposition.

In reply to question of Commissioner R. B. Smith as to whether the filings on Augur falls would interfere with the plan of the city administration, he said, "not at all." He also said that options on the Clear Lakes site, to be influenced to procure an extension of time for completion of works on

**IMPRESSIVE TRIBUTE
TO W. J. GLASGOW PAID**

County officials, fraternal associates and other friends joined in a service at the "paying tribute" to late funeral services at the First Presbyterian church for the late W. J. Glasgow, for nearly 18 years custodian and head janitor at county offices, director of the fire department, and in charge of the services which were conducted by Rev. A. G. Pearson of the Presbyterian church, assisted by Rev. H. G. Thompson of the Methodist Episcopal church.

Services were conducted by Rev. W. J. Glasgow, pastor of the First Presbyterian church, assisted by Rev. H. G. Thompson of the Methodist Episcopal church.

A blanket of roses and a profusion of other floral offerings. A quartet composed of Mrs. John R. Fielden, Mrs. C. E. Brattain, Mrs. Anna Palmer and Mrs. Walter Parker sang "Jesus, I'm Thru" and "The Lord's Prayer."

Services were conducted by Rev. W. J. Glasgow, pastor of the First Presbyterian church, assisted by Rev. H. G. Thompson of the Methodist Episcopal church.
