WESTERN WOOL GROWERS WILL PRESENT CASE

Heads of Various State Sheepmen's Associations Will Appear Before Senate Committee on Stanfield Measure.

(By the Associated Press.) RALT LARK, Feb. 11.—To present the case of western sheepmen before the senate committee on public lands and surveys which will hold hearings commencing February 15 at the Stanford national forest and public domain grazing bill, P. H. Marshall, secretary of the Western Wool Growers' Association, leaves today for Washington, where he will join Frank J. H. ...

Clyde B. Bacon, of Twin Falls, president of the Idaho wool growers, will also appear before the senate committee on the Stanfield measure. Bacon has been commissioned by the Washington Wool Growers' Association to ...

In addition to this array of leaders in the wool industry will be a delegation consisting of the following: ...

Both branches of the livestock interests are fairly in accord in support of the "principles" of the national forest part of the Stanfield bill.

One difficulty is threatened, however, and that is the present of the Hayson bill, which is certain to bring it to a head.

George K. Bowden, attorney for the wool growers, has filed a bill giving the stockmen the right to appeal from decisions by the forest which they object to.

The opponents of the bill will be heard first. The grouping probably include the following: ...

Expenditure of \$866,000 for Hiller Extension of Boise System Requested in Measure of Idaho Representative.

WASHINGTON, Feb. 11.—(AP)—The House today authorized an expenditure of \$866,000 for the Hiller extension of the Boise irrigation project in Idaho.

The measure was prepared by the committee on irrigation and authorized approximately 15,000 acres of land adjacent to the Snake river.

ON THE MORNING of November 18, 1863, a special train drew out from Washington, carrying a distinguished company, and among the travellers there were those who might be gathered only for an occasion of importance...

In the same car was Edward Everett the orator of the following day, the finished gentleman, the careful student, immaculate in dress. What a contrast in these two great men.

The following day thousands of people gathered at that never-to-be-forgotten place, Mr. Everett's silver tongue brought forth a storm of applause, for they knew that they had heard an oration which was an event...

PERSONALITY. One speech was greeted with applause—just so many words from a great orator—the other speech was greeted with silence, the carefully spoken sentiment from a man of sorrow struck so deep into the hearts of his listeners that they could not break the silence.

TELLS REASONS FOR APPROVAL OF SCHOOL TAX

Education Board Treasurer Reveals Facts and Figures in Address Before Parent-Teacher Meeting.

Operation of Twin Falls public schools next year, with additional teachers, made necessary by increased enrollment of students, will cost approximately \$200,000, according to a statement of E. B. Johnson, treasurer of the Twin Falls district board of trustees, in an address Thursday evening before an audience of about 100 persons at a meeting of the high school parent-teacher association in the high school auditorium. The estimated expense is approximately the same as for the current school year.

In order that the required sum may be provided, Mr. Johnson explained, it will be necessary for electors of the district to vote approval of a proposed 2-mill school tax levy to be submitted at an election on Friday, March 5.

This levy will raise approximately \$43,000. Mr. Johnson reviewed other sources of the school district's revenues for the operation of schools, showing that the 8-mill levy for no approval by electors is required will raise approximately \$95,000 and other revenues have been estimated as follows: License \$200, fines \$500, tuition \$400, vocational education \$200, state appropriation \$10,000, county appropriation \$2,000, development taxes and interest \$5,000.

Total of 27 instructors and supervisors are employed in the school system this year as compared with 17 during the peak year in Twin Falls school history in 1919-20, Mr. Johnson stated. Including the parochial school with about 100 students with 3000 students enrolled in public schools during the first semester, Mr. Johnson asserted, there are more students attending school in Twin Falls at the present time than at any prior period in the city's history.

Out of the proceeds of the 2-mill levy approved by the district's electors at the election last year, there will be during the current year the equivalent of the proceeds of a tax of 4 1/4 mills, Mr. Johnson stated. News Want Ads reach the people you wish to attract.

DRUM QUINTETS TO CLASH WITH DUILL TONIGHT

Twin Falls Boys and Girls Team Will Journey to West End City for Games With Duill.

Twin Falls Bruins will journey to Duill tonight to meet the Duill basketball team in the first of two game series that are important for the Bruins. The Blue and White have been in a slump for the past few weeks, whether or not they can wrestle themselves from the slump depends upon the team itself. Twin Falls' chances for the district title will go glimmering if the Bruins are defeated tonight. The Duill quintet is the strongest in the district. Coaching aggressor Walter is one of the strongest centers in the district.

The weekend team will be playing on their own court, which is an advantage, but the Bruins should win and can if they play basket ball. That's what will lift this team to some extent against Duill in an effort to shake up its team in an effort it will be.

The girls' game between these two teams will be of interest also. The Duill girls have suffered their one defeat this season and have the strongest team that Twin Falls has met in the district and will have to play the Duill girls if they win. They have a chance against the Duill girls' sophomore champions is a question.

Much will depend upon the Duill center and guards. The Blue and White will have to be alert in their defense to get the ball. The Duill guards will also have their hands full. The Duill forwards are reported in every respect and can shoot from almost any position. Both contests will be worth going to see and a large delegation of Twin Falls fans will make the trip to witness the two contests.

SIX BASEBALL CLUBS PLANNED

Temporary Baseball Organization Elected for Utah-Idaho League at Salt Lake.

SALT LAKE, Feb. 11. (Special to The News)—The Utah-Idaho Baseball league was organized at a meeting held here tonight. Claude C. Benson will be elected president, each of which was represented at the meeting. These are Salt Lake, Ogden, Logan and Provo, Elgin and Pocatello and Twin Falls, Idaho.

All the clubs will be ready to proceed with permanent organization, except Provo, and announcement was made that only a few local matters need adjustment there.

Following temporary organization, many matters were discussed including salaries of managers, number of experienced players that may be carried, and playing rules. The Utah-Idaho league was decided to play only three consecutive days in a city.

The schedule, which will be drawn up during the next week, will be subject to change. The league will begin within a week or ten days, the exact date being left to Fred M. Snye, Ogden, temporary chairman. He will call the meeting when formal reply to an application for a charter is received by A. W. Waldron, Ogden, temporary secretary.

Opening date will be between May 10 and the closing games will be played September 8. Games will be played in Salt Lake and Ogden every Saturday and Sunday during the season.

PLANS COMPLETE FOR SUB-DISTRICT TOURNEY TO BE HELD AT GOODING

GOODING, Feb. 11. (Special to The News)—All arrangements are complete here for the opening of the sub-district basket ball tournament. The best winter sports are being held with Gooding and Shoshone playing the first game and Jerome and Eden will follow in the next contest. Gooding will not play on Friday but will play in the final Saturday. The girls' teams will contest at the same time and the Jerome team are grooming themselves to upset the champion girls' team of Duill at the district tournament next month. The Jerome girls have not been defeated this season.

The contest of the tournament will probably be between Gooding and Jerome as these two teams have a good chance in their contest. Each team has lost two contests this season. Gooding lost to Duill and Jerome to Jerome lost to Piller and Gooding.

FILER MEETS TEAM FROM POCATELLO ON HOME FLOOR FRIDAY

PILER, Feb. 11. (Special to The News)—The Piler Wildcats will have one of the stiffest home ball contests of the season Friday night when they meet the Pocatello quintet on the home court. Pocatello has earned a reputation of having one of the finest quintets in the eastern part of the state and has not suffered a defeat so far this season. Piler has not suffered this season either and represent at present the only undefeated basket ball team in the south central district.

The only basis of comparison between the two teams is the scores in the Boise games. Piler defeated Boise by a one-point margin on the first game away from home, but the Capital City five played and two nights later Pocatello defeated the Boise quintet, 49 to 33. Some questions must be made for the condition of the Boise team after three days of traveling and playing two hard contests before they meet the Utah City team.

But is the difference in the question the large score, is the question the Piler fans are asking. School officials are making plans for an overflowing crowd and all possible arrangements will be made to take care of as many people as possible. Pocatello will meet Twin Falls on Saturday night.

TO CLASH WITH DUILL TONIGHT

Twin Falls Boys and Girls Team Will Journey to West End City for Games With Duill.

Twin Falls Bruins will journey to Duill tonight to meet the Duill basketball team in the first of two game series that are important for the Bruins. The Blue and White have been in a slump for the past few weeks, whether or not they can wrestle themselves from the slump depends upon the team itself. Twin Falls' chances for the district title will go glimmering if the Bruins are defeated tonight. The Duill quintet is the strongest in the district. Coaching aggressor Walter is one of the strongest centers in the district.

The Reward of Merit

There is only one explanation of the new low prices announced January 7th by Graham Brothers.

That explanation is — overwhelming demand.

Demand increased so rapidly in 1925 that Graham Brothers attained undisputed Leadership among the exclusive truck manufacturers of the world.

Such demand calls for expansion. Expansion means still greater production. Greater production means savings in manufacturing costs.

Graham Brothers have expanded tremendously, both in buildings and equipment — and are now passing the savings on to the buyer.

MAYOR STRIKES AT PUNCHBOARDS

E. L. Ashton Quotes Lincoln in Statement Announcing Purpose to Enforce Ordinance.

Announcing purpose of Twin Falls police department on and after March 1, next, to enforce city ordinance against gambling, devices including punchboards, and calling attention to state laws which prohibit sale of gifts of cigarettes to minors, E. L. Ashton, mayor, and head of Twin Falls police department, Thursday evening issued the following statement:

"I am not playing the punchboard, it is his step toward gambling. Twin Falls merchants have pledged that these punchboard business would be limited to adults but this half-way plan does not work and the children are abusing the board. After March 1, 1926, our city ordinance against the use of gambling devices will be enforced. Dealers should be able by that date to dispose of the merchandise which they will by way of the punchboard. The attention of the punchboard is to the law which forbids selling or giving cigarettes to minors. The person who breaks this law can not excuse himself by saying that the home should train the child so that he will not want to smoke. Each person for himself plays or does not play the law. Outline Bounds for High School Affairs

Viewpoints of parent and teacher with regard to school life in the high school, as indicated by remarks by Mrs. Mary Ruth Fisher, high school principal, and E. V. Berg, Twin Falls city engineer, at a meeting of the high school board of trustees on Tuesday evening, are identical in their essentials.

Declaring that no general rule could be applied as to the measure of social activities in individual instances, Mrs. Fisher suggested that social affairs should not be permitted to interfere with school work and that in event of falling scholarship all outside activities should cease until the student should be in good standing in his classes.

Outline Bounds for High School Affairs

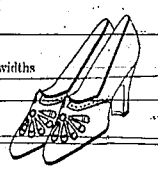

Mr. Berg suggested that \$120 a week should cover the expenditures of each student and that the money should be earned or repaid by the student himself. Two evenings out of each week he suggested would be set aside for social activities of the high school student.

Discussing the "when" in regard to social activities in the high school, Mrs. Fisher asserted that social affairs on the part of students should be encouraged. First, when the parent knows the child is out for a social night; second, when the child is financially able to give the additional amount of money to social affairs; third, when social affairs do not interfere with school work which is the paramount basis during the

JEROME CLUB MEMBERS HOLD PLEASANT AFFAIR

JEROME, Feb. 11.—Chief among the social gatherings in the community was the entertainment on Tuesday at the Jerome Civic club of the Westfall and Jerome High clubs. Considerable sickness is reported among Jerome. Several social activities have been postponed and considerable absence from schools. Some cases of influenza are being reported.

The Jerome Civic club and the Jerome Business and Professional Women's club are making preparations for a public meeting at the Civic club rooms on Friday, February 13, in the interest of the local home industry. A program and refreshments are being arranged and Mrs. J. S. Stringer, fellow of Boise, assistant secretary of the generalists, will be present. The public is invited to come, and hear high speakers.

When to Find Acorns

Many members of the tree-planting army like the oak. As a group, oaks carry general marks of distinction from other trees. One of their marks is the bearing of acorns, in which the oak has no competition, says the American Tree association of Washington, which for a two-cent stamp will send tree-planting suggestions. All of the oaks may be grouped as either white or black. To the former group belong the white oak proper and the bur oak, swamp white oak, chestnut oak, overcup oak, the post oak, and live oak, which may be recognized by the rounded lobes of their leaves, with the excrescence of the post oak and live oak, which have no lobes; and by their light gray or light bluish-brown bark, which breaks out into loose, thin scales. The bur oak is distinguished from its close kinsman by its corklike branches. The trees of this group mature their acorns in a single year, and for this reason acorns of old and new crop are never found on the same tree.

USE OF RESIN NOT PERMITTED IN BIG LEAGUE

National Association of Baseball Clubs Rules Out Pitcher's Help; Reasons Given by Mag-nates at Meeting.

WASHINGTON, Feb. 11.—The resin law was waved out of the American League yesterday.

Contending a modification of the pitching rules to permit the use of resin dust by pitchers, is a step backward and might influence the return of other fast deliveries, the magnates of the American League at the annual spring meeting unanimously refused to sanction the resin rule recently adopted by the joint rules committee of the major league.

May Dry Hands

The rule, suggested and favored by the National League and later passed by the joint rules committee, would allow a pitcher to dry his hands by the use of dust obtained from a resin block under the supervision of the umpire.

President Ben Johnson, in explaining the ruling, said the suggestion was within their rights in refusing to concur with the joint rules committee if the suggestion was unimproving.

Asked what effect the rule would have on the world's series competition, since the National League has already sanctioned the use of resin, Johnson said he was not inclined to let special rules will have to be adopted covering the series.

Landis Not Mentioned

Landis' name was not even mentioned," said President Johnson. It is, however, the suggestion that he would be mentioned at the meeting.

When the proper time comes, will consider this matter," said Harry Graham, secretary of the Chicago club.

No Changes

"No radical changes were considered," President Johnson said, "we merely want to change the phrasing of some of the rules to clarify them."

Further discussion was left until a special meeting of the league to be held in Chicago some time before the opening of the season at the call of President Johnson.

Alfred S. Austin and George Miller, Chicago attorneys were appointed a committee to rewrite some of the rules and submit them to the league at the Chicago meeting.

The schedule which brings the season to a close in recent American League cities, with the exception of Washington and Philadelphia, September 20, was approved with the proviso that the two clubs carrying over until the first can be re-arranged and play double headers early in the season to close on the 20th. Any changes made, however, must be submitted to President Johnson before the start of the season.

EARL OF ESSEX MARRIES

LONDON, Feb. 11. (AP)—A milestone in the matrimonial career of one of England's romantic peers was recorded this morning with the marriage of the Earl of Essex, who was divorced last July, to Mrs. Alice Scott Brown, also a divorcee.

EMBEZZLER CAUGHT

EDWIN L. SYLVESTER, (left), former president of the Playview State Bank, Minnesota, charged with embezzling \$400,000 from that institution last February, is captured in Dulport, Minn. FLASHES FROM LONDON

LONDON, Feb. 11. (AP)—Associated Archlight of the National Sporting club, where London's big pipeights and professional hair dressers will do last night over the coiffures of eight shingled girl models in a contest to be held February 28 for the championship hair wax will be awarded a silver challenge cup and forty-pounds sterling (£400) in money.

Already 25 men and women hair dressers from London, Manchester, Liverpool and Belfast have accepted the challenge.

Preliminary "heats" will be "run" until eight finalists have been selected for the deciding test in a permanent wave. Speed and perfection of workmanship are the two chief points to be decided.

Women of England assert they have great difficulty in catching King George's eye when he makes out his honor hats, and are protesting about it.

"Not one woman received an honor hat," said the London "Herald," "at any important in the new year's pageant."

"The Song of the Ant-Red" is the new anthem of the Patriotic League of Great Britain.

It is intended to route the "Red Flag," the Red hymn, which, sung at the time of "Merry Old England," caused the Communists to stand bareheaded in solemn respect to the British socialist, however, do not like the song.

The author of the new hymn, a woman named Mrs. Mary H. S. Jones, says it would be a "stirge" to a dying cat.

When it's morning—and you call good-bye to home and face a new day—when you join the throngs on their way to busy work

—have a Camel!

When it's farewell to fond home for another day, and you cheerfully join the busy world as it marches on to its duties. When with jaunty step you gayly face the work of another day—have a Camel!

For every morning Camel sends millions of successful men more confidently on to new triumphs. Camel's friendly goodness brings fresh cheer and courage to every auspicious day. Whether early in the light of a new morning or late at night, Camel never tires—the taste or leaves a cigarette after-taste. Camels are the perfect blend of the choicest tobaccos grown in all the world. Never, before Camel, was any cigarette made so good—and no other since.

So this day as you swing bravely forth to new achieving. As in your office you carry forward important work well done—know then the most gratifying goodness that ever came from a cigarette. Each successful new day, the world's best is rightfully yours.

Have a Camel!

No other cigarette in the world is like Camels. Camels contain the choicest Turkish and Dominican tobaccos. The Camel brand is the triumph of expert blenders. Even the Camel cigarette paper is the finest—made especially in France. Into this choice brand of cigarette paper we blend the experience and skill of the largest tobacco organization in the world.

Our highest wish, if you do not yet know Camel quality, is that you try them. We invite you to compare Camels with any cigarette made in any place.
