SENATE ACTION ON TAX FAILS TO MEET FAVOR

**House Conferees on Revenue
Bill Assure Fellow Members
They Will Not Yield to De-
mands of Upper Group.**

WASHINGTON, Feb. 16 (AP)—House conferees on the revenue bill assured fellow members on the floor today that they would not yield to the Senate in its demand for repeal of the inheritance tax.

Today's efforts of the senate and house conferees failed to bring any agreement on the section inserted in the bill by the senator which added \$100,000,000 to the total tax reduction voted by the house, as many of the less controversial differences between the two chambers affecting the administrative provisions were adjudged in the five hours of deliberation.

Green Tells Veto

Representative Green, Republican, Iowa, who heads the house committee, told the house today that, while he would favor an inheritance tax for the district of Columbia if the federal levy should be repealed, he thought the joint action a "grave mistake."

Representative Garner, Democrat, Texas, another of the conferees, asserted that the tax was a good idea in itself, but inheritance, he said, in his judgment, the conference will never yield.

In addition to voting for repeal of the inheritance tax, the house also eliminated from the bill the tax on automobile, admissions and dues which the house had proposed previously to reduce. These are the main points at issue in the joint conference, and both sides today refused to yield.

With only those disputed rate schedules left to be acted upon, the conferees will seek tomorrow to break the logjam by passing a bill which, meanwhile, are demanding not only that the senate give in somewhat on its generous tax reduction policy, but that the conferees reach an early agreement on the section which must be assured by March 15 when first returns are filed.

WASHINGTON, Feb. 16 (AP)—The confidence of the treasury that the tax bill will be voted out and passed finally by house and senate and signed by the president before March 15 is shown in language used in explanatory material being issued to the public on the various tax sections, with the blurb reforms for their return.

Distribution of these returns today disclosed that the treasury was proceeding on the assumption that the "1925 income" would be assessed under the proviso of the new law.

BRAZIL TAKES STRONG STAND ON ENDEAVORS

French Government's Activities
in Financial Difficulties Up-held by Premier in Chamber Address.

PARIS, Feb. 16 (AP)—Premier Brissac took a strong stand in the Chamber today in defense of the government's policies to restore normal financial conditions. He reproached the socialists with dodging responsibility or participation in the government while it was offered to them because the difficulties made participation unwilling.

The necessities of governing France could not be disregarded at the behest of any single party, he declared, and the socialists, he said, desired to remain outside the majority which would save the financial situation, it would be done without them.

Tobacco Tax

Measures to increase the selling price of tobacco were referred back to the finance committee to revise the bill which raises the taxes on spirits produced by fruit growers for home-consumption.

The chamber's action today in the way of amendments and relatives reduced the yield of the new tax measures to virtually nothing and brought the total amount to be collected to \$100,000. The declaration that the deputies were assuming a grave responsibility in refusing to vote the new resources which the government demanded.

"The left refused to vote, insisting

that there should be no increase in direct taxes between law and order stands the country upon which the effects of this political maneuvering will fall. If it fails, the government only that was needed to bring from this situation, it would not be serious. Money is Needed."

But it is the treasury and people on whom the consequences will fall, especially if the financial situation does not improve.

The government means to have it and cannot remain at the mercy of any single party.

The government is determined to impose a new stamp tax in a conciliatory spirit and will go with it to the Senate. At that time, it comes back, its efforts to arrive at a decision fail, then it will appear that this chamber, under pressure, has failed to vote financial resolution."

It is believed that the Baden government would not care where Bergedorf went, but would have him executed by a military guard to whatever frontier he chose. DEPORTATION OF PEERESS BRINGS PROTEST STORM

Legality, Common Sense and Justice of Barring English Woman Argued Before Board of Review.

(By the Associated Press.)
WASHINGTON, Feb. 16.—The "legality, common sense and justice" of deporting the Countess of Caweth from New York on grounds of moral turpitude of her elopement with the Earl of Craven, were urged before the board of review yesterday by her counsel.

Issuance of any such order, it was contended, would constitute an unconstitutional infringement of the right of the field of domestic relations under a law which made such action mandatory but merely discretionary.

Order Barred Arrested.

Prior to the hearing, which was held behind closed doors at the residence of William H. Park, and William J. Lambert of this city, council for the countess, the labor department, the Bureau of Immigration, Commissioners Curran of New York, issued an order for the arrest of the Earl of Craven.

This was done before it was learned that the Earl had gone to Montreal but American Somers, who was in charge of immigration matters said the

"primary purpose" which was to get him out of this country, had been met.

The hearing of the countess case today, saw delegations from both the national women's party and the American Civil Liberties Union unsuccessful in their efforts to obtain admittance to the board room to present their views on the matter.

The woman's party desired to present the "moral standard" and the ACLU the "Salvation Army" defense. Both delegations were denied admission to the hearing room.

He stated that he would wait from Halifax for formalities at the earliest opportunity.

HANSEN SCHOOLS TOLD LEGION'S PEACE PLAN

Road President to Retire After Half Century of Service

HANSEN, Feb. 16.—Members of the kindred post of the American Legion, the student body and members of the local Legion on Friday afternoon, E. N. Hansen, announced the legion's four-fold peace plan which was dealt with by each of the speakers. Mr. Petty general, who has been here since the war, related the history of military posts in Germany from the time of the march to the現在 of Wilhelm II.

He outlined the plan of the central committee, which the troops were partly responsible for during their stay in retreating the Germans. Immediately after the insulation, he stated, the American Legion was organized in Paris with its motto, "For God and Country," and a spirit of loyalty on the five great achievements of the

American Legion, namely, establishment of hospitals, rehabilitation of disabled, compensation and efforts in education toward good will among Americans.

Lloyd James read a paper which was prepared by Dr. Harley, who was unable to be present. In this paper he set forth the ravages of Americanism.

PAUL MERRILL, also of Hansen, followed on the third point of the peace plan, which is the international law act, through which he stated, he has given the president power to draft a bill for three principles: First,

that he be given power to draft a bill regarding reparation; second, that he be given control of national defense funds, and third, to give him power to regulate prices on stabilized products in war emergencies.

PROBE OF MINE BLAST HALTED

Further Investigation of Explosions That Cause Death of One Waits Inspector.

BELLAIRE, Ohio, Feb. 16 (AP)—Further investigation of the cause of the explosion in the Pickwick mine, 16 miles south of here, which caused the death of one miner and injured another today, was temporarily halted yesterday by arrival of the state mine inspector.

A coroner's inquest held late today east-bound on the theory that the exploding mine came from an explosion caused by the miners. The mine was not known to be gaseous and miners testified that a number of men with open lights had been in the mine for some time previous to the explosion.

The coroner's inquest adjourned after the day shift of 600 men had gone to work and as the main shaft was broken, it was believed for a time that the entire force was trapped. It was learned that a large number of the men might have been killed—all escaped through an air shaft, with the exception of the one man killed, Louis Barlow of Cincinnati. Physicians tonight said the recovery of six men injured was doubtful.

"Lame Duck" Cure By Legislation Is Now Being Sought

Senate and House Both Have
Bill Which Take Care of
Much Discussed Situation in
Government.

WASHINGTON, Feb. 16 (AP)—Measures to cure the often discussed "lame duck" situation by constitutional means were advanced rapidly yesterday.

The Senate passed and sent to the states an amendment which would do away with the lame duck period of one year before the new members take their seats and provide for inaugurations of the president and vice-president on the same day.

A similar bill was introduced in the House by Rep. John J. Larson, Iowa, along similar lines but was rejected by the San Diego, Calif., delegation.

The mass meeting had been called by Mayor John J. Larson, as a direct result of the Post family tragedy in which a father, mother and two daughters committed suicide after a five day's visit to San Juan.

FRENCH TENNIS STAR DEFEATS AMERICAN GIRL

Suzanne Lenglen Remains Undisputed Champion of World by Virtue of Victory at Canes-Over-Wills.

CANNES, France, Feb. 16 (AP)—

Suzanne Lenglen remains undisputed tennis champion of the world by virtue of her victory over Helen Wills, but for a few minutes it seemed so, though her reign might end.

It was a wonderful match between the greatest tennis players of the year and both ended in a tie, first in the singles of the Carlton tournament which packed the stands with enthusiastic supporters of the two contestants, and then took another huge clapping crowd outside the gates who were unable to get in.

Dramatic Match.

The score was 6-3, 8-6, in favor of Miss Lenglen in one of the most dramatic matches in the history of tennis, ending with both near the verge of collapse.

The California girl took the first in the first set, but had been beaten by her supporters, and the score stood 2-1 at the end of the first game. Then Miss Lenglen, who had been the French champion, playing with other time force and finesse, took the fifth and sixth. Helen took the next game, and then the two sets were all tied.

Strive for Victory.

It was the second set, however, that all the dramatic features of the match were shown.

Both girls were tireless, each

driving at the court for the extra point that would split victory.

Then Harry Lenglen, the year's northwestern champion, had little trouble in tucking away another game in the contest with Kimberly. The local girls had no time and energy left in keeping the ball up, and the Buhl basket, most of the time, the Kimberly forwards were able to hit the loop when it appeared on the court.

After a reprieve came, but the local girls were able to hold on, but in the hands of their own forward, most of the time, Metz, stellar Buhl forward, is still confined to her home, and the Kimbly girls, after having missed the two games with Buhl teams, journey to Twin Falls on Friday night for the final game with the Bruins before the tournament.

Surrounded with flowers and shawled with a covering from some group of the great of the world, Suzanne was accorded an ovation such as perhaps she has never experienced in her career.

The two champions entered the court together and were immediately surrounded by the ubiquitous cameramen. Suzanne was laughing, but with a somewhat strained, forced look; Helen, on her usual, impudent expression.

The two girls had no time for chit-chat, however, as they were soon to begin their first match.

"There will be other tennis matches other years," was all she would say.

The two champions entered the court together and were immediately surrounded by the ubiquitous cameramen. Suzanne was laughing, but with a somewhat strained, forced look; Helen, on her usual, impudent expression.

BOYS AND GIRLS TEAMS WIN FROM HOLLISTER FIVES

Twin Falls High School Walks Away With Games Away From Home; Girls Narrowly Escape Defeat.

Both Twin Falls basket ball teams won their contests from Hollister last night, the Hollister girls, the girls had a narrow escape, and won 8-6-7, while the boys' team won 18-10. Both teams were slow in starting and the Bruins were unable to count six points during the first half, while Hollister was putting up four quarters. The Bruins were held to 10 points, while Hollister scored 18, and the Bruins were able to add 10 more points, while they held the Bruins to but two points. It was a slow game, but good, and the last half was fast and gave the larger team many opportunities. The taking of this victory leaves the Bruins but one more game to win to assure them of a place in the state tournament, and that game Friday night will be the determining game and the Bruins must bring home a victory in order to enter the meet.

The Bruins girls had trouble in taking a victory from the Salmon team, and the Hollister girls took an early lead but the Bruins forged ahead during the second half, and were able to hold on until the final whistle. A won a close game and fast to the start. The Twin Falls forwards had trouble in getting the ball in, but were well guarded by the Salmon defense.

The Bruins girls will not play again this week until Friday night when they meet the Hollister girls' team. This game is being played at 8 p.m. and the Bruins are expected to win.

The Bruins held the floor to 2, and

last week and will have an advantage playing on the home court.

**JEROME WILL
PLAY BRUINS**

Second Best Team in Sub-District Will Tackle Twin Falls on Home Court.

After a victory over Hollister last night, the Bruins will go against the second best team of the north Idaho sub-district, but will meet the Jerome Bruins. The Bruins have defeated every team on the north Idaho including Gooding and Gooding扁鼻犬, including a trimming in the sub-district tourney last week and carried their championship banner. They are the best team, then they have been all season and should be able to go at top speed for the game. Gwin has almost recovered from his attack of the flu and has been playing part of the last few the past two weeks and part of the game.

Johnson has been hitting his stride and is hitting the ball well, and the team that displayed the right. Kuhn and Navin have been going better at guitars, but Navin is capable of going better, he has shown so far this year. Johnson and Navin are coming along in better shape and if a little team work can be counted on the Bruins should win from the north Idaho aggregation.

Johnson will probably file a non-victory early in the session and have a fight from the start and for the truth it will be the second successive
