

CHARGES MADE AGAINST BANK BY EXECUTIVE

Many Named in Accusations of Former Governor of New York in Bankruptcy Proceedings Against Railroad.

(By the Associated Press)
 (TWIN FALLS, March 5)—Charges were made today against John L. Miller, the National City Bank and the directors of the bankrupt Chicago, Milwaukee & St. Paul railroad in the plea of Nathan L. Miller, former governor of New York, that the bank today's defense committee be permitted to become a party to the bankruptcy proceedings in the court of Federal Judge James H. Wilkerson. Arguments will be continued tomorrow.

Mr. Miller denied that the railroad was bankrupt when Judge Wilkerson was called upon to act upon an involuntary petition filed March 18 and directed that the proceedings were forced by Kuhn, Loeb & Company and the National City Bank, the parents of three bankers, the directors of the St. Paul railroad, through a prearranged plan. He said he declined to use the word "bankrupt" but he gave the court a legal definition of it along with his accusation against the New York banks and the road's directors.

Fake Statements

This afternoon he said that there were false statements made in the petition and "we are ready to present evidence that Mr. Hyman knew they were not true."

Hyman was president of the railroad company prior to bankruptcy and is one of the three federal receivers. He was not mentioned in the petition filed by Kuhn, Loeb & Company, the Guaranty Trust company of New York, trustee under the general assignment of the railroad, and the National City Bank, representing the United States Trust company, directors of the railroad, and the National City Bank, representing the United States Trust company, directors of the railroad, and the National City Bank, representing the United States Trust company, directors of the railroad.

In trying to persuade Judge Wilkerson to permit the bankruptcy receiver committee, known as the "committee," to become a party, Mr. Miller stated that the committee, composed of insurance companies, bankers and individual investors, held approximately \$10,000,000 of the railroad's junior bonds issued by the road.

Mr. Miller admitted that a decree of foreclosure and sale was inevitable but declared there was no need for a receivership. He said a rate reduction pending before the interstate commerce commission, a revision of the railroad law, legislation pending before congress, and better conditions in the northwest, increased the St. Paul's might change the value of the railroad at the earliest sale.

He said the reorganization plan put forward by the two New York banks promised to pay 35 cents on the dollar to holders of the junior bonds and agreed out all stockholders who could not stand an assessment of \$20 a share. He said \$10,000,000 in bonds were sold, but the receivership, and that, subtracting that from the road's value, there remained an equity worth \$20,000,000.

The two New York banks, he said, which have forced disposing of more than half of the railroad's securities, would be the only bidder in position to try to buy in the road at the receivership sale.

Mr. Miller also made serious accusations in connection with the St. Paul's reorganization of the Texas & Pacific, Gary railroads, short lines, saying the proceedings that resulted in obtaining a 90 year lease on the first bonds and set aside. He called them both drains on the St. Paul.

Mr. Miller asserted that most of the charges Miller's charges regarding the alleged foundation, and advised the court that they were not involved in the matter immovably at hand, which he regarded merely as handing down a decree of foreclosure.

CANNERS REFUSE TO PAY HIGH PRICE FOR TOMATOES IN UTAH

SALT LAKE CITY, March 5 (AP)—The Utah Canners Association, following an executive session today, at the Newhouse hotel, announced it would not pay more than \$1.50 per bushel for tomatoes grown for canning this season.

This was in answer to a demand from the growers of \$2.00 per bushel. The general meeting was called by the growers' association, which met Thursday afternoon with the canning committee of the Utah State fair, representing the producers. The special committee was composed of H. L. Herrington, Ronald Wadsworth, W. F. Ridgway and Thomas Leslie all of Ogden.

The next move in the tomato price question is up to the producers. It is likely that additional meetings of tomato growers will be held for it is understood that growers in many sections are virtually pledged not to sign any contract which does not have the approval of the canning committee of the Utah State fair.

While canners' and producers' views did not coincide on tomato prices, however, prevailed on the per cent contract figure. The association spokesman yesterday said last year's price would prevail again this year. The only change in the per cent contract which is based on a sliding scale, indicating less consideration, is that the former shall pay the association 45 cents for each bushel of tomatoes instead of the old price of \$1.50 a bushel.

BOX CARS ARE ORDERED

SALT LAKE CITY, March 5 (AP)—An order for 100-200 standard box cars, standard box cars, and 500 general freight cars, was placed today by the Southern Pacific company with various car building firms. This was announced by G. W. French, freight traffic manager. Construction of these cars will cost about \$2,500,000.

Twin Falls Post Wins in Campaign

—Competitively with American League—

St. Paul, Minn., March 5 (AP)—The Twin Falls Post, a weekly newspaper, won the campaign for the best newspaper in the Twin Falls district, as judged by the American League. The Post received 12 votes, while the other newspapers received 10 votes each. The Post's victory was based on its high quality of news, its attractive layout, and its excellent service to the community.

THIEF TAKES NARCOTIC FROM DOCTOR'S OFFICE

Thief of 75 grams of morphine in the office of Dr. H. N. Lette in the Oxborough theatre building Thursday night.

Confidence that property will be returned to the doctor's office Friday when the loss of the narcotic was discovered. Entrance into the office was gained by removing a section of the door casing with an instrument resembling an ice-pick as the lock could not be opened. The narcotic had been kept in the chest. Last Monday, Dr. Lette told the officers. Other medicines in the chest were not disturbed.

DIVORCE IN MEXICO BY CORRESPONDENCE ASKED BY A TEXAS INQUIRER

TEXAS, Ark., March 5 (AP)—"Can I get a divorce in Mexico by correspondence?" is the question asked by a Texas inquirer, in the latest of a series of letters from candidates for divorce that are flooding the Austin, Tex., office of the Mexican consul.

These inquiries, some from both men and women, and a majority of the letters contain newspaper clippings which show the divorce laws of Sonora and Mexico. In the file of correspondence for the month, there are letters from New York, several towns in Texas, San Francisco, Los Angeles, Salt Lake City, Chicago, St. Louis, New Orleans, and even from Honolulu, considered a haven for divorcees.

The Texas inquirer, who asks concerning the possibility of securing freedom from marriage bonds by mail, intimates that such a method would be particularly acceptable as a divorce in Mexico would not be entirely convenient at this time.
